Mrs. A. E. Hallen and son, James, departed for their home in Grand Forks Monday after visiting at the home of the former's sister, Mrs. C. Storholm for a week.

Miss Helen Stock of Odessa, Minn., arrived Monday evening to visit at the home of her brother, Paul Stock of Mavie. Mr. and Mrs. Stock motored to this city to meet her.

A. M. Sheldon left Sunday evening for his home in Minneapolis after a short visit at the home of his son and daughter-in-law, Mr. and Mrs. R. Sheldon.

Marguerite Burns left Tuesday morning for Warroad on an extended visit with her cousin, Miss Marie Collins. She will also visit with friends in Badger.

Walter Smith on Friday resumed his old job in the postoffice and finds it the same, although it's not as exciting as army life. He says it will do, however.

Oscar Knutson of Holt arrived Monday to visit with his sister, Miss Alma Knutson, who is employed in the Physicians hospital. He expects to visit for a week.

Mrs. L. Bartley of Minneapolis arrived Sunday morning and is a guest at the home of her daughter, Mrs. H. D. Keene, 812 Knight avenue north. She will remain for a month or six weeks.

Mrs. Elmer Simonson and son, William, of Red Lake Falls, arrived on Thursday to visit at the home of Mr. and Mrs. S. Simonson for a week. Mrs. Elmer Simonson is a sister-in-law of Mr. Simonson.

It will be of interest to the local friends of Mr. and Mrs. Leslie Provencher to know that they are the parents of an eight-pound baby boy, born July 28. Both mother and baby are doing nicely.

Edna O'Brien returned Monday after spending her summer vacation at her home in Williams. Miss O'Brien will stay with her sister, Miss Loretta, *during the coming term and* complete her high school education.

Mrs. Dungan Stanton and children have returned after a three weeks' visit at the home of Mrs. Stanton's brother, Arthur Berg at Halstad and her sister, Mrs. P. C. Hansen at Fargo.

Mr. and Mrs. T. Reep of Plummer motored to this city Thursday to attend the Million Dollar band concert. Mr. Reep returned in the evening while Mrs. Reep remained at the home of Miss Avis Akre for a few days.

Mrs. S. A. Berg of Sask., Canada, arrived here Monday from Hendrum where she was called because of her mother's death. She will visit with her son, Selmer Berg, for a few weeks before returning to her home.

Mr. and Mrs. Chelson of Hillsboro, N. D., arrived via auto Saturday and visited at the home of Mr. and Mrs. J. J. Sorum until Wednesday, when they started on their return trip. Mrs. Chelson is a sister of Mr. Sorum.

Peter Sater and M. Boyce, who are employed in Holt in the construction of a new school building, were business callers here Saturday and spent Sunday with friends. They returned to their work Monday.

Mr. and Mrs. H. F. Rogers and two children departed for their home at Kenmare, N. D., Saturday after a two weeks' visit at the home of Mrs. Rogers' parents, Mr. and Mrs. G. B. Doland.

Mrs. O. Neste and child of Park River, N. D., are guests at the home of the former's sister, Mrs. O. N. Nelson. Before arriving here they visited with relatives at Gonvick for a week.

Mr. and Mrs. J. Dundas and son, Jack, of Baudette, arrived via auto Friday enroute to Argyle, for a short visit with friends. While here they visited at the home of Mr. and Mrs. E. L. Rolland.

Miss Gladys Smith, who had been visiting for two weeks at the home of Mr. and Mrs. Ray Pope, left Saturday for Bemidji, where she will visit at the home of friends for a week before returning to Park Rapids.

Dave Beikman of Baudette passed through the city Friday enroute to Minneapolis to visit for a few days with relatives. During his stay here he was the guest of Clarence Erickson.

Mr. and Mrs. A. H. Ahlborn of Minneapolis arrived Monday morning to visit at the home of the former's parents, Mr. and Mrs. E. P. Ahlborn. They left in the afternoon for Holt to visit with Mrs. Ahlborn's parents for two or three weeks.

Misses Bertha and Alice Hayden of Fosston visited for a few days last week at the home of their brother, H. J. Hayden, leaving Friday. Miss Bertha went to Minneapolis to visit for a month with relatives, while Miss Alice returned to her home.

Miss Evangeline Burns left Saturday for Warroad, where she will visit at the home of one of her college chums, Miss Maran Kennedy, for a week. She was one of the tourists *who went with the B. E. Dalquist* family.

Mrs. F. R. Davies of Plummer and Mrs. L. H. Smith of Little Falls arrived Monday from Mavie, where they had been visiting for a few days with relatives. Mrs. Smith will visit in Plummer for a week before returning to her home.

Mrs. A. E. Fossum returned Friday from Hankinson, N. D., where she had been visiting friends for a few days. She was accompanied by her daughter-in-law, Mrs. T. A. Fossum, and grandchildren, who will visit at her home here for a month or more.

Mr. and Mrs. N. L. Altondorff and baby of Grafton, N. D., arrived Monday evening to visit at the home of Mrs. Altondorff's sister, Mrs. Martin Strom, and to attend the funeral of the Strom baby. They will visit here for two or three weeks.

Mr. and Mrs. W. Causin, Miss Edith Clemmonson and H. Olson of Kratka motored to this city Friday to attend the funeral of their neighbor, Jens Prestby, the young man who was killed by lightning. They returned in the evening.

G. T. Hart of Chotau, Mont., and C. M. Storm and O. E. Hales, of Cascade, Mont., were callers in this vicinity the forepart of the week. The men are representatives of the farm bureaus of their localities and came here with intentions of buying hay

Miss Grace Loken, who has been attending the summer term at McPhail college of dramatic arts, Minneapolis, returned home Sunday morning. Miss Loken enjoyed her work and intends to complete her course next term.

Miss Ruby Anderson returned Sunday morning after a two months' visit with friends and relatives in Willmar and Minneapolis. She will be at home until the opening of Oberlin college which she will attend the coming year.

Mrs. A. Risberg and children left Saturday for Holt to visit at the home of Mrs. Risberg's brother, P. Hanson, over Sunday. They returned in the evening via car, accompanied by Mr. Risberg, who went as far as Holt with the county fair boosters.

Mrs. W. J. Olson arrived Monday evening from Duluth where she visited with relatives for a week. While here she will visit at the home of Mrs. S. Brandon, 115 St. Paul avenue south. She expects to remain for a week before returning to her home at Winger.

Dr. and Mrs. A. W. Swedenburg have finally decided upon this city as their future home. Mrs. Swedenburg arrived the fore part of last week from her home in Iowa City. She reports the worst kind of hot weather, and that all things are burned up. They will make their home in the Carl B. Larson block.

Miss Della Thorstad, who had been visiting her parents, Mr. and Mrs. J. O. Thorstad, who reside on a farm east of the city, left Friday for Lockhart, where she is employed. She was accompanied by her sister, Miss Florence, who will visit at Lockhart for two or three weeks.

Mrs. E. A. Stoughton and her mother, Mrs. Ole Torrison, of Grand Forks, left the latter part of last week for Spooner, where they will visit Mrs. Arthur Spooner. Mrs. Torrison had been visiting at the home of Mas. Stoughton in this city before leaving for Spooner.

Mrs. K. L. LaCoe and son, Lawrence, departed for Red Lake Falls Monday to visit with friends and relatives. She was accompanied by her cousin, Miss Lorena Mireault, who for the past year has been employed in the sanitorium. Miss Mireault will *visit with her parents for a few days.*

Mrs. J. B. Morin of Crookston and Mrs. Fred Bronsseau of Calgary, Alberta, Canada, passed through the city Monday enroute to the former's home. They had visited at the home of the former's son, R. Morin of Goodridge, for a couple of weeks previous to their stop in this city.

Miss Minnie Cornforth, chief operator of the Northwestern Telephone company, and sister, Miss Evelyn, manager of the Western Union Telegraph office, spent Sunday with friends in their old home town, Crookston. They returned Sunday evening by car.

George Larson of Goodridge, manager of the Co-Operative creamery, passed through the city Monday evening on his way to Grove City and other southern points. Mr. Larson is employed by the state department to test navy butter. The length of the trip is undecided.

Ambrose Zeh, who recently returned from overseas service, left the latter part of last week for Minot, N. D., where he was called to accept a position in the Union bank. Mr. Zeh has never had any experience along this line but thinks he will enjoy the work. He is a graduate of the local high school.

Edwin Stebbins and Melford Sorenson motored to Warren and spent Sunday with friends. About four miles from Warren the car broke down and the only thing for them to do was "hoof" it to Warren, where they stayed until Monday and came in on the train. They will go the latter part of the week and drive the car back.

Mrs. M. E. Swanson and two children, Ervin and Thelma, arrived Friday from Oklee, where they had been visiting at the home of the former's parents, Mr. and Mrs. Ole Hegland, for two weeks. While here they visited at the homes of Mr. and Mrs. J. L. Rolland and Mr. and Mrs. B. Falk, leaving Saturday for their home at Crookston.

Mrs. Carley Shirley and baby, left Saturday for Grand Forks, where they will visit over Sunday with friends, and to meet Miss Dorothy Shirley, who has been visiting for the past two weeks at the home of her aunt, Mrs. C. A. Lowen, of Annette, N. D. Although quite a little girl, Miss Dorothy is traveling alone, and is naturally proud of her accomplishment.

Roy Halseth, accompanied by his sister, Miss Esther, returned Monday evening from Plummer, where they had assisted during the day in the Alcid Morrissette grocery store. Mr. and Mrs. Morrissette are absent visiting in various points along the coast of Oregon and Washington. They expect to remain for a month, during which time every Monday and Friday Roy and Miss Halseth will help in the store.

and feed. After thorough investigation they found that all hay and feed is far too high priced to be considered, and think it will pay to sell the stock. In their report to the Times they say that "not more than one-half an inch of rain has fallen since the first part of February and that just one-fourth of the land in that part of Montana is yielding a crop."

Miss Ausilga Sorensen, violin instructor, left Monday for her home at Grand Forks to visit for two or three weeks. Later meeting Miss Laura Forde at Glenwood, they will give a series of concerts in southern points of the state. No program has yet been made, but all work will be under the auspices of the young people of the Narwegian Lutheran church. Miss Sorensen expects to be *absent for a month, during* which time the local class will enjoy a vacation.

Mrs. M. J. Crogan and daughters, Misses Ida and Mattie, of New York City, who have been visiting for the past two months at the home of the former's sister, Mrs. Gus Johnson, who resides on a farm east of St. Hilaire, left Monday evening for Minneapolis where they will visit for a short time with Mrs. Crogan's brother, Al. Benson and sister, Mrs. Al. Freeman. Mrs. Johnson accompanied them as far as the cities where she will visit for two or three weeks before returning to her home.

Mrs. Peter Neste and children, who had been visiting for three weeks at the home of the former's parents, Rev. and Mrs. August Bredesen, 305 Arnold avenue north, departed for their home at Havre, Mont., last Friday. Mrs. Neste was accompanied by her sister, Miss Anna Bredesen, stenographer for Attorney Theo. Quale. She will visit at her sister's home for a week. On her return trip she will visit with Miss Lilly Hoard at Big Sandy, Mont., Miss Lottie Fost at Glendive and other friends at Devils Lake, N. D. She expects to spend a month on the trip.

Miss Laura Forde, who for the past eight months has instructed a large local class in piano, returned Sunday evening to her home near Glenwood. During her stay here she has won a host of friends, through her readiness to render assistance in all social affairs in connection with churches and clubs. Miss Forde intends to complete her musical education in Chicago this winter. Miss Regina Nibbe, a gradunte of Red Wing Seminary arrived Saturday to continue the teaching of Miss Forde's class. Miss Nibbe has a splendid reputation as a musician and is a successful instructor.

Mrs. H. T. Swenson and baby, Henry, left Monday evening for Groton, S. D., having been called there to attend the funeral of Mr. Swenson's mother, who died Sunday morning from heart failure. Mr. Swenson who had been on a business trip to Minneapolis and Chicago for two weeks, met Mrs. Swenson at Groton. The funeral was held Wednesday. Mr. and Mrs. Swenson will not return to this citly, and are contemplating on making Groton their future home. Mr. Swenson has made this city his headquarters for the past ten years, being traveling salesman for the International Harvester company.

Coal Prices Advancing

Coal went up 25 cents per ton on August 1, and the end is not yet. Other advances are coming and there is no possible way of escaping the fact.

Order Today

You will pay more later on. Heeding this warning will mean money in your pocket besides assuring your fuel supply for winter.

Passing the Word Along

THERE'S a good fellowship between car-owners which makes everybody anxious that the other should get all the benefits going in the handling of his car.

That's why there is so much mouth-to-mouth advertising of Firestone Gray Sidewall Tires.

One man tells the story of the better-than-ever work he is getting this year from the Gray Sidewall Firestones. The other buys a set—and so the good word passes along.

Result—wonderful and constantly growing numbers of this tire all over the West.

Firestone TIRES

Most Miles per Dollar

Last Friday the Telephone Properties Were Returned

After a year of Federal control the telephone property which makes up the Bell Telephone System was returned last Friday to its owners by the United States Government.

While the property has been properly maintained, it is not the same property which the Government took over on August 1, 1918. It is not as adequate for its job or as well manned as it was. That it is not is in no way the fault of federal control which was eminently fair. It is due to causes for which neither the Government nor the Company are to be blamed.

A year ago today we were at war. Labor and materials needed for both telephone operation and construction were turned to military uses. Some materials were so vital to the carrying on of the war that even the work of providing telephone facilities for the Government were retarded, and no part of them could be spared for Commercial telephone purposes.

No less vital was the Government need for men skilled to create, maintain and operate the vast inter-communication systems necessary in modern warfare and in the conduct of the vastly increased Government services. Thousands of telephone men were already at the battle front. Thousands more were under arms, and still more and more telephone experts and skilled operators went into the service of the Government and contributory industries. The reserves of the plant and equipment were drawn upon until they were entirely used up and our experienced staff was gradually depleted. To find others to take the places of those who had gone was difficult and to train them takes time.

During the year came victory and the armistice, and instantly the business world sprang into intense activity. The demands for telephone service passed all former records. To replace the exhausted reserves which had been carried for just such purposes and to replace the skilled forces, and to meet this unprecedented emergency, there began a rush for construction, for readjustment, for high pressure repairs, for feverish extensions. All these must be continued with increased efforts.

The return of the property comes in the very midst of this race between an overpowering demand for telephone service and an upbuilding of a system where growth was held back and where forces were scattered by the vital needs of war.

Much progress has been made in the upbuilding of this system, but far more is still required to meet the swift growth in business and also to give first aid to every other business and every other service struggling against an unprecedented demand.

Under such conditions telephone service generally has not been and could not be up to the pre-war standard. It is beyond human power to immediately overcome the handicap which the situation imposes. There are no people in any public or private endeavor who are working more tirelessly or strenuously for the common good than those of the Telephone Company.

Telephone service must be improved and it is being improved rapidly, but in some localities it will take months to get back to normal. Everything is being done that can be done to restore pre-war service at the earliest possible moment.

THE JEFFERSON IS SAFE.

If anyone entertained a doubt concerning the feelings of our people toward the Jefferson Highway it would only have been necessary for him to attend the meeting at the commercial club rooms last Friday evening. Major J. D. Clarkson, manager of the highway association, called a meeting for the purpose of talking over certain phases of the general road situation in this section and was greeted by the largest crowd ever gathered in this city on a similar occasion. He found that every man who had taken the pains to acquaint himself with the purpose of this great arterial thoroughfare was a friend and a booster. The bare suggestion that the highway might yet be carried over a different route was enough to bring everybody out ready to put up a scrap if need be to have it remain just as planned in the first place.

One of the most surprising things in connection with this meeting was the number of farmers present for the purpose of pledging support for the association's maintenance. They were ready to testify to the benefits already derived from the road's location in their neighborhood and prepared to put up real money in order to have it remain just where it is.

Before leaving the city Major Clarkson was in a position to state that no matter what changes might be found advisable later on, the route as laid out in Pennington county would remain as at present.

This shows that our people are awake to the necessity for good roads and realize that the best and quickest way of securing a permanent network is to back the plans for a main thoroughfare first. The attendance at the meeting also shows that we can get together on a proposition when our interests are threatened, and this demonstration in itself is as important as the retention of the highway.

A LESSON IN PREPAREDNESS.

When you find a community in which every man, woman and child takes hold of the particular enterprise in hand and devote practically their entire attention to its successful prosecution it is time to stop and take notice of the results. It may be that the observer will discover something that can be employed to advantage in other places.

You may have suspected that we are referring to Baudette. You are right.

Any attempt at an adequate description of the manner in which the excursionists from Thief River Falls were entertained by the citizens of the northern town would be useless. The arrangements were perfect, every detail having been looked after by those appointed to do so. Nothing that could possibly add to the pleasure or comfort of the visitors had been overlooked. The cost in money of providing these things had evidently not been considered. The party was a success.

But the most wonderful feature connected with a wonderful trip was the spirit of genuine neighborly feeling evinced on every hand. Instead of perfunctory expressions of friendliness there were practical demonstrations of its existence. The Baudette folks made one feel as if the fact of his or her being there was the only thing that really mattered.

Here is the way they go about things up there: Regular guests at the principal hotel were ordered to find other quarters for two nights in order that the visitors might be accommodated. Automobile owners were told to park their machines in the street, on the roof or any other place in order that the conveyances of the excursionists might be stabled. The mayor of the city worked all day in an apron and shirtsleeves to build the most wonderful chicken bouillon ever produced north of the Mason and Dixon line. One energetic citizen spent two nights and one day on the Lake of the Woods in order to reach the point at which the only available large steamer was located, and commandeered the vessel for an excursion on the lake. Launches were provided for taking the visitors from the shore to the large boat. Enough different kinds of food had been collected to put a rather serious crimp in Brother Hoover's conscience, had he known of it. And the visitors' money might as well have been counterfeit. Baudette people would not recognize its validity.

There is so much pure air, sunshine, clear water and other adjuncts to contentment and happiness to be found in that neighborhood that we suppose the citizens just naturally get that way.

And the country! Some day that region will be the play ground of an entire continent. It has everything needful for meeting the requirements of such selection and the fact needs only to be properly recognized.

But nothing one can do or say would do justice to the people, the country or the trip. One must meet the people, see the country and take a similar journey before being able to understand just what we are trying to get at.

But it sure was a lovely party.

THE HOME SERVICE CAMPAIGN.

The work of the Salvation Army has received more attention of late than in all the previous years of its existence. The record made by the organization during the war is largely responsible for this, its service during that trying period having been of such nature as to fasten the eyes of the entire world on its accomplishments. The "Doughnut Girl" replaced the tambourine girl for awhile and from an object of rather contemptuous toleration was promoted to one of almost unbounded admiration.

It is probable that, were the facts known, it would be found that the Salvation Army has always been entitled to greater consideration than it has received. Its votaries have delved below the strata reached by the churches in the ordinary performance of their functions and has sought to aid those whom it seemed as if everyone but God had overlooked. Thousands of men and women all over the world owe the circumstance that they are today respected citizens of their communities to the fact that the Army reached past all other agencies and extended a helping hand when every other fist was doubled up and was being shaken in their direction.

Now the Army asks that it be permitted to carry its good work still farther. A nation-wide campaign to raise funds with which to defray the expenses of continuing both the evangelistic and welfare work right here at home will be launched on Aug. 10 and carried on for one week. Many of the foremost men in the country have not only given the campaign their sanction but are wholeheartedly assisting the officers of the organization in securing the necessary aid.

Pennington county has been asked to raise $4,000 as its share. This is not a very large sum and there should be a heavy oversubscription. A Salvation Army Citadel, costing three times as much as the total asked as the county's contribution, is promised for Thief River Falls and the plans for this will soon be announced. It will serve as headquarters for the local branch of the organization in the first place, but its purpose will be the furnishing of a community center where meetings and entertainments such as the churches can sanction will be given. The citadel will be turned into a sort of general meeting place for returned soldiers and sailors particularly, and as something of the kind has been contemplated anyway, the plan will fall right in with the steps already taken.

Here is one place where we can all show our appreciation and at the same time secure more in return than has been paid out. Even without this last feature the campaign should be a success. The Salvation Army deserves well of the people.

TEN AND 20 YEARS AGO

Twenty Years Ago.

The county commissioners were considering the purchase of a site for a poor farm.

A party of Red Lake people came up on the train and embarked on the Marguerite for a trip up the river.

Combo, one of the best known Indians in this section, for years residing at the confluence of the Red Lake and Thief river, passed to the happy hunting grounds after a protracted spree. He had two wives at the time of his death and was ordinarily regarded as a harmless redskin.

The Red Lake County Courier contained an account of an afternoon party given by Mrs. W. A. Schreiter of that city in honor of her sister, Mrs. Carl Kretzschmar of Thief River Falls.

John Dell, cook on a river steamer, was married to Miss Alice Helm by Justice H. E. Mussey.

The township of Excell purchased a new road grader.

Dr. J. E. Argue, a dentist was in the city with a view to locating here.

The mill company decided to try sinking a shaft in the hope of securing a flowing well.

Hail destroyed hundreds of acres of grain in the Red River valley.

Sam Bardelson went to Crookston for the purpose of enlisting in the United States army. He returned from service in the Spanish-American war but a short time previously.

The fire department was made happy by the receipt of $40.03, the amount due from the state as its share of the regular allotment.

C. A. Fuller was employed as principal of the Knox school.

The Thief River Falls Lumber company purchased 12 teams for use in their business in the city and around the saw mill.

A ball game between Thief River Falls and Red Lake Falls teams in the latter city resulted in a victory for the home team by a score of 7 to 8 and broke up in a lively row.

Carl Kretzshmar advertised that he would sell a large number of book accounts and old bills at 25 cents on the dollar.

Ten Years Ago.

The eighth annual Red Lake county fair was in full blast in this city. A feature was the livestock display by R. L. Muzzy and Charles Gustafson.

An ordinance was introduced in the city council granting the Northwestern Telephone company the right to erect poles and maintain an exchange in Thief River Falls.

Charles W. Latta resigned as postmaster at Plummer and was succeeded by Ole J. Johnson.

Fred A. Gebler was appointed assistant postmaster at the office here and Tarje Brokke promoted to second place.

W. A. Devany sold his confectionery stock to Ole Ellingson and moved to Minot, N. D., where he expected to engage in the hotel business.

Seven taxpayers filed an objection to the action of the county commissioners in purchasing a site for the court house and notice of the action was filed with County Attorney Michelet.

Mr. and Mrs. P. W. Mabey and son returned from a visit to Lake City.

Mrs. J. M. Bishop, accompanied by her son and daughter, was sojourning in the West. They intended visiting National Park, and Oregon and California points.

Louis Poppenhagen of the Oen Mercantile company, returned from a three weeks' visit with relatives in the West.

A. M. Arpin was awarded the contract of digging the Smiley-Silverton ditch.

Phone Superintendent Here.

W. R. Johnson of Fargo, district superintendent of the Northwestern Telephone company, was in the city on Friday for the purpose of looking over the company's property. The telephone lines went back to private ownership on August 1, and there are numerous things connected the transfer that require the at tion of the officials. Mr. Joh said he hoped phone subscri would carefully read over the st ment made in an advertisement pearing in the press during the in order that they might acqu themselves with the conditions fronting not only the owners of lines but the public as well. The vertisement will be found in ano column of The Times today.

The Best Tractor For Wet Ground

Experience has shown that using a tractor when the ground is wet is a hard matter. The ordinary kinds dig themselves down and get nowhere.

It's Different With THE CLETRAC

Built on the plan which made army tanks famous, THE CLETRAC carries up under the wettest conditions and does satisfactory work where any other make of tractor will stall.

Help Carry on the Fight Against Human Misery

"A Man May Be Down But He Is Never Out"

For thirty-six years the Salvation Army has gone steadily forward with the above maxim as its watchword.

Into the slums of the cities and poverty-stricken districts in communities of every size its votaries have penetrated with the one purpose in view of proving that no matter to what low degree a man or woman may have fallen there is still hope for them.

The Army now asks that the people of Pennington County donate $4,000 toward the maintenance of the organization in this section. The officers cannot secure this sum through the usual channels open to them and the work of raising it has been voluntarily assumed by the Elks Lodge. In Thief River Falls the lodge brothers will be assisted by the Community Girls.

The drive for the $4,000 is now on. A splendid start has been made, but more money must be secured if the quota is to be met. Only three days remain in which to secure the sum. Every agency at the command of the two organizations is at work and success is in sight. Do your bit in this case as you have in all others.

The work of the Salvation Army must continue on a larger scale than ever. The better to accomplish this a Citadel costing in the neighborhood of $10,000 will be built in Thief River Falls. The success of this campaign means more rescue homes, day nurseries, rest rooms, lodging houses for down-and-outers, homes for the helpless aged, fresh air farms, free clinics.

Will You Help?

CAMEL
TURKISH & DOMESTIC BLEND CIGARETTES

Camel Cigarettes

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigaretty after-taste or any unpleasant cigaretty odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. *No matter how liberally you smoke Camels they will not tire your taste!*

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Judge M. Holm of Roseau passed through the city today and visited with his daughter, Miss Thelma, enroute to Minneapolis where he will attend to business matters in connection with the state fair.

George Kenefick, Mrs. T. F. Conners and daughter, Miss Helen, and Miss Susie Hart and Miss Ellen Nash, of Terrebonne, motored to this city Tuesday and spent the day visiting at the home of Mr. and Mrs. P. Keating.

Miss Albina Doucet, clerk at the ticket office, took her departure Tuesday evening for points in southern Minnesota, Iowa and Wisconsin, where she will be the guest of relatives and friends during her two weeks' vacation.

Miss Thelma Holms, piano player at the Lyceum theatre, will leave this evening for her aunt's summer home, Mrs. J. H. Baugh at Osakis lake. She will spend the week end there. Mrs. Thomas Rowan will act as substitute during her absence.

Miss Bernice Kaulum and master Rolland Halvorson arrived Wednesday evening to visit at the home of Mr. and Mrs. R. J. Halvorsen. Miss Kaulum recently returned from a year's service as Red Cross nurse in France. She is a sister of Mr. Halvorsen. Rolland will make his future home here with his father.

Miss Diana Dickson of DesMoines, Ia., arrived the latter part of last week and is a guest at the home of Mr. and Mrs. J. M. Bishop. Miss Dickson is an instructor in arts at the North high school of DesMoines. She will visit for a week or more when she will be joined by her mother and sister and will then leave on a camping trip. Miss Dickson is a cousin of the Bishop family.

Mr. and Mrs. M. A. Schmitt, who have been visiting for the past two months with friends and relatives in New Prague and Minneapolis, returned Tuesday evening to their home in this city. They returned by the way of Duluth and Bemidji spending a few days in both cities. While in Bemidji arrangements were made for their daughter, Angela, a graduate of last year's class from the local high school to attend the Bemidji normal school.

Mr. and Mrs. J. C. Weatherhead and son, Harold, and Mrs. B. F. Towney and daughter, Miss Mary, of Ada, arrived here Monday via auto. Mr. and Mrs. Weatherhead and son will visit at the home of Mrs. Weatherhead's sister, Mrs. F. H. Herrick and mother, Mrs. Anna Watson, for a week. Mrs. Tenney and daughter were over night guests at the home of Mr. and Mrs. Gay Halvorson, 301 Knight avenue north, returning to their home in Ada Tuesday via train.

Mrs. H. W. Froehlich and two sons, returned to their home in this city Wednesday evening, after a two month's visit with friends and relatives in the eastern part of the country. When Dr. and Mrs. Froehlich and children left here the forepart of last June, they went directly to the summer home of Mrs. Froehlich's mother, near Lake Champlain. After nearly a month's visit they went to Niagra, Buffalo, New York City, Washington, D. C., and other eastern cities, sight seeing. On the return trip, Mrs. Froehlich and children visited at Waupun, Wis., it being the girlhood home of the former, while Dr. Froehlich returned to this city. From Waupun they went to St. Clair where they visited for a while. They were accompanied from this point by Dr. Froehlich's father, W. Froehlich, of Painsville.

GETS POSITION THEN GRADUATES

Miss Ellen Anderson who went from the Fargo High School to the Dakota Business College for a Secretarial Course, accepted a position with the Fargo Implement Co., before graduating.

Miss Mary Dunn, another student of this College was recently placed with the Buckbee Mears Co., as stenographer.

Thus do ambitious young people better themselves by securing proper training to fill lucrative positions in the business world.

FEDERAL FARM LOANS

WE have just made an arrangement whereby we are to act as agents of the government for making farm loans in this territory under the

Federal Farm Loan Act

This means that we shall be able to make large loans on farms in accordance with the new and increased valuations of Pennington County land.

We will make such loans quickly and without any "red tape. Borrowers will have all the advantages and benefits which go with the government plan for loaning money to farmers and at the same time borrowers may deal with us personally from first to the last.

We have undertaken to act as agents under the FEDERAL FARM LOAN ACT so as to be able to give the best possible financial service to this community and in addition to our usual custom of loaning money on farms with our own funds.

Let us talk with you about your farm mortgage loan and explain all details.

First and Peoples State Bank
Capital and Surplus, $90,000.00

"THE MASTER MYSTERY"

A poor struggling inventor takes his brain child to a corporation. The invention proves to be a short cut, but it limits the profits of the octopus.

The inventor loses and the patent never sees the light of day.

This in part is the theme of the great Houdini serial which is packed with punch, thrills, love, intrigue. It will make your heart beat faster; it will make you think.

HOUDINI
IS THE STAR

Why We Are Growing.

Unless a bank has substantial backing, ample capital, experience in management, and stockholders of men known to the community for square business dealing—there is small chance for that bank to succeed.

The Citizens State Bank has all of these.

(1) Practically all our stock in our bank is owned by home people.
(2) We make farm loans quickly and without red tape.
(3) We specialize in PERSONAL SERVICE to the Farmers of this district.

Come to us when you want real helpful banking service, for we are your home bank and neighbors, and your interests are our interests.

COAL and WOOD

Order now or take a chance of being left in the cold when winter gets in. There is a shortage of coal at present and this will become more acute later on.

We are now taking orders for coal. Where buyers will take the fuel direct from the car themselves the cost will be considerably less. Where this cannot be done we will deliver.

Do not delay. Every agency, from the government down, is warning of a fuel famine this coming winter.

We also handle wood and can deliver on short notice.

SOCIETY and Club

Johnson-Naplin.

The home of Dr. C. H. Mayo at Rochester, Minn., was the scene of a pretty social event Tuesday evening, July 29, when Senator O. A. Naplin of this city, was united in marriage to Miss Laura Emelia Johnson, Rev. H. P. Johnson of Minneapolis tying the nuptial knot. Only relatives and close friends of the contracting parties were present at the ceremony.

The wedding march was played by Dr. C. H. Mayo, while Esther and Louise Mayo acted as flower girls. Norris Johnson, brother of the bride, acted as best man and Miss Nellie McMillian was bride's maid.

Following the wedding ceremony a reception was given in their honor. The newlyweds arrived in the city Tuesday morning after having spent a few days visiting at Oronea and Cambridge. They will go to housekeeping at 713 Knight avenue north and will be at home after August 20. The Times joins with the many friends of the newly married couple in extending congratulations.

Dalen-Rust.

A very pretty home wedding took place at the home of Mr. and Mrs. M. Rust, of Norden township, when their daughter, Anna, and Herman Dalen, were united in marriage, Tuesday evening, July 22, Rev. George Larson officiating. Immediately after the ceremony a dainty luncheon was served to the friends and relatives present.

Miss Rust is well known in this city and in the neighboring country, having been a teacher in the surrounding territory for the past 12 years. The newly weds left at once for Saskatoon, Can., where they will make their future home, Mr. Dalen being the possessor of a 480 acre farm in that part of the country. The many friends of both parties wish them much success and happiness.

Engagement Announced.

On Wednesday afternoon of this week Mrs. R. L. Barackman entertained at an announcement party in honor of her daughter, Miss Helen. The color scheme in the dining room was yellow and the center piece was a huge bowl of yellow flowers. The ten place cards were attached with ribbons to a wedding ring concealed in the bouquet. To the ring was fastened a card announcing the approaching marriage of Miss Helen Barackman to Mauritz Brink early in September. The guests discovered the secret by pulling the ribbons. Those present were a few of the intimate girl friends of the bride-elect. Mrs. H. C. Johnson assisted Mrs. Barackman in serving.

No one can say what the milling quality of the coming wheat crop will be, but it is safe to say that it cannot be so uniformly excellent as was the last one.

Why not lay in right now a few sacks of VIVO flour made from choice old wheat?

Entertained.

Miss Helen Barackman entertained Friday evening at her home, 518 Main avenue north, about twenty-five young people of the Presbyterian church. The rooms were artistically decorated with pink and white gladiolas and large baskets of sweet peas. The out of town guests were: Miss McKane and Miss Maxwell of Minneapolis. A program made up of many musical numbers was enjoyed and following this a delicious luncheon was served.

The program was as follows:

Piano Duet .... Misses Ruth Mathew, Jessie Barnett
Piano Solo .... Miss Jean Hay
Solo .... Miss Jessie Barnett
Piano Solo .... Miss Blanche Johnson
Solo .... Miss Ella Miller
Violin Solo .... Allison Stitt

Band Dance ToNight.

The big feature of the Pennington county fair in the down town district will take place this evening, when the Thief River Falls band will give its first dance of the year. A fifteen piece jazz orchestra will be formed from the big musical organization to furnish music for the affair and Conductor Cordes assures everyone that if they want to dance to good, snappy music full of pep the Auditorium is the place to go. There will be no letup as far as music goes as there will be enough musicians there to relieve others as they become exhausted. Give the band a boost by being at the Auditorium tonight.

Miss Hay Entertained.

Miss Jean Hay entertained last evening in the form of a theatre party in honor of Miss Vaughn McCain of Minneapolis, who is her guest. About fifteen young ladies comprised the party. They met at seven-thirty at the library and attended the show at the Princess. After the show they went to Miss Hay's home, where they enjoyed a delicious luncheon. The rest of the evening was spent in listening to musical selections. Large baskets of nasturtiums formed the floral decorations.

Business Meeting.

The business meeting of the Girls' Community club held last Monday evening at the Commercial club rooms, proved one of the best of its kind. There were about forty-five of the members present and were addressed by L. H. Lawrence on the Salvation Army drive. The entire membership was asked to help in the tagging on tag day and also donate home-made candy for the Elks' booth at the fair. Any girl interested is asked by the president, Miss Marie Nelson, to meet at the Commercial club rooms Thursday afternoon at one o'clock.

Will Give Girls Ride.

At the Salvation Army drive meeting held at the Commercial club rooms Monday evening, the chairman asked for volunteers for the purpose of furnishing transportation from the city to the fair grounds for the Community girls, who are conducting the tag day at the grounds today and tomorrow. Those offering the use of their cars were: Messrs. R. H. Ross, A. J. Lawrence, Eli Rolland, Willis Akre, C. L. Hansen and C. A. Nason.

Parcel Shower.

Miss Grace Wilson and Miss Meta Kiland entertained for Miss Elsie SinClair in the form of a parcel shower at the home of the former, 223 Markley avenue north last evening. Miss SinClair was presented with a number of beautiful and useful presents. A delicious luncheon was served at ten o'clock, the rest of the evening being spent in making hand towels.

Ladies Aid.

The Ladies Aid of the Norwegian Lutheran church will be entertained Thursday, August 14, in the church parlors, by Mrs. H. S. Dahlen, Mrs. Hans Olson and Mrs. P. L. Vistaunet. A cordial welcome is extended to everyone wishing a good lunch.

Elks' Dance Enjoyed.

The dance given by the Elks' lodge last evening at the Auditorium was largely attended and everyone present had a highly enjoyable time. The lodge will have the Auditorium for the last night of the fair also to stage another dance.

To Entertain W. C. T. U.

Mrs. A. A. Wangenstein will act as hostess to the W. C. T. U. at the former United church basement, Tuesday, August 13, at 3 p. m.

Health Department Notice.

As a war measure, permission was granted residents to keep hogs within the city limits. This permission has never been revoked and is still in force. Notice is hereby given, however, that pens and animals must both be kept clean or prosecutions under the health ordinances will follow.

There are several offenders against these ordinances in the city at the present time and this notice is issued as a warning.

By order of
O. F. MELLBY, M. D.,
City Health Officer.

A-7

Mrs. Gertrude Hitterdahl.

A very large funeral took place from the Zion Lutheran church Wednesday afternoon at two o'clock when Mrs. Gertrude Hitterdahl, one of our oldest pioneers was laid to rest. Twenty-seven automobiles carrying many old pioneers, followed the very highly honored friend and mother to her resting place. Rev. George Larson officiated at the services. Interment was made at Park Ridge cemetery.

Gertrude Hitterdahl was born March 30, 1855 in Ferhagen, Rorosogn, Norway. She died Monday morning, July 21, being 64 years, 3 months and 21 days old. She was united in marriage in the year of 1879 to Lars Casperson Hitterdahl. They came to this country in the year of 1881 and settled in St. Olaf, Ottertail county, later moving on a homestead in section 25, Norden township, where they have lived during the last 37 years.

Mrs. Hitterdahl leaves to mourn her death, her husband and three daughters: Mrs. Ed. Dietrich, Quiring, Minn.; Mrs. I. E. Howick, who resides on the old homestead and Mrs. A. O. Feragen of Goodridge.

Mary Arlette Strum.

Mary Arlette, infant daughter of Mr. and Mrs. Martin Strum passed away Sunday, August 3rd, at the age of one month and three days. Funeral services were held in the Catholic church Tuesday morning.

Getting Ready to Move.

J. H. Hermanson, the hardware man, has closed a deal whereby he becomes the lessee of the Williams building on the corner of Main and Third. In order to escape moving as much of the heavy stock as possible he has decided to make substantial reductions in price, hoping thereby to make the job of transferring lighter. His announcement appears in another part of The Times today and should be read by anyone interested in saving money on their hardware purchases.

Five Boys Were Witnesses.

Among the boys who were brought up before Judge Tarrant last week on a disorderly conduct charge, five of the eight were merely called in as witnesses to the affair, having seen the "kids' fight" at a close range.

Conducting Advertising Campaign.

A more intensified advertising campaign than ever is being carried on by the Oxogen Products company of this city, manufacturers of Oxo, a guaranteed article that removes carbon from engines and saves fuel. Last Sunday the Minneapolis Journal carried a good sized ad for the local concern in the automobile section and a campaign will be carried on in several of the large city papers. The product of the Thief River Falls concern is rapidly becoming famous and is being sold to a greater extent than ever before.

Notice.

The board of education of Consolidated District No. 8, Goodridge, will receive applications for bids for the Janitorship in the school house for the coming school year, up to Tuesday, August 12th, 1919, at 8 p. m.

NICK BUNDHUND,
a7 Clerk.

Special meeting of the Board of Education was held in the directors' room at the Lincoln High School at 8 P. M., August 4th, 1919.

Members present: Backe, Dahlen, Froehlich, Haynes, Myhrum and Mellby. Members absent: None.

Moved by Dahlen, seconded by Backe, that minutes of the previous meetings be approved and the annual reports accepted and placed on file. Motion carried.

Resourceful Editor.

We harnessed a motorcycle to the linotype when the storm knocked out the electric power lines, and got the paper.—El Centro (Cal.) Press.

The "Lily of France."

The "Lily of France," the true "flower de luce," is Iris Florentina. Placed upon banners, shields, coats of arms, etc., it has led both armies and individuals, but it is now properly the symbol of a lost cause, though its use as a national emblem has been perpetuated.

Our National Ash Heap.

America annually registers a $250,000,000 to $300,000,000 fire loss. This is several times in excess of any other country's contribution to the ash heap.

Contagion.

Lots of things are contagious besides smallpox—smiles, frowns, kind deeds, evil temper, fault-finding. What kind of contagion do you carry around?

Art Aphorism for the Day.

Painting is not done for exhibitions; refined work is smothered and "shouters" come off better. . . . One is only a great painter on condition of being a master workman. . . . A fine picture, of which one admires the effect at a distance, ought equally to bear analysis when one looks at it near to. . . . The execution of a fine painting is agreeable to the touch.—Alfred Stevens.

A Successful Performance.

The assistant concertmaster of the Chicago Symphony orchestra asked his four-year-old son how he enjoyed an orchestral performance which he had conducted. The little fellow answered: "I watched you balancing yourself for two hours, daddy, and you didn't fall off the box."

Let in the Sun.

A shuttered window does not put out the sun, but it keeps it out. Discontent in a girl's heart does not change the beauty and helpfulness there is all about her, but it keeps her from discovering it. Open the shutters of the soul's windows. It will not make any difference to the sunshine, but it will make all the difference in the world to you.—Exchange.

Constantine's Cross.

The cross was the emblem of a slave's death and a murderer's punishment and was naturally looked upon by the Jew with horror. After the celebrated vision of Constantine, that ruler ordered to be made a cross of gold and gems such as he had seen and the "tree of cursing and shame sat upon scepters and was engraved and signed on the forehead of kings."

The Suez Canal.

The plan of water connection between the Mediterranean and the Red sea goes back to early Egyptian history. Such a canal seems to have been constructed in the reigns of Seti I, and Rameses II, about 1300 B. C., extending from the Nile to Lake Timsah and thence to the Red sea.

Bees' Eyesight.

Odor is given flowers to attract insects, it may be, but bright colors are not, as it is conceded that insects are very near-sighted and can make out objects clearly but six feet away, and scientists state that bees, wasps and hornets can see but two feet clearly. When a boy the writer knows they could see his two feet clearly at least a hundred feet away, also the remainder of his body was clearly discerned at the same "respectable" distance.—Exchange.

Physical Valuation.

The young lady across the way says she saw in the paper that the railroads are giving a great deal of attention to physical valuation, and she doesn't suppose there's any business where it's more important to have the employees in good health.—Cartoons Magazine.

The Theatres

Excellent attractions feature fair week at both the movie houses in the city. Many old favorites are seen in entirely new roles and there are a number of stars who have not been regularly seen at theatres here, although their fame is international. If a person cannot find something to suit the fancy in the following lineup he or she must be particularly hard to suit.

The Princess

"Two-Gun Betty" is the title of a new play in which Bessie Barriscale stars at the Princess this evening. This is the first time this charming actress has attempted anything of this kind and she is said to have made a great success of it.

It is a long time since J. Warren Kerrigan has been seen on the screen here. He comes to the Princess in "The Drifters" on Friday evening. It is a story of a man who tried to forget his past by moving far into the Alaskan wilds. A story full of gold hunters and a girl.

A new and unusual mystery story opens as a serial at the Princess on Saturday night. Houdini, one of the greatest of all mystery entertainers, himself stars in the production. The entire plot is so unusual and every detail of the great presentation so absorbing that it has been termed the greatest serial every filmed.

Emmy Wehlen is always popular and her latest play, "The Amateur Adventures," has made her more so than ever. This will be offered as a special on Sunday, matinee and evening. The fine scenic film, "Sweden Today," will be presented instead of the usual comedy.

"Hell's End" sounds interesting. It is the name of the piece for Monday. The stars are William Desmond and Josie Sedgwick. It is a story in which the aristocratic Flynns meet the Donovans.

Can you imagine Bessie Barriscale in tights? Well, that is the way she appears in "A Trick of Fate," the Princess headliner for Tuesday evening. The show ought to be pretty good.

The Lyceum.

Bryant Washburn will open the Lyceum bill on Friday evening in "A Very Good Young Man." He was simply too good to be true and the girl wouldn't believe him.

"The Warrens of Virginia," with James Neill and Mabel VanBuren, will be seen on Saturday evening at this playhouse. This is one of the strongest dramas of the civil war ever written and the picture is said to be surpassingly beautiful.

Marguerite Clark in "Girls" is the special attraction for Sunday evening. This play is based on Clyde Fitch's famous stage success and in the hands of Miss Clark and a fine company, is said to present one of the most amusing plays of the year.

Mabel Normand, the dare-devil of comedy, is at the Lyceum on Monday in "A Perfect 36." Mabel gets a job in a shirt factory and wires the boss 150 words explaining that business is bad. But "a dive and a dip and she conquered them all." As the boarding house venus Mabel is more irresistible than ever.

On Wednesday night Dorothy Dalton holds the attention at the Lyceum. "Other Men's Wives" is the theme of her porturing and it is said to be a most captivating story. At any rate Dorothy herself is captivating, particularly when she goes broke and still holds her own with those who plan her undoing.

Manager Lawrence has not decided on the attraction for Tuesday evening but it will be a good one, he promises.

Hospital Notes.

Those who have entered the Physicians hospital since last Thursday to receive medical treatment are: Miss Nellie Hegstad, Haug; Miss Laura Hegstad, Haug; August Kulmer, Holt; Albert Hagen, city; Mrs. Mary J. Callaway, city; Herman Leven, Philadelphia; Miss Christina Foss, Greenbush; Walter C. Miller, city; Mrs. V. C. Noper, city; Sydney Schmitt, city; Miss Elnore Forthun, Greenbush; Miss Edna Peelman, Greenbush.

Card of Thanks.

Unclaimed Letters.

The following is a list of the unclaimed letters held at the post office at Thief River Falls, Minn., for the week ending August 2, 1919. If not called for within two weeks from the above date they will be sent to the Dead Letter Branch, Chicago, Ill.

Douglas, Dr. J. E.
Dorn, Mr. Dicky.
Groslie, Mr. Gilbert.
Nyberg, Mr. J. O.
Peterson, Mr. L. J.
Thief River Falls Mfg. Co.
Wick, Martin H.

When calling for the above letters please state that they were advertised.

JOHN MORGAN, P. M.

THIS OFFICE is the place to have your printing done, no matter what kind it may be.

Lost--One precious hour

Somewhere between sunrise and sunset you Housewife-who-Buys-at-the-Cash-and-Carry Store have lost at least an hour which you might have devoted to finishing up that sewing, or giving the closet a long promised cleaning, or to doing any one of the thousand and one things you seem never to find time to do.

How has this hour been lost?

By going in person to purchase groceries which could easily have been ordered over the phone from a Quality-Service Store.

Think of the convenience of picking up the phone, ordering everything you need for the day's meals, and knowing that your order will be filled promptly and intelligently, and that your groceries will be delivered right to your own door.

This is the kind of service we are prepared to give you. You can trust us to select only the kind of goods you want, no matter what the price. We recommend only what we can stand back of. It is our business to watch the food market—that's how we discovered RYZON.

RYZON means better baking and economical baking—that's why we always recommend it. Ask us about the "200-recipe" book edited by Marion Harris Neil, which you can get for 30c.

RYZON is just an example of the quality of goods we carry.

O. L. CRONSTROM

LYCEUM THEATRE

Thief River's Most Prominent Photo Play House

Thursday, Aug. 6— Big Special
Beautiful NORMA TALMADGE, in

Clever DOROTHY DALTON, in
"OTHER MEN'S WIVES"
The crowd of social parasites she chummed with thought that she was so badly broke that they could use her for a cat's paw—but they found that she could scratch the wrong way, even the man she loved. But don't let's spoil the story—come and see.
Matinee Saturday, Sunday and Wednesday.
COMING: "CANNIBALS OF THE SOUTH SEAS"
Watch For Date.

When the Farmer Has to Plow

THERE comes a time on every farm when work must be done at once if it is to be done at all. It may be plowing, cultivating, harvesting, or housing of the crops. When conditions are right the work must be started and pushed with all possible speed if the farm is to pay a maximum return that season.

Under such conditions the man on the job has no time to go to town, even to get necessary supplies, and no one on the place can be spared for that purpose.

Some times it is necessary to send in for food, seed, or machinery, but for his requirements of petroleum products, the farmer knows that he will be supplied by the dark, green tank wagon of the Standard Oil Company (Indiana) which calls at his home as regularly, though not as often, as does the man who brings his mail.

He has learned that he can depend upon this delivery service, and that the Standard Oil man will deliver his kerosene, gasoline and lubricating oil not only to his door, but, if needs be, to the tractor in the field—*there are 150,000 tractors in the Middle West.*

This is the reason for the harmonious, close, friendly relations which always has existed between the Standard Oil Company (Indiana) and the farmers of the Middle West. Also this is another reason why the Standard Oil Company (Indiana) takes pride in its position as a public servant, doing an exacting job as well as it knows how, to the distinct advantage of the man who raises the crops, and the millions who eat them.

COMMITTEES AT WORK SECURING MEMBERSHIPS

MANAGER CLARKSON TELLS OF PROGRESS AT MEETING LAST FRIDAY.

BUILT MUCH GOOD ROAD

EXPECT COUNTY TO "GO OVER THE TOP" IN MEMBERSHIP DRIVE.

As a result of the meeting held last Friday evening at the Commercial club rooms two committees were named to scour the country west and south of Thief River Falls and one committee for the city to secure memberships in the Jefferson Highway association.

The west group is made up of John Brattrud, chairman, Daniel Shaw and F. I. Stebbins. The committee went right onto the job on Saturday and returned in the evening with a large number, it being necessary to go out into the fields to converse with farmers which made rather slow work in covering the territory. The south committee was made up of C. L. Hanson, chairman, E. O. Mogensen and L. H. Lawrence. This committee was unable to begin the campaign on account of the sociability tour to Baudette, they being among the party. In the city of Thief River Falls R. McGinn, chairman, W. W. Prichard, Jr., and E. M. Bennes were appointed and have met with good success.

The membership fee is $5 and at the rate memberships are being taken, Pennington county will easily "go over the top," as has been the case in various other counties, where the highway runs. It is very important that the memberships be secured at once in order that they may be turned in to Mr. Clarkson, who is still here, and entitles the county to qualify for a franchise.

Tells of Progress.

In opening the meeting Manager Clarkson related to the club members what progress had been made during the last three years and said that over 15,000 signs had been placed along the line from Winnipeg to New Orleans and that over 30,000 maps, folders and circulars had been printed and distributed to promulgate facts about the highway. Over 1,214 miles of highway had been constructed in the three years, and there were worn out portions that had been repaired, he declared. Another big matter accomplished since three years ago, according to Mr. Clarkson, was in having made the J-H familiar throughout the United States and that the plans are to make it second to none in the country.

Defines a Highway.

"A modern highway consists of a road running through territory which is thoroughly marked, allowing one to go from 20 to 30 miles from home without the slightest danger as to the direction in which you are traveling," said Mr. Clarkson. He said there were three classes of travel on a highway and those were the tourist, investor and the homeseeker.

In his address Mr. Clarkson related an incident with which he met last October, where a man had sold his farm in North Dakota and desired to go to Oklahoma. Having heard of the J-H, he came east to strike the road and along the route he had a chance to view the farming country at his will. The homeseeker followed the road into Louisiana and there struck the land and kind of climate he desired and instead of settling in Oklahoma, he bought land in Louisiana. At a Jefferson Highway meeting held in the town near which the former North Dakota man lived, Mr. Clarkson met him and it was here he found the story of how the highway found a new home.

More Markings.

"The plan is to put on 10,000 more blue and white marks along the route," declared Mr. Clarkson. "There will be a sign 200 feet from every turn while signs will be placed at curves, danger spots and railroad crossings; all this being necessary for when Bill Jones of Ohio comes north he will have no trouble in finding the road," he continued. "The Jefferson Highway runs through the richest country in the world," said Mr. Clarkson, "and it is the intention of the association to make it the best known in the world." He then gave the benefits to towns and farmers derived from having such a famous road go through the country and cited several instances where substantial bridges have been erected as a result of the highway coming through, and after they had discovered its value to the community.

Winnipeg Praises It.

Telling how the city of Winnipeg feels toward the road Mr. Clarkson said: "Winnipeg thinks it's the greatest thing ever and they are planning a memorial avenue through their city and have $250,000 to expend for improvements."

To show the enthusiasm along the highway, Mr. Clarkson exhibited several rolls of membership checks and in all cases the quota had been doubled, and even tripled. Kittson county's share of 40 memberships reached 90, while in Crawford county, Missouri the allotment was 66 and 206 membership were taken out.

Broke Arm.

Miss Elma Knutson, an employee at the Physicians hospital, had her left arm broken last Sunday morning, as the result of the dumb waiter dropping down unexpectedly. Miss Knutson, who is employed in the kitchen, was sending meals up to the first and second floors and in some way had her arm on the bottom of the chute when the carrier came down suddenly with such force that it broke the bone in her left arm.

Knocked Off Bicycle.

Lloyd Lonson, an employee at The Times office, was knocked off his bicycle and slightly bruised Monday afternoon at the corner of Third street and LaBree avenue. The lad was riding down Third street and as he came to the crossing a car coming up LaBree hit his back wheel and sent the boy over the handle bars. The driver of the machine, who was undoubtedly inexperienced in handling it, failed to stop and drove over the lad's left elbow after he had been thrown off, the front and back wheel passing over his arm. Outside of being scratched up and his left arm being bruised he escaped without serious injury. The boy was furnished a new bicycle as a result of the smashup.

What is Threshing Cost?

According to L. B. Bassett, University farm, St. Paul, it costs approximately 3 cents a bushel to thresh wheat and about half that for oats, including oil, depreciation, interest on investment, etc. The labor cost is very little more than the machine cost. The total varies from year to year with the quality of the corn and the price of the labor. Much also depends on the number of bushels threshed, in season, as it requires a certain number of days work each year to offset the fixed exp. of the machine. A man threshing 80,000 bushels in a season does so at a much less cost to the bushel than a man who operates only fifteen or twenty days and threshes 40,000 bushels. The labor cost is the same, but the machine costs differ.

CITIZENSHIP FREE TO ALIEN SOLDIER

ANYONE IN ARMY OR NAVY SERVICE HAS RIGHT DURING ONE YEAR.

Soldier aliens who served in the United States army or navy during the world's war are to be made citizens free of charge, all costs attached to obtaining naturalization papers having been eliminated, according to a letter received by Clerk of Court Adolf Eklund from R. K. Doe, naturalization agent.

President Wilson has approved of the following law:

"Any person of foreign birth who served in the military or naval forces of the United States during the present war, after final examination and *acceptance by the said military* or naval authorities, and shall have been honorably discharged after such acceptance and service, shall have the benefits of the seventh sub-division of section 4 of the act of June 29, 1908, 34 Statutes at Large, part 1, page 598 as amended, and provision shall continue for the period of one year after all American troops are returned to the United States."

Mr. Doe declares that this means that any alien coming within the terms of this law does not need a certificate of arrival or declaration of intention but must be examined by a naturalization examiner before the clerk may take his petition.

New Certificates Out.

The new Treasury Savings Certificates in denominations of $100 and $1,000 (maturity value) are now available to the banks and trust companies through the Federal Reserve bank of Minneapolis. The $100 certificates can be purchased at the Post Offices of the first and second class about August 10th. These certificates carry the many attractive features of the War Saving Stamps, and in reality an issue of War Savings Certificates, series of 1919, in registered form. They will be found convenient for those who wish to purchase a government security in larger amounts. These certificates may be redeemed at any time upon ten days' notice.

Bids For Mail Messenger.

Sealed proposals for carrying U. S. mail and parcel post mail on Route No. 241,004 at Thief River Falls and M. St. Paul & Sault Ste. Marie railway routes Nos. 141,539, 161,509, 141,520 and M. N. W. Electric railway route No. 141,083 will be opened by Postmaster John Morgan on August 16, 1919 at the post office. Any information regarding the position will be given by the postmaster on request.

Tented Show on Aug. 11.

Thief River Falls will be visited again for the first time in a number of years by Burke's Big "Uncle Tom's Cabin Co." on August 11. The performance will be given under canvas and a monster street parade is also a feature of the show.

START MOVING MONTANA HERDS ABOUT AUG. 15

SERIES OF HAY CUTTING CONTRACTS TO BE LET IN THE NEAR FUTURE.

IDAHO HERDS ALSO COME

RANCHERS SEEK GRAZING IN NEBRASKA—ADVISED TO COME TO MINNESOTA.

The movement of Montana cattle into Minnesota pastures will not begin on a large scale until about the middle of August, said J. H. Hay, assistant state agriculture commissioner, the first of the week. The reason for this is because the government delay in completing the survey of the Montana stock situation.

The first of the series of hay cutting contracts has already been let to Swartz & Johnson of this city, as was announced in The Times three weeks ago. Others will soon follow according to Mr. Hay, and before long carloads of Minnesota hay will be enroute to the western stock ranches. Five thousand tons will be furnished from the Red Lake Indian reservation.

Idaho Herds Coming.

Idaho cattlemen are in as precarious a situation as the Montana ranchers and representatives of large ranches have been negotiating with the state agriculture department for the shipment of large herds to northern Minnesota. A. E. Brown, a rancher of Blackfoot, Idaho, and other cattlemen of the same place, will send 1,600 head of Shorthorn stock into Minnesota.

These ranchers had sought unsuccessfully for grazing in Nebraska, and while there met Dean W. H. Tatcher of the college of agriculture, University of Minnesota, who advised them to come to St. Paul to confer with the agriculture department in view of giving them aid. Mr. Hay said their cattle will most likely be cared for in the southern part of the state.

According to Mr. Brown, southern Idaho will be almost without pasture by the latter part of next month.

Addresses Stockmen.

Dean Thatcher has addressed conferences of stockmen as far southwest as Salt Lake City, urging the advisability of federal control of the western pasture domain. Many of the stockmen who heard Dean Thatcher are following suggestions to communicate with the Minnesota department of argiculture.

WHY NOT OPEN RED LAKE ROAD?

COMMERCIAL CLUB OFFICERS AND DIRECTORS TO TAKE STEPS.

"Why not open the road to Red Lake?" was the question asked by Daniel Shaw at the conclusion of the meeting held at the Commercial club last Friday evening, when J. D. Clarkson, manager of the Jefferson Highway, addressed Commercial club members.

After pointing out that an addition of twenty miles to the present state road running east of Thief River Falls would bring one to the largest body of fresh water in the United States, Mr. Shaw made a motion which was duly seconded, that the officers and directors of the Commercial club take steps in ascertaining what can be done in opening the road to Red Lake.

"At Red Lake there are 150 miles of the finest bathing beach in North America," said Mr. Shaw, "and I believe with the aid of the Indian department we can put the scheme through," he continued. He also stated that there would be nothing finer for the people of the city and country if the road could be run across the Indian reservation to the lake and it would also prove a big incentive for Jefferson Highway tourists when in Thief River Falls.

Everyone approved of Mr. Shaw's idea of opening the road to this large body of water, which lies practically at the doors of Thief River Falls.

Legal Notices

Mortgage Foreclosure Sale.

Default having been made in the payment of one hundred sixty dollars which became due October 12th, 1917, and in the payment of other amounts since falling due upon a certain mortgage executed and delivered by Halvor Hoberg, a single man, mortgagor, to Merchants State Bank of Red Lake Falls, dated November 13th, 1916, and duly filed and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 15th day of November, 1916, at 1:00 P. M., in Book 53 of Mortgages on Page 276 thereof; and whereas there is actually due and claimed to be due and payable at the date of this notice upon said mortgage the sum of one hundred eighty-five dollars sixty-four cents ($185.64), and the further sum of $60.16, $29.26, $57.15, $26.76, $55.41, $58.33, $42.56, and $49.68, these latter amounts being for interest paid by the mortgagee under the terms of said mortgage upon two prior mortgages of $800.00 and $1,000.00 respectively, default having been made in the payment of the same by said mortgagor; the total amount so claimed to be due and payable at the date of this notice being five hundred seventy-four dollars, ninety-seven cents ($574.97); said mortgage containing a power of sale and no action or proceedings having been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof; now, therefore, notice is hereby given that by virtue of said power of sale and pursuant to the statute in such case made and provided the said mortgage will be foreclosed by a sale of the premises described in and covered by said mortgage to-wit: The Northwest quarter (NW¼) of Section twenty (20) in township one hundred fifty-two (152) north of range forty (40) west of the 5th P. M. in Pennington County, State of Minnesota, which sale will be held at the front door of the court house in the City of Thief River Falls in said County, by the sheriff of said Pennington County on the 9th day of August, 1919, at 10:00 o'clock in the forenoon at public vendue to the highest bidder for cash to pay said debt of $574.97 and interest from the date of this notice and taxes if any, and an attorney's fee of $25.00 as stipulated in said mortgage and the disbursements allowed by law, subject to redemption at any time within one year from date of sale as provided by law.

KIDNEYS WEAKENING? LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Get Efficiency From Your Tractor

KEEP it in service constantly. The one best way to do that is to give it all the lubricating oil it will take, providing you select the correct oil.

The Standard Oil Company (Indiana) has produced three oils which will correctly lubricate the entire range of tractors. These are:

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

Any Standard Oil representative will be glad to show you the chart of Tractor lubrication, prepared by our Engineering Staff. It indicates specifically which of these three oils the Standard Oil Engineers have found will give the best results in your particular tractor.

We have just published a 100-page book, "Tractors and Tractor Lubrication," prepared by our Engineering Staff, which you will find a valuable reference book, and we believe it will save you many days of tractor idleness with the resultant money loss.

It's free to you for the asking. Address

Standard Oil Company, 910 S. Michigan Ave., Chicago, Ill.
(Indiana)

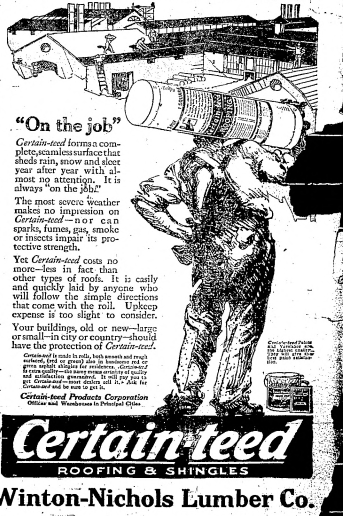
PRINCE ALBERT
the national joy smoke
Copyright 1919 by R. J. Reynolds Tobacco Co.
PRINCE ALBERT
CRIMP CUT
LONG BURNING PIPE AND CIGARETTE TOBACCO

PLAY the smokegame with a jimmy pipe if you're hankering for a hand-out for what ails your smokeappetite! For, with Prince Albert, you've got a new listen on the pipe question that cuts you loose from old stung tongue and dry throat worries! Made by our exclusive patented process, Prince Albert is scotfree from bite and parch and hands you about the biggest lot of smokefun that ever was scheduled in your direction!

Prince Albert is a pippin of a pipe-pal; rolled into a cigarette it beats the band! Get the slant that P. A. is simply everything any man ever longed for in tobacco! You never will be willing to figure up the sport you've slipped-on once you get that Prince Albert quality flavor and quality satisfaction into your smokesystem! You'll talk kind words every time you get on the firing line!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and—that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.



Certain-teed Paints and Varnishes are the highest quality. They will give the best paint satisfaction.

"On the job"

Certain-teed forms a complete, seamless surface that sheds rain, snow and sleet year after year with almost no attention. It is always "on the job."

The most severe weather makes no impression on *Certain-teed*—nor can sparks, fumes, gas, smoke or insects impair its protective strength.

Yet *Certain-teed* costs no more—less in fact than other types of roofs. It is easily and quickly laid by anyone who will follow the simple directions that come with the roll. Upkeep expense is too slight to consider.

Your buildings, old or new—large or small—in city or country—should have the protection of *Certain-teed*.

Certain-teed is made in rolls, both smooth and rough surfaced, (red or green) also in handsome red or green asphalt shingles for residences. *Certain-teed* is extra quality—the name means *certainty* of quality and satisfaction guaranteed. It will pay you to get *Certain-teed*—most dealers sell it. Ask for *Certain-teed* and be sure to get it.

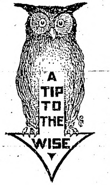
WIN YOUR CAR NOW!

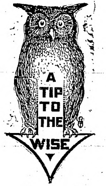
Nothing can prevent you from winning the Scripps-Booth Roadster or the Ford Touring Car in the Times campaign if you will only put forth the proper effort during our largest and best extra point offer now in force. Your best chance to own an auto free exists

Between Today And Wednesday August 20 at 6 p. m.



A TIP TO THE WISE

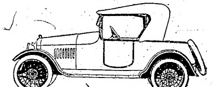
YOU have been watching and waiting for this largest and best voting power of the entire campaign and right now will be your greatest opportunity to roll up hundreds of thousands of extra points---yes, the very greatest opportunity you will have to get the "winning points" and an automobile! You should devote every hour of the next thirteen days to this wonderful and generous offer. Your collections will count for more now than at any future period of the race. This is indeed a bargain period, there will be none better, none as good. Well directed effort now will reap bountiful results! Make your largest reports August 13 and 20 on this immense point bonus; every $30.00 worth of new and old subscriptions turned in will entitle you to 150,000 extra points, besides all regular points issued according to schedule. A word to the wise is sufficient.



A TIP TO THE WISE

150,000 Extra Points Will Be Given on Every Club of $30.00

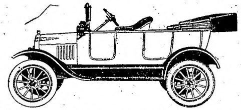
A Year's Salary in 30 Days by Winning This Scripps-Booth Roadster



Build your way to success during this offer. To work and win a $1,200 automobile in 30 days time will bring a lifetime of happy recollections. Turn in as many $30 clubs as you wish. No limit!

Get Your Standing Away Up In The Clouds Where It Can't Be Reached!

Make Your Auto Dreams Come True by Winning This Car September 13



Your work during our largest extra point bonus may mean the difference between the Aeolian-Vocalion phonograph and one of the motor cars. You can reach the top now via the 150,000 route!

August 13 and 20 Are Report Days on This Never-to-be-Duplicated Offer

$200.00 On This Immense Offer Means a Million Extra Special Points For You!

AMERICAN DEATH LOSS IS 112,422

LATEST FIGURES GIVEN ANNOUNCED BY THE GOVERNMENT LAST WEEK.

The death loss for the Americans in the great fight for democracy has been placed at 112,442, according to the latest figures given out by Colonel L. H. Ayers, chief of the statistical branch of the General Staff, at Washington.

Of this number 48,900 were killed in action and 63,522 died of disease.

The following are other figures he announces:

Total armed force, including army, navy and marines 4,800,000.

Total men in army 4,000,000.

Men who went overseas 2,086,000.

Men who fought in France 1,390,000.

Total who registered for draft 24,234,021.

Total drafted 2,810,296.

Total cost of war to April 30, 1919, $21,850,000,000.

Battles fought by American troops 13.

Days of battle 200.

Days of the Argonne battle, 47.

Americans wounded 236,000.

The total battle casualties he announces as follows: Note that these are men killed on the battle field:

Russia	1,700,000
Germany	1,600,000
France	1,385,000
England	900,000
Austria	800,000
Italy	300,000
Turkey	250,000
Serbia	125,000
Belgium	102,000
Bulgaria	100,000
United States	48,900
Roumania	10,000
Greece	7,000
Portugal	2,000

The largest loss sustained by the Americans was in the Meuse-Argonne offensive which lasted 47 days and where the killed and wounded numbered 10 per cent of those engaged.

The cost of the war to the United States was one million dollars an hour for two years.

This expenditure would have paid for the American Revolutionary war, continuously, with day and night shifts and double pay for over time, for over one thousand years.

And all these millions killed and all this burden of debt saddled on to posterity just because the Kaiser wanted to rule the world.

MRS. M'KENNEY GAINS 17 POUNDS

EATS WHAT SHE PLEASES AND SLEEPS LIKE A CHILD, SAYS MINNEAPOLIS WOMAN.

"I never thought I would let my name be used in connection with a medicine, but if it had not been for Tanlac I would still be a sick woman and I feel that I ought to try to help others by telling them about it," said Mrs. J. F. McKenney, who resides at 3121 Cedar avenue, Minneapolis, recently, in a statement in which one of the benefits receive described is a gain of seventeen pounds.

"I had been suffering from stomach trouble for five years," she continued, "and had almost despaired of ever getting relief. My appetite was very poor and I always suffered so much pain in my stomach after meals that I had gotten almost afraid to eat anything. My food would ferment and the gas from it would press on my heart until I would just have to fight for breath. I often had nervous, sick headaches and was very dizzy at times. I could hardly ever get a good night's sleep, was very weak, and always got up in the mornings feeling as tired as when I retired at night. In fact, that tired wornout feeling was with me all the time and I hardly had strength to do my housework.

"Finally I got to taking Tanlac on the advice of my daughter in Muskogee, Oklahoma. She told me of a minister there who said he did not believe there was ever a case of stomach trouble Tanlac would not relieve, and the results in my case have convinced me that he was right. Soon after I began taking it my appetite improved and I commenced to gain both in weight and strength. My appetite is just fine now, the gas has stopped forming on my stomach, and I can eat what I please and all I want without ever having a pain or an uncomfortable feeling afterwards. I sleep like a child every night, get up in the mornings feeling rested and refreshed.

"When I began taking Tanlac I only weighed one hundred and eighteen pounds, but I now weigh one hundred and thirty-five, making an actual gain of seventeen pounds. This is just what six bottles of Tanlac has done for me and there's nothing too good for me to say for it."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

Help Appreciated.

We wish to thank the Thief River Falls Business Mens' association, in behalf of the farmers of Mud Lake and vicinity, for the provisions sent out to them to relieve the distress and suffering caused by the recent flood; also Anton Langseth for his work in distributing said provisions.

We appreciate all that has been done to help the people in the flooded districts.

Holt, Minn., Aug. 4, 1919.

Estate of Mina Pitkin, Decedent.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Mina Pitkin, Decedent.

The State of Minnesota to Elizabeth Pitkin Fisher, Charles A. Pitkin, Ethel Pitkin and all persons interested in the granting of administration of the estate of said decedent:

The petition of Elizabeth Pitkin Fisher having been filed in this Court, representing that Mina Pitkin, then a resident of the County of Pennington, State of Minnesota, died intestate on the 5th day of January, 1919; and praying that letters of administration of her estate be granted to Ira E. Fisher, and the Court, having fixed the time and place for hearing said petition:

THEREFORE, YOU AND EACH OF YOU, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 21st day of August, 1919, at 1 o'clock P. M., why said petition should not be granted.

Witness, the Judge of said Court, and the seal of said Court, this 24th day of July, 1919.

IRA C. RICHARDSON,
(Court Seal.) Probate Judge.

Notice of Hearing on Petition to Vacate.

WHEREAS, a petition has been presented to the city council of the city of Thief River Falls, Minnesota, by the Independent School District No. 18, Pennington County, Minnesota, representing that said School District is the sole owner of property on the line of the public alley hereinafter described, and praying for the discontinuance and vacation of such alley, and,

WHEREAS, the said City Council has deemed it expedient that the matter of said petition be proceeded with, and has ordered said petition filed of record with the city clerk, and that notice of hearing thereon be given according to law;

NOW, THEREFORE, Notice is hereby given, that said petition will be heard and considered by said city council, at a regular meeting thereof, to be held at the council chambers, in the Auditorium, in the City of Thief River Falls, Pennington County, Minnesota, on the 9th day of September, 1919, at 8 o'clock P. M.

NOTICE IS FURTHER GIVEN, That the object of said petition filed as aforesaid, is to vacate and discontinue the following described public alley, to-wit:

All that part of the public alley lying between lots one (1) to five (5), both inclusive, and lots twenty (20) to twenty-four (24), both inclusive, and between the south ten (10) feet of lot six (6), and the south ten (10) feet of lot nineteen (19), in Block nineteen (19), of the Original Townsite of Thief River Falls, Pennington County, Minnesota.

Dated July 23, 1919.

A. H. AKRE,
City Clerk.
Thief River Falls, Minn.

Notice For Bids.

Sealed bids will be received at the office of the County Auditor, in the City of Thief River Falls, Minn., up till August 7th, at 9 o'clock in the forenoon, for the construction of a 16 foot, Steel and Wood Bridge, on State Road No. 2, near Kotlan's place in Town of Cloverleaf.

Plans and specifications may be had at the office of the County Auditor at Thief River Falls, or at the office of the Highway Engineer at St. Hilaire.

A certified check for 10% of the amount of the bid must accompany each bid.

The County Board reserves the right to reject any and all bids.

T. P. ANDERSON,
County Auditor.
GLENN H. MARTZ,
Highway Engineer.

Notice For Bids.

The school board of School District No. 60, Pennington County, Minnesota, will receive bids for furnishing all labor and material necessary in and about the moving of the school house in said district from its present location in Section four, Township 152, Range 41 to a location on the southeast quarter of Section eight in said Township 152, Range 41. Said school board will meet at the residence of the undersigned clerk in said Township on Saturday, the 23rd day of August, 1919, at which time such bids will be opened and considered.

The board reserves the right to reject any or all bids.

Dated August 1st, 1919.

M. O'LEARY,
District Clerk.

Order.

State of Minnesota, County of Pennington, ss. In District Court, Fourteenth Judicial District.

In the Matter of the Dissolution of the Thief River Falls Manufacturing Company, a Corporation.

A petition having been filed in this Court by C. G. Dosland, receiver of the Thief River Falls Manufacturing Company, showing among other things as follows:

First, That the Thief River Falls Manufacturing Company was a corporation duly organized under and by virtue of the Laws of the State of Minnesota on or about the 17th day of May, 1911, and thereafter issued four hundred and sixty (460) shares of capital stock of said corporation of the par value of one hundred dollars ($100.00) per share, and that such shares were issued and sold to various persons residing in various places who are now claiming to be shareholders in said bankrupt corporation.

Second, That on the 25th day of January, 1918, the District Court of the Fourteen Judicial District within and for Pennington County, Minnesota, made an order dissolving said corporation and appointed Ole C. Morben receiver to close its affairs; that thereafter on the 21st day of February, 1919, the said Court, by order, removed the said Ole C. Morben and appointed C. G. Dosland of Moorhead, Minnesota, receiver to continue said receivership, and that said C. G. Dosland has qualified and is now the duly qualified and acting receiver of said corporation.

Third, That the total amount of indebtedness of said corporation remaining unpaid at this time is the sum of $7,529.62, besides the expenses of administration which remains unpaid at this time.

Fourth, That the assets of said corporation, undisposed of at this time, consists of $754.99, cash on hand, and claims due the receiver amounting to $778.25, all of which are now in litigation.

Fifth, That all of the property of the corporation has been disposed of.

Sixth, That it will be necessary, in order to pay said claims in full, to have recourse to the statutory liability of the shareholders of said corporation which are named in said petition, and prays that time and place for the hearing of said petition be fixed and that at such time an order be made by this Court, fixing the amount for which said shareholders and each and all of them shall be liable and upon the said statutory liability, and directing that said amounts be paid and that such order be made as shall seem just and proper in the premises.

NOW, THEREFORE, It is ordered that said petition be heard by this Court at the Court room at the Court House in the City of Thief River Falls, Pennington County, Minnesota, on the 3rd day of October, 1919, at the hour of ten o'clock in the forenoon, or as soon thereafter as counsel can be heard. And, it is further ordered that notice of the hearing of said petition be given to persons claimed to be liable as stockholders by service upon them of this order as follows: Upon residents of the State of Minnesota, whose residence is known to petitioner in the manner now provided by law for the service of summons in the District Court of said State. Upon non-residents and the persons whose residence may be unknown, such service may be made personally by delivering to them a copy of this order, either within or without the state, at least twenty (20) days before the date of such hearing, or by publication of this order in the Thief River Falls Times once in each week for three (3) consecutive weeks, the first of publication to be not later than August 10th, 1919, and by mailing a copy thereof not later than August 10th, 1919, to each of said non-residents at his last known post office address.

Dated at Thief River Falls, Minnesota, this 24th day of July, 1919.

ANDREW GRINDELAND,
District Judge.
THEO. QUALE,
Attorney for Petitioner.

10,000 PEOPLE VISIT COUNTY'S ANNUAL SHOW

1919 EXPOSITION BREAKS ALL RECORDS FOR ATTENDANCE AND RECEIPTS.

EVERY DETAIL IMPROVED

MUCH INTEREST SHOWN IN DAIRY AND SHEEP JUDGING CONTESTS.

Success crowned the eighteenth annual exhibition of the Pennington county agricultural society, which came to a close last Friday.

Favored with three days of ideal weather, the 1919 exposition eclipsed all other years for attendance, exhibits and fine attractions, while the gate and grandstand receipts more than doubled those of former years.

The total estimated attendance for the three days and four nights is placed at 10,000 people. The receipts for gate and grandstand for the past three years are as follows:

1917, $1875.
1918, $1387.45.
1919, $3608.95.

Not a Mishap.

There was not one single mishap during the three days show to mar it in any manner and everything went off as per schedule. Secretary Smith was on the job early and stayed late and is deserving of considerable credit for the manner in which things were arranged and executed.

Great Exhibition.

Outside of the men who have returned from service in France, the aeroplane proved to be one of the biggest attractions in the amusement line, and Lieut. Bacon, formerly of the Royal flying corps, entertained the large crowds with flights twice daily on the last two days. Lieut. Bacon demonstrated very clearly his skill in handling a plane and his "loop-the-loops" thrilled the many interested spectators as did his nose dives. On Friday the grandstand roof was cleared and during his exhibition, ran the wheels over part of the roof. Time and again he would swoop down towards the crowd and then quickly rise over the grandstand. The fair board was especially fortunate in securing this returned aviator and were well repaid for their efforts.

Exhibits Were Good.

Exhibits in all departments went beyond all expectations and in every

(Continued on page 12.)

MEETING AND SMOKER.

There will be a meeting of members and other interested citizens at the Commercial club rooms next Tuesday evening at 8 o'clock. A smoker and social session has been arranged, the particular subject of discussion being the construction of a road from the county line to the Red Lakes.

The matter has already been taken up with the authorities at the agency and the people here are assured of every possible assistance from that quarter. The matter is one of much importance and there should be a large gathering of citizens present for the purpose of boosting the project.

SCAFFOLD BREAKS; MEN FALL 30 FEET

WERE ENGAGED IN SHINGLING ROOF ON SILO NEAR HAZEL.

The breaking of the scaffold on which they were standing, caused Clarence Roese and William Gilbertson, carpenters, to take a fall of 30 feet, Tuesday afternoon, at a farm one mile south of Hazel.

Both of the young men were employed in building a silo and were shingling the roof when the board snapped. The two men went down, Gilbertson suffering two cracked ribs as the result of the fall, Roese escaped in a miraculous manner. The young man lit on his head and the force of the fall drove his head into the soft ground below to a point even with his eyes. His escape from injury is considered a wonder and he is rapidly recovering from the shock and a stiff neck.

AUTOS FIGURE IN THREE ACCIDENTS

TWO CARS COLLIDE ON ROAD WHILE SORENSON LAD BREAKS LEG.

Automobiles figured in three accidents during the fair, none of which were of a very serious nature.

On Friday a collision occurred at the corner of Main avenue and Third street, when Gordon LaBree driving a Hupmobile drove into the Calloway car. The front end of the Calloway car was stoved in badly and the LaBree car was damaged slightly. The driver was badly shaken up as the cars came together.

The second accident happened on Thursday afternoon on the road to the fair grounds when A. C. Lockrem, a "jitney" driver, ran into Ben Ranum of Rosewood. Lockrem appeared in Municipal court and was assessed $28.75 damages for the repair of Mr. Ranum's car. The case was held open.

Alvan Sorenson, age 11, is at the home of his parents, Mr. and Mrs. John Sorenson with his right leg broken in two places as the result of an accident on Thursday afternoon. It apears that he together with several other boys were chasing paper balloons behind the grand stand and in their chase failed to observe the George Curran car, which was then running in low gear. The car was in a rut traveling very slow and no marks were evidenced on the boy's clothes of the wheels having passed over him but it is thought that his foot became caught in the wheel in some manner as he ran into the machine.

SPECIAL SESSION TO CONVENE ON SEPT. 8

DRAINAGE IN NORTH ONE OF SUBJECTS TO BE CONSIDERED.

Gov. Burnquist has called the Minnesota legislature in special session on Sept. 8 for the purpose of considering a number of pressing measures, among which is an amendment to the drainage laws to afford some measure of relief to the people in the northwestern part of the state who are sufferers by reason of the recent floods.

The session will last about eight days, according to the governor, providing committees arrange at once for hearings on legislation to be considered and draft bills ready for action when both houses convene. Unless this is done the session may last a month.

Committees will begin at once to hold hearings on legislation to be considered, and are expected to be ready to make recommendations when the session opens.

The call urges a session as brief as possible and suggests consideration of the following subjects:

Ratification of the proposed woman suffrage amendment to the United States Constitution.

Additional legislation for the benefit of returning soldiers of the world war.

Forest fire protection and also amendments to drainage laws for the benefit of Northern Minnesota settlers.

Amendments to election laws and establishment of a better state budget system.

Provision of ways and means of eliminating unreasonable and unfair profits and enactment of such other laws as will enable the state and federal government to coöperate toward reducing the high cost of living.

SEWERS UNABLE TO CARRY OFF WATER

RAIN DOES MUCH DAMAGE IN CITY—CROPS ARE INJURED.

A rain storm of short duration but of rather unusual volume visited the section in the immediate neighborhood of Thief River Falls on Monday evening, and considerable damage is reported. The area covered was not large, Erskine being the southern boundary and Newfolden the northern. According to Weather Observer L. M. Rayson, the precipitation was 1.65 inches and the duration of the downpour about two hours.

Nearly every basement in the downtown section of Thief River Falls was flooded. The sewers proved inadequate to take care of the water and the damage will run into many hundreds of dollars. South Third street was the hardest hit, water a foot deep being reported in a number of basements. The Times Printing & Manufacturing company sustained a considerable loss by reason of having its basement flooded, the damage being principally to paper stock and coin boxes finished and in the process of manufacture. The effect of the clogged sewers was felt as far west as Main avenue, the basements of the Loken store as well as the Scandia block receiving their share. The storm proved that the downtown drainage facilities are not adequate to care for the water under such circumstances.

Harvesting Delayed.

The farmers in many nearby sections had not been able to begin their harvest work because of wet fields and hoped that things would dry up in a day or two so that they could begin operations. The rain of Monday evening will throw this work back still more and there is danger of a considerable loss by reason of grain getting too ripe and shelling in the handling.

WAGE INCREASE IS GRANTED ALL CITY EMPLOYES

MATTER DISPOSED OF QUICKLY AND MADE EFFECTIVE AUGUST 1.

HEALTH OFFICER REPORTS

MOTION MADE THAT PAVING ENGINEER MAKE STREETS UNIFORM WIDTH.

Old high cost of living figured prominently in the regular meeting of the city council on Tuesday evening, when a wage increase resolution raising the wages of practically all the city employees was passed unanimously, and the matter of whether or not the raising of hogs within the city limits, as done last summer as a war food measure, should be continued to fight the H. C. of L. was discussed. The latter matter was settled in the conclusion that if the owners of hogs would see that the pens were kept in good condition they would not be molested by city authorities.

Basing their claim on the fact that their present wages were insufficient to support a family at the present cost, the police department two weeks ago sent in to the council a communication asking for a raise, but the matter was laid over until the entire city payroll had been gone over and recommendations for raises could be made in many other cases. The motion of Alderman Benson seconded by Alderman Brumund was drawn up in resolution form and presented to the city dads on Tuesday evening. It was passed unani-

(Continued on page 12.)

MONTANA HORSES FOR BIG HAY JOB

19 HEAD OF HORSES BROUGHT TO THIEF RIVER FALLS MONDAY.

Work of cutting 5,000 tons of wild hay on the Red Lake Indian reservation will be begun at once, said Martin Johnson Tuesday, on his return from Glasgow, Montana, where he purchased 19 head of horses with which to begin the job. Schwartz & Johnson will handle the entire job from cutting the hay to baling it and placing it on cars at Goodridge.

Right to cut the crop on the reservation has been bought by a Montana representative from the government, paying one dollar per ton for stumpage rights.

The contractors will put up baling machines on the ground and the hay will be hauled to Goodridge, the nearest point at which a railroad can be reached. It is likely that tractors will be employed in hauling the hay to Goodridge as this will be the most profitable way of handling the matter. The distance is 20 miles and at least five loads of two tons each can be hitched to a tractor and make the trip in good time.

All the men available will be hired to finish the job and many horses will also be needed besides the 19 animals Mr. Johnson purchased in Montana. Farm horses of the neighborhood will be secured as far as possible.

Mr. Johnson paid the sum of $110 per head for the horses and has also purchased a farm eleven miles west of the city from the John Bratrud land company.

GET STALLS MIXED; KILL WRONG PORKER

MISTAKE OCCURRED AT FAIR GROUNDS PEN LAST SATURDAY MORINING.

Through a mistake in the number of a hog pen at the fair grounds, a prize Berkshire hog lost its life Saturday morning.

Herbert Fuller had a hog on exhibition at the fair and made arrangements with Si Simonson to purchase the animal after the three-day exposition. On Saturday morning two men were sent to the grounds to butcher the animal and were given instructions to proceed to pen number 2, and turn to the left. The men followed out their instructions and claim the pen was marked properly. After the killing it came to light they had butchered another exhibitor's porker and a prize Berkshire hog at that, weighing 323 pounds dressed.

The hog was removed to the Simonson meat market and when the exhibitor came for his Berkshire, it was suspected that it had been stolen. The matter was soon cleared up as to the hog's whereabouts and the Fair association has taken up the matter of replacing the prized animal.

Attend the meeting at Commercial club rooms Tuesday evening.

22 AUTO LOADS FROM BAUDETTE VISIT FAIR HERE

ONE HUNDRED SPEND FRIDAY AFTERNOON AND SATURDAY HERE.

PUT IN VERY BUSY TIME

BANQUET, THEATRE PARTIES AND STAG AFFAIR KEEP VISITORS ON JUMP.

The largest delegation that ever visited the Pennington county fair from any one outside town, arrived last Friday shortly after noon. There were an even hundred boosters from Baudette and they made the trip in 22 automobiles.

Just before the afternoon performances in front of the grand stand started the delegation was escorted into the grounds. Automobiles were parked and the passengers disposed themselves as suited their inclination. The stock barns proved a particularly attractive section of the display, but no other feature was neglected.

The visitors, although they arrived rather late and some of the exhibits had been removed, were unsparing in their praise for the manner in which the affair was conducted as well as for the many superior articles on display, these ranging from prize stallions and bulls to fancy work and the productions of children. They were astonished at the thoroughness with which the entire affair had been laid out and had no hesitancy in saying so.

Spent Quiet Evening.

After the rounds of the fair had been made the party broke up and a considerable number took the opportunity to visit friends. No formal program had been arranged for their entertainment on this evening, it being figured that they would be tired after their long ride and would much prefer to be left in peace.

Saturday Evening's Program.

Saturday the Baudette folks paid visits to such points of interest about the city as suited their fancy. The stores were inspected, the ladies particularly finding many things to attract their fancy.

A banquet given in honor of the visitors by the citizens of Thief River Falls was announced for 6:30 o'clock and the large dining room of the Hotel Brumund was crowded to capacity. During the banquet the Thief River Falls orchestra played a number of selections in the lobby and Mrs. Irma Mallory Fisher sang two or three appropriate solos in a particularly pleasing manner.

But Little Speechmaking.

Mayor G. A. Penney acted as toastmaster and performed the duty in a manner that pleased the visitors and made the home folks proud. One or two others were called on, but all cut their remarks short.

After the banquet the ladies were taken in charge by a committee headed by Mrs. L. H. Lawrence and escorted to the theatre where they spent an enjoyable hour.

Then the Stag Party.

The men folks wanted to fraternize and preparations had been made for their so doing. All repaired to the Elks' lodge room where good fellowship reigned throughout the evening. C. L. Hansen started in as chairman of the general assembly, but turned the gavel over to Billy Noonan of Baudette, the latter officiating with dignity and aplomb, although at times the gathering showed a slight tendency to get away from strict parliamentary rules. Stories were told, speeches made, songs attempted and there was a good time generally. Exalted Ruler R. L. Johnston of the Elks, broached the subject of membership in that organization to the gathering and was assured that there would be a perfect shower of applications.

The orchestra had been brought along, of course, and maintained its reputation throughout the proceedings.

The bunch was tired but pleased and happy when the party broke up, the neighbors parting with the best of feeling and promises to visit each other again whenever opportunity presented.

Those Who Came.

The Times is indebted to W. F. Zauche for the names of those present on the trip. Here they are as near as could be gathered, and in the order in which the cars traveled: C. R. Middleton, E. C. Middleton and Redge Middleton, with their families; Mr. and Mrs. Fred Harmon, C. H. Browrigg and Miss Helen Stuart; W. T. Noonan, Mrs. T. J. Williams, Mrs. B. F. Osborne and Mrs. J. L. Williams; Mr. and Mrs. F. E. Johnson, Mrs. J. A. Kennedy and Miss Helen Kennedy; M. E. Murray, Mr. and Mrs. Ed. Bockers and Miss French; William Rulien, Miss Theresa Maus, Mr. and Mrs. E. T. Johnson and Mr. Sims; Mr. and Mrs. W. F. Zauche, Mr. and Mrs. Oden, Mrs. Dolly Morris; Mr. and Mrs. Bert Cummings, Miss Munn and Mrs. LaPointe; T. J. Clausen, Mrs. Stockinger, Mrs. Ferguson, L. H. Bachand, Miss Larson; Mr. and Mrs. Wubbens; Councilman A. C. Moore, Mr. and Mrs. Barney Choquette, Mr. Choquette, Mrs. W. L. Hicks; Sam Darling, Miss Iona Darling, Mr. and Mrs. C. P. Daley; Mr. and Mrs. Jake Williamson, Miss Leona Fuller; Mr. and Mrs. Don Burrows, Mr. Burrows, Mrs. Burrows; Mr. and Mrs. W. A. Smith.

TIMES OFFICE MOVED.

The office and practically all the equipment of the Thief River Falls Times has been moved from the Meehan block on Second street to the Union block on Third street. The new quarters are those occupied by the P. W. Sharp Printing & Manufacturing company until that concern went out of business and are well adapted to the housing of a modern printing and publishing office as well as a manufacturing plant.

The new location will provide added floor space for The Times and place the plant in better shape to meet the growing demands upon its facilities.

The Union block is centrally located and the latch-string is on the outside now as always. *The publishers will be glad to* see all their old friends in the new location, no matter if they only drop in for a visit.

NEED MORE MONEY TO REALIZE QUOTA

CITY OF THIEF RIVER FALLS MAKES EXCELLENT SHOWING IN DRIVE.

The Salvation Army drive for a fund of $4,000 in Pennington county came to a close on Monday, August 11, with the county falling short of its quota.

According to figures given out this morning by L. H. Lawrence, chairman of the local drive, $1500 has been turned in by the Community Girls, $400 of this being secured through a tag day on the second day of the Pennington county fair, while the rest was gotten through subscription in the city.

A sum in the neighborhood of $52 was secured in the drive at St. Hilaire and $9 was donated by farmers in River Falls township.

The Salvation Army Home Service campaign was begun on August 3, sponsored by the Elks' lodge and the Girls Community club also threw its weight into the balance and has accomplished good results. There are still several workers in different parts of the county to report and the sum will be swelled considerably by the end of the week.

"There will be no more personal calls for subscriptions," said Chairman Lawrence this morning, "and those whom the solicitors didn't see or those who haven't made a donation can do so by leaving it with Miss Nelson at the First National bank or Miss Hamre at the Farmers and Merchants State bank, and it will be highly appreciated, seeing that the county has not as yet completed its quota."

STRIKE STILL ON; TRAINS INSPECTED

LOCAL SHOPMEN LAID DOWN TOOLS WEEK AGO THIS AFTERNOON.

The shop and carmen's strike still continues throughout the United States.

The ninety-one workers, members of the shop and carmen's union at the Soo yards, laid down their tools a week ago this afternoon at three o'clock, and there has been no change in the situation up to today.

Higher wages to meet the increased cost of living, but in preference to this, a reduction of the high cost of living are the demands of the union. The men especially prefer the latter as a raise in wages would bring no relief, for prices would then raise and the same situation would again be confronted.

All the passenger trains have continued to run and there are but from three to four engines in condition to make freight hauls. The remaining engines are tied up for repairs.

The local union have come to an agreement whereby they will operate the wrecker in case it is needed to clear the track and only perishable matter will be handled. They also have been inspecting the trains before leaving the city and a man was allowed to go to work Wednesday to attend to icing and keeping a water supply in passenger cars.

The strike vote was taken last Thursday and machinists, helpers, blacksmiths, car repairers, boilermakers and rip track men dropped their tools at 3 o'clock and walked out. Their action came as no surprise and the strike here makes the tie-up general throughout the state.

Hold Meeting.

At a meeting of the local car and shopmen's union held yesterday it is stated that the men expect to return to work after Saturday morning or Monday. The local union went out at the same time the Shoreham shopmen walked out and it is given out that all the local workers will be back by Monday at the latest. It is reported that the Shoreham men will return on that date also.

AUTO RACE EXCEEDS SPEED LIMIT; ALL ARE HUSTLING

MERRY SCRAMBLE TO GATHER POINTS DURING OUR LARGEST AND BEST OFFER EXTENDING THROUGHOUT COUNTY AND ADJOINING TERRITORY. CLUB MEMBERS HAVE FULL WEEK LEFT TO AMASS THOUSANDS OF EXTRA POINTS. THE POINT OFFER NOW IN FORCE WILL NEVER BE DUPLICATED.

Scripps-Booth and Ford Automobiles Luring Points by the Thousands for Club Members

HUNDREDS OF NEW SUBSCRIBERS ARE BEING ADDED TO THE TIMES' ALREADY LARGE LIST. WORKERS ARE USING PLENTY OF "SAFETY FIRST" AS IT IS MUCH BETTER TO BE SAFE THAN SORRY. ONLY TWENTY-SIX ACTUAL WORKING DAYS REMAIN TO WIN. MAKE YOUR LARGEST REPORTS NEXT WEDNESDAY.

One of our late millionaires frequently used the expression "Speed Life." Granting the truth of the above slogan, the Times' Scripps-Booth-Ford automobile and prize campaign is certainly enjoying a touch of real life these days. The way the public in general and the club members in particular are stirred up over this unusual opportunity makes it look as though the campaign will upset all previous calculations and establish a mark all its own.

From early morn until the shades of evening fall—as the story books say—club members are absorbed in making one grand rush to gather the points to boost themselves up in the point column, and, incidentally, get a little closer to that handsome Scripps-Booth automobile.

One of the workers tells it this way: "Every day I start out as tho' it were my first day on a new job and I simply had to make good.

Special Offer Appeals.

A lot of club members promise they will make good on the special offer now in effect and lasting the rest of this week and up to Wednesday of next week. Some members say the best way is to make a list of all acquaintances and then get in touch with them by telephone inquiring if they already take The Times. Those who do are glad in most cases to make a payment on their subscription thus extending their time for one year or more. And those who are not already subscribers are good prospects for a new subscription, which entitles the worker to just double the points as the old ones.

Every $30 worth of new and old subscriptions turned in or mailed before 6 p. m., August 20, will entitle a club member to 150,000 extra points in addition to all regular points.

The realization of literally reveling in points during our largest and best point offer is creating wonderful activity among club members. Ever since the big bargain offer was announced there has been a rush to commence building $30 new and old subscription clubs.

Results Noted.

One direct result of the offer was that it brought forth a number of club members who could resist no further the unexampled opportunity of sharing in the distribution of more than $2,000 in prizes and commissions.

And what a magnificent opportunity it is!

The chance to win one of the eight beautiful prizes in itself was alluring, but now that the way is open to amass thousands of points in furtherance of that object, the prospects are doubly bright.

"Honest I couldn't hold back any longer" says one member. "For some inexplicable reason I held back at first, but now that I can get so many points I'll be sure to get right up to the top."

An important feature of the special offer now in effect is that it is the largest offer that will be made. Club members who expect "something bigger" will be forthcoming later, are going to be disappointed.

Never to Be Duplicated.

This liberal offer will never be duplicated; none in the future will even be as liberal. So it behooves all ambitious club members, who have their heart set on one of the eight prizes to be given away, to do their very best from now until Wednesday, August 20—the closing date of the extra point offer.

Taking it all in all, the prizes are a highly desirable lot—worthy many, many times the effort that will be required to win one. All are up to the umpty-umpth degree of refinement and hardly a day goes by but what the relization of this tremendous opportunity dawns on some member and they can't resist working harder.

It seems as tho' everybody is taking an active interest in the members participating in the race. And there is hardly a locality within the radius where The Times circulates, where someone isn't interested, directly or indirectly, in the fortunes of some worker. It's a race that all Pennington and surrounding counties is watching with the keenest enthusiasm.

Nothing approaches the automobile as a purveyor of real, downright pleasure. Every day is a day of joy. Whenever you feel the need of fresh air, jump into your car, push the self-starter—and "zip"—you're off!

That's the delightful prospect of the one who wins the Scripps-Booth in The Times' campaign.

AIR TRIPS ENJOYED BY LOCAL PEOPLE

LIEUT. BACON DOES RUSHING BUSINESS ON SATURDAY AND SUNDAY.

"The old town sure looked pretty good from up there," said Ole Peterson and laughed heartily from the thrill he received, after he had landed safely again on old Mother Earth, Monday afternoon on completing a flight with Lieut. Bacon, formerly of the Royal Flying corps.

"I never expected to see the day when I would go over Thief River Falls through the air," said Mr. Peterson, who is one of the old time residents of the city, coming here in the early days as a hunter and trapper.

After Lieut. Bacon had completed his flying engagement with the fair association, he announced on Friday that he would remain in the city until Monday and that he would take up passengers until that time, at $15 a trip. A number were at the fair grounds field on Sunday and the aeroplane was kept busy soaring around the city all afternoon, each flight taking fifteen minutes or less. He also made many passenger carrying flights Monday afternoon, and the ever present whirring of the propeller reminded Thief River Falls' returned soldiers of the war days, only it lacked the bursting of shells in mid-air.

The plane was always at a height at from 700 to 800 feet and Lieut. Bacon gave his passengers thrills by an occasional dip. On Saturday he encountered a slight accident when the propeller hit a rock and one of the wires snapped. This was quickly repaired and the aviator was off.

Among those who flirted with the clouds with Lieut. Bacon were: Mr. and Mrs. L. H. Lawrence, Mr. and Mrs. F. F. Haynes, Mr. and Mrs. R. M. Sheldon, "Chuck" Prichard, Ole Peterson, Clyde Nason and W. F. Zache of Baudette.

The aviator left Tuesday afternoon at 1:30 for Grand Forks.

Charest Property Sold.

The fine residence property on the East Side belonging to Dr. J. C. R. Charest, was this week sold to John Bratrud. The consideration is understood to have been $5,500.

Dr. Charest, since leaving this city, has been practicing at Argyle. He recently placed a patent preparation on the market and is reported to have done very well with it. He will shortly close up his affairs in this section and move with his family to Detroit, Mich.

Arm Broken Again.

Elias Rolland, proprietor of the City Meat market, met with misfortune for the second time in the same way last Friday morning when he broke his arm. He was in the act of cranking his car. The force of the kick was so great that it threw Mr. Rolland onto the sidewalk and caused a very severe break in his right arm. It is not very long ago that Mr. Rolland had recovered from a similar break.

Eastman Farm Sold.

G. W. Eastman yesterday disposed of his farm in Sanders township to a man named McClure, recently of Iowa. Mr. McClure had previously acquired an adjoining quarter and will at once begin farming on a large scale. He is a stockman and will pay particular attention to high grade cattle.

10,000 PEOPLE VISIT COUNTY'S ANNUAL SHOW

1919 EXPOSITION BREAKS ALL RECORDS FOR ATTENDANCE AND RECEIPTS.

EVERY DETAIL IMPROVED

MUCH INTEREST SHOWN IN DAIRY AND SHEEP JUDGING CONTESTS.

Success crowned the eighteenth annual exhibition of the Pennington county agricultural society, which came to a close last Friday.

Favored with three days of ideal weather, the 1919 exposition eclipsed all other years for attendance, exhibits and fine attractions, while the gate and grandstand receipts more than doubled those of former years.

The total estimated attendance for the three days and four nights is placed at 10,000 people. The receipts for gate and grandstand for the past three years are as follows:

1917, $1876.
1918, $1387.46.
1919, $3608.95.

Not a Mishap.

There was not one single mishap during the three days show to mar it in any manner and everything went off as per schedule. Secretary Smith was on the job early and stayed late and is deserving of considerable credit for the manner in which things were arranged and executed.

Great Exhibition.

Outside of the men who have returned from service in France, the aeroplane proved to be one of the biggest attractions in the amusement line, and Lieut. Bacon, formerly of the Royal flying corps, entertained the large crowds with flights twice daily on the last two days. Lieut. Bacon demonstrated very clearly his skill in handling a plane and his "loop-the-loops" thrilled the many interested spectators as did his nose dives. On Friday the grandstand roof was cleared and during his exhibition, ran the wheels over part of the roof. Time and again he would swoop down towards the crowd and then quickly rise over the grandstand. The fair board was especially fortunate in securing this returned aviator and were well repaid for their efforts.

Exhibits Were Good.

Exhibits in all departments went beyond all expectations and in every

(Continued on page 12.)

SCAFFOLD BREAKS; MEN FALL 30 FEET

WERE ENGAGED IN SHINGLING ROOF ON SILO NEAR HAZEL.

The breaking of the scaffold on which they were standing, caused Clarence Roese and William Gilbertson, carpenters, to take a fall of 30 feet, Tuesday afternoon, at a farm one mile south of Hazel.

Both of the young men were employed in building a silo and were shingling the roof when the board snapped. The two men went down, Gilbertson suffering two cracked ribs as the result of the fall. Roese escaped in a miraculous manner. The young man lit on his head and the force of the fall drove his head into the soft ground below to a point even with his eyes. His escape from injury is considered a wonder and he is rapidly recovering from the shock and a stiff neck.

AUTOS FIGURE IN THREE ACCIDENTS

TWO CARS COLLIDE ON ROAD WHILE SORENSON LAD BREAKS LEG.

Automobiles figured in three accidents during the fair, none of which were of a very serious nature.

On Friday a collision occurred at the corner of Main avenue and Third street, when Gordon LaBree driving a Hupmobile drove into the Calloway car. The front end of the Calloway car was stoved in badly and the LaBree car was damaged slightly. The driver was badly shaken up as the cars came together.

The second accident happened on Thursday afternoon on the road to the fair grounds when A. C. Lockrem, a "jitney" driver, ran into Ben Ranum of Rosewood. Lockrem appeared in Municipal court and was assessed $28.75 damages for the repair of Mr. Ranum's car. The case was held open.

Arlan Sorenson, age 11, is at the home of his parents, Mr. and Mrs. John Sorenson with his right leg broken in two places as the result of an accident on Thursday afternoon. It apears that he together with several other boys were chasing paper balloons behind the grand stand and in their chase failed to observe the George Curran car, which was then running in low gear. The car was in a rut traveling very slow and no marks were evidenced on the boy's clothes of the wheels having passed over him but it is thought that his foot became caught in the wheel in some manner as he ran into the machine.

MEETING AND SMOKER.

There will be a meeting of members and other interested citizens at the Commercial club rooms next Tuesday evening at 8 o'clock. A smoker and social session has been arranged, the particular subject of discussion being the construction of a road from the county line to the Red Lakes.

The matter has already been taken up with the authorities at the agency and the people here are assured of every possible assistance from that quarter. The matter is one of much importance and there should be a large gathering of citizens present for the purpose of boosting the project.

SPECIAL SESSION TO CONVENE ON SEPT. 8

DRAINAGE IN NORTH ONE OF SUBJECTS TO BE CONSIDERED.

Gov. Burnquist has called the Minnesota legislature in special session on Sept. 8 for the purpose of considering a number of pressing measures, among which is an amendment to the drainage laws to afford some measure of relief to the people in the northwestern part of the state who are sufferers by reason of the recent floods.

The session will last about eight days, according to the governor, providing committees arrange at once for hearings on legislation to be considered and draft bills ready for action when both houses convene. Unless this is done the session may last a month.

Committees will begin at once to hold hearings on legislation to be considered, and are expected to be ready to make recommendations when the session opens.

The call urges a session as brief as possible and suggests consideration of the following subjects:

Ratification of the proposed woman suffrage amendment to the United States Constitution.

Additional legislation for the benefit of returning soldiers of the world war.

Forest fire protection and also amendments to drainage laws for the benefit of Northern Minnesota settlers.

Amendments to election laws and establishment of a better state budget system.

Provision of ways and means of eliminating unreasonable and unfair profits and enactment of such other laws as will enable the state and federal government to co-operate toward reducing the high cost of living.

SEWERS UNABLE TO CARRY OFF WATER

RAIN DOES MUCH DAMAGE IN CITY—CROPS ARE INJURED.

A rain storm of short duration but of rather unusual volume visited the section in the immediate neighborhood of Thief River Falls on Monday evening, and considerable damage is reported. The area covered was not large, Erskine being the southern boundary and Newfolden the northern. According to Weather Observer L. M. Rayson, the precipitation was 1.65 inches and the duration of the downpour about two hours.

Nearly every basement in the downtown section of Thief River Falls was flooded. The sewers proved inadequate to take care of the water and the damage will run into many hundreds of dollars. South Third street was the hardest hit, water a foot deep being reported in a number of basements. The Times Printing & Manufacturing company sustained a considerable loss by reason of having its basement flooded, the damage being principally to paper stock and coin boxes finished and in the process of manufacture. The effect of the clogged sewers was felt as far west as Main avenue, the basements of the Loken store as well as the Scandia block receiving their share. The storm proved that the downtown drainage facilities are not adequate to care for the water under such circumstances.

Harvesting Delayed.

The farmers in many nearby sections had not been able to begin their harvest work because of wet fields and hoped that things would dry up in a day or two so that they could begin operations. The rain of Monday evening will throw this work back still more and there is danger of a considerable loss by reason of grain getting too ripe and shelling in the handling.

WAGE INCREASE IS GRANTED ALL CITY EMPLOYES

MATTER DISPOSED OF QUICKLY AND MADE EFFECTIVE AUGUST 1.

HEALTH OFFICER REPORTS

MOTION MADE THAT PAVING ENGINEER MAKE STREETS UNIFORM WIDTH.

Old high cost of living figured prominently in the regular meeting of the city council on Tuesday evening, when a wage increase resolution raising the wages of practically all the city employees was passed unanimously, and the matter of whether or not the raising of hogs within the city limits, as done last summer as a war food measure, should be continued to fight the H. C. of L., was discussed. The latter matter was settled in the conclusion that if the owners of hogs would see that the pens were kept in good condition they would not be molested by city authorities.

Basing their claim on the fact that their present wages were insufficient to support a family at the present cost, the police department two weeks ago sent in to the council a communication asking for a raise, but the matter was laid over until the entire city payroll had been gone over and recommendations for raises could be made in many other cases. The motion of Alderman Benson seconded by Alderman Brumund was drawn up in resolution form and presented to the city dads on Tuesday evening. It was passed unani-

(Continued on page 12.)

MONTANA HORSES FOR BIG HAY JOB

19 HEAD OF HORSES BROUGHT TO THIEF RIVER FALLS MONDAY.

Work of cutting 5,000 tons of wild hay on the Red Lake Indian reservation will be begun at once, said Martin Johnson Tuesday, on his return from Glasgow, Montana, where he purchased 19 head of horses with which to begin the job. Schwartz & Johnson will handle the entire job from cutting the hay to baling it and placing it on cars at Goodridge.

Right to cut the crop on the reservation has been bought by a Montana representative from the government, paying one dollar per ton for stumpage rights.

The contractors will put up baling machines on the ground and the hay will be hauled to Goodridge, the nearest point at which a railroad can be reached. It is likely that tractors will be employed in hauling the hay to Goodridge as this will be the most profitable way of handling the matter. The distance is 20 miles and at least five loads of two tons each can be hitched to a tractor and make the trip in good time.

All the men available will be hired to finish the job and many horses will also be needed besides the 19 animals Mr. Johnson purchased in Montana. Farm horses of the neighborhood will be secured as far as possible.

Mr. Johnson paid the sum of $110 per head for the horses and has also purchased a farm eleven miles west of the city from the John Bratrud land company.

GET STALLS MIXED; KILL WRONG PORKER

MISTAKE OCCURRED AT FAIR GROUNDS PEN LAST SATURDAY MORINING.

Through a mistake in the number of a hog pen at the fair grounds, a prize Berkshire hog lost its life Saturday morning.

Herbert Fuller had a hog on exhibition at the fair and made arrangements with Si Simonson to purchase the animal after the three-day exposition. On Saturday morning two men were sent to the grounds to butcher the animal and were given instructions to proceed to pen number 2, and turn to the left. The men followed out their instructions and claim the pen was marked properly. After the killing it came to light they had butchered another exhibitor's porker and a prize Berkshire hog at that, weighing 323 pounds dressed.

The hog was removed to the Simonson meat market and when the exhibitor came for his Berkshire, it was suspected that it had been stolen. The matter was soon cleared up as to the hog's whereabouts and the Fair association has taken up the matter of replacing the prized animal.

Attend the meeting at Commercial club rooms Tuesday evening.

22 AUTO LOADS FROM BAUDETTE VISIT FAIR HERE

ONE HUNDRED SPEND FRIDAY AFTERNOON AND SATURDAY HERE.

PUT IN VERY BUSY TIME

BANQUET, THEATRE PARTIES AND STAG AFFAIR KEEP VISITORS ON JUMP.

The largest delegation that ever visited the Pennington county fair from any one outside town, arrived last Friday shortly after noon. There were an even hundred boosters from Baudette and they made the trip in 22 automobiles.

Just before the afternoon performances in front of the grand stand started the delegation was escorted into the grounds. Automobiles were parked and the passengers disposed themselves as suited their inclination. The stock barns proved a particularly attractive section of the display, but no other feature was neglected.

The visitors, although they arrived rather late and some of the exhibits had been removed, were unsparing in their praise for the manner in which the affair was conducted as well as for the many superior articles on display, these ranging from prize stallions and bulls to fancy work and the productions of children. They were astonished at the thoroughness with which the entire affair had been laid out and had no hesitancy in saying so.

Spent Quiet Evening.

After the rounds of the fair had been made the party broke up and a considerable number took the opportunity to visit friends. No formal program had been arranged for their entertainment on this evening, it being figured that they would be tired after their long ride and would much prefer to be left in peace.

Saturday Evening's Program.

Saturday the Baudette folks paid visits to such points of interest about the city as suited their fancy. The stores were inspected, the ladies particularly finding many things to attract their fancy.

A banquet given in honor of the visitors by the citizens of Thief River Falls was announced for 6:30 o'clock and the large dining room of the Hotel Brumund was crowded to capacity. During the banquet the Thief River Falls orchestra played a number of selections in the lobby and Mrs. Irma Mallory Fisher sang two or three appropriate solos in a particularly pleasing manner.

But Little Speechmaking.

Mayor G. A. Penney acted as toastmaster and performed the duty in a manner that pleased the visitors and made the home folks proud. One or two others were called on, but all cut their remarks short.

After the banquet the ladies were taken in charge by a committee headed by Mrs. L. H. Lawrence and escorted to the theatre where they spent an enjoyable hour.

Then the Stag Party.

The men folks wanted to fraternize and preparations had been made for their so doing. All repaired to the Elks' lodge room where good fellowship reigned throughout the evening. C. L. Hansen started in as chairman of the general assembly, but turned the gavel over to Billy Noonan of Baudette, the latter officiating with dignity and aplomb, although at times the gathering showed a slight tendency to get away from strict parliamentary rules. Stories were told, speeches made, songs attempted and there was a good time generally. Exalted Ruler R. L. Johnston of the Elks, broached the subject of membership in that organization to the gathering and was assured that there would be a perfect shower of applications.

The orchestra had been brought along, of course, and maintained its reputation throughout the proceedings.

The bunch was tired but pleased and happy when the party broke up, the neighbors parting with the best of feeling and promises to visit each other again whenever opportunity presented.

Those Who Came.

The Times is indebted to W. F. Zauche for the names of those present on the trip. Here they are as near as could be gathered, and in the order in which the cars traveled: C. R. Middleton, E. C. Middleton and Redge Middleton, with their families; Mr. and Mrs. Fred Harman, C. H. Browrigg and Miss Helen Stuart; W. T. Noonan, Mrs. T. J. Williams, Mrs. B. F. Osborne and Mrs. J. L. Williams; Mr. and Mrs. F. E. Johnson, Mrs. J. A. Kennedy and Miss Helen Kennedy; M. E. Murray, Mr. and Mrs. Ed. Bockers and Miss French; William Rulien, Miss Theresa Maus, Mr. and Mrs. E. T. Johnson and Mr. Sims; Mr. and Mrs. W. F. Zauche, Mr. and Mrs. Oden, Mrs. Dolly Morris; Mr. and Mrs. Bert Cummings, Miss Munn and Mrs. LaPointe; T. J. Clausen, Mrs. Stockinger, Mrs. Ferguson, L. H. Bachand, Miss Larson; Mr. and Mrs. Wubbens; Councilman A. C. Moore, Mr. and Mrs. Barney Choquette, Mr. Choquette, Mrs. W. L. Hicks; Sam Darling, Miss Iona Darling, Mr. and Mrs. C. P. Daley; Mr. and Mrs. Jake Williamson, Miss Leona Fuller; Mr. and Mrs. Don Burrows, Mr. Burrows, Mrs. Burrows; Mr. and Mrs. W. A. Smith.

TIMES OFFICE MOVED.

The office and practically all the equipment of the Thief River Falls Times has been moved from the Meehan block on Second street to the Union block on Third street. The new quarters are those occupied by the P. W. Sharp Printing & Manufacturing company until that concern went out of business and are well adapted to the housing of a modern printing and publishing office as well as a manufacturing plant.

The new location will provide added floor space for The Times and place the plant in better shape to meet the growing demands upon its facilities.

The Union block is centrally located and the latch-string is on the outside now as always. The publishers will be glad to see all their old friends in the new location, no matter if they only drop in for a visit.

NEED MORE MONEY TO REALIZE QUOTA

CITY OF THIEF RIVER FALLS MAKES EXCELLENT SHOWING IN DRIVE.

The Salvation Army drive for a fund of $4,000 in Pennington county came to a close on Monday, August 11, with the county falling short of its quota.

According to figures given out this morning by L. H. Lawrence, chairman of the local drive, $1500 has been turned in by the Community Girls, $400 of this being secured through a tag day on the second day of the Pennington county fair, while the rest was gotten through subscription in the city.

A sum in the neighborhood of $52 was secured in the drive at St. Hilaire and $9 was donated by farmers in River Falls township.

The Salvation Army Home Service campaign was begun on August 3, sponsored by the Elks' lodge and the Girls Community club also threw its weight into the balance and has accomplished good results. There are still several workers in different parts of the county to report and the sum will be swelled considerably by the end of the week.

"There will be no more personal calls for subscriptions," said Chairman Lawrence this morning, "and those whom the solicitors didn't see or those who haven't made a donation can do so by leaving it with Miss Nelson at the First National bank or Miss Hamre at the Farmers and Merchants State bank, and it will be highly appreciated, seeing that the county has not as yet completed its quota."

STRIKE STILL ON; TRAINS INSPECTED

LOCAL SHOPMEN LAID DOWN TOOLS WEEK AGO THIS AFTERNOON.

The shop and carmen's strike still continues throughout the United States.

The ninety-one workers, members of the shop and carmen's union at the Soo yards, laid down their tools a week ago this afternoon at three o'clock, and there has been no change in the situation up to today.

Higher wages to meet the increased cost of living, but in preference to this, a reduction of the high cost of living, are the demands of the union. The men especially prefer the latter as a raise in wages would bring no relief, for prices would then raise and the same situation would again be confronted.

All the passenger trains have continued to run and there are but from three to four engines in condition to make freight hauls. The remaining engines are tied up for repairs.

The local union have come to an agreement whereby they will operate the wrecker in case it is needed to clear the track and only perishable matter will be handled. They also have been inspecting the trains before leaving the city and a man was allowed to go to work Wednesday to attend to icing and keeping a water supply in passenger cars.

The strike vote was taken last Thursday and machinists, helpers, blacksmiths, car repairers, boilermakers and rip track men dropped their tools at 3 o'clock and walked out. Their action came as no surprise and the strike here makes the tie-up general throughout the state.

Hold Meeting.

At a meeting of the local car and shopmen's union held yesterday it is stated that the men expect to return to work after Saturday morning or Monday. The local union went out at the same time the Shoreham shopmen walked out and it is given out that all the local workers will be back by Monday at the latest. It is reported that the Shoreham men will return on that date also.

AUTO RACE EXCEEDS SPEED LIMIT; ALL ARE HUSTLING

MERRY SCRAMBLE TO GATHER POINTS DURING OUR LARGEST AND BEST OFFER EXTENDING THROUGHOUT COUNTY AND ADJOINING TERRITORY. CLUB MEMBERS HAVE FULL WEEK LEFT TO AMASS THOUSANDS OF EXTRA POINTS. THE POINT OFFER NOW IN FORCE WILL NEVER BE DUPLICATED.

Scripps-Booth and Ford Automobiles Luring Points by the Thousands for Club Members

HUNDREDS OF NEW SUBSCRIBERS ARE BEING ADDED TO THE TIMES' ALREADY LARGE LIST. WORKERS ARE USING PLENTY OF "SAFETY FIRST" AS IT IS MUCH BETTER TO BE SAFE THAN SORRY. ONLY TWENTY-SIX ACTUAL WORKING DAYS REMAIN TO WIN. MAKE YOUR LARGEST REPORTS NEXT WEDNESDAY.

One of our late millionaires frequently used the expression "Speed Life." Granting the truth of the above slogan, the Times' Scripps-Booth-Ford automobile and prize campaign is certainly enjoying a touch of real life these days. The way the public in general and the club members in particular are stirred up over this unusual opportunity makes it look as though the campaign will upset all previous calculations and establish a mark all its own.

From early morn until the shades of evening fall—as the story books say—club members are absorbed in making one grand rush to gather the points to boost themselves up in the point column, and, incidentally, get a little closer to that handsome Scripps-Booth automobile.

One of the workers tells it this way: "Every day I start out as tho' it were my first day on a new job and I simply had to make good.

Special Offer Appeals.

A lot of club members promise they will make good on the special offer now in effect and lasting the rest of this week and up to Wednesday of next week. Some members say the best way is to make a list of all acquaintances and then get in touch with them by telephone inquiring if they already take The Times. Those who do are glad in most cases to make a payment on their subscription thus extending their time for one year or more. And those who are not already subscribers are good prospects for a new subscription, which entitles the worker to just double the points as the old ones.

Every $30 worth of new and old subscriptions turned in or mailed before 6 p. m., August 20, will entitle a club member to 150,000 extra points in addition to all regular points.

The realization of literally reveling in points during our largest and best point offer is creating wonderful activity among club members. Ever since the big bargain offer was announced there has been a rush to commence building $30 new and old subscription clubs.

Results Noted.

One direct result of the offer was that it brought forth a number of club members who could resist no further the unexampled opportunity of sharing in the distribution of more than $2,000 in prizes and commissions.

And what a magnificent opportunity it is!

The chance to win one of the eight beautiful prizes in itself was alluring, but now that the way is open to amass thousands of points in furtherance of that object, the prospects are doubly bright.

"Honest I couldn't hold back any longer" says one member. "For some inexplicable reason I held back at first, but now that I can get so many points I'll be sure to get right up to the top."

An important feature of the special offer now in effect is that it is the largest offer that will be made. Club members who expect "something bigger" will be forthcoming later, are going to be disappointed.

Never to Be Duplicated.

This liberal offer will never be duplicated; none in the future will even be as liberal. So it behooves all ambitious club members, who have their heart set on one of the eight prizes to be given away, to do their very best from now until Wednesday, August 20—the closing date of the extra point offer.

Taking it all in all, the prizes are a highly desirable lot—worthy many, many times the effort that will be required to win one. All are up to the umpty-umpth degree of refinement and hardly a day goes by but what the realization of this tremendous opportunity dawns on some member and they can't resist working harder.

It seems as tho' everybody is taking an active interest in the members participating in the race. And there is hardly a locality within the radius where The Times circulates, where someone isn't interested, directly or indirectly, in the fortunes of some worker. It's a race that all Pennington and surrounding counties is watching with the keenest enthusiasm.

Nothing approaches the automobile as a purveyor of real, down-right pleasure. Every day is a day of joy. Whenever you feel the need of fresh air, jump into your car, push the self-starter—and "zip"—you're off!

That's the delightful prospect of the one who wins the Scripps-Booth in The Times' campaign.

AIR TRIPS ENJOYED BY LOCAL PEOPLE

LIEUT. BACON DOES RUSHING BUSINESS ON SATURDAY AND SUNDAY.

"The old town sure looked pretty good from up there," said Ole Peterson and laughed heartily from the thrill he received, after he had landed safely again on old Mother Earth, Monday afternoon on completing a flight with Lieut. Bacon, formerly of the Royal Flying corps.

"I never expected to see the day when I would go over Thief River Falls through the air," said Mr. Peterson, who is one of the old time residents of the city, coming here in the early days as a hunter and trapper.

After Lieut. Bacon had completed his flying engagement with the fair association, he announced on Friday that he would remain in the city until Monday and that he would take up passengers until that time, at $15 a trip. A number were at the fair grounds field on Sunday and the aeroplane was kept busy soaring around the city all afternoon, each flight taking fifteen minutes or less. He also made many passenger carrying flights Monday afternoon, and the ever present whirring of the propeller reminded Thief River Falls' returned soldiers of the war days, only it lacked the bursting of shells in mid-air.

The plane was always at a height at from 700 to [illegible]00 feet and Lieut. Bacon gave his passengers thrills by an occasional dip. On Saturday he encountered a slight accident when the propeller hit a rock and one of the wires snapped. This was quickly repaired and the aviator was off.

Among those who flirted with the clouds with Lieut. Bacon were: Mr. and Mrs. L. H. Lawrence, Mr. and Mrs. F. F. Haynes, Mr. and Mrs. R. M. Sheldon, "Chuck" Prichard, Ole Peterson, Clyde Nason and W. F. Zache of Baudette.

The aviator left Tuesday afternoon at 1:30 for Grand Forks.

Charest Property Sold.

The fine residence property on the East Side belonging to Dr. J. C. R. Charest, was this week sold to John Bratrud. The consideration is understood to have been $5,500.

Dr. Charest, since leaving this city, has been practicing at Argyle. He recently placed a patent preparation on the market and is reported to have done very well with it. He will shortly close up his affairs in this section and move with his family to Detroit, Mich.

Arm Broken Again.

Elias Rolland, proprietor of the City Meat market, met with misfortune for the second time in the same way last Friday morning when he broke his arm. He was in the act of cranking his car. The force of the kick was so great that it threw Mr. Rolland onto the sidewalk and caused a very severe break in his right arm. It is not very long ago that Mr. Rolland had recovered from a similar break.

Eastman Farm Sold.

G. W. Eastman yesterday disposed of his farm in Sanders township to a man named McClure, recently of Iowa. Mr. McClure had previously acquired an adjoining quarter and will at once begin farming on a large scale. He is a stockman and will pay particular attention to high grade cattle.

EARLY ACTION ON RIVER PLAN IS REQUESTED

STEENERSON CALLS ATTENTION OF WAR DEPARTMENT TO PROJECT'S IMPORTANCE

500,000 ACRES INVOLVED

WORK NECESSARY FOR RECLAMATION OF RICHEST PORTION OF U. S.

Congressman Halvor Steenerson evidently does not intend that there shall be any excuse for overlooking the importance of improving the Red Lake river and the consequent reclamation of a half million acres of the finest agricultural lands now remaining undeveloped in the United States. *The report of the engineers* of the War Department shows the feasibility of the program and apportions the cost equitably among the interests benefitted, but there the matter rests. In order that the project be not allowed to lag Mr. Steenerson, under date of Aug. 6, addressed the following communication to Franklin K. Lane secretary of the interior:

Half is in Reservation.

"Dear Mr. Secretary:—I enclose herewith a copy of House Document No. 61, 66th Congress, 1st Session, relative to the improvement of Red Lake and Red Lake river in Minnesota, with the view to not only improving the same for navigation, but the reclamation by drainage of nearly 500,000 acres of valuable land, 236,800 acres in the Red Lake Indian Reservation, and 248,000 outside. The estimated cost to be apportioned against the land to be drained is only $1 an acre. Substantially all the land within the Red Lake Reservation, which would be benefitted by the improvement, are today wild and unimproved lands.

Other Interests Contribute.

"Before this project can be undertaken, the money must either be raised or secured. I understand public-spirited individuals in that vicinity are about to undertake the task of getting the waterpower companies and municipalities to contribute their share, and to have drainage districts organized, embracing the lands outside the reservation, in order that estimates may be made and the money secured to pay the shares apportioned. Of course, in order to enable the reservation lands to contribute their share, congressional action is necessary, but this again would depend upon the views of the Interior Department. I, therefore, have the honor to urge upon your office to take this matter under consideration, and to give it most careful attention, with the view to submitting to Congress a recommendation on the subject.

Rich Lands Involved.

"In these times, when the subject of reclamation of unused lands is uppermost in the public mind, I hope the department will not overlook this opportunity to co-operate in the reclamation of about 500,000 acres of the richest land in the United States. The War Department engineers no doubt have apportioned the cost in accordance with the benefits justly and fairly. I have already spoken to the Bureau of Indian Affairs officials, but they have so far given no indication of a disposition to take action. Presumably the reason for this is that the initiative should come from the Office of the Secretary of the Interior. May I not, therefore, ask that this matter be given early attention."

Butter Prices May Remain.

The outlook for low-priced butter this year is not promising, says A. J. McGuire of the agricultural extension division, University of Minnesota. The average price of New York extras in April was 61.83 cents; in May, 58.31 cents; in June, about six cents less than in May. In July, however, prices advanced. This, Mr. McGuire believes, points to sustained prices for the rest of the year. "But butter is a food necessary to maintain health," adds Mr. McGuire, "and therefore, is a cheap food even at the prices that are likely to prevail."

Formal Opening.

The formal opening of the shoe department of Loken Brothers' store will take place next Saturday. The department has been open for business for about a month, but new goods have been arriving all the time and it was thought best to wait with the usual inauguration event until practically everything was in place. The stock is now complete and a general invitation is extended to the public to come and inspect it.

Loken Bros. started with the intention of fixing a maximum price of $10 per pair on the ladies shoes handled, but find that this is impossible. In numerous instances the shoes are costing more than this wholesale. They have decided, however, to stick by their original intention until Sept. 1, after which time there must be an advance, and it will not be the last, it is feared. This now price will add interest to the opening day and it is expected that many ladies will take advantage of the opportunity to secure the latest footwear for fall at a price lower than will be possible at a later date.

Mr. A. E. Olson, a shoe man who has been connected with some of the largest establishments in the Northwest, will have charge of the department. He is a graduate fitter and has spent many years in the shoe business. He guarantees that every pair of shoes recommended by him will give satisfaction both as to fit and wear.

COUNTY SUNDAY SCHOOLS CONVENE

MEETING WILL BE HELD IN METHODIST CHURCH NEXT THURSDAY.

A county Sunday school convention will be held in the Methodist church in Thief River Falls, Thursday, Aug. 21, afternoon and evening. The afternoon session will begin at 1:30 and all Sunday school workers are urged to attend. The state secretary, W. H. Schilling, and Mrs. Hobart, one of the state workers, will be present representing the State Sunday School association. A full program will be put on by these workers and live, up to date Sunday school methods, such as are in use in the most progressive Sunday schools throughout the country, will be discussed.

A good program as follows:

1:30 Quiet Period. Devotional period conducted by pastor.

1:45 The Program of the Sunday School. (a) Yearly. (b) Quarterly. (c) Monthly. (d) Sunday Session, by a state worker.

2:10 Reports of committees, resolutions, nomination and business.

2:25 Organized Sunday School Work. State worker.

3:25 Promotion Day in the Sunday School. (a) Time of Year. (b) How Observed. (By a Superintendent that observes Promotion Day annually.)

3:45 Reception Service. Report of committee on registrations. Special mention or awarding of pennant to Standard Schools.

4:00 Address, State Worker.

4:20 Adjournment.

Meeting of Officers with State Worker.

7:30 Song Service, by local folks.

8:00 "The Challenge of Adults for the Sunday School, by a Superintendent or Pastor.

8:30 Evening offering.

8:35 "The Place of the Sunday School in the Life of the Church," by State Worker.

Returns From Overseas.

Henry Johnson, who left for Camp Dodge with the first draft contingent, returned to Thief River Falls the latter part of last week after fourteen months' service in France with the A. E. F. Mr. Johnson landed overseas May 10, 1918 with an infantry regiment of the 4th division and took part in the principal engagements namely: Chauteau Thierry, St. Mihiel, Vesle River and the Argonne Forest. Following the signing of the armistice the 4th division was among those to hold the bridgehead at Colblenz, Germany, and he put in several months at the Rhine. Though the young man had several narrow escapes from death's iron-bound messengers, he came through without a scratch.

Card of Thanks.

We hereby wish to extend our sincere thanks to the kind friends and neighbors who were of such comfort and assistance to us during the illness and after the death of our little daughter, Kathryn, who died in this city Sunday morning at the age of four years.—Mr. and Mrs. T. B. Bradley. a14p

MISS CHAMPEAU IS NEW SCHOOL NURSE

APPOINTED BY BOARD MONDAY EVENING—A. M. TRIPP, AGRICULTURE.

Thief River Falls will again have a school nurse this coming year, this step having been determined on at the regular meeting of the school board on Monday night. Dr. H. W. Froehlich presented a letter from Miss Maud Campeau, in which she offered to come to this city as a successor of Miss Laura Haggert, who did such excellent work the past year.

The board believed that such good resulted from the work of the school nurse and instructed Dr. Froehlich to have Miss Campeau sign a contract and to be here when school opens the first Tuesday in September.

Miss Campeau is a graduate of St. Luke's hospital at St. Paul, and has also taken a special course in her line of work at the state university, coming well recommended to the board.

Prof. A. M. Tripp of Northfield, the new agricultural teacher at Lincoln *high school, has arrived in the city* and met with the board of education at their regular meeting Monday evening, discussing with the members various matters in connection with his work for the coming year.

Mr. Tripp was secured through the efforts of Superintendent-elect, W. A. Ziegler, who is expected in the city tomorrow to assume his new duties. Mr. Tripp last year attended the state university, where he took up the courses necessary in order to qualify him under the Smith-Hughes requirements.

The assembly room at the Lincoln high school is being redecorated at the present time under the direction of Prof. M. A. Schmitt, who just returned from a post-graduate course at the state university.

The ceiling has been divided into five large rectangles, two at either end and one large one in the center. Ceiling lights are so arranged that there will be one in the center of each of the four rectangles and two in the ends of the large center field.

Prof. Schmitt is also superintending the application of the barrel of special roofing compound recently ordered by the board for added protection to the roof of the Lincoln school which has withstood the elements since its erection several years ago.

In conversation with board members Prof. Schmidt stated he felt well repaid for his course at the university this summer and that he had gained much now knowledge of vocational training and kindred subjects.

All of the former janitors at the various school buildings in the city were re-elected by the school board at its monthly meeting Monday night, the salaries having been fixed at $85 for the Lincoln and $75 for the other buildings.

Miss Katie Dahl was also re-elected by the board as librarian at a salary of $75 per month.

All members of the board were present, except F. F. Haynes, despite the heavy storm which had prevailed earlier in the evening. The meeting was not called to order, however, till nearly 9 o'clock and was of short duration there being but little business to come before the board.

President O. F. Mellby of the school board has announced the following committees to be in charge of the various schools of the city for the coming school year:

Northrop and Central, F. F. Haynes and Dr. H. W. Froehlich.

Lincoln and Washington, Lars Backe and H. S. Dahlen.

Knox, Dr. O. F. Mellby and Peter Myhrum.

Rates to State Fair.

Officials of the Minnesota State fair have made arrangements with the railroad companies for procuring reduced rates for the great eight-day exposition of 1919. Round trip tickets can be secured for one and one-half fare, but must be secured one day in advance of the opening day and one day before the close of the fair. Sundays are not counted.

Thank You All.

My family and myself wish to express our sincere thanks to all those who freely showed their kindness during my recent hardship and helplessness by making such liberal money donations. The sum presented will enable me to pay my doctor bill and secure a new artificial limb, the old one having been worn out. May your kind deed bring blessings to you all.—Oldus Vinje and Family.

RATE IS CHANGED ON CANADIAN COIN

SIX PER CENT WILL NOW BE CHARGED BY BANKS AND POST OFFICE.

Following a ruling made effective last Thursday afternoon, local banks and the postoffice were notified to charge a 6 per cent discount on all Canadian currency.

The unequal trade conditions existing between Canada and the United States are the basic reasons for this raise in the discount on Canadian money, it is said. If this country bought as much produce from Canada as they buy from us, the discount on their currency would undobutedly be eliminated. Or, if Canada should borrow large sums of money from the United States, this discount would probably not be charged, it is stated.

Prior to last Thursday, the discount here for exchanging Canadian currency, was 4 per cent.

Soil Survey Maps.

A limited number of soil survey maps are on hand at the Commercial Club rooms, and anyone desiring a copy of same may call at Secretary Smith's office and procure one.

Tried to Enlist—Couldn't.

Hugh Dorey, of this city who claims to be eighteen years of age, has tried unsuccessfully to enlist his services with the U. S. army at the Grand Forks recruiting station. Because of an affidavit signed by his mother, who claims he is but 16, Dorey is held at Grand Forks while he insists that his proper age is 18, the legal age for enlistment. Hugh, however, claims that his mother, who cannot speak or write English, was influenced by a brother-in-law. Officials at Aberdeen will settle his case. Recruiting men advise that boys from out of town bring their baptismal papers, birth certificates, or an affidavit signed by their parents, when coming to enlist as this will save them much time.

FROM BOOKKEEPER TO MANAGER

Mr. Lawrence Grossinger, of Tower City, has just been promoted to Branch Manager of the C. A. Finch Lumber Co., at Englevale. Mr. Grossinger went to this company as bookkeeper last spring after completing a course at the Dakota Business College.

After taking a course at another commercial school, Miss Ida Lane went to the Dakota Business College for a post graduate course and has recently been sent to a position with the Bank of North Dakota.

For information about Business Courses, address F. L. Watkins, 806 Front St., Fargo, N. D.—Adv.

Early Fall Announcement

The Sapero Co.

Wishes to announce that Mr. A. S. Sapero has just returned from New York, where he has been for the past three weeks making purchases for Fall.

He found that while the market conditions are somewhat unsettled, particularly with reference to Women's Wear, yet it was possible to secure goods of the highest quality and latest style providing a merchant takes the pains to make personal selections. Contrary to general belief, the goods produced for the coming season's trade are of decidedly high quality, comparing in this regard very favorably with those of other years.

The goods selected by Mr. Sapero include Coats, Suits, Dresses, Skirts, Etc., and every item is of the latest and best. The policy of this store, that of permitting nothing to interfere with the offering of the very best, has been rigidly adhered to throughout and the ladies of the vicinity will be offered a selection that can be duplicated only in the most exclusive stores in the larger cities.

Those desiring to make their selections early can come in now as a large portion of the purchases made are now in stock, particularly Furs and Fur Coats, as well as New Fall Suits, Coats and Dresses.

You will save at least 25 per cent by buying now.

Develop Self-Reliance Too

To Whom It May Concern:

I completed the shorthand and bookkeeping course at Aaker's Business College, Grand Forks and I am fully convinced I could not have spent my time to better advantage.

In these days, the untrained stands a very poor chance. Aside from the purely business training offered at Aaker's, you get new ideas, a broader and more charitable outlook and you learn to think and become self-reliant.

Are You Still Holding Off---

Waiting for the price of coal to drop?

If so, be warned again. The price is much more liable to go up than down. Everything tends to prove that such is the case. Then why hesitate? You know the fuel will be needed before long and yet you do not take advantage of the fact that we can now supply your needs much more surely, cheaply and satisfactorily than later on.

ORDER TODAY AND PLAY SAFE

The Prichard Co.

Attractive Linoleum

Be sure to see these new designs before you buy. There are patterns suitable for every room in the house, and the savings over prices that have prevailed for the last two years are decidedly worth while. Those who have delayed their needed purchases of this labor-saving floor covering should come in now and inspect our ample showing.

Carpets and Rugs for every room in the house. Our stock is the most complete in this section and we invite your inspection.

Larson Furniture Company

EXPLAINS AIMS OF NEW BOARD OF AGRICULTURE

DEVELOPMENT OF FARMING INDUSTRY IN NORTH SECTION FOREMOST.

STUDY FOOD CONDITIONS

WORKING WITH FEDERAL GOVERNMENT ON LARGE RECLAMATION PROJECTS.

The State Department of Agriculture for Minnesota was established by act of the legislature of 1919. The department office was opened at the new capitol building on June 1st, 1919, with N. J. Holmberg, of Renville county, occupying the position of commissioner of agriculture, and J. H. Hay of Pennington county, the position of assistant commissioner.

The act establishing this department *specified the scope of its duties* and the character of the activities therein. These might be briefly classified as follows:

1. "The Department shall encourage and promote the development of agricultural industries." This duty is broad and general in character and, literally interpreted, grants much latitude in its operation. The activities of general agriculture are many and their relations to other lines of business so varied that it is evident the department must be clothed with considerable authority to meet every agricultural possibility.

Marketing Conditions.

2. "It shall investigate marketing conditions affecting the marketing of farm produce." This phase of agriculture has not been favored heretofore in Minnesota with that official consideration to which its importance entitles it. Emphasis has been stressed upon production and properly so, as the earliest epoch in history of agriculture in any state has been that of production. Now, the subject of adequate and profitable marketing appears upon the agricultural program and it has been organized as a most important division of the duties of the new department.

3. "It shall collect and compile statistics and information in regard to agricultural products of the state and agricultural industries." Strange to say, no official machinery has existed prior to the organization of the department, whereby intelligent statistical information was collected and made available for agricultural purposes. This duty also includes an agricultural census at least once in two years. The local assessors are required, under the act establishing the department, to collect statistical information required for the purposes indicated above.

For Flood Control.

4. "Co-operate with federal authorities and the Government department of agriculture * * * in the development of agricultural resources of the state." Generally, this gives authority, as has been stated above, to participate in many activities already operating to improve agricultural conditions, but it also grants ample opportunity for the inauguration of special activities. For example the floods which have recently prevailed in certain sections of the state and have created no small loss have already been the occasion for action in this department in co-operating with [illegible] It is evident that drainage is fundamentally agricultural and that it implies, the establishment, not alone of more ditches but of retaining works, such as reservoirs, to protect against sudden and great outflows of water to lower lands, and in addition it includes the development of water powers on the inclines. The department, under this act, is co-operating this summer with the College of Agriculture in this state and with the Department of Agriculture at Washington in an investigation of land settling, clearing and development operations in the great cut over regions of northern Minnesota. This is the first scientific study of the methods in vogue in Minnesota with reference to the success or failures of settlers and settlements in the territory indicated and also of the costs of land clearing and various other matters closely related thereto. These exemplify some of the duties indicated in this section.

5. Certain powers and duties relative to the buying and selling of farm products and which have heretofore been cared for in the state Railroad and Warehouse department are transferred to the department of agriculture. Certain other duties connected with the commission business in farm products and which have been exercised by the Dairy and Food Commission are also transferred to this department.

New Line of Work.

An entirely new activity appears in agricultural economics under this act in that particular section which requires the department annually to collect samples of wheat from various parts of the state as soon as is possible after harvest, and to have a scientific test made therefrom in order to ascertain the quantity, quality and value of the foreign matter contained therein, to ascertain the cost of its removal, and to secure information as to the grade and quantity of the flour these various samples make. This is no small task and is significant of the importance and far reaching consequences which mark the activities of the department.

Production in agriculture has always been, and rightly too, the chief concern of farm work in all new states, but the time has arrived in Minnesota when the return side, the business side becomes as important as any other. This duty is one of the most important falling within the scope of the department.

Numerous other minor duties not discussed above fall to the new organization for consideration.

Do Not Conflict.

It might be added that the line of cleavage between the duties of the state College of Agriculture and those of the department is exceedingly clear. The duties of the college are instructional, investigational and extensional; those of the department pertain exclusively to the business or service side of agriculture. There is no conflict between the two; on the other hand, their duties co-ordinate easy and effectively. One is really the complement of the other.

Co-operative movements in Minnesota find in the department an agency whereby they receive guidance in organization, support and direction in carrying on their various lines of co-operative effort, and positive assistance in extending their influence. When it is stated that there are more than three thousand such associations in this state, it is evident that the legislature acted wisely in granting their official recognition and support in the new co-operative law and the new department.

Like all new pieces of machinery, the department must be tried out and later modified and broadened to meet the service which agriculture demands, as the greatest industry in this state. With the co-operation of Minnesota agriculturists, this is easily possible and the department will then fully meet the expectations of those interested in agricultural development in Minnesota.

First Vessel From Germany.

The first American vessel to leave the port of Hamburg, Germany, since the outbreak of the war, left that port on Tuesday for the United States. The ship was the cargo steamer Keresan of the Kerr line. While the American ship was leaving Germany the Thala sailed the same day for Hamburg, Germany from Philadelphia with the first cargo consigned direct to a German port since the war. Most of the cargo of 6,000 tons consisted of packages of food, clothing and toilet articles sent by individuals to relatives and friends in Germany.

YANKS' WEDDING BELLS WAIT JOBS

RECORDS SHOW RETURNING "VETS" NOT MARRYING AS FAST AS DEPARTING MEN

Yankee soldiers returning from overseas service and camps are not looking for the minister as much as some did in pre-war days, but are looking for jobs instead.

Records in the office of Clerk of Court Eklund show that in the first seven months of this year, only 44 marriage licenses were issued while in the early months of 1917, the first year of the war, still holds an unchallenged record for the number of weddings authorized, there being 68 licenses issued. No month in the last two years has been able to rival April, May and June of 1917, when 40 licenses were given out. In 1918 during those four months 36 applied for licenses and in 1919 not one permit was issued in April while there were 23 permits issued in the next three months.

The marriages of returning veterans have failed to bring the total license record of 1919 up to that even of 1916, the first year before the U. S. entered the war. In the first seven months of that year 53 permits for weddings were approved by the court, while this year at the end of July found only 37 names on the books.

That the return of the army has had any effect in the number of marriages in Pennington county is indicated only in the report for May and June, 1919, when the army men began to return in force; the records for May show 9 more couples applied for licenses than in the preceding month. In 1918 the increase in applications in April over those of May was only 3. June 1919, always known as the months of brides, has the record so far this year.

Albert Bothun, an employee at the local creamery, motored to Halma last Saturday evening for an over-Sunday visit with his parents. He was accompanied to Halma by his wife and children, who had been in the city for a short visit.

STATE-WIDE PLAN TO BOOST POULTRY

EXTENSION DIVISION, U. OF M., WILL STAGE DRIVE IN NEAR FUTURE.

Every county in Minnesota is to have a poultry week in the near future, according to plans for a big poultry drive which have been made by the agricultural extension division of the University of Minnesota and those interested in the development of poultry as a Minnesota resource.

Sixty-three counties in the state of which Pennington is one, have poultry associations which receive state aid. Each of these associations has a vice president in every township and village. Some of these associations are making plans to increase their membership to at least 1,000. Counties which have no association will organize for the promotion of the industry. All of the associations during poultry week will endeavor, in addition to increasing their memberships, to boost boys' and girls' club work; to secure exhibitors for their annual poultry shows; to establish booths at their county fairs; to arrange for culling demonstrations; for poultry picnics and excursions, for egg preservasion, and for the canning of chickens, to encourage the keeping of poultry records, the introduction of purebred chickens, the feeding of balanced rations, and better housing.

Menus are being prepared by the home economics division of the college of agriculture to encourage the use of poultry products at every meal during poultry week. The time for the observance of the week will be chosen by each county organization.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

ANNOUNCING
FORMAL OPENING
OF
LOKEN'S SHOE DEPARTMENT

An event of much interest and importance to the ladies of Thief River Falls and vicinity will take place on

SATURDAY, AUGUST 16

When the New Shoe Department at the Loken Brothers store will be formally opened to the public.

A cordial invitation is extended to all ladies in the neighborhood to come in, look over the stock and acquaint themselves with the efforts that have been made to meet their requirements in this important regard.

They will find that not only are they enabled to secure exactly what they need in the latest footwear, but that the prices are much lower than conditions would lead them to expect. The stock was purchased early in the summer, before the recent sharp advances in the price of shoes were announced, and they will secure the full benefit of this fact. Every shoe in the stock has been made for this year's trade and the buyer can rest assured that no women anywhere will be better or more correctly shod.

Mr. A. E. Olson, for years connected with some of the largest shoe houses in the Northwest, is in charge of the department and will give every customer his personal attention. He is a graduate fitter and knows the shoe business in its every detail. His judgment may be depended on and the firm will stand back of his statements with their money-back guarantee.

Fall styles are now in place and there is a shoe for every need. A special effort has been made to secure the proper footwear for children and the stock is the best in this section.

A fine line of the latest foot appliances. Mr. Olson will give whatever attention is necessary to the proper fitting and adjustment of these appliances and will guarantee satisfaction in every instance. The ladies of this section have for years hoped that a department such as this would be added to this popular store and this has now been done.

Everything is in readiness for their inspection on the opening day and they are invited to make it as thorough as they see fit.

Here is an exceptional opportunity to supply your footwear needs. Prices are certain to go higher later on and the wise woman will provide what she requires now. But whether you are prepared to buy now or later, you are invited to this opening.

For this opening no shoe in the house will be priced above $10.00. This price must advance by September first anywhere from $2.50 to $5.00 per pair. Most stores have already raised their prices, but we have decided to hold off until after the day of formal opening. Ladies shoes will cost from $12.00 to $15.00 a pair before winter is far advanced, so *BUY NOW AND SAVE MONEY*

LET'S PULL TOGETHER JUST ONCE.

The Times believes everyone recognizes that this power dam matter will have to be faced and settled in one way or another before long. It is also safe to say there are very few persons who do not wish to see it finally settled so that the city and people will be protected in their rights and the entire question adjusted to the satisfaction of all concerned.

This would not be such a difficult matter if we all knew just what the proper solution is. Looking at it without any great amount of investigation it would seem as if letting go of a valuable power franchise is a very foolish proceeding, but there are many things to be considered. Is it not possible to get together and consider these from a purely business standpoint and then simply go ahead with whatever plan is decided upon? Things have not always been done just this way in Thief River Falls—the city being in this respect no different from a thousand others—and it might be a good idea to try it just once.

We all agree that something should be done. The dam property is now more of a nuisance than anything else, while it could be made an asset of inestimable value.

As sometimes happens, there are two sides to this question. On the one hand it is pointed out that the city is now securing power from the dam at a very low cost—when it secures any at all. On the other hand stands the fact that the present contract expires in less than five years and that an entirely new deal will be asked for at that time with every assurance that the present ridiculously low price will be boosted to the limit.

There is nothing so particularly alarming in the latter prognostication, however. The city is getting along pretty well without the aid of the dam during the greater part of the year right now and could get along without it entirely if necessary. The owners can put any price they see fit on the power at the expiration of the present contract, but the city need not accept the proposition. In that case it would mean rendering the dam valueless as the municipality is practically the utility's only customer. It is not likely that the owners would go to extremes when all the circumstances are taken into consideration.

But the city's needs, while important, are not all that should be considered. There is power enough in the river at this point to furnish a great deal more than the city is likely to require for a score of years. It will mean the outlay of a large sum of money to make this power available and the people have on more than one occasion indicated that so far as purchasing the dam is concerned, they will have none of it. It is just as certain that the present owners are not in a position to make the necessary improvements. What, then, is to be the outcome?

Many of our people look with decided favor upon the proposition that the city annul its lease and permit the sale of the dam to parties who have both the capital and inclination to make the most of its possibilities. It may be that there are good and sufficient arguments against this way of going at it, but it is one of the ways being seriously considered.

In order to get some idea of just how much of an asset the dam is to the city at the present time it might be well to hire a competent engineer to make an investigation. He could find out how much it costs the city to deliver current on the switch board now with the aid of the dam and also what this cost is when there is no assistance from the water power. It seems there are no figures available at this time that would settle this important point exactly. Before this is known there is not much use discussing the matter.

Another thing needing the attention of the council and incidentally of the people is the changing of the entire plant over to an alternating instead of direct system. This will have to be done sooner or later, and the sooner the better. A great deal of wire and other paraphernalia is now being employed that could be turned into better advantage now than at any time since the plant was built and it may be this is the accepted time for undertaking this change. Whatever is done with the dam, this one matter will have to be attended to both on the score of efficiency and economy.

If we cannot agree on any other phase of the proposition, let us at least get behind the council in an effort to have the system changed. This will give us an opportunity to get acquainted with each other's viewpoint and the chances are that some plan for the future may be worked out. Refusing to listen to anyone who does not agree with our individual view of the situation will not get us anywhere.

The subject is one which may well engage our best efforts in an attempt to reach a solution. It is quite easy to make a mistake but this liability will grow smaller if the matter is fully and fairly discussed with no idea other than that of finding the best way out of the dilemma.

A LESSON IN ADVERTISING.

Our hats off to the board of directors of the Pennington County Fair association and particularly to Secretary G. Howard Smith. While every man and woman connected in any manner with the big show did everything in his or her power to make it a success, the bulk of the work fell to the share of Mr. Smith, and right lustily did he respond. Anyone who believes that being secretary of an agricultural association at fair time is a sinecure had better try it awhile.

Several new plans were tried out this year, but the most revolutionary was perhaps that applied to the advertising campaign for the fair. Heretofore it has been deemed necessary to lay out large sums for meaningless and oftimes silly posters, these being the same for all fairs and bearing about as much individuality as a string of mudscows. Exactly the same pictures were used for the Pennington county fair as were employed to exploit a similar event in the cotton belt of Alabama or the peanut region of Old Virginia. As an appealing advertising feature they were worthless.

At the suggestion of Mr. Smith this kind of publicity was this year omitted and the money put into newspaper advertising. Every paper in this section carried display ads and readers calling attention to the fair at Thief River Falls. Result: The largest attendance in the history of the association, and this in spite of the fact that the weather was at times none too favorable and that the fair dates happened to hit the farmers at a particularly busy time.

Billboards and fence corners may serve some purpose in the scheme of advertising, but when compared to the newspaper they are not even respectable contenders.

This holds good for other things besides fairs.

LET'S MAKE IT THE LAST.

The county fair is over and we are all agreed that it was the best ever held in Thief River Falls. The attendance was better, the exhibits more representative and the amusement attractions as a whole a most decided improvement over those of former years.

But there was one feature with which dissatisfaction was expressed in no uncertain terms. This was, as usual, the carnival.

The aggregation here during the three days of the fair was no worse than the general run of its kind. In fact, in many respects it was better. An attempt was in most cases made to give something for the money spent, except where the spender himself deliberately engaged in a game of chance, in which case he was as much to blame as those who fleeced him.

From whatever standpoint the carnival is viewed, it proved an undesirable adjunct to the fair for most of the patrons. The grafters were no more patent, the coarseness no more apparent, nor the general tone more depraved than usual—it was just what people have been led to expect from a carnival, and consequently laid emphasis upon the things most objected to.

It is to be hoped that when the time for another fair rolls around something different in the way of diverting features will be found. Other cities in the neighborhood aver that never again will they permit any such performance to take place within the limits of the municipality, whether for the county fair or otherwise. Bemidji and Brainerd, in both of which cities these same people appeared, will have no more of them or any of their ilk. Thief River Falls should resolve likewise.

The fair management is not particularly to blame. For years it has been figured that no fair would be a success without some feature of this kind, a conclusion for which the people were themselves to blame. The fair managers do not like these things any better than other folks and only yielded to what they considered the demand for something a little out of the ordinary. Now that the fair patrons themselves have unmistakably indicated that other forms of amusement will be more welcome it may safely be predicted that we have seen the last of the carnival.

HELPS THE UNDERSTANDING.

The people of Thief River Falls and those residing at Baudette understand each other ever so much better than they did. This is a good thing for folks who are within a very short time to be connected by a new and direct line of railroad. When that happens they will have even more in common than at present, and that is quite a lot.

It was not a particularly hard matter for the Thief River Falls citizen to see just what Baudette most required, even during the short stay possible on the sociability trip last week. It's cows.

The Lake of the Woods, with its 14,000 islands, is one of the most wonderful bodies of water in the world and Baudette will within a short time come into a measure of prosperity as the gateway to this vast expanse of beauty and interest. But it is toward the landside that the people of the town must look for the things that will make them permanently contented and furnish them with an aim worth while.

The country around the Lake of the Woods was made for cows. No better or more abundant grass is to be found anywhere on earth, and there is never a failure. When this fodder is converted into butter and cheese the territory will experience a degree of prosperity that will make its people regard their famous lake as a side issue.

They already have one creamery; they should have a dozen, and will have them if they devote half as much time and attention to the proper care and development of the cow as they now bestow upon motor boats and fish stories. It may sound almost sacriligious to refer to anything so absolutely utilitarian as a cow in the same breath with the beauties of the lake, but the two will in some way have to be made to fit together for the best results.

Baudette folks no doubt also discovered some things we'uns need badly in order to make us more acceptable neighbors, but we do not think it was a spirit of hospitality. Whatever may be said of our execution, our intentions were the best in the world.

Colin F. Macdonald, for 44 years editor and publisher of the St. Cloud Times, died at his home last Saturday. He was one of the best known newspaper men in the state, a lifelong Democrat and high in the councils of his party. He was 76 years of age and had been a resident of Minnesota for 61 years. In spite of his advanced age he stayed in the harness to the end, giving his newspaper his personal attention until within a few days of his death. The dead editor enjoyed the friendship and confidence of men high in the councils of his government for more than a quarter of a century and was repeatedly honored by being selected to positions of trust and responsibility.

TEN AND 20 YEARS AGO

Twenty Years Ago.

William W. Gibbs, a resident of Thief River Falls since 1887, died at his home on the East Side.

C. C. Jackson resigned as chief of the fire department and the council accepted the resignation. The matter of a successor was left to the department.

John Schlossar of the town of Norden, was married to Miss Mary Sanfranac of Wilmar, Iowa, by Justice John L. Finke.

C. J. Knox sold five lots, one containing a stone foundation, to U. G. Richards, salesman for the new mill company. The property was located on the East Side.

Charles Brink was up from St. Hilaire during the week.

Mrs. F. J. Stebbins and children started for a visit to the former home of the family at St. Charles.

John Morgan of St. Hilaire, was a business caller in the city.

Continuous rains destroyed a large amount of hay and it was feared that the wheat crop had been seriously injured.

Fred Copp, residing on the sandridge, started cutting his rye on Aug. 3 and began on the wheat the following Monday. The crop was fair.

Fire originating in a barn in the rear of the Schreiter drug store in Red Lake Falls destroyed five buildings with their contents. The loss totaled $30,000.

W. A. Kratka, with nine horses and a carload of farm implements, arrived during the week from Iowa.

Ten Years Ago.

Bethany hospital was forced to close its doors for lack of support on the part of the people.

The Hanson & Barzen Milling company was installing the latest cleaning machinery in their mill in this city.

The fields were so wet that it was impossible to turn a binder around and harvesting was greatly delayed.

There were three accidents during the horse racing at the eighth annual Pennington county fair, none of them serious. A balloon ascension was the feature of the show.

Ditch No. 36 in the town of Smiley was ordered established by the county commissioners.

A. H. Fasel returned from a two weeks' visit to Pacific coast points.

An Explanation.

In our last week's issue we published an article about the decision in a confest case between Herbert Carl Severson and Olaf Targer Ness. We have since been informed by several parties that certain statements contained therein were wholly unjustified and not based upon the facts or decision in the case. We hereby wish to apologize to Mr. Ness for not making a more thorough investigation before publishing the story.

The truth seems to be that Mr. Ness volunteered to enter the army in July, 1918, but was told by the local board that his farming operations were more valuable to the government and that he had better remain on the farm until his crop was taken care of.

The statement that he is forever barred from becoming a citizen is equally farfetched. R. K. Doe, the examining agent, has assured Mr. Ness that there are no obstacles in the way as soon as the required time has elapsed after his declaration of intention.

The land involved in this contest is located in the Mud Lake bottom and was covered with 3 to 6 feet of water after the July rain. Instead of trying to cause each other trouble it would be far better for the people to help one who tries to make a living in such a place.

ECHOES OF THE BOOSTER TRIP.

North Country Editors Comment on Visit of Thief River Falls Folks.

(Billy Noonan in Baudette Region)

Baudette has entertained a number of parties on the Lake of the Woods, but the blue ribbon goes to Thief River Falls. The hundred citizens of that city who were our guests last week were such an agreeable, good-natured, jolly crowd that we felt that they were doing us a big favor by allowing us to entertain them.

✣ ✣ ✣

A spider would have a tough time spinning a web around Si Simonson, wouldn't he? Si has a life sized vote of thanks coming to him for steering the Thief River Falls party to Baudette.

✣ ✣ ✣

The extension of that electric line from Thief River Falls to Baudette will mean that thousands of residents of the Red River Valey and Dakota will be flirting with the fourteen thousand islands of the Lake of the Woods.

✣ ✣ ✣

These are the days of the high cost of everything but when the Thief River ladies saw that wonderful Pine Island beach Sunday stockings came down in a hurry.

✣ ✣ ✣

Something scandalous the way Thief River Falls and Baudette are making goo goo eyes at each other these days.

✣ ✣ ✣

Yes there were some Baudette residents who didn't auto to Thief River this morning. They don't own a gas wagon.

✣ ✣ ✣

All men are said to be liars, but we take off our hat to the chap who said that Baudette can't be reached by auto.

✣ ✣ ✣

Now, after listening to that splendid Thief River Falls organization, will Baudette have gumption enough to organize a band?

✣ ✣ ✣

The road to Baudette is in awful condition, according to certain War-road people. It must be. Twenty-four Thief River cars started out on it Saturday, and only two dozen of them reached Baudette on time.

✣ ✣ ✣

Thief River Falls will come again next year, but with a bigger crowd, they say. Loud cheers from Baudette.

✣ ✣ ✣

The only thing we don't like about that Thief River Band is that it doesn't belong to Baudette.

✣ ✣ ✣

Hizzoner Mayor Hicks is some "bouyeau" cook, as everyone on last Sunday's trip will testify.

✣ ✣ ✣

Come again, Thief River, and stay longer.

(George Erickson in Spooner Northern News.)

Twenty two auto loads of Thief River Falls folks arrived Saturday evening at Baudette to boost for the Pennington county fair.

They were accompanied by their band and a live lot of boosters, many of whom found time to make a call over at this village, to visit old friends.

They were welcomed by the tooting of the fire siren and the ringing of church bells.

Later a smoker was given at the board of trade rooms and some speeches and a band concert given at the Rex hotel corner.

On Sunday the party accompanied by the Baudette folks made a trip on the Str. Agwinde to Sabiscon Bay and other points of interest on the Lake of the Woods. The boat landing on the return trip about ten-thirty in the evening.

Every member of the party was more than pleased with the hospitality of the north and expressed themselves as agreeably surprised at the beauty of the Lake of the Woods and gave the assurance that they would be up this way once more.

They motored home on Monday.

Such sociability runs as the one made up this way by the Thief River Falls boosters last Saturday have more value than merely affording the tourists a little outing. They draw communities closer together and have a decided tendency to engender feelings of friendliness and mutual regard.

TIME TO ACT.

Don't Wait for the Fatal Stages of Kidney Illness. Profit by Thief River Falls People's Experience.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pas off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Thief River Falls proves the effectiveness of this great kidney remedy.

H. C. Liden, 424 Davis St. N., says: "Not long ago I began to have trouble from my kidneys. My back pained most all the time and mornings I was sore and lame. Often I had to have my shoes pulled on for me because I couldn't stoop to get them on myself. My kidneys didn't act regularly; sometimes they acted too freely and then again the secretions were scanty. I got Doan's Kidney Pills at Curtis' Drug Store and two boxes entirely ended the troubles."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Liden had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

"D. C." Kidney and Bladder Remedy is highly efficient in cases of bed wetting. At all drug stores. Try it. a10p

Feeding the Millions

INCREASING the food supply of the world is the most vital problem which man must solve. The burden of this solution rests heavily upon the shoulders of the farmers of America.

The service rendered by the Standard Oil Company (Indiana) in producing fuel and lubricants for the economical and efficient operation of farm machinery has made it possible for the farmer to cultivate a greater acreage, produce larger crops, and get them to market at least expense.

By maintaining its comprehensive system of distribution, the Standard Oil Company (Indiana) makes it possible for the farmer to get his requirements of petroleum products easily, regularly and quickly.

By virtue of this complete service on the part of the Standard Oil Company (Indiana), he may, literally, "make hay while the sun shines."

He is independent of the health or endurance of horses. He can plow, cultivate or harvest when these tasks should be done. He can have a complete cycle of activity, operating even by shifts, if necessary. He can plan his operations on a definite schedule to produce a steady, constant supply of farm products for you and your family.

Thus is illustrated how you benefit by the service rendered by the Standard Oil Company (Indiana) to the farmer. These are benefits accruing to the world at large which accentuate the usefulness of the Standard Oil Company (Indiana) as a public servant, and emphasize how completely it discharges its obligation as such.

Standard Oil Company
(Indiana)

CAMEL
TURKISH & DOMESTIC BLEND CIGARETTES

Camel

CAMELS' expert blend of choice Turkish and choice Domestic tobaccos answers every cigarette desire you ever had! Camels give such universal delight, such unusual enjoyment and satisfaction you'll call them a cigarette revelation!

If you'd like a cigarette that does not leave any unpleasant cigaretty aftertaste or unpleasant cigaretty odor, *smoke* Camels! If you hunger for a rich, mellow-mild cigarette that has all that desirable cigarette "body"—well, you get some Camels as quickly as you can!

Camels' expert blend makes all this delightful quality possible. Your personal test will prove that Camel Cigarettes are the only cigarettes you ever smoked that just seem made to meet your taste! You will prefer them to either kind of tobacco smoked straight!

Compare Camels for quality and satisfaction with any cigarette in the world at any price!

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply, or when you travel.

R. J. REYNOLDS TOBACCO COMPANY
Winston-Salem, N. C.

Cigarettes

City News

Mrs. T. A. Torrison of Greenbush, was a guest of Mrs. Anna Dock during the fair.

Fred Larson of Ada was a guest of Miss Gladys Nelson the later part of the week.

S. Hetland left Friday for Greenbush to visit a week at the home of his brother, A. Hetland.

Arthur LaBudde, teller at the First National bank, passed Monday at Oklee on a business mission.

Mrs. Carl Anderson and children of Alexandria, visited with Miss Belle Blair during Friday and Saturday.

Alvin Holzknecht, bookkeeper at the Plummer State bank, came up on Monday for a brief visit with his parents.

Mrs. E. Legvold left Friday for Fisher, where she will visit for a week or two at the home of her sister, Mrs. Mary Knutson.

~~Judge M. Holm, of Roseau, came~~ down last Thursday afternoon to attend the county fair and visit with his daughter, Miss Thelma.

Misses Ruby and Pearl Warring returned to their home in Steiner after a weeks' visit in this city with their aunt, Mrs. Agnes Warring.

Deputy Sheriff Oscar Halleck came over from Grand Forks last Saturday morning to attend to matters connected with the sheriff's office of that place.

Mrs. Emil Rausch, accompanied by Mr. Rausch's niece, Mae, returned on Tuesday evening from Grand Rapids, after a pleasant visit with friends and relatives.

Harry Schuster, who is employed at Middle River during Mr. Carr's illness, returned Monday morning to resume his duties, after having been here since Friday.

Miss Thelma Holm, pianist at the Lyceum theatre, left last Friday morning for Lake Osakis to spend a short time on an outing trip. She returned Monday.

Surely you cannot afford to delay in securing an education when the opportunity presents itself so near home. North Star College, Warren, Minn., is the place to go. a14

Miss Helen Loen and Miss Selpha Torgerson of Radium, were guests of the former's sister, Miss Dorothy, the later part of the week. They took in the three days of the fair.

H. M. Evenstad of Baudette, district manager of the American Brotherhood of Yeoman, was a business caller in this city Friday. He will make this city his headquarters after the middle of August.

Messrs. Leland Schuster, Roy Flattum, Norman Dyhvig and "Fat" Johnson left Saturday morning for the Dakota harvest fields, where they have accepted positions. They expect to return the last of September to begin their studies at the high school.

H. E. Mussey, editor of the Grygla Eagle, returned Saturday morning to his home after having been in attendance at the Pennington county fair. A very large delegation was present from Grygla and all were well satisfied with the 1919 exhibition.

Mr. and Mrs. G. W. Christie and little daughter came up from Red Lake Falls Monday morning for a brief visit. Mr. Christie is one of the publishers of the Red Lake Falls Gazette and while in the city paid The Times office a visit at its new home in the Union block.

Mr. and Mrs. M. A. Schmitt returned the latter part of last week from Minneapolis, where Mr. Schmitt has been taking up an advanced course in the art of manual training. Mr. Schmitt has had charge of the manual training department at the local high school since it was first inaugurated.

Sidney Stadsvold returned Saturday morning to his home at Fosston, after having spent the three fair days in Thief River Falls playing an engagement with the local band. Mr. Stadsvold was a member of the 352nd infantry band, 88th division, and became well acquainted with the many local boys who were also members of that band.

Fred D. Haug, formerly a resident of Thief River Falls, now employed in Minneapolis as an automobile driver, arrived last Thursday and remained until Tuesday renewing acquaintances. Mr. Haug left Tuesday for Bemidji to drive a Minneapolis party, who had spent a short time at the lake, to Duluth and Port Arthur and other points before returning to the Mill City.

Mr. and Mrs. M. McFarland and two sons returned Monday evening via the motor route from an extended trip through the West. Enroute they stopped off at points in North Dakota to visit with friends. They visited Yellowstone park in Wyoming and then motored to Glazier park in Montana, spending most of their time camping at these resorts. Mr. McFarland stated things were as dry as a bone in both states and that they had passed wagonload after wagonload of farmers moving out with their belongings. People in that section said they hadn't seen rain since May 10, and hundreds of cattle could be seen lying on the fields dead from thirst. Minnesota looked pretty good, Mr. McFarland declared.

A. S. Sapero returned yesterday from a three-weeks' buying trip in the East. He spent the greater part of the time in New York, making personal selection of the goods to be offered to the ladies of Thief River Falls and vicinity at the opening of the fall season. He states that while merchandising conditions are decidedly unsettled, yet he had no great difficulty in securing an assortment that will prove the finest the company has ever shown at the opening of the season. The goods will shortly arrive and as soon as they are arranged for proper display the opening announcement will be found in The Times. Mr. Sapero assures the ladies that it will be decidedly to their interest not to make any selection until they have inspected the exceptional line secured by him while on this trip.

Olaf Tessum returned the first of the week from Minneapolis, where he had been on a business trip.

Mr. and Mrs. H. D. Bets of Roseau, who were guests of Mr. and Mrs. W. A. Bishop, returned to their home on Friday.

Miss Lois Wold motored to this city last Thursday to attend the fair. She was a guest at the home of Miss Lucile Burns.

In the pony raffle conducted during the fair by Froisness Brothers, of Miss Gladys Nelson the latter part tune teller, won the animal by holding No. 76.

Mrs. R. F. Porteous of Middle River and Miss Jessie Porteous of Warren, arrived Friday to visit for a week at the home of Mr. and Mrs. J. A. Ralston.

Miss Corrine Landahl of Little Falls, formerly a piano instructor in this city, arrived Friday to visit for a week at the home of Mr. and Mrs. Scott Laird. Miss Landahl is a sister of Mrs. H. H. Spink.

John Rustad of Kindred, N. D., after a week's visit at the home of his ~~son, H. Rustad, who resides east of~~ this city, left Friday for Osnabrook, N. D., where he will visit for a week with his daughter before returning to his home.

Miss Ruth Sandstrom, employed as clerk in Aos' dry goods store, left Friday for Spooner and Baudette, where she will spend her two weeks' vacation visiting with friends and relatives. She was accompanied by her two sisters, Misses Ellen and Gladys.

N. M. Johnson of Roseau was a business caller in this city Thursday and Friday. Mr. Johnson was formerly the manager of the Red Lake Falls elevator in this city, having a similar position in Roseau. While here he visited at the home of Mr. and Mrs. O. Severson.

Here's a snap! A genuine U. S. Army Wool Blanket, 62x80 inches, guaranteed perfect condition, for the rock-bottom price of $6.85—less than it cost the Government. Will outwear three ordinary blankets. Each blanket has been thoroughly renovated. Shipped prepaid on receipt of price. Order today, stating whether light or dark shade. Satisfaction guaranteed by the old reliable Minneapolis Woolen Mills Co., 600 1st Ave. N., Minneapolis, Minn. a14-28

Miss Bernice Foleman returned to her home in St. Paul Monday evening, after a visit with Mrs. A. Craik.

Mr. and Mrs. C. E. Carlquist of Warroad were guests at the home of Mr. and Mrs. M. Bothun during the fair.

Miss Vaugh McKane took her departure Monday night for St. Paul, following a pleasant visit in the city with Miss Jean Hay.

A. H. Ahlborn went to the Twin Cities Monday evening to resume his duties, following a brief visit with his parents in the city.

Miss Grace Wilson, stenographer at the Hanson & Barzen offices, is visiting in Minneapolis as the guest of her friends. She left Monday.

J. H. McGhee, a prominent resident of Mason City, Ia., spent the latter part of last week in Thief River Falls attending to business matters connected with his land holdings near this city.

K. L. Wang and daughters of Badger and Mrs. Leslie Oliver of Walker motored to the city Wednesday and were guests at the home of Mr. and Mrs. T. P. Anderson. On Thursday they motored to Gonvick where Mr. Wang transacted business, returning to Badger Friday.

Have you seen the new catalog of the Crookston College, Crookston, Minn? It says you can get board and room in private family for from $4.50 to $5.00 per week. It tells you all about the shorthand and bookkeeping courses and the course in Auto and Tractor Engineering and how soldiers and sailors can get free tuition. A postal card will bring it to you. a14tf

Mrs. George Biddick returned Saturday from Wadena, where she had been visiting with friends.

Donald Fiterman returned home from Minneapolis on Saturday morning, after a visit with his friends.

J. O. Herrick, of Warren, was a guest at the Mr. and Mrs. Robert McGinn home the latter part of last week.

Guests at the Eli Rolland home are Jasper Rod and son, Gordon, of Spooner. They arrived the latter part of last week.

Mr. and Mrs. Carl Anderson, accompanied by their son, Harold, returned Monday night from Detroit, after a pleasant visit with friends.

Miss Florence Shetler who has been spending her vacation in the city during the summer, took her departure Saturday afternoon for Moscow, where she will teach during the coming school year. Enroute she will stop off at Big Sandy and Havre, Mont., where she will visit with relatives.

Miss Agnes Lonson went to Gonvick on Saturday to remain for a short time visiting with her friends.

Julien Provencher, Evelyn hotel proprietor, went to Minneapolis Sunday night on a business mission.

Mrs. H. Romhildt, accompanied by her son, Martin, came back from Cloquet on Monday after an enjoyable visit with friends.

Mrs. H. A. Teslow returned from Hatton, N. D., on Saturday evening, following an enjoyable visit with friends and relatives at that place.

Mrs. B. W. White and baby of Grand Forks, who have been visiting at the home of the former's sister, Mrs. C. W. Barden, left Friday for their home.

After fourteen months' service with the A. E. F. in France and Germany George Kestel returned to the city last Thursday, having been discharged at Camp Dodge the first of last week. Mr. Kestel was a member of the signal corps of the 4th division regulars.

Miss Shirley Anderson is visiting at Baudette the guest of her friends. She left Saturday.

Mrs. C. Storholm took her departure Saturday afternoon for Grand Forks to visit with her sister.

After a pleasant visit in the city with Miss Gena Legvold, Miss Tillie Anderson departed Friday afternoon for her home at Fisher.

H. C. Dahlen, vice president of the First and Peoples bank, returned on Monday from Detroit, where he had visited briefly with relatives.

Miss Rega Scorstad arrived from her home at Clearbrook on Monday evening for a brief visit with Miss Emma Tandberg, leaving the following day for Grand Forks for an indefinite visit.

Big Pay

Students of the Union Commercial College, Grand Forks, N. Dak., earn big pay. You can do the same. There is no education that costs so little and pays so much as a business education. Write for free catalog and find out what this big, busy school car do for you.

TO PLACE GATEWAY TO LAKES SIGN HERE

BAUDETTE BOOSTERS TO ADVERTISE THIS CITY AS STOPPING POINT.

As a result of the Baudette sociability run to this city last Friday, arrangements were made by the Board of Trade of that thriving city to place a large and artistic sign at some point south of the city on the Jefferson Highway, advertising Thief River Falls as the gateway to beautiful Lake of the Woods and its 14,000 islands.

The sign will be a very elaborate one and on it will be depicted a roving moose in the forest primeval. Added to this will be outlined on the board the route from Thief River Falls to Baudette. The J-H will be followed into this city while on the road to Baudette the scenic highway will be followed. Everything will be made plain so there will be no chance for anyone not acquainted with the roads to become lost. This will appeal especially to tourists enroute to the beauty spot of northern Minnesota.

So impressed were the Baudette visitors with the hotel facilities and accommodations in Thief River Falls, that they immediately decided to have printed a booklet advertising this city as the logical point for tourists to stay over night when going to the famous lake and its beautiful islands. People coming from points south of here on arriving in the afternoon, could rest up in Thief River Falls during the evening and resume the trip the next morning making the northern city that evening.

Does it pay to get together?

Raise Parcel Post Limit.

Authority to increase temporarily the parcel post weight limit to 125 pounds so buyers of army food may take full advantage of their opportunity was granted to postmaster general last Friday by the interstate commerce commission. It also was announced that buyers might place several orders at the same time without paying the initial postal charge of 5c a pound more than once. Orders must be in writing and in duplicates. They will be filled in the order received.

John Quincy Adams' Toast.

I cannot ask of heaven success, even for my country, in a cause where she should be in the wrong. My toast would be, may our country be always successful, but, whether successful or otherwise, always right.—John Quincy Adams.

Town and Country.

A town man occasionally can shape his business so that he may lie down beside it and take a nap. But a farmer, after his regular work has been attended to, always has a well to dig.—Topeka Capital.

Hardly.

J. Fuller Gloom—I do not believe that a bald-headed man can stand on a tall step ladder and paint a ceiling with a leaky brush and at the same time sing a hymn to do any good.—Kansas City Star.

Charcoal Eph's Thought.

"What I calls comfort," said Charcoal Eph, as he reached for the ham, "is w'en a man can turn down a five-dollah job 'kase he done got half a dollar in his pocket. Try some salt, Mister Jackson."—Richmond Times-Dispatch.

One of Nature's By-Products.

Among the industries that have developed at Niagara is the manufacture of artificial graphite, now largely used for purposes of lubrication. Graphite is also employed in many electro-chemical processes.

Abuse of Words.

Among the sources of innumerable calamities which from age to age have overwhelmed mankind, may be reckoned as one of the principal, the abuse of words.—Exchange.

Triumph of Justice.

When we attack only injustice, sooner or later we must triumph. In order to insure triumph, then, wish nothing but what is just. Respect the rights even of those who have trampled your rights under foot. Let the safety of liberty, the property of all, without exception be sacred in your eyes, for duty extends equally to all.—Lamennais.

Tantalum Pens.

Tantalum, owing to its hardness, makes good material for writing pens, which are less expensive than iridium-tipped gold nibs. It is claimed that pens from this metal treated with a special hardening process, proves superior to all others and are uncorroded by any inks.

Women.

The women of the old dramas and the old novels are not more womanly women than the tax-paying, self-supporting women of modern life.—Exchange.

Recruiting.

"You say the auto struck you and sent you flying?" "Yes, sent me flying." "Did it have on it any distinguishing mark?" "Yes, a placard reading, 'Join the Aviation Corps.'"

High Finance.

Stella—"I wish I knew where I could steal some money in a law-abiding and respectful way!" Bess—"Dear me! What do you want of so much money as that?"—Life.

Bricks and Pipes From Lava.

It is believed that, with proper machinery, sewer pipes and bricks can be molded from the lava of active volcanoes in exactly the same manner as pipes are molded from molten material in foundries.

Physical Valuation.

The young lady across the way says she saw in the paper that the railroads are giving a great deal of attention to physical valuation, and she doesn't suppose there's any business where it's more important to have the employees in good health.—Cartoons Magazine.

Building Nearly Completed.

Carl Froseth's new brick building on LaBree avenue is rapidly nearing completion and workmen will begin the installation of the store front in a few days as well as begin the laying of the hardwood floor. The new structure will give Mr. Froseth additional floor space for his harness shop and shoe store and he expects to move into the new quarters the last of this month.

Fined $10 and Costs.

Leo D. McAdams was fined $10 and costs in Municipal court Wednesday morning after pleading guilty to a charge of assault and battery, on complaint of And. Ness. McAdams, who has the contract of placing a retaining wall at the east foot of the walking bridge, became involved in an altercation with Ness, inspector, as to the amount of cement being used in its construction. The argument was followed with blows.

For Census Enumerator.

Olaf A. Fetvedt of Fergus Falls, has been appointed as census enumerator for the Ninth congressional district. The government will soon engage upon the work of making the 1920 census enumeration and the bureau is actively engaged on the preliminaries. Mr. Fetvedt's district comprises the counties of Otter Tail, Norman, Pennington, Polk, Red Lake, Roseau, Wilkin, Becker, Clay, Clearwater, Kittson, Mahnomen and Marshall. According to the last census (1910) the district had a population of 206,430.

Rates Are Sustained.

A decision by the Railroad and Warehouse commission, handed down last week, is of interest to the people of Thief River Falls. The Northwestern Telephone company had served notice of an increase and a number of telephone subscribers entered a protest. The rates asked are practically the same as in Thief River Falls, in some instances a little higher. The commission overruled the objections, determining that the new rate was based on the actual cost of service and did not take into account an interest on investment nor profit from the business.

Goodridge Community Dance.

On August 16 there will be a community dance given in the Goodridge hall for the purpose of raising money to defray the expenses of the Tri-County fair to be held there on Sept. 20, 21 and 22. This is the first event of the kind to be attempted by the residents of eastern Pennington, western Beltrami and southern Marshall counties and is looked forward to with a great deal of interest. Goodridge was selected as the place for holding the fair and the people there are anxious to make a good showing. They invite everyone to attend the dance and promise that they will have a good time.

An Unusual Opportunity.

To find a place where hardware is being sold at reduced prices these days is indeed unusual. Prices generally are on the upgrade and any reduction is welcomed. J. H. Hermanson is making some rather astounding cuts in the price of his wares previous to the removal of his business to new quarters. The sale does not open until next Wednesday, Aug. 20, but he has already been besieged by those who saw the announcement of his sale in The Times and are anxious to take advantage of the bargains offered. Mr. Hermanson says it costs a whole lot of money to move hardware around and he is willing to let the people move it direct to their homes by making the price so low that they cannot afford to do otherwise.

Want an Army Blanket?

Coincident with the announcement by the war department that the prices on surplus army food will be adjusted from time to time to conform with the reductions in retail markets on similar commodities, which is taken on an indication that the retail dealers already are beginning to feel the effects of the government's action of placing vast quantities of stores on the market, it was announced on Monday that the war department will also offer to the public two million surplus blankets. These include all grades and will range in price from $6 for the best all wool to $1.25 for reclaimed cotton blankets. The sale and distribution of blankets will be conducted through the postoffice and municipal channels on the same plan as the foodstuffs are being handled.

Soldiers Are Full Citizens.

Clerk of Court Adolf Eklund, has received a notice from Naturalization Examiner R. K. Doe in which attention is called to the law approved by the president on July 19, and which has reference to certain exemptions enjoyed by any alien who fought in the late war. The law specifies that any alien who comes within the terms of the provision does not need a certificate of arrival or declaration of intention, but must be examined by the naturalization officer before the local clerk of court has a right to take his petition.

This means that any soldier or sailor of the United States who has been honorably discharged may receive his citizenship papers even though he had not declared his intention at the time of his acceptance into the service, and that no first papers are necessary in his case.

STEINER

Misses Celia and Inga Saugen drove to Newfolden Tuesday to visit friends and relatives there.

Harvey Copp transacted business in Thief River Falls Wednesday.

Arthur Simonson and Adolph Ruprecht rented hay land from S. R. Rogers.

William Sorenson of Rosewood visited at the J. Meyer home Sunday.

Miss Ruth Solem, who has been attending the six week's term at the Crookston Normal, returned the first of the week.

Mr. and Mrs. J. A. Russell called at the S. R. Rogers home Sunday.

Henry Rogers transacted business in Thief River Falls the first of the week.

John Batten and son, Roscoe, were in Steiner Wednesday.

Mr. and Mrs. John Meyer and family attended church at Holt Sunday.

Paul and Andrew Kisch transacted business in Steiner on Monday.

Rev. and Mrs. J. Orrock of Thief River Falls, called at the J. A. Russell home Wednesday.

Pearl and Ruby Warring were in Steiner Tuesday.

R. Werner transacted business in this village the first of the week.

Miss Frances Riedl attended the fair at Thief River Falls Wednesday.

Irvin and Kenneth Russell visited here Sunday.

Emil and Paul Koglin transacted business in Thief River Falls the middle of the week.

Mr. LaRoe of Thief River Falls conducted services in Steiner Sunday.

Citation For Hearing on Petition to Sell, Mortgage or Lease Land.

Estate of Marion L. Cooper.

State of Minnesota, County of Pennington, in Probate Court.

In the Matter of the Estate of Marion L. Cooper.

The State of Minnesota to Wesley C. Cooper, Charles J. Cooper, George Edwin Cooper, Bernice May Cooper, and all persons interested in the sale of certain lands belonging to said estate. The petition of Robert McGinn as representative of the above named estate, being duly filed in this court, representing that it is necessary and for the best interest of said estate and of all interested therein that certain lands of said estate described therein be sold and praying that a license be to him granted to sell the same.

Now, Therefore, You and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court Rooms, in the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 5th day of September, 1919, at 10 o'clock A. M., why the prayer of said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 14th day of August, 1919.

IRA C. RICHARDSON,
Judge of Probate Court.

(Court Seal.)

D. A. NAPLIN,
Attorney for Petitioner.

a14-21-28

COAL and WOOD

Order now or take a chance of being left in the cold when winter sets in. There is a shortage of coal at present and this will become more acute later on.

We are now taking orders for coal. Where buyers will take the fuel direct from the car themselves the cost will be considerably less. Where this cannot be done we will deliver.

Do not delay. Every agency, from the government down, is warning of a fuel famine this coming winter.

We also handle wood and can deliver on short notice.

FEDERAL FARM LOANS

We have just made an arrangement whereby we are to act as agents of the government for making farm loans in this territory under the

Federal Farm Loan Act

This means that we shall be able to make large loans on farms in accordance with the new and increased valuations of Pennington County land.

We will make such loans quickly and without any "red tape. Borrowers will have all the advantages and benefits which go with the government plan for loaning money to farmers and at the same time borrowers may deal with us personally from first to the last.

We have undertaken to act as agents under the FEDERAL FARM LOAN ACT so as to be able to give the best possible financial service to this community and in addition to our usual custom of loaning money on farms with our own funds.

Let us talk with you about your farm mortgage loan and explain all details.

Higher Telephone Rates Throughout the Country

The telephone industry has been affected by the same conditions which caused higher prices in every other business.

The increased expenses the telephone companies have had to meet has necessitated an advance in telephone rates throughout the country.

The cost of furnishing telephone service depends on the cost of producing it. The telephone companies everywhere are paying employees higher wages and paying more for materials than formerly.

Prices are on a *permanently higher level* and we must of necessity adjust our business to meet this new condition.

NOTICE

All bills against the fair association, except for prizes and premiums, must be presented on or before August 20th, 1919, or they cannot be paid out of this year's budget. Premium checks will be mailed out as soon as it is possible to get them out. This will probably require two weeks' time.

G. HOWARD SMITH,
Secretary.

Local Notes

Henry Olson left on Sunday for the purpose of securing employment.

C. D. Sitz left for Virginia on Saturday to attend to business matters.

Sam Rosen, of Red Lake Falls, was a business caller in the city the first of the week.

Charles Nelson, Mavie merchant, came in Tuesday morning on a brief business trip.

Mrs. M. Roberts of Warroad was a business caller in this city Tuesday and Wednesday.

Mrs. James Farr, Jr., left Saturday for Marshalltown, Ia., to spend some time visiting with friends.

Miss Ruth Vik, graduate of the local high school with the '17 class, returned Saturday morning to her home in Strandquist, following a visit with her many friends here.

The Girls Community club will meet at the Commercial club rooms as usual Monday evening.

Mrs. R. Moran left Wednesday for Crookston where she will visit for a week with friends and relatives.

Sheriff W. J. LaBree passed Tuesday at Warren attending to business matters connected with his office.

Mrs. J. B. Olson arrived Monday from her home at Dugdale and is visiting at the C. G. Gulrud home.

Miss Bertha Olson came over from Warren on Saturday evening to visit with friends and her uncle, J. Olson.

Mrs. O. G. Storholm and children departed Saturday for McIntosh, where they are visiting with friends.

J. Thill, who is employed in Wylie spent the week-end with his family in this city and returned Wednesday.

Mr. and Mrs. E. O. Mogenson motored to Maple Lake Tuesday where they will remain for a week's vacation.

Misses Peggy and Nellie Ives of Brainerd, Minn., were guests of Miss Alice Gobler Tuesday and Wednesday.

Miss Ida Tandberg departed on Monday for Grafton, N. D., where she will visit for an indefinite period with friends.

Miss Martina Stordahl left Wednesday for Fargo where she will visit for a week or two with friends and relatives.

Mrs. G. Jurick left on Monday for a trip to Streeter, Ill., where she will remain for several weeks visiting with friends and relatives.

F. B. Bailey, former resident of this city, returned to Mahnomen Saturday, after having been in attendance at the county fair.

Mrs. Nettie Holrin arrived Saturday morning from her home at Grand Forks and is a guest at the home of her sister, Mrs. T. Wold.

Mrs. Agnes Warring, who has been visiting for the past week at the home of her mother, Mrs. I. Olson, returned to her home in Steiner Wednesday.

Mrs. S. R. Robinson, who has been visiting at the home of her sister, Mrs. F. H. Herrick, left this morning for her home at Oslo, after a week's visit.

Miss Dorothy Miller, who has been visiting at the home of Dr. and Mrs. G. A. Penney for the past two weeks, left Monday morning for her home in Fergus Falls.

Miss Belle Hermanson departed on Monday afternoon for a visit with her friends at Halstad, Hillsboro, and Fargo, N. D. Halstad is the old home of Miss Hermanson.

President R. H. Ross of the Times Printing and Manufacturing company, left Monday evening on a business trip to St. Paul. He is expected back Friday morning.

Miss Marguerite Sully, of Cass Lake, is a guest at the home of Mr. and Mrs. P. J. Keating. She arrived Saturday evening. Miss Sully is a sister of Mrs. Keating.

Mr. and Mrs. J. S. Levian and daughter left Wednesday morning for Middle River where they will visit at the home of Mrs. Levian's parents, Mr. and Mrs. J. Moberg, for a month.

Rev. I. T. Anstad and Rev. A. N. Skoverboe left the first of the week for Moorhead to be in attendance at the annual meeting of the Home Mission committee meeting for the northwest district.

Miss Margaret Berglund who has been employed at the Model Steam laundry for the past six months, left Wednesday for her home in Steiner, where she will visit for a week or ten days.

Mrs. J. A. Ralston and children, and Lloyd Ralston, recently returned from two year's service in the navy, left Wednesday for Middle River, where they will visit for a week with friends and relatives.

Reuben Aga motored back to Thief River Falls on Monday from Moorhead and Fargo, after a brief stay at the two cities. He was accompanied by his sister, Mrs. S. T. Sorenson, who is visiting here.

Mr. and Mrs. Nels Larson and daughter, Miss Edna, returned last week from an auto tour through Wisconsin and Minnesota. They were accompanied as far as Milwaukee by their son, Dr. C. M. Larson.

Mr. and Mrs. Lars Larson of Waukon, Ia., arrived last week for a short visit at the home of their daughter and son-in-law, Mr. and Mrs. Albert Engen of this city. They left Monday morning for Fosston to visit other relatives.

Miss Evangeline Burns returned on Tuesday from Baudette, where she had been visiting at the Kennedy home for about a week. She was accompanied on the trip to this city by Miss Marion Kennedy, who is a guest at the Burns home.

Mr. and Mrs. J. A. Gelhaug and children and N. J. Rippy of Baudette, who visited the past week at the home of Mrs. L. Fossum in this city, left Friday afternoon by auto for Oslo where they will spend a few days before returning to Baudette.

Leon Brooks was a business caller in this city Wednesday. Mr. Brooks recently returned from overseas service, and has been visiting with relatives and friends in Wells, Minn., for the past month. He will continue his work in the real estate business in Greenbush.

H. E. Ives, former clerk of court, accompanied by his two daughters, Peggy and Nellie, was in the city for a short visit the first of the week. Mr. Ives is now connected with the state board of control and has been in this section in the interests of that body during the past month.

Nels Hovde took his departure on Sunday for New York City, from which port he will board an ocean liner bound for Christiania, Norway, where he will remain for some time visiting. Mr. Hovde is among the first from Pennington conuty to make a trip to the old world since the war ended.

Miss Laura Stopple, assistant manager of the Dalquist millinery shop, left Saturday evening for Alexandria where she will visit over Sunday with her parents, Mr. and Mrs. J. J. Stopple. Accompanied from this point by her sister, Miss Onata, they left Sunday evening for St. Paul and Chicago, where they will complete the purchase of their fall and winter stock.

Glenn Farr returned Monday morning after an absence of over two years. Glenn was employed in San Francisco by the Southern Pacific railroad when war was declared and he immediately heeded the call to the colors and enlisted in the medical corps for service in France, but the orders were changed and his outfit was sent to the Hawaiian islands, where he remained for twenty months at Honolulu. According to young Farr, the climate is ideal on the islands but it gets some hot. He intends to make this city his home with his parents.

Mr. and Mrs. Olaf Tessum and Mr. and Mrs. Gynther Tessum, accompanied by Miss Evelyn Tessum, returned to the city last Thursday via the motor route from points in Montana, where they had spent a month visiting with friends and relatives. The party left July 8th for Vinanda, Mont., where they stopped for several days and were the guests of Mrs. O. Tessum's brother, after which they proceeded to Roundup. Here they visited with relatives and at Grass Range they were guests of Mrs. Olaf Tessum's brother and sister. They then motored back to Roundup and were joined by Mr. and Mrs. A. J. Anderson, formerly of this city, and the two parties left for a sight-seeing trip to Yellowstone park in Wyoming. Owing to the severe forest fires that were raging around Missoula the Tessums did not proceed beyond that city but returned to Vinanda and began their journey back to Thief River Falls. Miss Mildred Tessum, who accompanied her parents to Vinanda, remained there to visit for an indefinite period.

No Arrests During Fair.

The police department, for the first time in its history, was not called upon once during fair week to make an arrest. This is a record that is hard to beat considering the large attendance at the 1919 show.

Given Rousing Charivari.

An event in connection with the marriage of Fred Scanlan to Miss Elva Bartlett that will no doubt live long in the memory of the newlyweds occurred on Sunday evening, when a large number of the benedict's friends serenaded the Scanlan residence near the roundhouse and gave them a rousing charivari. The groom was given time to dress after passing the cigars around, after which he was placed on the hood of an automobile and taken to the downtown section of the city at a late hour. The proprietors of Black's Sweet shop were aroused from their peaceful slumbers and asked to open the shop and serve a lunch. This was promptly done and in the meantime an automobile was speeding towards the Scanlan home to return with the bride. A bountiful lunch was served in short order and after presenting Mr. and Mrs. Fred Scanlan with a neat sum the party disbanded. On Sunday morning a miniature charivari was staged by Mr. Scanlan's railroad co-workers upon the newlyweds' return from Crookston.

SOCIETY and Club

In Honor of Miss Vik.

Miss Mary Prichard entertained Saturday afternoon at her home, a number of her girl friends, in honor of Miss Ruth Vik, formerly a local high school girl. The afternoon was spent in sewing and singing, lunch being served at six. The color scheme was green and white and was successfully carried out in both reception and dining room.

Entertained.

Miss Doris Halvorson entertained a number of her friends Tuesday evening at her home. The evening was spent in enjoying musical selections rendered by Miss Halvorson and other members of the party. A delicious two-course luncheon was prettily served in the dining room, which was beautifully decorated with baskets and vases of garden flowers.

SinClair-Foley.

William J. Foley and Miss Elsie R. SinClair were united in marriage at the Presbyterian manse on Saturday morning, August 9, Rev. R. L. Barackman officiating. The newlyweds left the same morning for Rainy River, Ontario, where Mr. Foley is in the employ of the railroad. The groom is well known in Rainy River, having gone with the northern Beltrami boys and served overseas with the American forces, being recently discharged.

The bride has practically grown up in Thief River Falls, coming here many years ago and completed her education in the city schools.

This young pair go accompanied by the best wishes of a large circle of friends and acquaintances.

Band Dance Big Success.

The dance given by the Thief River Falls band last Thursday evening proved a success in every way. Promptly at ten o'clock the band's twelve piece jazz orchestra began the evening's dance program and the crowd then averaged fifty couple. This was later enlarged and at twelve o'clock over one hundred and forty couples were tripping the light fantastic. The style and class of music was commented on favorably by all, and everyone declared it to be the best of the season. The early ones stayed until the last note was played and it was a hard matter to disband even though the clock hands were pointing to the wee small hours of the morning. The band promised, however, that they would give another of these enjoyable affairs in the near future. Refreshments were sold by the Elks at one corner of the large hall.

Bartlett-Scanlan.

The many friends of Fred Scanlan and Miss Elva Bartlett were given a surprise Saturday evening when news of their wedding was received. The young couple went by auto to Red Lake Falls and were unable to secure a minister to tie the nuptial knot at that place so they continued the journey to Crookston, where the ceremony was performed. They returned the next day and are now at home at the residence of Mr. Scanlan's parents and expect to remain there during the winter.

The groom is well known here, having attended the local schools for a number of years and graduated in 1916. During the world war he won for himself an enviable reputation with the 151st Field Artillery, Rainbow division, with which organization he served from the beginning of the war. He took part in the principal engagements and was slightly gassed last summer.

The bride needs no introduction for she is purely a Thief River Falls girl, having practically been raised here. She also is a graduate of the local high school with the '16 class and since graduating has been engaged in teaching in various Pennington county schools. For the past three months she has been employed at The Times as reporter and will continue with her work for an indefinite period.

The Times joins with the many friends of the newlyweds in extending to them best wishes for a long and prosperous married life.

The Theatres

The Princess.

The week at the new Princess opens this evening with Frank Keenan in "The Ruler of the Road." In this play the popular star is shown at his best. There will also be a Harold Lloyd comedy.

Monroe Salesbury, the master of all emotional actors, will appear in "The Light of Victory" on Friday evening. He is supported by Betty Compson, who has heretofore been seen exclusively in comedy.

On Saturday comes the second episode of Houdini, the master mystery serial. Also popular Louise Huff in "The Little Intruder." In this play is depicted a young lady who is hired by a man to spy on his wife but who scurries away when the police appear. Matinee and evening.

There is a big extra special for Sunday and Monday, matinee and evening. "The Turn in the Road" is the title and the play is presented with an all-star cast. There will also be a two-reel Gale Henry comedy.

Tuesday night's offering is Sessue Haynkawa in "Hearts in Pawn." This is one of the famous Jap's finest works. There will also be a Capital comedy.

The Lyceum.

The program at the Lyceum opens this evening with winsome Marion Davies in "Getting Mary Married." This is a particularly clever play and Miss Davies knows how to make the most of it.

Dorothy Gish in "Nugget Nell" is the Lyceum headliner for Friday. Dorothy is the same good fellow as always and this play is a little better than most of those in which she has appeared.

Kitty Gordon is one of the big stars of filmdom and in "Adele" she has a play just a little different from most of them. It is a thriller from beginning to end. There will also be a two-reel Mack Sennet comedy.

Another big Cecil DeMille picture comes on Sunday evening. It is called "For Better, For Worse," and stars beautiful Gloria Swanson. Those who saw Miss Swanson in "Don't Change Your Husband," will not need to be told that this picture is a good one. There will be a matinee in the afternoon, prices 11c and 20c. The evening prices are 15c and 20c.

Geraldine Farrar is always sure of a good turnout here. Her latest play, "The Hell Cat," will be shown at the Lyceum on Monday.

Anita Stewart, one of the great favorites of the screen, comes on Tuesday evening in "A Midnight Romance." Nothing need be said regarding Anita but the play is said to be better than "Virtuous Wives."

Wednesday night's offering is Vivian Martin in "An Innocent Adventuress." She got into trouble for trying to help out her friends.

Matinees are given at the Lyceum on Wednesday, Saturday and Sunday.

OBITUARY

August Kuehne.

The funeral services of August Kuehne, pioneer settler of Holt and Steiner, was held in Holt Wednesday afternoon, Rev. F. J. Seltz officiating. The deceased passed away following a short illness, death being due to strangulated hernia. The deceased was 76 years of age and had resided six miles east of Holt on a farm for many years. He first settled on a farm near Steiner in 1882 and was one of the pioneers in that section. The deceased is survived by six children, three sons and three daughters, and also a wife. Interment was made in the cemetery at Holt.

DR. H. A. LEBEL.

Licensed Surgeon foot specialist, who has made several visits to Thief River Falls, is here for a week or ten days located at the Ogahmah hotel. He cures corns, bunions, ingrowing nails, and all ailments of the feet without pain.

Removes moles, birthmarks, warts, red veins, blackheads and superfluous hair, using no knife, acid or electric needle, and leaving no scar. Muscular massage given. Patients treated on Sunday. All work guaranteed. A-14-p.

Hospital Notes.

Those who have entered the Physicians hospital since last Thursday to receive medical treatment are: Mrs. Carl Rosing, Rollis; Allen Sorenson, city; Mrs. Lewis Erickson, Carbon; Mrs. I. Ghane, city; B. J. Falk, city; Mrs. Henry R. Williams, Thief River Falls; Ed. O. Olson, Radium; Miss Minnie Troland, Kratka; Wayne Wreght, Viking; Miss Marguerite Gason, city; Mrs. Huber Buck, St. Hilaire; Knute Ose, Thief River Falls; Jurie Austad, Rhoda; William Froehlich, city; Mrs. Paul Stock, Germantown; Miss Esther Crown, Wylie.

Is Given Larger Field.

Henry T. Swenson, for a number of years the traveling representative of the International Harvester company, with headquarters in this city, left on Monday with his family and will hereafter make Aberdeen, S. D., his home.

Mr. Swenson has been a very successful salesman for the big concern and his change of location is in line with their policy to steadily give competent men larger territories and added responsibility. In the new location, Mr. Swenson will have one of the best fields in the Northwest and is certain to be successful. He is an energetic capable man who will make good wherever he is stationed.

The people of Thief River Falls bid farewell to Mr. and Mrs. Swenson with a great deal of regret, but wish them all success in their new home.

There are pleasanter things than carrying a basket

And more profitable things, too.

Carrying a basket uses up your energy, takes time and spoils your temper. And it's entirely unnecessary.

We do not ask you to carry home your groceries. We can perform this service for you cheaper and better than you can do it for yourself.

And our growing business is proof that hundreds of housewives in this community feel the same way about it.

Why not let us shoulder your marketing burdens?

We'll tell you what things are good and you can trust us too because you can understand how dangerous it would be for us to advise you to buy something you wouldn't like.

When we recommend RYZON Baking Powder therefore, you can rest assured we know it will please you.

It will do anything any baking powder will do and it's fairly priced, 40 cents for a full pound tin.

O. L. CRONSTROM

The Difference

between babies fed on plenty of milk and those who get little or none may be seen every day. There's almost as big a difference between those fed on our pure rich milk and those given the ordinary kind. Try our milk in your house and watch that little one laugh and grow fat.

Shop and Railroad News

OFFER TO ASSIST IN CAR INSPECTION

MEN ALSO WILL OPERATE WRECKER IN CASE NECESSITY ARISES.

The shop men and car-repair crews at the Thief River Falls terminal of the Soo road are still out on strike and at last reports did not know of any change in the general situation.

The men resent the imputation that they are trying to endanger the lives of the traveling public by refusing to inspect trains and that they are permitting perishable freight to be ruined in transit. As proof that they have no such intentions they have this week submitted for publication in The Times copies of two letters sent by their committee to Foreman G. J. Conklin of the car department; as follows:

"Dear Sir: We, the committee of three, who are duly appointed by the Car Foreman's Labor Organization, do offer the services of sufficient men from our forces to take care of the inspection of all passenger trains operating in, out or thru this terminal."

The other communication is also addressed to Mr. Conklin, and is as follows:

"Dear Sir: We, a committee of three, who are duly appointed by the Car Men's Labor Organization, offer, under the following conditions, the service of wrecking crew during period which we are absent account of strike:

"That a member of our organization, in good standing, tests out trains which handles wrecker—a man previously serving as inspector.

"That crew shall work until all perishable shipments are taken care of and until main line is cleared. This does not include rerailing non-perishable shipments.

"That providing regular wrecking crew is not available, men in good standing in Car Men's organization, who are now on strike, be called to fill vacancies."

These letters were signed by R. A. Rupprecht, Ralph Longair, C. A. Joselin, and the last-mentioned communication bears also the approval and signatures of J. W. Hendry, assistant roadmaster, and G. J. Conklin, car foreman.

RAILROADS CANNOT BE RETURNED NOW

PLUMB PLAN ADVOCATES SAY CONTRARY RUMORS HAVE NO FOUNDATION.

Thief River Falls railroad men are strong supporters of the so-called Plumb Plan of control and operation. In order that some idea may be gained of just what this plan is, brotherhood men in this city have requested The Times to publish the following short explanation of its purposes:

Rumors have begun to spread to the effect that the railroads are to be returned to their private owners September 1. They do not have the slightest foundation. Senator Cummins, Chairman of the Senate Committee on Interstate Commerce, has publicly said that Congress could not come to the consideration of railroad legislation before September. Those in touch with the Congressional situation are convinced that the roads cannot be turned back before January first, and not then if any lively symptoms of resistance to a return to private control develop.

The Plumb Plan League was organized recently in Washington to support the Plumb Plan for public ownership and democracy in operation of the railroads. Its honorary president is Samuel Gompers, President of the American Federation of Labor. Its officers are twenty presidents of national and international organizations of railway employes. The Plumb Plan is organized as labor's solution of the railroad problems, and it will be an important factor in the railroad fight soon to begin in Congress. It also has been indorsed by several farm organizations and other bodies.

Briefly, the plan provides for public ownership with control in the hands of a board of fifteen directors; five named by the President; five elected by the managerial staff of the railroads; five by the classified employes. Ample machinery is provided for the protection of the public's interests. Only through increased efficiency could the employes receive a dividend in excess of their wages.

Receives Promotion.

Ray Spencer, who for the past five years has been employed at the Great Northern Express office in Bemidji and who for the past two months has been cashier of the American Railway Express company in Bemidji, has accepted the agency at the Soo depot in this city. Mr. Spencer relieves Alfred Paulson, who is beginning his career as a locomotive fireman. J. D. Gray, Jr., has relieved Mr. Spencer at Bemidji, and was formerly in charge of the Standard Oil station in Bemidji.

Division Jottings.

E. H. Gulden, relief agent at Karlstad, passed Sunday at Erskine.

E. F. Dolan, train dispatcher, is off on his annual vacation of two weeks.

J. Fallison, agent at Wabun, passed Sunday at Ottertail as the guest of friends.

Louis Cournyea, second warehouseman at Detroit, has been taken off by reason of a reduction in force.

G. A. Krueger, agent at Plummer, and E. J. Langevin, operator, were visitors at the division offices on Friday.

John Melgaard has begun work with the Soo Line as night caller, relieving Bernard Burggraf, who is taking his student trip as a locomotive fireman.

Glen Anderson, for the past few months employed as assistant accountant at the Soo offices, took his departure Tuesday evening for Kansas City, Mo., to begin his duties with a brokerage company. He was accompanied by his wife.

G. P. Hinton, former dispatcher at the Soo, began work August 2. Mr. Hinton left Thief River Falls in the summer of 1917 when the Russian railroad exepdition was being formed and joined the regiment that year. After returning recently he spent some time visiting with his folks in Wisconsin and other points. All of his many friends are glad to see him back on the job.

The City Churches

Methodist Episcopal Church, J. A. Orrock, Pastor—Services for Sunday, Aug. 17: Morning, Sunday school at 10. Preaching service at 11, subject: "Why I Am A Methodist." LEGAL NOTICES

Order.

State of Minnesota, County of Pennington, ss. In District Court, Fourteenth Judicial District.

In the Matter of the Dissolution of the Thief River Falls Manufacturing Company, a Corporation.

A petition having been filed in this Court by C. G. Dosland, receiver of the Thief River Falls Manufacturing Company, showing among other things as follows:

First, That the Thief River Falls Manufacturing Company was a corporation duly organized under and by virtue of the Laws of the State of Minnesota on or about the 17th day of May, 1911, and thereafter issued four hundred and sixty (460) shares of capital stock of said corporation of the par value of one hundred dollars ($100.00) per share, and that such shares were issued and sold to various persons residing in various places who are now claiming to be shareholders in said bankrupt corporation.

Second, That on the 25th day of January, 1918, the District Court of the Fourteen Judicial District within and for Pennington County, Minnesota, made an order dissolving said corporation and appointed Ole C. Morben receiver to close its affairs; that thereafter on the 21st day of February, 1919, the said Court, by order, removed the said Ole C. Morben and appointed C. G. Dosland of Moorhead, Minnesota, receiver to continue said receivership, and that said C. G. Dosland has qualified and is now the duly qualified and acting receiver of said corporation.

Third, That the total amount of indebtedness of said corporation remaining unpaid at this time is the sum of $7,529.62, besides the expenses of administration which remains unpaid at this time.

Fourth, That the assets of said corporation, undisposed of at this time, consists of $758.93, cash on hand, and claims due the receiver amounting to $778.25, all of which are now in litigation.

Fifth, That all of the property of the corporation has been disposed of.

Sixth, That it will be necessary, in order to pay said claims in full, to have recourse to the statutory liability of the shareholders of said corporation which are named in said petition, and prays that time and place for the hearing of said petition be fixed and that at such time an order be made by this Court, fixing the amount for which said shareholders and each and all of them shall be liable and upon the said statutory liability, and directing that said amounts be paid and that such order be made as shall seem just and proper in the premises.

NOW, THEREFORE, It is ordered that said petition be heard by this Court at the Court room at the Court House in the City of Thief River Falls, Pennington County, Minnesota, on the 3rd day of October, 1919, at the hour of ten o'clock in the forenoon, or as soon thereafter as counsel can be heard. And, it is further ordered that notice of the hearing of said petition be given to persons claimed to be liable as stockholders by service upon them of this order as follows: Upon residents of the State of Minnesota, whose residence is known to petitioner in the manner now provided by law for the service of summons in the District Court of said State. Upon non-residents and the persons whose residence may be unknown, such service may be made personally by delivering to them a copy of this order, either within or without the state, at least twenty (20) days before the date of such hearing, or by publication of this order in the Thief River Falls Times once in each week for three (3) consecutive weeks, the first of publication to be not later than August 10th, 1919, and by mailing a copy thereof not later than August 10th, 1919, to each of said non-residents at his last known post office address.

Dated at Thief River Falls, Minnesota, this 24th day of July, 1919.

ANDREW GRINDELAND,
District Judge.

THEO. QUALE,
Attorney for Petitioner.

In Bankruptcy.

In the District Court of the United States, for the District of Minnesota. No. 1733.

In the matter of Charles J. Matteson, Bankrupt.

To the Honorable Page Morris, Judge of the District Court of the United States for the District of Minnesota.

Charles J. Matteson of Thief River Falls, in the County of Pennington and State of Minnesota, in said District, respectfully represents:

That on the 12th day of November, last passed, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

Wherefore He Prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankrupt Acts, except such debts as are excepted by law from such discharge.

Dated this 25th day of June A. D., 1919.

CHARLES J. MATTESON,
Bankrupt.

Order of Notice Thereon.

United States District Court, District of Minnesota, Sixth Division, ss.

On this 30th day of July, A. D., 1919, on reading the foregoing petition, it is

Ordered By The Court, that a hearing be had upon the same on the 15th day of September, A. D. 1919, before said court, at St. Paul, in said District, at ten o'clock in the forenoon; and that notice thereof be published in Thief River Falls Times, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the same time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

And It Is Further Ordered By The Court, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Page Morris, Judge of said court, and the seal thereof, at Fergus Falls, in said District, on the 30th day of July, A. D., 1919.

(Seal of the Court.)
CHARLES L. SPENCER,
Clerk.

Notice For Bids.

The school board of School District No. 60, Pennington County, Minnesota, will receive bids for furnishing all labor and material necessary in and about the moving of the school house in said district from its present location in Section four, Township 152, Range 41 to a location on the southeast quarter of Section eight in said Township, 152, Range 41. Said school board will meet at the residence of the undersigned clerk in said Township on Saturday, the 23rd day of August, 1919, at which time such bids will be opened and considered.

The board reserves the right to reject any or all bids.

Dated August 1st, 1919.

M. O'LEARY,
a7-14 District Clerk.

Notice For Bids.

Sealed bids will be received at the office of the County Auditor, in the City of Thief River Falls, Minn., up till August 7th, at 9 o'clock in the forenoon, for the construction of a 10 foot, Steel and Wood Bridge, on State Road No. 2, near Kotlan's place in Town of Cloverleaf.

Plans and specifications may be had at the office of the County Auditor at Thief River Falls, or at the office of the Highway Engineer at St. Hilaire.

A certified check for 10% of the amount of the bid must accompany each bid.

The County Board reserves the right to reject any and all bids.

T. P. ANDERSON,
County Auditor.
GLENN H. MARTZ,
Highway Engineer.

Citation For Hearing on Petition For Determination of Descent of Land.

Estate of John Wacker, Decedent.

State of Minnesota, County of Pennington, in Probate Court.

In the Matter of the Estate of John Wacker, Decedent.

The State of Minnesota to Fred Wacker and Sophia Henschen, and all persons interested in the determination of the descent of the real estate of said decedent: The petition of Fred Wacker having been filed in this Court, representing that said decedent died more than five years prior to the filing thereof, leaving certain real estate in said petition described, and that no will of decedent has been proved nor administration of his estate granted in this State, and praying that the descent of said real estate be determined by this Court.

Therefore, You and Each of You, are hereby cited and required to show cause, if any you have, before this Court, at the Probate Court Rooms in the Court House in the City of Thief River Falls, in the County of Pennington, State of Minnesota, on the 20th day of August, 1919, at 10 o'clock A. M., why said petition should not be granted.

Witness, The Judge of said Court, and the seal thereof, this 31st day of July, 1919.

FINAL CLOSE OF TIMES' CAMPAIGN—SATURDAY, SEPTEMBER 13, 4 p. m.

MAY REINSTATE SOLDIER POLICIES

PAYMENT OF BACK PREMIUMS BY DISCHARGED SERVICE MEN UNNECESSARY.

According to a recent order signed by Secretary Glass, discharged men who let their government insurance lapse are given the privilege of reinstating their policies within 18 months without payment of back premiums. Misunderstandings and ignorance of what is necessary to keep policies in force are given as the main reasons why three out of four men leaving the military and naval forces are permitting their insurance to lapse.

The new reinstatement regulations, one of a number under consideration designed to make it possible for every discharged soldier, sailor and marine to continue government insurance after return to civil life, is regarded as the most liberal offer ever offered by any insurance organization. The only requirement is that the men requesting reinstatement must be in as good health as the time of discharge, and must pay the premium for the one month of grace in which his insurance was continued after he stopped payment, and the premium for the month in which he requests reinstatement. *Premium for the intervening months will not be required.*

"The desirability of service men keeping their war risk insurance cannot be urged too strongly," said John B. Sanborn, state insurance commissioner. "It is given to them at cost; it has the guaranty of the United States government behind it, and there is no probability that the opportunity to get government life insurance will ever occur again. In a sense it has been given to the soldiers and sailors as a reward for their services and it is regrettable if it should be rejected."

CHICKENS TO BEAT LIVING COST, PLAN

MONSTER POULTRY CAMPAIGN TO BE STAGED IN NORTHWEST THIS WINTER.

There is a plan on foot where the chicken yards of the great northwest are going to take a wallop at the high prices this fall—with prospects of reducing meat prices next year.

N. E. Chapman, poultry specialist at the University of Minnesota, who is co-operating with county agents of the northwest, said: "We are going to stage one of the greatest poultry campaigns in the history of the northwest this fall and winter."

According to Mr. Chapman, there are 63 poultry associations in Minnesota that are getting data on poultry raising—aiming particularly to advertise poultry and eggs as a food. In addition the circulars are going to county agents of the state who in turn are distributing them to hundreds of interested farmers and city dwellers.

"I believe there will be more poultry raised in Minnesota next year than ever before," said Mr. Chapman. "County fairs now starting over the state afford an opportunity for everyone to acquaint themselves with poultry raising methods and to gather information on the subject."

This is the time of year when flocks are being culled, he said. Most of the culling, however, will be done after county fairs have been staged, giving the doubtful breeder an opportunity to study selection. White Leghorn cockerels are now being culled for broilers as are cockerels among the rocks and reds.

Competition in poultry exhibits at county fairs will be more keen than ever this year, according to Mr. Chapman. The legislature appropriated $15,000 annually for two years at its last session to be divided among county fairs over the state for prize awards. Each county can draw up to $400 annually for cash awards in poultry shows.

STEINER

The harvest in going on in full blast. On account of wet summer and other causes the crops are reported not as good as last year.

John Swanson has erected a large new barn on his farm.

Miss Alice Solem, a nurse of the Physicians hospital at Thief River Falls, has been spending a two weeks' vacation at the home of her parents, Mr. and Mrs. Peter Solem of this place.

C. A. Swanson was a business visitor at Thief River Falls one day last week.

A large number of people of this vicinity motored to Thief River Falls last Sunday to attend the closing services of the revival meetings.

Albert Swanson of Thief River Falls was a caller at the home of his uncle, C. A. Swanson of this place, last week.

Peter Solem transacted business at the Pennington county seat one day last week.

John Christiansen and children, John and Mary, motored to the Chas. Swanson farm last Wednesday.

Miss Ruth Solem is home after having attended the summer school at Crookston for the past six weeks.

A meeting was held at the County Line school house Thursday evening for the purpose of discussing matters concerning the school.

ROSEWOOD

The following left on Monday morning for various places in North Dakota where they expect to be employed during harvest and threshing: Louis Meyers, Jacob Bergland, Olof Lappegaard and Harry Myrom.

Services were conducted at the Congregational church twice last Sunday by Rev. Werner Drotts of Viking. The young Peoples society of that church will meet next Thursday evening at 9:30 when the public is invited to attend.

Miss Ethel and Emil Styrlund of Viking were Sunday visitors among friends at this place.

Mr. and Mrs. James Johnson and family of Thief River Falls arrived here last Saturday morning for a few days' visit with Mrs. Johnson's father, J. E. Helquist.

People from almost every household attended the fair at Thief River Falls last week. Most of the farmers used their automobiles and spent the evenings there.

Miss Mabel Lappegaard returned Monday morning from Thief River Falls, where she had been visiting over Sunday with her sister, Mrs. Henry Carlson and family.

Miss Elsie Vorseth left last Tuesday evening for a week's visit with Mr. and Mrs. Jens Severson at Thief River Falls. Mrs. A. C. Vorseth went down there on the Saturday evening train and both returned on Sunday with Mr. Vorseth by car.

J. S. Prichard arrived here from Thief River Falls last Monday for a few days' stay on his father's farm, west of this place.

Miss Viola Axelson spent the week end visiting with friends at Thief River Falls.

Selmer Haugen was a Saturday evening business caller at Viking.

The Chas. Sagmoen family motored to Thief River Falls last Sunday to see Rudolph Sagmoen who is still at the hospital suffering from the effects of typhoid fever but who is now rapidly recovering and may be expected home before very long.

O. J. Dahl and O. A. Fhinn have purchased new Fords.

Harvesting on the prairies is mostly completed but no stacking as yet.

A brother of Mrs. Mattson arrived last Thursday from Albert Lea to visit here for some time. He recently sold his farm at that place and is looking about for a new place to settle. Land selling near Albert Lea, according to his statements is carried on very extensively this summer and some of it brings as high prices as $225 per acre.

NUMEDAL

Richard Joringdal and Iver Austad of Thief River Falls, spent Sunday at the former's home.

Mr. and Mrs. S. Morck and children were Sunday guests at L. P. Brandrud's place.

Albert Forslund was a caller at the J. A. Blomberg home Saturday evening.

The picnic given at the Ole Sande place was not as well attended as expected on account of the heavy rain.

Thure and Herman Blomberg autoed to Thief River Falls Saturday evening.

Conrad Ronning, George and Hjalmer Bugge were callers at Morck's Sunday.

A large number of young folks autoed to Thief River Falls Sunday evening to attend the carnival shows, but to their disappointment it did not arrive. The evening was otherwise enjoyed.

Mrs. Morck was entertained by Mrs. Joringdal Friday afternoon.

Alice Bugge left for her home at Thief River Falls last week after a week's visit at the John and Pete Bugge homes.

Mr. and Mrs. Joe Joringdal spent Friday evening at Morcks.

Clarence Johnson left Wednesday morning for North Dakota, where he will be employed during harvesting and threshing.

John Ronning has purchased a new Ford. He wants to try something a little different from a Studebaker.

Joe Osness called at the Ronning home Sunday.

Raymond McGlencoe and Bob LaCrosse of Grand Forks, were callers in this vicinity last week. They returned to their homes Saturday evening.

Carl Brink called at the E. Joringdal home Friday evening.

Thomas Joringdal and Morvak Johnson autoed to Viking Sunday.

Mathilda and Verna Morck were shoppers at Viking Friday.

Hjalmer Blomberg who has been visiting with relatives and friends at Warren, returned to his home Monday evening.

Mr. and Mrs. Morck spent Monday evening at O. Osness' home in Sanders.

Chas. Johnson was a business caller in Viking Monday.

Effie Joringdal and Iver Austed motored to Thief River Falls Sunday evening.

Citation For Hearing on Petition to Sell, Mortgage or Lease Land.

Estate of Fredrick Edenholm.

State of Minnesota, County of Pennington, in Probate Court:

In the Matter of the Estate of Fredrick Edenholm.

The State of Minnesota To Karl Fredrickson, August Fredrickson, Anders Albert Fredrickson, Johanna Ulrika Nilsson, Anna Signe Elfrida Bjurholm, and all persons interested in the sale of certain lands belonging to said Fredrick Edenholm.

The petition of Lars E. Erickson as representative of the above named estate being duly filed in this Court, representing that it is necessary and for the best interest of said estate and of all interested therein that certain lands of said estate described therein be sold and praying that a license be to him granted to sell the same.

Now, Therefore, You and each of you, are hereby cited and required to show cause, if any you have, before this court, at the Probate Court rooms, in the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, on the 5th day of September, 1919, at 10 o'clock A. M., why the prayer of said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 11th day of August, 1919.

Notice of Hearing on Petition to Vacate.

WHEREAS, a petition has been presented to the city council of the city of Thief River Falls, Minnesota, by the Independent School District No. 18, Pennington County, Minnesota, representing that said School District is the sole owner of property on the line of the public alley hereinafter described, and praying for the discontinuance and vacation of such alley, and,

WHEREAS, the said City Council has deemed it expedient that the matter of said petition be proceeded with, and has ordered said petition filed of record with the city clerk, and that notice of hearing thereon be given according to law;

NOW, THEREFORE, Notice is hereby given, that said petition will be heard and considered by said city council, at a regular meeting thereof, to be held at the council chambers, in the Auditorium, in the City of Thief River Falls, Pennington County, Minnesota, on the 8th day of September, 1919, at 8 o'clock P. M.

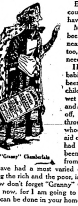
NOTICE IS FURTHER GIVEN, That the object of said petition filed as aforesaid, is to vacate and discontinue the following described public alley, to-wit:

All that part of the public alley lying between lots one (1) to five (5), both inclusive, and lots twenty (20) to twenty-four (24), both inclusive, and between the south ten (10) feet of lot six (6), and the south ten (10) feet of lot nineteen (19), in Block nineteen (19), of the Original Townsite of Thief River Falls, Pennington County, Minnesota.

Dated July 23, 1919.

A. H. AKRE,
City Clerk,
Thief River Falls, Minn.

WSS Think In Interest SAVE



I Am "Granny" Chamberlain

Everybody's friend when they have coughs and colds and their children have croup and whooping cough.

Most everyone knows me. I have been going from home to home for nearly fifty years—always welcome, too, for I never fail in their hour of need.

I have helped young mothers whose babies were choking with croup, and been the comfort of parents whose children tramp to school through the wet winter weather. Many a cold and attack of bronchitis I have warded off, and thousands I have helped through the anxious moments of whooping cough. I have come to the aid of mothers and fathers when they had colds and influenza, and have been a relief to old folks suffering from bronchitis and asthma.

I have had a most varied experience; I go everywhere—among the rich and the poor, in cities and the country.

Now don't forget "Granny" Chamberlain! You will see me often now, for I am going to tell you of my experience and what can be done in your home with

Chamberlain's Cough Remedy

Why Have Tractor Troubles?

LUBRICATING oil is inexpensive — the cost of a burned-out bearing will pay for the lubricants necessary to keep the machine in order for months. The Standard Oil Company (Indiana) manufactures three lubricating oils for tractors—

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

One of these three is the correct oil for your tractor.

Our Engineering Staff has prepared a chart showing which one will give the best results in your particular tractor. The nearest Standard Oil representative will be glad to show it to you.

Write for "Tractor Lubrication," which you will find a valuable reference book of 100 pages and we believe it will save you many days of tractor idleness with the resultant money loss.

It's free to you for the asking. Address

FARMER MOORE HAS GAINED 37 POUNDS

ALL TROUBLES OVERCOME BY TAKING TANLAC—HAD SUFFERED EIGHT YEARS.

"I suffered for eight long years before I found a medicine that would do me any good, but since taking Tanlac I have gained exactly thirty-seven pounds, and all my troubles have been completely overcome," said John N. Moore, a well known and prosperous farmer who lives on R. F. D. No. 4, Empire, Ill., while in Shorthose's durg store in Bloomington the other day.

"When I commenced taking Tanlac," he continued, "I had reached the point where I couldn't do any work at all, and was forced to hire a hand to take my place on the farm. I had suffered so much and so long with stomach trouble, I was just about down and out so far as health and strength was concerned. During all these years my appetite was very poor, and what little I did manage to eat would cause me worlds of suffering. Gas would form on my stomach so bad that I could hardly get my breath, and I would have the worst sort of cramping spells. I finally got to where I was hardly ever able to retain what I ate, and would actually get nauseated every time I looked at anything to eat. I had fallen off so much, and was so low in health that all my friends were talking about the awful condition I was in. I was very nervous all the time and never knew what a good night's sleep was.

"I heard about Tanlac, then, and I thought I would give it a trial. Well, sir, my friends and neighbors are talking differently now. They are asking me what in the world have I been taking to make such a big improvement in my condition, and it just does my heart good to tell them that Tanlac did it. It is wonderful the way I have gained in weight and strength. I can go to the field now and do as much hard work as any hand on the farm. My stomach seems to be in perfect condition, and I never have indigestion, and am not bothered with gas forming after meals. I have the best appetite I ever had in my life, and can eat just anything I want. I am free from all that nervousness, too, and I sleep just like a boy every night. Tanlac has done all that for me, and I am as well and hearty now as I ever was in my life, and as long as I live I will pass the good word along to others who suffer as I did."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

U. S. CITATIONS FOR THE BUSINESS MEN

MANY THIEF RIVER FALLS BUSINESS PLACES TO BE HONORED BY ORDER.

Many Thief River Falls business men are to receive citations from the assistant secretary of war, not for going "over the top" and charging machine gun nests or rescuing wounded comrades from "No Man's Land," but for the part they are playing in assisting returning men in giving them their former positions in civil life.

When the men started pouring out from overseas and the discharge camps, there seemed to be a desire among the men to want to remain in the larger cities and abandon their old jobs back in their old home towns. Government labor officials saw the harm in allowing the men to get this habit and strongly advised them to go back from whence they came when entering the army and remain there until they became settled firmly in civil life again. In most cases their plan has worked successfully and as an incentive to businessmen they are awarding handsome citations to the ones re-employing men, who formerly were in their employ. Citations will also be given to those who are offering to employ their former men.

These citations can be procured by writing to Arthur Woods, assistant secretary of war, Washington, D. C., and it must be stated in the letter that the employer has or is willing to give work to men who formerly were in their employ.

Many Thief River Falls business places are deserving of the honor and among those are: Evelyn hotel, Soo railway, Great Northern railway, First National bank, Citizens State bank, First and Peoples State bank, The Times, F. J. Stebbins, Brumund hotel, Daniel Shaw, A. S. Lieberman, Carl Froseth, Loken's Department store, City of Thief River Falls, Charles Swartz, Farmers & Merchants State bank, McFarland Auto company, E. O. Mogensen, Park hotel and Model laundry.

School Board Proceedings

Organization meeting of the Board of Education of Independent School District No. 18 was held in the Directors' room at the Lincoln High School, Aug. 4th, 1919, at 8 o'clock P. M.

Members present: Backe, Dahlen, Froehlich, Haynes, Myhrum and Mellby. Members absent: None.

P. O. Myhrum, a member of the Board, called the meeting to order. Dr. O. F. Mellby and Lars Backe, the newly elected members, were qualified as members of the Board.

Moved by Haynes, seconded by Dahlen, that Dr. Froehlich be elected temporary chairman. Motion carried.

Moved by Backe, seconded by Mellby, that P. O. Myhrum be elected temporary clerk. Motion carried.

On motion the board proceeded to the election of officers.

Moved by Dahlen, seconded by Backe that Dr. Mellby be unanimously elected president of the Board for the ensuing year. Motion carried.

Moved by Dahlen, seconded by Haynes, that Dr. Froehlich be elected vice President for the ensuing year. Motion carried.

Moved by Dahlen, seconded by Froehlich, that P. O. Myhrum be elected clerk for the ensuing year and that the salary of the clerk be fixed at $300.00 per year. Motion carried.

Moved by Haynes, seconded by Froehlich, that Lars Backe be elected treasurer for the ensuing year at a salary of $150.00 per year, and that the treasurer's bond of $1200.00 be furnished. Motion carried.

Moved by Dahlen, seconded by Froehlich, that F. F. Haynes be elected purchasing agent for the ensuing year. Motion carried.

Moved by Dahlen, seconded by Fro

Moved by Dahlen, seconded by Froehlich, that committees on buildings be appointed by the President. Said committees to have authority to secure requirements for their respective buildings without submitting the matter to the board. Motion carried.

Dr. Mellby accordingly made the following appointments of building committees:

Haynes and Froehlich, Northrop Central.

Backe and Dahlen, Lincoln and Washington.

Myhrum and Mellby, Knox.

Moved by Backe, seconded by Froehlich, that Dahlen and Haynes be appointed to purchase play ground apparatus. Motion carried.

Moved by Froehlich, seconded by Backe, that regular meetings of the Board be held at 8 p. m. on the second Monday of each month in the Directors' room at the Lincoln High School. Motion carried.

Moved by Dahlen, seconded by Backe that the salary of Librarian and Assistant Clerk be fixed at $75.00 per *month. Motion carried.*

Moved by Backe, seconded by Dahlen, that the salary of Head Janitor at the Lincoln and Washington buildings be placed at $85.00 per month and all other Janitors at $75.00 per month. That they shall devote their entire time the year around to this work. Care for the grounds and buildings and look after repairs, all under the directions of the respective building committees and superintendent. The Janitors shall be granted two weeks vacation during the summer period; time of vacation to be agreed upon with the building committee. Motion carried.

Moved by Dahlen, seconded by Haynes, that the Clerk be instructed to advertise for bids for the construction of curbs and concrete drive across boulevard at the Central school grounds as per specifications to be furnished by an engineer. Motion carried.

Motion made to adjourn.

P. O. MYHRUM,
Clerk.

Approved:
O. F. MELLBY,
President.

Notice to Contractors.

Sealed proposals will be received at the office of the County Auditor of Pennington County, Minnesota, until 2 o'clock P. M. Sept. 5th, 1919, for the construction of Federal Aid Project No. 67, State Road No. 1, length 3.7 miles and State Aid Job No. 1907, length 2.25 miles, which involves approximately the following items:

Federal Aid Job No. 67—
Clearing 0.5 acres.
Grading 24460.0 cubic Yards.
Ditching 3047.0 Cu. Yds.
Portable Culverts 410 Lin. feet.
Surfacing 5345.0 Cu. Yds.
1 W-36 Concrete Box Culvert.

Separate bids will be received for the grading and surfacing and the work incidental thereto.

State Aid Job No. 1907—
Clearing 4 acres.
Grading 15000.0 Cu. Yds.
Culverts 150 Lin. feet of 15 inch.

Plans and specifications may be examined at the office of the County Auditor at Thief River Falls, Minn., or at the office of the State Highway Department, 920 Guardian Life Building, St. Paul, Minnesota. Blue prints of Plans may be obtained from the Highway Department at the bidder's expense.

The right is reserved to reject any or all bids, and to waive any defects. Bids must be accompanied by a certified check for at least 5% of the amount of the bid, made payable to the County Treasurer of Pennington County.

T. P. ANDERSON,
County Auditor,
Pennington County.

Own Your Own Home

The next few years are going to see a great reduction in the number of people who pay a large share of their income out in the shape of rents. The Americans will become a nation of home owners.

Let us help you plan your home. You want one just as soon as possible and we may be able to help you. We have supplied the material for so many residences, both in town and on the farm, that we are pretty well able to guage just what you want. This service is free.

Do not hold off expecting prices on building materials to drop. It is absolutely certain that the opposite will be the case. Build now. You will save money by so doing.

Winton-Nichols Lumber Company

The Best Tractor For Wet Ground

Experience has shown that using a tractor when the ground is wet is a hard matter. The ordinary kinds dig themselves down and get nowhere.

It's Different With THE CLETRAC

Built on the plan which made army tanks famous, THE CLETRAC carries up under the wettest conditions and does satisfactory work where any other make of tractor will stall.

WAGE INCREARE IS GRANTED ALL CITY EMPLOYES

(Continued from page 1.)

mously. Those receiving a raise and the salary to be paid from August 1 are:

Chief of Police, $90.
Patrolman, $85.
Deputy City Clerk and Bookkeeper $100.
Street Commissioner, $85.
Fire Teamster, $160.
Supt. Water & Light, $160.
First Electrician, $115.
Second Electrician, $105.
First Engineer, $115.
Second Engineer, $105.
Third Engineer, $105.
Supt. of Incinerator, $75.
Janitor of Auditorium, $80.
Garbage collector, $75.
Municipal Judge, $95.

The sexton and secretary of the cemetery association were also given a $10 per month boost in salary.

Communication From Grygla.

A communication from the town clerk of Grygla township regarding Mr. and Mrs. Strassburg, who have been stationed at the city poor farm for several weeks, and who left Grygla because they claimed they were improperly taken care of, was read. The matter was referred to the committee on poor, and Attorney Quale stated the matter would be investigated and it was thought advisable to send the couple back to Grygla. The town clerk stated in the letter that they had been treated the same as anyone else in their circumstances.

Building Permits.

Two building permits were granted, the first being a permit for T. S. Brekke for the repair of his dwelling located on lot 28, block 26, and would cost in the neighborhood of $300.

A permit to repair the roof of the Johnson Furniture building on Main street was given to Mrs. Barbara Eastman of St. Paul, owner of the structure. The roofing is to be of regular roofing paper.

Bond Men Present.

Messrs. Mattson and Kunkle, representing bonding companies, appeared before the council with a view towards entering into some form of contract with the city connected with the bonds to be issued in the paving project. President Ihle stated no steps had been taken with regards to a bond issue and nothing could be done in the matter at this time.

Dr. Mellby Reports.

Dr. Mellby, city health officer, appeared before the council and reported the dumping grounds near the incinerator were in very bad shape. He stated that hundreds upon hundreds of tin cans had been dumped down the side hill and the putrifaction of the remaining material inside of the cans was causing a very bad odor, besides it was the breeding spot of hundreds of rats. Several complaints have been registered by East Side residents over the matter. He was authorized to instruct the incinerator superintendent to hereafter burn all cans before being dumped and he was also told to dump a sufficient amount of kerosene on the cans now piled near the incinerator to eliminate the odor. The health officer also reported several places about the city where water was standing and a culvert was ordered in near the old hospital to take care of a large pond that is formed after each rain and has no outlet.

Wants Light.

E. Hance, 513 St. Paul avenue south, asked the council if it were possible to extend the light wires down another block so he could connect his house. This was left to the light committee and the matter will be looked into and reported to Mr. Hance.

Pole Causes Flood.

A telephone pole placed in the gutter on the south side of the jail is the cause of water flooding the sidewalk and court house basement, according to Paul Medderigh, who appeared before the council asking that it be removed. Water cannot properly pass to the manholes with this obstruction, said the fire chief, and is the cause of a flood each time it rains to any amount.

The bond of the Bradley Engineering company, of St. Cloud, was approved and accepted. Alderman Brumund making the motion and being seconded by Alderman Benson.

Must Repair Walks.

Lars Backe, contractor, was ordered by the council to begin the repair of sidewalks on the north end of Duluth avenue, at his own expense, by reason of the walks being defective. The council ordered the walks put in over a year ago and the repair of these walks must be completed by September 1. The work will be under the direction of the street commissioner.

To Build Walks.

The resolution introduced by Alderman Benson for the construction of sidewalks along the west side of Arnold avenue, beginning at the intersection of First street running thence due south along the west side of Arnold avenue to Great Northern right-of-way, was passed. The walks in this section had been begun but owners failed to complete the work.

Brandon Elected.

There having been no vice-president of the council since last spring when Peter Myhrum resigned, the matter was taken up Tuesday night and resulted in the election of Severn Brandon.

Discuss Curbing Change.

In the discussion of changing the curbing in the proposed paving district, Supt. Peterson said that indications are that a new cable will have to be laid for the "white way", as the conduit is very poor in the present underground wires. He also said that there may be some blocks that will want the "white way" in the future and suggested that arrangements be made in the specifications for such a step. Alderman Brandon, seconded by Alderman Brumund, moved that the city clerk be instructed to write the Bradley Engineering company to make the streets uniform width in the district to be paved. On Third street there is reported to be a foot difference. In the letter to the engineering company the clerk was also authorized to notify them to provide for the relaying of the underground "white-way" cable.

The usual number of bills was allowed and the council adjourned until Saturday evening, August 16, when the water and sewer bids will be opened.

10,000 PEOPLE VISIT COUNTY'S ANNUAL SHOW

(Continued from page 1.)

instance the articles were of high order. In the woman's building a fine display of fancy work, paintings, flowers and canned fruit was shown and the educational exhibit was well represented by exhibits of all kinds from the work of the school children.

Interest in Farmers' Exhibit.

In the grain building the Farmers' club exhibits were the cause of much interest. The first place in the contest was won by the West Side Farmers' club, which was awarded a prize of $50. The Goodridge Community club took second place and was given a premium of $25 while the Silverton club gained third position, getting a $15 premium. The judges were A. M. Christianson and W. V. Gousseff of Crookston and L. H. Fudge and Geo. H. Nesom of St. Paul. The booths were judged at the rate of 100 per cent, taking into consideration the exhibit of grains, *corn, grass, clover, forage, potatoes,* vegetables, fruits and miscellaneous articles. Designing of the booth, arrangement and the industrial effect were also taken into consideration. Fair officials expect to see a stronger line of competition at next year's fair as a result of the 1919 contest and those having a booth this year will no doubt come back stronger than ever. There were also on display besides the Farmers' clubs' individual booths, many exhibits of small grains, corn, vegetables and other products of farm, orchard, garden, school and home.

Live Stock Show.

The keenest interest was no doubt centered at the new live stock buildings, built from funds subscribed by local business men and farmers. The barns were filled to their capacity and the finest herds in Pennington county were there. The show went beyond all expectations in the number of exhibits and exhibitors will return stronger than ever in future fairs.

Dairy Judging.

In the Industrial Dairy Judging contest Dennis McGinn won first prize, which entitles him to a free trip to the state fair this year and also to the St. Paul livestock show. The other winners were: Daniel Payne, Goodridge, second; Vernon Copp, third; Stewart Ferdinanson, Goodridge, fourth; Gordon LaBree, fifth; Harry McDonald, Goodridge, sixth.

Sheep Contest.

A great amount of interest was shown in the boys' and girls' sheep exhibit and in the contest Virgil Denhart, St. Hilaire, won first place; Helen Sathre, St. Hilaire, second; Alvin Stenberg, third; Ruth Sathre, St. Hilaire, fourth; Marcus Olson, fifth; Orton Olson, sixth; William LaFave, seventh; and Mabel Sterns, eighth.

In the butterfat contest Mike McAndress took first and third places while Ed. Aubol gained second position.

Poultry Exhibit.

The poultry department, which is rapidly coming to the front as an important section of the show, was a source of much comment. Some very splendid exhibits of Wyandottes, Plymouth Rocks, bantams and other varieties were on exhibition as well as several fine flocks of ducks and geese.

$2,200 For Attractions.

The total amount expended for free attractions for the 1919 fair was $2,200, and gives the public a fair idea of what it costs to put on attractions of such high order. This includes the birdman, motorcycle races and attractions furnished by the World's Fair shows. The fair board made it a point in selecting the attractions, to favor returned service men as far as possible and there was only one man on the entire program who had not served in the army during the emergency. All the motorcycle men had seen service in France as dispatch riders. Lieut. Bacon served 23 months with the Royal Flying corps out of which 9 months were spent in active service against the enemy. He is credited with having downed four planes and two balloons. Three men of the Baldwin troupe served in infantry organizations while the high stilt man served as an infantry platoon leader.

Free Acts Please All.

Without a doubt the free act program of this year's fair exceeded all former exhibitions for quality and number. Prince Okada performed both afternoon and evening in several acts of high order, the feature of his act being a slide for life from a rope fastened to the top of the grand stand.

Miss Irene Steele sang several selections each afternoon, with the Thief River band playing the accompaniment. Her songs were well received as was evidenced by the hearty applause. The Alexander Brothers in a comedy act caused much laughter from both young and old.

The feature act of the day was that of Miss Lillian Baldwin, who climbed to the top of an eighty foot pole and balanced herself by one hand on reaching the top. The act met with the full approval of everyone.

The Baldwin wire walking troupe was also well worthy of mention and the four wire artists performed several hair raising stunts, among which was the turning over in midair and landing safely on the wire by one of the troupe.

The evening program at the grounds was a feature of the fair and each afternoon's performance was repeated at night. An added attraction was given, however, when Illumino entertained in a daring tight wire walking performance.

Enjoyable concerts were rendered each afternoon and evening by the twenty-five piece Thief River Falls band, which was enlarged considerably for the three day show.

Riders Show Speed.

Motorcycle racing was featured on Thursday and Friday and the returned speed demons gave local race fans a good example of it. In the first event, a two mile time trial, Dewey Kiewel of Crookston, made the distance in 2 minutes and 27 seconds. Shorty Thompson copped the second event on Thursday by making the two miles in 2 minutes and 37 seconds, followed by Speed Johnson of Fargo, second; and Fred Green, third.

The third event was a five mile affair and Fred Green of Winnipeg came in first after an exciting race, making the distance in 6 minutes, 51 seconds. The eight mile race was also won by Green.

On Friday Shorty Thompson won in the two mile race in 2 minutes, 47 seconds, Kiewel of Crookston coming in a close second. Green of Winnipeg won the next event, a five mile grind, in 6 minutes, 21 seconds. Another five mile mill was carried off by Johnson of Fargo in 7 minutes and 8 seconds.

Favorable Comment.

M. V. Gousseff, assistant professor in animal husbandry at the university of Minnesota, stated that the Pennington county exhibition for 1919 was the best fair he had attended in this section. L. H. Fudge, of the university farm school, also commented favorably on the exposition, stating it was the best fair he had visited this year and was only exceeded by the state fair at Hamline.

HOMESTEADERS IN MILITARY SERVICE

TIME OF ENLISTMENT COUNTS SAME AS RESIDENCE ON LAND.

In spite of all the explanations sent out by the government there still seems to be considerable confusion among homestead entrants concerning the exact status of a man who left his claim to enter the army or navy. So numerous have the requests for information become that the land office at Crookston has asked the press of the section to assist in getting the facts before the people. The section of the act passed on July 28, 1917, and which covers this point, reads as follows:

"Sec. 2. That any settler upon the public lands of the United States or any entryman whose application has been allowed, or any person who has made application for public lands which hereafter may be allowed under the homestead laws, who dies while actually engaged in the military or naval service of the United States, as a private soldier, officer, seaman, marine, National Guardsman, or member of any other organization for offense or defense authorized by Congress during any war in which the United States may be engaged, then his widow, if unmarried, or in case of her death or marriage, his minor orphan children, or his or their legal representatives, may proceed forthwith to make final proof upon such entry or application thereafter allowed, and shall be entitled to receive Government patent for such land; and that the death of such soldier while so engaged in the service of the United States shall, in the administration of the homestead laws, be construed to be equivalent to a performance of all requirements as to residence and cultivation upon such homestead."

Lots o' Rain—No Show.

Burke's "Uncle Tom's Cabin" was cheated out of a performance in Thief River Falls on Monday night as a result of the heavy rain storm. The parade was given as advertised but shortly before seven o'clock it began to rain and continued for the balance of the evening. The rainfall was one of the heaviest of the season.

CARNEGIE AIDED IN BUILDING LIBRARY

DECEASED MULTIMILLIONAIRE GAVE $12,500 TOWARDS CONSTRUCTING PURPOSES.

News of the death of Andrew Carnegie on Monday, at Lenox, Mass., recalls the fact that the present beautiful library in this city owes its existence in a large measure, to the dead steel king's liberality. The total amount of $12,500 was donated by Mr. Carnegie in May, 1914, towards the construction of a new library in Thief River Falls.

The papers as to the organization of a library board in this city have been lost but a library association was formed in 1900 by a number of public-spirited women of the city with Mrs. J. Meehan as its president. The sum of $500 was raised by public subscription for the initial purchase of books and the library was heartily supported by subscriptions and the proceeds of teas, suppers and balls until it was taken over by the city government in May, 1906, and re-organized under the Minnesota Library commission.

The first home of the library was in a small building, located near where the postoffice now stands, the rent being donated by S. F. Staples.

In 1902 a small wing was added to the north side of the city hall, which stood where the court house is now situated. This building was erected by the city at the expense of $200 and was the first real aid given by the city. Here the library remained until the auditorium was completed and then a large room in the basement was set aside for the library.

In the fall of 1913 the application for the much talked of and long desired Carnegie library was made by the officers of the library board and in May, 1914, the sum of $12,500 was received from Andrew Carnegie to be used towards the constructing of a library in the city. The plans were immediately drawn by Joe Lutz, architect, and the contract let. Dedication exercises were held in July, Governor Hammond delivering the dedication address.

Those who served on the library board and were largely instrumental in securing the aid from the Carnegie fund were: Mrs. T. L. Mellgaard, Mrs. Emil Zeh, Attorney H. C. Rowberg, Lars Backe, Mrs. Daniel Shaw and Louis Hanson.

LYCEUM THEATRE *Thief River's Most Prominent Photo Play House*

Thursday, Aug. 14— Today Only
Winsome MARION DAVIES, in

You know how it is. You try to do something for your friend and——bang. Everything comes tumbling down around your own head. That's how it happens in this picture. Its the most lifelike picture you ever saw.
Also 2-reel Sunshine Comedy.

MATINEE: WED. SAT. & SUN. COMING: "CANNIBALS OF THE SOUTH SEAS." Watch for date.

CARPENTER HOME; HAD ENOUGH WAR

IS FIRST THIEF RIVER FALLS BOY TO BRING BACK BRIDE.

After serving with the Canadian forces from November 30, 1916 until August 8, 1919, Charles Carpenter, son of Mrs. Mary Carpenter, 301 State avenue north, returned Tuesday evening from overseas service accompanied by his English bride. Mr. Carpenter is the first Thief River Falls boy to bring back with him a bride.

Mr. Carpenter, who was before the war's outbreak employed near Superior, Wis., enlisted in the 8th Canadian battalion of infantry on November 30, 1916 and after a brief training course at Winnipeg, was sent overseas shortly before Christmas 1917. On reaching the other side his battalion went into a course in bayonet and trench drill and reached the front about the 4th of July, 1918. When the Canadians were making their big push before Amiens in July and August, Carpenter was wounded by a machine gun bullet, which hit him above the knee cap. He was sent to a hospital in England and reached his destination on August 17. Here he remained until the armistice was signed, much to his regret.

On the 15th of March he was united in marriage and the couple remained in England until they walked the gangplank of the good transport on July 31, and landed at Quebec.

Mr. Carpenter was discharged from the service at Winnipeg last Friday, and received a bonus of $35 a month for six months, while the men who saw service from the beginning of the war draw a higher sum.

He is at present paying his mother a well-earned visit and expects to remain here for an indefinite period. Mrs. Carpenter is well pleased with her surroundings, although they differ some from England.

Our Loyal Country Press.
(Minneapolis Journal.)

Before we get too far away from the war, appreciative record should be made somewhere of the devoted and self-sacrificing loyalty displayed throughout that period of storm and stress by the country press of Minnesota.

Almost without exception the rural newspapers of this state came to the support of the government in every possible way—often-times at great individual loss because of disaffection in their own communities. This record stands in bright contrast to what happened in some other states where country newspapers openly sought to curry favor with the disaffected element or in fear of that element remained lukewarm and voiceless.

Few states in the union are blessed with so loyal and virile a country press as Minnesota. Leaders of public opinion, the country editors in many communities headed the good fight for loyalism and patriotism. They turned the scale in some cases where sedition due to foreignism had become rife. Often they had to face loss of patronage in consequence of their strong stand for thoroughgoing Americanism.

Minnesota has good reason to be proud of its country newspapers and of their record in all war activities.

71 Per Cent Advance.

The cost of living for American wage earners was 71 per cent higher in July, 1919, than at the outbreak of the European war in July, 1914, according to the preliminary statement issued by the national Industrial conference board. This represents an advance of 6 per cent since March last and of 12 per cent since June last year. The total increase for the five year period since the beginning of the war in the average cost of each of the principal items entering into the family budget was: food, 85 per cent; shelter 28 per cent; clothing, 100 per cent; fuel and heat and light, 57 per cent; and sundries, 63 per cent.

Ditches Ordered Cleaned.

The county commissioners have ordered considerable work done on ditches within the county. Those designated for an overhauling and general cleaning out are Nos. 39, 36, 38, 49 and 34. There will also be some new work undertaken in the way of laterals to these ditches. The original drains will be extended and widened.

The board has finished the equalization work and there are quite a number of changes from the figures submitted by the assessors. In nearly every instance these alterations are in the nature of increases.

Floated Bad Checks.

Following the floating of several bogus checks on the Citizens and First National banks of this city, C. LaCrosse, of Red Lake Falls was placed in the city jail on Friday. His father came up from Red Lake Falls and immediately made good on the checks and as their was no complaint made by the banks the boy was released.

MAYOR REFUSES APPROVAL OF WAGE INCREASE

CALLS "BLANKET RESOLUTION" UNFAIR, LEAVING HIM NO OTHER CHOICE.

OBJECTS ON TWO POINTS

CANNOT SEE REASON FOR RAISING PAY OF PETERSON AND DOLAND.

The resolution passed at the last meeting of the city council providing for an increase in the salaries of practically all city employes will have to go into effect without the approval of Mayor G. A. Penney—if the council decides to carry out the original intention in the face of his objection.

Last Saturday when the business transacted at the meeting of Tuesday night came before the mayor he withheld his signature from that particular piece of municipal legislation, although he admitted that this fact would in all probability not prevent its taking effect.

States His Objections.

In an interview the mayor was very frank in stating just why he could not conscientiously give his assent to what he termed a "blanket resolution," including practically every employe of the city under one general plan of advance. "I realize fully that in most cases the advance voted was justified, and I would gladly have signed the resolution had it not been that employes of the city whom I believe are at present being amply paid for the work they are doing were included in the list. I refer particularly to Leonard Peterson, superintendent of the water and light department, and George Doland, custodian of the auditorium building.

"The salaries now being paid these men I consider ample for the work they are performing and decidedly out of proportion to the amount received by other employes of the municipality. I fully realize that it lies within the power of the council to establish the rate of pay proposed, but I cannot conscientiously lend my approval to the proceeding."

Veto of No Avail.

Mayor Penney stated that his vetoing of the resolution would simply have had the same effect, as its passage by the council unanimously indicated that there was not sufficient opposition to make such action on his part worth while. He preferred therefore simply to indicate his disapproval by a refusal to sign the resolution.

BUYING SHEEP FOR PENNINGTON FARMS

TWO CARLOADS TO BE PLACED WITH FARMERS NEAR MAVIE.

T. H. Smith and J. J. Speiler of Mavie, left last Saturday for Glasgow, Mont., for the purpose of securing two carloads or more of western sheep to be placed on farms in the neighborhood of their town. It is the intention to select at least 500 head as the first shipment, this number having already been spoken for. Should the demand continue, arrangements will be made with Montana sheep men for supplying whatever is necessary.

During the past year farmers in Pennington county have given serious consideration to the matter of securing more sheep for the section. One of the things that has helped in bringing about this interest is the inroads made by the sow thistle in their neighborhood. Sheep have been found to be most valuable in keeping down the weed, preferring it to almost any other kind of feed. Besides this there are large stretches of wild land particularly adapted to sheep grazing. It has been demonstrated that there is a good profit in raising the animals even under normal circumstances, while just at this time they are among the best revenue producers to be found.

Mr. Smith and Mr. Speiler stated before leaving that they considered it probable that the sheep could be delivered on the farms of Pennington county at a figure not exceeding $9 per head.

RETURNED SHOPMEN CLEAR CONGESTION

MEN RETURNED TO WORK LAST SATURDAY AFTER EIGHT DAY'S ABSENCE.

Work of clearing the Soo railroad yards and roundhouse of congestion was begun last Saturday morning, after the 91 men returned to work, following an eight day strike.

All the men were back at their old jobs on Saturday morning and things were soon adjusted and transportation was again normal in all classes. The men found all their jobs open and lost very little time in starting to clear up the congestion that had resulted from Their absence.

The strike was declared off last Friday over the entire country following a large meeting in Chicago. The men, who demanded a raise in wages to meet the living cost, but in preference to this a reduction in the high cost of living, gained no points in either direction but returned to work at the promise of the railroad administration to do something for all concerned in the very near future.

Stock Breeders' Meeting.

There will be a meeting of the officers and directors of the Pennington County Live Stock Breeders' association held at the office of County Agent J. J. McCann on Friday evening at 7 o'clock. The matter of arranging for the live stock sale to be held in this city in the fall will be the principal subject of discussion and it is desired that all members be present.

BABY DRINKS FLY POISON; IS SAVED

TWO YEAR OLD SON OF MR. AND MRS. BRADLEY HAS NARROW ESCAPE.

There came nearly being a second death at the home of Mr. and Mrs. Charles Bradley during the last two weeks, when on Monday their two year old son, Lloyd George, drank from a dish containing fly poison. Mr. and Mrs. Bradley lost a baby daughter just two weeks ago, after a brief illness.

The poison was standing on a dresser and his parents, always cautious to danger, did not think that the youngster could reach the dish. He however managed to get hold of it and his mother at once discovered the boy's error. On telephoning the doctor she was advised to give the boy milk until his arrival. Quick work on the part of the doctor saved the boy's life.

IMPORTANT POST FOR REV. AASTAD

MADE PRESIDENT OF NORTHERN DISTRICT OF LUTHERN CHURCHES.

Rev. I. T. Aastad, for the past twenty-five years pastor of the Norwegian Lutheran church in Thief River Falls, has tendered his resignation and will soon take up the important post of president of the Northern Minnesota district of the Lutheran churches of America.

Rev. Aastad was elected vice-president of the organization but by reason of the refusal of the president-elect act, Rev. Aastad has been asked to fill the vacancy by the board of governors.

His sudden resignation from the pulpit of the local church came as a big surprise to the congregation and it will not be an easy matter for them to accept it. A meeting of the congregation will be held tomorrow evening.

The new position Rev. Aastad will soon step into, is one of much importance. His work will take him to all parts of the northwest in the interest of the denomination. Although he will sever his connection with the local church as pastor, he will still remain in Thief River Falls with his family and make this city his home.

Rev. Aastad is the oldest minister in the city in point of service, and has preached in the same church and before a large part of the same congregation for the past twenty-five years. Coming here in 1894 after finishing his course in theology at Decorah, Iowa, he took up the work after the congregation had been organized for one year. Though there was but a small membership to begin with the congregation grew and today it has a membership that comes close to the 500 mark. Under his leadership progress was made and about fifteen years ago the church underwent repairs and an addition was built. A magnificent pipe organ, the largest in the city, was installed and many other improvements made.

Rev. Aastad is a man who is highly respected by everyone and will be generally missed, but particularly as head of the church where he has officiated for such a long term of years.

Handling Viking Cream.

Patrons of the Viking Co-operative creamery have found that it does not pay them to operate the plant at that place during certain months of the year and have entered upon an agreement with the directors of the Thief River Falls creamery that seems to be working out to the satisfaction of all concerned.

The Viking institution still maintains its own buying and selling force, does its own testing and functions in every respect the same as if the creamery there was running, but the cream is being churned at Thief River Falls. This cuts off a considerable overhead expense and has been found to give the cattle owners a better return than under the plan whereby the creamery had to be kept running whether the business warranted it or not.

At the present time the Viking patrons are sending is about 1000 pounds of cream per day, and not likely that any change [illegible] made in the present plan [illegible] considerably larger amount [illegible] is produced.

TO HONOR O. D. "VETS" SOON AT MONSTER FETE

PUBLIC MEETING CALLED FOR TUESDAY EVENING AT THE COURT HOUSE.

WHOLE COUNTY TO JOIN IN

HOMECOMING FETE WILL PROBABLY BE HELD LAST OF SEPTEMBER.

Pennington county's returned tars and olive drab warriors—veterans of the Marne, Chateau Thierry, St. Mihiel and the Argonne—and all those who were in the military service during the war, are to be honored at a great homecoming celebration and re-union to be held sometime during the last two weeks of September.

This is to be Pennington county's official welcome to the boys who donned the uniform and offered themselves to the cause of democracy during the world war that ended on November 11, 1918.

A gigantic mass meeting has been called for next Tuesday evening, August 26, to be held in the court rooms at the court house at which time plans will be formulated and a date set for the holding of the home-coming celebration. Those who have been under the impression that Pennington county had forgotten all about the boys and an official welcome, have another guess coming for as a matter of fact it has been the aim not to hold a home-coming until practically all the boys had returned, and in this way very few would be missed. Now that the transports have brought practically all the overseas boys back and those held in camps in this country have returned, steps have been taken to begin formulating plans for their welcome.

Mayor Takes Initiative.

Mayor G. A. Penney has taken the initiative and on Tuesday proposed that a mass meeting be held in the city in which representatives from every township in the county take part, while everybody in general is invited to come and make the meeting a success.

Committee Workmen.

A committee composed of Mayor Penney, T. P. Anderson, L. H. Lawrence and W. W. Prichard, Jr., started working on the celebration last evening and at their conference decided to notify the chairman of each township, who had charge of the last Liberty Loan and they are going to leave it up to him to see that representatives from his township are present at the meeting to be held next Tuesday evening. The former Liberty Loan chairmen are to be informed by a personal letter as to the procedure.

Biggest Fete Ever.

Just what the program for the big day calls for is unknown at this time but the local committee is of the opinion that it will be the biggest fete of its kind ever staged in Northern Minnesota. With the county properly organized it is certain that the homecoming celebration will be a ripping one and an affair that will be a credit to the people of the county.

Make the meeting next Tuesday a success by being present and show the returned service men you appreciate what they have done for home and country.

Be there.

SEWER JOB LET TO HOME CONTRACTORS

HOLT & GEORGE SUCCESSFUL BIDDERS FOR WORK ON EAST SIDE.

In the belief that quicksand would be encountered in the laying of sewer and water mains on the East side this summer by contractors, the city council decided to accept the bid of Holt & George for this work, at an adjourned meeting held Saturday night, altho the bid of the Dorsey Construction Co., of Duluth, was lower, but contained a proviso that if quicksand was encountered there would be an additional 15 percent charge above the figures submitted for laying the mains.

No other local bidder sought the work, but two Duluth and one Hibbing firm had bids in, all three of them being above $9,500, while Holt & George got the contract at $8,260.34, as per the following bids: The bid of J. M. Carrol of Grand Forks failed to give exact quotations on several of the items as called for, and instead quoted 10 cents per pound for such castings as might be needed. This firm also omitted the quicksand clause from their bid. Following are the figures submitted for the completed job: Holt & George, Thief River Falls, $8,260.34; J. McCarroll, Grand Forks $9,564.19; $9,644.90; any, Du-uso) $7,- pany, Hib-

PRICES ON FOOD SOLD BY GOV'T ARE GIVEN OUT

AMOUNT ALLOTED TO THIEF RIVER FALLS TOTALS 2609 PACKAGES.

SALE OPENED YESTERDAY

ONLY FEW ORDERS RECEIVED FIRST DAY, REPORTS POSTMASTER MORGAN.

The government sale of food, inaugurated with the idea of reducing the high cost of living in some measure, began at the postoffice in Thief River Falls yesteday morning. Postmaster John Morgan is in charge of the distribution and announces that certain rules must be followed by those who wish to avail themselves of this opportunity before their orders can be given any attention.

All Are Staple Articles.

There are 2609 packages in the consignment alloted to Thief River Falls, all containing food products of the more staple varieties. Included in the list, which with the prices charged will be found on Page 2 of The Times today, are flour, beans, beef, corn, bacon, soups and tomatoes, besides a number of items of prepared foods. The largest quantity of any one variety is peas, of which 2844 cans will be offered. The price has been placed at 13 cents per can. Next in quantity comes corn, of which there are 2268 cans for which 12 cents each is asked, this including the postage. There are 48 quarter-pound cans of pepper, but no salt.

Rules For Ordering.

Mr. Morgan asks every purchaser to read the rules over carefully in order that there may be no delay in delivery. No telephone orders will be accepted and personal calls will not be given any attention. All ordering must be done according to the following regulations, which have been laid down by the department and are alike for all sections of the country:

Orders from consumers must be accompanied with the cash.

Consumers must order in writing and itemize the foodstuffs desired.

Carriers in the city and rural delivery service will accept orders in writing.

Consumers must keep copy of order given to carrier, upon which the carrior will receipt for cash paid.

Orders will be filled by the postmaster in the order received.

On any orders that cannot be filled the money paid will be refunded.

Orders for a fraction of a bag of rice, beans, flour, etc., will not be accepted.

Parcel post weight limits in the case of these foodstuffs is increased to 125 lbs.

Material which the consumer claims is damaged or spoiled will be replaced upon affidavit of the consumer, countersigned by the postmaster.

Patrons can obtain order blanks from city and rural carriers or at the postoffice, and can be handed to the carriers or mailed in or handed in at the postoffice.

Citizens can purchase one can or case or any number of cans.

The city's quota of the Government stores is now in Chicago warehouses.

As fast as orders are sent in by citizens, they will be combined, requisitions will be made on the Chicago warehouse, and the food dispatched immediately.

So far as possible city carriers will deliver the foodstuffs.

Foodstuffs will be delivered by rural carriers as parcel post.

A table containing a list of the goods offered, together with prices and weights, will be found on Page 2 of this issue of The Times.

ASK APPROPRIATION TO BUY SEED GRAIN

RESOLUTION PASSED AT CLUB MEETING ASKING LEGISLATURE FOR HELP.

Unless the farmers in the flooded regions of eastern Marshall county are aided through county loans or are given an appropriation by the state legislature at its special session to buy seed grain for next spring, they will move out, is the way A. J. Anderson, of Grygla, summed it up Tuesday evening at the Commercial club.

He made a strong appeal for the farmers and said it was of paramount importance that the securing of funds to furnish them with seed grain be looked after, and thought the state legislature should appropriate a sum.

According to Mr. Anderson representatives of the Northern Division Red Cross have been out securing exact data on the farmers in the flooded regions as to the amount of indebtedness of each man and other information and this will be presented to the representative who goes to the legislature.

"Attempts have been made," said Mr. Anderson, "to enlist the help of the Red River Development association, but have proven unsuccessful and if the farmers are not helped in some way they are going to move out," he continued.

At this point it was brought up that the county board of each county has power to loan money for the buying of seed grain, but the farmers will have to make application for loans.

Mr. Nelson, a farmer residing near Holt, was present and when asked about conditions said they will not be able to cut any hay before three weeks time and that the water was still abundant.

A. J. Anderson made a motion and this was later put in the form of a resolution that the Commercial club go on record as favoring the asking of an appropriation for flood sufferers in the Mud Lake region. The resolution was passed unanimously.

INDIANS FAVOR IDEA OF PROPOSED ROAD

CONG. STEENERSON WILL BE ASKED TO AID IN ROAD PROJECT.

Indians at the Red Lake reservation are enthused about the idea of the proposed road to Red Lakes, according to Daniel Shaw, who is in receipt of a letter from Mr. Head, in charge at the Indian agency. The project of building an additional road of 23 miles to the state road east of Thief River Falls to the Red Lakes was discussed Tuesday evening at the Commercial club meeting and Mr. Shaw reported the matter at that time.

Mr. Shaw stated that following the Commercial club meeting of two weeks ago at which time the project was taken up briefly, he wrote a letter to Mr. Head, in charge of the Red Lake agency and asked him, as a citizen if he thought any objection would be raised. A reply was received recently from Mr. Head and he was of the opinion that there would be no objection, and stated further that the Indians liked the idea.

Deciding that it would be difficult to handle the matter locally, Secretary G. H. Smith was instructed to write to Congressman Steenerson, who will negotiate with the Indian department at Washington for permission to build the road. It is thot that the Indian department will act favorably on it.

In describing the plan Mr. Shaw said that by building the road straight east for 23 miles it would bring one directly north of the narrows of the lake. At this point there is a large tract of high ground and ample room for an excellent playground. Mr. Shaw made it plain that the lake did not form from swamps and stated that surrounding the lakes is some of the finest bathing beach in North America.

RAIN CONTINUES TO DELAY HARVESTING

THRESHING WILL BE IN FULL SWING BY END OF WEEK IF WEATHER IS GOOD.

The rains of last week set back the cutting of grain for several days. Many of the fields have started to go down and the grain is shelling out so rapidly that the entire field will be a total loss. Several farmers are cutting their oats with the mower, planning on using the crop for hay. In the western part of the county the cutting has been completed as the soil is more sandy and dries out much quicker which enables the farmers to do their harvesting in spite of the heavy rains.

If the weather continues clear threshing will be in full swing at the close of this week at least. Threshers are evidently beginning to prepare for operation for the latter part of the week as numerous calls for threshing hands are being received at the Farm Bureau office. Rye threshing has already started and yields of 25 bushels to the acre have been reported. Much of the rye and wheat have been damaged by the hot weather during the last part of June shriveling the grains which will greatly decrease the yield of these crops.

May Play at Baudette.

Director D. J. Cordes has been negotiating with the managers of the Northern Beltrami County Fair association, who are desirous of securing the Thief River Falls band boys to play at the first annual exhibit which will be held in Baudette on Sept. 12 and 13. A committee composed of five Baudette men, J. J. McCurdy, J. U. Williams, O. H. Oden, W. F. Zauche and Matt Hendrickson has been appointed to take full charge of the fair, and they will handle the premium list and other details. The sum of $325 from the county was received to help out in the matter of prizes and the indications are that the fair will be a success.

Stepped on Nail.

Harry Roberts, painter and paper hanger, is forced to go about with the aid of two crutches as the result of having stepped on a nail Monday afternoon when the step of a porch broke. In the fall Mr. Roberts also twisted the cords of his left leg and the two make an injury that is everything but pleasant.

TWO CARS AWAIT THOSE MOST WILLING TO WORK

CLUB MEMBERS SHOULD SEE TO IT THAT EACH DAY FROM NOW ON IS A VOTING DAY—DON'T MERELY WISH AND LONG FOR THE CLOSE IN ORDER TO LEARN YOUR FATE—YOU CERTAINLY CAN'T WIN BY SITTING AT HOME.

MAKE NEXT FIVE DAYS NET YOU TWICE THE POINTS OF ANY PREVIOUS TEN

THE SPECIAL OFFER OF 100,000 EXTRA POINTS FOR EVERY $30 WORTH OF SUBSCRIPTIONS TURNED IN BY WEDNESDAY, AUGUST 27th, 6 p. m., MEANS YOU STILL HAVE POSSIBILITIES UNBELIEVABLE. MAKE STRONG EFFORT THIS WEEK.

At this stage of The Times' subscription campaign it would be a mighty hard matter to predict just who would win the two automobiles that will be given away, Saturday, September 13th, at 1 o'clock p. m. Always at this period of the race club members are more determined, more enthusiastic and possess plenty of perseverance which generally wins out in the end. They realize that every subscription secured now has a "telling blow" towards winning one of the motor cars and that "loafing" now would mean "losing."

Spurred on by the possibilities offered this week of the 100,000 extra points on each $30 worth of subscriptions turned in by Wednesday, August 27th, 6 p. m., workers will quickly take advantage of this splendid opportunity to build up many clubs before the close of this most liberal offer. And incidentally get a little closer to one of those fine motor cars.

Energy Will Do It.

The extra point offer announced today, although considerable smaller than the one just closed, opens the way for those who dropped a notch in the point standings last week, but fortunately for those not in the lead and unfortunately for those highest now, the race is just starting on one of its most important periods, and the final close is some weeks distant. Club members who dropped a notch, will start working with renewed energy during the 100,000 extra point offer now in force, to regain lost ground, and it can be done now with ease. The ambitious workers still have possibilities unbelievable. One can quickly rise from the very bottom to the top of the point list—all by a little energy.

No Extra Points Last 3 Days.

Inasmuch as this offer will not be repeated and none in the future will be as good, the advisability of securing as many $30 clubs as possible is readily apparent. Never again will you be able to get as many extra points for your work. The next offer, if any, will be considerable smaller and the last three days of the campaign will close on just the regular amount of points issued according to schedule.

Already several workers have developed wonderful strength on these last but all-important, decisive days, demonstrating that friends are working faithfully and enthusiastically in their behalf. The Times' campaign has been, and is, the theme of conversation in hundreds of homes. But the question of paramount interest to all is—who will win those two classy automobiles? That remains to be seen, of course, but right here we want to say a word to you club members who are counting the hours between now and the final close. You may, with a heart-hungry desire, look and long for the close so that you might learn your fate, whether one of those motor cars will go to you or someone else. But isn't it a fact, that the more you long and wait for the end, the further away it seems?

All Over Sept. 13.

For your own good, club members, don't waste any time watching and waiting for the final close. You well know the harder you work and the more you put your heart and soul into any undertaking, the quicker time will pass by. And good hard work will bring more than that, it will bring big returns and may win for you one of the finest motor cars that was ever put on the market. With the proper effort you will be able to accomplish far more than you probably thought possible.

This campaign will soon be over so start out now and make this week your greatest and best since the first announcement. Don't slow up during these last few weeks. Go after every subscription "hot and heavy." Don't let a single order get away from you. Keep up your spirit for if you lose hope at this stage of the race, your friends lose confidence in you and really and truly you are doomed to finish near the foot of the ladder. Make your next report a record-breaker. Work hard. Do your very best! That will win!

How Club Members Stand.

The largest and best voting power of the entire campaign is over. It was indeed a wonderful opportunity for the ambitious workers to forge ahead in the race for the free automobiles and the standings today show that great changes were made. Today's extra point offer opens the way for you to lead next time.

Club Member	Points
Frank McKnight	324,350

NO SUGAR, NO JARS; WOMEN'S PROBLEM

HERRICK SUGGESTS HOUSEWIVES PUT UP FRUIT IN KARO SYRUP.

A car of peaches was received on Monday by the Thief River Grocery and housewives have been trying hard to solve a conundrum which they have encountered since. It is that of preserving this delicious fruit for there is no sugar to be had in the city, the stores having for some time past been dealing out this article in 50 cent and dollar packages only, and more often in only 25 cent packages.

Another peculiar situation has also arisen in connection therewith, that of securing jelly glasses in which to put up fruit. The bountiful supply of wild raspberries, blueberries, June berries, choke cherries, pin cherries and highbush cranberries led housewives to put them all up in larger amounts than ever before.

The result is that there is not a jelly glass to be bought in the city and dealers state they cannot get another supply as wholesalers report an abnormal demand and the jobbers' stocks exhausted. Pint jars are also off the market but quart and half gallon jars are still obtainable.

The solution for the housewife, according to F. H. Herrick of the wholesale house is to put up the peaches in Karo syrup as was advocated by the food saving committees during the recent war. There is a large supply of this sugar substitute and the demand is growing apace now that peaches, plums, apricots and other fall fruits are arriving.

New Superintendent Arrives.

W. A. Ziegler, superintendent-elect of the Thief River Falls schools, arrived the first of the week from Minneapolis and has been busy hunting for a place to live since that time. In spite of the somewhat prevalent impression to the contrary, there is not a modern house in the city vacant at present, while the demand was never more brisk. Mr. Ziegler is anxious to move his family here and get settled before taking up active work, but may have to change his plans.

The new superintendent will now remain here until the schools are opened for the fall term. He will at once take steps to acquaint himself thoroughly with the situation and map out a program of procedure in order that there may be no delay or confusion when work is once begun.

The Last Ball Game.

The Soo line ball team, the aggregation representing Thief River Falls on the diamond this year, will wind up its ball season Sunday, August 24, when they take on a nine from St. Hilaire.

Inclement weather for the past three Sundays has held up the games scheduled with various teams, but the round house boys have been keeping in trim by constant training.

St. Hilaire has been going strong this summer and have a number of victories to their credit. The Soo ball tossers intend to give them a good rub for the victory and will try and end the season by a win.

Several changes in the line-up are to be made for the contest and several new players will be introduced. This is the last time the local boys will be seen in action this year and those wishing to see a fast game should be at the fair grounds next Sunday at 3 p. m.

WOMAN'S CLUB MEETING.

A special meeting of the Woman's club is called for next Thursday evening, 7:30, August 28th, Commercial club. The meeting is for the purpose of electing delegates to the State Federation convention to be held at Little Falls, Minn., Sept. 24th, and to discuss matters pertaining to the programme for the coming year.

FLIES AND WET WEATHER CUT CREAM OUTPUT

THERE ARE STILL 135 PATRONS REMAINING ABOVE THE $50 MARK.

ANTON'S HERD HEADS LIST

TOTAL PAID OUT TO HIGH-CHECK MEN DURING JULY IS $11,901.18.

July did not prove quite as good a month as June for the Thief River Falls Co-operative creamery. The heavy rains in the early part of the month put a number of pastures under water and some of them have not yet recovered from the drenching. Flies and mosquitos have also been especially bad, due to the heat and wet weather, and cows generally have been working under a handicap.

In spite of all this there were 135 patrons of the creamery who managed to get over the $50 placed as the big-check limit, which is doing pretty well under the circumstances. The average for these 135 was $88.26, with the Hans Anton holstein herd heading the list. Mr. Anton received more than $10 per day for the milk and cream brought to the creamery during the month. Secretary Peter Englestad was next high man with $241.72. Following is the record:

Hans Anton	$314.26
P. Engelstad	241.72
A. J. Funnesdahl	211.53

1 Ladies' writing desk.
1 Bookcase with variety of books.
Etc., etc., etc.

JARS AT SOO DEPOT WILL BE REFILLED

EXHIBIT TO BE MADE UP WHOLLY OF PENNINGTON COUNTY PRODUCTS.

The agricultural officer of the Soo Line railway is desirous of having the display grain and vegetable jars at the Soo depot filled with Pennington County products and the matter was taken up at a meeting held Tuesday evening, at the Commercial club rooms.

A communication from Supt. W. A. Barnard, of the Winnipeg division, was read asking that the Commercial club or real estate men of the city begin the work of re-filling the large jars with products from local farms. The present display has been at the depot for many years and the products have been gathered from various places in Minnesota.

The railroad agricultural officer will furnish the Commercial club with the proper formula for preserving the exhibits.

There are about twenty-five jars all told and numerous frames where samples of grain are kept. The matter was referred to the agricultural committee of the club and no doubt steps will be taken immediately to secure some fine exhibits of grain and vegetables for the re-filling purposes. Considerable interest will be attached to the display when completed as the names of the farmers on whose farms the products were raised, can be given.

House Passes Repeal Law.

The house of representatives on Tuesday voted to repeal the daylight saving law over the president's veto by a vote of 223 to 101, seven more than the necessary two-thirds. The repeal will now go to the senate where its supporters claim a victory.

Discuss Baudette Road.

The matter of improving the road between Warroad and Baudette was discussed at the Commercial club Tuesday but as the project was out of the jurisdiction of the local club they could do nothing but go on record as favoring it. President E. M. Stanton stated that money is appropriated in each county by the state and the commissioners are left to attend to it thereafter.

Card of Thanks.

We wish hereby to express thanks to friends and neighbors for their assistance and sympathy during the illness and following the death of our son, Carl. Especially do we wish to thank the Scandinavian Lutheran Sunday school for their beautiful floral offerings and tributes to their classmate.—Mr. and Mrs. Gunder Bakke. n21p

No one can say what the milling quality of the coming wheat crop will be, but it is safe to say that it cannot be so uniformly excellent as was the last one.

Why not lay in right now a few sacks of VIVO flour made from choice old wheat?

98c

August Sale of
New Fall & Winter Coats and Furs
at a 20% SAVING if BOUGHT DURING AUGUST

AUGUST FUR SALE

We have invested more than $20,000 in Winter Furs and Coats for this August Sale, to save you as much as we can.

As we begin this Sale, for which we placed orders several months ago, and selected styles in June and July, every style and fur and fabric represented costs considerably more than when we bought it. By winter they will be still higher.

The Furs are Especially Fine
The Fabrics Richer Than Ever

As we made our selections, we were impressed with the fact that the market makes up in quality what it lacks in quantity. It is a style exhibit, too---the new 1919-20 models most of them attractively simple, will be fashionable as long as you care to wear them. ¶ Besides the saving between old prices and new we are making a special August discount on every Cloth and Fur Coat in the sale.

Purchases of Cloth and Fur Coats in August may be charged payable Nov. 1st or held on partial payment until wanted.

Seven other collegiate business courses for high school and college graduates exclusively. Fall term opens September 2. Write President A. E. Pickard for information. Catalog sent on request. a21

"Now that the war is over I'll save time and money"

We heard a woman say this recently and asked her what she meant.

"Why," she replied, "I heard so much about the patriotic duty of a woman to market personally and release delivery boys for the Service, I used to walk clear to the nearest Cash-and-Carry store. By the time I was waited on, and had my package wrapped and lugged it home, I was a nervous wreck. I never got the kind of merchandise I was accustomed to and lost money by gambling on unknown brands!"

Even if you could save 5c a day—that's 30c per week—don't you expend many times that amount in time and energy? Economy should be judged by the ultimate saving.

We save your time, your energy and your money too, because you are always sure of getting the purest and best provisions. We know the exact quality of the goods we recommend, because we test them.

Take RYZON—we were among the first to recognize that RYZON was a baking powder different from anything we'd ever tried.

The RYZON Baking Book takes the "guess" out of baking. 200 tried recipes give you a menu variety unheard of in any other manual. Original price was $1.00; it now costs 30c—ask us about it.

O. L. CRONSTROM

Mrs. Lewis Clausen returned Tuesday after a three month's visit with her sister, Mrs. Albert Anderson, at Morris, Minn.

Miss Mildred Favrow left Monday evening for Minneapolis where she will visit for a week or two with friends and relatives.

Wilfred Sandstrom of Lindstrom, Minn., arrived Tuesday to visit at the home of his uncle and aunt, Mr. and Mrs. V. Sandstrom for a week.

Miss S. Gunderson returned Wednesday from Fargo where she is employed as stenographer for the Etna Life Insurance Co. She has been visiting here with her parents, Mr. and Mrs. O. W. Gunderson.

Miss Maude Miller, clerk in the Thief River Falls Music store, has been confined to her bed since last Friday. Her mother arrived from Pelican Rapids and will remain until her daughter's condition is improved. Miss Alexandra Tharaldson is taking Miss Miller's place at the music store.

Oscar Brevik of St. Hilaire, spent Tuesday in this city visiting with friends. Mr. Brevik was recently discharged from Camp Dodge. He enlisted the latter part of '17 in the Signal Corp, and after a short period of training in the states, was lucky enough to get across. He was stationed in France until after the armistice was signed and then through a good deal of luck, managed to see the majority of the warring countries. Although the countries and peoples were interesting, he like all others, was more than glad when he caught sight of the Statue of Liberty on his homeward trip. Mr. Brevik has no definite plans made for the future.

SOCIETY and Club

Announcement.

Announcement has been received of the marriage of Miss Ione Thorson and Harrison Daves, which took place Saturday, August 16, at the home of the bride in Chester, Iowa. Miss Thorson taught in this city for the past two years, during which time she won a host of friends. The groom is a returned "Yank" and one of the prominent business men of Lime Springs, Ia., which city they will make their future home. The Times joins their many friends in wishing them success and happiness.

Parcel Shower.

Misses Una Nelson and Doris Brumund entertained Tuesday evening at the home of the former, for Miss Helen Barackman. She was presented with many beautiful and useful gifts and the evening was spent in hemming towels and making pads. The rooms were prettily decorated with various colored asters. Lunch was served to the guests about 10:30, small tables being set for four. The girls report a good time.

Byers-Gilfillan.

Harry Ward Gilfillan of Red Lake Falls and Miss Bertha Byers of Fargo, N. D., were united in marriage last Friday, August 15, at the Norwegian Lutheran parsonage, Rev. I. T. Aastad officiating. The couple left the same day for Red Lake Falls where they will make their future home.

Birthday Party.

Miss Harriet Hellquist, with the help of nine of her little girl friends, celebrated her seventh birthday last Thursday, at the home of her parents, Mr. and Mrs. C. E. Hellquist. The afternoon was spent in playing games and in enjoying a delicious lunch at five o'clock. Many little gifts were presented.

Dancing Party.

Misses Marie and Katherine Thill entertained Monday evening at a dancing party held in the I. O. O. F. hall. There were about fifty guests, all of them reporting a good time. Light refreshments were served at 12 o'clock by Mrs. J. Thill, Mrs. Stanton and Mrs. S. Swanson.

Birthday Party.

Miss Dorothy Pederson entertained ten little girl friends Friday afternoon in honor of her twelfth birthday. The afternoon was spent in playing games. A light luncheon was served at four o'clock. Miss Pederson was presented with many pretty little gifts.

Monson-Willersburg.

C. Monson and Miss Nonzie Willersberg of Hallock, were united in marriage Tuesday, August 12, at the Presbyterian parsonage by Rev. R. L. Barackman. The young couple left the following evening for Hallock where they will make their future home.

Club Meeting.

The Girls' Community club held their regular meeting last Monday evening. After hearing the usual routine of business, the evening was spent in having a good time. Light refreshments were served about ten. Twenty of the members were present.

Entertained.

Misses Ansos and Rosine Dahlen entertained sixteen of their girl friends yesterday afternoon at the home of their parents, Mr. and Mrs. H. S. Dahlen 123 Markley avenue north. The afternoon was passed in playing games. Refreshments were served at 6 o'clock.

Celebrates Fourth Birthday.

Little Miss Janet Connell, with the help of twelve little friends, celebrated her fourth birthday last Wednesday afternoon at the home of her parents, Mr. and Mds. G. W. Connell, 321 Bridge street. Miss Janet received many useful and pretty gifts.

Bjorness-Matheson.

A very pretty wedding was solemnized on Sunday afternoon at the home of Mr. and Mrs. Lars Bjorness of Newfolden when their daughter, Martha, was united in marriage to Prof. A. C. Matheson of Roseau. The bridal party entered to the strain of Lohengrin's wedding march played by Miss Pearl Shetler of this city, and took their places under a canopy of ferns and flowers, Rev. Myrher of Newfolden performing the ceremony. The bride was beautifully gowned in a dress of white crepe de meteor, with garnitures of seed pearls, and carried a shower bouquet of roses and sweet peas. Her veil of tulle was caught with a band of pearls. She was attended by Miss Alexandra Tharaldson, who wore a gown of yellow crepe de chene and carried roses. The groom had as his attendant Albert Bjorness, a brother of the bride. Elaine Lindberg, a niece of the bride acted as flower girl and carried a basket of sweet peas.

Following the ceremony an elaborate dinner was served after which the happy couple left for Minneapolis, where they will spend their honeymoon. On their return they will be at home at Roseau, Minn.

The bride is an accomplished and very charming young lady, who has the love and esteem of all who know her. The groom is at present superintendent of the city schools of Roseau and stands high in his profession.

Only the immediate families of the contracting parties were present at the wedding, the out-of-town guests being: Mrs. Peterson of Chicago; Miss Alexandra Tharaldson, Mrs. E. Hoard, Mrs. R. B. Shetler, Miss Pearl Shetler, Messrs. Henry Hoard, Herman and Eric Anderson of this city; Mr. and Mrs. H. M. Hanson and daughter of Warren; Mr. and Mrs. H. Lindberg and family, Mr. and Mrs. C. J. Sollbakke and Albert Bjorness of Drayton, N. D.

Big Bargain in a Home

As we wish to go to California for the school year I will sell at a sacrifice our property at 518 LaBree Ave. N. 100 ft. frontage, good warm, modern house in good condition. MAKE THE LAKES AN ASSET.

Thief River Falls has no lake of its own, so the best thing the city can do is make itself the gateway to a couple of good ones.

In spite of the fact that Red lake is the largest lying wholly within any one state in the Union, the general public knows but little concerning it. While this body of water may not compare in picturesqueness with some of the other lakes in the state, it is much more interesting than many of those which now attract tourists by the thousands every year. The land surrounding this lake is as yet largely Indian reservation, it is true, but this fact can be made an asset rather than a drawback. The Indians and those in charge of their affairs would be glad to have the reserve become a place where the White people of the neighborhood would come to enjoy themselves and incidentally to spend their money. Besides, it is hardly to be expected that the extensive section about the lakes will always remain Indian reservation.

At the present time it is no easy matter to reach Red lake. One can travel to within a few miles of it by auto over one of the finest graveled highways in the state, but this does not go to the lake. A movement inaugurated in Thief River Falls has for its purpose the completion of this road clear through, and the Indian authorities are said to be very much in favor of the project.

The other lake to which Thief River Falls forms, or will form, the gateway is the Lake of the Woods. When the projected extension of the Minnesota Northwestern Electric line is completed it will bring Baudette within a three hour run of Goodridge or four hours from Thief River Falls. This city will be the transfer point for those wishing to save time.

With the completion of a stub of road Red lake would be an easy two hour run from this city. This would attract tourists in large numbers but would be of even greater importance as a means of communication between local people and those on the reservation. The latter wish to be connected with the city in this manner and it is certain that the people here will do everything in their power to see that they are accommodated. It would be another step in the coming development of the section to the east of us.

DAM IS NOT TO BLAME.

In another column of The Times today is republished an article from the Grygla Eagle which attempts to show that the power dam at Thief River Falls is in some measure responsible for the flooding of lands to the north and east of the city.

It is something of a surprise to the people here to find an article of this kind in Editor Mussey's paper. No one knows better than he that what he says is absolutely untrue. He resided in Thief River Falls during the early days and knows just exactly what effect the dam has upon the flowage.

Grygla is 40 miles from Thief River Falls in a northeasterly direction, being also a considerable distance removed from the source of the Thief river. The country in the neighborhood is much higher than the river level at Thief River Falls, even when the water is at the highest possible point. The back water caused by the dam does not extend to within many miles of Grygla and there is no way of its getting back that far.

According to the government surveys Grygla is 1185 feet above sea level and Thief River Falls 1114 feet. This makes the country around Grygla 71 feet above the river level at this point. The dam itself is 12 feet high, consequently there would have to be 59 feet of water pouring over it before any of the back wash could possibly be felt in the Grygla region.

Brother Mussey simply did not stop to think of these facts when he wrote his article.

A POPULAR PREDICTION.

In an address—a very short address, by the way—delivered while on a recent trip to Baudette, General Manager H. W. Protzeller of the Minnesota-Northwestern Electric railway, stated that the road would be extended to the Lake of the Woods within two years. Every newspaper in Northwestern Minnesota has commented on this declaration, hailing it with loud expressions of approval.

It has of course been understood ever since the electric line was projected that its ultimate object was the tapping of the immensely rich region lying between Thief River Falls and the Rainy river, with the eastern terminal at International Falls. While there is hardly a doubt that this program will some day be carried out in its entirety, Mr. Protzeller's statement would indicate that for the present Baudette will be regarded as the objective of the road.

This is the most cheering news that this section has heard since the war stopped all railroad extension. Coming as it does from the general manager of the line it can safely be regarded as authentic, it being no part of the policy of men in his position to make assertions of this kind without some foundation. Mr. Protzeller, while he was unable to make the promise definite, stated that he believed that within two years trains would be running between Thief River Falls and Baudette over the new line.

While this news is gratifying to the people residing at the terminal points, it is double so to those along the line. Grygla, for instance, would be given direct connection with the outside world and all the fine territory in the Germantown and Esplee district provided with a direct outlet. In the region of the Red Lakes there is an empire awaiting transportation facilities in order to turn it into one of the most productive sections in the world.

The Northwestern Minnesota is a Soo property and its extension will without doubt be one of the first matters taken up when the status of the railroads is finally determined.

The development of a large section depends upon this extension being made and there are few prospects in the entire country that give greater promise of being successful from a financial standpoint.

People are still talking about the late county fair. By unanimous consent it was the best ever attempted here, which is equivalent to stating that it was teh best in the entire section. It took some work to get it there, but all who gave so freely of their time should feel satisfied. President Herbert Fuller will never perhaps be given full credit for the part he played, while others entitled to special mention for their untiring efforts are A. J. Anderson and Fred Beerbower. They should receive a vote of thanks from the community at large.

Urge Fire Law Enforcement.

A more rigid enforcement of the law forbidding automobile drivers to park their cars within 15 feet of fire hydrants was today urged by George H. Nettleson, state fire marshal. This appeal for more stringent measures for enforcing the law follows an attempt to locate the owners of cars who blocked the firemen in Minneapolis last week and caused the loss of 10 houses and property valued at $7,500. The cars had to be pushed back before firemen could connect the hose. Paul Middeligh, fire chief, called automobile owners attention to this fact a few weeks ago.

STEINER

The heavy rains that have fallen here have done great damage to the crops, haying, potatoes, etc.

A large number of people of this community attended the Pennington county fair at Thief River Falls.

Mrs. P. Liden passed last Sunday afternoon with Mrs. Meta Berg.

Rudolph Berg of Canada returned to his home there recently after having spent some time visiting at the home of his mother, Mrs. Meta Berg of this place.

G. L. Leisner motored to Thief River Falls Monday evening on a business mission.

Theodore Liden of Thief River Falls visited with relatives in this vicinity Sunday.

Christ Berg, constable of Excel township, was called to a farm near Holt recently on account of some trouble there.

Several farmers of this community have commenced stacking their grain.

Mr. and Mrs. Arthur Simonson and two children motored to the Mrs. M. Berg farm last Sunday.

The Steiner store, which has been conducted here for the past seven years closed its doors a short time ago. G. L. Leisner, proprietor, expects to remain on his farm.

Mr. and Mrs. Christ Anderson and son Arnie and Mrs. Anderson's mother from Warren, motored here Sunday in their Buick and spent the day visiting at the home of their relatives.

ROSEWOOD

Crookston Banker Purchases Site for Farmers' State Bank Building.

On Tuesday of last week, Mr. A. D. Stevens, banker and real estate man of Crookston was in town and made the final arrangements for the purchase of two city lots on which will be erected the new Farmers' State bank building this fall. The lots which were purchased from the Carlson and Sagmoen company are Nos. 6 and 7 on the original plat, and are two of the finest located in the village. The consideration was $500. The start on the building will commence perhaps this week as all the arrangements therefor are already completed and the contract for the work let. The building will be a modern two story stucco and frame structure, and will when completed be one of the boosting constructions in the village. The leaders in this enterprise as before mentioned are A. D. Stevens of Crookston and Jos. Tagley of Mentor. It is planned that the bank will be open for business some time this fall.

Mrs. E. J. Backlund and daughters, Lennia and Sylvia arrived at this place last Friday from Salol, Minn., for a few day's visit at the home of G. J. Nordhagen and Ingrid Nordhagen. They will also visit with the A. B. Remmem family at Thief River Falls and with Mr. and Mrs. Anton Gulseth at Viking before returning home.

Ex-Sergeant J. B. Rafteseth left recently for Pipestone, Minn., where he will renew his pre-war occupation as dredging engineer.

Mrs. Lloyd Crown was a between trains shopper at Warren Saturday.

John E. Hellquist left on Saturday evening for Thief River Falls where he will visit with his son, Charles and family, over Sunday.

Miss Theresa Schankey left on Saturday for Thief River Falls to visit with her uncle and aunt for a few days.

A few of the local young folks motored to Holt on Saturday evening to attend a dance.

Sigurd Rafteseth left the latter part of the week for Dakota Junction where he will visit with his sister, Mrs. Carl Stromberg and family and will later go to Thief River Falls where he will spend Sunday.

Miss Inga Westby, who has been employed at Duluth the past year, arrived home last Monday to spend her vacation with her parents here.

Mrs. J. M. Phil of Duluth arrived here the forepart of the week and will visit with her parents, Mr. and Mrs. John Bloom, south of town, for a week.

The Norwegian Young Peoples' society held their meeting at that church last Monday evening with a good attendance, well selected program and a dainty lunch at the close.

The Rindal Ladies' Aid met at the home of Mrs. O. Saugen last Tuesday afternoon and despite the unfavorable roads and weather, was quite well attended. Rev. Geo. Larson of Thief River Falls had charge.

The Swedish Y. P. S. held their monthly meeting at the Congregational church on Thursday evening. About fifty persons attended, Rev. Werner Drotts of Viking delivering a short lecture. A light luncheon was served.

Mrs. Ole Nyhus of Thief River Falls spent Thursday and Friday at Rosewood as guest of the Ingrid Nordhagen and Swen Swenson families. She returned home on Friday.

Matt Rafteseth returned home on Wednesday from Grand Forks where he has been employed for some time.

Steiner Johnson returned on Tuesday from Devils Lake, N. D., where he spent a couple weeks with relatives.

Ted Nelson, Thomas Thoreson, O. Hagen and O. Hall left the first of this week for the harvest fields of North Dakota.

O. A. Flann received his new Ford this week. Mr. Flann has sold his real estate here and expects to move to Thief River Falls to engage in business this fall.

Ruth Olson and Miss Hanson of Viking attended the Thursday evening Young Peoples' meeting.

Mr. and Mrs. S. S. Nordgaard and son Alton of Viking arrived here last Thursday evening for a short visit at the T. Mellem home.

Adolph Haugen, Emil Blomberg, P. Sorenson, Alex Helquist and Joel Shoberg spent Tuesday at Thief River Falls and Viking to investigate the purchase of a new corn binder.

Mrs. E. A. Silverness left on Tuesday for Oslo where she will visit with relatives for some time.

Elsie Verseth, who has been visiting with Miss Kraus, returned to Thief River Falls last Friday evening, accompanied by Miss Kraus.

The Ernest Styrlund family and Miss Ethel Styrlund of Viking, attended the Swedish Y. P. S. on Thursday evening.

This township has every reason to feel especially grateful to an almighty providence in regard to the world war. With the returning last week of privates Olof Eide and Albert Alby, all the boys who left have returned and none have been seriously wounded.

Mr. and Mrs. A. Stroble and family of Angus were Sunday callers at the home of Mr. Sorenson and family.

Mrs. Nina Anderson will leave the first of the week for North Dakota where she will be employed in a cook car this fall. She will be accompanied by Miss Ethel Styrlund of Viking.

Shock threshing will commence the middle of this week, a meeting of the threshers and farmers is scheduled for Rosewood on Monday evening.

Miss Beatrice Dale left Sunday evening for her home in McIntosh, where she will visit for a few days. Miss Dale, who is a sister of Mrs. J. N. Nesse, has been employed in the Nesse dental office for the past two months.

J. A. Kennedy of Fairdale, N. D., arrived last week to visit for a few days at the home of his wife's parents, Mr. and Mrs. John Peterson. Mrs. Kennedy and children have been visiting here for the past month. They returned Monday to their home.

John Guinan, who has been a patient at the Oakland Sanitorium for the past several months left Sunday for Rochester, where he will enter the hospital for treatment. He was accompanied by R. McGinn, who will visit with his brother in Green Bay, Wis., before returning.

Mrs. R. E. Fillmore, who has been visiting in Gladstone, Mich., and Minneapolis for the past six weeks, returned Saturday evening. Mr. Fillmore, formerly Soo Line dispatcher, has located in Minneapolis. Mrs. Fillmore came to pack the household goods and she expects to leave the latter part of the week.

Dr. and Mrs. R. E. Spink are guests at the home of Mr. and Mrs. D. B. Bakke. Mrs. Spinks has been visiting with her parents for the past two weeks while the doctor arrived Saturday evening from Duluth where he had been attending to business matters. They returned to their home in Middle River Tuesday.

Miss Lyla Schuster and Miss B. Pearson of Spokane, Wash., returned to this city Sunday evening after visiting with friends and relatives in Hallock and Lancaster for a few days. Miss Pearson visited with Miss Schuster until Wednesday when she left for her home. On her return trip she will visit for a week with friends in Chicago.

W. A. Hall, Jr., who has been in service for the past two years with the 88th division, returned to this city Tuesday morning. He is a brother of W. L. Hall and previous to his enlistment was traveling salesman for the Simmons Hardware company, which work he will continue. Mr. Hall's mother, Mrs. W. A. Hall of Rogers, Ark., has been visiting at the Hall home in this city for the past two months.

Misses Lilly and Anna Boam of St. Hilaire transacted business in this city the latter part of the week.

Mrs. George Hertel of Fargo arrived Friday to visit for a week at the home of her parents, Mr. and Mrs. B. Linstad.

Dr. and Mrs. G. W. Booren spent the week end at the summer home of Mr. and Mrs. J. N. Rock at Big Pine Lake, near Perham.

N. A. Holen, teller in the Citizens' State bank, returned Monday morning from Minneapolis where he has been visiting for the past two weeks.

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

ONE of these three is the correct oil for your particular tractor. Our Engineering Staff, after a careful and exhaustive study of all tractors, has prepared a chart on which is shown your tractor and which of these three oils is the correct one for you to use.

This is part of the Standard Oil Company (Indiana) service to the farmers of America.

The nearest Standard Oil representative has this chart and he will be glad to show it to you.

Send for 100 page book "Tractor Lubrication." It is free and the information it contains is invaluable. Read it carefully—apply the information given and you will be able to keep your tractor in service longer.

MRS. H. J. HOSTVEIT

PAUL BORGIE, Auctioneer. E. C. EARWAND, Clerk.

Long Telephone Message.

During his recent visit to New York A. S. Sapero thought he would find out just how efficient the telephone service of this great country is. He therefore put in a call for Mrs. Sapero, who was at home here. The message came through all right but the conversation was not very satisfactory. Mr. Sapero states that he could hear with remarkable distinctness at the New York end but Mrs. Sapero was unabel to gather anything but an occasional word. The experiment was hardly a success.

While the merchant was away on this purchasing trip the Sapero store underwent a number of improvements. The place was repainted and kalsomined, new shelves were put in and additional cabinets for dresses, furs and other articles of women's wear installed. The store now looks better than ever, which is saying a great deal.

An Addition at Noper's.

We neglected to state last week—and the oversight was inexcusable in view of the importance of the event—that a baby girl was born to Mr. and Mrs. V. C. Noper at the Physician's hospital. The girl is indeed the baby of the family, the only other child being a boy now about 10 years of age. V. C. says that she is easily the finest thing on the farm.

Entertained.

Misses Eva Orrock and Mattie Foston entertained last evening for a large number of their friends, in the Methodist church parlors. Following a program, different games were enjoyed. Lunch was served.

Society Meeting.

The Women's Missionary society will meet at the home of Mrs. Lloyd Crown, this afternoon.

Jonas Wold.

At his home, 324 Arnold avenue north, on Friday, Aug. 15, occurred the death of Jonas Wold. The cause of death was cancer. Interment was made at Greenwood cemetery, Rev. L. T. Anstad officiating.

Deceased was born in Norway Jan. 2, 1845, and came to this country in 1879. He made Fosston his home previous to coming to this city in 1914. He leaves to mourn his death his wife, three daughters, Mrs. A. Larson of Trail, Mrs. Anna Trochman and Mrs. Aug. Bredeson. Five sons, Benhart and Selmer of Trail, Pyler, Engvald and Adolph of Thief River Falls, also survive.

Card of Thanks.

We, the undersigned, wish to thank our many friends for the kind assistance shown us during the illness and following the death of our beloved father and husband. Mrs. Jonas Wold, Mrs. Andrew Larson, Mrs. A. Trochman, Mrs. Aug. Bredeson, Pyler Wold, Engvald, Adolph, Benhart and Selmer. a21p

In Bankruptcy.

In the District Court of the United States for the District of Minnesota, Sixth Division.

In the Matter of Fred D. Haug, Bankrupt:

To the Creditors of Fred D. Haug, of Thief River Falls, in the County of Pennington in said district, Bankrupt.

Notice is hereby given, that on the 15th day of August, A. D. 1919, the above named Fred D. Haug was duly adjudicated a bankrupt, and that the first meeting of his creditors will be held at the office of the undersigned referee in bankruptcy, in the city of Crookston, in the county of Polk, in said district on the 5th day of September, A. D. 1919, at 10 o'clock in the forenoon, at which time said creditors may attend and prove claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting.

Dated. August 15, 1919.

OLE J. VAULE.

Blunt Goes Into Business.

Claude William Blunt, formerly linotype operator on The Times and connected with printing establishments in this city for many years, has purchased a job office know as "The Spot Light Printery" in Lincoln, Neb., and gone into business for himself. He left Thief River Falls about two years ago and since that time has been foreman on a daily paper at York, Neb.

BIBLE CONFERENCE OPENS ON SEPT. 7

AUSPICES OF SWEDISH MISSION AND SCANDINAVIAN EVANGELICAL CHURCHES.

The union Bible conference to be held under the auspices of the Swedish Mission church and the Scandinavian Evangelical church at the Auditorium will begin on September 7 instead of August 21, as heretofore announced. A complete program for the six days' gathering is now in course of preparation and will soon be distributed. The meetings will be held in the *Auditorium* every evening for one entire week and invitations have been extended to the people of the entire section to be present.

Some of the best known pastors and Bible teachers of the two denominations will be in charge. Among these are Rev. Gust T. Johnson, Rev. B. Moyer and Dr. C. W. Foley, who will be the speakers, while Rev. A. Danielson will have charge of the musical program.

There is a great deal of interest evinced in these evangelistic meetings, particularly among the people of Scandinavian birth and descent, and the indications are for large audiences during the entire series.

Carl Daniel Bakke.

On Sunday, August 17, 1919, at the home of his parents, Mr. and Mrs. Gunder Bakke, Rocksbury township, the death of Carl Daniel Bakke occurred. The illness contributory to his death extended over a period of three weeks, during which time the deceased had patiently and bravely gone through much suffering. Death was due to diabetes. The deceased was 9 years, 8 months and 7 days old at the time of his passing to the great beyond.

The funeral took place Monday afternoon from the Scandinavian Evangelical church, Rev. Nyborg officiating, and interment was made in Greenwood cemetery.

Left to mourn the loss of a beloved son and brother are his parents, Mr. and Mrs. Gunder Bakke, two brothers and three sisters.

Presented With Fine Hat.

John Bundy, salesman for the International Harvester company, is sporting a bran new hat, the gift of T. K. Rynestad. Just what induced the latter to make the presentation is not known unless he somehow received the impression that the big machinery concern was not treating its representative in Thief River Falls just right in the matter of head-gear. But whatever the reason, Mr. Bundy is now the owner of a particularly choice Panama.

FARMER UNABLE TO ASSIST HIS BOYS

KETTNER WAS SO RUNDOWN HE COULDN'T WORK—GAINS 28 POUNDS ON TANLAC.

"You can't blame me for talking so much about Tanlac, for it has not only added twenty-eight pounds to my weight, but has completely overcome my troubles," said O. A. Kettner, a well known and prosperous farmer who lives on Route No. 1, Downs, Ill., the other day.

"I just thought I was doomed to suffer the rest of my days," continued Mr. Kettner, "and I guess that would have been the case if I had not gotten hold of this Tanlac. You see, I had been in bad health for about twelve years, and I failed completely to find anything that would do me any good. My stomach was in such bad condition that I would just suffer agonies every time I ate anything. My food would sour on my stomach and I would be all bloated up with gas for hours at a time. My kidneys were out of order all the time, too, and I would have the worst sort of pains in the small of my back. Then rheumatism struck me, and from that time on I had all the suffering that was coming to me. Why, I got so bad off that I couldn't even help the boys do little jobs around the place. I just went from bad to worse, and I finally made up my mind that I would just have to give up trying to run my farm.

"Well, I heard about this Tanlac then, and I bought a couple of bottles, and began taking it. Now, the first two bottles didn't seem to do me any good at all, and I was about ready to drop Tanlac, but I figured that my case was one of long standing, and that I hadn't given the medicine a good showing, so I bought one more bottle. That third bottle hit the spot, and in little or no time I was picking up right along, and from that time on I improved as fast as any man you ever saw, and I am as hale and hearty as I ever was in my life. I never have a sign of rheumatism now, and my kidneys seem to be in first class condition. I don't believe I ever had a better appetite and I get away with three square meals every day, and I am never bothered with indigestion or any other kind of stomach trouble now. I can now get out in the field and do as much work in a day as any man on my farm. Yes sir, Tanlac was a Godsend to me, and I just feel like I want the whole world to know about this wonderful medicine."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

Dr. Summerfelt Leaves.

Dr. A. Summerfelt, who has been practicing in this city for about three months, will leave in about two weeks for Greenbush, where he will open an office. He returned from a visit to the Roseau county village the first of the week and announced that all arrangements for making the change had been made.

Legal Notices

Notice of Time and Place of Hearing On Additional Assessment of County Ditch No. 44, Pennington County, Minnesota.

To all parties interested in the proceedings establishing County Ditch No. 44:

You are Hereby Notified, that it appearing to the County Board by report of the County Auditor, that County Ditch No. 44, Pennington County, Minnesota, was on the 6th day of June, 1910, duly established by order of the County Board, then Red Lake County. That such proceedings were conducted under Chapter 230, Laws of 1905 and acts amendatory thereof and supplementary thereto, and it appearing that said ditch was regularly established and a contract let for the construction thereof; that a tabular statement of assessment was made and filed and the bonds issued and sold, as provided in said chapter; that said contract has been wholly completed and that an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforeseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch and for other reasons and it appearing that the total amount of benefits assessed to land within Pennington County is $21,475.81; that the total amount of liens filed against said ditch, is $13,486.77; that the total amount of bonds sold for such ditch within Pennington County was $13,000.00; that the total amount of cost of said ditch within said Pennington County is $15,391.30; that said ditch has been fully completed and that there now is and remaining a shortage of the amount of funds in said ditch of $1,904.63 principal and $1,128.25 interest which said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch; and the County Board, having on the 7th day of August, 1919, at a special meeting, by resolution made and entered, directed the County Auditor to issue notice to the parties interested in said ditch proceedings.

Now, Therefore, you are hereby notified and required to show cause before the County Board of Pennington County, Minnesota at the Commissioners' room at the Pennington County Court House in the City of Thief River Falls, on the 12th day of September, 1919, at two o'clock P. M. why an order should not be made by the Board directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings, in the same proportion as on the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement previously filed. That at such time and place any and all persons interested may appear before the Board and be heard why such order should not be made.

Dated at Thief River Falls, Minnesota, this 15th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

Long Distance Telephone Rates Are Standardized

Long distance service is often conducted over the wires of more than one company and frequently across state lines.

Heretofore there have been several differences in the methods of quoting long distance rates by various companies.

This resulted in much confusion because of the many different conditions involved. This was not only expensive but caused many difficulties in operating the long distance lines.

Under the rates now established long distance service is on the same basis throughout the country whether it is inter-community, inter-company or inter-state. It is available everywhere on the same standard terms.

MINNESOTA HISTORICAL SOCIETY

LOCAL POST OF LEGION TO HOLD MEETING AUG. 25

ALL RETURNED MEN, NURSES AND POST MEMBERS ARE INVITED TO COME.

DELEGATES FOR ST. PAUL

CHARTER TO BE ISSUED AFTER NATIONAL CONVENTION IN MINNEAPOLIS.

G. Howard Smith, adjutant for Pennington county Post No. 1 of the American Legion, has issued a call for a meeting to be held at the Commercial club rooms on Aug. 25, inviting all returned soldiers, sailors, marines and nurses. It is as follows:

Thief River Falls, Minn.,
August 18, 1919.

To members Pennington county Post No. 1, The American Legion and *All Returned Service Men and Nurses.*

From G. Howard Smith, Adj. Penn. Co., Post No. 1.

Subject—Meeting.

There will be a meeting of Pennington county Post No. 1 of the American Legion held in the Commercial club rooms, Thief River Falls, Minn., on Monday, August 25, 1919, at 8 o'clock p. m., for the purpose of selecting two delegates to the State convention to be held in St. Paul, Minn., on Sept. 1st to 4th, inclusive, and all members are requested to be present and to bring as many eligible service men with them as possible and all returned service men who desire to join or learn of the work of the American Legion are invited to be present.

G. HOWARD SMITH, Adj.

Apply For Charter.

Several weeks ago the first meeting of the Pennington county post was held and an application for a charter was made, but it will not be issued until after the state meeting to be held in St. Paul between September 2 and 4, inclusive. The national convention of the American Legion is to be held in Minneapolis on November 11.

Charter Members.

Pennington county Post No. 1 has twenty-four charter members up to date and are as follows: George Bakken, Bernard Burgraff, Hardy Bothum, Sam Cloutier, H. O. Chommie, James Farr, Ray Johnson, O. Guy Johnson, L. H. Lawrence, Martin Langseth, J. J. McCann, H. S. McMahn, Olaf Ness, L. C. Nielsen, Harold Provencher, Samuel Pope, Fred Scanlan, Alfred Steen, G. Howard Smith, Theodore Tandberg, Geo. Werstlien, John Brumund, Glenn A. Farr, James Smith.

Applications filed with G. Howard Smith for entry into the Legion will be passed on at next Monday's meeting. They are: C. L. Eagler, Geo. Loken, Ben Bothun, Derby Anderson, Omer Anderson, Jacob Grenagel, Alfred Severson, Lloyd Zeh, H. M. Olson and Ludwig Strand.

To Tell of Legion.

At the meeting to be held Monday a membership committee will be appointed to begin a drive to secure members for the local post. Many of the members express a desire to join a purely county organization, but the benefits of joining the American Legion will be explained Monday. When the post is large enough regular committees on insurance, bonus, legislative matters and other things to look after the welfare and rights of the returned men will be appointed. A local organization isolated off by itself, would not have much bearing and when the Legion is entirely organized over the country it will be a powerful body to reckon with.

The Minnesota State Historical society has made appointments in the different counties and are gathering the record of each county's work during the war. Thomas A. Way has been appointed for Pennington county, but Mr. Way has stated that he will resign in favor of any appointment made by the Legion at its meeting to be held on Monday. The book to be issued by the Pennington county post will contain the record of this county and all its war activities. The history of each man and the part taken by him will be given; how the Liberty bond drives went over; the work of the Red Cross and all other events that took place during the emergency.

Law Gives Aid.

By an act of the last session of the state legislature, the county boards and city councils in the state of Minnesota have been authorized to assist in the matter of getting out the history of each county by appropriations. County boards are authorized to appropriate up to $1,000 while city councils can appropriate $500.

A committee of the Pennington county post will appear before both the county commissioners and the city council and present the matter before them in the near future.

MINIMUM WAGE IS NOW ESTABLISHED

WAGE DIFFERS IN THE CITIES WHERE THE POPULATION IS LESS THAN 5,000.

The state minimum wage of $11 a week in cities of more than 5,000 population and $10.25 a week in smaller places must be paid all women and minors working 36 to 48 hours a week under a ruling made by the state minimum wage commission at a special meeting held Friday at the capitol in St. Paul.

Those working less than 36 hours a week may be paid the hourly rate of 23 cents in cities of more than 5,000 and 22½ cents in those less than 5,000 population. Protests from small telephone companies against alleged discrimination under the minimum wage schedules were referred to C. Louis Weeks, deputy attorney general.

The commission passed on several questions arising in unusual cases and the inquiry will be answered separately.

FROM THE RECORDS.

Real Estate Transfers.

The following real estate transfers have been recorded from August 1 to 15:

U. S. to Frank Gahlbeck, lot 4, Sec. 18-152-45.

U. S. to John Horaik, se¼ 18-154-39.

Fred Marti and wife to R. B. Rasmuson, sw¼ 27-154-45.

Josephine Reishus and husband to P. G. Lee, w½ ne¼ and e½ nw¼ 25-152-39.

Building Permits.

Barbara Eastman, west end lot 22, block 36, O. T. repair of roof.

T. S. Brokke, lot 27-28, block 6, Red Lake Rapids, for repair of dwelling, estimated cost, $3,000.

Visitors From Baudette Approve of Our Style

(W. T. Noonan in Baudette Region.)

"Baudette residents to the number of nearly a hundred, autoed to Thief River Falls Friday morning to attend the Fair, and on their arrival the citizens of that city went out on a hospitality spree that lasted for two whole days—and nights. If Thief River had any other duties to attend to the residents must have forgotten the fact, because it looked as if the entire population had just one thing in mind—to see that the visitors had the time of their lives. And they did. From the moment we arrived until our departure nearly forty-eight hours later, the Baudette people just simply owned the city.

"The first afternoon was spent at the Fair as guests of the city, and the money of the visitors was no good—at least no one would take it. The Fair was the first eye-opener to which Baudette was staked. It was expected that the program would be good, but to find it second only to the State Fair was something unlooked for. The exhibits were really splendid and the attractions away above the average.

"After supper the Baudette folks were guests of the Elks at a wonderful dance, and right here it might be said that Thief River showed us a few pointers about entertaining visitors. They wouldn't listen to any of the visitors being wall-flowers, and everybody in the city was on a committee to see that everybody from Baudette danced with everybody from Thief River Falls.

"The following day was spent in social visits, a trip over the electric line to Goodridge on the invitation of Manager Protzeller, and flights in an aeroplane with Myron Bacon. W. F. Zauche was the first to go up, and M. E. Murray was the second, but he was so heavy that he broke the propeller, and further trips had to be abandoned.

"At seven o'clock a banquet was tendered the visitors at the Brumund hotel, which was transformed into a flower garden for the occasion. About one hundred and twenty-five sat down, and the community visit that followed was really wonderful. Mayor Penney, on behalf of Thief River Falls, tendered a hearty welcome to the visitors, spoke in glowing terms of the fourteen thousand islands of the Lake of the Woods, and won a warm spot in the hearts of the Baudette visitors by his very friendly address. O. H. Oden responded, and surprised his own townspeople by a clear-cut, able address. It was the first time they had ever seen him deliver an address and he surprised them by the splendid manner in which he expressed the thanks of Baudette for the royal entertainment that had been provided for them.

"After the banquet the ladies of the party were taken in hand by the ladies of Thief River Falls and treated to a show at the Princess, and later to an ice cream party, where they had the time of their lives visiting and fraternizing until after midnight.

"In the meantime the Elks of the city took possession of the men and entertained them at a smoker. And what a smoker! The visitors were just taken off their feet by the great program, and the hundreds of acts of genuine friendship to which they were treated. Lunch and soft drinks were passed around so often, that the visitors finally had to put up their thumbs in surrender. And about every three minutes that wonderful Thief River band played—the best band in the world, Bill Zauche called it—and everyone agreed with him. A half hour address by Myron Bacon, the aviator who thrilled the crowds at the fair, was intensely interesting and he caught the spirit of the meeting and vowed when Thief River came to Baudette again he would be with them. Several boxing matches put on by prominent Thief River Falls citizens were among the features, and every once in a while one of the boxers would become absent-minded and bang his opponent instead of Andy Anderson, the referee. There were so many features to that smoker that it would require the whole paper to tell of them. Suffice to say that when it was through Baudette citizens crowded around L. A. Johnston, the Exalted Ruler, and told him they had the greatest time of their lives—and they meant it.

"Sunday morning the return trip was made, and while everyone hated to leave they had to get home, but they didn't go without insisting that the residents of Thief River should come to Baudette next year in much larger numbers and not go home until they had seen each one of the fourteen thousand islands of the Lake of the Woods."

Flag at Half Mast.

Old Glory was flown at half mast at the Carnegie Public Library last Thursday in due respect for the dead steel king, whose funeral was being held at Sleepy Hollow, a short distance from Tarrytown, N. Y. Banked high with flowers, his coffin was taken over the mountains and hills into Hillsdale. The funeral services were simple.

Miss Grace Skramstad has recently been employed by Loken Bros. as clerk in the basement of their general store.

SOLDIER GETS RAILROAD JOB

Clyde J. Stewart who, after graduating from the Dickinson High School took the Secretarial Course at the Dakota Business College, Fargo, N. D., and then joined the army, has just returned from France. Due to his previous business training, Mr. Stewart was able to secure a position immediately with the Northern Pacific Railroad at St. Paul.

A Secretarial Course at the Dakota Business College also enabled Miss Mable Theomke to obtain a situation with J. S. Taber & Co.

For information about Business Courses, address F. L. Watkins, 806 Front St., Fargo, N. D.—Adv.

Camel
18 cents a package

CAMELS are in a class by themselves—easily the most refreshing, the most likable cigarette you ever smoked. You can prove that! Simply compare Camels puff-by-puff with any cigarette in the world at any price! Put *quality*, flavor and *cigarette satisfaction* to the utmost test!

Made to meet your taste, Camels never tire it, no matter how liberally you smoke them! The expert blend of choice Turkish and choice Domestic tobaccos makes Camels delightful—so full-bodied, yet so fascinatingly smooth and mellow-mild. Every time you light one you get new and keener enjoyment!

Freedom from any unpleasant cigaretty after taste or any unpleasant cigaretty odor makes Camels as unusual as they are enjoyable.

In fact, Camels appeal to the most fastidious smoker in so many new ways you never will miss the absence of coupons, premiums or gifts. *You'll prefer Camel Quality!*

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

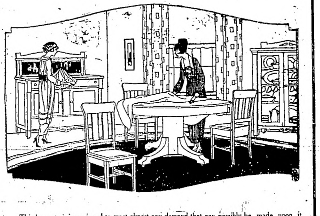
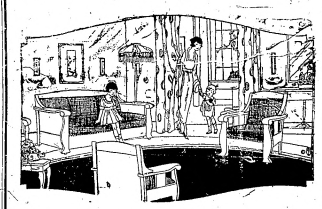
FURNITURE *for* EVERY PURPOSE



This large store is equipped to meet almost any demand that can possibly be made upon it. The stock has been selected with a thorough knowledge of just what the people in this section require and with a knowledge of just about what they wish to pay for it. We know that whatever the price, they want the best obtainable for their money, and this is what we have aimed at getting for them.



From Parlor to Kitchen

We are prepared to supply what is wanted in the line of Furniture, Carpets, Stoves and Household Goods generally. It makes no difference what you require—whether a complete parlor or bedroom set or only a kitchen chair—we have what you want, have a large assortment and the price is always right.

Many visit our store merely for the purpose of looking around, and we are always glad to see them, knowing that an inspection of the stock will make them customers any time they are in the market for anything in our line.

Official Proceedings of Pennington County Board of Commissioners

Thief River Falls, Minnesota, July 21st, 1919.

The County Board of Pennington County met in special session for the purpose of inspecting the finished part of State Road No. 4 under contract by Lloyd E. Crown and for any other business that may legally come before said meeting.

Members present, were: Commissioners Hanson, McGinn, Roy and Peterson. Members absent: Naplin.

The Board proceeded to make a tour of inspection of State Road No. 4 west from St. Hilaire.

The following Resolution was offered by Commissioner Roy, who moved its adoption, duly seconded by Commissioner McGinn:

Whereas, The Engineer in charge of construction of State Road No. 4, Job 1904, under contract by Lloyd E. Crown, and that he has filed his certificate of acceptance, and

Whereas, The County Board has this day made a tour of inspection and have carefully inspected every part of such work and find that the same has been done according to contract and in a very workman-like manner.

Therefore Be It Resolved, That the Job of constructing Job No. 1904 on State Road No. 4, be in every way accepted and that the County Auditor hereby is instructed and authorized to issue his warrant for the full amount due the contractor, on said contract.

Resolution was duly approved.

The following resolution was offered by Commissioner McGinn, who moved its adoption duly seconded by Commissioner Hanson:

Be It Resolved that the County Auditor be instructed to enter into a contract with Joe Patton for a tract of ground situated in the SW corner of the SE¼ of Sec. 33, Twp. 153, Range 44, said tract to be used as gravel pit, also a part to be used as roadway leading from Town line to said gravel pit. The purchase price to be $250.00. And that the County Auditor is hereby authorized to issue his warrant to the said Joe Patton for said sum.

Resolution was duly approved.

On motion duly carried the County Board adjourned sine die.

OSCAR J. PETERSON,
Chairman.

Attest:
T. P. ANDERSON,
County Auditor & Ex-Officio Clerk of the Board.

Thief River Falls, Minnesota, July 21st, 1919.

Proceedings of Pennington County's Board of Equalization.

Pursuant to law, A. W. Hanson, R. McGinn, Gust Naplin, J. S. Roy and Oscar J. Peterson, constituting the County Board for Pennington, Minnesota, met at the office of the County Auditor in the City of Thief River Falls, at 10 o'clock in the forenoon, and in conjunction with T. P. Anderson, County Auditor subscribed to the Statutory Oath and entered upon their duties as the County Board of Equalization for the County of Pennington, State of Minnesota.

On Roll call the following members reported present: A. W. Hanson, R. McGinn, Gust Naplin, J. S. Roy, Oscar J. Peterson, and T. P. Anderson. Members absent none.

On motion duly carried Gust Naplin was duly elected as chairman of the Board of Equalization.

The Board being duly organized proceeded to equalize the personal property in the several Townships as well as the Villages and the City of Thief River Falls, as follows:

The following changes were made by the County Board of Equalization for the year, 1919:

Motion made and seconded that the County Auditor be instructed to secure the names of all parties owning pure bred cattle and to notify each one respectively to meet with the County Board on the 7th day of August at 9 o'clock in the forenoon, at which time they will be given a hearing.

Motion carried.

Motion made and duly seconded that the County Board of Equalization adjourn until August 7th at 9 o'clock A. M. Motion carried.

GUST NAPLIN,
Chairman.

T. P. Anderson,
Clerk.

Thief River Falls, Minnesota, Aug. 7th, 1919.

The County Board of Equalization of Pennington County met as per adjournment in the office of the County Auditor at 9 o'clock A. M.

Members present: Hanson, McGinn, Naplin, Roy and Peterson and T. P. Anderson.

Meeting called to order by chairman Naplin.

A great number of the persons who were notified to meet with the Board of Equalization were present and a general discussion was taken up why their blooded cattle should not be assessed at a higher percent than cattle of less value. The Board held that these cattle were assessed too low and accordingly made the raises as they considered proper.

Having examined, compared and equalized the returns of the Personal Property of the County for the year, 1919. On motion duly carried the Board of Equalization adjourned sine die.

GUST NAPLIN,
Chairman,
County Board of Equalization.

Attest:
T. P. ANDERSON,
County Auditor.

Thief River Falls, Minnesota, Aug. 7th, 1919.

The County Board of Pennington County, Minnesota, met in special session in the office of the County Auditor in the City of Thief River Falls, at 10 o'clock A. M., for the purpose of receiving bids for the construction of a Bridge to be constructed on State Road No. 2 in Twp. of Clover Leaf, and for any other business that may legally come before said meeting.

Meeting called to order by the chairman, Commissioner Peterson.

On roll call the following members were present: Commissioners Hanson, McGinn, Naplin, Roy and Peterson.

The Board proceeded to receive and open bids for the construction of Bridge on State Road No. 2. Only one bid, that of the Minneapolis Bridge Company, was received as follows:

To furnish all material and labor and build according to specifications on file, One 10x6x24 foot Bridge for the sum of $1,600.00.

Certified check for $100.00 accompanied said bid.

The following resolution was offered by Commissioner McGinn, who moved its adoption duly seconded by Commissioner Roy:

Be It Resolved, that the bid of the Minneapolis Bridge Company, for the construction of Bridge on State Road No. 2, be accepted and that the County Auditor be instructed and authorized to enter into and sign contract in behalf of Pennington County for said construction.

On roll call the following members voted for the resolution: Hanson, McGinn and Roy.

Against the resolution: Naplin and Peterson.

Resolution was so declared approved.

A petition for the Repair of County Ditch No. 36 and for some additional new work was presented before the Board for their consideration. Said petition with its signers were found in proper form, and the following orders were made:

Resolution Appointing Engineer in Ditch Proceedings.

In the Matter of the Petition of Lewis A. Nelson and others for repairing and Constructing County Ditch No. 36 in the County of Pennington, State of Minnesota.

State of Minnesota, County of Pennington, ss.

Whereas, A petition bearing date the 4th day of August, 1919, signed by Lewis A. Nelson, and others praying for the Repairing of a certain Drainage Ditch in said County, designated and numbered by the County Auditor as County Ditch No. 36, the route of which is more fully described in said petition, and a proper bond accompanying the same, have been filed with the County Auditor of said County, as by law required;

And, Whereas, it appears by satisfactory proof to the Board of County Commissioners of Pennington County, that due notice of the pendency of said petition, and the time and place at which the same would be heard, has been given as required by law;

Now, Therefore, We, the County Board of said County, at a special session held this day, do hereby appoint James Walker as a competent and experienced engineer to make an accurate survey of the line of said Drainage Ditch from its source to its outlet, as provided and specified in and by Chapter 230 of the General Laws of 1905, and after completing his duties as such engineer to make and file his report with the County Auditor of said County, on or before the 15th day of September, 1919.

Dated August 7th, 1919.
By the Board.
OSCAR J. PETERSON,
Chairman County Board of Pennington County.

Attest:
T. P. ANDERSON,
County Auditor.

Order Appointing Viewers—Ditch Proceedings.

In the Matter of the Petition of Lewis A. Nelson and others for repair of County Ditch No. 36, in the County of Pennington, State of Minnesota:

State of Minnesota, County of Pennington, ss.

Whereas, A petition bearing date the 4th day of August, A. D. 1919, signed by Lewis A. Nelson, and others praying for the repairing of a ditch in said County, designated and numbered by the County Auditor as County Ditch No. 36, the route of which is fully described in said petition, together with a proper bond accompanying the same, has been filed with the County Auditor of said County; and said County Auditor has given due notice of the pendency of said petition, and the said notice has been published and served as by law required; and hearing had on said petition pursuant to said notice; and the said County Board of said County have heretofore duly appointed a competent engineer, to-wit: James Walker to make a survey of said ditch.

Now, Therefore, We, the County Board of said County, at a special session held this day, do hereby appoint Ed. Karwand and Peter C. Wold and George G. Williams, three resident freeholders of said County, who are not interested in the construction of said proposed work, and not of kin to any of the parties known to be interested therein, to be viewers of said proposed work and of the route thereof. The said viewers shall first take an oath to faithfully perform their duties as such viewers; and thereafter, having received a certified copy of the petition for said ditch and of the order appointing them such viewers and of the order of the County Auditor of said County designating the time and place of the first meeting of said viewers, shall meet at the time and place specified in the order of the County Auditor aforesaid and shall proceed to view said proposed work, and the land damaged or benefited thereby; and, having completed said view and examination of said work, shall make and file their report thereof with said County Auditor of said County within thirty days from the date of their first meeting. In said report they shall in tabular form give the names of the owners of each tract of land to be benefited or damaged by said proposed work, the description of each tract of land so benefited or damaged (said names of owners to be the same as appear on the County tax duplicates of said County, and the description to be given in legal form), and the total number of acres in each of said tracts, the estimated number of acres in each tract of land to be benefited or damaged (as the case may be), the number of acres added to any tract by the total or partial drainage of any meandered lake, or the change of any water course and the location and value of such added land; the damage, if any, to riparian rights pertaining to any tract, and the amount that each tract of land will be benefited or damaged by the construction of said work, in case said ditch drains, either in whole or in part, any public or corporate road or railroad, or benefits any such road so that the roadbed or traveled track of any such road will be made better by the construction of said ditch, said viewers shall estimate the benefits arising therefrom to said road, roadbeds or railroads, and report said benefits, together with the names of roads and other particulars necessary to identify the corporations, private or public, to be benefited thereby, and amounts of benefits to each; they shall report as part of such tabular statement the damages awarded to each municipal or other corporation for injury to any road or roadbed, and from the necessary construction and maintenance of any bridge, culverts or other works rendered necessary by the establishment of such ditch, stating the same separately. They shall also report the total estimated benefits in respect to said ditch entire, and branches thereof, if any, and also whether or not, in their opinion, the estimated expense of the construction of said ditch, including the damages assessed therefor, is greater than the utility of said proposed ditch; and whether or not said proposed ditch is impracticable for any reason, and if so, stating the reason why it should not be constructed. In making said view and survey of said proposed work and their report thereon, the said viewers shall proceed according to Chapter 230 of the General Laws of 1905 as amended.

The County Board of Pennington County, Minnesota.
By OSCAR J. PETERSON,
Chairman.

Dated this 7th day of August, A. D. 1919.

Attest:
T. P. ANDERSON,
County Auditor.

A petition for the repair of County Ditches Nos. 38 and 49 with the legal number of signers as required by law was duly presented before the Board asking that the County Board order such repairs and such new construction work as the Engineer in charge will deem necessary in order that proper drainage may be had. Said petition was found in proper form and made as to engineer and viewers:

Resolution Appointing Engineer in Ditch Proceedings.

In the Matter of the Petition of Kristian Skaaren and Others for Repairing and Constructing County Ditch Nos 38 and 49 in the County of Pennington, State of Minnesota.

State of Minnesota, County of Pennington, ss.

Whereas, A petition bearing date the 4th day of August, 1919, signed by Kristian Skaaren and others praying for the Repairing of certain Drainage Ditches in said County, designated and numbered by the County Auditor as County Ditches Nos. 38 and 49, the route of which is more fully described in said petition, and a proper bond accompanying the same, have been filed with the County Auditor of said County, as by law required;

And, Therefore, It appear by satisfactory proof to the Board of County Commissioners of Pennington County, that due notice of the pendency of said petition, and the time and place at which the same would be heard, has been given as required by law;

Now, Therefore, We, the County Board of said County, at a special session held this day, do hereby appoint Irwin Quist as a competent and experienced engineer to make an accurate survey of the line of said Drainage Ditches from their source to their outlet, as provided and specified in and by Chapter 230 of the General Laws of 1905, and after completing his duties as such engineer to make and file his report with the County Auditor of said County, on or before the 20th day of September, 1919.

Dated August 7th, 1919.
By the Board,
OSCAR J. PETERSON,
Chairman County Board of Pennington County.

Attest:
T. P. ANDERSON,
County Auditor.

Order Appointing Viewers—Ditch Proceedings.

In the Matter of the Petition of Kristian Skaaren, and others for Repairing County Ditches Nos. 38 and 49, in the County of Pennington, State of Minnesota:

State of Minnesota, County of Pennington, ss.

Whereas, A petition bearing date the 4th day of August, A. D. 1919, signed by Kristian Skaaren and others praying for the Repairing of ditches in said County, designated and numbered by the County Auditor as County Ditches Nos. 38 and 49, the route of which is fully described in said petition, together with a proper bond accompanying the same, has been filed with the County Auditor of said County; and said County Auditor has given due notice of the pendency of said petition, and the said notice has been published and served as by law required; and hearing had on said petition pursuant to said notice; and the said County Board of said County have heretofore duly appointed a competent engineer, to-wit: Irwin Quist to make a survey of said ditch.

Now, Therefore, We, the County Board of said County, at a special session held this day, do hereby appoint Ed Karwand and R. M. Johnson and Andrew Nelson, three resident freeholders of said County, who are not interested in the construction of said proposed work, and not of kin to any of the parties known to be interested therein, to be viewers of said proposed work and of the route thereof. The said viewers shall first take an oath to faithfully perform their duties as such viewers; and thereafter, having received a certified copy of the petition for said ditch and of the order appointing them such viewers and of the order of the County Auditor of said County designating the time and place of the first meeting of said viewers, shall meet at the time and place specified in the order of the County Auditor aforesaid and shall proceed to view said proposed work, and the land damaged or benefited thereby; and having completed said view and examination of said work, shall make and file their report thereof with said County Auditor of said County within thirty days from the date of their first meeting. In said report they shall in tabular form give the names of the owners of each tract of land to be benefited or damaged by said proposed work, the description of each tract of land so benefited or damaged (said names of owners to be the same as appear on the County tax duplicates of said County, and the description to be given in legal form), and the total number of acres in each of said tracts, the estimated number of acres in each tract of land to be benefited or damaged (as the case may be), the number of acres added to any tract by the total or partial drainage of any meandered lake, or the change of any water course and the location and value of such added land; the damage, if any, to riparian rights pertaining to any tract, and the amount that each tract of land will be benefited or damaged by the construction of said work. In case said ditch drains, either in whole or in part, any public or corporate road or railroad, or benefits any such road so that the roadbed or traveled track of any such road will be made better by the construction of said ditch, said viewers shall estimate the benefits arising therefrom to said road, roadbeds or railroads, and report said benefits, together with the names of roads and other particulars necessary to identify the corporations, private or public, to be benefited thereby, and amounts of benefits to each; they shall report as part of such tabular statement the damages awarded to each municipal or other corporation for injury to any road or roadbed, and from the necessary construction and maintenance of any bridge, culverts or other works rendered necessary by the establishment of such ditch, stating the same separately. They shall also report the total estimated benefits in respect to said ditch entire, and branches thereof, if any, and also whether or not, in their opinion, the estimated expense of the construction of said ditch, including the damages assessed therefor, is greater than the utility of said proposed ditch; and whether or not said proposed ditch is impracticable for any reason, and if so, stating the reason why it should not be constructed. In making said view and survey of said proposed work and their report thereon, the said viewers shall proceed according to Chapter 230 of the General Laws of 1905 as amended.

The County Board of Pennington County, Minnesota.
By OSCAR J. PETERSON,
Chairman.

Dated at Thief River Falls this 7th day of August, A. D. 1919.

Attest:
T. P. ANDERSON,
County Auditor.

A petition for the repair and new extension of County Ditches Nos. 39, 45 and 59, signed by R. M. Johnson and Joe Kilen and others requesting that the County Board order such repairing and new construction as they may deem necessary for to secure proper drainage was duly considered and said petition was found to be in proper form, it was ordered that Engineer and Viewers be appointed and that the work be rushed as fast as possible:

Resolution Appointing Engineer in Ditch Proceedings.

In the Matter of the Petition of R. M. Johnson and Joe Kilen and others for Repairing and extending of County Ditches Nos. 39, 45 and 59 in the County of Pennington, State of Minnesota.

State of Minnesota, County of Pennington, ss.

Whereas, A petition bearing date the 29th day of July, 1919, signed by R. M. Johnson and Joe Kilen and others, praying for the Repairing and extending of certain Drainage Ditches in said County, designated and numbered by the County Auditor as County Ditches Nos. 39, 45 and 59, the route of which is more fully described in said petition, and a proper bond accompanying the same, have been filed with the County Auditor of said County, as by law required;

And, Whereas, It appears by satisfactory proof to the Board of County Commissioners of Pennington County, that due notice of the pendency of said petition, and the time and place at which the same would be heard, has been given as required by law;

Now, Therefore, We, the County Board of said County, at a special session held this day, do hereby appoint Irwin Quist as a competent and experienced engineer to make an accurate survey of the line of said Drainage Ditches from their source to their outlet, as provided and specified in and by Chapter 230 of the General Laws of 1905, and after completing his duties as such engineer to make and file his report with the County Auditor

County Auditor.

Order Appointing Viewers—Ditch Proceedings.

In the Matter of the Petition of R. M. Johnson and Joe Kilen, and others for Repairing County Ditches Nos. 39, 45 and 59 in the County of Pennington, State of Minnesota:

State of Minnesota, County of Pennington, ss.

Whereas, A petition bearing date the 29th day of July, A. D. 1919, signed by R. M. Johnson and Joe Kilen and others, praying for the establishment and Repairing of said ditches in said County, designated and numbered by the County Auditor as County Ditches Nos. 39, 45 and 59, the route of which is fully described in said petition, together with a proper bond accompanying the same, has been filed with the County Auditor of said County; and said County Auditor has given due notice of the pendency of said petition, and the said notice has been published and served as by law required; and hearing had on said petition pursuant to said notice; and the said County Board of said County have heretofore duly appointed a competent engineer, to-wit: Irwin Quist, to make a survey of said ditches.

Now, Therefore, We, the County Board of said County, at a special session held this day, do hereby appoint Andrew Nelson and Ed. Karwand and A. G. Hallstrom, three resident freeholders of said County, who are not interested in the construction of said proposed work, and not of kin to any of the parties known to be interested therein, to be viewers of said proposed work and of the route thereof. The said viewers shall first take an oath to faithfully perform their duties as such viewers; and thereafter, having received a certified copy of the petition for said ditches and of the order appointing them such viewers and of the order of the County Auditor of said County designating the time and place of the first meeting of said viewers, shall meet at the time and place specified in the order of the County Auditor aforesaid and shall proceed to view said proposed work, and the land damaged or benefited thereby; and having completed said view and examination of said work, shall make and file their report thereof with said County Auditor of said County within thirty days from the date of their first meeting. In said report they shall in tabular form give the names of the owners of each tract of land to be benefited or damaged by said proposed work, the description of each tract of land so benefited or damaged (said names of owners to be the same as appear on the County tax duplicates of said County, and the description to be given in legal form), and the total number of acres in each of said tracts, the estimated number of acres in each tract of land to be benefited or damaged (as the case may be), the number of acres added to any tract by the total or partial drainage of any meandered lake, or the change of any water course and the location and value of such added land; the damage, if any, to riparian rights pertaining to any tract, and the amount that each tract of land will be benefited or damaged by the construction of said work. In case said ditch drains, either in whole or in part, any public or corporate road or railroad, or benefits any such road so that the roadbed or traveled track of any such road will be made better by the construction of said ditch, said viewers shall estimate the benefits arising therefrom to said road, roadbeds or railroads, and report said benefits, together with the names of roads and other particulars necessary to identify the corporations, private or public, to be benefited thereby, and amounts of benefits to each; they shall report as part of such tabular statement the damages awarded to each municipal or other corporation for injury to any road or roadbed, and from the necessary construction and maintenance of any bridge, culverts or other works rendered necessary by the establishment of such ditch, stating the same separately. They shall also report the total estimated benefits in respect to said ditch entire, and branches thereof, if any, and also whether or not, in their opinion, the estimated expense of the construction of said ditch, including the damages assessed therefor, is greater than the utility of said proposed ditch; and whether or not said proposed ditch is impracticable for any reason, and if so, stating the reason why it should not be constructed. In making said view and survey of said proposed work and their report thereon, the said viewers shall proceed according to Chapter 230 of the General Laws of 1905 as amended.

The County Board of Pennington County, Minnesota.
By OSCAR J. PETERSON,
Chairman.

Dated this 11th day of August, A. D. 1919.

Attest:
T. P. ANDERSON,
County Auditor.

To the Honorable, the Board of County Commissioners of Pennington County, Minnesota.

Gentlemen:

You are hereby notified that on the 9th day of April, 1910, the County Board of Pennington County, did order and establish County Ditch Number Forty-two, of Pennington County, Minnesota; that the total amount of benefits assessed by the viewers on said ditch within Pennington County, was $9,890.10; that the total amount of lien filed on said ditch within Pennington County, was $8,497.66; that the total amount of bonds sold for such ditch within Pennington County was $8,500.00; that the total cost of said ditch within Pennington County was the sum of $9,358.09; that said ditch has been fully completed and that there remains a shortage of $910.43 principal and $368.65 interest that has been paid by Pennington County and for which no benefit has been assessed and for which no bonds have been issued; that the said contract has been wholly completed and that such shortage is caused partly by reason of error on the part of the engineer in computing the yardage and other work pertaining to said ditch, and partly by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch.

This, therefore, is to notify you of the condition that exists within this County pertaining to said ditch in order that your Board may take such action as you, in your wisdom, may deem proper and lawful in the premises.

Dated at Thief River Falls, Minnesota, this 6th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

At a regular meeting of the County Board of Pennington County, Minnesota, held in the County Commissioners room in the Pennington County Court House, in the City of Thief River Falls, Commissioner Naplin, seconded by Commissioner Roy, offered the following resolution and moved its adoption:

That, Whereas, the County Board of Red Lake, now Pennington County of the State of Minnesota, did heretofore to-wit: On the 9th day of April, 1910, order and establish County Ditch number forty-two of Red Lake, now Pennington County, Minnesota, such ditch proceedings were conducted under Chapter 230, Laws of 1905, and Acts amendatory thereof and supplementary thereto, and, whereas it appears that said ditch was regularly established and a contract let for the construction thereof, and that a tabular statement was made and filed and bonds sold and issued, as provided by law, and, it appearing that said contract is wholly completed and by reason of an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch, and, it appearing that total amount of benefits assessed to land within Pennington County is $9,890.10; that total amount of liens filed against land in said County is $8,497.66; that the total amount of bonds sold by said County on account of said ditch is $8,500.00; that the total amount of costs of said ditch within Pennington County is $9,358.09 and that there now is and remains a shortage of the amount of the funds in said ditch of $910.43 principal, and $368.65 interest which the said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch, and such facts having been made to appear to the County Board by report of the County Auditor.

Now, Therefore, Be It Resolved, and the County Board of Pennington County do hereby direct the County Auditor of said County to issue notice to the parties interested in said ditch proceedings and serve the same by publication at least two weeks and by mailing notice to the last known address of all parties interested as shown by the records in said proceedings, requiring all such parties to show cause before this Board at a time and place to be fixed by the County Auditor in such order, why an order should not be made directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement previously filed.

On roll call the following members of the County Board voted Aye: Commissioners Hanson, McGinn, Naplin, Roy and Peterson. None voted Nay.

The resolution was duly declared approved.

To the Honorable, the Board of County Commissioners of Pennington County, Minnesota.

Gentlemen:

You are hereby notified that on the [illegible] the County Board did order establish County Ditch number forty-four, of Marshall and Pennington Counties, Minnesota; that the total amount of benefits assessed by the viewers on said ditch within Pennington County was $21,[illegible]; that the total amount of lien filed on said ditch within Pennington County was $14,486.[illegible]; that the total amount of bonds sold for such ditch within Pennington County was $12,000.00; that the total cost of said ditch within Pennington County was the sum of $15,491.30; that said ditch has been fully completed and that there remains a shortage of $1,904.53 principal, and $1,128.25 interest—that has been paid by Pennington County and for which no benefit has been assessed and for which no bonds have been issued; that the said contract has been wholly completed and that shortage is caused partly by reason of error on the part of the engineer in computing the yardage and other work pertaining to said ditch, and partly by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch.

This, therefore, is to notify you of the condition that exists within this County pertaining to said ditch in order that your Board may take such action as you, in your wisdom, may deem proper and lawful in the premises.

Dated at Thief River Falls, Minnesota, this 6th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

At the regular meeting of the County Board of Pennington County, Minnesota, held at the Commissioners' room in the Pennington County Court House, in the City of Thief River Falls, Commissioner Hanson, seconded by Commissioner McGinn, offered the following resolution and moved its adoption:

That, Whereas, Red Lake County, of the State of Minnesota, did heretofore, to-wit: On the 6th day of June, 1910, order and establish County Ditch number forty-four of Red Lake County, now Pennington County, and Marshall County, Minnesota, such ditch proceedings were conducted under Chapter 230, Laws of 1905, and Acts amendatory thereof and supplementary thereto, and, whereas, it appears that said ditch was regularly established and a contract let for the construction thereof, and that a tabular statement was made and filed, and bonds issued and sold, as provided by law, and, it appearing that said contract is wholly completed and by reason of an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch, and, appearing that the total amount of benefits assessed to land within Pennington County is $21,393.81; that the total amount of liens filed against land in said County is $14,486.77; that the total amount of bonds sold by said County on account of said ditch is $12,000.00; that the total amount of costs of said ditch within said Pennington County is $15,391.30, and that there now is and remains a shortage of the amount of the funds in said ditch of $1,904.53 principal, and $1,128.25 interest, which said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch, and such facts having been made to appear to the County Board by report of the County Auditor.

Now, Therefore, Be It Resolved, and the County Board of Pennington County do hereby direct the County Auditor of said County to issue notice to the parties interested in said ditch proceedings and serve by publications at least two weeks and by mailing notice to the last known address of all parties interested as shown by records in said proceedings, requiring all such parties to show cause before this Board at a time and place to be fixed by the County Auditor in such order, why an order should not be made directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings in the same proportion as the original assessment and the total cost of said ditch in excess of the total amount of the tabular statement filed.

On roll call the following members of the County Board voted Aye: Commissioners Hanson, McGinn, Naplin, Roy and Peterson. Members voting Nay: None.

The resolution was duly declared passed.

To The Honorable, the Board of County Commissioners of Pennington County, Minnesota.

Gentlemen:

You are hereby notified that the 21st day of May, 1914, the District Court of the Fourteenth Judicial District did order and establish Judicial Ditch number forty of Red Lake and Pennington Counties, Minnesota; that the total amount of benefits assessed by the viewers on said ditch within Pennington County was $23,056.94; that the total amount of lien filed on said ditch within Pennington County was $19,950.40; that the total amount of bonds sold for such ditch within Pennington County was $20,000.00; that the total cost of said ditch within Pennington County was the sum of $21,914.06; that said ditch has been fully completed and that there remains a shortage of $1,965.66 principal, and $619.10 interest that has been paid by Pennington County, and for which no benefit has been assessed and for which no bonds have been issued; that said contract has been wholly completed, and such shortage is caused partly by reason of error on the part of the engineer in computing the yardage and other work pertaining to said ditch, and partly by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch.

This, therefore, is to notify you of the condition that exists within this County pertaining to said ditch in order that your board may take such action as you, in your wisdom, may deem proper and lawful in the premises.

Dated at Thief River Falls, Minnesota, this 7th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

At the regular meeting of the County Board of Pennington County, Minnesota, held at the Commissioners' room in the Pennington County Court House, in the City of Thief River Falls, Commissioner Hanson, seconded by Commissioner McGinn, offered the following resolution and moved its adoption:

That, Whereas, The District Court of the State of Minnesota, within and for the Fourteenth Judicial District did heretofore, to-wit: May 21st, 1914 order and establish Judicial Ditch number forty of Red Lake and Pennington Counties, Minnesota, such ditch proceedings were conducted under Chapter 230, Laws of 1905 and Acts amendatory thereof and supplementary thereto, and whereas it appears that said ditch was regularly established and a contract let for the construction thereof, and a tabular statement was made and filed, and bonds issued and sold, as provided by law, and, it appearing that said contract is wholly completed and by reason of an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch and it appearing that the total amount of benefits assessed to land within Pennington County is $23,056.94; that the total amount of liens filed in said County is $19,950.40; that the total amount of bonds sold by said County on account of said Ditch is $20,000.00; that the total cost of said ditch is $21,914.06; and that there now is and remains a shortage of the amount of the funds in said ditch of $1,965.60 principal, and $619.10 interest which the said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch, and such facts having been made to appear to the County Board by report of the County Auditor.

Now, Therefore, Be It Resolved, and the County Board of Pennington County do hereby direct the County Auditor of said County to issue notice to the parties interested in said ditch proceedings and serve same by publication at least two weeks and by mailing notice to the last known address of all parties interested as shown by the records in said proceedings, requiring all such parties to show cause before this Board at a time and place fixed by the County Auditor in such order, why an order should not be made directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings in the same proportion as in the original assessment, the total cost of said ditch in the excess of the total amount of the tabular statement previously filed.

On roll call the following members of the County Board voted Aye: Hanson, McGinn, Naplin, Roy and Peterson. None voted Nay.

The resolution was duly declared passed.

To the Honorable, the Board of County Commissioners of Pennington County, Minnesota.

Gentlemen:

You are hereby notified that on the 20th day of December, 1915, the County Board of Pennington County did order and establish County Ditch number sixty-two, of Pennington County, Minnesota; that the total amount of benefits assessed from the viewers on said ditch within Pennington County was $11,872.00; that the total amount of liens filed on said ditch in Pennington County was $8,548.[illegible]; that the total amount of bonds sold for said ditch within Pennington County was $8,000.00; that the total cost of said ditch within Pennington County was $11,561.41; that said ditch has been fully completed and that there remains a shortage of $3,013.[illegible] principal and $722.3[illegible] interest that has been paid by Pennington County, and for which no benefit has been assessed, and for which no bonds have been issued; that the said contract has been wholly completed and that such shortage is caused partly by reason of error on the part of the engineer in computing the yardage and other work pertaining to said ditch, and partly by reason of unforseen obstacles having arisen after the letting of the contract, thereby increasing the total cost of said ditch.

This, therefore, is to notify you of the condition that exists within this County pertaining to said ditch in order that your Board may take such action as you, in your wisdom, may deem proper and lawful in the premises.

Dated at Thief River Falls, Minnesota, this 6th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

At the regular meeting of the County Board of Pennington County, Minnesota, held at the Commissioners' room in the Pennington County Court House, in the City of Thief River Falls, Commissioner Naplin, seconded by Commissioner [illegible], offered the following resolution and moved its adoption:

That, Whereas, the County Board of Red Lake, now Pennington County, of the State of Minnesota, did heretofore, to-wit: On the 20th day of December, 1915, order and establish County Ditch number sixty-two, of Red Lake, now Pennington County, Minnesota, such ditch proceedings were under Chapter 230, Laws of 1905 and Acts amendatory thereto and supplementary thereto, and whereas it appears that said ditch was regularly established and a contract let for the construction thereof and that a tabular statement was made and filed, and bonds sold and issued, as provided by the law, and it appearing that said contract is wholly completed and by reason of an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch and it appearing that the total amount of benefits assessed to land within Pennington County is $11,872.00; that the total amount of liens filed against land in said County is $8,548.[illegible]; that the total amount of bonds sold by said County on account of said ditch is $8,000.00; that the total cost of said ditch within Pennington County is $11,561.41 and that there now is and remains a shortage of the amount of the funds of said ditch of $3,013.[illegible] principal, and $722.3[illegible] interest which the said Pennington County has paid or will be obliged to pay by reason of construction of said ditch and such facts having been made to appear to the County Board by report of the County Auditor.

Now, Therefore, Be It Resolved, and the County Board of Pennington County, do hereby direct the County Auditor of said County to issue notice to the parties interested in said ditch proceedings and serve the same by publication at least two weeks and by mailing notice to the last known address of all parties interested as shown by the records in said proceedings, requiring all such parties to show cause before this Board at a time and place to be fixed by the County Auditor in such order, why an order should not be made directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement previously filed.

On roll call the following members of the County Board voted Aye: Commissioners Hanson, McGinn, Naplin, Roy and Peterson. None voted Nay.

The resolution was duly declared approved.

To the Honorable, the Board of County Commissioners of Pennington County, Minnesota.

Gentlemen:

You are hereby notified that on the 16th day of February, 1916, the District Court of the Fourteenth Judicial District, did order and establish Judicial Ditch number forty-one of Red Lake and Pennington counties, Minnesota; that the amount of benefits assessed by the viewers on said ditch within Pennington County was $4,286.00; that the total amount of liens filed on said ditch within Pennington County was $3,566.02; that the total amount of bonds sold within Pennington County for such ditch was $3,500.00; that the total cost of said ditch within Pennington County was the sum of $4,130.26; that said ditch has been fully completed and that there remains a shortage of $664.23 principal and $129.04 interest for which no benefits have been assessed and for which no bonds have been issued; that the said contract has been wholly completed and that such shortage is caused partly by reason of error on the part of the engineer in computing the yardage and other work pertaining to said ditch, and partly by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch.

This, therefore, is to notify you of the condition that exists within this County pertaining to said ditch in order that your Board may take such action as you, in your wisdom, may deem proper and lawful in the premises.

Dated at Thief River Falls, Minnesota, this 7th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

At the regular meeting of the County Board of Pennington County, Minnesota, held at the Commissioners' room in the Pennington County Court House, in the City of Thief River Falls, Commissioner Roy, seconded by Commissioner Hanson, offered the following resolution and moved its adoption:

That, Whereas, The District Court of the State of Minnesota, within and for the Fourteenth Judicial District did heretofore, to-wit: February 16th, 1916, order and establish Judicial Ditch number forty-one of Red Lake and Pennington Counties, Minnesota, such ditch proceedings were conducted under Chapter 230 Laws of 1905, and Acts amendatory thereto, and whereas it appears that said ditch was regularly established and a contract let for the construction thereof, and that a tabular statement was made and filed, and bonds issued and sold, as provided by law, and it appearing that said contract is wholly completed, and by reason of an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch, and it appearing that the total amount of the benefits assessed to land within Pennington County is $4,286.00; that the total amount of liens filed against land in said County is $3,566.02; that the total amount of bonds sold by said County on account of said ditch is $3,500.00; that the total cost of said ditch within said Pennington County is $4,130.26; and that there now is and remains a shortage of the amount of funds in said ditch of $664.23 principal and $129.04 interest which the said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch, and such facts having been made to appear to the County Board by report of the County Auditor.

Now, Therefore, Be It Resolved, and the County Board of Pennington County do hereby direct the County Auditor of said County to issue notice to the parties interested in said ditch proceedings and serve same by publication at least two weeks, and by mailing notice to the last known address of all parties interested as shown by the records in said proceedings, requiring all such parties to show cause before this Board at a time and place to be fixed by the County Auditor in such order, why an order should not be made directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement previously filed.

On roll call the following members of the County Board voted Aye: Hanson, McGinn, Naplin, Roy and Peterson. None voted No.

The resolution was duly declared passed.

Notice of Hearing on Petition For Formation of New District.

Whereas, a petition has been filed with the County Board of the County of Pennington and State of Minnesota with the approval of the County Superintendent of Schools of said County endorsed thereon, signed and acknowledged by a majority of the freeholders who reside in the proposed new district hereinafter described, and who are entitled to vote at school meetings in their respective districts, and duly verified by the affidavit of one of the residents of said proposed new district, praying for the organization of a new school district out of the territory hereinafter described, to-wit:

All of Section 22, Section 23, Section 24, Section 25, Section 26 and all of Section 27, all in Township 153, and Range 39 and the said County Board have appointed a time and place for hearing upon said petition as by law required:

Now therefore, NOTICE is hereby given, that a hearing upon said petition will be had at a meeting of the said Board, commencing upon the 5th day of September, A. D. 1919, at 2 o'clock in the afternoon of said day, at the office of the County Auditor in the City of Thief River Falls, in said County, at which time and place the said County Board will hear arguments of all persons interested, for or against the proposed organization.

(Continued on page 12.)

City Council Proceedings

A regular meeting of the City Council of the City of Thief River Falls was called to order by O. L. Ihle, president, at 8 o'clock P. M., Aug. 12th, 1919.

Roll Call: Members present: Froseth, Benson, Brummund, Olson, Brandon and Ihle. Members absent: None.

Minutes of the meeting of July 22nd were read and approved as read.

Moved by Froseth, seconded by Brandon, that the monthly reports of the City Clerk, Municipal Court, Librarian and Manager of the Auditorium be accepted and ordered filed. Motion carried.

Moved by Brandon, seconded by Froseth, that the repair permit of T. S. Rokke and Barbara Eastman be granted. Motion carried.

Moved by Brummund, seconded by Benson, that the bond of the Bradley Engineering Service Co. be approved.

Alderman Benson, seconded by Alderman Brummund, offered a resolution ordering the Street Commissioner to complete the construction of sidewalk beginning at the intersection of Arnold Avenue to the G. N. R. R. as authorized by resolution adopted May 27th, 1919. (See Resolution.)

Alderman Brummund, seconded by Alderman Olson, introduced a resolution condemning the sidewalk constructed by Lars Backe on Duluth Ave. N. (See Resolution.)

Alderman Benson, seconded by Alderman Brummund, offered a resolution increasing the salaries of the city officials and employes. (See Resolution.)

Moved by Froseth, seconded by Brandon, that the action of the Cemetery Commission increasing the salary of the Sexton of the cemetery from $80.00 to $90.00 and the salary of the Secretary from $15.00 to $25.00 per month be approved. Motion carried.

Moved by Brummund, seconded by Benson, that S. Brandon be elected Vice President of the City Council to fill the vacancy caused by the resignation of P. O. Myhrum.

Aldermen voting Yes: Froseth, Benson, Brummund, Olson and Ihle.

Aldermen voting No: None.

Motion declared carried.

Moved by Brandon, seconded by Brummund, that the City Clerk be instructed to notify the Bradley Engineering Service Co. that the wish of the City Council is to make the street a uniform width within the paving district and also that the plans and specifications provide for the relaying of the underground cable within the White Way district. Motion carried.

Moved by Brandon, seconded by Froseth, that the telephone on the stage of the auditorium be taken out by Sept. 1st, 1919. Motion carried.

Moved by Brandon, seconded by Brummund, that the Council adjourn until Saturday, August 16th, 1919. Motion carried and Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council held Aug. 12th, 1919, Alderman Brummund, seconded by Alderman Olson, introduced the following resolution and moved its adoption:

Be It Resolved by the City Council of the City of Thief River Falls, Minn., that

Whereas the City did, on the 27th day of May, 1919, duly order the construction of a sidewalk along the east side of Duluth Avenue, from the Southwest corner of Block 11 of the Original Townsite of the City of Thief River Falls, and extending north to the city limits, and, Whereas such proceedings were thereafter had that the said sidewalk was ordered constructed by the city, and the cost thereof paid and the cost and assessed against the property affected; and the work of constructing said sidewalk was let to Lars Backe and such sidewalk was built by Lars Backe and he has been paid therefor; and, Whereas, it appearing that certain portions of such walk are defective and such defects having become apparent before the expiration of one year after the completion of said walk,

Now Therefore, Be It Resolved, that such portions of said walk as abutt upon the following property, to-wit:

Block Four (4) in Highland Addition to the City of Thief River Falls, and upon Block Eleven (11) in Oakland Addition to the City of Thief River Falls, be and the same is hereby condemned and rejected and the said contractor, Lars Backe, is hereby ordered and required to replace and reconstruct said sidewalk in front of said block on or before September 1st, 1919, at his own cost and expense, and it is further ordered and resolved that if the said contractor, Lars Backe, shall fail to replace and reconstruct said portions of said walk within said time, that the same be replaced at once by day labor under the direction of the Street Commissioner and the cost and expense thereof charged to the said contractor, Lars Backe; and in the event that he shall fail to pay the such cost and expense of replacing and reconstructing such portions of said walk, that the City Attorney is hereby ordered to bring suit against the bond of said contractor, Lars Backe.

Roll Call: Aldermen voting Yes: Froseth, Benson, Brummund, Olson, Brandon and Ihle. Aldermen voting No: None.

Resolution declared passed.

Teachers, Here's Good News.

Minnesota schoolteachers are exempt from federal income taxation, according to an opinion given by Egbert S. Oakley, assistant attorney general.

P. C. Tonning, of the state department of education, submitted the question at the request of several schoolteachers whose names were not given and who received a salary of more than $1,000 a year.

Mr. Oakley explained that schoolteachers' salaries are exempt under a federal tax law provision relating to compensation paid its officers and employees by a state or political subdivision of a state.

BUSINESS LIFE

is like a stairway. To those who are prepared to rise, it offers a continual succession of upward steps. But for those not fully prepared it has landings, where a whole life may be spent in fruitless effort to get ahead. And there is always the danger of miss-step and tumble to the cellar.

In choosing a school, select one that gives you more than a surface knowledge of routine tasks—one like Aaker's Business College, Grand Forks, North Dak.

If you want further information write your name and tear off and mail.

6 CENTS DAMAGES GIVEN HENRY FORD

REGARDED AS VINDICATION IN SPITE OF SMALL SUM AWARDED.

A jury last Thursday night awarded Henry Ford six cents damages against the Chicago Thibune for calling him an anarchist. He sued for $1,000,000.

Orvy Hulett, foreman of the jury said that they took "nine ballots that I can remember." The first one, according to another juror, said that the first ballot stood eight to four in favor of awarding Mr. Ford some damages.

Attorney Alfred J. Murphy, for Mr. Ford, said:

"The important issue in this case has been determined favorably to the plaintiff. He has been vindicated. Money damages were entirely subordinate and were not sought by Mr. Ford. He stands not only vindicated, but his attitude as an American citizen has been justified after a trial which raised every issue against him, which ingenuity and research could present. His friends are entirely satisfied."

NUMEDAL

The Young Peoples' society was entertained at the Pete Ericson home Friday evening. There was a large attendance and all report having spent the evening pleasantly.

Mr. and Mrs. O. P. Oseth and Mrs. Branson of Oslo accompanied by the latter's daughter, Mrs. J. Nelson of St. Paul, were guests at Morck's Sunday. They also visited with friends at Viking.

The Forslund young folks enjoyed a trip to Red Lake Falls Sunday. Miss Forslund will teach a term of school in that vicinity next winter.

Mr. and Mrs. Morck called at Hans Sande's Saturday, enroute to Thief River.

Mrs. A. J. Blomberg and son Elmer were callers at Forslund's Sunday evening.

Albert Forslund left Wednesday to commence threshing near Warren.

Misses Marie and Mathilda Morck shopped at Thief River Falls Wednesday. They also visited with their sister, who is employed there.

Mr. and Mrs. K. Johnson and children and Mrs. Joe Joringdal were Viking callers Monday.

John Gabrialson of Rainy River has been spending a few days here visiting with old friends.

Palmer Pederson, Henry Sevre and Art Olson were callers at E. Joringdal's Sunday evening.

Mr. and Mrs. M. Olson and little daughter Grace, also the former's brother, who recently returned from France, spent Sunday at the Morck home.

ERIE

Quite a few of the farmers are hard at it stacking their grain. Shock threshing will be somewhat curtailed this year on account of unfavorable weather.

Otto E. Parnow has disposed of his Overland and purchased a brand new Oakland car.

Mr. and Mrs. Osmund Lunden and children of Rhoda are visiting at the home of Mrs. Lunden's parents, Mr. and Mrs. Tollef Hovet.

The L. B. Johnson and H. A. Dahlen families motored to the Steiner vicinity Sunday where they visited at the Jorde brothers homes.

Fred Aubol and Nils Lien were pleasant callers at Camp SubUrban Sunday evening.

Thelma Hovet arrived home the first part of the week after a month's visit at the home of her sister, Mrs. Osmund Lunden, in Deer Park township.

A dance took place in the new G. A. Iverson residence Saturday evening. Only married couples were there and they all proved that they were no novices at stepping the "light fantastic."

Miss Thora Nerhus visited with Mrs. Knut Danielson Sunday afternoon.

Z. J. Hole transacted business at Thief River Falls last Thursday.

The City Churches

T. P. ANDERSON,
County Auditor, and Ex-Officio Clerk of the Board.

Notice of Time and Place of Hearing on Additional Assessment on Judicial Ditch No. 40, Pennington and Red Lake Counties, Minnesota.

To all parties interested in the proceedings establishing Judicial Ditch No. 40:

You Are Hereby Notified, that it appearing to the County Board by report of the County Auditor that Judicial Ditch No. 40 of Red Lake and Pennington Counties, Minnesota, was on the 31st day of May, 1914 duly established by order of the District Court of the Fourteenth Judicial District; that such ditch proceedings were conducted under Chapter 230, Laws of 1905 and acts amendatory thereof and supplementary thereto, and, it appearing that said ditch was regularly established and a contract let for the construction thereof; that a tabular statement of assessment was made and filed and the bonds issued and sold, as provided in said chapter; that said contract has been wholly completed and that by an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of obstacles having arisen after the letting of the contract increasing the total cost of said ditch and for other reasons, and it appearing that the total amount of the benefits assessed to land within Pennington County is $23,056.04; that the total amount of liens filed against said County is $19,950.40; that the total amount of bonds sold by said county on account of said ditch is $20,000.00; that the total amount of cost of said ditch within said Pennington County is $21,911.06, and that there now is and remains a shortage of the amount of funds in said ditch of $1,965.66 principal and $619.10 interest, which the said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch; and the County Board, having on the 7th day of August, 1919, at a special meeting, by resolution made and entered, directed the County Auditor to issue notice to the parties interested in said ditch proceedings.

Now, Therefore, you are hereby notified and required to show cause before the County Board of Pennington County, Minnesota, at the Commissioners' room at the Pennington County Court House in the City of Thief River Falls, Minnesota, on the 12th day of Sept. 1919, at two o'clock P. M. why an order should not be made by said Board directing the County Auditor to file another tabular statement assessing against the property affected by said ditch proceeding, in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement previously filed. That at such time and place any and all persons interested may appear before the Board and be heard why such order should not be made.

Dated at Thief River Falls, Minnesota, this 18th day of August, 1919.

"Burning the Midnight Oil"

THAT, literally, is the reason why the American has won the proud distinction of being the best educated man in the world.

Because a cheap, dependable illuminating oil made from petroleum was developed first in the United States, the people of this country had the opportunity of studying late into the night long before such luxury was possible elsewhere.

The petroleum industry, in which the Standard Oil Company was a pioneer, has made it possible, even in remote places, for man to read, study and acquire knowledge in comfort, after the day's work is done.

The tremendous development of America shows that the American has "burned the midnight oil" to good purpose.

The seven men who manage the Standard Oil Company (Indiana), the 19,568 men and women who carry on the business, and the 4623 stockholders, all are proud of the fact that their Company has been, and is, such a potent influence in the development of the nation.

Today the Standard Oil Company (Indiana) operates the greatest and most complete refinery in the world, together with several others of lesser output.

Throughout 11 states the Company distributes the refined products so thoroughly that even those in the remote corners are able, at all times, to get their requirements at a low price.

Thus is shown another marked benefit accruing to all from the activities of the Standard Oil Company (Indiana) as a public servant.

The One Improvement You Can Always Afford

Bigger and better barns. More comfortable quarters for the stock. Better equipment for providing and keeping silage to feed the animals.

No Investment Pays So Well

Lumber prices will never go so high that livestock will not repay providing it with the best there is. From no kind of investment are the returns so certain.

Ask For Our Barn Plans

Permit us to refer you to some of your neighbors for whom we have furnished the materials going into new barns. Many have availed themselves of the opportunity to use the plans we have on hand, covering nearly every kind and size of barn for which any use can be found. This service is free.

Railroad News Notes

HERE'S RECORD OF PAST RAIL STRIKES

SHORTEST STRIKE OCCURRED 1890, FOLLOWING DISMISSAL OF MEN.

The settlement of the shop men's differences with the railroads and the return of the former to work recalls some of the past difficulties between the lines and the men.

The first great railroad strike, in 1877, involved only three roads, the Baltimore and Ohio, the Pennsylvania and the Erie.

In 1877 thirty thousand employes of the leading railroad went out on strike for an increase in wages. The men remained out two months.

In the Pittsburg district, during the great strike of 1877, accompanied by riots, nearly 2,000 cars and more than a hundred locomotives were destroyed and the county of Alleghany was held responsible for damages, aggregating more than $3,000,000.

After the strike of 1877 there was no great strike on American roads until 1886, when the employes of the Missouri system were ordered out by Martin Jones. Nearly 10,000 men were involved and it lasted two months.

The shortest strike in history occurred in 1890 on the New York Central lines, when employes declared a strike against the dismissal of men, who belonged to the Knights of Labor. The men were back to work after two days time, the differences being adjusted satisfactorily.

In 1894, at the time of the great railroad strike, President Cleveland sent Federal troops to Chicago despite the objections of Governor Altgeld of Illinois, and the disorders were quelled, but not until the railroads had lost nearly a million dollars in property destroyed and more than four millions in earnings.

Following the railroad strike of 1894, President Cleveland appointed a commission to investigate the nature and causes of the strike. This commission, headed by Carrol D. Wright, commissioner of labor, suggested that something like government control must be exercised over quasi-public corporations and cautiously hinted that government ownership might be taken at the proper time.

President Hayes, after two proclamations in 1877, finally sent Federal troops into Maryland, West Virginia and Pennsylvania, and there were disturbances as far west as Chicago.

The American Railway Union strike, of 25 years ago which originated in the town of Pullman on account of a cut in wages and the laying-off of many men at a time when business was dull, was of greater consequence than any previous labor disturbance and for a time threatened to tie up the entire transportation system of the United States.

Goods Stolen.

In a report from Washington, it is said that Uncle Sam has had stolen from him since he assumed control of the railroads, something like $70,000,000 from the cars in terminals and in transit for which shippers and consignees must be reimbursed. About $15,000,000 worth of stolen freight was taken from cars while they were in and around New York City.

Want $1 Per Day Advance.

The general chairman of the United Brotherhood of Maintenance of Way Employes and Railway shop laborers on Tuesday approved a new wage and working agreement already submitted to the Railroad Administration, calling for an increase in pay of approximately $1 a day per man, time and a half for overtime and promition by seniority.

The demands, it is said, affect all railroads in the United States, Canada and Central America, and involve about 500,000 workers. Half of that number are members of the union.

A referendum now being taken is returnable Aug. 24. Union officials declare 99 per cent of the men favor the proposed schedule and a general strike of all maintenance of way employes if their demands are not met.

Division Jottings.

Fred Dablow, Soo engineer, left Monday for Crookston, Breckenridge and Morris, on a week's business trip. He will visit with his brother in Breckenridge and his mother in Morris.

George Erickson, Soo line boiler maker, left Monday evening on a short business trip to Minneapolis. He was accompanied by fireman C. B. Bartlett.

Roy Erickson and Ally Campbell, Soo firemen, left Saturday for Minneapolis where they will visit for a week with friends.

A. Field, Soo station agent at Baker, went to work Tuesday, taking the place of A. E. Peterson, who has gone to Eckman as relief man.

K. M. Geeslin went to work at Devils Lake, N. D., the latter part of last week, relieving Hardy Bothun, who has been transferred to the warehouse in this city.

M. F. Burrows, warehouseman at Devils Lake, has been promoted to freight clerk.

E. E. Blair, operator at Mahnomen, went to work the first of the week, relieving L. E. Whiting, who is on his annual vacation.

P. J. Bowers, station agent for the Soo at Radium, passed Sunday at Mahnomen as the guest of his friends.

D. C. Payne, agent at Erskine, was a business caller in Thief River Falls last Friday.

G. E. Holman, agent at Dahlen, was a visitor at Conway, N. D., on Sunday.

G. H. Husby, former clerk at Car Foreman Conklin's office, is back at the old job again, filling the vacancy caused by the transfer of Miss Jonas to the freight house. Mr. Husby is regularly employed on the rip track and is just filling the position until a clerk can be secured.

A crew of car men, in charge of Adolph Williamson, left for Ardock, N. D., the first of the week, being called there to rectify a threshing machine that had broken through the freight house platform.

E. F. Dolan, Soo train dispatcher, is back pounding the brass, after having spent his two week's vacation at Superior, Fergus Falls and Minneapolis.

F. L. Pettit, Soo agent at Eckman, has been granted a leave of absence for an indefinite period, on account of illness. He is being relieved by A. E. Peterson, relief agent.

T. J. Rowan, Soo dispatcher, spent last Thursday at Pelican Rapids on a business trip.

Miss Selma Simonson, cashier at the Soo line ticket office, took her departure Friday for Loma, N. D., where she will spend a week visiting with her friends. The balance of her vacation will be spent at the home of her parents in St. Hilaire. Miss Albina Doucet, who returned from her vacation last Friday, is taking Miss Simonson's place.

Charles W. Stewart, dispatcher at the Soo depot, accompanied by Mrs. Stewart, departed Sunday night for a two week's vacation at Minneapolis, Chicago and Oshkosh, Wis., the old home of Mrs. Stewart's mother. Mr. Stewart is being relieved by Mauritz Brink.

Miss Alvina Jonas, clerk at Car Foreman Conklin's office, has been transferred to the freight house, relieving Miss Gulrud, who has taken Miss Nettie Ove's position as stenographer at the division office.

A GOOD SALARY

Students of the Union Commercial College, Grand Forks, N. D., earn good salaries. Young men and women with a business training are much wanted. Send for free catalog and find how little it costs and what speindid chances a business education will offer you.

Protect Your Valuables

Renting one of our Safety Deposit Boxes is the cheapest form of insurance you can have. Fire and burglar proof. Cost but little. We invite you to make an sinspection of the ervice we offer in this department.

First National Bank

100,000 EXTRA POINTS On Every $30 Club

JUST twenty actual working days remain for all club members in The Times campaign to get the "winning points" and an automobile! That is not long—to win a fine motor car in that length of time is worth the supreme effort. The 100,000 extra points on each $30 worth of subscriptions turned in between today and Wednesday, August 27, 6 p. m., will give your already good point standing a wonderful boost. Get out early and stay late. Every subscription secured now is of great value as this offer will never be repeated. Remember, there will be no extra points given on the last three days of the race.

Do Your Best Work Now!

Mr. Subscriber

Right now, during our big subscription drive, will be the best time to pay up your subscription and help some deserving club member win an elegant prize. Don't wait for someone to ask for your subscription; send in your remittance today and give some chosen worker credit for your points; they will appreciate the favor; and then tell your neighbor to lend his support too.

REWARDING ALL DOUGHBOYS AIM OF LAWMAKERS

BILL FOR $12,000,000 FUND TO BE FIRST CONSIDERATION IN EXTRA SESSION.

IS STRONGLY SUPPORTED

REWARDS IN CASH BASED ON MONTHS OF ACTUAL SERVICE.

That Minnesota men and women will be voted a cash bonus by the state legislature, based on months of actual service in the world war, and that the first consideration of the extra legislative session will be a $12,000,000 fund to take care of the matter, is the prediction of Representative Burton L. Kingsley, of Minneapolis.

Rep. Kingsley, who planned to introduce a soldier benefit bill at the extra session, has announced that he had decided to support the committee framed measure of the last regular session. This bill, scheduled for presentation by Rep. Guy H. Dilley, St. Paul, at the extra session beginning on September 8, will provide a $12,000,000 fund to be raised by state tax levies of $1,200,000 a year for ten years and disbursed by the adjutant general in allowances for $10 per month for actual time in service.

Arguments in favor of the proposal in preference to free tuition, land offers and other state rewards for military service, have been advanced by soldiers in letters to different congressmen and legislators.

Soldier Writes.

Among those who have expressed a preference to a cash bonus in place of free tuition, land and other things, is Sgt. Eddy, son of former U. S. Congressman Frank Eddy, of St. Paul.

Sgt. Eddy, in the letter to his father, was of the opinion that the Minnesota legislature would not do anything for the soldiers who had gone forth to stop the Huns. According to Sgt. Eddy he believes there is only one thing the solons can do that would be a fair deal to all the soldiers and that is a flat rate of so much per month for actual service. Actual service means the total time served from the day of enlistment to the time the soldier is discharged.

More Time, More Money.

In his estimation a man who has put in two years in the army is entitled to more pay than a man who served probably a year or just a few months. Such a plan would be welcome to all. A large number of the men, particularly among the volunteers, are holding positions and thru with school and hence the tuition offer is useless, where on the other hand the cash bonus would be a big help.

Farm Offers Impractical.

"As to farms, when you stop to think how few of the men in the army were on the farms when they enlisted and how few would have remained on the farms if they had not joined the army, it is absurd to try to make farmers out of all of them simply because they have been in the army," said Sgt. Eddy.

"If we are given the money, the youngsters that want to go to school can, the man who wants to go farming can and the man who wants to start in business can," he continued.

North Dakota Pays Bonus.

In the state of North Dakota each man is paid $25 for every month spent in the service and according to Sgt. Eddy, "Minnesota has dollars where that state has dimes."

Soldiers as a whole do not claim that the state owes them anything, but are of the opinion that if Minnesota wishes to make them a donation it would be greatly appreciated. They also hope that the matter will be settled once and for all and cease raising false hopes.

First Bill Up.

The so-called soldiers' bill, it is generally predicted at the capitol, will be among the first measures introduced during the special session.

Chairman Dilly already has planned to call the military affairs committee of the house on the opening day of the session.

It is predicted also, by several lawmakers that the special session will continue 30 days at least and probably even 60 days.

Returns From Overseas.

Herbert Hanson, graduate of the local school with the 1917 class, returned to Thief River Falls Saturday morning after eighteen month's service with the American army, fourteen months of which was spent in active service with the American Expeditionary Forces in France and Germany. Hanson was a member of the 4th Sanitary train of the 4th Division and landed in Liverpool, Eng., on May 30, 1918. The 4th division was one of the regular division that took part in all the major engagements and created for itself an enviable record. The 4th followed the Germans up from Chateau Thierry over the Vesle river and finally concluded its operation after 31 days of hard fighting in the Argonne forest. Hanson went with the 4th into Germany when the Yanks started the march, following the armistice signing and remained at the Coblenz bridgehead until July 20, when the homeward bound movement of the division was begun. Hanson arrived in the U. S. on August 4th at Philadelphia and made the trip over on the Minnesotian. He received his honorable discharge at Camp Dodge last Friday.

Red Lake County Fair.

The ninth annual Red Lake fair will be held at Red Lake Falls Monday, Tuesday and Wednesday, Sept. 29, 30 and Oct. 1, according to an announcement made by the board of directors. There will be a fine line of prizes offered for exhibits and some good entertainment features. Last year the fair was held in September and this is the second year that the fall fair has been tried out. Dr. N. M. Watson is president of the association, Jos. Salley is secretary, J. E. Draeger is treasurer while the directors are Dr. N. M. Watson, Ferment Derisier, Gilbert Marchildon, A. T. Ostendorf, J. H. Wagner, J. E. Draeger and Noel Dolorme.

RED LAKE COUNTY CROP CUT IN TWO

HEAVY RAINS RUIN THE MOST PROMISING OUTLOOK IN YEARS.

The crop which looked so promising a month ago in this county will not be half of what was then expected, the finishing touches having been put on a large part of the standing grain by the severe rain and hail storms which swept the county this week, says a report from Red Lake Falls under last Friday's date.

In the vicinity of Plummer the hail damaged from 10 to 25 per cent of the standing grain, while in some instances the hail and rain damaged 50 per cent of it, according to J. W. Phalen, cashier of the First State Bank of Plummer. W. B. Torgerson of the First State bank of Oklee, states that the storms practically finished all the grain remaining uncut, for it was badly beaten down and very little could be saved. The hail damaged many rubberoid roofs.

Slight damage was done around Wylie, according to T. P. Smidesang, cashier of the Wylie bank, but around Dorothy the storm laid everything flat. West and south of Red Lake Falls the storms did heavy damage to grain, blew down a windmill, demolished three hayracks and killed numerous chickens and turkeys. Elmer Nelson lost 42 turkeys while A. D. Dufault lost 60 chickens.

PLENTY CHICKENS BUT NO SHOOTING

REPORTS ARE THAT HUNTERS WILL MISS BEST SEASON IN YEARS.

Hunters of this section of the state are disgusted with life, says the Crookston Times. There are more prairie chickens reported this year than for the past several years in the Minnesota Red River Valley—yet by action of the state legislature there will be no open season until 1922.

In past years the real hunter at this season of the year was training his dog, greasing his gun, talking shells, and telling of his shooting ability. Now the word hunting brings a disgustful look on his face.

The hatching season this year was good and every covey has from 8 to 10 birds in it. The wet season came late and very few chickens were flooded out. On a trip to Russia eight coveys of chickens were seen by one former hunter recently. Each covey was made up of eight or ten birds, which were large. Except in one locality the chickens are reported more plentiful than in several years past.

Heavy rains throughout the summer transformed pot-holes into small lakes, over the section, which guarantees good duck shooting in the annual southern flight of the northern ducks. Thief and Mud lakes, years ago excellent places, but more recently poor as they became dryer are again reported good duck holes.

Complete Dry Bill.

The senate judiciary committee late last Saturday ordered a favorable report on the revised prohibition bill. The committee action was taken without a record vote.

The subcommittee revision of the house bill was accepted practically without change by the full committee. The measure is expected to be called up in the senate for debate late next week.

The bill as approved by the senate committee defines intoxicating beverages as those containing one-half of one per cent or more of alcohol. Home manufacture of light wines and cider is safeguarded as are supplies of intoxicants held in private dwellings for personal use.

WELCOME NEWS OF ROAD'S EXTENSION

(From the Warren Sheaf.)

That Grygla and eastern Marshall county may soon have railroad connection with Thief River Falls thru the electric line which now runs to Goodridge was revealed in a statement made by H. W. Protzeller, president of the Northern Electric company, of Thief River Falls, in a public address in the rooms of the Board of Trade at Baudette last week. According to the Baudette Region, Mr. Protzeller stated that he was positive that the line would be extended to Baudette and that the first car would reach that village within two years.

Mr. Protzeller expects to go over the territory within a short time to get all the available information regarding the country through which the road will pass. The country to be traversed is a rich one, and there isn't any question about an electric line being a paying proposition. The new line would put the wonderful Lake of the Woods within a few hours of the prairie country, and the road would not only have a big tourist trade, but it would mean the building of many summer homes on the shores of the Rainy River and the Lake of the Woods. This with the tremendous development of the farming country, between Thief River Falls and Baudette would be a wonderful boon to the whole country affected.

Mr. Protzeller's announcement, while not official, is taken as a positive announcement that the road will be built soon, and is by long odds the most important of its kind that residents of that section have ever heard.

On Last Trip.

The gigantic U. S. transport, Leviathan, formerly the Vaterland, started from New York last Friday for Brest, France, on its last trip as a troop carrying vessel. It will return early in September with most of the First division and it is said Gen. J. J. Pershing will be aboard her at the same time. The Leviathan, which has carried many Thief River Falls and Pennington county boys over the pond and back again, will be turned over to the shipping board. The Imperator, another large German boat, that has been carrying Yanks back for several months, will also make one more trip, after which it will be turned over to the British government, under the peace treaty.

CHAMBERLAIN'S TABLETS

THIS is just what you need, madam. Many women who were troubled with indigestion, a sallow muddy skin, indicating biliousness and habitual constipation, have been permanently cured by the use of Chamberlain's Tablets. Before using these tablets they felt miserable and despondent. Now they are cheerful and happy and relish their meals. Try them. They only cost a quarter.

Chamberlain's Tablets

VICTORY BUTTONS LOST IN TRANSIT

COLONEL HOOPER OF MINNEAPOLIS IN CHARGE OF MINNESOTA DISTRICT.

Somewhere between Minneapolis and Chicago 16,600 Victory buttons, intended for former Minnesota army service men, are lost in transit.

The buttons left Chicago on August 6 and officials at the Minneapolis army recruiting station have no trace of them.

"All the former army service man has to do to get his button," said Colonel E. L. Hooper, "is to come to the office here, bringing his discharge paper. He'll get his button free. If he has been wounded and his paper shows it, he will get a silver button. All the other buttons are bronze—16,000 of them. There are 600 silver ones.

Officials at the station have stated that they expect the buttons will soon show up and are of the opinion that they have been sidetracked by the strike.

Colonel Hooper is in charge of the Minnesota district, comprising this state and six northern counties of *Wisconsin*.

The official victory badge which is to be given to the ex-doughboys is a very handsome button. After a great number of specimens had been submitted to war department officials, they chose what they thought was the proper emblem. The button is made up of a wreath with a star placed over it. The letters U. S. are stamped on the center of the star.

There is no distinction in the buttons between men who served overseas at the front, or those who didn't get across, only that the wounded boys are given silver emblems.

Discharged Men Favored.

Under an opinion of the Attorney General recently rendered to the Civil Service Commission, United States soldiers, sailors and marines who missed opportunity to enter civil service examinations because of their military or naval service may now be given a chance to qualify for Government employment.

Sixty days from August 1, 1919, will be allowed soldiers, sailors, and marines in which to be examined for positions for which examinations have already been held if they were discharged from the military or naval service prior to August 1, and sixty days from the date of their discharge will be allowed those discharged subsequent to August 1, 1919.

Office Boy is Regular.

The office boy has been vindicated, for the United States treasury department has ruled that the work of an office boy is a regular occupation. Firms in Minnesota that have employed boys in that capacity have in reality violated the state law which prevents children less than 14 years from working in industrial establishments.

"Why, he is just an office boy," is the usual reply by employers when questioned about the employment of boys.

Now then, the office boy has been vindicated for the United States treasury department says an office is a part of the whole industry and that there can be no one eliminted in reporting the number of employees.

Free Tuition For Yanks.

The last legislature passed an act whereby the state is to pay the tuition of all returned soldiers who want to attend college. It is not generally known, however, and many who do not know are under the impression that it applies only to the State University and colleges that maintained a Students' Army Training corps.

Other schools are included, and the Mankato Commercial college is one that has been approved by the State Educational department. The amount of tuition that will be paid for each soldier is limited to $200.

A Record Run.

Paul Medderigh, fire chief, staged an exhibition run last week with the fire team and wagon, going from the hall to the Lincoln high school grounds, a distance of six blocks, in two minutes and 13 seconds. The hose was connected with the hydrant and 600 feet was strung also during this time. Paul says this is a record run.

LEGAL NOTICES

Order Limiting Time to File Claims, and For Hearing Thereon.

State of Minnesota, County of Pennington, ss. In Probate Court.

In the Matter of the Estate of Anders C. Hansen, also known as A. C. Hansen, also known as A. C. Hanson, Decedent.

Letters of administration this day having been granted to John L. Magnuson.

It is Ordered, That the time within which all creditors of the above named decedent may present claims against his estate in this Court, be, and the same, hereby is limited to three months from and after the date hereof; and that Friday, the 21st day of November, 1919, at 10 o'clock A. M., in the Probate Court Rooms at the Court House at the City of Thief River Falls, in said County, be, and the same hereby is fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Thief River Falls Times as provided by law.

Dated August 16th, 1919.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Peter A. Ekstrom or P. A. Ekstrom, Decedent.

The State of Minnesota, to Mary Ekstrom, Carl Emil Ekstrom, Esther Anderson, Josie Lorentson, Cora Ekstrom, Mabel Ekstrom, Rose Ekstrom and all persons interested in the granting of administration of the estate of said decedent: The petition of Mary Ekstrom having been filed in this court, representing that Peter A. Ekstrom or P. A. Ekstrom, then a resident of the County of Pennington, State of Minnesota, died intestate on the 5th day of October, 1918, and praying that letters of administration of his estate be granted to Mary Ekstrom and the Court, having fixed the time and place for hearing said petition: Therefore, You and Each of You, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House, in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 5th day of September, 1919, at 10 o'clock A. M., why said petition should not be granted.

Witness, the Judge of said Court, and the seal of said Court, this 12th day of August, 1919.

IRA C. RICHARDSON,
Probate Judge.
(Court Seal.)
O. A. NAPLIN,
Attorney for Petitioner.

Notice of Hearing on Petition to Vacate.

WHEREAS, a petition has been presented to the city council of the city of Thief River Falls, Minnesota, by the Independent School District No. 18, Pennington County, Minnesota, representing that said School District is the sole owner of property on the line of the public alley hereinafter described, and praying for the discontinuance and vacation of such alley, and,

WHEREAS, the said City Council has deemed it expedient that the matter of said petition be proceeded with, and has ordered said petition filed of record with the city clerk, and that notice of hearing thereon be given according to law:

NOW, THEREFORE, Notice is hereby given, that said petition will be heard and considered by said city council, at a regular meeting thereof, to be held at the council chambers, in the Auditorium, in the City of Thief River Falls, Pennington County, Minnesota, on the 9th day of September, 1919, at 8 o'clock P. M.

NOTICE IS FURTHER GIVEN, That the object of said petition filed as aforesaid, is to vacate and discontinue the following described public alley, to-wit:

All that part of the public alley lying between lots one (1) to five (5), both inclusive, and lots twenty (20) to twenty-four (24) both inclusive, and between the south ten (10) feet of lot six (6), and the south ten (10) feet of lot nineteen (19), in Block nineteen (19), of the Original Townsite of Thief River Falls, Pennington County, Minnesota.

Dated July 23, 1919.

A. H. AKRE,
City Clerk,
Thief River Falls, Minn.

Notice to Contractors.

Sealed proposals will be received at the office of the County Auditor of Pennington County, Minnesota, until 3 o'clock P. M. Sept. 5th, 1919, for the construction of Federal Aid Project No. 67, State Road No. 1, length 3.7 miles and State Aid Job No. 1907, length 2.25 miles, which involves approximately the following items:

Federal Aid Job No. 67—
Clearing 0.5 acres.
Grading 24460.0 cubic Yards.
Ditching 3047.0 Cu. Yds.
Portable Culverts 410 Lin. feet.
Surfacing 5345.0 Cu. Yds.
1 W-80 Concrete Box Culvert.

Separate bids will be received for the grading and surfacing and the work incidental thereto.

State Aid Job No. 1907—
Clearing 4 acres.
Grading 15000.0 Cu. Yds.
Culverts 150 Lin. feet of 15 inch.

Plans and specifications may be examined at the office of the County Auditor at Thief River Falls, Minn., or at the office of the State Highway Department, 920 Guardian Life Building, St. Paul, Minnesota. Blue prints of Plans may be obtained from the Highway Department at the bidder's expense.

The right is reserved to reject any or all bids, and to waive any defects. Bids must be accompanied by a certified check for at least 5% of the amount of the bid, made payable to the County Treasurer of Pennington County.

T. P. ANDERSON,
County Auditor,
Pennington County.
GLENN H. MARTZ,
Highway Engineer,
St. Hilaire, Minn.

THE MOST DANGEROUS DISEASE

No organs of the human body are as important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

Come in this is Certain-teed Week

This is Certain-teed Week August 18 to 23

This is a "big" week the country over—a week especially set apart by Certain-teed dealers to assist you in properly starting your new home and in setting your present house in order for the fall and winter.

Every home and building needs Certain-teed extra quality roofing or paint; possibly the interior woodwork needs touching up a bit, or the floors need a coat of wax or varnish.

You will find it to your advantage to visit your Certain-teed dealer this week and learn from him how you can carry out your plans at the least expense and with the best results.

Your Certain-teed dealer will advise you in making the selection which will best fit your need.

And whenever you have painting or roofing work done, make sure to specify Certain-teed. You will then be assured of the best and most lasting results.

Now All You Good Fellows, Come Fill Up Your Pipes

Velvet TOBACCO LIGGETT & MYERS TOBACCO CO

15c

The Velvet tin is twice as big as shown here

IF ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature *made* for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not *"put on"* like "frosting" on a cake. Its mildness comes from *natural ageing*, not from having the life *baked out*. Its fragrance is true tobacco fragrance, not a *perfume*. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

Liggett & Myers Tobacco Co.

ARRANGE TO OPEN GYMNASIUM SOON

ROOM CAN BE SECURED IN THE BASEMENT OF CITIZENS' STATE BANK.

Plans are being arranged and perfected by local parties for the installation of a gymnasium in the city, and the intentions are to open the institution some time this fall. The matter was taken up at a Commercial club meeting Tuesday.

G. A. Fallness has been approached several times by local citizens on the matter but up to this time has not seen fit to take the matter up. He has now taken the initiative and is making plans together with several other local people for the installation of a "gym" in the basement of the Citizens' State bank, formerly occupied by the Crown barber shop. With the return of practically all the young men to the city again, Mr. Fallness believes the plan is a feasible one. All of the men with army experience have been living out of doors and doing a great amount of exercise and Mr. Fallness believes that a place where they can go and indulge in several hours of good clean exercise would fare well. Business men of the city will also be asked to join.

Mr. Fallness came here about two years ago and during this time has conducted a bath and massage parlor. The first step will be in getting the required number of members to start the ball rolling. The minimum will be thirty and if this number is secured Mr. Fallness will proceed to purchase the necessary gymnasium equipment.

The room spoken for is 35x32 feet and is equipped with several shower baths. The "gym" will be provided with dumb bells, horizontal vaulting bar, Indian clubs, vaulting horses, punching bag, arm bars, two trapeze, chest and neck attachment and a wrestling mat. Boxers will furnish their own gloves.

Mr. Fallness stated that if the classes become large enough, a permanent man will be secured to instruct the members along all lines of athletics, but the present plans do not call for an instructor at the beginning.

A small monthly membership will be charged and members will have access to everything as well as the shower baths which is thrown in.

Mr. Fallness began the circulation of his list to secure the minimum number of members on Monday afternoon and lacked but nine signatures this morning to complete the roster. He will proceed with the buying of equipment immediately upon getting 30 names.

It is planned to set aside one day during the week exclusively for women.

BATTLES MAD BULL; GOES OVER FENCE

BULL TRIES TO BREAK THRU FENCE BUT IS PUT TO ROUTE BY DOG.

Attacked by an angry bull last Friday afternoon, Sigvall Bjorgo, a farm hand at the T. K. Rynestad home, was thrown completely over the fence after a hard fight with the animal. Mr. Bjorgo received a few bumps but outside of that he escaped luckily.

It seems that the bull objected to Mr. Bjorgo's trespassing upon his domain on that particular day. The farm employee succeeded in getting the cows started moving from the pasture towards the barn but the bull stood pat and refused to go. Turning to go to the barn to secure a fork, Mr. Bjorgo was attacked by the animal and knocked down. The bull's attempt to gore his victim proved unsuccessful as Bjorgo held fast to his horns as he lay on the ground and in this way warded off much danger.

After battling for several minutes the bull grew frantic and in a mad rush heaved the farm hand into the air and over the fence. About this time Mrs. Rynestad and the farm dog came to the rescue while the enraged bull attempted to break thru the wire. In a moment the dog was at the animal's heels, and he was rapidly put to route. Mr. Rynestad stated that if aid had not come at the proper time, there is no doubt but what the lad would have been seriously hurt.

The Rynestad farm is located five miles northeast of Thief River Falls.

30 Members are "Lifers."

Thirty honorary memberships in the Thief River Falls Commercial club have been written to those who entered the army during the emergency and who were members of the club at the time of enlistment. A number of honorary memberships are on hand at Secretary Smith's office and those who haven't as yet received them should call at the office. The club is also extending a free six month's membership to returning Yanks, entitling them to all the privileges during that time. The following are "lifers" in the club: John Brumund, Hugh Bottelson, E. O. Brevig, Ben Bothun, Hardy Bothun, Dr. J. E. Douglass, Ole C. Granum, Carl Gulrud, Carl Gjelhaug, Max Goldsmith, Roland Head, Lawrence Hermanson, Fred Haug, Ed. Karwand, H. O. Chommie, C. A. Loomans, George Loken, Arthur LaBudde, Martin Langseth, Frank McGinn, H. A. McDaniel, C. T. McCully, Harold Provencher, Clifford Rice, Fred Scanlan, C. A. Swanson, G. H. Smith, Olaf Thompson, George Werstlein, Lloyd Zeh.

There are two gold stars on the service flag, the former members being Henry Anderson and George Poston.

YANKS WELCOMED BY LUTHER LEAGUE

RETURNED SOLDIERS ENTERTAINED THURSDAY AT NORWEGIAN CHURCH.

Under the auspices of the Norwegian Lutheran church Luther league, the returned soldiers of that congregation were entertained last Thursday evening in the church basement. The affair proved to be one of the most enjoyable of its kind ever held in Thief River Falls. There were over three hundred people present to extend a true welcome to the boys and showed the thorough patriotism of the church people.

The room was beautifully decorated with red, white and blue lattice work around the doors, windows and speakers' platform. Streamers of red, white and blue crepe paper were strung from the chandelier to each corner of the room. Large vases and baskets of similar colored flowers were placed at different spots and added very much to the beautiful scene. At the front end of the hall the church service flag, containing thirty-six stars, was placed.

After an excellent program of speeches, instrumental music and vocal solos, a delicious luncheon was served. The program follows:

Hymn—Audience.
Devotion—Rev. Aastad.
Piano solo—Regina Nibbe.
Address of Welcome—Rev. Aastad.
Vocal Solo—Miss Zella Zeh.
Address—Hans O. Chommie.
Vocal solo—Miss Grace Loken.
Talk—Attorney Theodore Quale.
Hymn, "Abide With Me"—Audience.

Bank Fixtures Sold.

The fixtures formerly used by the First State bank and which have been in storage since the consolidation of that institution with the Peoples State bank, were last week sold to the Security State bank of Jamestown, N. D. The equipment is modern and in fine condition but was not needed by the former owners.

Miss Bertha Haugen of Gatzke arrived the latter part of the week to receive medical aid.

Blames Dam For Flood Situation

(From the Grygla Eagle)

Last Monday night this part of the state was again visited with a heavy rainfall. It was accompanied in some places with hail which destroyed all uncut grain in its path, which was about two miles wide and extended across the towns of Valley, Benville, Spruce Grove and we have not learned how much farther east. Most of the farmers had their grain in the shock, which was not damaged much. Just what the money loss will be is hard to estimate, but it will be enough. The ditches took off the water fast enough to avoid the land being overflowed, but as the country east is being ditched into the No. 11 system, the main ditches are not large enough to take the water off as fast as it comes.

It is now plain to be seen that the plan of the whole system was poor as far as the outlet is concerned. If there had been bridges instead of culverts put in the full width of the ditch, much of the grade washouts would have been saved in the previous rains. It is well demonstrated that when a bridge or culvert is put in, from one third to two-thirds as wide as the ditch, you have a ditch practically as wide as it is in the narrowest part. Water does not wait for room to go through a given spot but goes over somewhere and thus floods the fields and breaks of the grades. The way or the outlet of a ditch system is the only means of success.

The outlet of all the water in this part of the state west of the divide is by way of Thief and Red Lake rivers. Years ago, before what is known as Kretzschmar's dam, in Thief River Falls, was raised to its present height, in speaking of the danger in a dry season of the supply of water in the pond becoming too low to be used, it was proven that at that time backed the water up Red Lake river eight miles and of course was the same in Thief River. Now, isn't it safe to say, that with the raise of the dam since that time, of more than three feet, that it has blocked a successful outlet for the water from the section west of here along Mud and Thief rivers.

The dam was put in Red Lake river thirty years ago for the purpose of creating a reservoir of water to run a flour mill, which was built there. At that time this country was unsettled. Later the pond became a reservoir for the storage of logs for a saw mill, which was fortunately built there. This country then began to be settled. Now the saw mill has done all its work and has been torn down. Steam power has been put in to help out the water power when necessary, which is a good part of the year. Now what is the necessity of the dam when the benefits are so minute compared to the destruction of thousands, yes, millions of dollars worth of property in the most fertile part of the state. Red Lake river is a government stream. The government owns or receives a revenue from all of this land why not the government open the outlet for this water by opening up the river at Thief River Falls and give these hard working pioneer settlers a sure chance for the success they deserve?

Hear the Band Tonight.

The Thief River Falls band will render their weekly concert tonight at the band stand on the corner of Fourth street and LaBree avenue. The organization will not be there in full force as several members have left for the harvest fields to remain for several weeks. The concert will begin at 8 p. m. sharp. Conductor Cordes has arranged a snappy program and is as follows:

Now is the time to subscribe for The Times, $2.00 per year.

DROWNS IN BIG DITCH WHEN CAR GOES OFF ROAD

ALBERT MOSTROM, 40, MET HIS DEATH LAST SUNDAY ON NEPTUNE ROAD.

BOY ESCAPES UNINJURED

CAR OVERTURNED AND PINNED VICTIM BENEATH IN 4 FEET OF WATER.

Pinned beneath his overturned car in a ditch containing 4 feet of water, Albert Ernest Mostrom, 40, was drowned last Sunday about 5:30 p. m. in a big ditch in Hickory township, after his car had run off the road and turned turtle.

The victim's nephew was riding with him at the time of the accident and was also held beneath but managed to crawl from under the machine in a miraculous manner and escaped with a wrenched ankle.

Information regarding the accident was telephoned to Sheriff LaBree and Coroner W. H. Froehlich about an hour after it had happened and at the inquest held over the dead man, Coroner Froehlich pronounced death as being due to drowning. There were no broken bones or bruises found on the victim's body.

Went For Short Ride.

Mostrom, who was residing with his brother on a farm in Hickory township, left late Sunday afternoon accompanied by his nephew for a short motor ride to a neighboring farm and they had not gone for more than four or five blocks from the place when the car went off the road into the ditch. Dr. Froehlich stated it was impossible to say whether Mostrom lost control of the machine or whether the steering apparatus became defective.

Car Plunges Down.

After the car had plunged over the bank into the ditch, the lad riding with Mostrom crawled out and began yelling for help and soon a large crowd was attracted to the scene. It was fully an hour before the body was recovered from its position under the car in the ditch.

Was Single Man.

The victim was a single man and had resided in the county for a number of years, and was making his home with his brother in Hickory township. He also has another brother in the same community.

Funeral services were held on Tuesday afternoon.

THRESHING IS ON; GOOD WHEAT YIELD

BULK OF THRESHING STARTED AS WEATHER CONTINUES FAVORABLE.

Since last Friday the bulk of the threshing in Pennington county has been under way and if the weather continues favorable reports from the threshing districts indicate that the work will be completed before a very long time.

First reports give higher yields than was generally expected, altho those in touch with grain conditions believe the average yield for wheat will be around 15 bushels to the acre. All over the county crops are yielding from five to twenty-five bushels. The fine weather that has continued since last Friday has given the farmers a chance to get a good start.

County Agent J. J. McCann reports that in the eastern part of the county the crop is going beyond all calculations. Where they had expected to receive from 3 to 4 bushels per acre the yield is over 10 to 12.

In Smiley township threshing is in full swing with indications pointing to a yield of about 15 bushels to the acre. On the P. W. Roark farm threshing operations have been completed and the yield given was 17 bushels, 10 pounds, No. 1 hard wheat to the acre. At $2.31 per bushel this would make an average of about $40 per acre. This crop was raised on land which Mr. Roark has been holding at $50 per acre.

Seventeen bushels to the acre is the yield given at the Knox farm, located north of the city, on the 46 acres threshed. The grade was No. 2 and at $2.29 per bushel $38.76 was realized per acre.

STATE SEED CORN TIME SEPT. 10-20

FARMERS URGED TO SELECT ONE BUSHEL FOR EVERY SIX ACRES.

In a seed corn campaign in which the county farm bureaus of Minnesota are to cooperate with the agricultural extension division of the University of Minnesota in observing Seed Corn Time, September 10 to 20, Minnesota's farmers will obtain 500,000 bushels of seed as a means of insuring the seeding of corn for the next year. This means one bushel of seed corn for every six acres to be planted.

According to the plans of this campaign, Pennington county's quota of seed corn to be selected during Seed Corn Time, September 10 to 20, is 450 bushels. The county last year had 2850 acres in corn. County Agent J. J. McCann says that there is an increase of 15 per cent this year which will bring the total up to 2700 acres. [illegible] of seed corn mention[illegible] based this acreage for [illegible] selection of this [illegible] farmers against [illegible] age as occurred in the spring of 1918.

Every farmer will be called on to select one bushel of seed corn for every six acres he puts into corn, and he will be urged also to select a liberal margin over this amount to give a chance for re-selection in the spring after testing this corn for germination before planting.

Wants Racket Stopped.

Councilman H. A. Brumund wants an ordinance passed by the city council that will put a stop to the practice of running thru the city streets at night with automobile throttles wide open. He declares that it is a nuisance and that something should be done to put some sense into a lot of half-baked smart Alecs who make the nights hideous by the clamor of their machines. It is perhaps impossible to place anything inside the skull of persons who know no better than that, but the practice might be made unpopular. City Attorney Quale promised to have the ordinance ready at the next meeting.

LOST INSANE MAN FOUND IN WOODS

HAD WANDERED OVER 100 MILES OF COUNTRY SINCE JULY 26.

Missing since July 26 when he left the Pat Gavin farm on which he was employed, August Hauzey, whose mind is badly deranged, was found in the big woods on a claim with his brother in the Rapid River country last Saturday.

Since leaving his abode near Mavie in July, Hauzey traversed a stretch of country of approximately 100 miles. When found last Saturday he was practically in an unconscious condition, weather beaten, ragged and hungry. It is believed that he gained his subsistence through the picking of berries, of which there is an abundant growth in that part of the country.

Failing to show up on the farm for duty last month and having made several threats in the past to end it all, Sheriff LaBree and a posse of men combed the country around Mavie on several occasions in an attempt to locate Hauzey, but he had undoubtedly gotten out of the scope of the sheriff's crew.

Hauzey has been taken to Baudette and will be committed from that place by the officials of Beltrami county, by reason of the fact that he is not a resident of Pennington county. He formerly resided at Jamestown, N. D.

Rural Carriers' Picnic.

The Rural Carriers' association, composed of carriers on the different routes in Pennington, Marshall, Polk and Red Lake counties, will hold a picnic at Lovers' Lane in this city on Monday—Labor Day. It is expected that between 20 and 30 families will be present and a most enjoyable time is anticipated. One of the purposes of the gatering is to take up the subject of rural carriers' salaries. The general committee in charge of the picnic is made up as follows: Albert Swenson, Route No. 2, city, chairman; L. M. Peck, Route No. 1, city, and George Biskey, Route No. 1, St. Hilaire.

Plan Marne Monuments.

The Third Division, of which a number of Pennington county boys were members, one of the last divisions to leave French soil, has subscribed $31,000 for two monuments to be erected on the flanks of the approach to the Marne bridge, which its 7th Machine Gun battalion dynamited in defending the crossing against the German offensive in the spring of 1918.

MORE TIME GIVEN TO SECURE QUOTA

DRIVE TO COMPLETE $4,000 SALVATION ARMY FUND CLOSES SATURDAY.

In order that Pennington county may go over the top in the drive to secure $4,000 in the county for the erection of a citadel in Thief River Falls by the Salvation Army, the time has been extended until Saturday, August 30. Thief River Falls has long ago subscribed its quota, says Chairman Lawrence, while the country districts are lagging behind. At this time a trifle over $2,200 has been subscribed, most of this having been collected in this city. It is thought, however, that the full amount will be in by the week's end.

Roseau and Kittson counties have carried their quota over the top while in Marshall county District Chairman Lampert has been unable to even secure a chairman and the county refuses to take any interest whatever. The recent floods in that county is given as the reason for holding back.

In Polk county things are reversed. The small towns and townships have collected their share while the city of Crookston is more backward than any place in the drive and the quota is nowhere reached.

The drive is being sponsored by the B. P. O. Elk's lodge and met with unqualified success when they staged their drive here three weeks ago together with the Community girls.

Judge a Corn Raiser.

Municipal Judge N. W. Tarrant has a garden. He is quite proud of it and puts in quite a share of his spare time in manicuring and otherwise keeping it in the finest possible condition. He was somewhat late in getting his corn planted last spring and had about concluded to devote the plot to buckwheat or posies when County Agent J. J. McCann told him not to be discouraged but to go ahead and put in his usual amount of fodder. Now his honor is glad he followed the advice. His corn is eight feet high in some places and is not through growing yet. It may be a little shy [illegible] but the judge says he [illegible] fodder anyway.

45 MILE DITCH IS ASKED THRU BORDER TOWNS

WOULD DRAIN SOUTHERN TIER INTO BOTH RED LAKE AND CLEARWATER.

MUCH ROAD WORK BEGUN

TWO ADDITIONAL CONTRACTS EXPECTED TO BE AWARDED ON SEPT. 5.

A diteing proposal of more than usual magnitude and importance will be presented to the county commissioners when the board meets on Sept. 5. The damage caused in many sections of the county by floods this summer has convinced the people that their only assurance against a repetition of this kind of thing is a more extended system of ditches. Farmers in the southern part of the county have started a movement which will go far toward relieving them of any apprehension from this source in the future.

A 45-Mile Project.

The petition to be presented on the fifth calls for a ditch beginning at the west edge of the reservation line, running eastward thru Hickory township and draining thoroly a large area of low lands in Deer Park and Mayfield townships. Southern Kratka township will also be greatly benefited by this ditch, as will parts of Smiley, Wyandotte, River Falls and Rocksbury townships. This ditch will be about 45 miles in length, including the branches, and will discharge into both the Red Lake and Clearwater rivers. It is by far the largest ditch undertaking in the county this summer.

Big Sum Invested.

Altogether there are at present 342 miles of ditches in Pennington county with roads alongside the major portion thereof. These ditches have cost the county in construction (this cost being in turn assessed against the property benefited) the sum of $653,653.66, while 370,880 acres of land have been benefited thru their construction.

Building Much Road.

Should the digging of the proposed ditches be begun this year it will mean that a large number of men will be engaged on public works in the county. The road improvement program is in itself a larger item than for many years past and will be still further extended. The probabilities are that two more road jobs will be let when the board meets, to be added to the following projects now under way:

Five miles east of St. Hilaire.

Three and a half miles north from Thief River Falls toward Holt and up to the Marshall county line.

Two miles west from the city on the Jefferson Highway, the new road running up to the Polk county line.

Eight and a half miles in the eastern part of the county.

Additional propositions which are expected to engage the attention of the commissioners are:

Three and a half miles south of St. Hilaire, connecting with the state road to Red Lake Falls and thru Red Lake county.

Three and a quarter miles in Mayfield township, connecting with a state road in Clearwater county.

The first of these two roads is known as a federal aid job and the second as a state aid job.

Elks' Annual Picnic.

Thief River Falls Lodge No. 1308, B. P. O. E., will hold its annual picnic at Squaw Point on Sunday, Sept. 7. This is an event always looked forward to by the members of the order with a great deal of interest. It is usually held about the first of the month, but as a number of the boys will wish to visit the state fair, it has been deemed best to postpone it for a week. A competent and energetic committee on arrangements has been appointed and there will be nothing lacking so far as this part of the program is concerned. The membership has grown faster during the past year than during any similar period of the lodge's history and there are many who will attend the annual picnic for the first time. These as well as the older members are promised a good time on the 7th. The program for the day will be found in full in The Times next week.

CANNED GOODS GO BEST AT P. O. SALE

ORDERS FOR GOVERNMENT FOOD AVERAGE ABOUT $50 PER DAY.

While there has been no great rush to take advantage of the government's offer to sell food products at reduced cost, yet the demand has been very fair, according to Postmaster John Morgan. The sale had been going on just one week yesterday morning and the total amount of goods applied for footed up about $350, which is a little better than $50 per day.

Mr. Morgan states that the cherries and rice offered were taken up early in the week and there has been none with which to fill late orders. Canned goods generally have moved pretty well, there being but little demand for staples in the grocery line. Bacon has proven the best seller among the meats, there being practically no call for the canned varieties. The sale will be continued as long as the supply lasts and there is a possibility that larger stores will be released.

It is also stated that the government will throw a large quantity of blankets on the market and the post[illegible]

MASS MEETING CALLED AGAIN FOR SATURDAY

SMALL ATTENDANCE AT COURT HOUSE TUESDAY NECESSITATES SECOND CALL.

EVERYONE URGED TO COME

UNITED EFFORT ON PART OF COUNTY TO PUT BIG AFFAIR OVER.

Everyone is urged to attend the gigantic mass meeting called for Saturday evening at the Auditorium at which time plans will be formulated and a date set for the proposed homecoming celebration to be given in honor of Pennington county's returned fighters.

The time of the meeting has been set for nine o'clock sharp so as to allow the farmers and city people to do their trading at the stores first before coming to the Auditorium. It is believed that in this manner a record crowd should be present. The band will play several selections at different corners as a reminder of the fact that a meeting is to be held to lay plans for this great fete.

A call was issued last week by the local committee for a meeting at the county court house on Tuesday evening but this fizzled out sadly, there being only fifteen present and on motion of W. B. Fuller it was decided to postpone the affair until Saturday evening. There were several representatives from Kratka township present and other nearby places. As the meeting was not representative of the county nothing was done in the way of laying any permanent plans but the men from the country were given a brief idea of the program that the committee had in view.

United Effort Needed.

"There is such a small number here tonight," said Mayor Penney in opening the meeting, "that I hate to go ahead without the united effort of everyone. I remember a year ago we would have given anything to have had the war over and our boys back. Now that they have finished the job and are home, they are entitled to more than what we could ever give them and a grand homecoming celebration in their honor is certainly the least we can do," he said.

To Notify All.

A committee composed of John Morgan, W. B. Fuller and A. S. Sagero, was named by Mayor Penney to make the rounds of the business houses and notify each man of the meeting for Saturday night and the men were on the job early yesterday morning. T. P. Anderson also consented to again write to each chairman of the last Liberty loan in the various townships to send representatives to the Auditorium Saturday.

Biggest Day Ever.

Tentative plans for the big homecoming day were made Tuesday evening and although probably not all of them will be carried out, the day will be one of entertainment from morning until night. It is planned to have a barbeque in which three critters will probably be utilized, and sandwiches and coffee will be served to everyone at this stand free. A field meet in the morning at the fair grounds was suggested and vaudeville stunts, motorcycle races and a sparring bout between Mike and Tom Gibbons of St. Paul. A large bowery to be erected at the corner of Fourth and LaBree was under discussion and it is thought that it can be successfully carried out. Suggestions have also been made to put on a log rolling contest.

The intention is to start the day off with a parade in the morning and a magnificent display of fireworks at night has been suggested but all of these things will have to be threshed out at the mass meeting Saturday.

Need Large Gathering.

In order to put the celebration on and put it on right, it is estimated that $2,500 will be required and to do this the united effort of everyone is needed. This was made plain at Tuesday's meeting.

May Co-operate.

Mayor Penney stated that he had been advised by the Red Lake Falls home-coming committee that they intended to hold their fete on September 30, and that it was their wish to co-operate as much as possible with Pennington county. They suggested that Thief River Falls hold the fete a week or two ahead or after the Red Lake Falls affair, and the suggestion was received favorably.

Cars Collide.

A "head-on" collision occurred on the state road Sunday afternoon when Gust Berggrin and Frank Votava crashed into each other with their cars. Votava charges Berggrin with careless driving and found it a hard matter to know just where to go until he was struck by Berggrin's car, he said. Considerable damage resulted to both cars. The front wheel of Berggrin's car was completely demolished, the springs were broken and the radiator stoved in. The Votava car also had its radiator damaged.

CHICKEN CASE IN COURT DISMISSED

GUSTAFSON CHARGED WITH HAVING STOLEN CHICKEN VALUED AT $1.50.

John Gustafson was arrested Tuesday morning on a warrant sworn out by O. A. Westin charging him with unlawfully, wilfully and wrongfully having stolen and carried away property belonging to the plaintiff in the form of a chicken valued at $1.50. The case [illegible] before Judge Tarrant in the afternoon and on motion of Attorney O. A. Naplin the case was dismissed.

Harold Westin was called to the stand and related what he saw Monday evening after his attention had been attracted from the house by the squacking of a chicken. The boy said he saw the defendant was beating the chicken in his back yard and then threw it into the alley after he had yelled to Gustafson.

Mr. Gustafson on being called to the witness stand said he did not touch the chicken and had simply thrown the broom at it to chase it from his back yard and accidentally hit the fowl. The chicken, half dazed, reeled towards the alley on its own strength, said Mr. Gustafson, and denied having picked it up.

Attorney for the defense said there was no proof given to show that Gustafson had committed an act charged in the complaint and moved that the case be dismissed.

The motion was sustained by Judge Tarrant.

DISTRICT DITCHING PETITIONS FILED

PENNINGTON AND BELTRAMI COUNTY APPLICATIONS ARE RECORDED HERE.

Petitions for the formation of a ditching district under the Cliff law have been circulated thruout nearly all Northwestern counties since the meeting held in this city last month and the signature of practically every man approached has been secured. This is the first step necessary in order to have such district established and it is expected that the carrying out of the plan will go forward with greater speed from now on.

Two counties—Pennington and Beltrami—have filed petitions with Clerk of Court Adolf Eklund in this city. The petition for the first named county carried 40 signatures and was circulated by County Commissioner Oscar J. Peterson. A. J. Anderson represented the people of western Beltrami county, his petition containing 27 names. The work of securing signers has not yet been completed in Marshall county, but it is likely that the chairmen there will also file their reports with the clerk of court in Thief River Falls. It is the most convenient point for them to reach and as the hearings will be held where the petitions are filed there is hardly a doubt but that this county will be preferred. It is the most conveniently located for all those residing within the district embraced in the proposed ditching unit and this fact will no doubt be given full consideration when the matter of hearings comes up.

$110,000 TOTAL OF LAND BANK LOANS

RESULTS OF FIRST YEAR OF VALHALL BRANCH OPERATION SATISFACTORY.

The first annual report of Valhall Branch of the Federal Loan bank, which is the organization operating in Pennington county and vicinity, shows that a total of $110,000 was loaned to the farmers of the section during the first year the branch was in operation. The report is dated Aug. 1, and covers a period of a little less than a year.

There were 41 loans passed on favorably, the largest being for $8,500 and the smallest for $500. There are at the present time 12 applications for loans pending, the aggregate amount represented by these being about $40,000. One is for $10,000, this being the largest amount asked for thus far. The dividend on the interest payments on these loans amounts to $219.05 and is payable to the association.

Secretary L. A. Lampert is well pleased with the showing made during the first year of operation and believes that the farmers will show a greater appreciation of the advantages presented thru the land bank when they become better acquainted with its workings.

Up to date the directors of the bank have shied at loans on peat lands but branches located in sections where there are considerable areas of this class of soil will attempt to demonstrate that such loans would be absolutely safe. If they succeed in this it will mean the rapid development of lands of this character.

WHEAT PRICE TO BE FURTHER ADJUSTED

On account of the exceptionally high percentage of "rusty" or defective wheat in this year's crop, the United States Grain corporation has decided to fix immediately a schedule of prices at which the lower grades will be purchased, Julius Barnes, U. S. wheat director, said yesterday, following a conference with United States representatives, vice presidents of corporations and representatives of farmers.

The minimum prices will be made known today Mr. Barnes stated.

Prices for other than first grade wheat are being fixed for the first time in order to protect "unfortunate" growers against a price lower than the relative value of rusted wheat. The prices will be fixed as near the No. 1 grade as the character of the crop warrants.

These prices will bear a relation to the guaranteed price at the terminal markets only, and not to the current price in such markets as Minneapolis, where grain is bringing from thirty to forty cents a bushel more than the government figure.

Mr. Barnes added that any producer who felt he was not being fairly dealt with, would be privileged to send samples of his crop by mail to the grain corporation for a decision as to its value and that decision would be binding upon [illegible]

GRIT AND CONFIDENCE WILL MAKE YOU A BIG WINNER

COLUMBUS TRIED AND TRIED AGAIN BEFORE HE GAINED SUCCESS. ANOTHER LARGE EXTRA POINT OFFER ANNOUNCED TODAY. THE SCRIPPS-BOOTH AND FORD TOURING CAR ARE WAITING FOR THEIR OWNERS.

$25.00 in Gold to Club Member Making Largest Report This Week

YOU CAN WIN THIS CASH MONEY AND BESIDES YOUR POINTS WILL COUNT ON THE TWO MOTOR CARS. EVERYONE FEELS CONFIDENT OF VICTORY BUT THIS WEEK'S WORK WILL TELL A BIG STORY.

Standing of Club Members.

Mrs. Rosaire Morin	408,000
Frank McKnight	403,350
G. J. Hagen	401,000
Neva Sumpter	399,000
Martine Cloutier	394,200
Jno. Singer	390,100
Cora Moeller	383,000
Louise Hewitt	378,000

Do you know that the story of every great achievement, every success and every rewarded undertaking, tells of some hardships, toils and discouragements?

The man who today has reached the top of the ladder of success has had his set-backs and disappointments. If you could look back over the past life of a big successful man, you would find that he had "grit" from the very start, he tried and kept on trying until he was sure that he was on the road to wealth and fortune.

We all know the discouragements Christopher Columbus had in his days. But he had "grit." He set sail across an unknown sea and afterwards his crew mutinied, but he stuck to his undertaking until his "grit" carried him thru. He "tried" against the advice of everyone who lived in his days, even against the wishes of the kings and queens and learned men.

Don't Listen to the "Knocker."

Are you going to use some of your "grit" in the race for the two automobiles? That's what will make you successful—plenty of "grit" and "I'll-stick-for-the-finish" spirit. Some of your friends may try and discourage you in this campaign, they may tell you that you can't win a big prize. They may mean it well, but what would have happened if the hundreds of other people who have won automobiles in a similar affair, would have listened to everyone's advise, listened to the "knocker"? Of course, they would have never won a free motor car. You can't win one of The Times' automobiles by merely wishing for it, or thru good luck—you must be willing to do a little work. The workers and not the wishers are always the winners. Everyone who see's that classy Scripps-Booth Roadster about town wishes they owned it, so you should consider yourself fortunate in being in the race and having the chance to try and win it.

It's Your Car Today.

It's tru, the $1200 Scripps-Booth automobile belongs to you today as much as it belongs to anyone in the campaign: you can't afford to sit still and let such a prize get away from you. Don't let others discourage you and don't discourage yourself by thinking you can't win it. Give yourself a fair chance by at least trying. Don't say, "I can't win," but say, "I will win." You will surely never regret that you tried in this campaign when once you can drive down the main street of your home town in your own brand new automobile. Such a prize is certainly worth a few weeks' effort.

$25 In Gold to Be Awarded.

As a special prize and an incentive for all club members to work just a little harder than heretofore, we are going to give $25 in gold to the worker turning in the most money on new and old subscriptions. This offer starts today (Thursday) and closes Wednesday, September 3rd, at 6 o'clock p. m. Your report must be in or mailed by that time in order to count on this special cash offer.

Extra points in large numbers also will be given during the above offer, and will close at the same time. Read the advertisement in this issue for particulars. These two combined offers will no doubt inject a lot of "pep" and enthusiasm into each and every worker. They well know the one who wins the $25 will be right in line for one of the motor cars. Every available subscription, new, renewal and promise, will be picked up during this week's work. It is much easier today to get subscriptions and points than it was at the beginning of the soliciting campaign. Most people are more than willing to pay another year or two on their subscription in order to help you win. Don't under any circumstances hesitate one single moment from now on, but keep "digging" for subscriptions and points the remaining thirteen days of the race. It will all be over Saturday, September 13th, at 1 o'clock p. m. Don't forget that.

BRISK BIDDING BY BOND FIRMS FOR CITY LOAN

WILL DO ALL WORK IN CONNECTION WITH ISSUE FOR 1½ PER CENT.

MEANS BETTER THAN PAR

PROPOSITION BEST EVER OFFERED CITY LIKE THIEF RIVER FALLS.

The Northwestern Trust company of Minneapolis, and the Capital Trust & Savings bank of St. Paul, each were awarded one-half of the certificates which will be issued before the proposed paving work is started, their proposals as submitted to the city council Tuesday night having been deemed as good as could be expected, insuring to the city a low rate of interest on the certificates and their sale at a premium.

The proposals as made by C. E. McGraw of the former company and E. R. Meservey of the latter, placed the rate of interest at 5 3-4 percent, payable semi-annually, in accordance with provisions contained in Chapter 65 of the state laws as enacted at the recent session of the legislature.

Considered Good Deal.

The council was not particularly anxious to enter into agreements of any kind just at this time, but the two representatives of the bond buying companies began bidding against one another and a figure was finally reached that looked good to the aldermen. Mr. Meservey stated that his company would take one-half certificates issued on the following terms, providing Mr. McGraw's concern would do likewise, and the offer was taken up, the council voting unanimously in favor of it and the legality of the proceeding being vouched for by City Attorney Theo. Quale:

For all public improvement certificates to be issued under Chapter 65, 1919 session laws, to bear interest at the rate of six and three-quarters per cent per annum, payable semi-annually, to be dated the first of the month when issued, to be in denominations of $1,000 each and to mature without option of prior payment, serially in approximately equal amounts from one to twenty years;

To furnish the services of reliable bond attorneys in preparing and passing on all papers in connection with the issuance and sale of the certificates, said services to include the furnishing of all resolutions, form of certificates, notice of sale, [illegible] attorneys' opinion as to the legality of the issue so that unconditional bids may be called for;

To advertise the sale of said certificate in some publication to be designated by the council;

To cash at par all the city's warrants that may be legally issued for such work and carry same until certificates can be issued to take up said warrants, it being understood that they will not be required to carry such warrants for a period longer than six months at a time;

To furnish all blank certificates ready for signature.

Liability under the contract expires Dec. 31, 1920.

For the above services the city is to allow the Northwestern Trust Company and the Capital Trust and Savings bank, as reimbursement for their outlays, one-half of one per cent of the face value of all certificates issued. The companies in turn agree to bid for the certificates at least the par value thereof, together with accrued interest from date of same to date of delivery, and a premium in addition thereto sufficient to offset the expense of their issuance, namely one-half of one per cent of the face value of all certificates issued, or sold, thus assuring the city of at least par for said certificates, the purchaser to bear all the expense of the issue. The council agrees to follow all the instructions of the companies' attorney and reserves the right to reject any and all bids on day of sale, and it is expressly understood that if no certificates are issued no charge will be made for the above services.

Committed to Nothing.

The signing of this agreement does not necessarily mean that the certificates will go to the companies at the time of the sale. It still leaves the field open for any others who may wish to make an offer. Any money that may be needed before the actual sale is, however, in this manner provided for and the proper procedure throughout the negotiations insured. The contract makes it certain that the certificates will bring at least par when finally disposed of.

Sun Resembles Lantern.

The Times is in receipt of a letter from B. E. Bothun, former resident of this city, who now resides at Eureka, Mont., who states that the forest fires are raging within fifty miles of Eureka. The former resident compares the sun to a red lantern hung in the sky, which is caused by the thick smoke hanging over the mountain valleys. The weather is still dry and warm, he stated.

WOMAN'S CLUB MEETING.

A special meeting of the Woman's club will be held tonight at the Commercial club. The meeting is for the purpose of electing delegates to the State Federation [illegible]

ARRANGE TO OPEN GYMNASIUM SOON

ROOM CAN BE SECURED IN THE BASEMENT OF CITIZENS' STATE BANK.

Plans are being arranged and perfected by local parties for the installation of a gymnasium in the city, and the [illegible] to open the institution [illegible] this fall. The matter was taken up at a Commercial club meeting Tuesday.

G. A. Fallness has been approached several times by local citizens on the matter but up to this time has not seen fit to take the matter on. He has now taken the initiative and is making plans together with several other local people for the installation of a "gym" in the basement of the Citizens' State bank, formerly occupied by the Crown barber shop. With the return of practically all the young men to the city again, Mr. Fallness believes the plan is a feasible one. All of the men with army experience have been living out of doors and doing a great amount of exercise and Mr. Fallness believes that a place where they can go and indulge in several hours of good clean exercise would fare well. Business men of the city will also be asked to join.

Mr. Fallness came here about two years ago and during this time has conducted a bath and massage parlor. The first step will be in getting the required number of members to start the ball rolling. The minimum will be thirty and if this number is secured Mr. Fallness will proceed to purchase the necessary gymnasium equipment.

The room spoken for is 35x52 feet and is equipped with several shower baths. The "gym" will be provided with dumb bells, horizontal vaulting bar, Indian clubs, vaulting horses, punching bag, arm bars, two trapeze, chest and neck attachment and a wrestling mat. Boxers will furnish their own gloves.

Mr. Fallness stated that if the classes become large enough, a permanent man will be secured to instruct the members along all lines of athletics, but the present plans do not call for an instructor at the beginning.

A small monthly membership will be charged and members will have access to everything as well as the shower baths which is thrown in.

Mr. Fallness began the circulation of his list to secure the minimum number of members on Monday afternoon and lacked but nine signatures this morning to complete the roster. He will proceed with the buying of equipment immediately upon getting 30 names.

It is planned to set aside one day during the week exclusively for women.

BATTLES MAD BULL; GOES OVER FENCE

BULL TRIES TO BREAK THRU FENCE, BUT IS PUT TO ROUTE BY DOG.

Attacked by an angry bull last Friday afternoon, Sigvall Bjorgo, a farm hand at the T. K. Rynestad home, was thrown completely over the fence after a hard fight with the animal. Mr. Bjorgo received a few bumps but outside of that he escaped luckily.

It seems that the bull objected to Mr. Bjorgo's trespassing upon his domain on that particular day. The farm employee succeeded in getting the cows started moving from the pasture towards the barn but the bull stood pat and refused to go. Turning to go to the barn to secure a fork, Mr. Bjorgo was attacked by the animal and knocked down. The bull's attempt to gore his victim proved unsuccessful as Bjorgo held fast to his horns as he lay on the ground and in this way warded off much danger.

After battling for several minutes the bull grew frantic and in a mad rush heaved the farm hand into the air and over the fence. About this time Mrs. Rynestad and the farm dog came to the rescue while the enraged bull attempted to break thru the wire. In a moment the dog was at the animal's heels, and he was rapidly put to route. Mr. Rynestad stated that if aid had not come at the proper time, there is no doubt but what the lad would have been seriously hurt.

The Rynestad farm is located five miles northeast of Thief River Falls.

30 Members are "Lifers."

Thirty honorary memberships in the Thief River Falls Commercial club have been written to those who entered the army during the emergency and who were members of the club at the time of enlistment. A number of honorary memberships are on hand at Secretary Smith's office and those who haven't as yet received them should call at the office. The club is also extending a free six month's membership to returning Yanks, entitling them to all the privileges during that time. The following are "lifers" in the club: John Brumund, Hugh Bottelson, E. O. Brevig, Ben Bothun, Hardy Bothun, Dr. J. F. Douglass, Ole C. Granum, Carl Gulrud, Carl Gjeldnaug, Max Goldsmith, Roland Head, Lawrence Hermanson, Fred Haug, Ed. Karwand, H. O. Chommie, C. A. Loomans, George Loken, Arthur LaBadie, Martin Langseth, Frank McGinn, H. A. McDaniel, C. T. McCally, Harold Provencher, Clifford Rice, Fred Scanlan, C. A. Swanson, G. B. Smith, Olaf Thompson, George Werstlein, Lloyd Zeh.

There are two gold stars on the service flag, the former members being Henry Anderson and George Paton.

YANKS WELCOMED BY LUTHER LEAGUE

RETURNED SOLDIERS ENTERTAINED THURSDAY AT NORWEGIAN CHURCH.

Under the auspices of the Norwegian Lutheran church Luther league, the returned soldiers of that congregation were entertained last Thursday evening in the church basement. The affair proved to be one of the most enjoyable of its kind ever held in Thief River Falls. There were over three hundred people present to extend a true welcome to the boys and showed the thorough patriotism of the church people.

The room was beautifully decorated with red, white and blue lattice work around the doors, windows and speakers' platform. Streamers of red, white and blue crepe paper were strung from the chandelier to each corner of the room. Large vases and baskets of similar colored flowers were placed at different spots and added very much to the beautiful scene. At the front end of the hall the church service flag, containing forty-six stars, was placed.

After an excellent program of speeches, instrumental music and vocal solos, a delicious luncheon was served. The program follows:

Hymn—Audience.
Devotion—Rev. Aastad.
Piano solo—Regina Nihle.
Address of Welcome—Rev. Aastad.
Vocal Solo—Miss Zella Zeh.
Address—Hans O. Chommie.
Vocal solo—Miss Grace Lokset.
Talk—Attorney Theodore Quale.
Hymn, "Abide With Me"—Audience.

Bank Fixtures Sold.

The fixtures formerly used by the First State bank and which have been in storage since the consolidation of that institution with the Peoples State bank, were last week sold to the Security State bank of Jamestown, N. D. The equipment is modern and in fine condition but was

Blames Dam For Flood Situation

(From the Grygla Eagle)

Last Monday night this part of the state was again visited with a heavy rainfall. It was accompanied in some places with hail which destroyed all uncut grain in its path, which was about two miles wide and extended across the towns of Valley, Benville, Spruce Grove and we have not learned how much farther east. Most of the farmers had their grain in the shock, which was not damaged much. Just what the money loss will be is hard to estimate, but it will be enough. The ditches took off the water fast enough to avoid the land being overflowed, but as the country east is being ditched into the No. 11 system, the main ditches are not large enough to take the water off as fast as it comes.

It is now plain to be seen that the plan of the whole system was poor as far as the outlet is concerned. If there had been bridges instead of culverts put in the full width of the ditch, much of the grade washouts would have been saved in the previous rains. It is well demonstrated that when a bridge or culvert is put in, from one third to two-thirds as wide as the ditch, you have a ditch practically as wide as it is in the narrowest part. Water does not wait for room to go through a given spot but goes over somewhere and thus floods the fields and breaks of the grades. The way or the outlet of a ditch system is the only means of success.

The outlet of all the water in this part of the state west of the divide is by way of Thief and Red Lake rivers. Years ago, before what is known as Kretzschmar's dam, in Thief River Falls, was raised to its present height, in speaking of the danger in a dry season of the supply of water in the pond becoming too low to be used, it was proven that at that time backed the water up Red Lake river eight miles and of course was the same in Thief River. Now, isn't it safe to say, that with the raise of the dam since that time, of more than three feet, that it has blocked a successful outlet for the water from the section west of here along Mud and Thief rivers.

The dam was put in Red Lake river thirty years ago for the purpose of creating a reservoir of water to run a flour mill, which was built there. At that time this country was unsettled. Later the pond became a reservoir for the storage of logs for a saw mill, which was fortunately built there. This country then began to be settled. Now the saw mill has done all its work and has been torn down. Steam power has been put in to help out the water power when necessary, which is a good part of the year. Now what is the necessity of the dam when the benefits are so minute compared to the destruction of thousands, yes, millions of dollars worth of property in the most fertile part of the state. Red Lake river is a government stream. The government owns or receives a revenue from all of this land why not the government open the outlet for this water by opening up the river at Thief River Falls and give these hard working pioneer settlers a sure chance for the success they deserve?

Hear the Band Tonight.

The Thief River Falls band will render their weekly concert tonight at the band stand on the corner of Fourth street and LaBree avenue. The organization will not be there in full force as several members have left for the harvest fields to remain for several weeks. The concert will begin at 8 p. m. sharp. Conductor Cordes has arranged a snappy program and is as follows:

Now is the time to subscribe for The Times, $2.00 per year.

DROWNS IN BIG DITCH WHEN CAR GOES OFF ROAD

ALBERT MOSTROM, 40, MET HIS DEATH LAST SUNDAY ON NEPTUNE ROAD.

BOY ESCAPES UNINJURED

CAR OVERTURNED AND PINNED VICTIM BENEATH IN 4 FEET OF WATER.

Pinned beneath his overturned car in a ditch containing 4 feet of water, Albert Ernest Mostrom, 40, was drowned last Sunday about 5:30 p. m. in a big ditch in Hickory township, after his car had run off the road and turned turtle.

The victim's nephew was riding with him at the time of the accident and was also held beneath but managed to crawl from under the machine in a miraculous manner and escaped with a wrenched ankle.

Information regarding the accident was telephoned to Sheriff LaBree and Coroner W. H. Froehlich about an hour after it had happened and at the inquest held over the dead man, Coroner Froehlich pronounced death as being due to drowning. There were no broken bones or bruises found on the victim's body.

Went For Short Ride.

Mostrom, who was residing with his brother on a farm in Hickory township, left late Sunday afternoon accompanied by his nephew for a short motor ride to a neighboring farm and they had not gone for more than four or five blocks from the place when the car went off the road into the ditch. Dr. Froehlich stated it was impossible to say whether Mostrom lost control of the machine or whether the steering apparatus became defective.

Car Plunges Down.

After the car had plunged over the bank into the ditch, the lad riding with Mostrom crawled out and began yelling for help and soon a large crowd was attracted to the scene. It was fully an hour before the body was recovered from its position under the car in the ditch.

Was Single Man.

The victim was a single man and had resided in the county for a number of years, and was making his home with his brother in Hickory township. He also has another brother in the same community.

Funeral services were held on Tuesday afternoon.

THRESHING IS ON; GOOD WHEAT YIELD

BULK OF THRESHING STARTED AS WEATHER CONTINUES FAVORABLE.

Since last Friday the bulk of the threshing in Pennington county has been under way and if the weather continues favorable, reports from the threshing districts indicate that the work will be completed before a very long time.

First reports give higher yields than was generally expected, altho those in touch with grain conditions believe the average yield for wheat will be around 15 bushels to the acre. All over the county crops are yielding from five to twenty-five bushels. The fine weather that has continued since last Friday has given the farmers a chance to get a good start.

County Agent J. J. McCann reports that in the eastern part of the county the crop is going beyond all calculations. Where they had expected to receive from 3 to 4 bushels per acre the yield is over 10 to 12.

In Smiley township threshing is in full swing with indications pointing to a yield of about 15 bushels to the acre. On the P. W. Roark farm threshing operations have been completed and the yield given was 17 bushels, 10 pounds, No. 1 hard wheat to the acre. At $2.31 per bushel this would make an average of about $40 per acre. This crop was raised on land which Mr. Roark has been holding at $60 per acre.

Seventeen bushels to the acre is the yield given at the Knox farm, located north of the city, on the 46 acres threshed. The grade was No. 2 and at $2.28 per bushel $38.76 was realized per acre.

STATE SEED CORN TIME SEPT. 10-20

FARMERS URGED TO SELECT ONE BUSHEL FOR EVERY SIX ACRES.

In a seed corn campaign in which the county farm bureaus of Minnesota are to cooperate with the agricultural extension division of the University of Minnesota in observing Seed Corn Time, September 10 to 20, Minnesota's farmers will obtain 500,000 bushels of seed as a means of insuring the seeding of corn for the next year. This means one bushel of seed corn for every six acres to be planted.

According to the plans of this campaign, Pennington county's quota of seed corn to be selected during Seed Corn Time, September 10 to 20, is 460 bushels. The county last year had 2350 acres in corn. County Agent J. J. McCann says that there is an increase of 16 per cent this year which will bring the total up to 2700 acres, and the amount of seed corn mentioned is enough to seed this acreage for next spring. The selection of this [illegible] farmers against [illegible] seed corn shortage as occurred in the spring of 1918.

Every farmer will be called on to select one bushel of seed corn for every six acres he puts into corn, and he will be urged also to select a liberal margin over this amount to give a chance for re-selection in the spring after testing this corn for germination before planting.

Wants Racket Stopped.

Councilman H. A. Brumund wants an ordinance passed by the city council that will put a stop to the practice of running thru the city streets at night with automobile throttles wide open. He declares that it is a nuisance and that something should be done to put some sense into a lot of half-baked smart Alecs who make the nights hideous by the clamor of their machines. It is perhaps impossible to place anything inside the skull of persons who know no better than that, but the practice might be made unpopular. City Attorney Quale promised to have the ordinance ready at the next meeting.

LOST INSANE MAN FOUND IN WOODS

HAD WANDERED OVER 100 MILES OF COUNTRY SINCE JULY 26.

Missing since July 26 when he left the Pat Gavin farm on which he was employed, August Hauzey, whose mind is badly deranged, was found in the big woods on a claim with his brother in the Rapid River country last Saturday.

Since leaving his abode near Mavie in July, Hauzey traversed a stretch of country of approximately 100 miles. When found last Saturday he was practically in an unconscious condition, weather beaten, ragged and hungry. It is believed that he gained his subsistence through the picking of berries, of which there is an abundant growth in that part of the country.

Failing to show up on the farm for duty last month and having made several threats in the past to end it all, Sheriff LaBree and a posse of men combed the country around Mavie on several occasions in an attempt to locate Hauzey, but he had undoubtedly gotten out of the scope of the sheriff's crew.

Hauzey has been taken to Baudette and will be committed from that place by the officials of Beltrami county, by reason of the fact that he is not a resident of Pennington county. He formerly resided at Jamestown, N. D.

Rural Carrier's Picnic.

The Rural Carriers' association, composed of carriers on the different routes in Pennington, Marshall, Polk and Red Lake counties, will hold a picnic at Lovers' Lane in this city on Monday—Labor Day. It is expected that between 20 and 30 families will be present and a most enjoyable time is anticipated. One of the purposes of the gatering is to take up the subject of rural carriers' salaries. The general committee in charge of the picnic is made up as follows: Albert Swenson, Route No. 2, city, chairman; E. M. Peck, Route No. 1, city, and George Biskey, Route No. 1, St. Hilaire.

Plan Marne Monuments.

The Third Division, of which a number of Pennington county boys were members, one of the last divisions to leave French soil, has subscribed $31,000 for two monuments to be erected on the flanks of the approach to the Marne bridge, which its 7th Machine Gun battalion dynamited in defending the crossing against the German offensive in the spring of 1918.

MORE TIME GIVEN TO SECURE QUOTA

DRIVE TO COMPLETE $4,000 SALVATION ARMY FUND CLOSES SATURDAY.

In order that Pennington county may go over the top in the drive to secure $4,000 in the county for the erection of a citadel in Thief River Falls by the Salvation Army, the time has been extended until Saturday, August 30. Thief River Falls has long ago subscribed its quota, says Chairman Lawrence, while the country districts are lagging behind. At this time a trifle over $2,200 has been subscribed, most of this having been collected in this city. It is thought, however, that the full amount will be in by the week's end.

Roseau and Kittson counties have carried their quota over the top while in Marshall county District Chairman Lampert has been unable to even secure a chairman and the county refuses to take any interest whatever. The recent floods in that county is given as the reason for holding back.

In Polk county things are reversed. The small towns and townships have collected their share while the city of Crookston is more backward than any place in the drive and the quota is nowhere reached.

The drive is being sponsored by the B. P. O. Elk's lodge and met with unqualified success when they staged their drive here three weeks ago together with the Community girls.

Judge a Corn Raiser.

Municipal Judge N. W. Tarrant has a garden. He is quite proud of it and puts in quite a share of his spare time in manicuring and otherwise keeping it in the finest possible condition. He was somewhat late in getting his corn planted last spring and had about concluded to devote the plot to buckwheat or posies when County Agent J. J. McCann told him not to be discouraged but to go ahead and put in his usual amount of fodder. Now his honor is glad he followed the advice. His corn is eight feet high in some places and is not through growing yet. It may be a little shy of ears, but the judge says he was only striving for fodder anyway.

45 MILE DITCH IS ASKED THRU BORDER TOWNS

WOULD DRAIN SOUTHERN TIER INTO BOTH RED LAKE AND CLEARWATER.

MUCH ROAD WORK BEGUN

TWO ADDITIONAL CONTRACTS EXPECTED TO BE AWARDED ON SEPT. 5.

A diteing proposal of more than usual magnitude and importance will be presented to the county commissioners when the board meets on Sept. 6. The damage caused in many sections of the county by floods this summer has convinced the people that their only assurance against a repetition *of this kind of thing* is a more extended system of ditches. Farmers in the southern part of the county have started a movement which will go far toward relieving them of any apprehension from this source in the future.

A 45-Mile Project.

The petition to be presented on the fifth calls for a ditch beginning at the west edge of the reservation line, running eastward thru Hickory township and draining thoroly a large area of low lands in Deer Park and Mayfield townships. Southern Kratka township will also be greatly benefited by this ditch, as will parts of Smiley, Wyandotte, River Falls and Rockabury townships. This ditch will be about 45 miles in length, including the branches, and will discharge into both the Red Lake and Clearwater rivers. It is by far the largest ditch undertaking in the county this summer.

Big Sum Invested.

Altogether there are at present 342 miles of ditches in Pennington county with roads alongside the major portion thereof. These ditches have cost the county in construction (this cost being in turn assessed against the property benefited) the sum of $653,653.66, while 370,880 acres of land have been benefited thru their construction.

Building Much Road.

Should the digging of the proposed ditches be begun this year it will mean that a large number of men will be engaged on public works in the county. The road improvement program is in itself a larger item than for many years past and will be still further extended. The probabilities are that two more road jobs will be let when the board meets, to be added to the following projects now under way:

Five miles east of St. Hilaire.

Three and a half miles north from Thief River Falls toward Holt and up to the Marshall county line.

Two miles west from the city on the Jefferson Highway, the new road running up to the Polk county line.

Eight and a half miles in the eastern part of the county.

Additional propositions, which are expected to engage the attention of the commissioners are:

Three and a half miles south of St. Hilaire, connecting with the state road to Red Lake Falls and thru Red Lake county.

Three and a quarter miles in Mayfield township, connecting with a state road in Clearwater county.

The first of these two roads is known as a federal aid job and the second as a state aid job.

Elks' Annual Picnic.

Thief River Falls Lodge No. 1308, B. P. O. E., will hold its annual picnic at Squaw Point on Sunday, Sept. 7. This is an event always looked forward to by the members of the order with a great deal of interest. It is usually held about the first of the month, but as a number of the boys will wish to visit the state fair, it has been deemed best to postpone it for a week. A competent and energetic committee on arrangements has been appointed and there will be nothing lacking so far as this part of the program is concerned. The membership has grown faster during the past year than during any similar period of the lodge's history and there are many who will attend the annual picnic for the first time. These as well as the older members are promised a good time on the 7th. The program for the day will be found in full in The Times next week.

CANNED GOODS GO BEST AT P. O. SALE

ORDERS FOR GOVERNMENT FOOD AVERAGE ABOUT $50 PER DAY.

While there has been no great rush to take advantage of the government's offer to sell food products at reduced cost, yet the demand has been very fair, according to Postmaster John Morgan. The sale had been going on just one week yesterday morning and the total amount of goods applied for footed up about $350, which is a little better than $50 per day.

Mr. Morgan states that the cherries and rice offered were taken up early in the week and there has been none with which to fill late orders. Canned goods generally have moved pretty well, there being but little demand for staples in the grocery line. Bacon has proven the best seller among the meats, there being practically no call for the canned varieties. The sale will be continued as long as the supply lasts and there is a possibility that larger stores will be released.

It is also stated that the government will throw a large quantity of blankets on the market and the postoffice has received numerous inquiries concerning the matter.

MASS MEETING CALLED AGAIN FOR SATURDAY

SMALL ATTENDANCE AT COURT HOUSE TUESDAY NECESSITATES SECOND CALL.

EVERYONE URGED TO COME

UNITED EFFORT ON PART OF COUNTY TO PUT BIG AFFAIR OVER.

Everyone is urged to attend the gigantic mass meeting called for Saturday evening at the Auditorium at which time plans will be formulated and a date set for the proposed homecoming celebration to be given in honor of Pennington county's returned fighters.

The time of the meeting has been set for nine o'clock sharp so as to allow the farmers and city people to do their trading at the stores first before coming to the Auditorium. It is believed that in this manner a record crowd should be present. The band will play several selections at different corners as a reminder of the fact that a meeting is to be held to lay plans for the great fete.

A call was issued last week by the local committee for a meeting at the county court house on Tuesday evening but this fizzled out sadly, there being only fifteen present and on motion of W. B. Fuller it was decided to postpone the affair until Saturday evening. There were several representatives from Kratka township present and other nearby places. As the meeting was not representative of the county nothing was done in the way of laying any permanent plans but the men from the country were given a brief idea of the program that the committee had in view.

United Effort Needed.

"There is such a small number here tonight," said Mayor Penney in opening the meeting, "that I hate to go ahead without the united effort of everyone. I remember a year ago we would have given anything to have had the war over and our boys back. Now that they have finished the job and are home, they are entitled to more than what we could ever give them and a grand homecoming celebration in their honor is certainly the least we can do," he said.

To Notify All.

A committee composed of John Morgan, W. B. Fuller and A. S. Sapero, was named by Mayor Penney to make the rounds of the business houses and notify each man of the meeting for Saturday night and the men were on the job early yesterday morning. T. P. Anderson also consented to again write to each chairman of the last Liberty loan in the various townships to send representatives to the Auditorium Saturday.

Biggest Day Ever.

Tentative plans for the big homecoming day were made Tuesday evening and although probably not all of them will be carried out, the day will be one of entertainment from morning until night. It is planned to have a barbeque in which three critters will probably be utilized, and sandwiches and coffee will be served to everyone at this stand free. A field meet in the morning at the fair grounds was suggested and vaudeville stunts, motorcycle races and a sparring bout between Mike and Tom Gibbons of St. Paul. A large bowery to be erected at the corner of Fourth and LaBree was under discussion and it is thought that it can be successfully carried out. Suggestions have also been made to put on a log rolling contest.

The intention is to start the day off with a parade in the morning and a magnificient display of fireworks at night has been suggested but all of these things will have to be threshed out at the mass meeting Saturday.

Need Large Gathering.

In order to put the celebration on and put it on right, it is estimated that $2,500 will be required and to do this the united effort of everyone is needed. This was made plain at Tuesday's meeting.

May Co-operate.

Mayor Penney stated that he had been advised by the Red Lake Falls home-coming committee that they intended to hold their fete on September 30, and that it was their wish to co-operate as much as possible with Pennington county. They suggested that Thief River Falls hold the fete a week or two ahead or after the Red Lake Falls affair, and the suggestion was received favorably.

Cars Collide.

A "head-on" collision occurred on the state road Sunday afternoon when Gust Berggrin and Frank Votava crashed into each other with their cars. Votava charges Berggrin with careless driving and found it a hard matter to know just where to go until he was struck by Berggrin's car, he said. Considerable damage resulted to both cars. The front wheel of Berggrin's car was completely demolished, the springs were broken and the radiator stoved in. The Votava car also had its radiator damaged.

CHICKEN CASE IN COURT DISMISSED

GUSTAFSON CHARGED WITH HAVING STOLEN CHICKEN VALUED AT $1.50.

John Gustafson was arrested Tuesday morning on a warrant sworn out by O. A. Westin charging him with unlawfully, willfully and wrongfully having stolen and carried away property belonging to the plaintiff in the form of a chicken valued at $1.50. The case was brought up before Judge Tarrant in the afternoon and on motion of Attorney O. A. Naplin the case was dismissed.

Harold Westin was called to the stand and related what he saw Monday evening, after his attention had been attracted from the house by the squacking of a chicken. The boy said he saw the defendant was beating the chicken in his back yard and then threw it into the alley after he had yelled to Gustafson.

Mr. Gustafson on being called to the witness stand said he did not touch the chicken and had simply thrown the broom at it to chase it from his back yard and accidentally hit the fowl. The chicken, half dazed, reeled towards the alley on its own strength, said Mr. Gustafson, and denied having picked it up.

Attorney for the defense said there was no proof given to show that Gustafson had committed an act charged in the complaint and moved that the case be dismissed.

The motion was sustained by Judge Tarrant.

DISTRICT DITCHING PETITIONS FILED

PENNINGTON AND BELTRAMI COUNTY APPLICATIONS ARE RECORDED HERE.

Petitions for the formation of a ditching district under the Cliff law have been circulated thruout nearly all Northwestern counties since the meeting held in this city last month and the signature of practically every man approached has been secured. This is the first step necessary in order to have such district established and it is expected that the carrying out of the plan will go forward with greater speed from now on.

Two counties—Pennington and Beltrami—have filed petitions with Clerk of Court Adolf Eklund in this city. The petition for the first named county carried 40 signatures and was circulated by County Commissioner Oscar J. Peterson. A. J. Anderson represented the people of western Beltrami county, his petition containing 27 names. The work of securing signers has not yet been completed in Marshall county, but it it likely that the chairmen there will also file their reports with the clerk of court in Thief River Falls. It is the most convenient point for them to reach and as the hearings will be held where the petitions are filed there is hardly a doubt but that this county will be preferred. It is the most conveniently located for all those residing within the district embraced in the proposed ditching unit and this fact will no doubt be given full consideration when the matter of hearings comes up.

$110,000 TOTAL OF LAND BANK LOANS

RESULTS OF FIRST YEAR OF VALHALL BRANCH OPERATION SATISFACTORY.

The first annual report of Valhall Branch of the Federal Loan bank, which is the organization operating in Pennington county and vicinity, shows that a total of $110,000 was loaned to the farmers of the section during the first year the branch was in operation. The report is dated Aug. 1, and covers a period of a little less than a year.

There were 41 loans passed on favorably, the largest being for $8,500 and the smallest for $500. There are at the present time 12 applications for loans pending, the aggregate amount represented by these being about $40,000. One is for $10,000, this being the largest amount asked for thus far. The dividend on the interest payments on these loans amounts to $219.05 and is payable to the association.

Secretary L. A. Lampert is well pleased with the showing made during the first year of operation and believes that the farmers will show a greater appreciation of the advantages presented thru the land bank when they become better acquainted with its workings.

Up to date the directors of the bank have shied at loans on peat lands but branches located in sections where there are considerable areas of this class of soil will attempt to demonstrate that such loans would be absolutely safe. If they succeed in this it will mean the rapid development of lands of this character.

WHEAT PRICE TO BE FURTHER ADJUSTED

On account of the exceptionally high percentage of "rusty" or defective wheat in this year's crop, the United States Grain corporation has decided to fix immediately a schedule of prices at which the lower grades will be purchased, Julius Barnes, U. S. wheat director, said yesterday, following a conference with United States representatives, vice presidents of corporations, and representatives of farmers.

The minimum prices will be made known today, Mr. Barnes stated.

Prices for other than first grade wheat are being fixed for the first time in order to protect "unfortunate" growers against a price lower than the relative value of rusted wheat. The prices will be fixed as near the No. 1 grade as the character of the crop warrants.

These prices will bear a relation to the guaranteed price at the terminal markets only, and not to the current price in such markets as Minneapolis, where grain is bringing from thirty to forty cents a bushel more than the government figure.

Mr. Barnes added that any producer who felt he was not being fairly dealt with, would be privileged to send samples of his crop by mail to the grain corporation for a decision as to its value and that decision would be binding upon its buyer.

GRIT AND CONFIDENCE WILL MAKE YOU A BIG WINNER

COLUMBUS TRIED AND TRIED AGAIN BEFORE HE GAINED SUCCESS. ANOTHER LARGE EXTRA POINT OFFER ANNOUNCED TODAY. THE SCRIPPS-BOOTH AND FORD TOURING CAR ARE WAITING FOR THEIR OWNERS.

$25.00 in Gold to Club Member Making Largest Report This Week

YOU CAN WIN THIS CASH MONEY AND BESIDES YOUR POINTS WILL COUNT ON THE TWO MOTOR CARS. EVERYONE FEELS CONFIDENT OF VICTORY BUT THIS WEEK'S WORK WILL TELL A BIG STORY.

Standing of Club Members.

Mrs. Rosaire Morin	408,000
Frank McKnight	403,350
G. J. Hagen	401,000
Neva Sumpter	399,000
Martine Cloutier	394,200
Jno. Singer	390,100
Cora Moeller	383,000
Louise Hewitt	378,000

Do you know that the story of every great achievement, every success and every rewarded undertaking, tells of some hardships, toils and discouragements?

The man who today has reached the top of the ladder of success has had his set-backs and disappointments. If you could look back over the past life of a big successful man, you would find that he had "grit" from the very start, he tried and kept on trying until he was sure that he was on the road to wealth and fortune. We all know the discouragements Christopher Columbus had in his days. But he had "grit." He set sail across an unknown sea and afterwards his crew mutinied, but he stuck to his undertaking until his "grit" carried him thru. He "tried" against the advice of everyone who lived in his days, even against the wishes of the kings and queens and learned men.

Don't Listen to the "Knocker."

Are you going to use some of your "grit" in the race for the two automobiles? That's what will make you successful—plenty of "grit" and "I'll-stick-for-the-finish" spirit. Some of your friends may try and discourage you in this campaign, they may tell you that you can't win a big prize. They may mean it well, but what would have happened if the hundreds of other people who have won automobiles in a similar affair, would have listened to everyone's advise, listened to the "knocker"? Of course, they would have never won a free motor car. You can't win one of The Times' automobiles by merely wishing for it, or thru good luck—you must be willing to do a little work. The workers and not the wishers are always the winners. Everyone who see's that classy Scripps-Booth Roadster about town wishes they owned it, so you should consider yourself fortunate in being in the race and having the chance to try and win it.

It's Your Car Today.

It's tru, the $1200 Scripps-Booth automobile belongs to you today as much as it belongs to anyone in the campaign; you can't afford to sit still and let such a prize get away from you. Don't let others discourage you and don't discourage yourself by thinking you can't win it. Give yourself a fair chance by at least trying. Don't say, "I can't win," but say, "I will win." You will surely never regret that you tried in this campaign when once you can drive down the main street of your home town in your own brand new automobile. Such a prize is certainly worth a few weeks' effort.

$25 In Gold to Be Awarded.

As a special prize and an incentive for all club members to work just a little harder than heretofore, we are going to give $25 in gold to the worker turning in the most money on new and old subscriptions. This offer starts today (Thursday) and closes Wednesday, September 3rd, at 6 o'clock p. m. Your report must be in or mailed by that time in order to count on this special cash offer.

Extra points in large numbers also will be given during the above offer, and will close at the same time. Read the advertisement in this issue for particulars. These two combined offers will no doubt inject a lot of "pep" and enthusiasm into each and every worker. They well know the one who wins the $25 will be right in line for one of the motor cars. Every available subscription, new, renewal and promise, will be picked up during this week's work. It is much easier today to get subscriptions and points than it was at the beginning of the soliciting campaign. Most people are more than willing to pay another year or two on their subscription in order to help you win. Don't under any circumstances hesitate one single moment from now on, but keep "digging" for subscriptions and points the remaining thirteen days of the race. It will all be over Saturday, September 13th, at 1 o'clock p. m. Don't forget that.

BRISK BIDDING BY BOND FIRMS FOR CITY LOAN

WILL DO ALL WORK IN CONNECTION WITH ISSUE FOR 1½ PER CENT.

MEANS BETTER THAN PAR

PROPOSITION BEST EVER OFFERED CITY LIKE THIEF RIVER FALLS.

The Northwestern Trust company of Minneapolis, and the Capital Trust & Savings bank of St. Paul, each were awarded one-half of the certificates which will be issued before the proposed paving work is started, their proposals as submitted to the city council Tuesday night having been deemed as good as could be expected, insuring to the city a low rate of interest on the certificates and their sale at a premium.

The proposals as made by C. E. McGraw of the former company and E. R. Meservey of the latter, placed the rate of interest at 5 3-4 percent, payable semi-annually, in accordance with provisions contained in Chapter 65 of the state laws as enacted at the recent session of the legislature.

Considered Good Deal.

The council was not particularly anxious to enter into agreements of any kind just at this time, but the two representatives of the bond buying companies began bidding against one another and a figure was finally reached that looked good to the aldermen. Mr. Meservey stated that his company would take one-half certificates issued on the following terms, providing Mr. McGraw's concern would do likewise, and the offer was taken up, the council voting unanimously in favor of it and the legality of the proceeding being vouched for by City Attorney Theo. Quale:

For all public improvement certificates to be issued under Chapter 65, 1919 session laws, to bear interest at the rate of six and three-quarters per cent per annum, payable semi-annually, to be dated the first of the month when issued, to be in denominations of $1,000 each and to mature without option of prior payment, serially in approximately equal amounts from one to twenty years;—

To furnish the services of reliable bond attorneys in preparing and passing on all papers in connection with the issuance and sale of the certificates, said services to include the furnishing of all resolutions, form of certificates, notice of sale, etc.

To furnish on day of sale their attorneys' opinion as to the legality of the issue so that unconditional bids may be called for.

To advertise the sale of said certificate in some publication to be designated by the council;

To cash at par all the city's warrants that may be legally issued for such work and carry same until certificates can be issued to take up said warrants, it being understood that they will not be required to carry such warrants for a period longer than six months at a time;

To furnish all blank certificates ready for signature.

Liability under the contract expires Dec. 31, 1920.

For the above services the city is to allow the Northwestern Trust Company and the Capital Trust and Savings bank, as reimbursement for their outlays, one-half of one per cent of the face value of all certificates issued. The companies in turn agree to bid for the certificates at least the par value thereof, together with accrued interest from date of same to date of delivery, and a premium in addition thereto sufficient to offset the expense of their issuance, namely one-half of one per cent of the face value of all certificates issued or sold, thus assuring the city of at least par for said certificates, the purchaser to bear all the expense of the issue. The council agrees to follow all the instructions of the companies' attorney and reserves the right to reject any and all bids on day of sale, and it is expressly understood that if no certificates are issued no charge will be made for the above services.

Committed to Nothing.

The signing of this agreement does not necessarily mean that the certificates will go to the companies at the time of the sale. It still leaves the field open for any others who may wish to make an offer. Any money that may be needed before the actual sale is, however, in this manner provided for and the proper procedure throughout the negotiations insured. The contract makes it certain that the certificates will bring at least par when finally disposed of.

Sun Resembles Lantern.

The Times is in receipt of a letter from B. E. Bothun, former resident of this city, who now resides at Eureka, Mont., who states that the forest fires are raging within fifty miles of Eureka. The former resident compares the sun to a red lantern hung in the sky which is caused by the thick smoke hanging over the mountain valleys. The weather is still dry and warm, he stated.

WOMAN'S CLUB MEETING.

A special meeting of the Woman's club will be held tonight at the Commercial club. The meeting is for the purpose of electing delegates to the State Federation convention to be held at Little Falls, Minn., Sept. 24th, and to discuss matters pertaining to the program for the coming year.

BIBLE TEACHERS' BIG CONFERENCE BEGINS SEPT. 7

UNION MEETINGS WILL BE HELD IN AUDITORIUM EVERY EVENING.

NOTED SPEAKERS PRESENT

REV. ALFRED DANIELSON IN CHARGE OF MUSICAL PROGRAM.

A series of Bible conferences will be held in Thief River Falls beginning on Sept. 7 and continuing for at least one week. Because of the fame of the speakers and others connected with the enterprise there is a great deal of interest being taken in the matter. The meetings will be held under the direct auspices of Swedish Mission and Scandinavian Evangelical churches, but will be open to all alike and everyone will be made welcome.

Three Noted Speakers.

One of the speakers who will appear at each meeting is Dr. C. W. Foley, president of the Northwestern Bible school, Minneapolis, one of the best known church men in the West. He is an orator of rare power and charm and is said to interpret the teachings of the Scriptures with a directness and impartiality that captivates his hearers.

Rev. Gust F. Johnson, another of the speakers, is pastor of the great Swedish Tabernacle in Minneapolis. This church holds more than 2,000 persons but is filled at practically every meeting. Rev. Johnson has gained an enviable reputation as an expounder of the Bible and is listened to with great attention wherever he appears.

REV. G. F. JOHNSON

DR. C. W. FOLEY

BOB MOYER

Bob Moyer, Evangelist.

Bob Moyer is an evangelist and has appeared all over the West at revival meetings. He is regarded as one of the most careful and conscientious Bible students in the country and a speaker of more than ordinary ability.

Fine Song Program.

Rev. Alfred Danielson of Minneapolis, is the song leader. As a choirister he has few equals in this section, particularly where the hymns found in the Awakening Song book are used.

Building Permits Granted.

The council on Tuesday night granted the Empire Farms company permission to build a brick addition to the building on LaBree avenue formerly occupied by the Kleanall shop. Hilmer Aga was granted permission to move and repair a building formerly used as a barn.

The council also granted Lara Backe an extension of time in repairing a piece of sidewalk that had not turned out as well as the general run of walks laid by him.

An electric light will be placed at the corner of Sixth street and Red Lake Boulevard.

City Clerk A. H. Akre was instructed to advertise for bids for making the necessary lead connections with the water mains in the city, the extension of the sewers where necessary in the paving district.

LIEBERMAN INSTALLS DEPARTMENT FOR BOYS

PORTION OF STORE GIVEN OVER TO THEIR COMPLETE OUTFITTING.

Albert S. Lieberman makes the announcement of an important change in his clothing store this week. He has added a complete new juvenile department and stocked it with everything in the line of boys' and children's clothing and furnishings. A considerable section of the salesroom has been fitted up for the accommodation of the new stock which is arriving daily. While on a recent visit to Chicago and the East, Mr. Lieberman made the purchases for this department and it will receive the same care and attention that is given to the men's wear end of the business. Everything for boys of all ages will be handled—suits, overcoats, headwear and furnishings.

The makers of Hart, Schaffner & Marx clothing, which is the leader at Liebermans' store, have branched out and are now making boys' clothing under the same guarantee and out of the same materials as is put into their men's goods. It is the first house with a national reputation to take this step, which is one of great importance to the buying public. It means that hereafter juvenile clothing can be purchased that has the same high quality of fabric and the same exceptional workmanship that has made their clothing for grown-ups famous. Mr. Lieberman invites a visit to this new department.

Notice to Theatre Patrons

A. J. Lawrence, formerly manager of the Princess Theatre, has moved to the Lyceum Theatre and all big productions will hereafter be shown at the last-named playhouse.

Adv. A29-S4-11-18

GAMBELL FAMILY LEAVES FOR WEST

SELL RESIDENCE PROPERTY IN THIS CITY TO SUPT. W. A. ZIEGLER.

Mrs. F. H. Gambell and children will leave next Wednesday for Los Angeles, which city they intend making their home, at least until the return of the doctor from abroad. Dr. *Gambell is at present in Siberia* with the Red Cross expedition sent out from this country to assist in the work of reconstruction, his period of service having yet nearly a year to run. Upon his return it is likely that the family will settle at some point on the Pacific coast.

The removal of Dr. and Mrs. Gambell from the city will be most deeply regretted by everyone. Dr. Gambell was the dean of the medical fraternity here, served the community as mayor and for years gave much time and attention to educational matters as a member of the school board. It is probable that he enjoys the widest acquaintance of any man in the county.

Mrs. Gambell has always been keenly interested in all things that would in any manner help make the city a better place in which to live and her presence among church and club workers will be missed greatly. The family have the best wishes of everyone for success and contentment in their new home.

The Gambell residence on LaBree avenue, a most desirable piece of property, has been sold to Supt. W. A. Ziegler of the Thief River Falls schools, who will move there with his family as soon as it is vacated by Mrs. Gambell.

ANNUAL MASONIC PICNIC ON MONDAY

EVENT AT SQUAW POINT MARKS CLOSE OF SUMMER VACATION.

Thief River Falls Lodge No. 236, A. F. & A. M., and Windsor Chapter of the Eastern Star will hold the annual picinc at Squaw Point Monday next—Labor Day. It has been the custom of these lodges for some years past to hold an outdoor gathering of the members and their families on this date and thus fittingly mark the close of the summer vacation. The Masons perform no lodge work from about June 1 to Sept. 1, after which time the regular meetings are resumed.

There will be a program of sports, some speaking and singing and a general good time. Automobiles will be provided for taking the members out to the grounds and bringing them back again, and they are all urged to attend. The starting point of these autos will be the same as in former years and a number of the brethren have volunteered the loan of their machines for the occasion.

It is very much desired that all Masons and their families who can possibly get away will make it a point to be present. Monday being *a holiday it is expected that the attendance will be large.*

The lunch arrangements are in charge of the Eastern Star members.

WENT WITH FLEET THROUGH PANAMA

WILLIE BACKE ON SHIP THAT HAS EXPLOSION KILLING FIVE MEN.

Willie Bakke returned to Thief River Falls Saturday after a cruise with Uncle Sam's new Pacific fleet through the Panama canal and following a long term of service with the navy in foreign waters. The ship on which Bakke was stationed met with misfortune when an explosion in the boiler room killed five sailors and the boat had to be towed for a distance of 300 miles. The trip consumed four days and the boys were then transferred to the Seattle and made the interesting trip through the canal, landing at San Pedro. The Pacific fleet consisted of six battleships, fourteen destroyers and supply ships.

Bakke, who is the son of Mr. and Mrs. D. B. Bakke, enlisted in the naval forces in May 1917 and after a trainig course at the Great Lakes station was sent to the Philadelphia station. He left for Queenstown, Ireland on the St. Paul, a mail steamer, and reached his destination in December 1917. Later he was transferred to the destroyer, Cushing, and was on active duty in foreign waters until January 1919, when the fleet was ordered home. The destroyer operated largely in the Irish sea and English channel in combating German "U" boats.

Bakke is undecided as to what he will do, but will remain here with his parents for an indefinite period. He received his discharge in Minneapoli the first of last week.

District Superintendent Here.

Rev. J. C. Craig, district superintendent of the Methodist church will be here Thursday and will preach in the Methodist church in the evening at 8 o'clock sharp. The Fourth Quarterly conference will follow. All members and friends of the church are urged to attend both services.

Higher Telephone Expenses
Mean Higher Rates for Service

The higher expenses the telephone companies have had to meet has necessitated an increase in telephone rates throughout the country.

Advanced labor costs in manufacturing plants has raised the price of telephone equipment.

Freight rates have gone up, too, and this has added to our expenses.

The living expenses of employees have increased, also, and this has required our paying higher wages.

The telephone industry has been affected by the same condition which produced higher prices in every other business.

NORTHWESTERN TELEPHONE EXCHANGE CO.

DELEGATES TO LEGION MEET ARE SELECTED

FRED SCANLAN AND L. H. LAWRENCE WILL REPRESENT POST AT ST. PAUL.

LEGION FAVORS DILLY BILL

PETITIONS TO COUNCIL AND COUNTY BOARD ASKING FOR AID ARE SIGNED.

Pennington County Post No. 1, of the American Legion, will be represented at the state meeting to be held in St. Paul between Sept. 2 and 4, by Fred Scanlan and L. H. Hermanson. These two delegates were unanimously elected at the posts's second meeting held in the Commercial club rooms Monday evening. Hardy Bothun and Henry Froseth were elected alternates.

Following the selection of the two delegates to go to St. Paul a resolution was passed by the post as favoring the Dilly bill, providing for a bonus of $10 a month for each month a Minnesota man has been in the service, which will be presented to the state legislature at their special session on September 8 for passage. This bill also provides that any Minnesota man who served in the Allied armies and has been honorably discharged, is also entitled to the ten dollar per month bonus. This will apply to several boys in this city and Pennington county who joined the Canadian forces and served from one to three years. The delegates were instructed to proceed to St. Paul and present the sentiment of the local post at the convention in regards to the Dilly bill.

Roosevelt to Attend.

Lieutenant Colonel Theodore Roosevelt will speak at the Legion meeting on Sept. 3, and his plan is to coordinate the work of the state organizations, and put clearly before the country the aims and purposes of the American Legion. Colonel Roosevelt is on a speaking tour of the country in an effort to put one million veterans of the World's war on the Legion's rolls.

National Bill.

The national bill, providing for a bonus of one year's pay for men who have been in the service for over a year and $30 per month for each month under a year with two months as a minimum, was passed on favorably by the members of the post present and a resolution was made favoring it. The bill is still in the committeeroom at Washington.

To Take Record.

A committee of four was appointed to look after the Book and Records work which will be handled by the post and steps are being taken to get the necessary information to compile the complete history of Pennington county's activity in the war. The complete service record of each man will have to be taken from the day he left until his discharge and entails no little work.

Membership Drive.

The advisability of staging a membership drive was also discussed and it was suggested that the post wait until the day of the home-coming celebration when practically all of the returned men will be here. It was further suggested that a meeting be held on that day and the aims and purposes of the Legion be explained to future members at that time. At present there are about forty-five former soldiers in the Legion and it is the intention to have every returned service man on the rolls. A club room is in sight when the membership roll becomes large enough.

To Give Dance.

Steps were also taken at the meeting toward the giving of a dance some time this month and a committee was appointed to arrange for the hall and other details connected with the affair.

Publicity Needed.

The fact that the Legion's purpose has not been fully explained and given proper publicity was brought up and a motion was made that a publicity committee be named to give the Legion advertising. Literature will be secured from national headquarters and articles will appear in the Pennington county papers so that the returned service men will be informed as to the organization's aims.

Sign Petitions.

As was explained in The Times last week, a law has been passed by the last legislature authorizing city councils and county boards to appropriate sums of money to aid in the securing of the county's war record. The post members signed two petitions, one to the council and the other to the county commissioners, urging them to make an appropriation to assist in getting out the proposed record.

The next meeting will be held on September 8, at the club rooms and a full attendance is desired. The different committees will be asked to report at this time and the delegates who are to attend the state meeting will also give an account of the convention on that date.

Bought Native Butcher Stock.

C. S. Simonson believes in patronizing home industry as far as possible. Since engaging in business here he has bought everything he could get from stock raisers and farmers in the county and says he has picked up some high class stock. This week he purchased 30 head from John Severson of Sanders township, mostly beef critters, and paid cash for them. This was the largest purchase of native cattle he has yet made and is rather proud of the transaction. He says that it not only shows that handlers of these products can often find what they want right here at home, but that it also helps convince the farmer that he need not go outside his own neighborhood for his market.

Iowa Visitor Here.

W. F. Urenn, a properous farmer of Plymouth, Iowa, spent the latter part of last week here looking over crop conditions on his land holdings between this city and St. Hilaire. Mr. Urenn stated that the Iowa crops were damaged considerably by lack of rain and wished they had gotten at least one quarter of the moisture that fell in Northern Minnesota during the summer. Continued hot weather during June was the cause of much damage, he said. He left on Monday evening for Plymouth and before departing paid The Times office a pleasant call and had his name put on the list so that he might be kept posted on all affairs in this part of the country.

Want a Highway Map?

Secretary G. Howard Smith, of the Commercial club, announces that he has 200 Jefferson Highway maps and anyone desiring a copy of same may apply for one at his office. There are no charges attached to it.

CHURCH SOCIETY WELCOMES VETS

REAL GLAD HAND GIVEN TO BOYS BY YOUNG PEOPLES' LEAGUE.

There was a real welcome with the accent on the welcome given to the returned soldier boys by the Young Peoples' society of Our Saviour's Lutheran church last Thursday evening in the church basement, when the people of that denomination gathered to extend a glad hand and tell its boys how sincerely glad they are that they have come home and how proud they are of all of them.

The evening's program was begun when Miss Doris Halvorson rendered a piano solo in a very pleasing manner and received a hearty applause. Rev. Skogerboe gave the address of welcome in a fitting manner and extended a warm welcome to the boys, who have been absent from the congregation for many months.

Misses Anne Tharaldson and Olga Gulrud accompanied by Miss Alexandria Tharaldson, pianist, rendered a vocal duet and met with the approval of all. Rev. Larson was called upon to make a speech of welcome and said the return of the boys would bring new life everywhere and that they would take a greater lead in the solving of affairs than ever before. The country needed leaders, said Rev. Larson, and from their experiences in the past are more qualified to take the lead. This was followed by a vocal solo given by Miss Grace Loken and accompanied by Miss Ruby Anderson at the piano. The song was a Japanese lullaby and was particularly pleasing. A serenade was next given *by Messrs. Lyman Fossum, cellist;* and F. S. Ebert, violinist, and Miss Alexandria Tharaldson, pianist, which was followed by a vocal selection by Dr. Nesse.

The dedication of the service flag was a feature of the program and as each boy's name was read off and his history while in the service was related, a paper with the former soldier's name was pinned on the star.

The band was present and closed the program by rendering the national anthem, while the audience rose and joined in by singing.

A delicious lunch was served by the Young Peoples' society following the close of the program.

The decorations were red, white and blue crepe paper strung from the center of the ceiling to each corner while the paper was also entwined around the posts, and flower vases were in abundance.

Struck By Auto.

Little Bobbie Anderson, six year old son of A. J. Anderson, 200 St. Paul avenue north, was taken to the Physicians hospital last evening with a cut in his forehead as the result of being hit by an automobile driven by Rev. R. K. Callaway. Bobbie was playing with several of his playmates last evening in front of the Dr. Mellby residence and was attempting to cross the street when he was hit. A gash was cut in his forehead and was knocked down unconscious. He was taken to the hospital in the same condition, but reports this morning state the boy is getting along nicely.

Hardly "Chief" Attraction.

Greenbush Tribune: Thief River Falls had a carnival at the county fair as its chief attraction last week. We have been told that the prices charged by this outfit were very unreasonable. Thief River has practically decided to do without the carnival at the Pennington county fair after this. This is no doubt a wise move. It goes without saying that better and far cheaper attractions can be provided than these street shows.

SOCIETY and Club

Haglund-Castle.

Miss Anna Haglund, of Marshall county, and Charles Castle, of Westburgh county, Iowa, were wedded in municipal court rooms on last Thursday evening, Judge Tarrant performing the ceremony. Axel Risberg and Paul Midderigh acted as witnesses.

Entertained.

Mrs. J. J. Weeks entertained Sunday afternoon at a six o'clock dinner in honor of Mrs. O. M. Omlie and daughter, Mrs. A. Taverberg, of Grafton, N. D., at her home 322 West Second street. The afternoon was spent in visiting.

Dorcas Society.

The Dorcas society of Our Saviors Lutheran church will be entertained next Wednesday, Sept. 3, in the church parlors, by Mrs. A. N. Skogerboe and Mrs. C. M. Carlson. A cordial welcome is extended to all.

Club Meeting.

Miss Marie Nelson, president of the Girls' Community club, announces the regular meeting next Monday evening at the Commercial club rooms. All members are urged to be present.

For Miss Berkland.

An outdoor supper will be given at Squaw Point this evening by the normal girls of the '16 and '17 classes of the local high school, in honor of Miss Martha Berkland, who is here visiting from Idaho.

Ladies' Aid.

The Methodist Ladies' Aid society will be entertained next Wednesday afternoon, Sept. 3rd, by Mrs. T. P. Anderson, Mrs. Christe and Mrs. Kruse in the church basement. A cordial welcome is extended to all.

Ladies Aid.

The Zion Ladies Aid society will be entertained this afternoon in the basement of the church by Mrs. E. O. Erickson and Mrs. Alfred Bredesen, beginning at 2 o'clock. The same parties will entertain the Young Peoples' society in the evening.

Entertained.

Last Sunday Mr. and Mrs. J. S. Collins entertained at a six o'clock dinner. Covers were laid for the following guests: Mr. and Mrs. D. J. Cordes, Mr. and Mrs. Lester Champlin and Mrs. M. Giard and daughter. After dinner the party enjoyed a boat ride up the river.

Drake-Goudy.

Miss Anna Drake and Warren Goudy, both young people residing at Goodridge, were united in marriage at municipal court rooms Monday morning, Judge Tarrant officiating. Peter G. Peterson, deputy city clerk, acted as best man and Miss Jeanette Oftedahl was bridesmaid. The newlyweds will make their home near Goodridge.

Entertained.

Miss Lottie Austin and Miss Margaret Eichhammer entertained ten of their friends last Thursday evening at a five course six o'clock dinner in honor of Miss Hazel Haraldson of Crookston, and Miss Gladys Black of Grand Forks. The rooms were beautifully decorated with red and green crepe paper these colors being their high school colors. Following the dinner the guests were entertained with music.

Entertained.

Mrs. Inga Berg entertained fifteen of her friends last Saturday afternoon at her home, 417 Knight avenue north, in honor of Mrs. Morris Olson, of Poplar, Mont. The rooms were made very pretty with large baskets and vases of sweet peas. The afternoon was spent in sewing and visiting. A delicious two course luncheon was served at five o'clock which brought the pleasantly spent afternoon to a close.

Surprised.

Last Thursday evening a large number of the Swedish Lutheran church members pleasantly surprised Mr. and Mrs. O. A. Naplin at their home. They brought large bouquets of flowers with which they decorated the rooms. As a token of remembrance Mr. and Mrs. Naplin were presented with a beautiful library lamp and a silver plated percolator. After spending a few hours in a social manner the guests and their hosts enjoyed a delicious lunch, which was brought by the ladies.

Birthday Party.

Misses Helen and Ruth Cronkhite entertained seventeen of their little girl friends last Saturday afternoon at a joint birthday party, at the home of their parents, Mr. and Mrs. J. Q. Cronkhite, 204 Markley avenue south. The little girls received many gifts. The afternoon was spent in playing games. Lunch was served at 4:30 o'clock by Misses Zella Zeh and Florence Aalberg. The two birthday cakes, one with four candles and the other with eight, made a very pretty sight. Vases of garden flowers were in profusion about the rooms.

Celebrates Twelfth Birthday.

Miss Ida Johnson entertained about twenty little girls last Monday afternoon at the home of her parents, Mr. and Mrs. J. A. Johnson, Atlantic avenue north, in honor of her twelfth birthday. The afternoon was pleasantly spent in different games. Miss *Johnson was the recipient of many* pretty and useful gifts. A luncheon was served to the guest from a table which was very prettily arranged under two large trees. Japanese lanterns of red and white were hung in the trees, while strips of red and white crepe paper hung from the branches, to all corners and sides of the table. Large vases of flowers helped in the decoration.

In Honor of Mrs. Scanlan.

Miss Ruth Bamford entertained eighteen of her friends last evening at her home north of the Soo round house, in honor of Mrs. Fred Scanlan. The party was in the form of a parcel shower for the young bride. The evening was passed in singing while several piano numbers were given by some of those present. At ten o'clock p. m. a delicious two-course luncheon was served. Yellow daisies were used for decorations. Invitations had been extended to thirty, and the following were present: Misses Dorothy Bottleson, Midge and Florence Prichard, Abbie Evanson, Amy Krohn, Margaret Ristad, Phonsie O'Neill, of Minneapolis, Jean Hay, Myrtle Berg, Helen Weeks, Hazel Conklin and Mesdames Fred Scanlan, Frank Conklin, Claude Crandall, F. B. Conklin and C. H. Bartlett.

General Ludendorff

Germany's Greatest Military Strategist, Has Written

GERMANY'S SIDE OF THE WAR

The Most Costly Newspaper Story Ever Brought to the Northwest. Read it in

The Minneapolis Tribune

Beginning Sunday, September 7, and continuing Daily and Sunday Thereafter, for about 100 Days, or until completed.

Germany's silence is broken for the first time since 1914. No one is better qualified to tell her state secrets than Ludendorff, Germany's Greatest Military Genius.

The German side of the war has been shrouded in mystery and up to the present time no one who knows has spoken. Now General Ludendorff—great military leader, German of the Germans in Germany, who conceived, planned and carried out the most colossal military campaigns and who directed the most stupendous war machine in the world's history—tells the story. He has written an intimate, close-up, authentic history in 250,000 words of the German effort to dominate the world.

Ludendorff's story is vital and stirring. It will not deal with disjointed events; it will not be a justification but a history, so interwoven with human interest as to make it a veritable romance of facts.

He will discuss Germany's war plans without fear or favor, placing blame where he believes it belongs, giving credit where it is due.

GENERAL LUDENDORFF SAYS:

"It was the German governments's fault Germany was defeated."

"Germany's situation was serious from the start; it was critical long before she collapsed in 1918."

"Austria-Hungary was a burden and not a help to Germany."

"The U-boat warfare was justified."

The Minneapolis Tribune has obtained the serial right to the exclusive publication of this great story in Minnesota. As a newspaper feature it is the costliest and greatest of the kind ever brought to the Northwest. It will run for about 100 days, daily and Sunday, beginning Sunday, Sept. 7. Every day in the same place, starting on column 1, first page, and continuing to columns 1 and 2, sixth page.

Clip and keep the whole story for future leisure reading.

Mr. and Mrs. John Webscoski left Saturday morning for a visit with relatives in Egeland, N. D., and returned Monday.

Miss Alida Brennan returned to her home in Middle River Wednesday, after a week's visit with her sister, Mrs. John Gustafson.

C. W. Vorachek, assistant cashier at the Citizens State bank, left Saturday via the auto route for Mahnomen. After attending to several business affairs he will continue his trip to Minneapolis to attend the state fair. On his return trip he will visit with friends in Detroit.

Mrs. C. Helquist and children left Wednesday for a week's visit with relatives and friends in Holt and Newfolden.

Miss Pitilla Paul and Miss R. J. Porier of Red Lake Falls, arrived Wednesday and spent the day as guests of Miss Doris Brumund.

George Herbuger of Osakis, was a guest of George Loken on Tuesday. He left in the afternoon for Roseau on a short business trip.

Miss Margaret Burns returned Tuesday evening from Warroad where she had been visiting with her friends for three weeks.

Mrs. A. J. Berg and daughter, Miss Henrietta, left Saturday for a three weeks' visit with friends and relatives in Ada.

Miss Clarice Thompson left Saturday for Crookston, where she will visit for a week or two at the home of her aunt, Mrs. C. G. Mattson.

Mrs. T. Ostmoe and children left Saturday for Grand Forks for a month's visit with relatives and friends.

Miss Cora Hanson returned Thursday evening from a week's visit with friends and relatives in Grafton, N. D.

Mr. and Mrs. O. Odegaard and children of Hazel, motored to this city Tuesday and spent the day shopping.

Miss Emma Eliason of Fargo arrived Friday and will be a guest at the home of her sister, Mrs. M. Arneson during this week.

Mrs. O. M. Omlie and Mrs. A. G. Tverborg of Grafton were week-end guests at the home of Mrs. Theo. Tandberg.

Miss Agnes Anderson returned on Tuesday morning to her home in Greenbush after a few days' visit with Miss Mollie Hermanson.

Mrs. A. P. Lunde of Albert Lea, arrived Friday to visit for a week at the home of Mrs. Theo. Tandberg, and other friends.

Miss Palma Holmes returned to her home, east of the city, after a two weeks' visit with her sister, Miss Dora Holmes and other friends.

Mr. and Mrs. Matt Barzen left last week via auto for various points in Montana. They expect to be away for a week or ten days.

Miss Edna Anderson left the latter part of the week for Fargo and Buffalo, N. D., where she will visit for a week with friends and relatives.

Fred Protz conducted a civil service examination in Greenbush last Friday, returning to this city on Saturday.

Miss Marion Kennedy returned to her home in Baudette on Friday after a two weeks' visit at the home of Miss Evangeline Burns.

P. C. Wold and daughter, Miss Dena and Miss Katherine Dunn of Kratka, motored to this city Friday and spent the day shopping.

Mrs. Ed. Trombley of Red Lake Falls, arrived Tuesday and will be a guest at the home of Mr. and Mrs. Wm. Poirer for the coming week.

James Johnson left Sunday for Erskine where he is employed. He spent the day in this city with his family.

Mrs. Rasmus Oen and children, Roy and Myrtle, left Tuesday for Warren where they went to receive medical treatment.

James Farr Jr., and family, left Sunday evening for Minneapolis where they will make their future home.

Miss Margaret Francis, who has been a guest of Miss Evelyn Cornforth for the past five days, returned to Crookston, yesterday.

Eli Weston of Havana, Cuba, arrived yesterday and will be a guest at the home of Miss Zella Zeh for the coming week.

Miss Irene Miller of Crookston and Miss Hazel Olson of Minneapolis, who have been visiting at the Rolland homes in this city for the past week, returned on Wednesday.

Mr. and Mrs. W. J. Brown and daughter, Miss Ruth, arrived the latter part of the week from Union Lake where they have been camping for the past two weeks.

Miss Helen Loen of Radium visited with her sister, Miss Dorothy Tuesday evening between trains, leaving later for Halma where she will teach during the coming term.

Joe Perdzock returned Saturday from Warren where he spent two days attending to business matters in connection with the Northwestern Drainage company.

Misses Alfa and Elnor Werstlein and Teresa Giefer, and Joe Perdzock and George Werstlein, motored to Middle River Sunday and spent the day visiting with friends.

Lois Hanson and Dr. E. Peterson and Misses Cora and Clara Brown, motored to Greenbush Monday, spending the day visiting with friends and attending to business.

Mr. and Mrs. A. R. Boyce of Red Lake Falls, have moved to this city and will make their home here during the winter. Mr. Boyce is a carpenter by trade.

Miss Palma Holmes left today for Sioux Falls, S. D., where she will teach school during the coming term. Miss Holmes' sister, Mrs. E. N. Winge, is a resident of that city.

H. A. DeLashmutt, nephew of Mr. and Mrs. J. Yotter, who has been visiting for the past week in the city, left Tuesday for his home in LaPlata, Mo.

Mr. and Mrs. W. H. Akre and daughter, Ardith, left Wednesday via auto to Crookston where they will visit for a week with Mrs. Akre's parents.

Mr. and Mrs. H. F. Booren left on Sunday for a two weeks' visit with the former's parents, in Stillwater. Mr. Booren is assistant cashier in the First National bank.

Mrs. S. Brennan and son, Raymond, left the latter part of the week for Greenbush for a two weeks' visit with Mr. Brennan, who is employed in that city.

Miss Zella Zeh returned the latter part of the week from Grafton, N. D., where she had been invited to sing at the wedding of one of her school chums.

Miss Selma Knutson left Tuesday for Crookston where she will visit for a few days with relatives, going on to Fisher where she will attend school.

Mrs. Dan Bjorkman and daughter, Miss Margaret, returned Monday evening from Underwood, Minn., after visiting for the past two weeks at the home of the former's parents.

Mr. and Mrs. W. H. Frederick left Friday morning for Calloway, Minn., to visit at the home of Mr. and Mrs. Albert Lonson. They returned Monday evening.

Mr. and Mrs. Thomas Chittick and baby returned Friday from Duluth, where they had visited for a couple of weeks at Mr. Chittick's parental home. Mrs. Chittick also visited in Minneapolis with her parents.

W. J. LaBree left Tuesday morning for Warren. He was accompanied home in the evening by Mrs. LaBree, who recently underwent an operation for appendicitis. She is regaining strength rapidly.

J. Pfeffer, former contractor located in this city, now residing at Duluth, spent the forepart of the week here renewing acquaintances. He also took a trip to his farm east of the city and reports everything in good shape.

Wm. Gustafson of Crookston motoerd to this city Monday and will be a guest at the home of his nephew, Dave Gustafson, for a week. Mrs. Wm. Gustafson arrived Tuesday via train.

Mrs. Arthur Carlson of Crookston spent a few days the latter part of the week at the home of Mr. and Mrs. O. W. Carlson. She had been visiting at her parental home in Holt for a couple of weeks.

Miss Vera Brabender left this morning for Duluth where she will visit a few days with Miss Sue Chittick before continuing her trip to Ely, where she will teach school during the coming term.

Miss Josie Ebbinghausen of Crookston was a guest of her brother, Henry Ebbinghausen and of Miss Vera Brabender the latter part of the week. She returned to her home Saturday.

Severt Eberhart returned Wednesday evening from Oslo, Minn., where he had been visiting with friends for two weeks. He will leave this evening for Minneapolis where he will secure work for the coming winter.

August Anfinson, clerk in the Great Northern freight office for the past five months, left Friday for Atikokan, Canada, where he will go braking on the Canadian Northwestern. His vacancy was filled by L. Samuelson from Crookston.

Paul Baumgardner, vice president of the Deposit bank at Winona, who arrived here the first of the week on a business mission, left this morning for Roseau and Greenbush to look after business affairs. He will return tomorrow afternoon.

Miss Florence Lien returned Monday evening from a two week's vacation spent with her parents in Underwood, Minn. She resumed her duties as clerk in the drygoods department of Loken's store on Tuesday.

Mrs. Helen Montgomery is again at her post as ticket agent at the Great Northern depot, after a two weeks' vacation. She visited with her sister in Crookston for a week and in Minneapolis and St. Paul, for a week with friends and relatives.

Mrs. M. Koepp arrived from Denver, Col., where she has been visiting for the past month with relatives on Monday. She spent the day shopping and visiting with friends and returned to her home in Middle River on Tuesday.

Mrs. Victoria McKinney returned Tuesday from a week's visit with friends and relatives in Bemidji and Crookston. Mrs. Lucy Ures accompanied her as far as Bemidji and then went to Grand Rapids, where she will visit for a week with relatives.

C. M. Evenson and sons, Marcus and Oscar, motored to Grand Forks Sunday. Oscar continued on his way to Larimore, N. D., by train, Marcus returning home the same day, while Mr. Evenson returned Monday evening after attending to business affairs.

The four year old son of Mr. and Mrs. H. A. Halvorson, residing near Goodridge, was injured last Saturday when he fell from the wagon he was attempting to get on and was run over. The wheels passed over his back and bruised him slightly. He was brought to the city for treatment.

Mr. and Mrs. A. O. Stovaness and three children and Mrs. Inger Stovaness, who have been visiting for the past week at the home of Mr. and Mrs. S. Berg, left Tuesday for Salem. Previous to their visit in this city they had visited for a few weeks with relatives in Gonvick and Oklee.

Ole Peterson, old time resident of Thief River Falls, former Indian trader and wolf hunter, has a young zoo at his residence on Knight Ave. About two months ago the veteran hunter captured a baby wolf near Goodridge and brought the animal to the city and built it a modern home. Though Mr. Wolf was young when he was caught he still is rather uncivilized but Ole says he will soon eat out of his hand. The famed wolf hunter plans an addition to his zoo and intends to purchase a monkey so the wolf will have some one to play with.

Mr. and Mrs. Joseph Ruhlin, Miss Cella Ruhlin and Miss Angela Schmitt arrived via auto from New Prague on Tuesday afternoon and visited until Friday at the home of Mr. and Mrs. M. A. Schmitt. Miss Angela has been visiting at New Prague during the summer vacation and returned home to take up her school duties.

Mr. and Mrs. T. P. Anderson and children, Peter and Dudrey, left yesterday by auto for Badger. Mr. Anderson will return today accompanied by Lee and Earsel, who have been visiting for the past week with friends. Mrs. Anderson will visit for a week at the home of her sister, Mrs. H. C. Reed.

Frank Oeens, retired farmer and A. E. Ruse, real estate dealer of Humbolt, Iowa, visited in this city Monday, leaving Tuesday for Warroad and Graceton, where they will investigate the possibilities of our northern land. Mr. Oeens is the owner of a section of land valued at from $500 to $600 an acre, while Mr. Ruse is representing the Ruse and Reasoner Real Estate agency of Humbolt.

A. Nedved was brought to the city last Saturday from Mahnomen suffering from a dislocated shoulder as the result of having fallen from the second story of the granary to the floor below. Mr. Nedved was carrying wheat to the upstairs of the granary and stepped on a loose door and fell through, landing on his shoulder. An X-ray picture taken of the shoulder showed that it was badly dislocated.

Among the Minnesotans arriving in New York on August 22 on the K. A. Victoria from Brest, France, was Arthur Moran, son of Mr. and Mrs. Thomas Moran, 421 First street east. Arthur was a drummer in the Seventh Infantry band and has spent the past few months at the Coblenz bridgehead. Mr. Moran left with a contingent of local boys last June for Camp Grant and arrived overseas with his division in August.

N. Nelson, former assistant cashier of the Grygla bank, returned Tuesday after a period of fifteen months service with the marines. George Johnson of Grygla and O. J. Johnson, Red Cross relief worker of Minneapolis, motored to this city to meet Mr. Nelson. He will resume his former duties after a week's visit. Miss Olga Fricker of St. Hilaire, accompanied them to Grygla, where she will visit for a few days with friends.

Mr. and Mrs. H. O. Loken and three daughters, of this city and Mrs. C. Bourne and child, of Minneapolis, left Sunday for Minneapolis via auto. Mrs. Bourne is a sister of Mrs. Loken and has been visiting here for the past two weeks. Mr. and Mrs. Loken and children will visit for a couple of weeks with Mr. Loken's sister, Mrs. Ray Lindquist and other relatives. During their visit they will attend the state fair.

Ole Peterson has purchased from Lieut. M. Bacon, aviator, the propeller which he broke while in the city giving passenger carrying flights. The Grand Forks flier hit a rock and chipped a piece off from one end making it useless as far as the plane was concerned. Ole will apply the big fan to his motorized ice boat, after repairing the damaged part. The propeller used last year by Mr. Peterson was a hand made affair and Ole says he will have greater success next winter hunting wolves at Red Lake with his iceboat when the large propeller is added to his outfit.

Mr. and Mrs. E. F. Bishop and children of Hobert, Oklahoma, arrived on Tuesday evening via auto, and will be guests at the home of Mr. and Mrs. J. M. Bishop for a few days. The party covered a trip of about 1500 miles and report good roads and very little car trouble. They spent a week camping at Waterville, Minn., and visited for a short time in various parts of Iowa. The visiting Mr. Bishop is a brother of the Thief River Falls attorney.

Mrs. W. J. Dixon and daughter, Miss Vera, of Des Moines, Ia., are guests at the home of Mr. and Mrs. J. M. Bishop. Miss Dixon is librarian at the Iowa State college at Ames, and is enjoying her month's vacation. They expect to leave the latter part of the week for Warroad where they will camp on Springstein Island for a week or two. Miss Dinna Dixon, Mrs. Bishop, Miss Mariam Bishop and Morlan Bishop will accompany them. The former has been visiting here for the past two weeks.

HOSPITAL NOTES

Those who have entered the Physicians hospital to receive medical treatment since last Thursday are: Miss Mabel Ducon, Des Moines, Ia.; Devar Phelps, city; George and Alar Reitz, city; Miss Maude E. Miller, Pelican Rapids; Oliver Fladeland, Grygla; Miss Emilie Writhorn, Negaurmer, Mich.; Mrs. Sarah Shibiski, Rhoda; Charles Olson, city; Mrs. Laura Aga, city; Miss Huldah Fossum, city; Miss Vera Wright, Minneapolis; Conrad Olson, Plummer; Severt Benson, city; Miss Irene Hanson, city; Mrs. O. L. Ihle, city; Mrs. M. B. Ordahl, Holt; Huldah Ordahl, Holt; Elias L. Rolland, city; Otto St. Louis, Plummer; Louis Cloutier, city; Veronica Stacy, Rhoda; Miss Helen Grother, Badger.

Torkel Lee.

Torkel Lee, for over seventeen years continuous a resident of Thief River Falls, died at his home on Saturday after an illness of two months caused by old age. Funeral services were held from the residence Tuesday afternoon, Rev. I. T. Aastad officiating. The remains were interred at Greenwood cemetery.

Torkel Lee was born in Norway 80 years ago and came to the United States when he was 32 years of age. He is survived by a wife and eight children as follows: Mrs. John Bloomquist and Miss Sadie Lee of this city; Mrs. A. J. Elstad and Miss Margaret Lee of Grand Forks; Miss Emma Lee of Hot Springs, Ark.; Alfred, Gunder and Theodore, of this city.

Card of Thanks.

We wish hereby to extend our sincere thanks to the many friends and neighbors who so kindly assisted us during the illness and after the death of our late husband and father, T. D. Lee, and for the many beautiful floral offerings.—Mrs. T. D. Lee and Family. a28

Purity Paramount

Our bottled milk is above all else—pure. Next to purity comes richness—it has a larger percentage of real cream than many bottled milks. And next to richness comes body, strength and nutritious value which are matters of importance of course. Will you not try a bottle a day for a week at least? Then you will become our regular patron.

Railroad News Notes

SOO ROAD MAY EXTEND LINE TO GRAND FORKS

CUTOVER FROM FORDVILLE IS MOST LIKELY ROUTE IN THAT CASE.

HAVE DREAM OF TERMINAL

DAKOTA TOWN WOULD LIKE CONNECTION WITH WHEATLINE DIVISION.

"If Grand Forks is successful in obtaining one of the state owned flour mills and elevators there is not the slightest question in my mind, but what the Soo railway company will build its line into this town," A. G. Sorlie, local grain dealer stated today.

The above is the opening paragraph of an article in the Grand Forks American the text of which is of considerable interest to people in Thief River Falls. The article continues:

Connect With Wheatline.

"There are divers opinions being expressed daily, in regard to this subject and as to the point from whence the Soo people would build their line into Grand Forks. That they would undoubtedly build their line from Fordville, Walsh county, to Grand Forks, thence on to Plummer, Minn., which would connect us with the Duluth-Minneapolis line, is very reasonable to believe, and very probable, should steps in building here, be taken at all, Mr. Sorlie stated. Building from Fordville, would connect Grand Forks with the North Dakota Wheat line and the Devils Lake-Drake branches, which, with the Plummer connections, would put this city on the main line and would unquestionably make Grand Forks a terminal point.

Dream of Terminal.

"Of course, there are shorter routes the Soo could take to get into Grand Forks, than by building from Fordville. There is Ardoch, for instance. But, as every branch of the Great Northern crosses the Soo, at some point on the Devils Lake-Drake and Wheatline branches, they would probably build from Fordville, thereby getting their share of the long haul.

"At any rate, if Grand Forks is fortunate enough to get a mill and elevator, there is nothing in the world that could keep the Soo company out of here. There is every reason to believe that a flour mill will be placed in Grand Forks. Looking at the proposition from a geographical point of view, this city is unquestionably the best located town in the state for the placing of such an enterprise. The great central terminal could be obtained if the city would boost itself."

WILSON PROPOSES 4-CENT INCREASE

SAYS HIGHER RAISE WOULD GREATLY INCREASE THE COST OF LIVING.

A wage increase of 4 cents per hour on a ten hour basis for eight hours work retroactive May first, was the proposal submitted by President Wilson to the representatives of the railroad shop crafts on Monday at Washington, D. C. The president advised the committee from the shopmen that any larger increase would greatly increase the living cost and therefore is inadvisable.

President Wilson cancelled several engagements Monday in order to confer with Mr. Hines and representatives of the railway shopmen. It had been generally reported that the railroad administration was favorable to granting an increase to members of the shop crafts who were not receiving wages equal to those paid men employed in similar lines of trade.

The shopmen, however, in the recent strike preferred a reduction in the living cost instead of a raise in wages.

Postponement of the settlement of wage demands until normal economic conditions are restored was announced by President Wilson on Monday as the policy which the railroad administration will pursue in dealing with such questions particularly those effecting railroad workers. The president thought it was neither wise or advisable at this time, when the important question before the country is the return to a normal price level, to attempt to increase freight rates to provide higher funds for wages.

"We ought to postpone questions of this sort until we have the opportunity for certain calculations as to the relations between wages and the cost of living," the president declared in a statement to the public explaining his decision as to wages.

"It is the duty of every citizen to insist upon a truce in such contests until intelligent settlements can be made, and made by peace and effective common counsel. I appeal to my fellow citizens of every employment to co-operate in insisting on and maintaining such a truce."

Shopmen to Take Vote.

The committee of 100 representatives of the railroad shopmen informed Director General Hines Tuesday that they could not accept as a basis of settlement of their demands the rates submitted to them by President Wilson on Monday. Results of the negotiations in Washington were communicated to the union locals all over the country with instructions to take a strike vote immediately, to determine whether the president's proposals should be accepted.

All men are notified to stay on the job, pending an issuance of an official strike vote by international officers.

Box Cars for Station.

Down at Ortonville, Minn., the people have objected to their present depot, which is composed of two box cars, and according to Ira B. Mills, Chairman of the railroad and warehouse commission, it depends on an early order from the commission whether the box cars will continue to as the station until railroads urned to private owners. The old Milwaukee station was abandoned when the new line was built through Ortonville and the box cars at the junction of the Fargo branch has served as a passenger depot.

Lose to St. Hilaire.

In their final game of the season, the Soo Line base ball team went down to defeat last Sunday afternoon at the hands of a St. Hilaire nine by a score of 7 to 5. Up to the fourth inning the railroaders held the visitors down to an air-tight score and during this time the Soo men scored three times. Following this the locals seemed to lose their defense and the visitors scored heavily. When the gong sounded at the close of the ninth St. Hilaire had run in 7 scores. There was a fair attendance.

N.-P. Gain in Earnings.

More than $1,000,000 gain in Minnesota gross earnings with the corresponding period last year is disclosed in the Northern Pacific company's return to the state tax commission. Totals were $9,862,542 against $8,727,161 for the respective periods. The road must pay $493,127 on gross earnings for the first half of this year under the law levying a 5 percent gross earnings tax in lieu of other taxes.

TRAIN HITS AUTO; 3 KILLED, 4 HURT

WINNIPEG SOUTHBOUND FLYER STRIKES AUTO STALLED ON TRACK.

Three persons were instantly killed and four others seriously injured, when 109, Winnipeg flyer on the Soo line struck an automobile stalled on a crossing two miles east of Sedan late Sunday afternoon. Sedan is south of Paynesville.

The dead are Helen Leien and two small children of Olaf Ostgulen, Miss Leien's brother-in-law. Mrs. Ostgulen sustained a fractured skull, fractures of both legs and a broken back and is not expected to recover. Ostgulen and the other two children also received serious injuries.

The train was rounding a curve between the high banks of a cut when the engineer saw the auto stalled less than 100 feet away and was unable to stop. The injured were taken to a hospital at Paynesville and the dead to Brooten.

SOO LINE EARNINGS SHOW LARGE GAIN

1919 TAXES FOR ROAD COMPUTED AT $268,533 ON THE NEW RETURN.

For the first six months of 1919, the Soo Line has reported Minnesota gross earnings in a total comparing favorably with those of prewar days.

The new report shows $5,370,656 of gross earnings, collected in the state during the first six months of 1919, compared with $3,995,503 for the corresponding last year. The return was made to the Minnesota tax commission pursuant to the state law levying a 5 per cent tax on gross earnings in lieu of other taxes against the railroads. The Soo Line taxes in Minnesota are computed at $268,523 on the new return, compared with $199,775 on the first six months of 1918.

Cars Damaged at Conway.

About twenty-five Soo freight box cars were found in a damaged condition at Conway, N. D., last week as the result of some miscreant having cut holes in the rubber air tubes. Assistant Master Mechanic Hendry was called there to investigate the matter and repair the cars. It is believed to be the work of radicals.

Yards in Good Shape.

The committee of the local "Safety First" organization made a tour of inspection of the Soo train yards, round house and repair tracks the first of the week with regards to the safety first movement. The committee reported that they found everything in fine shape.

Division Jottings.

P. M. Danham has been taken off as helper at Karlstad.

L. E. Whiting is acting as agent at Mahnomen vice O. Isaacson, who is on his vacation.

R. W. Emery has been put on as station helper at Rollette, N. D., vice Selmer Vern, resigned.

Daniel Parenteau, employed at the Soo rip track, was a visitor in Noyes on business the first of the week.

Alfred Johnson, car man at the Soo tracks, will leave the latter part of this week for a visit with his parents in Canada.

Miss Olga Gulrud, stenographer at the Winnipeg division office, was a visitor in Winnipeg last Sunday, being a guest at the home of her sister.

O. P. Johnson has gone on as night telegraph operator at Karlstad on account of the stock extras passing over the Winnipeg line from the C. P. R.

Miss Anna Quale, stenographer at division offices, passed Sunday in Minneapolis visiting with her brother who is employed in the auditor's office at the Soo building.

Assistant Master Mechanic J. W. Hendry and Engineers Robarge and Gasson left for St. Cloud the forepart of the week to attend a banquet given by the Pan Motor company.

J. J. Hoglin resumed work as agent at Alvarado the first of the week vice L. M. Halverson, who has been transferred to Devils Lake, relieving C. O. Kaufman, who goes to Minot as assistant depot agent.

Engineer Brennan has shipped his household good to Minneapolis, where his family will reside. Mr. and Mrs. Brennan and children left Monday via the motor route for the Mill City and will stop off at St. Cloud to attend the Pan Motor company's barbeque. Mr. Brennan will continue to run out of Thief River Falls but expects to be transferred to Minneapolis in the near future. Their son, Harry, who has been employed at the round house as hostler helper, will enter Dunwoody institute to take up machine work.

Announcing A New Department Devoted to Hart Schaffner & Marx Clothes for Boys

That's a real piece of news; it means that finally we have been able to secure the right kind of clothes for the boys of this neighborhood. We have always had some boys' clothing just to take care of the constant demand. But we weren't satisfied; didn't believe you were either.

But beginning this fall Hart Schaffner & Marx are making clothes for boys, making them with as great care, using the same fine all-wool fabrics as in their clothes for men and young men.

You'll find here a complete stock of these clothes in our boys' department; there are knicker suits and overcoats; belted models; plait and yoke effects; every style a live one.

They are good-looking clothes; they'll give hard wear at prices that are right.

ALSO A COMPLETE LINE *of* BOYS' FURNISHINGS

Mrs. T. Ostmoe and children left Saturday for Grand Forks for a month's visit with relatives and friends.

Miss Cora Hanson returned Thursday evening from a week's visit with friends and relatives in Grafton, N. D.

Mr. and Mrs. O. Odegaard and children of Hazel, motored to this city Tuesday and spent the day shopping.

Miss Emma Elinson of Fargo arrived Friday and will be a guest at the home of her sister, Mrs. M. Arneson during this week.

Mrs. O. M. Omlie and Mrs. A. G. Tverberg of Grafton were week-end guests at the home of Mrs. Theo. Tandberg.

Miss *Agnes* Anderson returned on Tuesday morning to her home in Greenbush after a few days' visit with Miss Mollie Hermanson.

Mrs. A. P. Lunde of Albert Lea, arrived Friday to visit for a week at the home of Mrs. Theo. Tandberg, and other friends.

Miss Palma Holmes returned to her home, east of the city, after a two weeks' visit with her sister, Miss Dora Holmes and other friends.

Mr. and Mrs. Matt Barzen left last week via auto for various points in Montana. They expect to be away for a week or ten days.

Miss Edna Anderson left the latter part of the week for Fargo and Buffalo, N. D., where she will visit for a week with friends and relatives.

Fred Protz conducted a civil service examination in Greenbush last Friday, returning to this city on Saturday.

Miss Marion Kennedy returned to her home in Baudette on Friday after a two weeks' visit at the home of Miss Evangeline Burns.

P. C. Wold and daughter, Miss Dena and Miss Katherine Dunn of Kratka, motored to this city Friday and spent the day shopping.

Mrs. Ed. Trombley of Red Lake Falls, arrived Tuesday and will be a guest at the home of Mr. and Mrs. Wm. Poirer for the coming week.

James Johnson left Sunday for Erskine where he is employed. He spent the day in this city with his family.

Mrs. Rasmus Oen and children, Roy and Myrtle, left Tuesday for Warren where they went to receive medical treatment.

James Farr Jr., and family, left Sunday evening for Minneapolis where they will make their future home.

Miss Margaret Francis, who has been a guest of Miss Evelyn Cornforth for the past five days, returned to Crookston yesterday.

Eli Weston of Havana, Cuba, arrived yesterday and will be a guest at the home of Miss Zella Zeh for the coming week.

Miss Irene Miller of Crookston and Miss Hazel Olson of Minneapolis, who have been visiting at the Rolland homes in this city for the past week, returned on Wednesday.

Mr. and Mrs. W. J. Brown and daughter, Miss Ruth, arrived the latter part of the week from Union Lake where they have been camping for the past two weeks.

Miss Helen Loen of Radium visited with her sister, Miss Dorothy [illegible]

the former's parents, in Stillwater. Mr. Booren is assistant cashier in the First National bank.

Mrs. S. Brennan and son, Raymond, left the latter part of the week for Greenbush for a two weeks' visit with Mr. Brennan, who is employed in that city.

Miss Zella Zeh returned the latter part of the week from Grafton, N. D., where she had been invited to sing at the wedding of one of her school chums.

Miss Selma Knutson left Tuesday for Crookston where she will visit for a few days with relatives, going on to Fisher where she will attend school.

Mrs. Dan Bjorkman and daughter, Miss Margaret, returned Monday evening from Underwood, Minn., after visiting for the past two weeks at the home of the former's parents.

Mr. and Mrs. W. H. Frederick left Friday morning for Calloway, Minn., to visit at the home of Mr. and Mrs. Albert Lonson. They returned Monday evening.

Mr. and Mrs. Thomas Chittick and baby returned Friday from Duluth, where they had visited for a couple of weeks at Mr. Chittick's parental home. Mrs. Chittick also visited in Minneapolis with her parents.

W. J. LaBree left Tuesday morning for Warren. He was accompanied home in the evening by Mrs. LaBree, who recently underwent an operation for appendicitis. She is regaining strength rapidly.

J. Pfeffer, former contractor located in this city, now residing at Duluth, spent the forepart of the week here renewing acquaintances. He also took a trip to his farm east of the city and reports everything in good shape.

Wm. Gustafson of Crookston motoerd to this city Monday and will be a guest at the home of his nephew, Dave Gustafson, for a week. Mrs. Wm. Gustafson arrived Tuesday via train.

Mrs. Arthur Carlson of Crookston spent a few days the latter part of the week at the home of Mr. and Mrs. O. W. Carlson. She had been visiting at her parental home in Holt for a couple of weeks.

Miss Vera Brabender left this morning for Duluth where she will visit a few days with Miss Sue Chittick before continuing her trip to Ely, where she will teach school during the coming term.

Miss Josie Ebbinghausen of Crookston was a guest of her brother, Henry Ebbinghausen and of Miss Vera Brabender the latter part of the week. She returned to her home Saturday.

Severt Eberhart returned Wednesday evening from Oslo, Minn., where he had been visiting with friends for two weeks. He will leave this evening for Minneapolis where he will secure work for the coming winter.

August Anfinson, clerk in the Great Northern freight office for the past five months, left Friday for Atikokan, Canada, where he will go braking on the Canadian Northwestern. His vacancy was filled by L. Samuelson from Crookston.

Paul Baumgardner, vice president of the Deposit bank at Winona, who arrived here the first of the week on a business mission, left this morning for Roseau and Greenbush to look after business affairs. He will return tomorrow afternoon.

Miss Florence Lien returned Monday evening from a two week's vacation spent with her parents in Underwood, Minn. She resumed her duties as clerk in the drygoods department of Loken's store on Tuesday.

Mrs. Helen Montgomery is again at her post as ticket agent at the Great Northern depot, after a two weeks' vacation. She visited with her sister in Crookston for a week and in Minneapolis and St. Paul, for a week with friends and relatives.

Mrs. M. Koepp arrived from Denver, Col., where she has been visiting for the past month with relatives on Monday. She spent the day shopping and visiting with friends and returned to her home in Middle River on Tuesday.

Mrs. Victoria McKinney returned Tuesday from a week's visit with friends and relatives in Bemidji and Crookston. Mrs. Lucy Ures accompanied her as far as Bemidji and then went to Grand Rapids, where [illegible]

and intends to purchase a monkey so the wolf will have some one to play with.

Mr. and Mrs. Joseph Ruhlin, Miss Celia Ruhlin and Miss Angela Schmitt arrived via auto from New Prague on Tuesday afternoon and visited until Friday at the home of Mr. and Mrs. M. A. Schmitt. Miss Angela has been visiting at New Prague during the summer vacation and returned home to take up her school duties.

Mr. and Mrs. T. P. Anderson and children, Peter and Dudrey, left yesterday by auto for Badger. Mr. Anderson will return today accompanied by Lee and Earsel, who have been visiting for the past week with friends. Mrs. Anderson will visit for a week at the home of her sister, Mrs. H. C. Reed.

Frank Oeens, retired farmer and A. E. Ruse, real estate dealer of Humbolt, Iowa, visited in this city Monday, leaving Tuesday for Warroad and Graceton, where they will investigate the possibilities of our northern land. Mr. Oeens is the owner of a section of land valued at from $500 to $600 an acre, while Mr. Ruse is representing the Ruse and Reasoner Real Estate agency of Humbolt.

A. Nedved was brought to the city last Saturday from Mahnomen suffering from a dislocated shoulder as the result of having fallen from the second story of the granary to the floor below. Mr. Nedved was carrying wheat to the upstairs of the granary and stepped on a loose door and fell through, landing on his shoulder. An X-ray picture taken of the shoulder showed that it was badly dislocated.

Among the Minnesotans arriving in New York on August 22 on the K. A. Victoria from Brest, France, was Arthur Moran, *son of Mr. and* Mrs. Thomas Moran, 421 First street east. Arthur was a drummer in the Seventh Infantry band and has spent the past few months at the Coblenz bridgehead. Mr. Moran left with a contingent of local boys last June for Camp Grant and arrived overseas with his division in August.

N. Nelson, former assistant cashier of the Grygla bank, returned Tuesday after a period of fifteen months service with the marines. George Johnson of Grygla and O. J. Johnson, Red Cross relief worker of Minneapolis, motored to this city to meet Mr. Nelson. He will resume his former duties after a week's visit. Miss Olga Fricker of St. Hilaire, accompanied them to Grygla, where she will visit for a few days with friends.

Mr. and Mrs. H. O. Loken and three daughters, of this city and Mrs. C. Bourne and child, of Minneapolis, left Sunday for Minneapolis via auto. Mrs. Bourne is a sister of Mrs. Loken and has been visiting here for the past two weeks. Mr. and Mrs. Loken and children will visit for a couple of weeks with Mr. Loken's sister, Mrs. Ray Lindquist and other relatives. During their visit they will attend the state fair.

Ole Peterson has purchased from Lieut. M. Bacon, aviator, the propeller which he broke while in the city giving passenger carrying flights. The Grand Forks flier hit a rock and chipped a piece off from one end making it useless as far as the plane was concerned. Ole will apply the big fan to his motorized ice boat, after repairing the damaged part. The propeller used last year by Mr. Peterson was a hand made affair and Ole says he will have greater success next winter hunting wolves at Red Lake with his iceboat when the large propeller is added to his outfit.

Mr. and Mrs. E. F. Bishop and children of Hobert, Oklahoma, arrived on Tuesday evening via auto, and will be guests at the home of Mr. and Mrs. J. M. Bishop for a few days. The party covered a trip of about 1500 miles and report good roads and very little car trouble. They spent a week camping at Waterville, Minn., and visited for a short time in various parts of Iowa. The visiting Mr. Bishop is a brother of the Thief River Falls attorney.

Mrs. W. J. Dixon and daughter, Miss Vera, of Des Moines, Ia., are guests at the home of Mr. and Mrs. J. M. Bishop. Miss Dixon is librarian at the Iowa State college at Ames, and is enjoying her month's vacation. They expect to leave the latter part of the week for Warroad where they will camp on Springstein Island for a week or two. Miss Diana Dixon, Mrs. Bishop, Miss Mariam Bishop and Morlan Bishop will accompany them. The former has been visiting here for the past two weeks.

HOSPITAL NOTES

Those who have entered the Physicians hospital to receive medical treatment since last Thursday are: Miss Mabel Ducon, Des Moines, Ia.; Devar Phelps, city; George and Alar Reitz, city; Miss Maude E. Miller, Pelican Rapids; Oliver Fladeland, Grygla; Miss Emilie Writborn, Negaurmer, Mich.; Mrs. Sarah Shibleki, Rhoda; Charles Olson, city; Mrs. Laura Aga, city; Miss Huldah Fossum, city; Miss Vera Wright, Minneapolis; Conrad Olson, Plummer; Severt Benson, city; Miss Irene Hanson, city; Mrs. O. L. Ihle, city; Mrs. M. B. Ordahl, [illegible] Ordahl, Holt; El[illegible] St. Louis, P[illegible]; Veronica [illegible], Rhoda; [illegible] Grother, Badger.

Torkel Lee.

Torkel Lee, for over seventeen years continuous a resident of Thief River Falls, died at his home on Saturday after an illness of two months caused by old age. Funeral services were held from the residence Tuesday afternoon, Rev. I. T. Aastad officiating. The remains were interred at Greenwood cemetery.

Torkel Lee was born in Norway 80 years ago and came to the United States when he was 32 years of age. He is survived by a wife and eight children as follows: Mrs. John Bloomquist and Miss Sadie Lee of this city; Mrs. A. J. Elstad and Miss Margaret Lee of Grand Forks; Miss Emma Lee of Hot Springs, Ark.; Alfred, Gunder and Theodore, of this city.

Card of Thanks.

We wish hereby to extend our sincere thanks to the many friends and neighbors who so kindly assisted us during the illness and after the death of our late husband and father, T. D. Lee, and for the many beautiful floral offerings.—Mrs. T. D. Lee and Family. a28

Purity Paramount

Our bottled milk is above all else—pure. Next to purity comes richness—it has a larger percentage of real cream than many bottled milks. And next to richness comes body, strength and nutritious value which are matters of importance of course. Will you not try a bottle a day for a week at least? Then you will become our regular patron.

Railroad News Notes

SOO ROAD MAY EXTEND LINE TO GRAND FORKS

CUTOVER FROM FORDVILLE IS MOST LIKELY ROUTE IN THAT CASE.

HAVE DREAM OF TERMINAL

DAKOTA TOWN WOULD LIKE CONNECTION WITH WHEATLINE DIVISION.

"If Grand Forks is successful in obtaining one of the state owned flour mills and elevators there is not the slightest question in my mind, but what the Soo railway company will build its line into this town," A. G. Sorlie, local grain dealer stated today.

The above is the opening paragraph of an article in the Grand Forks American, the text of which is of considerable interest to people in Thief River Falls. The article continues:

Connect With Wheatline.

"There are divers opinions being expressed daily, in regard to this subject and as to the point from whence the Soo people would build their line into Grand Forks. That they would undoubtedly build their line from Fordville, Walsh county, to Grand Forks, thence on to Plummer, Minn., which would connect us with the Duluth-Minneapolis lines, is very reasonable to believe, and very probable, should steps in building here, be taken at all," Mr. Sorlie stated. Building from Fordville, would connect Grand Forks with the North Dakota Wheat line and the Devils Lake-Drake branches, which, with the Plummer connections, would put this city on the main line and would unquestionably make Grand Forks a terminal point.

Dream of Terminal.

"Of course, there are shorter routes the Soo could take to get into Grand Forks, than by building from Fordville. There is Ardoch, for instance. But, as every branch of the Great Northern crosses the Soo, at some point on the Devils Lake-Drake and Wheatline branches, they would probably build from Fordville, thereby ting their share of the long hauls.

"At any rate, if Grand Forks is fortunate enough to get a mill and elevator, there is nothing in the world that could keep the Soo company out of here. There is every reason to believe that a flour mill will be placed in Grand Forks. Looking at the proposition from a geographical point of view, this city is unquestionably the best located town in the state for the placing of such an enterprise. The great central terminal could be obtained if the city would boast itself."

WILSON PROPOSES 4-CENT INCREASE

SAYS HIGHER RAISE WOULD GREATLY INCREASE THE COST OF LIVING.

A wage increase of 4 cents per hour on a ten hour basis for eight hours work retroactive May first, was the proposal submitted by President Wilson to the representatives of the railroad shop crafts on Monday at Washington, D. C. The president advised the committee from the shopmen that any larger increase would greatly increase the living cost and therefore is inadvisable.

President Wilson cancelled several engagements Monday in order to confer with Mr. Hines and representatives of the railway shopmen. It had been generally reported that the railroad administration was favorable to granting an increase to members of the shop crafts who were not receiving wages equal to those paid men employed in similar lines of trade.

The shopmen, however, in the recent strike preferred a reduction in the living cost instead of a raise in wages.

Postponement of the settlement of wage demands until normal economic conditions are restored was announced by President Wilson on Monday as the policy which the railroad administration will pursue in dealing with such questions particularly those effecting railroad workers. The president thought it was neither wise or advisable at this time, when the important question before the country is the return to a normal price level, to attempt to increase freight rates to provide higher funds for wages.

"We ought to postpone questions of this sort until we have the opportunity for certain calculations as to the relations between wages and the cost of living," the president declared in a statement to the public explaining his decision as to wages.

"It is the duty of every citizen to insist upon a truce in such contests until intelligent settlements can be made, and made by peace and effective common counsel. I appeal to my fellow citizens of every employment to co-operate in insisting on and maintaining such a truce."

Shopmen to Take Vote.

The committee of 100 representatives of the railroad shopmen informed Director General Hines Tuesday that they could not accept as a basis of settlement of their demands the rates submitted to them by President Wilson on Monday. Results of the negotiations in Washington were communicated to the union locals all over the country with instructions to take a strike vote immediately, to determine whether the president's proposals should be accepted.

All men are notified to stay on the job, pending an issuance of an official strike vote by international officers.

Box Cars for Station.

Down at Ortonville, Minn., the people have objected to their present depot, which is composed of two box cars, and according to Ira B. Mills, Chairman of the railroad and warehouse commission, it depends on an early order from the commission whether the box cars will continue to [illegible] as the station until railroads [illegible]turned to private owners. The old Milwaukee station was abandoned when the new line was built through Ortonville and the box cars at the junction of the Fargo branch has served as a passenger depot.

Lose to St. Hilaire.

In their final game of the season, the Soo Line base ball team went down to defeat last Sunday afternoon at the hands of a St. Hilaire nine by a score of 7 to 6. Up to the fourth inning the railroaders held the visitors down to an air-tight score and during this time the Soo men scored three times. Following this the locals seemed to lose their defense and the visitors scored heavily. When the gong sounded at the close of the ninth St. Hilaire had run in 7 scores. There was a fair attendance.

N.-P. Gain in Earnings.

More than $1,000,000 gain in Minnesota gross earnings with the corresponding period last year is disclosed in the Northern Pacific company's return to the state tax commission. Totals were $9,862,542 against $8,727,361 for the respective periods. The road must pay $493,127 on gross earnings for the first half of this year under the law levying a 5 percent gross earnings tax in lieu of other taxes.

TRAIN HITS AUTO; 3 KILLED, 4 HURT

WINNIPEG SOUTHBOUND FLYER STRIKES AUTO STALLED ON TRACK.

Three persons were instantly killed and four others seriously injured, when 109, Winnipeg flyer on the Soo line struck an automobile stalled on a crossing two miles east of Sedan late Sunday afternoon. Sedan is south of Paynesville.

The dead are Helen Leien and two small children of Olaf Ostgulen, Miss Leien's brother-in-law. Mrs. Ostgulen sustained a fractured skull, fractures of both legs and a broken back and is not expected to recover. Ostgulen and the other two children also received serious injuries.

The train was rounding a curve between the high banks of a cut when the engineer saw the auto stalled less than 100 feet away and was unable to stop. The injured were taken to a hospital at Paynesville and the dead to Brooten.

SOO LINE EARNINGS SHOW LARGE GAIN

1919 TAXES FOR ROAD COMPUTED AT $268,533 ON THE NEW RETURN.

For the first six months of 1919, the Soo Line has reported Minnesota gross earnings in a total comparing favorably with those of pre-war days.

The new report shows $5,370,656 of gross earnings, collected in the state during the first six months of 1919, compared with $3,995,503 for the corresponding last year. The return was made to the Minnesota tax commission pursuant to the state law levying a 5 per cent tax on gross earnings in lieu of other taxes against the railroads. The Soo Line taxes in Minnesota are computed at $268,523 on the new return, compared with $199,775 on the first six months of 1918.

Cars Damaged at Conway.

About twenty-five Soo freight box cars were found in a damaged condition at Conway, N. D., last week as the result of some miscreant having cut holes in the rubber air tubes. Assistant Master Mechanic Hendry was called there to investigate the matter and repair the cars. It is believed to be the work of radicals.

Yards in Good Shape.

The committee of the local "Safety First" organization made a tour of inspection of the Soo train yards, round house and repair tracks the first of the week with regards to the safety first movement. The committee reported that they found everything in fine shape.

Division Jottings.

P. M. Dunham has been taken off as helper at Karlstad.

L. E. Whiting is acting as agent at Mahnomen vice O. Isaacson, who is on his vacation.

R. W. Emery has been put on as station helper at Rollette, N. D., vice Selmer Vern, resigned.

Daniel Parenteau, employed at the Soo rip track, was a visitor in Noyes on business the first of the week.

Alfred Johnson, car man at the Soo tracks, will leave the latter part of this week for a visit with his parents in Canada.

Miss Olga Gulrud, stenographer at the Winnipeg division office, was a visitor in Winnipeg last Sunday, being a guest at the home of her sister.

O. P. Johnson has gone on as night telegraph operator at Karlstad on account of the stock extras passing over the Winnipeg line from the C. P. R.

Miss Anna Quale, stenographer at division offices, passed Sunday in Minneapolis visiting with her brother who is employed in the auditor's office at the Soo building.

Assistant Master Mechanic J. W. Hendry and Engineers Robarge and Gasson left for St. Cloud the forepart of the week to attend a banquet given by the Pan Motor company.

J. J. Hoglin resumed work as agent at Alvarado the first of the week vice L. M. Halverson, who has been transferred to Devils Lake, relieving C. O. Kaufman, who goes to Minot as assistant depot agent.

Engineer Brennan has shipped his household good to Minneapolis, where his family will reside. Mr. and Mrs. Brennan and children left Monday via the motor route for the Mill City and will stop off at St. Cloud to attend the Pan Motor company's barbeque. Mr. Brennan will continue to run out of Thief River Falls but expects to be transferred to Minneapolis in the near future. Their son, Harry, who has been employed at the round house as hostler helper, will enter Dunwoody institute to take up machine work.

Announcing A New Department Devoted to Hart Schaffner & Marx Clothes for Boys

That's a real piece of news; it means that finally we have been able to secure the right kind of clothes for the boys of this neighborhood. We have always had some boys' clothing just to take care of the constant demand. But we weren't satisfied; didn't believe you were either.

But beginning this fall Hart Schaffner & Marx are making clothes for boys, making them with as great care, using the same fine all-wool fabrics as in their clothes for men and young men.

You'll find here a complete stock of these clothes in our boys' department; there are knicker suits and overcoats; belted models; plait and yoke effects; every style a live one.

They are good-looking clothes; they'll give hard wear at prices that are right.

ALSO A COMPLETE LINE *of* BOYS' FURNISHINGS

LIEBERMAN BROTHERS

IS THE TURNING POINT REACHED?

It may look as if men receiving five dollars or more per day for labor that has always been considered rather of the common sort have no kick coming, and the contention would be correct under any but extraordinary circumstances. But even though it is admitted that this is twice as much as the same men formerly received it does not signify anything much unless cognizance is at the same time taken of their necessary expenditures. If it took all they made to live when they were receiving $2.50 per day and it still takes it all when they are receiving $5.00 they are not much ahead, while if the wage advance has not kept pace with the expense increase they are worse off than when receiving the smaller sum.

The working man has been accused of asking altogether too much. It is claimed that the labor he performs is not actually worth what he is getting for it. Maybe that's true, but it by no means tells the whole story. On every side he finds the same condition prevailing. He cannot figure out why a pound of bacon should be worth 50 cents or a pound of butter 60 cents and naturally accuses the men who produce or handle these things of getting more than is coming to them. He finds that whereas he could buy shoes for his entire family with one of his $15 checks some years ago his $30 check will not now perform the same service. And he is no more to blame nor is he any more arbitrary than the others. In some instances he may have gone to extremes in his demands, but no more so than have those who handle the things he must have in order to live.

After all, is the attitude of the workingman to be wondered at? During the war he did what was asked of him, and did it cheerfully as a patriotic duty. He was asked to deprive himself and his family of some of the things previously considered among the necessities in order that our soldiers and our allies might have plenty. He was told that there was no help for high prices, and he paid them. Now he runs across accounts like the following, being the record of but one day's work on the part of the agents of the government:

Seizure of hoarded food by government officials increased yesterday, particularly in the middle west. Several arrests of alleged profiteers also were made.

Federal agents in Detroit confiscated eggs and butter worth $442,767. This will be placed on sale Aug. 25.

In Chicago two officials of a jobbing house were arrested, charged with making illegal profits on sugar. It was announced that other prosecutions would follow.

Federal officials in Kansas City asked permission to seize 75,000 pounds of beans in storage there.

Government agents announced that thousands of pounds of hoarded food had been discovered in Boston.

Federal agents in New York City intimated they would be ready to begin seizure of vast quantities of stored foodstuffs next week if it is not released voluntarily in the meantime.

Five million eggs were seized at Chattanooga, Tenn.

Five hundred arrests on charges of profiteering and hoarding this week predicted by federal agents.

All of which makes him mad. He figures that if things of this kind are to be permitted he will simply have to have more money with which to meet the demands made upon him. He knows he has been gouged unmercifully and he is sore, grows reckless and strikes.

Relief seems to be in sight, however. Practically all authorities agree that the crest of the high price wave has been reached and that from now on the decline will be gradual but steady. It is surely time.

In the meanwhile it would help a whole lot if a hundred or two of the worst profiteers were jailed.

WILL HELP A LITTLE.

The placing by the government of $100,000,000 worth of food supplies on the market at a reduced price will not help each householder individually to any great extent but may have a good effect on the general situation. Even though the wares were evenly distributed throughout the country it would only be a dollar's worth for each inhabitant and this would mean the saving of but a few cents in any event.

The plan is all right, however. Any relief, no matter how trifling, is to be welcomed, and it may well be that this step will prove the entering wedge for a general break. In any event it will help the government get rid of a large surplus stock, much of which would be absolute waste if this sale were delayed much longer.

The attempt made by those in control of certain lines to cut below the price fixed by the government was propmtly met by a deeper cut on the part of the latter, showing that the good effects of the plan is already being felt. This attitude on the part of the hoarders also serves to confirm still further the opinion that food products are being held back by them in the hope that the price will go yet higher.

The fact that the government is going to sell all the food products confiscated in recent raids will be hailed with delight. Even though the cost of living is not materially reduced thereby it will mean that the grip of the most rapacious set of scoundrells the country has ever seen will be loosened and that they will be forced to forego a large part of the profit they had almost within their grasp.

ARE FALLING IN LINE.

Itasca county on Monday voted to issue bonds in the sum of $2,000,000 for the purpose of paving its highways under the Babcock plan. St. Louis county in the same section a short time ago did the same thing, only the sum provided was $7,000,000. These two are the first in the northern part of the state to take this important step but it is certain that others will follow. Altogeher some 20 counties have anticipated the passage of the constitutional amendment providing for the paving of these roads and more are ready to fall in line. If the ratio is kept up throughout the year the amendment will have practically carried before it comes up for a vote.

Ever since Minnesota became a state the cry has been for more roads and better roads. The commonwealth has gone ahead as fast as could reasonably be expected in this matter, but much of the work done has been of the make-shift variety. The state developed so rapidly that good highways could not be provided everywhere, so poor highways were constructed and the money thus made to go as far as possible.

It is time to change the program. The farmer demands that his transportation facilities be improved so as to enable him to reach market with larger loads and in shorter time. The people of the cities, while not so vitally interested, realize that good roads mean a wider trade territory and consequently more business. Everyone is agreed that Minnesota needs nothing so much as good roads.

The Babcock plan provides a means of getting them. It is the most equitable scheme yet presented and will do just what is intended in the shortest possible space of time. The cost will fall on the automobile owner, and not very heavily on him. The people in the cities who use country roads will have to pay their share of the cost, which is no more than right.

There is one thing to be remembered: Any county failing to take advantage of the opportunity presented by the Babcock plan will simply be helping to pay for the roads of a neighboring county. The tax on automobiles will fall on all alike and it will be up to the owner of one to say whether the money he pays in shall be applied to his own roads or to those in another section.

WHERE ROOSEVELT STOOD.

There is scant sympathy expressed in this section of the country for the senators who are opposing the League of Nations, Republicans being quite as outspoken in their opinion on the subject as are Democrats. Practically every newspaper of any standing, no matter what its politics, is urging upon the senate the advisability of ratifying the peace treaty at the earliest possible moment and embracing the principles of the League of Nations with as few changes in the text of the covenant as possible. Republicans of the Northwest are following the leadership of Ex-President Taft and Charles E. Hughes in this matter rather than that of Senators Lodge and Borah.

In this connection it is interesting to note what one of the greatest Americans—and a Republican—had to say concerning the necessity for such a League. Theodore Roosevelt, in an article written for the Independent in 1915, while the war was on, expressed himself on this subject as follows:

"All the civilized powers which are able and willing to furnish and to use force, when force is required to back up righteousness * * * should join together to create an international tribunal and to provide rules in accordance with which that tribunal should act. These rules would have to accept the status quo at some given period; for the endeavor to redress all historical wrongs would throw us back into chaos. They would lay down the rule that the territorial integrity of each nation was inviolate; that it was to be guaranteed absolutely its sovereign rights in matters affecting its honor and vital interest. * * * All other matters that could arise between these nations should be settled by the international court. * * * Then, and most important, the nations should severally guarantee to use their entire military force, if necessary, against any nation which defied the decrees of the tribunal or which violated any of the rights which in the rules it was expressly stipulated should be reserved to the several nations the rights to their territorial integrity and the like. * * *

"In addition to the contracting powers, a certain number of outside nations should be named as entitled to the benefits of the court. These nations should be chosen from those which are as civilized and well-behaved as the great contracting nations, but which, for some reason or other, were unwilling or unable to guarantee to help execute the decrees of the court by force.

"No power should be admitted into the first circle, that of the contracting powers, unless it was civilized, well-behaved and able to do its part in enforcing the decrees of the court."

The fact that Roosevelt called the administrating body a "court" or "tribunal" instead of a "league" does not alter the fact that he was strongly in favor of some such plan. It may be well for opponents of the pact in the United States senate to remember that Roosevelt is still regarded as a man of some foresight by a very large number of Republicans throughout the country.

TO FIGHT SOW THISTLE.

Preparations are already under way for a statewide fight on the sow thistle next year. The campaign will probably be placed under the direction of County Agent A. H. Larsen of Clay county, who has made a most exhaustive study of the weed and its habits. He is convinced that unless steps are taken to eradicate the pest the entire state will be covered within a few years.

Much has been written and said on the subject of combating this ruinous nuisance, and most of the remedies have been tried. The thistle goes right ahead, however, invading one region about the time that it seems to be leaving another. The Clay county expert is of the opinion that nothing will kill it, once a foothold has been gained, except repeated cultivation and plowing. Seeding grain in ground infected he considers the most foolish kind of proceeding as it will result in certain loss and continue the pest in the district just so much longer. Cultivation and live stock will discourage it in time, but even with these aids the farmer must be prepared to put up a fight.

There is one redeeming feature about the pest. It will finally go away and does not seem to return. This is encouraging, but it offers no help for the immediate future. The farmers are anxious to find out what to do in order to save their crops next year and the assurance that they will be all right if they can hang on for five or six years fails to cheer them much.

Every farm club in Pennington county should make this matter a subject for discussion at the earliest opportunity. The farmers themselves should try and discover just what is best to be done—and then do it. They cannot afford to take any chances. If it is found necessary to cut graingrowing to a minimum for a season, that is the thing to do. If nothing but continuous cultivation will clean their fields, they will simply have to put in cultivated crops for a year. They cannot afford to permit the thistle to continue its inroads.

So serious has the situation become that the state will no doubt take steps to assist local agencies in stamping out the menace. Unless this is done the southern half of Minnesota will be covered with the yellow peril just about the time the northern half is getting rid of it and the total production thus kept at a minimum for a long time to come.

Farm Land Bubbles.

(Minneapolis Journal.)

Glowing reports come out of the Corn Belt of the spectacular advance in land values; of prices realized beyond all previous record or expectation; of quick fortunes made by farm owners and speculators; of farms sold and resold between sunrise and sunset at an advance of thousands of dollars; of a monthly rise of thirty dollars an acre in farm lands over great sections; of an average rise of a hundred dollars an acre in Iowa lands since corn planting; and of a prospective average of five hundred dollars an acre in the entire State of Iowa before next March.

These stories sound like fiction, but are vouched for as truth. The purchase price of many a farm, we are told, runs above a hundred thousand dollars. The cash payments are always enough to cover the agent's commisison, and often more. But usually the real settlement is deferred a few months. With the dealer in bubbles, settlement day is always deferred a few months.

To an excited land market like this the professional land skinners come. Whatever they carry away of profits, it is plain they add nothing to the real value of the land. When the land market is lifted to a five-hundred dollar level, if it ever is, Iowa will be no richer than it was with land at two hundred dollars. The fact that the Federal Farm Loan Board will loan no more than one hundred dollars on any farm acre in the State, is an indication that careful men are putting little faith in this pyramiding of prices.

If the present level of farm products were to become stable, a few wise farmers might possibly make farming pay on five-hundred-dollar land. But the farmer who pays eighty thousand dollars for a quarter section, leaving half that sum unpaid as a mortgage, must be surer of his footing than most farmers, if he thinks he will ever live to see the mortgage lifted.

Nothing sticks to the land like a mortgage. This is one quality that makes it so valuable a security. While it remains on the farm, it is the first factor to be reckoned with. It stands at the door of the farmer's crib, his granary, his milkhouse and his root cellar, and takes first toll from his receipts. A well placed mortgage of fair size may be one of the best friends a farmer ever had. But when it grows into five figures on a quarter section, it may become a veritable Old-Man-of-the-Sea on his shoulders.

Farm produce may fluctuate considerably without much disturbing the foundation of farming. But when land rises in value at the rate of a dollar a day, it is leaving terra firma; and the firm earth is the only safe earth for farming purposes.

TEN AND 20 YEARS AGO

Twenty Years Ago.

The Press, published by H. E. Mussey, was ten years old.

Dr. Grundy was enjoying a visit from his brother, Arthur, a resident of Manitoba.

A crew was at work connecting the city with the outside world by long distance telephone.

Miss Johnson started for the cities for the purpose of making her selections of fall millinery.

H. B. Fuller and Miss Martha Brown were married by Rev. Val Kern at the Synod church.

Louis French, engineer of the fire department, announced the appointment of C. E. Traverse as his assistant.

J. Borry, the photographer, announced some fine views of the new saw mill and the steamer Marguerette.

Mrs. George Gibson of Ashland, Maine, arrived in the city and purchased the Star Laundry from Joseph Johnson.

H. O. Hanson of Stephen, who was one of the first merchants in Thief River Falls, paid the city a visit and announced that he might again locate here.

C. A. Fuller, engaged as teacher at the Knox school, resigned to enter the employe of the Thief River Falls Lumber company as stenographer and bookkeeper.

Business was reported good and there was not an idle man in the city. Workmen had to be imported by the contractor in order to complete the Odd Fellows building.

The Northwestern Telephone company was granted the right to place its poles along Arnold avenue from the town ditch to First street, thence to LaBree avenue, thence to Third street.

D. M. Crozier, formerly of Ferris, Minn., rented a building next to the one occupied by the Oen hardware store on LaBree avenue and prepared to open with a stock of general merchandise.

County Attorney Van R. Brown recommended the holding up of a number of bills presented by citizens for services claimed to be rendered at the time of the creation of Red Lake county from a part of Polk. There was quite a stir over the matter.

In its issue of August 19, The Press published a lengthy article by County Attorney Van R. Brown on the subject of expenses connected with a trip by the committee sent to St. Paul to work for county division. Because of an error in the figures the entire story, covering a column and a half, was republished on the 25th.

Ten Years Ago.

O. L. Bakken returned from a visit to the Seattle exposition.

John M. Lacey, converted outlaw, was holding a series of revival meetings in the city.

Mr. and Mrs. E. T. Emerson returned to the city after an absence of 15 months in the West.

Congressman Steenerson came up from Crookston for the purpose of talking over river matters.

Knute Swanson opened a restaurant in the building vacated by the Phil Zeh confectionery store.

A bad storm struck the country about ten miles north of the city on the 24th, blowing down windmills and even moving buildings in some instances.

It was announced that Dr. A. W. Swedenberg of Owatonna, would shortly arrive in the city and would join Dr. F. H. Gambell in general practice.

The big walking dredge arrived and was being put in shape for operation. Contractor Arpin expected to start work on the Germantown ditch in another week.

Judge Watts handed down a decision stating that the Northwestern Telephone company was operating in this city as a licensee and had no franchise entitling it to enter the town with its long distance lines or to maintain a local exchange.

Judge Watts at Crookston, issued an injunction against the board of county commissioners of Red Lake county preventing them from erecting a court house.

Lars Backe constructed a building 40x70 feet at the corner of Third street and Knight avenue, of re-enforced concrete, this being the first of the kind in the city.

The Thief River Falls creamery received 86,321 pounds of cream during July. The average price paid was 31 cents per pound. There were 67 patrons drawing over $40.

After the excavating for the basement of the new auditorium building was completed it was found that all bids for the remainder of the work were too high and the project was temporarily abandoned.

The meat market owners in the city formed a sort of organization and announced the following as the schedule of prices that would thereafter be charged: Round steak, 12½c; T-Bone and sirloin, 15c; standing rib roast, 12½c; shoulder roasts, 8c; veal steak and chops, 15c; leg of veal, 12½c; veal stew, 10c; mutton steaks and chops, 15c; leg of mutton, 12½c; shoulder of mutton, 10c; mutton stew, 10c; pork roast, 15c; steaks and chops, 18c; pig hocks, 8c; side pork and salt pork, 15c; lard, 17c; sausage, 10c; hamburger, 12½c.

SALE STILL ON

The big Closing Out Sale of the Lazar stock of General Merchandise at ST. HILAIRE will continue until September 10th.

All lines are still well assorted and extraordinary bargains are offered.

It will pay you to take a day off and attend this sale.

500 women do the work of thr ee boys!

500 women earned 6c each

In a recent investigation of the Cash-and-Carry System it was discovered that in a certain community of 500 homes, a representative from each home arranged to do the marketing in person.

This was done on the supposition that two or three grocer's clerks would be released for military service. On this patriotic theory each of these 500 women walked an average of a mile (½ mile each way) to the grocer's, stood in line awaiting service, and consumed about an hour of precious time. Five hundred hours wasted! More than 62 eight-hour days!

500 women could have devoted that time to constructive, intelligent war-work, while the marketing and delivering could have been more efficiently, more economically handled by a real service grocery system.

We can fill your order intelligently. Phone your order—we will se that you are satisfactorily served, that the groceries reach you promptly and we will sell you nothing we cannot recommend.

If you want baking powder, we'll recommend RYZON. RYZON has been tested by us and proved 100 per cent efficient; it is economical at 40c per pound.

O. L. CRONSTROM

At Present Prices of Lumber It Pays to Get the Best

No one contends that building materials are low in cost---nothing is any more. But lumber right now is not as high in proportion as are most other commodities.

The man who waits for any considerable reduction before undertaking his building program is making a mistake.

The lumber that is being sold now was all produced under high cost conditions--from the time the tree was felled in the woods until the boards are delivered to the customer everything has cost more. Until this supply has in some measure been depleted there are bound to be high prices. Should production costs continue to advance it is certain that the finished product must do likewise.

Build Now While Your Own Product Brings A Good Price

This advice is sounded everywhere. And when you DO build, be sure that you are getting the best there is in the way of material. Furnishing it has been our specialty for more than twenty years right here in Northwestern Minnesota.

We shall be glad to help you with your plans.

Winton-Nichols Lbr. Co.

Ye Towne Gossip

Mrs. G. Stevens left Monday for Crookston on a short business visit.

A. G. Wedge of Minneapolis, was a business caller in this city Monday.

Grant Gulrud left Thursday for Middle River, where he will be employed.

Roy Halseth left Monday for Fargo on a short business trip. He returned today.

Ed. Tronnes, who is employed in Fordville, spent Sunday with his family in this city.

Mrs. G. H. Husby and Mrs. Olaf Erickson were business callers in Winnipeg Monday and Tuesday.

Mr. and Mrs. H. Hector of Sauk Center, Ia., were business callers in this city Saturday and Sunday.

Miss Mary Moravec left Friday for Crookston where she visited with friends. She returned Monday.

Mrs. P. Hanson and Miss Olga Hanson left Monday morning for a week's visit with relatives in Roseau.

Tom Majeres, who is employed at Crookston, spent Sunday at the home of his parents, Mr. and Mrs. Nick Majeres.

Mrs. William Gifford, after a week's visit at the home of Mrs. Louisa Douglas, left Friday evening for Minneapolis.

Misses Marie and Christine Lundberg returned Monday from Fargo, where they had been visiting for the past week with friends.

Mrs. C. D. Kankle and daughter, Miss Elizabeth of Red Lake Falls, were two of the many shoppers that visited this city Saturday.

Misses Laurette and Mildred Peterson of Holt, arrived Friday for a short visit with their uncle and aunt, Mr. and Mrs. O. Sorenson.

Mr. and Mrs. Thomas Fossum of Pinewood, arrived Saturday evening and will visit for a week at the home of Mr. and Mrs. L. L. Hanson.

Mrs. Lucy Ures, saleslady at the Sapero store, left Friday for a two weeks' visit with friends and relatives in Bemidji and Grand Rapids.

Miss Gladys Black, who has been a guest of Miss Lottie Austin and Miss Margaret Eichhammer for the past week, returned to her home in Grand Forks Saturday.

Victor Storli, who has been working in the neighboring harvest fields for the past month, left Monday evening for Plummer where he will visit for a week with his sister, Mrs. T. Reep.

Mrs. T. Tharaldson and children, Elva, Veran and Tilman, who have been visiting with relatives in Benton, S. D., for the past two weeks, returned to their home in this city last Thursday evening.

Miss Hazel Olson of Minneapolis arrived Monday morning from Crookston, where she had been visiting for a week with relatives. She will visit in this city with her cousin, Miss Marie Rolland for a week.

Mr. and Mrs. J. C. Akre and son, Mainard, who have been visiting for the past two weeks at the home of tehir cousins, Mr. and Mrs. E. B. Bakke, returned to their home in Minneapolis on Saturday evening.

Dr. and Mrs. Arthur Nesse, of Noana, N. D., arrived Saturday evening from Detroit, where they had been camping for a week and visiting with friends. They will visit at the home of Dr. and Mrs. J. N. Nesse for a short time.

Mrs. H. Olme and children, Ethel and Stanley of Minneapolis, left Friday for Crookston where they will visit for a week with friends. During their week stay in this city they visited at the home of Mrs. Olme's mother, Mrs. A. Vistie.

Mr. and Mrs. N. K. Lorenson arrived Friday from Whitman, N. D., where they have been visiting for a week with friends and relatives. Thel edre guests of Miss Esther Hanson until Saturday evening when they departed for their home in Erskine.

Miss Esther Adolph left Saturday eevning for Ogahmah, where she will visit for a week with her sister, Mrs. George Propp. Accompanied by her sister, Miss Adolph will visit with friends for a week in Echo, Minn. They expect to make the trip in their car.

Misses Gena Granum and Dora Holmes, and Messrs. Ole Granum and O. Skarstad, left Saturday via the motor route for Bronson in the sociability run, that took in all the small neighboring towns and ended at Baudette. They enjoyed a fine lake trip, returning to this city Sunday evening.

Mrs. T. M. Nesby and children of Winnipeg, arrived Sunday evening and will be guests at the home of Mr. and Mrs. C. G. Gulrud, 620 Horace avenue north. Mrs. Nesby is a daughter of Mr. and Mrs. Gulrud. Miss Olga Gulrud, stenographer in the Soo line dispatcher's office, accompanied her home.

Misses Lucile and Evangeline Burns and Miss Lois Wold, Marion Kennedy and Arthur Bryant, motored to Grand Forks by way of Warren the latter part of the week. They were guests of Miss Gladys Grindeland in Warren and visited the week-end at Miss Wold's home in Grand Forks. They returned Friday accompanied by Mrs. Cora Wold.

Miss Mabel Martinson, who has been visiting for the past six weeks at the home of her uncle and aunt, Mr. and Mrs. Isac Isaacson, returned to her home in Detroit Saturday evening. She was accompanied by her aunt, who visited for a few days. Mrs. Isaacson returned Monday evening accompanied by her mother, Mrs. Sollebakke, who will make her future home with her daughter here.

A letter was received by M. C. Burns the first of the week from his son, Francis, who states that he is now stationed at Fort Riley, Kans., where he is holding down a bookkeeping position at camp headquarters. Francis returned on July 2 from overseas duty with the American expeditionary force and in some way was transferred to the large Kansas camp for duty. He stated that he does not know when he will [illegible] released from duty, but the law [illegible] the length of time a man [illegible] after the signing of [illegible] months.

Theodore Hunt spent the week end with his parents in Red Lake Falls.

A. O. Hanson left Sunday evening for Minneapolis on a business and visiting trip.

Leonard Peterson left Monday for Badger to attend to business matters. He returned Tuesday.

The Ladies Aid of the Methodist church will conduct a food sale at Cronstrom's store on Saturday. a28

Miss Marie Faimen of Holt, arrived Friday afternoon to have dental work done. She returned to her home on Monday.

Mrs. C. A. Pitkin departed Monday evening for Minneapolis for a month's visit with her mother, Mrs. G. W. Corbett.

N. G. Olson, employed in Bronson, in the carpenter trade, spent Sunday with his family returing to his work Monday morning.

O. Haack of Grygla, and Miss Stella Conner motored to Maple Lake Sunday and spent the day. They returned in the evening.

Rufus Barackman who is employed in Newfolden, arrived Wednesday evening to visit with his parents. He returned Thursday morning.

Miss Pauline Torkelson and sister, Miss Theo, left Sunday evening for St. Paul, where they will visit for a week with relatives and friends.

C. M. Jacobson of Bemidji, spent the week-end at the home of Mr. and Mrs. Otto Gullingsrud. Mr. Jacobson is a brother of Mrs. Gullingsrud.

The Ladies Aid of Our Saviors church will meet in the basement of the church Wednesday, Sept. 3. Entertained by Mrs. Nels Olson and Mrs. Ed Ness.

Mrs. G. C. Swenson and daughter, Hazel, left last week for Minneapolis where they will visit for three weeks. During their stay, Miss Hazel will receive medical treatment.

Miss Myrtle Oftlie left Saturday evening for Minneapolis, where she will visit for a month at the home of her sister, Mrs. T. Cox. While there she will attend the state fair.

Miss Hulda Anderson, who has been visiting for the past week with relatives in Thorhult, arrived in the city Monday and spent the day shopping. She returned in the afternoon to her home in Grand Forks.

Mrs. W. H. Gurnee and two sons, of Duluth, arrived Monday evening and will be guests at the home of Dr. and Mrs. G. A. Penney, 113 St. Paul avenue north, for the coming week. Mrs. Gurnee is a sister of Mrs. Penney.

Mr. and Mrs. B. McNelly and children of Goodridge, spent Saturday at the home of Mr. and Mrs. C. M. Jacobson and left in the evening for Fertile, Iowa, where they will visit for a month with relatives and friends.

Mrs. Harry Miller left Saturday evening for Minneapolis where she visited for a couple of days with friends, returning Wednesday morning. Little Miss Faith Quesnell, a niece, who has been visiting for a week, accompanied her aunt.

A. Arneson, office manager of the Standard Oil company, was a week-end guest at the home of Mr. and Mrs. H. C. Durrin. He returned to his home in Minneapolis Thursday, accompanied by little Miss Nellie Farmilow, who has been visiting with her uncle and aunt for the past three months.

Oscar Anderson, brother of Mrs. Olaf Tessum, who visited in the city for a short time, returned to his home in Grass Range, Mont., on Thursday. Mr. Anderson belonged to the 21st engineer division and spent eighteen months in overseas service. Previous to his enlistment he was manager of the Hanson & Barzen farm west of this city.

Mrs. L. A. Goss and Mrs. Fred Farmilow and three children of Minneapolis, arrived Friday evening via the Jefferson Highway and were guests at the home of Mr. and Mrs. H. C. Durrin until Monday, when they departed for their home by way of Grand Forks. They intend to follow the Scenic Highway from that city. Mrs. Farmilow is a sister of Mrs. Durrin.

Ernest Zeh returned Monday from Spokane, Wash., where he has been sightseeing for some time. Mr. Zeh and Martin Langseth drove across the country with Mr. Eide some five weeks ago for Spokane, Wash. Mr. Zeh says they had absolutely no car trouble and the only drawback was eating Montana dust. They spent a week at Glacier Park and visited in many other places of interest. Mr. Zeh left Langseth at Spokane, but he expects to return in another week.

Miss Luella Peterson spent Sunday visiting with friends and relatives in St. Hilaire.

Clarence Dybvik returned Thursday from Minneapolis and Alexandria where he had been visiting for a week with friends.

Rev. R. L. Barackman returned Monday from Bemidji, where he conducted Sunday services in the Presbyterian church.

Miss Alfa Fellman, after a week's visit at the home of Miss Myrtle Heglund, returned Monday evening to her home in Plummer.

Mrs. S. Poston arrived Monday from her home in Hibbing, to visit for a few days with her daughter, Miss Mattie, and her son, Claude.

Rev. H. Bjornson of Kratka, and Rev. S. J. Brekke of Alvarado, visited in this city Monday enroute to Detroit where they will remain until today, on business.

Mrs. N. Myrin and son, Millard, returned Monday evening from Hoffman and Barret, Wis., where they have been visiting with friends and relatives for a week.

Miss Mabel McGinnity and Miss Martine Cloutier motored to Oklee and Brooks Saturday and spent the week-end visiting with friends. They returned Monday via train.

Mrs. P. J. Keating and children, Helen and Elizabeth, returned Monday evening from Cass Lake, where they have been visiting at the home of the former's parents for the last ten days.

Mrs. C. R. Crandall and children returned Tuesday evening from Manning, Wis., where they have been visiting for the past ten days with the former's parents. They also visited with friends in Superior a few days.

Efficiency is the watch word of the hour. If you aim to serve your church, your community, your country, efficiency is expected. You can become efficient if you attend a school which prepares you for life. North Star College is the school. a28

Miss Katherine Lindquist of Seattle, Wash., arrived Saturday from Bronson, where she had been visiting with her sister for a week. She was a guest of Miss Anna Brokke, between trains, continuing her trip home where she is employed as public school teacher.

Don't make a mistake and sign up with a school that you are not acquainted with. Many schools want your money, but give you very little in return. Write your own school and get the best. North Star College, Warren. Satisfaction guaranteed or your money returned. a28

Miss Martha Birkeland, local normal school instructor during '16 and '17, arrived Monday from Houston, Minn., where she has been visiting with her parents during the summer months. She will visit with her numerous friends here until this evening when she continues her trip to Louiston, Idaho, where she has accepted a position as teacher for the coming term.

Mrs. Madeline Girard left Sunday evening for a three weeks' visit at her parental home in Fosston.

Miss Edith Boe returned Monday evening from Winger, where she had visited with her parents for a few days.

Mr. and Mrs. O. Ramsey of Goodridge, left last Thursday for Detroit, Minn., where they will make their future home.

After having spent two weeks in the harvest fields around Grafton, N. D., Norman Dybvig returned last Friday evening.

M. T. McFarland, of the McFarland garage, returned Saturday morning after a brief business mission to the Twin Cities.

Mr. and Mrs. Glenn Richardson spent the week-end at the home of the former's parents, Judge and Mrs. Ira C. Richardson.

Misses Helen and Edna Norquist left Saturday evening for Minneapolis where they will visit for a week with friends and relatives.

L. B. George of the Holt & George company, spent Sunday with his family in this city. Mr. George is engineering a plumbing job in Lancaster.

Andrew Hoveland arrived Saturday evening from Cloquet, where he is employed in carpenter work. He spent Sunday with his family and returned Monday.

Mrs. Chas. Votava and children, who have been visiting with the former's sister, Mrs. P. Kelly of Mahnomen, returned to their home in this city Monday evening.

Mrs. S. R. Norgaard and daughter, Miss R[illegible]th, who have been visiting for the past week at the home of the former's sister, Mrs. Joe Severson, returned to their home in Wahpeton Monday.

Mrs. Ed Enright of Red Lake Falls and sister-in-law, Mrs. P. J. Kelly, of Grand Forks, were week-end guests at the home of the former's brother, P. Roark. They returned to their respective homes on Monday.

Mrs. Otto Bergeaber and son, Arthur of Durand, Wis., who have been visiting for the week at the home of Mr. and Mrs. H. Hermanson, left on Friday for Holstein, where they will visit for a week before returning to their home.

P. L. Percy and Miss Maude Weaver, who have been visiting for the past two weeks at the home of Mr. and Mrs. G. W. McGilivy, left Saturday evening for Minneapolis, where they will visit for a few days before returning to their home in Evansville, Wis.

Mr. and Mrs. Charles Fiterman and children and Jerome Fiterman of Minneapolis, returned Thursday evening from their auto trip to Winnipeg. They found the roads quite favorable as far as Emerson, where they were forced to leave the car and continue their trip by train. They visited for a week with relatives in Winnipeg and other Canadian points.

A FORTUNE

More fortunes are made in the business world than in any other line. To get your first start you must have a business education. Write the Union Commercial College, Grand Forks, N. Dak., for their free catalog and find out the wonderful progress students of this big school are making, and how you can succeed also.

Miss Dena Medford of Strathcona, was a business caller to this city the latter part of the week.

The Ladies Aid of the Methodist church will conduct a food sale at Cronstrom's store on Saturday. a28

Andrew Docken of Lancaster, was a business caller in the city on Saturday. He also visited with friends.

Miss Elvina Trembly of Red Lake Falls arrived Saturday and will be the guest of Miss Lorina Poirer for the coming week.

Miss Johanna Larson of Holt visited this city the forepart of the week to receive medical treatment. She returned Saturday.

Miss Bertha Remmon of Decorah, Iowa, arrived the Saturday to visit at the home of Mr. and Mrs. C. M. Hoverstad for a week.

Mrs. Ole Larson and child, who have been guests at the home of the former's sisters, Mrs. Arthur and Mrs. Leonard Johnson, left Saturday for her home in Holt.

Mrs. J. O. Sether left Monday for Willmar, where she will attend the state convention of the W. C. T. U. which will be held in that city Tuesday and Wednesday.

Mrs. Otto Parnow left the latter part of the week for Fairmount, where she was called because of the death of her father. She expects to be absent for two weeks.

Mrs. G. Langness and children of Meckinok, N. D., who have been visiting for the past week at the home of the former's sister, Mrs. L. Oseby, left Saturday for a week's visit with relatives at Roseau.

N. J. Anderson departed last Thursday evening for St. Paul on business and for a week's visit with friends.

Mrs. W. H. BonDurant left the latter part of the week for a two weeks' visit at her parental home in Minneapolis.

Mrs. Albert Lonson departed on Thursday for a week's visit with relatives and friends in Calloway.

Mr. and Mrs. Alfred Rasmusson and children left Saturday for a week's visit with friends and relatives in Middle River.

LIDEN & ERICKSON, Agents

The Sapero Co. INC.
CORRECT DRESS FOR WOMEN & CHILDREN

A would-be customer says to us: "Can I get a good winter coat for $50?"

---And we answer: "Yes, and for much less---$25 and $35."

THERE is an exaggerated idea among people, and it seems to be widespread, that everything is costly, that nothing worth while in any line, particularly in Coats, Dresses and Suits, is obtainable at the more moderate prices.

And this thought is reflected by the headlines above.

Yes, here at Sapero's, there are splendid Coats for Women, $19.75, $25, $29.50, $35 to $39.50, and then at higher prices.

And the styles are correct, smart and in full accord with the best types of Coats for Fall and Winter wearing. If you buy one of these more moderately priced Coats, no need to apologize for the style. It will be of the best.

Possibly you may think such coats are not finished as carefully as in former years. Come in see them for yourself. You will find the finish superior—especially as to linings. We have a plush, for instance, at the low price of $29.50, lined with a material with a silk finish that wears much more satisfactorily than silk.

Have you seen the new Mixture Coats shown here as low as $15.00 at $25.00 and $32.50? More serviceable than they were years ago because they are cravenetted and serve as raincoats, too. Excellent utility "all-round" coats. Especially adapted to "between-seasons" and even later, worn over the winter suit.

Suits are naturally higher in price than they were in the spring because made of heavier materials which cost more. And yet there are Suits shown at $29.50, $35.00, $49.50 and $75, with trim lines and an air of smartness in which their owners will take pride.

Wool Dresses for women are in the new showing at Sapero's at $19.75, $25.00, $35.00 and $45, that are certain to make new friends as fast as they are seen.

IN CLOSING---

Please let us say that we made our purchases with due regard to higher prices which we believed were bound to prevail later, that since our garment purchases were made we have received notice of price advances, BUT that our garments are marked for your consideration and selection on a basis of what we paid for them—NOT on the basis of what they would cost us were we buying them today.

With these circumstances and thoughts in our mind, we believe it will be to the interest of every woman who wishes one, two or more moderately priced outer garments to make certain to see the Sapero displays.

The Sapero Co.

BEGIN WORK OF CUTTING 5,000 TONS WILD HAY

LARGE CREW OF MEN AND 60 HORSES STARTED ON TUESDAY.

OPERATING FIVE BALERS

ENTERPRISE MEANS OUTLAY OF ABOUT $75,000, MOSTLY FOR LABOR.

The work of harvesting 5,000 tons of wild hay in Pennington county began in earnest on Tuesday morning. All the men that could be found were offered employment, it being the intention of those in charge to rush the gathering of the fodder as fast as possible. Twenty head of horses arrived from Montana on Monday and were carried out to the fields over the Minnesota Northwestern road, making a total of 60 head employed on the job.

Five Balers, 20 Mowers.

James Annand, representing the John F. Sinclair company of Minneapolis, has been in the city for the past ten days looking after the progress of the work in the interests of his concern. "The Sinclair company is interested in ten banks in Montana," he said, "and we are naturally anxious to protect the farmers and stockmen out there. For that reason we are backing this hay-cutting enterprise. It is a case of self-preservation with us and other bankers of the neighborhood and for this reason the question of profit does not enter into the calculation. The stockmen will be able to procure this hay at the cost of production, and while this may be somewhat high owing to the transportation charges, it will be far better than being forced to sell the live stock off at a loss."

Twenty mowing machines were started on Tuesday and it is Mr. Annand's belief that there will be 1,000 tons of hay down by Saturday night. Five baling machines have been placed at convenient locations near the fields and these will be continued in active operation as long as necessary. The hay is still in very good condition, the fields are dry and barring an unlikely spell of bad weather there should be no delay in the work.

Means Large Outlay.

Mr. Annand stated that the undertaking would mean an outlay of about $75,000, most of which would go for labor and be distributed right in the section where the cutting is done. Part of the sum will have to be employed in paying for stumpage and still a larger share to meet transportation charges, but the bulk of this amount will remain in the county.

"We are selling the product thru our Montana connections," said Mr. Annand, "and the demand is already great. The need is urgent and we will begin shipping just as soon as the product is baled."

Schwartz & Johnson of Thief River Falls, have the work of cutting on contract and they figure that they will be kept busy until snow flies, no matter how many men they are able to secure. There is no limit to the demand and the same might almost be said of the supply. The only question is how long the weather will permit operations to continue.

Threshers' Belts at Wholesale

2, 160—8" 5 ply Chesepeak Thresher Belt.
1, 150—8" 5 ply Chesepeak Thresher Belt.

Large Stock of all sizes leather and rubber belting.

All of our belting is the very best stock and bought before the high prices.

Pure Pennsylvania oils for all uses. Matchless Gas Tractor Oil, and Velvet "B" and "BB" leads them all. Champion Belt Dressing—one used and none other can take its place.

Renting one of our Safety Deposit Boxes is the cheapest form of insurance you can have. Fire and burglar proof. Cost but little. We invite you to make an inspection of the service we offer in this department.

First National Bank

Correct Lubrication Adds Life and Power to Your Tractor

YOUR tractor represents a large investment which must be protected. You can protect it best by care in the selection of the lubricants used to eliminate friction from the moving parts. By using the correct oil you not only increase the life of your machine, but you add to its power, for much power is used in overcoming friction.

The Standard Oil Company (Indiana) manufacturers three lubricating oils for tractors.

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

One of these oils has the correct lubricating body for your particular tractor. The nearest Standard Oil representative has a chart, prepared by our Engineering Staff, indicating which of these oils will enable your tractor to give the best results, and he will be glad to show it to you.

Write for 100-page book "Tractor Lubrication." It is free and will be of great interest and usefulness to you. Read it carefully, apply the information given, and you will be able to keep your tractor in service longer.

STANDARD OIL CO. (Indiana) **910 S. Michigan Ave., Chicago, Ill.**

GOLD MEDAL GIVEN FOR HIGHWAY WORK

JEFFERSON ASSOCIATION WILL HONOR ONE MAN IN EACH COUNTY.

The medal for Pennington county has been received and is now on display at Daniel Shaw's insurance office. It is a beautiful decoration and it is expected that the rivalry for its possession will be keen.

One man along the Jefferson Highway in Pennington county is going to wear a gold medal next year. He will be known from north to south and east to west throughout the United States as a Jefferson Highway Maintenance Man. His relation to the roads and the community in which he lives will be as important as was the Minute Man of '76 to his neighborhood. To designate the honorable position he holds, he will receive a district merit medal, which will be awarded this fall.

Every man living along the road over which the Jefferson Highway is routed is expected to enter the contest for a district medal. He may even obtain one of two other medals which will be awarded annually.

It was in response to a general invitation to supply 100 medals of merit for maintenance work on the Jefferson that E. E. Ellertson, president of the Russell Grader Manufacturing company, Minneapolis, very generously offered to do so, with the result that a much finer medal has been supplied than the officials of the Highway had in mind.

The purpose of the medals is to excite emulation all along the highway in keeping it in the best possible condition for travel. There are three classes of medals:

Ninety district, or local medals, one to be awarded in county, parish or in Canadian municipality.

Eight state or, in Canada, Provincial, medals. One to be awarded in each state and province to district winners.

Two international medals to be awarded to the best two state or provincial winners.

Each medal must be won three times before it becomes the personal property of the winner.

STEENERSON CALLS BUDGET PLAN BAD

WOULD PLACE TOO MUCH POWER IN HANDS OF NEW COMMITTEEMEN.

Representative Halvor Steenerson of Minnesota, chairman of the house committee on postoffices and postroads, has made public a letter he has written to Representative James A. Frear, in which he denounces the proposed budget system vigorously.

"Your argument is that your plan would be in the interest of economy and efficiency, that all appropriations by congress should be passed upon by a single committee rather than by more than 20 irresponsible congressional committees." Mr. Steenerson says in part.

"Your plan contemplates a concentration of power, compared to which Cannonism in its palmiest days would be but a shadow. The new congressional districts whose members happened to be on that all important committee would have an unchecked and undue influence over all legislation. It is a plan in interest of augmenting executive power and diminishing the power of the people's direct representatives. I have read and listened to many of your speeches on the subject of appropriations, and concluded that you have joined hands with special interests, big business and socialists."

Steenerson's letter also charged that the representative also had joined with "radicals of all descriptions in defaming and discrediting congress and its work. It has been the fashion for the press through which these elements find voice for many years to pursue this course, the first group probably because bureaucrats beyond the influence of popular sentiment are their most pliant tools, whereas the second group is preaching the doctrine of hate and envy, in order to bring about a new order and to overturn our time-tried and tested institutions."

Hides Wanted

The following is the list of our prices for the week:

Cattle hides 25 to 30c a pound
Horse hides, $7 to $10, each
Heavy copper and copper wire, 13c pound
Light copper, 10c pound

Heavy yellow brass, 8c pound
Light brass, 5c pound
Rags, 1½ to 2c pound
Scrap iron, 25c per 100 pounds
Magazines, 25c per 100 pounds
Bones, 35c per 100 pounds
No. 1 rubbers, 5c pound
No. 2 rubbers, 3c pound
Auto tires, 2c per pound

We also have for sale salt at $1.00 per hundred pounds.

Anyone in the city unable to deliver any of the above articles to our place of business, will be called for on request. Telephone 301.

Thief River Hide & Fur Co.
Thief River Falls, Minn.

TEACHING STAFF IS FILLED THIS WEEK

SCHOOL DOORS OPEN FOR NINE MONTHS GRIND ON SEPTEMBER 2nd.

All is in readiness for the opening of the Thief River Falls public schools on Tuesday, Sept. 2. The teaching force was completed during the first of the week for the 1919-20 school year.

All the buildings have been given the "once over" during the summer and everything will be in spink and span condition when the doors swing open next month.

Through the courtesy of Supt. of City Schools W. A. Ziegler the following list of teachers and the buildings to which they have been assigned, was handed to The Times this morning:

Lincoln High School: Ella A. Evans, principal high school; Mary Belle Warth, commercial; Cora Emily Houghton, Latin, English I; Maybelle Greenberg, music; Lillian Poppitze, sewing; Albert T. Tommeraasen, algebra and athletics; Frederic A. Tripp, agriculture; Mary E. Welsh, history and mathematics; Grace Gunlaugson, Norse, civics and physiology; Irene Parrick, English I and II; Zella Zeh, commercial; Emelia Hoorn, mathematics; Walter Schold, science; Rosa M. Taylor, domestic science; Agnes Wilson, English; M. A. Schmitt, manual training.

Washington School: Edna Larson, principal, second grade; Alice Benson, first grade; Maybelle Lindberg, 4th grade; Florence Fjelstadt, 3rd grade; Ruth Freistadt, kindergarten; Jessie Carlson, normal training department; Julia Costello, normal training department; Ada Whipps, 4th grade.

Central School: Martha Kleppe, principal, 8th grade; Gerda Mortensen, 7th grade; Lyda Batten, 7th grade; Ida Tandberg, 8th grade; Maude Frissell, 8th grade.

Northrup School: Livie Aske, principal, 6th grade; Carrie Trogan, 2nd grade; Lovina Adams, 3rd grade; Martha Posten, 2nd grade.

Knox School: Agnes Aske, 1st grade; Bessie A. Ray, 4th grade; Olga Lofgren, 1st grade; Inez Howe, departmental grammar grades; Evelyn Zellmer, departmental grammar grades; Margaret Jordan, 6 th grade; Florence Nylander, 5th grade; Katherine Smith, 4th grade; Mary Grizold, 4th grade; Mabel A. Johnson, 3rd grade; Minnie A. Johnson, 2nd grade.

RED CROSS AIDING FLOOD SUFFERERS

ALSO GATHERING DATA TO BE PRESENTED AT SPECIAL LEGISLATIVE SESSION.

The American Red Cross is actively engaged in rendering assistance to the flood victims of eastern Marshall, southeastern Roseau and central western Beltrami counties at the present time and to that end is making a thorough canvass of the situation as it exists now and the prospects for the coming winter, intending to ask relief for the needy thru special legislative funds, which should be authorized by the special session of the legislature.

For two weeks past Oscar J. Johnson, representing the civilian relief section of the Red Cross, has been visiting the families in the flood area and has discovered that there are several hundred who will need more or less financial assistance to carry them thru the winter, and in the spring must have either money with which to purchase seed and livestock or else be furnished with the same.

Assisting Mr. Johnson in this work are the various county agents of the counties affected. John Husby of Warren, George Sanders of Grygla and J. J. McCann of Thief River Falls have each spent considerable time and effort in making the survey of the flooded section and are as fully convinced as Mr. Johnson that immediate relief is necessary.

In order that proper and sufficient data be secured for presentation to the state legislature, blanks have been sent out by Mr. Johnson of the Red Cross and the county agents to the people thruout the entire area which was recently inundated. The information which is sought will be treated in an entirely confidential manner and only the general information made public.

Moving Big Barn.

J. J. Aga and Sons have purchased from J. M. Bishop the large red barn located west of the Thief River Monument works on Third street, and housemovers are employed in moving the structure to the corner of Second street and Knight avenue. The Aga firm intends to remodel the building throughout for machine shop purposes making it a valuable addition to the present establishment. The new building will make an excellent shop and Mr. Aga has stated that it will be fitted up in first class shape and they intend to install some new machinery in the work shop in the near future in order to take care of the business.

MEDALS OF VICTORY ARRIVE FOR ISSUE

TWO CLASSES OF MEN ARE BARRED FROM RECEIVING MEDAL.

Victory buttons have at last been received at the Minneapolis Army recruiting station and the several army stations throughout the state will have charge of issuing the buttons upon the receipt of the soldiers discharge papers. Crookston and Bemidji are the nearest cities that Thief River Falls and Pennington county men can secure the medals but can also get them by writing to U. S. Army recruiting station, 311 Nicollet avenue, Minneapolis, Minn.

The orders governing the issue of these buttons to be worn on the lapel of the ex-soldier's civilian clothes are "A lapel button to be known as the Victory Button, will be issued to all officers, enlisted men, (excluding members of the Students' Army Training corps), field clerks, and members of the Army Nurse corps, who served on active duty in the army of the United States at that time between April 6, 1917, and November 11, 1918, and whose services were honorable. The button will be silver for those who were wounded in action, and bronze for all others. No distinction has been made for men who served overseas and those who remained on this side."

Two classes of men are barred from receiving the medal according to a circular from the war department. These two classes are first, the conscientious objector, who refused to wear the uniform or to accept the service in any branch of the army; second, men accepted by the local board but rejected at camp before entering on regular duty.

Discharged soldiers residing at any of the cities or towns in which army recruiting stations are located will, upon presentation of their discharge paper be issued a button, silver or bronze accordingly. If the applicant does not reside in a city or town where a recruiting stations is located, then he should forward his discharge to the Minneapolis recruiting station, 311 Nicollet avenue, Minneapolis. In case the applicant does not want to use his original discharge, he can make application for a duplicate blank, which must be filled in.

Miss Margaret Francis of Crookston was a week-end guest of Miss Evelyn Cornforth, returning to her home on Wednesday.

STUDENT GETS BANK POSITION

After completing his course at the Dakota Business College, Fargo, N. D., Mr. Leslie E. Ferris was immediately sent to a position with the Dakota Savings Bank of that city, making the third pupil to go to this Financial Institution.

Miss Pearl Booth, of Sawyer, is another pupil who has recently entered the services of a Bank after a course at this college. The First National Bank of Hecla, S. D., secured her services.

For information about Business Courses, address F. L. Watkins, 806 Front St., Fargo, N. D.—adv.

Notice

All those knowing themselves indebted to the undersigned are requested to call and settle before Sept. 15. All accounts remaining unpaid on that date will be left for collection.

MAVIE MERCANTILE CO.

LANPHER

WHEN YOU STOP TO THINK ABOUT IT, YOU REALLY *HAVE* A STANDARD OF VALUE IN HATS. OF COURSE, IT'S LANPHER QUALITY.

STOMACH TROUBLES

AN IRRITABLE, fault finding disposition is often due to a disordered stomach. A man with good digestion is nearly always good natured. A great many have been permanently cured of stomach troubles by Chamberlain's Tablets after years of suffering. These tablets strengthen the stomach and enable it to perform its functions naturally. Try them. They only cost a quarter.

Chamberlain's Tablets

No one can say what the milling quality of the coming wheat crop will be, but it is safe to say that it cannot be so uniformly excellent as was the last one.

Why not lay in right now a few sacks of VIVO flour made from choice old wheat?

Hanson & Barzen Milling Co.

Camel
CIGARETTES
Don't look for premiums or coupons, as the cost of the tobaccos blended in CAMEL Cigarettes prohibits the use of them.
CAMEL
TURKISH & DOMESTIC BLEND CIGARETTES

Cigarettes made to meet your taste!

Camels are offered you as a cigarette entirely out of the ordinary—a flavor and smoothness never before attained. To best realize their quality *compare Camels with any cigarette in the world at any price!*

Camels flavor is so refreshing, so enticing, it will win you at once—it is so new and unusual. That's what Camels expert blend of choice Turkish and choice Domestic tobacco gives you! You'll prefer this blend to either kind of tobacco smoked straight!

As you smoke Camels, you'll note absence of any unpleasant cigaretty aftertaste or any unpleasant cigaretty odor. And, you'll be delighted to discover that you can smoke Camels liberally *without tiring your taste!*

Take Camels at any angle—they surely supply cigarette contentment beyond anything you ever experienced. *They're a cigarette revelation!* You do not miss coupons, premiums or gifts. *You'll prefer Camels quality!*

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Hospital For Middle River.

Dr. R. E. Spinks of Middle River, last week purchased the old school building at that place from the board of education and will equip it as a hospital. It is stated that he has been assured of financial assistance from business men of the town and farmers of the neighborhood. Besides the building, which Dr. Spinks will turn over to a stock company to be formed at its cost to him, there will be about $6,000 needed according to the projectors. A good share of this has already been promised.

Girl Breaks Arm.

Miss Ansof Dahlen, ten year old daughter of Mr. and Mrs. H. S. Dahlen, 123 Markley avenue north, fell from the porch last Saturday and broke her right arm. She was playing with several of her friends and in some way fell off the porch breaking the arm below the elbow.

AGDER

Mrs. I. A. Isaacson left Saturday for Detroit to visit over Sunday. She was accompanied by her niece, Mabel Mortinson who has been visiting here for the past six weeks.

Miss Olga Swensgaard of Mavie, visited over Sunday with Targer Senum.

Annie Antonson of Germantown spent a few days last week with Mrs. Wm. E. Rude.

Elfie and Elma Emerson of Superior, Wis., are visiting with Miss Hannah Peterson this week.

Mable Christianson arrived Monday evening from Holt where she has been visiting several days with her parents. During her absence Grace Crowley filled her place as cook at the dredge.

Melvin Hanson of Middle River is visiting his uncle, H. H. Peterson during his vacation.

STEINER

Several of the young men of this community took in the show, "Uncle Tom's Cabin," Friday.

Mr. and Mrs. A. Koglin gave a party Wednesday evening in honor of their daughter, Anna, who is leaving for North Dakota.

Mr. and Mrs. S R Rogers called at the Russell home Sunday.

Oliver Molstad transacted business in Steiner the middle of the the week.

R. L. Muzzy and family visited at the Steinhauer home Sunday.

Henry Wendt transacted business in Steiner Wednesday.

J. Reidl transacted business in Thief River Falls Saturday.

Mrs. Hartley of Lake City, Minn., spent a few days of the past week at the J. Whitman home.

Mr. and Mrs. Nick Baker and family were in Holt Friday.

A. Koglin and daughter, Miss Anna, made a trip to Thief River Falls Wednesday.

Miss Sarah Swanson and brother, Edwin, attended the dance in Holt Friday evening.

W. J. LaBree called at the A. Koglin home the middle of the week.

DEER PARK

Malf Baken transacted business at Goodridge last Saturday.

Ben Kveste of Highlanding was a business caller at Oklee one day last week.

The Stucy auction sale which came off last Thursday was well attended and a fair price was received for the articles sold.

Sam B. Swanson, Ed. Landro, Oscar Olson and Ole Halverson of Highlanding started up the Guthrie threshing at Syverrud's last Friday. The rig will be moved down near Hazel where a big shock run is in sight.

Horse Jockey Jones was making his rounds here last week.

Mrs. Hugh G. Quinn, formerly Miss Rose Swanson, left for her new home in Winnipeg last week.

The Mayfield Young Peoples society met at Jenson's place last Sunday.

Our noted sun-spot and weather forecasters throughout the world for some reason or other failed to make known the fact that on August 22, between the hours of six and seven o'clock in the evening, there would appear near or at a near distance of the sun three planets or sunspots, each the size of the sun perfectly rund in shape, and plainly visible to the naked eye. This wonderful occurance did happen without their knowledge and perhaps but few people got to witness it, but those who did were marveled at this unusual sight. John Olson and his sons down in the town of Hickory, were out stacking grain on the Stucy farm when one of the boys first observed it. At first it looked like three mighty airplanes circling around the sun, going and coming from different directions, yet remaining but a short distance from the sun. This was kept up for a few moments. All of a sudden there was a change. The three planets had then formed a sort of a chain, and looked to the naked eye like a dumb bell in shape, two of the planets retaining their shape, while the third one formed the neck between. When this occurred it seemed to be very near the sun, but only lasted in this position but a few moments, when it all disappeared as suddenly as it had appeared. The sun during the time that all this happened seemed to be kind of dimmed and there was no difficulty in getting a plain view of the whole occurrance. Prof. Porta, the noted sunspot forecaster, has prophesied that the earth is to reel from mighty shocks caused by the grouping of planets to occur on December 17th or after 1919, this year. Whether the planets or sunspots that made themselves visible at this time have any connection with these planets, is a question that our noted sunspot forecasters must answer.

The City Churches

First Swedish Ev. Luth. Church, Albin A. Larson, Pastor—Services in Swedish at 10:30 a. m. Sunday school and bible class at 11:45. Service in English at 8 p. m. Luther League will meet next Friday evening in the church basement on a general invitation.

Christian Science—Service at public library auditorium Sunday at 10:45 a. m. Subject: "Christ Jesus." Sunday school immediately follows the service. Wednesday evening meeting at 8 o'clock. The public is cordially invited to attend these services.

Methodist Episcopal Church, James A. Orrock, Pastor—Services for Sunday, Aug. 31: Morning worship, Sunday school at 10:00. Preaching at 11. Subject: "The People Called Methodists, What They Believe." Evening Services, Epworth League at 7:30. Preaching at 8:30. Subject: "What Will Ye Do in the Day of Visitation?"

Our Saviors Lutheran Church, A. N. Skogerboe, Pastor— Services in the city next Sunday at 11 a. m.; in Bethlehem church at 3 p. m., and English services in Viking at 7:45 p. m. Sunday school begins again next Sunday, Aug. 31 in the church at 10 a. m. The Young Peoples society meets next Wednesday evening at 8. Mrs. E. A. Mostue and Mrs. M. G. Stageberg entertain. All welcome.

The Scandinavian Ev. Church, Bot Nyborg, Pastor—Services next Sunday at 11 a. m. and 8 p. m. Sunday school at 10 a. m. Monday at 8 p. m. union prayer meeting. Wednesday at 8 p. m. testimonies from Christian workers. You are cordially welcome. The Ladies Aid of Kratka will serve a free luncheon at noon Sunday the 31st of Aug., at the new school house south of the bridge. All the people of Kratka are invited. In connection with this social there will be a gospel service at 3 p. m. by Rev. Bot Nyborg. From Tuesday the 2nd of Sept., to Friday the 5th at 8 p. m., special meetings will be held at the school house by Rev. J. Kjobsness.

St. Johns Lutheran church, F. J. Seltz, Pastor—Services in the English language at Thief River Falls next Sunday forenoon at 10:30. On account of the increasing demand the congregation decided at its last meeting that henceforth every third Sunday forenoon service be in the English language, with one English evening service every three weeks. Services with holy communion at Holt next Sunday afternoon at 2:30.

COAL *and* WOOD

Order now or take a chance of being left in the cold when winter sets in. There is a shortage of coal at present and this will become more acute later on.

We are now taking orders for coal. Where buyers will take the fuel direct from the car themselves the cost will be considerably less. Where this cannot be done we will deliver.

Do not delay. Every agency, from the government down, is warning of a fuel famine this coming winter.

We also handle wood and can deliver on short notice.

The Best Tractor For Wet Ground

Experience has shown that using a tractor when the ground is wet is a hard matter. The ordinary kinds dig themselves down and get nowhere.

It's Different With THE CLETRAC

Built on the plan which made army tanks famous, THE CLETRAC carries up under the wettest conditions and does satisfactory work where any other make of tractor will stall.

Ask for Demonstration

There is a machine of this kind in the Borry Garage at Thief River Falls and a mechanic will be pleased to show you the many superior points in its construction.

Extra points will be given on every club of four three-year subscriptions

40,000

Extra points will be given on every $20 club not included in two above offers

---

All closing particulars and names of judges to make the final count of points, Saturday, September 13, at 1 o'clock p. m., will be published next week. Keep the closing date in mind and work hard for subscriptions and points.

PRIZES GIVEN FOR EXHIBITS AT 1919 SHOW

$400 MORE PAID OUT THIS YEAR THAN FOR 1918 EXHIBITION.

CHANGE LIVESTOCK RULES

SECOND MONEY AWARDED THE POULTRY EXHIBITS LACKING COMPETITION.

The awarding of premiums for exhibits at the 1919 Pennington county fair has been completed and shows that $1,500 has been paid out to exhibitors. This exceeds the 1918 total by $400.

The judging rules of the association have been to the effect that no premium would be allowed where there was no competition but in order to encourage the bringing in of thoroughbred livestock, a slight deviation from the rules was deemed expedient and full premiums were given to livestock exhibitors and entrymen were also allowed to compete with each other.

In the poultry department exhibits taking first prize, where there was no competition, second money was given. No premiums were allowed for young birds.

The list of exhibits and prizes awarded follows:

List of Poultry Prize Winners.

Where no competition first premium and second money is awarded. Special added prizes awarded for young birds of one half of regular prize subject to above rule.

Give Me a Friendly, Natural Hand-shake

an' a friendly natural tobacco. Keep yo' put-on airs an' "sauced-up" tobaccos for the fellow that likes nut sundaes better than home made pie—

So says a friend of ours named Velvet Joe. And he just about hits the nail on the head.

Velvet is made for men who think there's no smoke like real tobacco. If you are that sort of man, listen:

Velvet was born in old Kentucky, where more than one good thing comes from. It was raised as carefully as any other Kentucky thoroughbred. But the real secret of Velvet's friendly qualities is its slow natural ageing in wooden hogsheads. Ageing in the wood never hurt anything—and least of all, tobacco.

And so we say, Velvet is *good* tobacco—nothing more or less. It runs second to none.

The picture of the pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

Liggett & Myers Tobacco Co.

15c

Not 16 cents or 17 cents—But 15 cents

—the friendly tobacco

LEGAL NOTICES

Order Limiting Time to File Claims, and For Hearing Thereon.

State of Minnesota, County of Pennington, ss. In Probate Court.

In the Matter of the Estate of Anders C. Hansen, also known as A. C. Hansen, also known as A. C. Hanson, Decedent.

Letters of administration this day having been granted to John L. Magnuson.

It is Ordered, That the time within which all creditors of the above named decedent may present claims against his estate in this Court, be, and the same hereby is limited to three months from and after the date hereof; and that Friday, the 21st day of November, 1919, at 10 o'clock A. M., in the Probate Court Rooms at the Court House at the City of Thief River Falls, in said County, be, and the same hereby is fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Thief River Falls Times as provided by law.

Dated August 18th, 1919.

IRA C. RICHARDSON,
Judge of Probate.
(Court Seal.)
a 21-28-s4

Citation For Hearing on Petition to Sell, Mortgage or Lease Land.

Estate of Fredrick Edenholm.

State of Minnesota, County of Pennington, In Probate Court:

In the Matter of the Estate of Fredrick Edenholm.

The State of Minnesota To Karl Fredricksson, August Fredricksson, Anders Albert Fredricksson, Johanna Ulrika Nilsson, Anna Signe Elfrida Bjurholm, and all persons interested in the sale of certain lands belonging to said Fredrick Edenholm.

The petition of Lars E. Erickson as representative of the above named estate being duly filed in this Court, representing that it is necessary and for the best interest of said estate and of all interested therein that certain lands of said estate described therein be sold and praying that a license be to him granted to sell the same.

Now, Therefore, You and each of you, are hereby cited and required to *show cause, if any you have,* before this court, at the Probate Court rooms, in the Court House in the City of Thief River Falls County of Pennington, State of Minnesota, on the 5th day of September, 1919, at 10 o'clock A. M., why the prayer of said petition should not be granted.

Witness, The Judge of said Court, and the Seal of said Court, this 11th day of August, 1919.

IRA C. RICHARDSON,
Judge of Probate Court.
(Court Seal.)
O. A. NAPLIN,
Attorney for Petitioner.
a14-21-27

Citation For Hearing on Petition For Administration.

Estate of Peter A. Ekstrom or P. A. Ekstrom.

State of Minnesota, County of Pennington, In Probate Court.

In the Matter of the Estate of Peter A. Ekstrom or P. A. Ekstrom, Decedent.

The State of Minnesota, to Mary Ekstrom, Carl Emil Ekstrom, Esther Anderson, Josie Lorentson, Cora Ekstrom, Mabel Ekstrom, Rose Ekstrom and all persons interested in the granting of administration of the estate of said decedent: The petition of Mary Ekstrom having been filed in

contract thereby increasing the total cost of said ditch and for other reasons, and it appearing that the total amount of benefits assessed to land within Pennington County is $4,286.00; that the total amount of liens filed against said county is $3,566.03; that the total amount of bonds sold by said county on account of said ditch is $3,500.00; that the total amount of cost of said ditch within said Pennington County is $4,130.06, and that there now is and remains a shortage of the amount of funds in said ditch of $664.23 principal and $132.04 interest, which the said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch; and the County Board, having on the 7th day of August, 1919, at a special meeting, by resolution made and entered, directed the County Auditor to issue notice to the parties interested in said ditch proceedings.

Now, Therefore, you are hereby notified and required to show cause before the County Board of Pennington County, Minnesota, at the Commissioners' room at the Pennington County Court House in the City of Thief River Falls, Minn., on the 12th day of September, 1919, at two o'clock P. M., why an order should not be made by said Board directing the County Auditor to file another tabular statement assessing against the property affected by said ditch proceeding in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement previously filed. That at such time and place any and all persons interested may appear before the Board and be heard why such order should not be made.

Dated at Thief River Falls, Minnesota, on this 15th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.
a28-s4

Notice of Time and Place of Hearing On Additional Assessment on County Ditch No. 62, Pennington County, Minnesota.

To all parties interested in the proceedings establishing County Ditch No. 62:

You are Hereby Notified, that it appearing to the County Board by report of the County Auditor that County Ditch No. 62, of Pennington County, Minnesota, was on the 20th day of December, 1915, duly established by order of the County Board of Pennington County; that such ditch proceedings were conducted under Chapter 230, Laws of 1905 and acts amendatory thereof and supplementary thereto and it appearing that said ditch was regularly established and a contract let for the construction thereof; that a tabular statement of assessment was made and filed and the bonds issued and sold, as provided in said chapter; that said contract has been wholly completed and that by an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch and for other reasons, and it appearing that the total amount of the benefits assessed to land within Pennington County is $11,872.00; that the total amount of liens filed against said County is $8,543.18; that the total amount of bonds sold by said county on account of said ditch is $8,000.00; that the total amount of cost of said ditch within said Pennington County is $11,561.41, and that there now is and remains a shortage of the amount of funds in said ditch of $3,012.23, principal and $732.37 interest, which the said Pennington County has paid

The Lure of the Open Road

A MAN who owns a motor car—be it a big, luxurious limousine or only a little flivver, has at command the means of satisfying one of his most primitive instincts, a desire to fare forth like a true adventurer and enjoy the freedom of the open country.

Accompanied by his family or his friends, he, like the Argonauts, can start a little journey into unfamiliar places.

He need have no fear of consequences, for the modern automobile is a sturdy, dependable friend. All it asks is gasoline, a little lubricating oil, and water. With this it goes up hill and down, without fret or worry.

The wayside brook, or the well on a friendly farm supplies the water, while gasoline and oil may be had anywhere from the Service Stations of the Standard Oil Company (Indiana).

The splendid system of distribution organized and maintained by the Standard Oil Company (Indiana) covers every city, town, and hamlet, and in many cases there is a tank and pump beside the little store at the fork of the roads.

This complete distribution of its products is one of the chief services rendered by the Standard Oil Company (Indiana) to the motorists of America, yet it represents but one of the many benefits derived by the public at large from the operation of the Standard Oil Company (Indiana) as a public servant.

City Council Proceedings

An adjourned regular meeting of the City Council was called to order by S. Brandon, Vice President, at eight o'clock P. M., Aug. 18th, 1919, for the purpose of receiving bids for the construction of sewer and the laying of water mains pursuant to advertisement.

Roll Call: Members present; Froseth, Brumund, Olson, Brandon. Members absent; Ihle and Benson.

Moved by Olson, seconded by Brumund, that bids for the construction of sewer and laying of watermains be opened. Motion carried.

The following bids were submitted:

Holt & George, Thief River Falls—2522 feet 4 in. water mains, per foot $2.22; 4 hydrants, each $95.00; 4 "T's", each $16.00; 3 gate valves, each $27.00; 3 reducers, each $12.00; 1 special "T", $20.00; 4 crosses, each $20.00; 970 feet 8 inch sewer, per foot $1.85; 3 manholes, each $60.00.

J. M. Carrol, Grand Forks—2522 feet 4 in. water mains, per foot $2.55; 4 hydrants, each $100.00; 3 gate valves, each $35.00; special castings, lb. $0.10; 970 feet 8 inch sewer, per foot $2.40; 3 manholes, each $100.00.

John McDonald, Duluth—2522 feet 4 in. water mains, per foot $2.45; 4 hydrants, each $100.00; 4 "T's", each $40.00; 3 gate valves, each $50.00; 1 special "T", $65.00; 4 crosses, each $40.00; 970 feet 8 inch sewer, per foot, $2.20; 3 manholes, each $100.00.

Dorsey Construction Co., Duluth—2522 feet 4 in. water mains, per foot, $2.25; 4 hydrants, each $90.00; 4 "T's", each $12.00; 3 gate valves, each $35.00; 1 special "T" $25.00; 4 crosses, each $15.00; 970 feet 8 inch sewer, per foot, $1.30; 3 manholes, each $125.00.

Phelps Drake, Hibbing—2522 feet 4 in. water mains, per foot $2.75; 4 hydrants, each $81.00; 4 "T's", each $10.50; 3 gate valves, each $29.00; 3 reducers, each $9.00; 1 special "T" $30.00; 4 crosses, each $14.00; 970 feet 8 inch sewer, per foot $2.15; 3 manholes, each $80.00.

The bids of Phelps Drake Co., John McDonald and Dorsey Construction Co., having the provisions in bids that, if any quicksand was encountered during excavation, prices to be figured at cost, plus 15%.

Total bid: Holt & George $8,260.34.
Total bid: J. M. Carrol $9,564.10.
Total bid: John McDonald $9,644.00.
Total bid: Dorsey Const. Co. $7,903.40.
Total bid: Phelps Drake, $9,856.90.

Moved by Froseth, seconded by Brumund, that the bid of Holt and George for the construction of lateral sewer in District No. 2, and the laying of water mains be accepted and bonds be fixed at $3,300.00, and the Mayor and City Clerk be instructed to enter into a contract for same. Motion carried.

On motion, duly carried, the Council adjourned.

O. L. HILLE,
President of the Council.
Attest:
A. K. AKRE,
City Clerk.

SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

COUNTY SUPT. MUST PAY OWN TRAVEL COSTS

NOT ENTITLED TO COLLECT EXTRA PAY FROM COUNTY FOR VISITS.

GUNDERSON CASE DECIDED

JUDGE WATTS UPHOLDS COMMISSIONERS IN DENYING COMPENSATION.

George M. Gunderson, county superintendent of schools, is not entitled to extra compensation as traveling expenses in visiting the schools, according to a decision handed down by Judge William Watts in chambers at Crookston on Friday, and the commissioners of Pennington county are upheld in their refusal to grant such compensation.

Mr. Gunderson brought suit in the district court to compel the payment of a bill for $58.49 by the commissioners, about one half of this sum representing expenses incurred by him in visiting the schools of the county. Included in the same bill was an item for $29.96 for expenses as a delegate to the conference of state superintendents in Minneapolis. This was allowed without question, but the remainder, representing extra compensation asked by him while in the discharge of his duties within the county, was disallowed.

Suit to Recover.

The county superintendent brought suit for action and the cause came up for hearing before Judge Watts at a special term of court on July 29. Mr. Gunderson was represented by Attorney E. M. Stanton while the county commissioners' position was defended by County Attorney Theo. Quale. Judge Watts ordered the arguments presented on briefs.

Finds For Defendant.

In finding that the plaintiff is not entitled to recover under the law, the court presents the following findings of facts:

"That all the allegations contained in the complaint of the plaintiff herein are true.

"That the said county of Pennington is a county having a population of less than one hundred fifty thousand and that the salary of the County Superintendent of Schools therein is not fixed by special law, and as computed under Chapter 141, Laws of Minnesota for 115 is to be not less than $1100.00 per annum. That at the regular meeting of the Board of County commissioners of Pennington county held January 7th, 1919, the said board by resolution duly adopted fixed the salary of the County Superintendent of School of Pennington at the sum of $1550.00, and provided that the Superintendent shall pay all his own expenses. That thereafter and pursuant to such resolution the defendant county through its proper officials has issued and delivered to the plaintiff its county warrants for $129.16 for each and every month. That these warrants have been accepted by the plaintiff and that he has cashed the same and kept and retained the proceeds thereof, but that he has not accepted the same as payment of any of the items for which he makes claim he should be reimbursed as in the complaint herein stated."

Allows Certain Payments.

In a memorandum attached to the findings Judge Watts says:

"I quite agree with the contention of plaintiff's counsel that Chap. 33 of the Laws of 1907 operates as a repeal of Chap. 182 of Laws of 1905, but I am of the opinion that Chap. 216 of the Laws of 1911 operates as a repeal of Chap. 33 of the Laws of 1907 and governs in this case. It provides in Sec. 4 that 'all acts and parts of acts inconsistent are repealed.' The fact that Sec. 2 provides that the county shall pay certain expenses of the superintendent tends strongly to support the view that it was the legislative intent to exclude all others not mentioned therein. Sec. 1 of said Chap. 216, Laws of 1911, is reinacted so far as it bears upon this case by Chap. 141, Laws of 1915."

VOCATIONAL OFFER IN LOCAL SCHOOLS

SPECIAL INSTRUCTION UNDER SMITH-HUGHES LAW WILL BE TAKEN UP.

The Smith-Hughes bill which provides for the continuing of the education of boys and girls who for some reason or other have had to leave school early, was passed by Congress in February, 1917, and introduces one of the biggest changes in educational work ever known. Under the old plan boys and girls, who dropped out could not come back to school without passing an examination, while their former class-mates had forged on ahead in the pursuit of their studies while they were absent for good reasons.

Under the Smith-Hughes law these boys and girls can get back into school without passing examinations and all that is asked of the them is to enroll again and such work as they can properly handle will be given to them. A great many things are provided for in this law. Thief River Falls will qualify in agriculture. It is the plan of Supt. Ziegler, of the local schools, to give Smith-Hughes work in the beginning to regular high school students, who care to take it. About October 1st it is planned to take in country boys in this work and to plan special work for them. This special work will be of such nature as they can handle.

BAUDETTE WOULD BE HEAVY SHIPPER

THOUSANDS OF CARS OF PRODUCE WOULD GO OVER NEW ROAD.

If the lines of the Minnesota Northwestern railroad company are not extended to Baudette it will not be because the people at that end are neglecting anything that might help such extension along. They are already at work gathering data to be presented to the officials of the road, as will be seen by the following from the Baudette Region:

"The committee from the board of trade who are gathering information that can be used by the Northern Electric Co., of Thief River Falls, who figure on extending the line to Baudette, are discovering information that is surprising to themselves. For instance they have dug up information that at least two thousand carloads of cedar products leave Baudette each year, to say nothing of cordwood and lumber, which would probably add another thousand cars. All other lines of freight, both incoming and outgoing, show figures that are really surprising, and the committee has no doubt that when these facts are presented the company will be more anxious than ever to extend the line to Baudette. It would pass thru some of the best timber land and farm land in the state."

25 HAZEL FARMERS DRAW BIG CHECKS

RECORD OF JULY FALLS BELOW THAT OF JUNE BY REASON OF WET WEATHER.

Inundated fields together with cows being pestered with flies and mosquitoes in large numbers are the causes of a slight falling off in the cream output at the Hazel Co-operative creamery for the month of July, as compared to the banner month of June.

There are twenty-five patrons, who received checks for fifty dollars or more for the past month. Anton Peterson heads the list with $133.25 and Willis Roese comes second with a check for $129.26. P. W. Peterson comes in third with $108.01 to his credit. The list is as follows:

Anton Peterson	$133.25
Willis Roese	129.26
P. W. Peterson	108.01
G. O. Gustafson	105.27
Fred Dobson	104.87
J. E. Peterson	103.39
Julius Nelson	100.07
H. O. Wiken	94.55
P. Kolseth	89.76
W. E. Roese	86.04
Clarence Roese	82.88
Martin Peterson	75.93
Elling Klemmentson	73.57
Martin Mathson	72.26
O. Breiland	70.95
G. B. Tvedt	69.21
Anton Anderson	67.58
T. J. Sumpter	61.68
O. Helgeson	61.04
Christ Moe	60.70
Hans Fredrickson	60.59
O. Hegland	60.32
B. Roisland	59.42
Ole Torkelson	53.87

BAND ANNOUNCES DANCE ON SEPT. 5

REQUESTS HEAPED UPON POPULAR MUSICAL BODY TO ENCORE FAIR EVENT.

An announcement that will no doubt be received with much satisfaction by trippers of the light fantastic, was made by Conductor Cordes this morning when he said the band will open the fall dancing season Friday evening, September 5, at the auditorium.

Ever since the band gave their delightful dance at the auditorium the second night of the fair, the musicians have been importuned by friends to stage another affair and arrangements have been made to hold it next week. The music played by the local band boys is in a class all of its own and is particularly pleasing to local dance goers. This was evidenced during the fair dance when praise was heaped upon the boys from all corners.

The band boys will start to work immediately advertising the big event of the fall and a strenuous advertising campaign will be put forth and an invitation is extended to all the nearby towns to come and enjoy an evening with the band.

New music arrives every week and at present the organization is well up with all the popular music of the day, as arrangements have been made with the large publishing houses to forward copies of the latest music as it comes off the press.

There will be at least ten pieces in the jazz orchestra, which will be formed from the band, and every one is a jazz artist.

SPENT MANY A DOLLAR IN VAIN

"I CANNOT PRAISE TANLAC TOO HIGHLY," SAYS HANNA. FEELS FINE NOW.

"I spent a lot of hard earned money on medicines and treatments during the eight years that I suffered, but nothing I ever took helped me like Tanlac," said Helmer H. Hanna, a farmer living at Westlock, Alberta, Canada, while in the Owl Drug Store in Edmonton, Alberta, recently. Mr. Hanna formerly lived in Minneapolis, Minn., where he was employed for several years as motorman by the Minneapolis Railway Co.

"I suffered with a bad case of stomach trouble," continued Mr. Hanna, "and had to be mighty careful what I ate, because if I ate anything the least bit heavy I was sure to be troubled afterwards with gas forming in my stomach and it was so bad sometimes that the pain would almost double me up. At times this gas pressed so against my heart that it would make it palpitate and I also suffered a lot with dizzy spells and when these came on me I had to sit down just any place to keep from falling. I was troubled a great deal with sour stomach and had a disagreeable taste in my mouth when I got up in the morning and I couldn't sleep well and many a time would lie awake for hours and hours just waiting for daylight and then when I got up in the morning I felt more tired than when I went to bed. I was also mighty nervous, too, and the least little noise would sometimes make me jump like I had been shot at. I was living in Minneapolis and working for the street railway there when I was in this fix and during the time that I suffered I guess I must have taken gallons of medicines besides other treatments, but nothing I did for my trouble seemed to help me a bit.

"Then I started taking Tanlac and I just want to say that it helped me right from the start. It seemed to get right after my trouble and soon put me in the way of getting back on my feet again. I can eat anything I want now and nothing I eat ever hurts me a particle and my nerves are so steady that no noise whatever bothers me a bit. I can sleep like a log at night and get up in the morning feeling perfectly rested and full of energy for my day's work. I am feeling so fine now that I cannot praise Tanlac too highly and will gladly tell anyone about my experience with it."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

$81.75 For Each Yank.

For each man transported overseas in British vessels, the United States government will pay Great Britian $81.75 under an agreement reached between Brigadier General Frank T. Hines, director of transportation in the war department, and Lord Reading, representing the British government. Secretary N. D. Baker has approved. The total cost of British tonnage used in troop transportation is estimated at $83,757,250, the number of men carried having been 1,027,000.

A Correction.

The Times wishes to correct a mistake that appeared in its last week's edition wherein it was stated that Rev. I. T. Anstad officiated at the funeral services of Jonas Wold in place of Rev. August Bredesen, son-in-law of the deceased. It might also be added that speakers present at the Jonas Wold funeral at the residence, Zion church and cemetery were: Rev. Dahle of McIntosh; Rev. Larson, Mr. Hushagen and Mr. Stene of Erskine; Mr. and Mrs. Fosse, Mr. Engevald and Adolph Wold and Rev. Bredesen of Thief River Falls.

Kleanall to Move.

The Kleanall Suitatorium, located at 317 LaBree avenue north, for the past several years, will move down the street to the building formerly used by the Vienna bakery on September 1st. The building is much larger than the one now used by the Kleanall and has been entirely remodelled. After the death of Fred Roth the building used by him has stood empty and with the removal of the Kleanall to its new quarters, it will fill the only vacant building in that block.

LYCEUM THEATRE *Thief River's Most Prominent Photo Play House*

Thursday, Aug. 28— Big Special
Talented CLARA K. YOUNG, in
"THE BETTER WIFE"
See her at her best. A wonderful production at no advance in prices.
Also Christy Comedy.

Friday, Aug. 29— Special
Popular CHARLES RAY, in
"HAY FOOT, STRAW FOOT"
He was afraid to speak; afraid to tell her just what was on his mind. A fear surged through him that he had never felt in the trenches. See what happens in this, one of his special productions. Also Comedy.

Saturday, Aug. 30— Special
DUSTIN FARNUM in
"THE MAN IN THE OPEN"
Does a hasty marriage turn out well. There is an answer in "The Man in the Open." A big picture in a big way. See it.
EXTRA! Mack Sennet Comedy: "Taming Target"

BIG SPECIAL
Sunday and Monday, Aug. 31 and Sept. 1—
Smiling DOUGLAS FAIRBANKS, in
"THE KNICKERBOCKER BUCKAROO"
"Doug." starts out to do something for somebody in the "Knickerbocker Buckaroo". Doing it takes him through rip-roaring Arizona, into devil-ridden Mexico, in—and out!—of a non-escapable jail. You know Fairbanks. And the story's as good as the best he ever had. He's made you wait a long time for one of his pictures but now its here. Miss it? No! Never!
Sunday Matinee 11c and 20c. Eve. 7:30 and 9:00 15c and 25c.

Tuesday, Sept. 2— Special
REX BEACHE'S
"TOO FAT TO FIGHT"
With Frank McIntyre. A patriotic drama. You'll laugh, you'll cry, you'll cheer, you'll stand up and root for the fat man who wouldn't stay down. See this wonderful picture. Its a Goldwyn release.
Also Kinogram News.

Wednesday, Sept. 3—
BRYANT WASHBURN in
"LOVE INSURANCE"
Sounds good, doesn't it? It IS good. Too good to miss. Also 2-reel Sunshine Comedy.

VOL. 9 $2.00 PER YEAR THIEF RIVER FALLS, MINN., THURSDAY, SEPTEMBER 4, 1919 12 PAGES NO. 30

EVERY CLUB MEMBER STILL HAS CHANCE TO WIN AUTO

WORKERS TODAY ARE NEITHER WINNERS NOR LOSERS AND LAST OPPORTUNITY FOR EXTRA POINTS WILL HELP DECIDE THE QUESTION—MOST EXCITING PERIOD OF THE RACE IS NOW ON—ONLY EIGHT DAYS LEFT TO WIN.

Overconfidence and Discouragement Have Lost Many Big Prizes

IF YOU EVER HOPE TO WIN YOU MUST "BURN YOUR BRIDGES" —START CASHING IN THOSE PROMISES IMMEDIATELY— BALLOT BOX TO BE LOCKED AND SEALED NEXT THURSDAY—REGULAR POINT SCALE LAST THREE DAYS OF RACE.

The special prize of $25.00 in gold was won by Frank McKnight for turning in the highest amount of money on subscriptions last week.

How Club Members Stand.

Just one more count of points will be made by the Club Manager before the judges make the final count, Saturday, September 13th, at 1 o'clock p. m. All points published today are those counted up until 12 o'clock, noon.

Frank McKnight	503,350
Mrs. Rosarie Morin	501,500
G. J. Hagen	500,000
Nova Sumpter	492,500
Martine Cloutier	482,700
John Singer	480,100
Cora Moeller	424,500
Louise Hewitt	378,000

The announcement this week of the last extra point offer to be made, will fairly plunge each and every club member into the work of obtaining the "winning points" now, while they have the opportunity. They realize that no extra points will be given from Thursday, September 11th, to Saturday, September 13th, the final closing date of the campaign. The last three days of the race will close in secret voting and on the regular schedule of points printed on the receipt books. The ballot box will be locked and sealed next Thursday at noon.

Interest General.

Everybody seems to be more or less interested in some chosen worker. Friends and relatives of the club members would be more than pleased to see their favorite win one of the automobiles. And in each district where the club member lives they are doing all in their power to see that he or she does win one of the motor cars, by not only subscribing to The Times themselves, but getting their friends and neighbors to give their support. The campaign was interesting from the very start but the real excitement is yet to come. The finish is the most interesting part.

Warning to Members.

There are two things club members should guard against—over-confidence and discouragement. A great many automobiles have been lost just on this account. It is a habit with some workers to become discouraged at the last moment and get the idea that they can't win so firmly imbedded in their minds that they refuse to do anything for themselves the last few days of the race. Without exception these club members lose out on the big awards, whereas, they could have won just as well as not, had they kept on working. In other cases the workers are of the opinion that they already have a car won, and to keep working the last few days of the campaign would be a waste of time and energy. Don't by any means get these ideas into your head. You must remember that you are not the only one who wants to own one of the motor cars. There are six others besides yourself who are trying just as hard to win as you are.

It's Pluck That Counts.

Then again there are club members who are not quite so sure of winning one of the cars, but possess plenty of pluck and perseverance, and these generally win out in the finish. And this might be the case in our campaign. Altho very few automobiles are won by a small majority, it is evident that it might happen with this race, and discouragement and over-confidence might lose for you. Don't lose one of the cars on account of poor judgment. This is indeed a very critical time and you want to posses plenty of forethought. Caution says: "Regret speaks too late—forethought speaks now."

Making Final Rounds.

Club members are out over the county making their last rounds, calling in promises made at the beginning of the soliciting campaign. The remaining eight days of the race will decide mighty big things and are your last days for first honors and reward. Each hour and word or encouragement now will count big. Points it takes to win and every available subscription secured will help wonderfully. Taking it all in all from now on to the final close, Saturday, Sept. 13th, at 1 o'clock p. m., the voting will be very heavy and spirited.

ACCIDENTS BEFALL THREE CHILDREN

MRS. N. A. IVERSON KNOCKED DOWN BY COW—BLOOD POISON SETS IN.

Three children, ranging in age from 3 to 12 years, are at the Physicians hospital as the result of accidents that befell them during the week.

The first accident occurred the first of the week when Ray Becker, 3 year old son, of Mr. and Mrs. Nick Becker, residing on a farm west of the city, fell off a grain stack and lit on his stomach. In the fall the boy ruptured his spleen and was taken to the hospital immediately. He is getting along nicely.

Herbert Adams, 12 years of age, residing with his folks near the Pembina trail, was thrown off a horse while riding on Saturday and suffered a broken arm.

Viola Holcher, ten year old daughter of Mr. and Mrs. Holcher, Horace avenue, broke her arm Saturday evening by falling from a tree in the yard. The little girl was climbing the tree and in some way lost her hold and fell to the ground.

Mrs. N. A. Iverson, who resides west of the city, is at the hospital as the result of having been knocked down and trampled by a cow at the farm the first of the week. Mrs. Iverson was badly scratched up and blood poison has set in. She is, however, getting along nicely as the case is not a very serious one.

SCOTT LAIRD

LAIRD PURCHASES STATIONERY STOCK

OPENS MODEL STORE IN MEEHAN BLOCK—HAS GOOD PROSPECTS.

Scott Laird, secretary of the Pennington County Chapter American Red Cross and formerly engaged in newspaper work in this city, has purchased the stock and fixtures in the stationery and office supply department of the Times Printing and Manufacturing company, and has moved them to the Meehan block on Second street where he will shortly be ready for business.

The stock secured by Mr. Laird is one of the best in this section, comprising practically everything in plain and fancy stationery, bookkeepers' supplies and office notions. The line is complete, having been selected by the former owners with a view to supplying a large section of country.

Mr. Laird has named his new store "The Novelty Shop," it being his intention to add a number of other lines to the stock now on hand. There is no place in the city at present covering exactly the field he intends to cultivate and there should be a good future for anyone who will go after the business. The office supply line will also be increased until the store will be in a position to meet any reasonable requirements in that direction.

With his wide acquintance and knowledge of the needs in this neighborhood, Mr. Laird should within a very short time build up a business that will be a credit to the city and himself. His aim will be to have on hand just what is wanted in the line of office supplies at all times so that vexatious and costly delays may be avoided.

Masons Hold Picnic.

Last Monday was not an ideal picnicing day but there was a good crowd out to the annual outing of the local Masonic lodge at Squaw Point. The outstanding feature of the event was the lunch, served promptly at noon. The committee and cooks had spared neither pains nor expense and the way the hungry crowd tied into the viands was in itself a compliment to the excellence of the fare.

No set program for the day had been arranged but everyone enjoyed themselves to the utmost. The threatening weather of the early part of the day no doubt kept a number of families from venturing out, but the attendance was very good at that.

BIBLE CONFERENCE OPENS ON SUNDAY

THREE MEETINGS WILL BE HELD DAILY FROM MONDAY TO FRIDAY.

The great union bible conference opens next Sunday with three mass meetings at the following hours: 3 p. m., and 8 p. m. Two addresses will be delivered at each of these meetings. In the morning Bob Moyer will preach on the subject: "We Would See Jesus," which is to be followed by a very interesting theme: "Why Retain the Book of Genesis?" by Dr. C. W. Foley.

The subject for the 3 o'clock service will be: "The Spirited Man," by Dr. Foley, who will also speak on "Soap Bubbles," followed by "The Natural Man," by Bob Moyer. In the evening Dr Foley will preach on the "Verdict of the Supreme Court," and Bob Moyer on the theme: "The 20th Century Cain."

Two meetings will be held each day the following five days from Monday to Friday, at 3 and 8 p. m. At the request of many Scandinavians, Rev. Gust F. Johnson will give three addresses in Swedish on Wednesday, Thursday and Friday afternoons at 3 o'clock. All the rest of the meetings will be in English.

The music will be under the direction of Prof. A. Danielson.

For the convenience of the visitors, meals are to be served between the meetings at the basement of the Scandinavian Evanglical church for a reasonable price.

Quiet Labor Day.

Labor day, Monday, September 1, was observed quietly in Thief River Falls and nothing was done in the way of a celebration. Banks and public offices were closed all day. Two picnics were held, one at Squaw Point and the other at Lovers' Lane, the Rural Mail carriers holding forth at the latter place and the Masons at the former. Flags were hoisted at the school grounds, auditorium and court house.

MORGAN CONFIRMED WITH MANY OTHERS

POPULAR POSTMASTER WILL CONTINUE ON JOB FOUR YEARS MORE.

A large number of postmasters—nearly a thousand of them—were made happy the first of the week when they were notified that their appointments had been approved by the senate and that their tenure of office had been extended four years more.

Among those who were thus confirmed is John Morgan, postmaster at Thief River Falls. Mr. Morgan's term expired on the fifth of last November and he was renominated by President Wilson, but in the rush incident to the closing days of congress a great many nominations failed of confirmation, and Mr. Morgan's was among them. This was not such a bad thing after all, as the appointment now dates from July 28, 1919, instead of Nov. 5, 1918.

The retention of Mr. Morgan in this post will be highly pleasing to the postoffice patrons of Thief River Falls and the surrounding country. He has been an obliging and painstaking official and the compliment of a reappointment was deserved. It is doubtful if there is a postoffice outfit in the country working under a greater handicap than that at Thief River Falls at the present time, the trouble being lack of room, but the force under the guidance of Mr. Morgan has managed to keep the plant clear and working at top-efficiency at all times.

ARMY TRUCKS WILL ARRIVE SATURDAY

LONG TRIP FROM ST. PAUL WAS BEGUN LAST EVENING BY THREE DRIVERS.

Three government army trucks will soon be at work hauling gravel for Pennington county roads.

T. P. Anderson, Eddie Schie and Gus Naplin left Sunday evening for St. Paul to secure the machines and the start for Thief River Falls was made last evening. The trip will consume approximately three days time, running at an average of fifteen miles per hour.

Application for the trucks was made by the county commissioners in June but the trucks could not be secured until this time. The county pays no rental for the machines and they will be permanent property.

At the commissioners meeting in June the matter of renting a tractor to work with the trucks in repairing roads was taken up but no action has been taken as yet. The argument was advanced that it would be necessary to hire a competent man to look after the tractors and he could also look after the trucks. It is the intention of the commissioners to put the trucks to work fixing up Pennington county roads immediately after the arrival of the large machines. The trucks are of three ton capacity.

ANNUAL PICNIC OF ELKS HERE SUNDAY

PREPARATIONS ARE ALL MADE FOR HAVING THE USUAL GOOD TIME.

The annual picnic of Elks Lodge No. 1308 of Thief River Falls, will be held at Squaw Point next Sunday. Good weather is promised and even the weather man will not dare disappoint the Elks.

Members will be expected to get to the grounds without any further invitation. They have the legal and moral right to commandeer any automobile or other vehicle going in the right direction, and climb aboard. The only stipulation not to be disregarded is that every member must be present.

There will be games and lunch, other games and more lunch. Contests of every kind permissible on Sunday will be staged and there will be a general good time on tap all day.

There are a number of members of the lodge residing in nearby towns and these are particularly invited to be present. The same holds good for any Elk who may be visiting in the city at the time.

LAST SUMMONS TO AGED LADY WHILE ALONE

HEGGE JORE, 82, FOUND MONDAY IN UPSTAIRS OF KENNISON BUILDING.

FRIEND MAKES DISCOVERY

HAD LIVED IN CITY FOR TWO YEARS AND IS SURVIVED BY COUSINS.

Miss Hegge Jore, age 82 years, 4 months, and 2 days, was found dead Monday morning in her apartments in the upstairs of the old Kennison residence, 124 Atlantic avenue north. Death was due to apoplexy, according to Coroner Froehlich, and the woman had lain on the floor of her room for at least three days after death had occurred.

The discovery was made Monday when one of the old woman's friends, who had gone to the creamery for milk, chanced to go to the deceased's rooms for the purpose of a brief morning visit. The door was found half open and Miss Jore was found lying with her face downward in a pool of blood. In falling the woman had evidently struck something and the right side of her face was badly bruised.

Coroner Froehlich was notified and at the inquest gave his verdict that death was due to apoplexy and that the woman had been dead for at least three days.

In City Two Years.

The aged woman had lived the life of a recluse in the city for practically two years and would at different times go out into the country and work and do little jobs around town. She came to the United States 35 years ago from Norway and was employed in housework and from her earnings had accumulated a good sum which she invested in property. A short time ago her brother passed away and left her a fine farm and other property holdings near the city.

Few Relatives.

The aged woman is survived only by two cousins, who reside at Plummer and Neilsville. Miss Elsie Brekke, a second cousin to the deceased, came up Monday and made arrangements for the funeral services. The body was taken to Plummer yesterday morning and funeral services were conducted at Clearwater cemetery, 13 miles northeast of Plummer, Wednesday afternoon.

THREE NABBED FOR ILLEGAL HUNTING

ALL ENTER PLEA OF GUILTY AND FINE OF $10 IS IMPOSED.

Judge N. W. Tarrant conducted a special session of municipal court Tuesday evening to hear the cases of John Johnson, Richard Doe and John Doe, alleged violaters of the state game laws. The men were arrested by Game Warden Wm. Munch and all entered a plea of guilty. As this was the offenders' first violation of the law and after they had asked the court to be as clement as possible in their case, the men were given their freedom upon the payment of the minimum fine of $10.

The men were simply charged with hunting ducks on Goose lake out of season, but had no birds in their possession when apprehended.

ICE SUPPLY ABOUT GONE; TO SHIP IN

DELIVERIES ONLY TO GROCERY HOUSES, CREAMERY AND CONFECTIONARIES.

The ice supply of the five ice houses in Thief River Falls has reached such a low stage that all deliveries to residences outside the business zone have been cancelled. This is the first time in the history of the city that an ice famine has been encountered and local icemen say that the summer has been one of the hottest on record, causing the greatest demand for ice and thereby the shortage. In former years the supply has lasted well out into the cold weather.

Ludwig Strand, manager of the Red Lake Ice company in this city, a branch of the Moorhead Ice concern, said this morning that when the supply is exhausted they contemplate shipping in several cars from Moorhead to meet the situation. He stated that he did not expect deliveries would be made to residences owing to the fact that the price would be too high caused by shipping it here from outside.

Housewives will, under the circumstances, have to manage to get along about two months without the cooling product and the icemen are in hopes that the weather will turn cool enough to prevent the spoiling of a great amount of foodstuff.

Takes On Many Soldiers.

Isak Halseth, local manager for the Minneapolis Bridge company, is entitled to one of those honor diplomas given by the war department to those who are taking discharged soldiers and sailors back into their employ. Mr. Halseth has not only given their old jobs to the boys who formerly worked for him, but has found something to do for about 60 discharged men all told. He is not looking for any credit for doing what he considers the duty of any good American, however, and it is possible that he will be overlooked in the distribution of diplomas and such things.

TWO BUILDINGS ON 3RD STREET CHANGE HANDS

GEORGE CHRISTO ACQUIRES GRUNDY BUILDING AND BEGINS IMPROVEMENTS.

PRICHARD BUYS TUPPER'S

NO CHANGES CONTEMPLATED IN TENANTRY OF LATTER.

Two real estate deals of more than ordinary interest were consummated this week. The Grundy building on Third street was sold to George Christo of the Minnesota Candy Kitchen company, while the Tupper building, located a few doors to the west of the Grundy, became the property of W. W. Prichard, Jr.

The purchase price in the Grundy property deal is understood to have been $16,000, and of the Tupper block $14,000.

Begins Remodeling.

Mr. Christo at once began the work of remodeling the west store room of the Grundy building and will move his confectionery and ice cream parlor there as soon as possible. The interior is being repainted and decorated and when completed will give the new owner one of the finest stores of its kind in this section.

The candy and ice cream manufacturing plant will be moved into the basement, which is being cement plastered and white enameled thruout. The first floor will be used as the salesroom while the second story will be rented out as at present.

Stantons May Move.

It is probable that the Thief River Cafe, owned by Stanton Brothers, will move into the room now occupied by the candy ktichen. The location is ideal and will give the added room made necessary by the growing business of the restaurant.

The Tupper block, purchased by Mr. Prichard, now has two business concerns on the ground floor—C. S. Simonson Meat and Grocery company, and A. M. Langseth, the shoe man. As near as can be learned no immediate changes are contemplated in this building, the situation remaining as at present so far as the tenants are concerned. Mr. Prichard bought the property as an investment and states that he has no other plan in view, for the present at least.

New Siren Coming.

Somewhere on the road between Chicago and Thief River Falls is a new fire siren for the city fire department and Fire Chief Paul Midderigh says it's going to be a ripping good one, too. The siren is coming on a thirty day trial and if the contrivance proves a success the city will become the owner of it. The plan is to install the siren on top of the auditorium and all fire calls turned in will be attended to by central who will press the button connected with the electric noise producer. The siren is said to be the latest on the market.

PUBLIC RECEPTION TO NEW TEACHERS

PARENTS INVITED TO MEET THEM ON FRIDAY EVENING, SEPT. 12.

The school board of District No. 18 announces that the reception to be given in honor of the teaching staff of the city will be held at the Lincoln school auditorium on Friday evening, Sept. 12.

The number of teachers who have not previously been employed in Thief River Falls is this year larger than for some time past and it is the desire of the board members that parents especially shall become acquainted with them. This in fact is the purpose of the reception and it is hoped that all parents and their friends will be present.

The term starts out with every promise of being one of the most successful in the history of the school. Supt. W. A. Ziegler has been busy outlining the general policy to be followed and getting acquainted with the situation, and things are already running with perfect smoothness.

A few of the teachers found some trouble in securing suitable rooming and boarding quarters, but this difficulty has been overcome and all are now settled for the term.

CITED FOR ACTION ON BATTLE FIELD

LEON STANTON AIDED WOUNDED ON FIELD AT CHAMPAGNE SCRAP.

For gallant services rendered on the battle field at Champagne last October, Leon Stanton, son of E. M. Stanton of this city, who recently returned from overseas duty, has been cited for bravery. Leon has been making his home for a number of years with his aunt at Omro, Wis., and enlisted in the navy shortly after the outbreak of the war between Germany and the United States. He was later transferred, on his own request, to the famous 6th Marine regiment and served in France for over a year. The 6th returned about two weeks ago and paraded down Pennsylvania avenue in Washington before President Wilson. He arrived here last Thursday for a visit.

The 6th Marine regiment fought in the great battles at Belleau Wood, Chateau Thierry, Champagne and Mont Blanc and it was in the Champagne engagement that Stanton was commended for bravery in aiding the wounded after he had been wounded and left on the field unattended.

The citation which was given to Mr. Stanton reads as follows:

"Pharmist Mate Third Class Leon R. Stanton, U. S. Uavy, attached to the 74th Co., 6th Marines. The hospital corpsman was engaged in dressing wounded men in an open field swept by machine gun and heavy shell fire. Regardless of his own safety, he worked untiringly until seriously wounded. Owing to the large number of casualties he refused assistance and left the field unattended."

The work of Leon on the battle field is a fact which his father and many friends can well feel proud over. He is at present in the service but expects to be discharged in the near future and will then take up a course at one of the universities.

Brokerage Company Moves.

Headquarters of the General Brokerage company, which acts as a general clearing house for the Nash Brothers' interests throughout the northwest, will be moved to Minneapolis from Grand Forks before the first of the year, it was announced last week. The Thief River Grocery company is included in the list of the Nash Brothers concerns. None of the other interests of Nash Brothers in Grand Forks will be affected by the removal, Mr. Finch said. It is understood that the change has long been under consideration and is due to the steady expansion of the Nash interests which require the location of headquarters at a point more centrally located than Grand Forks.

KIEWEL WILL ERECT NEW FACTORY HERE

WORK OF EXCAVATING WILL BE BEGUN IN VERY NEAR FUTURE.

Work of building a large brick factory for the manufacture of ice cream will soon be begun by the Kiewel Products company, of this city, on the vacant lot north of their present location, 124 Main avenue south.

The lot was made vacant last Saturday when the large barn was moved off east to the alley. Erick Helgeland, manager for the Kiewel company here, stated that work of excavating for the basement will began at once.

The factory that is to be erected will be a one story building similar to the Froseth building on LaBree avenue and will be 25x70 feet. The building will be used exclusively for the manufacture of ice cream. They will also operate in their present place of business but this building will be used to house malt and fruit. The buying of cream will also be done at their building near the Great Northern tracks.

The contract for excavating and building has not as yet been let but Mr. Helgeland says contractors will soon be on the job and a large part of the work will be done before it freezes up.

The Kiewel company here are manufacturers of the famous "Puritas" ice cream and they have done a thriving business during the summer and so great has been the demand that additional quarters have been deemed necessary.

Roland Thompson Returns.

Roland Thompson, formerly a resident of this city but who has lived in Minneapolis during the past two years, arrived last week and will hereafter be found in this neighborhood, at least part of the time. In company with his father, Gilbert Thompson, he has engaged in the real estate business, being particularly interested in lands in Minnesota, Iowa and North Dakota. The concern has at the present time a number of deals pending in this vicinity and both are here to look after their interests.

FROSETH MOVES TO $8,000.00 BUILDING

NEW STRUCTURE ON LABREE AVENUE MAKES NEAT HOME FOR HARNESS SHOP.

Work of moving the Carl Froseth & Sons harness shop stock was begun on Monday and the firm is now settled in their new $8,000 home on LaBree avenue.

The new structure affords an excellent place for the harness and shoe shop and is a building in which Mr. Froseth can take a vast amount of pride. The structure is a one story affair, 120 feet in length, 24½ feet in width and is 14 feet from the floor to the ceiling. The building is provided with a full basement, and also has an up-to-date store front made especially attractive with its prism window lights. A large amount of red copper is used in the construction of the front.

Mr. Froseth has secured some fine hardwood shelving and carpenters are busy setting it up, and when the shop is finished it will present a very fine appearance.

The proprietor has been engaged in business here for a long term of years and his trade has grown steadily. Last spring he decided to erect the brick structure and the wooden building was moved across the street to a vacant lot, where it has been occupied during the construction of the new brick home.

Mr. Froseth will be better fitted than ever in his new location to handle his trade with the added space for display purposes and a larger and better workroom, and will be pleased to meet all of his old and new customers at the new place of business.

Drive Still On.

The drive to secure Pennington county's quota of $4,000 for the erection of a Salvation Army citadel in Thief River Falls is still on and will continue indefinitely until the amount is raised or as near as possible. Several country districts are yet to be heard from and when they are received it is thought the sum already on hand will be swelled considerably.

PLAN TO MAKE VET RECEPTION HISTORIC EVENT

ENTIRE COUNTY WILL UNITE IN EXTENDING WELCOME TO RETURNED MEN.

EVERYTHING CLOSED TIGHT

BUSINESS HOUSES, FACTORIES AND FARMS WILL CEASE OPERATIONS.

AUTOMOBILE RACE.

A feature of the Home-coming celebration will be an automobile race in which Ford cars only will be permitted to enter. All cars must be regular stock and the race will be open to residents of Pennington county only. The distance will be five miles and each driver will be required to stop in front of the grand stand on each lap, stop his engine and start it again. There will be substantial prizes offered in this event. It is free for all and will not be pulled off unless there are at least ten entries. M. T. McFarland will be in charge with Andy Anderson as official starter.

An attempt will also be made to have an Indian pow-wow and dance.

Lieut. Bacon has promised to come over from Grand Forks and will make several airplane flights, charging the committee nothing for his services. He asks, however, that he be given passenger-carrying privileges.

The Home-coming Festival to be given by the people of Pennington county for the returned soldiers, sailors and marines is going to be the biggest event of its kind in northern Minnesota. This much can be stated with the utmost confidence, although there are a few features connected with the enterprise that are not quite so clear.

One thing that is proving rather a problem is the selection of the best date. This was originally set for Saturday, Sept. 20, and while it is satisfactory to a large number of our citizens there are others with whom it does not fit so well. To complicate matters more than ever Gov. Burnquist has announced that there will be a state-wide observance of Nov. 11 as Victory Day and suggestions that this be made the occasion for the official reception to the fighting men. Then, again, quite a number of farmers are opposed to the date set. It is pay-day at the creamery and if the banks and business houses are closed it will mean considerable inconvenience. The business men of the city also object, although not very strenously, claiming that the date falls on a Saturday during the busiest season of the year. The matter will be definitely decided at a meeting of the different committees on Friday afternoon.

One thing is certain, however, it will be some celebration when it does take place.

Something Unusual Planned.

An organization meeting was held at the auditorium last Saturday evening. K. O. Gigstad of St. Hilaire, was made general chairman and appointed his sub-committees. These in turn met at the Commercial club rooms on Tuesday evening when a tentative program was drawn up and ways and means of financing the celebration discussed. It was figured that it would take in the neighborhood of $5,000 to properly stage the affair, and the question now is how to raise this amount. If it is decided to hold the celebration on the 20th there is not sufficient time remaining in which to secure the amount thru a campaign of solicitation and this method is decidedly unsatisfactory at best. The county commissioners will be waited on by citizens representing every section of the county with a request that an appropriation be made covering the greater part of the expense, it being felt that in this manner every taxpayer will be contributing his or her share toward defraying the cost of an enterprise in which all are interested and which concerns no one person more than another. It will be purely a matter of "paying out" anyway, there being no possible opportunity for profit to anyone.

It is figured that the county board will be willing to assist in this worthy cause and the city council may also do something. Just to what extent either body will feel justified in doing it is hard to say, but it is certain that anything they do in this direction will be approved by the taxpayers.

The big feature of the celebration, if the plans of the committee are carried out as at present contemplated, will be a barbecue at which two oxen will be roasted in the open, together with all the trimmings and accessories in such case made and provided. It is figured that the commissary department will have to feed at least 5,000 persons, and this takes a rather sizable quantity of grub. The remaining features of the entertainment will not run so heavily into money, but the best opinion is that it will take $3,000 to properly put the thing across. The program for the day as suggested by the committee in charge is as follows:

Grand parade will form at the auditorium at 10 o'clock. There will be six bands in the procession and these will furnish music thruout the day.

Returned soldiers, sailors and marines in uniform.
Speakers of the day.
Community singers.
Civic and secret societies.
School children.
Fire department.
Citizens.

Barbecue at Fair Grounds.

The procession will march thru the

COUNTY SUPT. MUST PAY OWN TRAVEL COSTS

NOT ENTITLED TO COLLECT EXTRA PAY FROM COUNTY FOR VISITS.

GUNDERSON CASE DECIDED

JUDGE WATTS UPHOLDS COMMISSIONERS IN DENYING COMPENSATION.

George M. Gunderson, county superintendent of schools, is not entitled to extra compensation as traveling expenses in visiting the schools, according to a decision handed down by Judge William Watts in chambers at Crookston on Friday, and the commissioners of Pennington county are upheld in their refusal to grant such compensation.

Mr. Gunderson brought suit in the district court to compel the payment of a bill for $58.49 by the commissioners, about one half of this sum representing expenses incurred by him in visiting the schools of the county. Included in the same bill was an item for $29.96 for expenses as a delegate to the conference of state superintendents in Minneapolis. This was allowed without question, but the remainder, representing extra compensation asked by him while in the discharge of his duties within the county, was disallowed.

Suit to Recover.

The county superintendent brought suit for action and the cause came up for hearing before Judge Watts at special term of court on July 29. Mr. Gunderson was represented by Attorney E. M. Stanton while the county commissioners' position was defended by County Attorney Theo. Quale. Judge Watts ordered the arguments presented on briefs.

Finds For Defendant.

In finding that the plaintiff is not entitled to recover under the law, the court presents the following findings of facts:

"That all the allegations contained in the complaint of the plaintiff herein are true.

"That the said county of Pennington is a county having a population of less than one hundred fifty thousand and that the salary of the County Superintendent of Schools therein is not fixed by special law, and as computed under Chapter 141, Laws of Minnesota for 115 is to be not less than $1100.00 per annum. That at the regular meeting of the Board of County commissioners of Pennington county held January 7th, 1919, the said board by resolution duly adopted fixed the salary of the County Superintendent of School of Pennington at the sum of $1550.00, and provided that the Superintendent shall pay all his own expenses. That thereafter and pursuant to such resolution the defendant county through its proper officials has issued and delivered to the plaintiff its county warrants for $129.16 for each and every month. That these warrants have been accepted by the plaintiff and that he has cashed the same and kept and retained the proceeds thereof, but that he has not accepted the same as payment of any of the items for which he makes claim he should be reimbursed as in the complaint herein stated."

Allows Certain Payments.

In a memorandum attached to the findings Judge Watts says:

"I quite agree with the contention of plaintiff's counsel that Chap. 33 of the Laws of 1907 operates as a repeal of Chap. 182 of Laws of 1905, but I am of the opinion that Chap. 216 of the Laws of 1911 operates as a repeal of Chap. 33 of the Laws of 1907 and governs in this case. It provides in Sec. 4 that 'all acts and parts of acts inconsistent are repealed.' The fact that Sec. 2 provides that the county shall pay certain expenses of the superintendent tends strongly to support the view that it was the legislative intent to exclude all others not mentioned therein. Sec. 1 of said Chap. 216, Laws of 1911, is reinacted so far as it bears upon this case by Chap. 141, Laws of 1915."

VOCATIONAL OFFER IN LOCAL SCHOOLS

SPECIAL INSTRUCTION UNDER SMITH-HUGHES LAW WILL BE TAKEN UP.

The Smith-Hughes bill which provides for the continuing of the education of boys and girls who for some reason or other have had to leave school early, was passed by Congress in February, 1917, and introduces one of the biggest changes in educational work ever known. Under the old plan boys and girls, who dropped out could not come back to school without passing an examination, while their former class-mates had forged on ahead in the pursuit of their studies while they were absent for good reasons.

Under the Smith-Hughes law these boys and girls can get back into school without passing examinations and all that is asked of the them is to enroll again and such work as they can properly handle will be given to them. A great many things are provided for in this law. Thief River Falls will qualify in agriculture. It is the plan of Supt. Ziegler, of the local schools, to give Smith-Hughes work in the beginning to regular high school students, who care to take it. About October 1st it is planned to take in country boys in this work and to plan special work for them. This special work will be of such nature as they can handle.

BAUDETTE WOULD BE HEAVY SHIPPER

THOUSANDS OF CARS OF PRODUCE WOULD GO OVER NEW ROAD.

If the lines of the Minnesota Northwestern railroad company are not extended to Baudette it will not be because the people at that end are neglecting anything that might help such extension along. They are already at work gathering data to be presented to the officials of the road, as will be seen by the following from the Baudette Region:

"The committee from the board of trade who are gathering information that can be used by the Northern Electric Co., of Thief River Falls, who figure on extending the line to Baudette, are discovering information that is surprising to themselves. For instance they have dug up information that at least two thousand carloads of cedar products leave Baudette each year, to say nothing of cordwood and lumber, which would probably add another thousand cars. All other lines of freight, both incoming and outgoing, show figures that are really surprising, and the committee has no doubt that when these facts are presented the company will be more anxious than ever to extend the line to Baudette. It would pass thru

25 HAZEL FARMERS DRAW BIG CHECKS

RECORD OF JULY FALLS BELOW THAT OF JUNE BY REASON OF WET WEATHER.

Inundated fields together with cows being pestered with flies and mosquitoes in large numbers are the causes of a slight falling off in the cream output at the Hazel Co-operative creamery for the month of July, as compared to the banner month of June.

There are twenty-five patrons, who received checks for fifty dollars or more for the past month. Anton Peterson heads the list with $133.25 and Willis Roese comes second with a check for $129.26. P. W. Peterson comes in third with $108.01 to his credit. The list is as follows:

Anton Peterson	$133.25
Willis Roese	129.26
P. W. Peterson	108.01
G. O. Gustafson	105.27
Fred Dobson	104.87
J. E. Peterson	103.39
Julius Nelson	100.07
H. O. Wiken	94.55
P. Kolseth	89.76
W. E. Roese	86.04
Clarence Roese	82.88
Martin Peterson	75.93
Elling Klemmentson	73.57
Martin Mathson	72.26
O. Breiland	70.95
G. B. Tvedt	69.21
Anton Anderson	67.58
T. J. Sumpter	61.68
O. Helgeson	61.04
Christ Moe	60.70
Hans Fredrickson	60.59
O. Hegland	60.32
B. Roisland	59.42
Ole Torkelson	53.87

BAND ANNOUNCES DANCE ON SEPT. 5

REQUESTS HEAPED UPON POPULAR MUSICAL BODY TO ENCORE FAIR EVENT.

An announcement that will no doubt be received with much satisfaction by trippers of the light fantastic, was made by Conductor Cordes this morning when he said the band will open the fall dancing season Friday evening, September 5, at the auditorium.

Ever since the band gave their delightful dance at the auditorium the second night of the fair, the musicians have been importuned by friends to stage another affair and arrangements have been made to hold it next week. The music played by the local band boys is in a class all of its own and is particularly pleasing to local dance-goers. This was evidenced during the fair dance when praise was heaped upon the boys from all corners.

The band boys will start to work immediately advertising the big event of the fall and a strenuous advertising campaign will be put forth and an invitation is extended to all the nearby towns to come and enjoy an evening with the band.

New music arrives every week and at present the organization is well up with all the popular music of the day, as arrangements have been made with the large publishing houses to forward copies of the latest music as it comes off the press.

There will be at least ten pieces in the jazz orchestra, which will be formed from the band, and every one is a jazz artist.

SPENT MANY A DOLLAR IN VAIN

"I CANNOT PRAISE TANLAC TOO HIGHLY," SAYS HANNA. FEELS FINE NOW.

"I spent a lot of hard earned money on medicines and treatments during the eight years that I suffered, but nothing I ever took helped me like Tanlac," said Helmer H. Hanna, a farmer living at Westlock, Alberta, Canada, while in the Owl Drug Store in Edmonton, Alberta, recently. Mr. Hanna formerly lived in Minneapo-

LYCEUM THEATRE Thief River's Most Prominent Photo Play House

Thursday, Aug. 28— Big Special
Talented CLARA K. YOUNG, in
"THE BETTER WIFE"
See her at her best. A wonderful production at no advance in prices.
Also Christy Comedy.

Friday, Aug. 29— Special
Popular CHARLES RAY, in
"HAY FOOT, STRAW FOOT"
He was afraid to speak; afraid to tell her just what was on his mind. A fear surged through him that he had never felt in the trenches. See what happens in this, one of his special productions. Also Comedy.

Saturday, Aug. 30— Special
DUSTIN FARNUM in
"THE MAN IN THE OPEN"
Does a hasty marriage turn out well. There is an answer in "The Man in the Open." A big picture in a big way. See it.
EXTRA! Mack Sennet Comedy: "Taming Target"

BIG SPECIAL
Sunday and Monday, Aug. 31 and Sept. 1—
Smiling DOUGLAS FAIRBANKS, in
"THE KNICKERBOCKER BUCKAROO"
"Doug." starts out to do something for somebody in the "Knickerbocker Buckaroo". Doing it takes him through rip-roaring Arizona, into devil-ridden Mexico, in—and out!—of a non-escapable jail. You know Fairbanks. And the story's as good as the best he ever had. He's made you wait a long time for one of his pictures but now its here. Miss it? No! Never!
Sunday Matinee 11c and 20c. Eve. 7:30 and 9:00
15c and 25c.

Tuesday, Sept. 2— Special
REX BEACHE'S
"TOO FAT TO FIGHT"
With Frank McIntyre. A patriotic drama. You'll laugh, you'll cry, you'll cheer, you'll stand up and root for the fat man who wouldn't stay down. See this wonderful picture. Its a Goldwyn release.
Also Kinogram News.

Wednesday, Sept. 3—
BRYANT WASHBURN in
"LOVE INSURANCE"
Sounds good, doesn't it? It IS good. Too good to miss. Also 2-reel Sunshine Comedy.

COMING: Big Special —"CANNIBALS OF THE SOUTH SEA." Matinee: Sun. Wed. and Sat.

ment. Secretary N. D. Baker has approved. The total cost of British tonnage used in troop transportation is estimated at $83,757,250, the number of men carried having been 1,027,000.

A Correction.

The Times wishes to correct a mistake that appeared in its last week's edition wherein it was stated that Rev. I. T. Anstad officiated at the funeral services of Jonas Wald in place of Rev. August Bredesen, son-in-law of the deceased. It might also be added that speakers present at the Jonas Wold funeral at the residence, Zion church and cemetery were: Rev. Dahle of McIntosh; Rev. Larson, Mr. Hushagen and Mr. Stene of Erskine; Mr. and Mrs. Fosse, Mr. Engevald and Adolph Wold and Rev. Bredesen of Thief River Falls.

Kleanall to Move.

The Kleanall Suitatorium, located at 317 LaBree avenue north, for the past several years, will move down the street to the building formerly used by the Vienna bakery on September 1st. The building is much larger than the one now used by the Kleanall and has been entirely remodelled. After the death of Fred Roth the building used by him has stood empty and with the removal of the Kleanall to its new quarters, it will fill the only vacant building in that block.

EVERY CLUB MEMBER STILL HAS CHANCE TO WIN AUTO

WORKERS TODAY ARE NEITHER WINNERS NOR LOSERS AND LAST OPPORTUNITY FOR EXTRA POINTS WILL HELP DECIDE THE QUESTION—MOST EXCITING PERIOD OF THE RACE IS NOW ON—ONLY EIGHT DAYS LEFT TO WIN.

Overconfidence and Discouragement Have Lost Many Big Prizes

IF YOU EVER HOPE TO WIN YOU MUST "BURN YOUR BRIDGES" —START CASHING IN THOSE PROMISES IMMEDIATELY—BALLOT BOX TO BE LOCKED AND SEALED NEXT THURSDAY—REGULAR POINT SCALE LAST THREE DAYS OF RACE.

The special prize of $25.00 in gold was won by Frank McKnight for turning in the highest amount of money on subscriptions last week.

How Club Members Stand.

Just one more count of points will be made by the Club Manager before the judges make the final count, Saturday, *September 13th, at 1 o'clock* p. m. All points published today are those counted up until 12 o'clock, noon.

Frank McKnight	503,350
Mrs. Rosarie Marin	501,500
G. J. Hagen	500,000
Neva Sumpter	492,500
Martine Cloutier	482,700
John Singer	480,100
Cora Moeller	424,500
Louise Hewitt	378,000

The announcement this week of the last extra point offer to be made, will fairly plunge each and every club member into the work of obtaining the "winning points" now, while they have the opportunity. They realize that no extra points will be given from Thursday, September 11th, to Saturday, September 13th, the final closing date of the campaign. The last three days of the race will close in secret voting and on the regular schedule of points printed on the receipt books. The ballot box will be locked and sealed next Thursday at noon.

Interest General.

Everybody seems to be more or less interested in some chosen worker. Friends and relatives of the club members would be more than pleased to see their favorite win one of the automobiles. And in each district where the club member lives they are doing all in their power to see that he or she does win one of the motor cars, by not only subscribing to The Times themselves, but getting their friends and neighbors to give their support. The campaign was interesting from the very start but the real excitement is yet to come. The finish is the most interesting part.

Warning to Members.

There are two things club members should guard against—over-confidence and discouragement. A great many automobiles have been lost just on this account. It is a habit with some workers to become discouraged at the last moment and get the idea that they can't win so firmly imbedded in their minds that they refuse to do anything for themselves the last few days of the race. Without exception these club members lose out on the big awards, whereas, they could have won just as well as not, had they kept on working. In other cases the workers are of the opinion that they already have a car won, and to keep working the last few days of the campaign would be a waste of time and energy. Don't by any means get these ideas into your head. You must remember that you are not the only one who wants to own one of the motor cars. There are six others besides yourself who are trying just as hard to win as you are.

It's Pluck That Counts.

Then again there are club members who are not quite so sure of winning one of the cars, but possess plenty of pluck and perseverance, and these generally win out in the finish. And this might be the case in our campaign. Altho very few automobiles are won by a small majority, it is evident that it might happen with this race, and discouragement and over-confidence might lose for you. Don't lose one of the cars on account of poor judgment. This is indeed a very critical time and you want to possess plenty of forethought. Caution says: "Regret speaks too late—forethought speaks now."

Making Final Rounds.

Club members are out over the county making their last rounds, calling in promises made at the beginning of the soliciting campaign. The remaining eight days of the race will decide mighty big things and are your last days for first honors and reward. Each hour and word or encouragement now will count big. Points it takes to win and every available subscription secured will help wonderfully. Taking it all in all from now on to the final close, Saturday, Sept. 13th, at 1 o'clock p. m., the voting will be very heavy and spirited.

ACCIDENTS BEFALL THREE CHILDREN

MRS. N. A. IVERSON KNOCKED DOWN BY COW—BLOOD POISON SETS IN.

Three children, ranging in age from 3 to 12 years, are at the Physicians hospital as the result of accidents that befell them during the week.

The first accident occurred the first of the week when Ray Becker, 3 year old son of Mr. and Mrs. Nick Becker, residing on a farm west of the city, fell off a grain stack and lit on his stomach. In the fall the boy ruptured his spleen and was taken to the hospital immediately. He is getting along nicely.

Herbert Adams, 12 years of age, residing with his folks near the Pembina trail, was thrown off a horse while riding on Saturday and suffered a broken arm.

Viola Holcher, ten year old daughter of Mr. and Mrs. Holcher, Horace avenue, broke her arm Saturday evening by falling from a tree in the yard. The little girl was climbing the tree and in some way lost her hold and fell to the ground.

Mrs. N. A. Iverson, who resides west of the city, is at the hospital as the result of having been knocked down and trampled by a cow at the farm the first of the week. Mrs. Iverson was badly scratched up and blood poison has set in. She is, however, getting along nicely as the case is not a very serious one.

SCOTT LAIRD

LAIRD PURCHASES STATIONERY STOCK

OPENS MODEL STORE IN MEEHAN BLOCK—HAS GOOD PROSPECTS.

Scott Laird, secretary of the Pennington County Chapter American Red Cross and formerly engaged in newspaper work in this city, has purchased the stock and fixtures in the stationery and office supply department of the Times Printing and Manufacturing company, and has moved them to the Meehan block on Second street where he will shortly be ready for business.

The stock secured by Mr. Laird is one of the best in this section, comprising practically everything in plain and fancy stationery, bookkeepers' supplies and office notions. The line is complete, having been selected by the former owners with a view to supplying a large section of country.

Mr. Laird has named his new store "The Novelty Shop," it being his intention to add a number of other lines to the stock now on hand. There is no place in the city at present covering exactly the field he intends to cultivate and there should be a good future for anyone who will go after the business. The office supply line will also be increased until the store will be in a position to meet any reasonable requirements in that direction.

With his wide acquaintance and knowledge of the needs in this neighborhood, Mr. Laird should within a very short time build up a business that will be a credit to the city and himself. His aim will be to have on hand just what is wanted in the line of office supplies at all times so that vexatious and costly delays may be avoided.

Masons Hold Picnic.

Last Monday was not an ideal picnicing day but there was a good crowd out to the annual outing of the local Masonic lodge at Squaw Point. The outstanding feature of the event was the lunch, served promptly at noon. The committee and cooks had spared neither pains nor expense and the way the hungry crowd tied into the viands was in itself a compliment to the excellence of the fare.

No set program for the day had been arranged but everyone enjoyed themselves to the utmost. The threatening weather of the early part of the day no doubt kept a number of families from venturing out, but the attendance was very good at that.

BIBLE CONFERENCE OPENS ON SUNDAY

THREE MEETINGS WILL BE HELD DAILY FROM MONDAY TO FRIDAY.

The great union bible conference opens next Sunday with three mass-meetings at the following hours; 3 p. m., and 8 p. m. Two addresses will be delivered at each of these meetings. In the morning Bob Moyer will preach on the subject: "We Would See Jesus," which is to be followed by a very interesting theme: "Why Retain the Book of Genesis?" by Dr. C. W. Foley.

The subject for the 3 o'clock service will be: "The Spirited Man," by Dr. Foley, who will also speak on "Soap Bubbles," followed by "The Natural Man," by Bob Moyer. In the evening Dr. Foley will preach on the "Verdict of the Supreme Court," and Bob Moyer on the theme: "The 20th Century Cain."

Two meetings will be held each day the following five days from Monday to Friday, at 3 and 8 p. m. At the request of many Scandinavians, Rev. Gust F. Johnson will give three addresses in Swedish on Wednesday, Thursday and Friday afternoons at 3 o'clock. All the rest of the meetings will be in English.

The music will be under the direction of Prof. A. Danielson.

For the convenience of the visitors, meals are to be served between the meetings at the basement of the Scandinavian Evangelical church for a reasonable price.

Quiet Labor Day.

Labor day, Monday, September 1, was observed quietly in Thief River Falls and nothing was done in the way of a celebration. Banks and public offices were closed all day. Two picnics were held, one at Squaw Point and the other at Lovers' Lane, the Rural Mail carriers holding forth at the latter place and the Masons at the former. Flags were hoisted at the school grounds, auditorium and court house.

MORGAN CONFIRMED WITH MANY OTHERS

POPULAR POSTMASTER WILL CONTINUE ON JOB FOUR YEARS MORE.

A large number of postmasters—nearly a thousand of them—were made happy the first of the week when they were notified that their appointments had been approved by the senate and that their tenure of office had been extended four years more.

Among those who were thus confirmed is John Morgan, postmaster at Thief River Falls. Mr. Morgan's term expired on the fifth of last November and he was renominated by President Wilson, but in the rush incident to the closing days of congress a great many nominations failed of confirmation, and Mr. Morgan's was among them. This was not such a bad thing after all, as the appointment now dates from July 28, 1919, instead of Nov. 5, 1918.

The retention of Mr. Morgan in this post will be highly pleasing to the postoffice patrons of Thief River Falls and the surrounding country. He has been an obliging and painstaking official and the compliment of a reappointment was deserved. It is doubtful if there is a postoffice outfit in the country working under a greater handicap than that at Thief River Falls at the present time, the trouble being lack of room, but the force under the guidance of Mr. Morgan has managed to keep the plant clear and working at top-efficiency at all times.

ARMY TRUCKS WILL ARRIVE SATURDAY

LONG TRIP FROM ST. PAUL WAS BEGUN LAST EVENING BY THREE DRIVERS.

Three government army trucks will soon be at work hauling gravel for Pennington county roads.

Fred Anderson, Eddie Schie and Gus Naplin left Sunday evening for St. Paul to secure the machines and the start for Thief River Falls was made last evening. The trip will consume approximately three days time, running at an average of fifteen miles per hour.

Application for the trucks was made by the county commissioners in June but the trucks could not be secured until this time. The county pays no rental for the machines and they will be permanent property.

At the commissioners meeting in June the matter of renting a tractor to work with the trucks in repairing roads was taken up but no action has been taken as yet. The argument was advanced that it would be necessary to hire a competent man to look after the tractors and he could also look after the trucks. It is the intention of the commissioners to put the trucks to work fixing up Pennington county roads immediately after the arrival of the large machines. The trucks are of three ton capacity.

ANNUAL PICNIC OF ELKS HERE SUNDAY

PREPARATIONS ARE ALL MADE FOR HAVING THE USUAL GOOD TIME.

The annual picnic of Elks Lodge No. 1308 of Thief River Falls, will be held at Squaw Point next Sunday. Good weather is promised and even the weather man will not dare disappoint the Elks.

Members will be expected to get to the grounds without any further invitation. They have the legal and moral right to commandeer any automobile or other vehicle going in the right direction, and climb aboard. The only stipulation not to be disregarded is that every member must be present.

There will be games and lunch, other games and more lunch. Contests of every kind permissible on Sunday will be staged and there will be a general good time on tap all day.

There are a number of members of the lodge residing in nearby towns and these are particularly invited to be present. The same holds good for any Elk who may be visiting in the city at the time.

LAST SUMMONS TO AGED LADY WHILE ALONE

HEGGE JORE, 82, FOUND MONDAY IN UPSTAIRS OF KENNISON BUILDING.

FRIEND MAKES DISCOVERY

HAD LIVED IN CITY FOR TWO YEARS AND IS SURVIVED BY COUSINS.

Miss Hegge Jore, age 82 years, 4 months, and 2 days, was found dead Monday morning in her apartments in the upstairs of the old Kennison residence, 124 Atlantic avenue north. Death was due to apoplexy, according to Coroner Froehlich and the woman had lain on the floor of her room for at least three days after *death had occurred.*

The discovery was made Monday when one of the old woman's friends, who had gone to the creamery for milk, chanced to go to the deceased's rooms for the purpose of a brief morning visit. The door was found half open and Miss Jore was found lying with her face downward in a pool of blood. In falling the woman had evidently struck something and the right side of her face was badly bruised.

Coroner Froehlich was notified and at the inquest gave his verdict that death was due to apoplexy and that the woman had been dead for at least three days.

In City Two Years.

The aged woman had lived the life of a recluse in the city for practically two years and would at different times go out into the country and work and do little jobs around town. She came to the United States 35 years ago from Norway and was employed in housework and from her earnings had accumulated a good sum which she invested in property. A short time ago her brother passed away and left her a fine farm and other property holdings near the city.

Few Relatives.

The aged woman is survived only by two cousins, who reside at Plummer and Neilsville. Miss Elsie Brekke, a second cousin to the deceased, came up Monday and made arrangements for the funeral services. The body was taken to Plummer yesterday morning and funeral services were conducted at Clearwater cemetery, 13 miles northeast of Plummer, Wednesday afternoon.

THREE NABBED FOR ILLEGAL HUNTING

ALL ENTER PLEA OF GUILTY AND FINE OF $10 IS IMPOSED.

Judge N. W. Tarrant conducted a special session of municipal court Tuesday evening to hear the cases of John Johnson, Richard Doe and John Doe, alleged violaters of the state game laws. The men were arrested by Game Warden Wm. Munch and all entered a plea of guilty. As this was the offenders' first violation of the law and after they had asked the court to be as clement as possible in their case, the men were given their freedom upon the payment of the minimum fine of $10.

The men were simply charged with hunting ducks on Goose lake out of season, but had no birds in their possession when apprehended.

ICE SUPPLY ABOUT GONE; TO SHIP IN

DELIVERIES ONLY TO GROCERY HOUSES, CREAMERY AND CONFECTIONARIES.

The ice supply of the five ice houses in Thief River Falls has reached such a low stage that all deliveries to residences outside the business zone have been cancelled. This is the first time in the history of the city that an ice famine has been encountered and local icemen say that the summer has been one of the hottest on record, causing the greatest demand for ice and thereby the shortage. In former years the supply has lasted well out into the cold weather.

Ludwig Strand, manager of the Red Lake Ice company in this city, a branch of the Moorhead Ice concern, said this morning that when the supply is exhausted they contemplate shipping in several cars from Moorhead to meet the situation. He stated that he did not expect deliveries would be made to residences owing to the fact that the price would be too high caused by shipping it here from outside.

Housewives will, under the circumstances, have to manage to get along about two months without the cooling product and the icemen are in hopes that the weather will turn cool enough to prevent the spoiling of a great amount of foodstuff.

Takes On Many Soldiers.

Isak Halseth, local manager for the Minneapolis Bridge company, is entitled to one of those honor diplomas given by the war department to those who are taking discharged soldiers and sailors back into their employ. Mr. Halseth has not only given their old jobs to the boys who formerly worked for him, but has found something to do for about 60 discharged men all told. He is not looking for any credit for doing what he considers the duty of any good American, however, and it is possible that he will be overlooked in the distribution of diplomas and such things.

TWO BUILDINGS ON 3RD STREET CHANGE HANDS

GEORGE CHRISTO ACQUIRES GRUNDY BUILDING AND BEGINS IMPROVEMENTS.

PRICHARD BUYS TUPPER'S

NO CHANGES CONTEMPLATED IN TENANTRY OF LATTER.

Two real estate deals of more than ordinary interest were consummated this week. The Grundy building on Third street was sold to George Christo of the Minnesota Candy Kitchen company, while the Tupper building, located a few doors to the west of the Grundy, became the property of W. W. Prichard, Jr.

The purchase price in the Grundy property deal is understood to have been $16,000, and of the Tupper block $14,000.

Begins Remodeling.

Mr. Christo at once began the work of remodeling the west store room of the Grundy building and will move his confectionery and ice cream parlor there as soon as possible. The interior is being repainted and decorated and when completed will give the new owner one of the finest stores of its kind in this section.

The candy and ice cream manufacturing plant will be moved into the basement, which is being cement plastered and white enameled thruout. The first floor will be used as the salesroom while the second story will be rented out as at present.

Stantons May Move.

It is probable that the Thief River Cafe, owned by Stanton Brothers, will move into the room now occupied by the candy ktichen. The location is ideal and will give the added room made necessary by the growing business of the restaurant.

The Tupper block, purchased by Mr. Prichard, now has two business concerns on the ground floor—C. S. Simonson Meat and Grocery company, and A. M. Langseth, the shoe man. As near as can be learned no immediate changes are contemplated in this building, the situation remaining as at present so far as the tenants are concerned. Mr. Prichard bought the property as an investment and states that he has no other plan in view, for the present at least.

New Siren Coming.

Somewhere on the road between Chicago and Thief River Falls is a new fire siren for the city fire department and Fire Chief Paul Midderigh says it's going to be a ripping good one, too. The siren is coming on a thirty day trial and if the contrivance proves a success the city will become the owner of it. The plan is to install the siren on top of the auditorium and all fire calls turned in will be attended to by central who will press the button connected with the electric noise producer. The siren is said to be the latest on the market.

PUBLIC RECEPTION TO NEW TEACHERS

PARENTS INVITED TO MEET THEM ON FRIDAY EVENING, SEPT. 12.

The school board of District No. 18 announces that the reception to be given in honor of the teaching staff of the city will be held at the Lincoln school auditorium on Friday evening, Sept. 12.

The number of teachers who have not previously been employed in Thief River Falls is this year larger than for some time past and it is the desire of the board members that parents especially shall become acquainted with them. This in fact is the purpose of the reception and it is hoped that all parents and their friends will be present.

The term starts out with every promise of being one of the most successful in the history of the school. Supt. W. A. Ziegler has been busy outlining the general policy to be followed and getting acquainted with the situation, and things are already running with perfect smoothness.

A few of the teachers found some trouble in securing suitable rooming and boarding quarters, but this difficulty has been overcome and all are now settled for the term.

CITED FOR ACTION ON BATTLE FIELD

LEON STANTON AIDED WOUNDED ON FIELD AT CHAMPAGNE SCRAP.

For gallant services rendered on the battle field at Champagne last October, Leon Stanton, son of E. M. Stanton of this city, who recently returned from overseas duty, has been cited for bravery. Leon has been making his home for a number of years with his aunt at Omro, Wis., and enlisted in the navy shortly after the outbreak of the war between Germany and the United States. He was later transferred, on his own request, to the famous 6th Marine regiment and served in France for over a year. The 6th returned about two weeks ago and paraded down Pennsylvania avenue in Washington before President Wilson. He arrived here last Thursday for a visit.

The 6th Marine regiment fought in the great battles at Belleau Wood, Chateau Thierry, Champagne and Mont Blanc and it was in the Champagne engagement that Stanton was commended for bravery in aiding the wounded after he had been wounded and left on the field unattended.

The citation which was given to Mr. Stanton reads as follows:

"Pharmist Mate Third Class Leon R. Stanton, U. S. Uavy, attached to the 74th Co., 6th Marines. The hospital corpsman was engaged in dressing wounded men in an open field swept by machine gun and heavy shell fire. Regardless of his own safety, he worked untiringly until seriously wounded. Owing to the large number of casualties he refused assistance and left the field unattended."

The work of Leon on the battle field is a fact which his father and many friends can well feel proud over. He is at present in the service but expects to be discharged in the near future and will then take up a course at one of the universities.

Brokerage Company Moves.

Headquarters of the General Brokerage company, which acts as a general clearing house for the Nash Brothers' interests throughout the northwest, will be moved to Minneapolis from Grand Forks before the first of the year, it was announced last week. The Thief River Grocery company is included in the list of the Nash Brothers concerns. None of the other interests of Nash Brothers in Grand Forks will be affected by the removal, Mr. Finch said. It is under*stood that the change has long been* under consideration and is due to the steady expansion of the Nash interests which require the location of headquarters at a point more centrally located than Grand Forks.

KIEWEL WILL ERECT NEW FACTORY HERE

WORK OF EXCAVATING WILL BE BEGUN IN VERY NEAR FUTURE.

Work of building a large brick factory for the manufacture of ice cream will soon be begun by the Kiewel Products company, of this city, on the vacant lot north of their present location, 124 Main avenue south.

The lot was made vacant last Saturday when the large barn was moved off east to the alley. Erick Helgeland, manager for the Kiewel company here, stated that work of excavating for the basement will began at once.

The factory that is to be erected will be a one story building similar to the Froseth building on LaBree avenue and will be 25x70 feet. The building will be used exclusively for the manufacture of ice cream. They will also operate in their present place of business but this building will be used to house malt and fruit. The buying of cream will also be done at their building near the Great Northern tracks.

The contract for excavating and building has not as yet been let but Mr. Helgeland says contractors will soon be on the job and a large part of the work will be done before it freezes up.

The Kiewel company here are manufacturers of the famous "Puritan" ice cream and they have done a thriving business during the summer and so great has been the demand that additional quarters have been deemed necessary.

Roland Thompson Returns.

Roland Thompson, formerly a resident of this city but who has lived in Minneapolis during the past two years, arrived last week and will hereafter be found in this neighborhood, at least part of the time. In company with his father, Gilbert Thompson, he has engaged in the real estate business, being particularly interested in lands in Minnesota, Iowa and North Dakota. The concern has at the present time a number of deals pending in this vicinity and both are here to look after their interests.

FROSETH MOVES TO $8,000.00 BUILDING

NEW STRUCTURE ON LABREE AVENUE MAKES NEAT HOME FOR HARNESS SHOP.

Work of moving the Carl Froseth & Sons harness shop stock was begun on Monday and the firm is now settled in their new $8,000 home on LaBree avenue.

The new structure affords an excellent place for the harness and shoe shop and is a building in which Mr. Froseth can take a vast amount of pride. The structure is a one story affair, 120 feet in length, 24½ feet in width and is 14 feet from the floor to the ceiling. The building is provided with a full basement, and also has an up-to-date store front made especially attractive with its prism window lights. A large amount of red copper is used in the construction of the front.

Mr. Froseth has secured some fine hardwood shelving and carpenters are busy setting it up, and when the shop is finished it will present a very fine appearance.

The proprietor has been engaged in business here for a long term of years and his trade has grown steadily. Last spring he decided to erect the brick structure and the wooden building was moved across the street to a vacant lot, where it has been occupied during the construction of the new brick home.

Mr. Froseth will be better fitted than ever in his new location to handle his trade with the added space for display purposes and a larger and better workroom, and will be pleased to meet all of his old and new customers at the new place of business.

Drive Still On.

The drive to secure Pennington county's quota of $4,000 for the erection of a Salvation Army citadel in Thief River Falls is still on and will continue indefinitely until the amount is raised or as near as possible. Several country districts are yet to be heard from and when they are received it is thought the sum already on hand will be swelled considerably.

PLAN TO MAKE VET RECEPTION HISTORIC EVENT

ENTIRE COUNTY WILL UNITE IN EXTENDING WELCOME TO RETURNED MEN.

EVERYTHING CLOSED TIGHT

BUSINESS HOUSES, FACTORIES AND FARMS WILL CEASE OPERATIONS.

AUTOMOBILE RACE.

A feature of the Home-coming celebration will be an automobile race in which Ford cars only will be permitted to enter. All cars must be regular stock and the race will be open to residents of Pennington county only. The distance will be five miles and each driver will be required to stop in front of the grand stand on each lap, stop his engine and start it again. There will be substantial prizes offered in this event. It is free for all and will not be pulled off unless there are at least ten entries. M. T. McFarland will be in charge with Andy Anderson as official starter.

An attempt will also be made to have an Indian pow-wow and dance.

Lieut. Bacon has promised to come over from Grand Forks and will make several airplane flights, charging the committee nothing for his services. He asks, however, that he be given passenger-carrying privileges.

The Home-coming Festival to be given by the people of Pennington county for the returned soldiers, sailors and marines is going to be the biggest event of its kind in northern Minnesota. This much can be stated with the utmost confidence, although there are a few features connected with the enterprise that are not quite so clear.

One thing that is proving rather a problem is the selection of the best date. This was originally set for Saturday, Sept. 20, and while it is satisfactory to a large number of our citizens there are others with whom it does not fit so well. To complicate matters more than ever Gov. Burnquist has announced that there will be a state-wide observance of Nov. 11 as Victory Day and suggestions that this be made the occasion for the official reception to the fighting men. Then, again, quite a number of farmers are opposed to the date set. It is pay-day at the creamery and if the banks and business houses are closed it will mean considerable inconvenience. The business men of the city also object, although not very strenuously, claiming that the date falls on a Saturday during the busiest season of the year. The matter will be definitely decided at a meeting of the different committees on Friday afternoon.

One thing is certain, however, it will be some celebration when it does take place.

Something Unusual Planned.

An organization meeting was held at the auditorium last Saturday evening. K. O. Gigstad of St. Hilaire, was made general chairman and appointed his sub-committees. These in turn met at the Commercial club rooms on Tuesday evening when a tentative program was drawn up and ways and means of financing the celebration discussed. It was figured that it would take in the neighborhood of $5,000 to properly stage the affair, and the question now is how to raise this amount. If it is decided to hold the celebration on the 20th there is not sufficient time remaining in which to secure the amount thru a campaign of solicitation and this method is decidedly unsatisfactory at best. The county commissioners will be waited on by citizens representing every section of the county with a request that an appropriation be made covering the greater part of the expense, it being felt that in this manner every taxpayer will be contributing his or her share toward defraying the cost of an enterprise in which all are interested and which concerns no one person more than another. It will be purely a matter of "paying out" anyway, there being no possible opportunity for profit to anyone.

It is figured that the county board will be willing to assist in this worthy cause and the city council may also do something. Just to what extent either body will feel justified in doing it is hard to say, but it is certain that anything they do in this direction will be approved by the taxpayers.

The big feature of the celebration, if the plans of the committee are carried out as at present contemplated, will be a barbecue at which two oxen will be roasted in the open, together with all the trimmings and accessories in such case made and provided. It is figured that the commissary department will have to feed at least 5,000 persons, and this takes a rather sizable quantity of grub. The remaining features of the entertainment will not run so heavily into money, but the best opinion is that it will take $3,000 to properly put the thing across. The program for the day as suggested by the committee in charge is as follows:

Grand parade will form at the auditorium at 10 o'clock. There will be six bands in the procession and these will furnish music thruout the day.

Returned soldiers, sailors and marines in uniform.
Speakers of the day.
Community singers.
Civic and secret societies.
School children.
Fire department.
Citizens.

Barbecue at Fair Grounds.

The procession will march thru the

principal streets of the city and to the Pennington county fair grounds where the festivities of the afternoon will be staged. The following tentative program has been presented:

Music by combined bands.
Community singing.
Address by speaker of the day.
Singing.
Sports and races.
Grand barbecue. Everybody fall to and help eat the roast ox and other good things provided.
Grand Bowery dance down town commencing at 3 p. m. Plenty of room for all.
Sports and races on the streets.
Log rolling contest.
Exhibition runs by fire department; ladder climbing and water fights.
Splendid vaudeville entertainment at auditorium.
Sparring exhibition and athletic contests.
Dancing at open air bowery, auditorium and skating rink.

Everything Free.

No charge is to be made for any of the above. Everything will be free and all will be welcome. A special invitation is extended to the returned soldiers of Polk, Beltrami, Red Lake, Roseau and Marshall counties, as well as their relatives and friends, to come and assist in welcoming the boys and incidentally to have the time of their lives.

Men discharged from service are asked to wear their uniforms.

The Committees.

The following have been appointed on the different committees to look after the details of the affair:

General Committee and Finance—K. O. Gigstad, chairman; S. O. Lee, John Morgan, W. W. Prichard, Jr., Palmer Tvedt, Oscar J. Peterson, R. M. Johnson. T. P. Anderson, secretary.

Committee on Speaking—Dr. G. A. Penney, Dr. C. R. Crandall, E. M. Stanton.

Committee on Publicity—E. O. Mogensen, chairman; T. J. Austad, Scott Laird, R. B. McWilliams, Oscar Gunstad, St. Hilaire; I. D. Converse, Goodridge.

Committee on Entertainments—A. J. Anderson, chairman; Dr. G. A. Penney, W. B. Fuller, A. J. Hed, Ben Rosendahl, Paul Borgie, J. P. Jensen, John Funnesdahl.

Committee on Refreshments—F. H. Herrick, chairman; Emil Zeh, Fred Beerbower, H. A. Brumund, Christ Storholm.

Committee on Sports—Perl W. Mabey, chairman, W. J. LaBree, Roy Lambert, L. A. Lampert, P. J. Keating, H. C. Johnson, Karl Korstad, Stephen Singer, M. J. Thiege.

Committee on Decorations—H. C. Johnson, chairman; T. L. Melgaard, H. S. Dahlen, R. McGinn, C. L. Hansen.

ANNIVERSARY OF HOSPITAL OPENING

DINNER GIVEN TO STAFF BY DR. AND MRS. FROEHLICH, AT EVELYN.

The Physicians hospital in this city has been running for four years and the anniversary was pleasantly brought to the attention of the staff Friday evening when a dinner was given in their honor at the Evelyn hotel by Dr. and Mrs. H. W. Froehlich. Those present were: Dr. and Mrs. O. E. Mellby, Dr. and Mrs. L. F. Fisher, Dr. and Mrs. Jacob Biedermann, Dr. and Mrs. A. W. Swedenberg, Dr. A. J. Paulson and Miss Natalie Chester, superintendent of the hospital.

After dinner the ladies had coffee served in the hotel parlors and spent the evening at bridge while the gentlemen held an unofficial meeting to talk over matters pertaining to the institution in which they take such just pride.

In recounting the progress made at the hospital it was found that when it was first opened one nurse and a housekeeper was all the force required. Now there are ten nurses besides the superintendent and the building is too small to accommodate all those who seek admittance. There have been 2,000 patients treated since the opening date and the record made is one of which any hospital in the state might well be proud.

SAY EXPENSE OF SCHOOL VISITING SHOULD BE PAID

"COMMITTEE OF FIVE" SUBMITS ARGUMENT FAVORING MR. GUNDERSON.

DISTRICTS WOULD SUFFER

VISITS CANNOT BE MADE UNLESS EXTRA PAY IS ALLOWED, IS CLAIM.

(The following communication has been received with the request that it be published. It is signed by five residents of Pennington county who request that their signatures be not made public.)—Ed.

In one of the January numbers of the Thief River Falls Times, we note the following: "The salary of the county superintendent of schools was set at $1,550.00 for the coming year." We, the members of five of the rural school boards of education of this county, understood this to mean actually what it read. We did not know there was this clause attached: "He (the Supt.) to pay all his own expense."

Our present county superintendent, we understand, appeared before the members of our county board at the time of the setting of county officers' salaries, and notified them that he wanted all his traveling expenses paid according to law, as in that way he could give the rural schools the supervision asked for. Upon the contention that our school laws were correct as stated in Sec. 272. "The county board of each county of the state of Minnesota shall audit and if found correct allow duly itemized and verified claims of the county superintendent of schools for actual and necessary traveling expenses, incurred and paid by him or his assistant in the conduct of his official duties as county superintendent of schools.) He (the Supt.) appealed to the county board, with the result that he was told to pay his own expense.

This action of the board was thru a letter brought to the attention of the Department of Education and the following reply received:

"State of Minnesota, Department of Education, St. Paul, April 22nd, 1919. Supt. Geo. Gunderson, Thief River Falls, Minnesota. Dear Mr. Gunderson:—As was stated in the previous letter we referred your inquiry of the 9th to the Attorney General, and we have just received the following reply, which was written by Montreville J. Brown, Assistant Attorney General:

"'In answer to yours of above date you are advised that a board of county commissioners of the county of the class to which you refer has no authority to fix the amount which shall be paid during any one year to the county superintendent of schools, to cover his actual and necessary traveling expenses, and provide that the same shall be paid to him in equal monthly installments.

"'Under Section 1016 G. S. 1919, the authority of a county board is limited to auditing and allowing, when found correct, duly itemized and verified claims of the county superintendent for actual and necessary traveling expenses incurred and paid by him or his assistant in the conduct of his official duties as county superintendent of schools. The county superintendent of schools should present itemized and verified claims for actual and necessary traveling expense incurred as aforesaid to the county board for allowance. If they are correct, it becomes the duty of the county board to allow same. If the board disallows them, on the theory that they have fixed the amount to which he is entitled, such county superintendent should appeal from the order of the county board disallowing his claim to the district court. Yours truly, P. C. Tonning, Deputy Superintendent.'"

Since, as you will note, the department, for the sake of giving the rural schools of Pennington county the proper supervision, ordered that the county superintendent should appeal to the district court, he had only one choice after presenting his traveling expense bill to the county board, who disallowed it. That choice was to appeal. This he did with the result quoted in last week's issue of The Times.

Our county superintendent took this appeal to the district court for the reason that he believed that the rural schools of Pennington county needed the same supervision as the rural schools of our adjoining counties of Marshall and Red Lake, who pay all traveling expenses of their county superintendents of schools. Pennington county, as far as we are able to learn, is an exception in this regard as compared with all other counties of the state. Our county superintendent went to this expense for the best interests of our rural schools, not for personal gain. If he had not the best interests of our schools in view, he would have dropped this matter at first notice and made five and ten minute calls at our schools, covering three or four a day, simply to comply with that provision of the law that requires the superintendent to visit every school once every term. This our county superintendent does not term supervision, we are sure. It would be more like joy-riding thru the county saving money for the county and himself at the expense of the schools.

Our county commissioners get mileage at the rate of ten cents per mile for necessary travel in the discharge of their duties. Our sheriff gets a salary of around $1500.00 per year together with fees and necessary traveling expenses. The county auditor gets his necessary traveling expenses. Every county official who contracts traveling expenses in the interest of the county is reimbursed with the exception of the county superintendent, who has with the supervision of our schools, the foundation of good citizenship, to do is supposed to do this at his own expense.

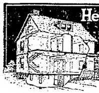
Some time ago a large delegation of farmers, business men and others called upon our county board of county commissioners to save our farm bureau, which is a grand and progressive movement. Our county agent gets a salary of $1800.00 per year together with traveling expenses. This delegation asked the board for an appropriation of $1500.00 to partly defray expenses connected with that office. The appropriation was granted. At that meeting it was brought out that the farmers had in several instances gained considerable by the supervision of their farms by the county agent. In one case cited, the agent had prevented an epidemic of hog-cholera by being called out at the proper time to one of the farms located in this county. In another case he had in the same manner prevented the spread of a contagious cattle disease. In still another case he had been called out to save the growing crops from devastation of grasshoppers. This is all good and well and the board thought so, therefore they made the appropriation. Now when this is of such an importance do you parents, members of rural school boards, tax-payers and others believe that our county superintendent of schools should not be extended the privilege of visiting our schools when he is called to do so? Do we understand that our farm animals and farm crops are of more importance than our boys and girls? We are of the belief that if the rural schools of this our county shall measure up to the standard of our adjoining counties we must in a body, if no other way, call upon our honorable county commissioners, and demand that our boys and girls be given first consideration thru the proper supervision of our schools. We do not want supervision of our schools to be at a premium. No wonder our past superintendent of schools was handicapped as far as supervision of schools was concerned. This was one of the reasons the voters made a change in this office, blaming him for the offense. We must heartily thank our present county superintendent for taking this appeal and thereby establishing the blame where it belongs. If under present conditions he is not in a position to give our schools the required supervision, it is no fault of his.

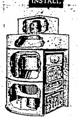
Mr. Gunderson has advised us that he has left this matter to the decision of the school boards of the rural schools and the state department of education. He is still willing for the welfare of our schools to go by their advice. If they order an appeal to the supreme court he will consider it. He feels, that when the public elected him to this office they expect of him to do his duty and that nothing which can be overcome should prevent him from doing so. Let us as parents and members of the different school boards join him in his fight for better rural schools.

The following letter received by Mr. Gunderson at the time the judge's decision was pending, is hereby published to show the State Department's attitude towards him:

"St. Paul, August 25, 1919. Supt. Geo. M. Gunderson, Thief River Falls, Minn. Dear Mr. Gunderson:—Your letter rather appeals to me. I am glad you are standing for your rights, as I am sure that the law says that you shall be reimbursed for your expenditures, and I should take nothing less. Many of the county superintendents in the state have foolishly worked for a given sum which was far below their real expenses. The law does not require it, and I am glad that you are standing for your rights. Sincerely yours, Annie Shelland, Assistant Inspector of Rural Schools."

This is sufficient proof that Mr. Gunderson does not seek "extra compensation" as stated in the article appearing in The Times in last week's issue.





Heat Your House All Over At Low Cost

Modernize your home! Enjoy the benefits of a heating plant that brings comfort to every room and *reduces your fuel bills.*

The "Richardson" One-Pipe System is easily and quickly installed—no tearing up of partitions and walls. Only one pipe and one register. People everywhere are doing away with the dust and inconvenience of stoves and putting in the

Opening Display of Autumn Wear of Particular Interest to Women

You can come here to learn of the New Styles with assurance.

On every hand you will find the best products of the most skillful designers, arranged for your most convenient selection. A trip through this store now will give you an authoritative review of the Styles that are most favored for the New Season.

The New Fabrics and the New Modes are exceptionally well represented in varieties most pleasing to the women of this vicinity.

Make a special effort to visit this display soon. You will find it well worth while.

Railroad News Notes

May Accept Offer.

Acceptance of President Wilson's offer of a small wage increase, pending the outcome of the government's effort to reduce the high cost of living was advised by the executive council of the railway shop unions in a letter sent last Friday to all local unions. Shopmen in Reading, Pa., more than 4,000 in number, may accept the offer of President Wilson to pay them 4 cents an hour additional. After a meeting held last Friday it was stated that sentiment in that direction was favorable.

Refusal of Plan Feared.

That twin city railroad shopmen probably will vote by a close margin against accepting President Wilson's proposal for a wage increase of 4 cents an hour was the opinion of shopmen today. St. Paul shopmen have already voted against the proposal; it was said. Minneapolis shopmen are expected to vote today.

Division Jottings.

Harold Haroldson resigned from his position as boiler washer the first of the week.

Gunder Lee went to work at the Soo yards as a car repairer the first of the week.

Gilmore Husby, accompanied by his wife, passed Sunday in Minneapolis visiting with friends.

George Aspelund has accepted a position at the Soo round house in the store department.

Griff Jones, car carpenter, left Monday for Minneapolis to attend the *fair and visit with friends.*

A. L. Chapman, who pounds the brass at the Soo telegraph office, spent Sunday in Minneapolis.

Mrs. C. D. Crandall has accepted a position as clerk at Car Foreman Conklin's office at the Soo yards.

George Mostue, coach cleaner, went to Minneapolis Wednesday evening to spend a few days attending the fair.

Emil Hausch, carman, is back on the job after having spent a few days in Minneapolis attending the state fair.

Walter Jonas, employed on the rip track, is spending the week in the Twin Cities and attending the state fair.

Alfred Johnson, car man, left for Canada Tuesday morning to visit with his folks and also attend to business matters.

Perry Favrow, night round house foreman, is spending the week in the Twin Cities. His position is being filled by John Skog.

Dispacher T. J. Rowan, accompanied by Mrs. Rowan, is spending the week in Minneapolis attending the state fair and visiting friends.

Miss Olga Gulrud, stenographer at the Soo offices, visited with friends in Minneapolis over Sunday and Labor day, returning Tuesday morning.

C. T. Franson, agent at Karlstad, went to work the first of the week relieving E. H. Golden, who went to relieve O. P. Clow as agent, for three months.

T. D. Scanlan resumed work Wednesday evening as night car foreman after having spent the first of the week at Minneapolis attending the state fair.

H. C. Durrin, chief accountant at the Soo offices, leaves tonight for Minneapolis to spend a ten-day vacation. He will be accompanied by Mrs. Durrin.

L. E. Whiting relieved O. Isaacson as agent at Mahnomen the first of September and will remain at the post for thirty days during the latter's absence.

H. H. Kiefer, Soo agent at Adams, N. D., went to work Tuesday morning relieving A. A. Stromberg who goes to Warren to relieve J. O. Herrick as agent for a few days.

Miss Anna Quale, stenographer at the Winnipeg division office, passed Sunday and Labor day in Minneapolis as the guest of her brother, Fred, who is employed in the auditor's office.

T. E. Chaffee, Soo employee, has returned from service with the U. S. army and has gone to work at Karlstad as telegraph operator, relieving O. P. Johnson, who has been transferred to Fordville.

Fred Scanlan, accompanied by Mrs. Scanlan, went to Minneapolis last Sunday evening to attend the state fair. Fred also represented the local post of the American Legion at the state convention held in St. Paul on the 2nd to 4th.

John Linde, Soo car inspector, is spending the week in Minneapolis in attendance at the state fair. He also went to meet his son, Oscar, who is returning from military duty with the A. E. F., but in some manner missed his son and the latter arrived here Tuesday.

City News

George Mostue left Wednesday evening for St. Paul to take in a few days of the state fair.

Hugh Bottelson left Wednesday morning for Ft. Des Moines, after a week-end visit at his home.

Miss Elsa Hendrickson of St. Hilaire, shopped in Thief River Falls between trains, Wednesday.

Mrs. G. A. Stevens left Wednesday afternoon for Crookston to attend to business matters for a day.

Orren Ostby left Wednesday evening for Minneapolis, where he will attend a business college this winter.

Olaf Tessum left the first of the week on a business trip to Preston and other southern Minnesota cities.

Mrs. A. J. Hilden, who visited with Mrs. H. O. Hoff, in this city, Monday, left Wednesday for her home at Baudette.

Herbert Halverson of Fergus Falls arrived Wednesday to visit with his father, R. J. Halvorsen, for a week.

Misses May Olson, Maybelle Swanson and Sylvia Pearson of St. Hilaire, arrived Monday to attend school.

Miss Minnie Johnson of River Falls, Wis., arrived Monday. She will teach the first grade at the Northrup school.

Miss Florence Prichard, who visited with friends at Grand Forks for a few days, returned Wednesday to her home here.

Mrs. M. O. Bakken and children left Friday evening for Stevens, for a week's visit with the former's sister, Mrs. E. Gore.

Ralph Olson of Plummer was a business visitor here between trains, Monday. He also visited his brother who is at the hospital.

Mr. and Mrs. H. N. Rhodegaard and children, Aileen, Violet and Opal, left Wednesday afternoon for Crookston to visit relatives for a week.

Dr. and Mrs. L. F. Fisher and children returned Monday after a few days' visit at Grand Forks. Mrs. Fisher's sister returned with them.

Mr. and Mrs. H. Mathews returned Wednesday from Moorhead where they accompanied their daughter, Ruth, who entered the normal school.

Miss Estelle Charboneau, who visited with friends and relatives at Grand Forks, Fargo and Crookston, for two weeks, returned to this city Saturday afternoon.

Miss Alice Bossman, of Warren, arrived Friday evening and is a guest at the home of her uncle and aunt, Mr. and Mrs. C. H. Kringsberg for several days.

Mrs. Gunder Anderson and children, of Rhoda, visited with Mr. and Mrs. E. A. Mostue for a short time and left Wednesday afternoon for Grand Forks.

Miss Emily Boldin of Chicago, who visited with Mrs. G. C. Streiter for a short time, left Saturday afternoon for Cheynne, Wy., where she will visit relatives.

Mrs. G. C. Streiter and daughter, Lorie, visited with Mrs. I. Perault and Mrs. Marie Frombeau at Red Lake Falls, Monday. The former left Tuesday for St. Joseph, Mo.

Mrs. Ruth Kennison, who has been visiting with Mr. and Mrs. Erick Olson, west of the city, for the past three weeks, will leave Friday evening for her home at Minneapolis.

Mrs. Paul Saugen and son, Walter, of Sask., Canada, visited with her sister, Mrs. Albin Knauf for a few days. They left Wednesday morning for Holt to visit with Mrs. Saugen's mother.

Word was received of the landing in New York last week of Oscar Linde, son of J. O. Linde of this city, who has been serving with the army in France. The latter left on Monday, expecting to meet his son in Minneapolis.

Mr. and Mrs. W. H. Akre motored to Crookston Sunday, where Mrs. Akre was called by the illness of her mother. Mr. Akre returned Monday, while Mrs. Akre will remain until the latter part of the week. It is reported that her mother is getting along nicely.

Theodore Hildahl of Roseau, was a guest of Clarence Erickson on Friday, leaving in the evening for Minneapolis to attend the fair. After that he will continue his trip to Northfield, where he will attend Carlton college.

Miss Agnes Aastad, graduate of the local high school in '17 and of Moorhead normal in '19, departed on Saturday morning for Duluth, where she will teach during the coming term. She was accompanied by Miss Alice Johnson of Warren, who will teach in the same city.

Mrs. R. E. Looker, nee Miss Grace Bannerud, of Bismarck, N. D., arrived Friday evening for a week's visit at the home of her mother-in-law, Mrs. C. Joslin. She was accompanied by her sister, Miss Ruth, of Fordville, N. D., who will attend school. Miss Ruth will stay at the home of Mrs. Joslin until her mother arrives.

Miss Phonsie O'Neill of Minneapolis, who has been visiting at the home of her sister, Mrs. M. H. Connelly, for a few days, left Sunday evening for Hoffman, Minn., where she has accepted a position as third and fourth grade teacher. Miss O'Neill is a graduate of the local high school in the year '17 and also of Moorhead normal.

F. H. Herrick went to Ada by car last Saturday and ran into a whole lot of bad roads on the trip down. After visiting for a day he started on his return journey, taking with him Mrs. Herrick and two children, who had been visiting relatives for a short time. The roads had dried up by this time and the journey proved very enjoyable.

Mrs. S. J. Swanson, who has been visiting for the past week with relatives in Bovey, Minn., returned to her home in this city Friday evening. She was accompanied by Miss Hazel Hansel of Wylie, and Mrs. M. P. Dargen, also visitors in Bovey. The two latter will visit at the home of Mr. and Mrs. J. T. Thill. Mrs. Dargen is Mrs. Thill's mother.

Miss Anna Bredesen returned Monday after a month's vacation. She resumed her position as stenographer for Attorney Theo. Quale on Monday. Miss Bredesen left the first of the month with her sister, Mrs. Peter Neste, for the latter's home in Havre, Mont., where she visited for two weeks. After a ten days' visit with friends in Big Sandy and Glendive she returned home stopping off at Devils Lake and Grand Forks on her way.

Mrs. D. P. O'Neill and daughter, Miss Gertrude, arrived Friday evening for a two weeks' visit at the home of Mr. and Mrs. M. H. Connelly. They have been visiting for the past two months in Seattle, Tacoma and other western points. Mrs. O'Neill will attend to the packing of her household furniture and expects to get it shipped the latter part of the week to Minneapolis, their future home. Mrs. Connelly accompanied them home from Winnipeg where she went to meet them.

Reception of Welcome.

Members of the Epworth league of the Methodist church will give a reception to the public school teachers and pupils of the high school, Friday evening, Sept. 5.

SHEEP For Sale

We have just received a carload of yearling ewes from Montana and are prepared to dispose of the animals to the farmers of Pennington and surrounding counties. Arrangements have been made whereby this stock can now be supplies on short notice in any quantities—a single head or a carload.

These sheep were personally selected by us and are the finest ever brought to the county. If interested address

T. M. Smith or J. J. Spieler
Mavie, Minn.

The One Sure Sign of Prosperity on the Farm

A good barn indicates that a good farmer resides on the premises. It means that he knows how to take care of his stock and his crop, and that he stands at all times ready to take advantage of whatever conditions may arise.

But He Must Use Judgment

The same care must be exercised in selecting the materials for a barn that is shown in providing for a house. Otherwise money will be wasted. For years we have furnished the lumber for barns and buildings generally in this section. The reputation of our goods speaks for their quality. May we supply you?

Mrs. Ed. Trembly and daughter, Miss Elvina, returned to their home in Red Lake Falls Saturday after a week's visit at the home of Mr. and Mrs. Wm. Poirer. Miss Louverne Poirer accompanied them home and will be their guest for a week.

Misses Alice Peterson and Irene Patrick, and Lloyd Peterson, motored to Red Lake Falls Sunday to visit with Miss Marion Pickard, one of their college chums for a short time. Miss Pickard returned to this city and will spend a day at the Peterson home.

Mrs. Dr. Sommerfelt and daughter, Elizabeth, left Saturday for Greenbush for a week's visit with friends. They will leave the early part of next week for the East, visiting in Chicago enroute. They will spend the greater part of the fall in various parts of New York state.

Free tuition to ex-soldiers and sailors at the Crookston College. Make yourself worth from $100 to $200 per month by taking up Bookkeeping, Shorthand, Auto and Tractor Engineering. Board and room $4.50 to $6.00 per week. Write for large catalog to J. C. Sathre, Crookston, Minn. s4tf

Miss Carrie Urness and sister, Mrs. O. Finberg, left Sunday evening for Minneapolis where they will attend a family reunion. There will be eight brothers and sisters present from four different states, namely: South and North Dakota, Wisconsin and Minnesota. After taking in a few days of the state fair they will all return to their respective homes.

Miss Thelma Holm, pianist at the Lyceum theatre, and Miss Margaret Eichhammer, manager of Black's Sweet shop, left Saturday evening for the Twin Cities where they will attend the state fair. Miss Holm will be a guest of her father, Judge Holm, and will also visit with friends. Miss Eichhammer will visit relatives and friends and attend the state fair. They expect to visit for two weeks.

Miss Rose Hance left Saturday for Red Lake Falls, where she will resume her duties as rural school teacher.

Wm. Sheedy of Butte, Mont., arrived Friday and will be a guest at the home of Mr. and Mrs. P. J. Soards for a week.

Miss Florence Prichard left Saturday to spend the week-end visiting with friends in Grand Forks. She returned on Wednesday.

Mrs. John Norby, who visited with her sister, Mrs. H. Prugh in this city for a few days, returned Sunday evening to her home at Plummer.

T. J. Hagen, of the Thief River Falls Music company, left Thursday for the Twin Cities to attend the state fair, and to visit for a week.

Miss Hazel Spring of Roseau, arrived Saturday and visited at the home of her uncle and aunt, Mr. and Mrs. A. Riaberg, enroute to Minneapolis, where she will attend the fair.

Mrs. S. Brandon departed Friday evening for Minneapolis to spend fair week with relatives. She will continue her trip to Sioux Falls, where she will visit for two weeks with relatives.

Mrs. John Maakrud arrived Friday evening from Warren, where she received medical aid. She visited with her sister, Miss Ida Enge, for a few days and left Tuesday for her home in St. Hilaire.

Mrs. Ben Swenson and daughter, Miss Mildred, of Crookston, arrived Friday to visit the week-end at the home of Mr. and Mrs. F. C. Brendecke. They returned Monday. Mrs. Swenson and Mrs. Brendecke are sisters.

Miss Sandness arrived from Hendrum last Thursday evening, where she had been visiting with her parents. During her stay in this city she visited at the home of Miss Betsy Ness. She returned Saturday to Fargo, where she is employed.

Paul Midderigh is in receipt of a message from his son, William, stating that he landed in New York last Thursday, Aug. 28. The young man has been in the service for twenty-eight months, being a member of an ammunition train of the Third division. He stated that he expected to be home in two weeks.

Mrs. A. Rol and Miss Boivin of Red Lake Falls, spent Saturday in this city shopping.

Harry Schuster who has been employed on the Middle River Pioneer for several weeks, came down last Thursday afternoon.

Lawrence Hermanson, assistant cashier in the First and Peoples State bank, spent the week-end with friends in Fargo, returning Monday.

Jordan Penney returned the latter part of the week from Fergus Falls, where he had been visiting for a few days at the home of Mr. and Mrs. H. H. Miller.

Mrs. Sophia Anderson returned to her home in this city, Saturday, after a six month's visit with relatives in Redfield, S. D. She will make her home with her daughter, Mrs. N. Nielson.

MINNESO HISTORIC SOCIETY

POULTRY SHOW TO BE STAGED AT PLUMMER

LARGE PURSE HUNG UP FOR CASH PRIZES AND LOVING CUPS ALSO.

MARKET DAY ON SEPT. 26

BIG SHOW TO BE HELD FOR THREE DAYS, SEPT. 24 TO 26 INCLUSIVE.

Plummer is going to have a poultry show.

The first exhibition of the Red Lake County Poultry association will take place on September 24, 25 and 26 according to G. A. Krueger, president of the association, who made the announcement last Saturday, and indications are that it will be a hummer.

A total sum of $600 has been set aside to be utilized for cash prizes and loving cups. Two hundred dollars will be spent to purchase the latter and officers predict there is going to be some keen competition at the big show.

This is the first attempt by officers of the poultry association and the handsome prizes offered will no doubt bring out the best specimens in the county. It is planned to make the show an annual event and in this way it will serve as an incentive to poultry raisers in Red Lake county.

Market Day Too.

It has always been the custom at Plummer to stage a Market Day and this event will take place on the final day of the poultry show. There will be the usual bargains offered by the stores and farmers will bring in what articles they have for sale to be auctioned off. A good program has been arranged for the closing day and everything points to a big day for Plummer.

The officers of the Red Lake County Poultry association are as follows:

G. A. Krueger, president; W. R. Holcomb, first vice president; C. O. Kunkel, second vice president; S. J. Bee, secretary-treasurer.

INDICATIONS ARE FOR LONG SESSION

LEGISLATURE WILL HAVE MUCH IMPORTANT BUSINESS TO TRANSACT.

Senator O. A. Naplin of Thief River Falls, is inclined to agree with those lawmakers who express the opinion that the forthcoming extra session will be a rather lengthy one. In his opinion there is no possible way in which the program outlined can be carried through in a few days, or even weeks, unless the members themselves get together beforehand and form a practical agreement as to what is to be done.

"The five subjects specified by the governor in the call need not take up much time," said Senator Naplin, "but if changes in the primary law, tonnage tax legislation and other matters are included, as has been threatened from some quarters, it will mean a long session and a costly one for both the state and the members."

The five subjects which Governor Burnquist suggested for legislative action during the special session are:

1. Woman suffrage.
2. A budget system.
3. State aid for returned soldiers and sailors.
4. Forest fire prevention.
5. High cost of living.

Little difficulty is expected to be experienced in securing ratification of woman suffrage, or in providing funds for the state's war heroes. A bill which provides $10 a month for the length of the time the soldier was in service, is being looked upon most favorably by house members. Senators have not yet come forward with a proposal to reward the soldiers.

Funds are also expected to be provided for forest fire prevention.

The budget system and the high cost of living probably will furnish the stumbling block to a short session. Several proposals for a budget system are being drawn by legislators but have not assumed concrete form. The living cost problem is also expected to provoke lengthy debate and investigation.

The wage problem is to be taken up by the legislature. The governor has recommended that labor officials and representatives of the Minnesota Employers association meet before the opening of the legislature and endeavor to frame resolutions that will seek to eradicate differences between capital and labor in the state.

Poultry Show at Plummer.

Sept. 24 to 26 inclusive are the dates for the annual show of the Red Lake County Poultry association. The event will take place at Plummer and there will be prizes aggregating $400 with $200 additional in silver cups for the winners.—adv.

FORSAKES SCHOOL FOR OFFICE

After teaching school for several years, Miss Florence Haley decided that office work was more to her liking, so she took a course at the Dakota Business College, Fargo, N. D. Her appointment as Secretary to Superintendent of Schools, Deamer, of Fargo, is the result.

Miss Mabel Geisler of Lisbon, has also entered office work. After graduation she accepted a position with the Ransom County Farmers Bank in her home town.

Fall Business Courses are now starting. For particulars, address F. L. Watkins, 806 Front Street, Fargo, N. D.—adv.

COOLER WEATHER TO END CONCERTS

BAND WILL PLAY AGAIN TONIGHT PROBABLY FOR LAST OUTDOOR CONCERT.

The Thief River Falls band will play its weekly outdoor concert at the corner of LaBree avenue and Fourth street tonight. This may be the final outdoor concert of the season and future ones will depend largely on the weather.

Should the weather become warmer the band will play through the present month, after which the musicians will settle down to hard practice for the winter concerts.

Conductor Cordes intends to play at least two concerts a month every Sunday afternoon during the winter and in order to work up some of the number it will require several months practice.

The band will not be there in full force this evening as many of the members are still in the North Dakota harvest fields, but will return within a week.

Conductor Cordes has arranged a snappy and well balanced program for this evening. Special attention is called to the seventh number on the program which is composed by Mr. Cordes of the local band. The march was dedicated to O. F. Brotten, a former pupil of Conductor Cordes, who is now playing with a band on Uncle Sam's battleship "Kearsarge." The number is also one of the foremost pieces played by the naval band on the large warship.

The program for tonight follows:

March: "From the West," Woods.
Overture: "Down the Mississippi," Laurens.
Fox Trot: "I'll Say She Does," Kane and Jolson.
Gavotte: "By the Campfire," Wenrich.
One Step: "Mickey," Moret.
Serenade: "A Night in June," King.
March: "U. S. Battleship Kearsarge", Cordes.
Fox Trot: "Out of the East," Rosey.

COAL and WOOD

Order now or take a chance of being left in the cold when winter sets in. There is a shortage of coal at present and this will become more acute later on.

We are now taking orders for coal. Where buyers will take the fuel direct from the car themselves the cost will be considerably less. Where this cannot be done we will deliver.

Do not delay. Every agency, from the government down, is warning of a fuel famine this coming winter.

We also handle wood and can deliver on short notice.

SCHWARTZ & JOHNSON
Dray and Fuel Co.

Mr. and Mrs. L. J. Johnson returned to their home in Roseau Friday after a few days' visit at the home of Mr. and Mrs. O. Fredrickson. Previous to their visit here they spent a couple of weeks visiting with friends and relatives in Hibbing and other iron range cities.

Miss Dorothy Jones, who has been visiting with her sister, Mrs. W. A. Boreen this summer, left Sunday evening for her home at St. Paul. She was accompanied by her niece, Miss Wilma Boreen, who will visit with her grandparents, Mr. and Mrs. M. M. Jones for a week, and attend the state fair.

Mr. and Mrs. Aaron Bratt and Miss Anna Flekke, who have been visiting in Superior for the past two weeks, arrived last Thursday and visited at the E. L. Rausch home for a few days. Mr. Bratt left Friday while Mrs. Bratt and Miss Flekke returned to their homes at Overly, N. D., Saturday morning.

Miss Julia Costello arrived Saturday from her home at Sauk Center to resume her work as normal teacher in the Lincoln high school. Miss Costello has been studying at the university of Chicago this summer.

T. P. Anderson and children, Ersyl and Leigh, left Sunday evening for the Twin Cities to visit and attend the state fair.

Miss Kathleen Ures arrived Thursday morning from a three months' vacation at various points in Minnesota, Wisconsin and Illinois. She visited with relatives in Minneapolis for a couple of weeks and later in Green Bay, Antigo and Milwaukee, Wis. After a month's visit in these various places she went to Ottawa, Ill., where she visited with friends and relatives. On her return trip she stopped off in the Twin Cities for a few days' shopping.

Miss Leone Knox left Sunday evening for St. Paul, where she will teach school this year.

Mrs. M. Strum returned Saturday to her home in Holt, after a short visit with her daughter, Mrs. G. Larson.

Mr. and Mrs. E. L. Rausch left Sunday evening for the Twin Cities to visit with relatives and attend the state fair.

Mrs. C. Christianson returned Friday from a two weeks' visit with relatives and friends in Glenwood and Sauk Center.

Olaf Christianson of Radium, who was formerly employed on the Soo line in this city, visited with friends here Sunday.

Miss Irene Patrick, who will teach English at the Lincoln high school this year, arrived Sunday from her home at Hinckley.

Dennis McGinn left last Thursday evening for Minneapolis and St. Paul, where he will visit for a week. He will also attend the state fair.

Miss Evangline Burns left Saturday afternoon for East Grand Forks, where she will be engaged in teaching during the coming school term.

Tuition is lower at our school than at most reputable schools—why spend more money than you need to. Give North Star College an opportunity to give you value received. s4

Mrs. O. J. Berkvem, who visited with her daughter, Mrs. S. H. Nore at Holt the past three weeks, spent a short time in this city Sunday, enroute to her home at Spring Grove.

L. J. Sears of Badger, arrived Friday to interview L. Peterson in regard to the new light plant they are building in that city. Mr. Peterson is director of the enterprise. Mr. Sears returned Saturday.

Miss Anna Peterson of Plummer, arrived Friday evening and was a guest of Miss Esther Helseth over night. She left the following morning for Erie, where she will teach during the coming term.

It's worth your while to attend a school near your own home. The environments are the best for successful work when attending school in a clean and wholesome city. North Star College is located in Warren, Minn. s4

Adolf Schlossher, sales manager for the Aultman Tailor machine company, arrived Sunday from his home at Mainsfield, Ohio, to visit with his sister, Mrs. Math Barzen, for a day. Mr. Schlossher left the same evening for Minneapolis.

Mr. and Mrs. Lester Gesell and children, Helen, Dorothy and Katherine May, departed Saturday for Portland, Ore., where they will visit with friends and relatives. Mr. Gesell will return in a week, while Mrs. Gesell and children will visit for a month.

Dr. and Mrs. W. B. Torgerson and family of Oklee arrived in this city Thursday via the auto route and spent the day visiting with Mrs. Anna Dock. They left in the afternoon for a two weeks' visit with Dr. Torgerson's brother, T. Torgerson of Greenbush.

Miss Elsie Granum and cousin, Miss Alice Hall of Minneapolis, left Friday for Middle River where they visited over Sunday with relatives. They returned to this city Tuesday. Miss Hall has been visiting here for a week with relatives. She will return to her home in Minneapolis next Saturday.

C. F. Erickson, left Sunday evening for Minneapolis, where he will receive medical aid.

Mrs. Edward Horlem and son, Edgar of Holt visited in this city Thursday and Friday to have dental work done.

Fred Schaubeck of Butler, S. D., arrived Sunday evening to visit with his sister, Mrs. L. Champlin for a short time.

Mr. and Mrs. Wm. Gustafson returned to their home in Crookston after a week's visit at the home of Mr. and Mrs. Chas. Gustafson.

Miss Belle Blair, a graduate of the '19 class, left Sunday evening for Alexandria, near which place she will teach a rural school the coming year.

Mrs. C. O. Docken and baby, of Holt, were guests at the home of Mr. and Mrs. D. B. Bakke, for a few days. She returned to her home on Friday.

A. J. Lawrence, manager of the Lyceum Theatre, left Thursday evening for Minneapolis on a short business trip. He will also take in the fair.

Miss Loella Pederson left Saturday for Crookston and Beltrami, where she will visit for a week with friends and relatives. In Beltrami she will visit her aunt, Mrs. C. E. Hazelton.

Mr. and Mrs. Blanche Brendecke, who visited for a week at the home of the former's brother, Mr. and Mrs. F. C. Brendecke, left last Friday morning via the motor route for their home in Fergus Falls.

Mrs. Ed. Trembly and daughter, Miss Elvina, returned to their home in Red Lake Falls Saturday after a week's visit at the home of Mr. and Mrs. Wm. Poirer. Miss Louverne Poirer accompanied them home and will be their guest for a week.

Misses Alice Peterson and Irene Patrick, and Lloyd Peterson, motored to Red Lake Falls Sunday to visit with Miss Marion Pickard, one of their college chums for a short time. Miss Pickard returned to this city and will spend a day at the Peterson home.

Mrs. Dr. Sommerfelt and daughter, Elizabeth, left Saturday for Greenbush for a week's visit with friends. They will leave the early part of next week for the East, visiting in Chicago enroute. They will spend the greater part of the fall in various parts of New York state.

Free tuition to ex-soldiers and sailors at the Crookston College. Make yourself worth from $100 to $200 per month by taking up Bookkeeping, Shorthand, Auto and Tractor Engineering. Board and room $4.50 to $5.00 per week. Write for large catalog to J. C. Sathre, Crookston, Minn. s4tf

Miss Carrie Urness and sister, Mrs. O. Finberg, left Sunday evening for Minneapolis where they will attend a family reunion. There will be eight brothers and sisters present from four different states, namely: South and North Dakota, Wisconsin and Minnesota. After taking in a few days of the state fair they will all return to their respective homes.

Miss Thelma Holm, pianist at the Lyceum theatre, and Miss Margaret Eichhammer, manager of Black's Sweet shop, left Saturday evening for the Twin Cities where they will attend the state fair. Miss Holm will be a guest of her father, Judge Holm, and will also visit with friends. Miss Eichhammer will visit relatives and friends and attend the state fair. They expect to visit for two weeks.

Miss Rose Nance left Saturday for Red Lake Falls, where she will resume her duties as rural school teacher.

Wm. Sheedy of Butte, Mont., arrived Friday and will be a guest at the home of Mr. and Mrs. P. J. Scards for a week.

Miss Florence Prichard left Saturday to spend the week-end visiting with friends in Grand Forks. She returned on Wednesday.

Mrs. John Norby, who visited with her sister, Mrs. H. Prugh in this city for a few days, returned Sunday evening to her home at Plummer.

T. J. Hagen, of the Thief River Falls Music company, left Thursday for the Twin Cities to attend the state fair and to visit for a week.

Miss Hazel Spring of Roseau, arrived Saturday and visited at the home of her uncle and aunt, Mr. and Mrs. A. Risberg, enroute to Minneapolis, where she will attend the fair.

Mrs. S. Brandon departed Friday evening for Minneapolis to spend fair week with relatives. She will continue her trip to Sioux Falls, where she will visit for two weeks with relatives.

Mrs. John Maakrud arrived Friday evening from Warren, where she received medical aid. She visited with her sister, Miss Ida Enge, for a few days and left Tuesday for her home in St. Hilaire.

Mrs. Ben Swenson and daughter, Miss Mildred, of Crookston, arrived Friday to visit the week-end at the home of Mr. and Mrs. F. C. Brendecke. They returned Monday. Mrs. Swenson and Mrs. Brendecke are sisters.

Miss Sandness arrived from Hendrum last Thursday evening, where she had been visiting with her parents. During her stay in this city she visited at the home of Miss Betsy Ness. She returned Saturday to Fargo, where she is employed.

Paul Midderigh is in receipt of a message from his son, William, stating that he landed in New York last Thursday, Aug. 28. The young man has been in the service for twenty-eight months, being a member of an ammunition train of the Third division. He stated that he expected to be home in two weeks.

Mrs. A. Rui and Miss Boivin of Red Lake Falls, spent Saturday in this city shopping.

Harry Schuster who has been employed on the Middle River Pioneer for several weeks, came down last Thursday afternoon.

Lawrence Harmanson, assistant cashier in the First and Peoples State bank, spent the week-end with friends in Fargo, returning Monday.

Jordan Penney returned the latter part of the week from Fergus Falls, where he had been visiting for a few days at the home of Mr. and Mrs. H. H. Miller.

Mrs. Sophia Anderson returned to her home in this city, Saturday, after a six month's visit with relatives in Redfield, S. D. She will make her home with her daughter, Mrs. N. Nielson.

Mrs. C. W. Barden and daughter, Ardith, returned Friday evening from Fordville, N. D., where she has spent two weeks visiting with her husband, who is working on the Fordville-Drake line.

Miss Amy Gunderson returned to Fargo Saturday after a three weeks' visit at the home of her parents, Mr. and Mrs. O. B. Gunderson. Miss Gunderson is training as a nurse at the St. Lukes hospital.

Mrs. Sophie Grothe and daughter, Miss Helen, left Friday for their home in Badger after a week's visit here. Mrs. Grothe visited at the home of Mr. and Mrs. J. E. Dahl while little Miss Helen entered the hospital to have her tonsils removed.

Mrs. Douglas left Saturday for a week's visit at the home of her son, Ralph Douglas, of Moorhead.

Mrs. Harry Schuster left Friday for a short visit with friends in Lancaster. She returned Monday evening.

Mrs. Carl Johnson and son returned Saturday from Middle River, where they had been visiting with relatives for a week.

Hilma Johnson of Greenbush, arrived Friday and spent the week-end at the home of Mr. and Mrs. O. H. Fredrickson. She returned on Monday.

Miss [illegible] departed Saturday for Ada, where she will attend high school.

Miss Helen Strand left Saturday for Roseau, where she has accepted a position as teacher in the public school.

Miss Amy Krohn and Miss Abbie Evanson spent the week-end with friends in Crookston. They returned Tuesday.

Mrs. H. H. Teslow of Germantown, visited the week-end at the home of Mr. and Mrs. John Kast, and returned Tuesday. Mrs. Teslow is Mr. Kast's sister.

Opening Announcement

Upon solicitation and advice of a large number of friends and business acquaintances we have decided to open a

Book and Stationery Store
and
Office Supply Headquarters

As rapidly as conditions will warrant we will add many new features. It is our intention to handle books, stationery, newspapers, magazines, paper goods of all varieties, school supplies, office supplies, and many other lines of this nature which are to be found in similar stores scattered thruout the country.

There will be no formal opening but the public is invited to call and inspect our line at any time.

v.95½ MINN. HISTORICAL SOCIETY

POULTRY SHOW TO BE STAGED AT PLUMMER

LARGE PURSE HUNG UP FOR CASH PRIZES AND LOVING CUPS ALSO.

MARKET DAY ON SEPT. 26

BIG SHOW TO BE HELD FOR THREE DAYS, SEPT 24 TO 26 INCLUSIVE.

Plummer is going to have a poultry show.

The first exhibition of the Red Lake County Poultry association will take place on September 24, 25 and 26 according to G. A. Krueger, president of the association, who made the announcement last Saturday, and indications are that it will be a hummer.

A total sum of $600 has been set aside to be utilized for cash prizes and loving cups. Two hundred dollars will be spent to purchase the latter and officers predict there is going to be some keen competition at the big show.

This is the first attempt by officers of the poultry association and the handsome prizes offered will no doubt bring out the best specimens in the county. It is planned to make the show an annual event and in this way it will serve as an incentive to poultry raisers in Red Lake county.

Market Day Too.

It has always been the custom at Plummer to stage a Market Day and this event will take place on the final day of the poultry show. There will be the usual bargains offered by the stores and farmers will bring in what articles they have for sale to be auctioned off. A good program has been arranged for the closing day and everything points to a big day for Plummer.

The officers of the Red Lake County Poultry association are as follows:

G. A. Krueger, president; W. R. Holcomb, first vice president; C. O. Knokel, second vice president; S. J. Rice, secretary-treasurer.

INDICATIONS ARE FOR LONG SESSION

LEGISLATURE WILL HAVE MUCH IMPORTANT BUSINESS TO TRANSACT.

Senator O. A. Naplin of Thief River Falls, is inclined to agree with those lawmakers who express the opinion that the forthcoming extra session will be a rather lengthy one. In his opinion there is no possible way in which the program outlined can be carried through in a few days, or even weeks, unless the members themselves get together beforehand and form a practical agreement as to what is to be done.

"The five subjects specified by the governor in the call need not take up much time," said Senator Naplin, "but if changes in the primary law, tonnage tax legislation and other matters are included, as has been threatened from some quarters, it will mean a long session and a costly one for both the state and the members."

The five subjects which Governor Burnquist suggested for legislative action during the special session are:

1. Woman suffrage.
2. A budget system.
3. State aid for returned soldiers and sailors.
4. Forest fire prevention.
5. High cost of living.

Little difficulty is expected to be experienced in securing ratification of woman suffrage, or in providing funds for the state's war heroes. A bill which provides $10 a month for the length of the time the soldier was in service, is being looked upon most favorably by house members. Senators have not yet come forward with a proposal to reward the soldiers.

Funds are also expected to be provided for forest fire prevention.

The budget system and the high cost of living probably will furnish the stumbling block to a short session. Several proposals for a budget system are being drawn by legislators but have not assumed concrete form. The living cost problem is also expected to provoke lengthy debate and investigation.

The wage problem is to be taken up by the legislature. The governor has recommended that labor officials and representatives of the Minnesota Employers association meet before the opening of the legislature and endeavor to frame resolutions that will seek to eradicate differences between capital and labor in the state.

Poultry Show at Plummer.

Sept. 24 to 26 inclusive are the dates for the annual show of the Red Lake County Poultry association. The event will take place at Plummer and there will be prizes aggregating $400 with $200 additional in silver cups for the winners.—adv.

FORSAKES SCHOOL FOR OFFICE

After teaching school for several years, Miss Florence Haley decided that office work was more to her liking, so she took a course at the Dakota Business College, Fargo, N. D. Her appointment as Secretary to Superintendent of Schools, Deamer, of Fargo, is the result.

Miss Mabel Geisler, of Lisbon, has also entered office work. After graduation she accepted a position with the Ransom County Farmers Bank in her home town.

Fall Business Courses are now starting. For particulars, address F. L. Watkins, 806 Front Street, Fargo, N. D.—adv.

COOLER WEATHER TO END CONCERTS

BAND WILL PLAY AGAIN TONIGHT PROBABLY FOR LAST OUTDOOR CONCERT.

The Thief River Falls band will play its weekly outdoor concert at the corner of LaBree avenue and Fourth street tonight. This may be the final outdoor concert of the season and future ones will depend largely on the weather.

Should the weather become warmer the band will play through the present month, after which the musicians will settle down to hard practice for the winter concerts.

Conductor Cordes intends to play at least two concerts a month every Sunday afternoon during the winter and in order to work up some of the number it will require several months practice.

The band will not be there in full force this evening as many of the members are still in the North Dakota harvest fields, but will return within a week.

Conductor Cordes has arranged a snappy and well balanced program for this evening. Special attention is called to the seventh number on the program which is composed by Mr. Cordes of the local band. The march was dedicated to O. F. Brotten, a former pupil of Conductor Cordes, who is now playing with a band on Uncle Sam's battleship "Kearsarge." The number is also one of the foremost pieces played by the naval band on the large warship.

The program for tonight follows:

March: "From the West," Woods.
Overture: "Down the Mississippi," Laurens.
Fox Trot: "I'll Say She Does," Kane and Jolson.
Gavotte: "By the Campfire," Wenrich.
One Step: "Mickey," Moret.
Serenade: "A Night in June," King.
March: "U. S. Battleship Kearsarge", Cordes.
Fox Trot: "Out of the East," Rosey.

COAL and WOOD

Order now or take a chance of being left in the cold when winter sets in. There is a shortage of coal at present and this will become more acute later on.

We are now taking orders for coal. Where buyers will take the fuel direct from the car themselves the cost will be considerably less. Where this cannot be done we will deliver.

Do not delay. Every agency, from the government down, is warning of a fuel famine this coming winter.

We also handle wood and can deliver on short notice.

PRINCE ALBERT
the national joy smoke
PRINCE ALBERT
CRIMP CUT
LONG BURNING PIPE AND CIGARETTE TOBACCO
Copyright 1919 by R. J. Reynolds Tobacco Co.

SAY, you'll have a streak of smokeluck that'll put pep-in-*your*-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, *then*, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! *Talk about smoke-sport!*

Quality makes Prince Albert so appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! *P. A. can't bite or parch!* Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. *for what ails your particular smokeappetite!*

You buy Prince Albert everywhere tobacco is sold. Toppy red bags, tidy red tins, handsome pound and half pound tin humidors—and—that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

Indigestion

DO YOU KNOW that indigestion can be cured, permanently cured, so that you can eat any kind of food that you crave? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Pominville, Stillwater, Minn., who had spent over $2,000.00 for medicine and treatment was permanently cured by these tablets.

Chamberlain's Tablets

From Four Feet to Four Wheels

THE retail merchant's sphere of usefulness is sharply defined by his ability to make prompt delivery.

In the days before motor trucks came into general use, his progress was measured, not by his vision, initiative or merchandizing ability, but by the speed and endurance of horse flesh.

With the automobile and truck came a constantly widening field of activity—quicker deliveries were possible. A widened service meant more and better satisfied customers and the merchant was able to expand his business to the utmost.

The Standard Oil Company (Indiana) has been an important factor in making this expansion possible. By anticipating the demands for gasoline and lubricating oil, it was prepared to supply these necessary products to merchants, even in remote places.

Further, the very feature of wide distribution and low price of gasoline has enabled the small merchant to utilize power-driven delivery.

Thus has the Standard Oil Company (Indiana) been an important factor in the expansion of business by helping the little merchant to become big, and the people in remote corners to have the advantages of cities.

How well the Company has functioned may be judged by its size, for no concern could have reached the proportions of the Standard Oil Company (Indiana) without rendering an important and definite service to the public.

Standard Oil Company
(Indiana)

Several of the young people of this community attended the picnic held at the Gunderson home. The reports were a good time by all present.

Charles Holm of Holt, spent Sunday at the Malberg home.

Willis Warring was in Thief River Falls the first of the week.

Oliver Molstad transacted business in Thief River Falls Saturday.

Mrs. Koglin spent Sunday afternoon at the N. E. Muzzy home.

Mrs. A. Yovska was in Thief River Falls Friday.

Mr. and Mrs. John Mayer were in Holt Sunday. They attended the German church located in that place.

Peter Solem was a business visitor at Thief River Falls last Thursday.

Oscar Swanson, son of Mr. and Mrs. John Swanson, is busy harvesting in North Dakota.

Miss Ruth Solem made a short trip to Steiner last Tuesday afternoon.

Berry pickers from Thief River Falls and other places have been numerous around Steiner in quest of the popular fruit, and all returned with good results from the day's work.

Peter Solem purchased a horse and buggy from John Christianson recently.

Charles Swanson motored to Silverton township last Thursday.

Victor Swanson of Cloverleaf township, and Albert Swanson, of Thief River Falls, motored to the home of their uncle, C. A. Swanson, near Steiner the latter part of last week for a brief visit.

Mrs. Matea Berg and son, Christian, motored to Thief River Falls last Saturday on a shopping trip.

Threshing is in full blast and has continued fairly well considering the wet weather.

GERMANTOWN

Miss Sophie Johnson, who is employed at Thief River Falls, visited at her parental home Sunday evening.

Mr. and Mrs. Christ Nelson and children, Clifford, Verral, Millie, and Edith, were guests at the Louis Bendickson home last Sunday.

Misses Lizzie and Irene Gall were visitors at the O. P. Nelson home last Sunday.

Miss Louise Rosett was a guest of Helen Longevan last Sunday.

Mrs. O. P. Nelson was a caller at Goodridge one day last week.

Mr. and Mrs. Olaf Tharaldson and children, Silva and Gehart, were callers at the Louis Bendickson home Sunday evening.

Miss Marie Limesand was a guest of Helen Longevan last Sunday.

Charlie Wayne of Rollis, visited at the Clarence Wayne home one day last week.

Miss Silva Bendickson was a guest of Mildred Nelson last Sunday.

Miss Freda Ristau spent last Sunday at her home.

Miss Clara Johnson departed for Bemidji last Wednesday where she will be the guest of her sister, Mrs. Henry Paulson.

Misses Mildred Nelson and Silva Bendickson were Germantown callers on Friday.

Hans Clauson was a guest at the D. Dau home one day last week.

Lawrence Nelson was a caller at Goodridge last Saturday.

Benhard Bendickson was a caller at the O. Tharaldson home Monday evening.

Mrs. Martinus Johnson was a guest at the Hans Dahl home last week.

Miss Olga Overby was a caller at Thief River Falls last Friday.

Mrs. Clarence Wayne was a visitor in Thief River Falls one day last week.

John Clauson called at the Louis Bendickson home last Thursday.

Mr. and Mrs. Olaf Tharaldson and children, Silva and Gehart, were visitors at the Henry Clausen home last Sunday afternoon.

Mr. and Mrs. John Philip and Henry Klockmann autoed to Thief River Falls last Sunday.

Mrs. O. P. Nelson was a Thief River Falls caller one day last week.

Mrs. John Aandahl called at the Louis Bendickson home Thursday of last week.

ROSEWOOD

Rumors that seem to be well grounded are circulating this week that a brother to F. Dolezek from Olivia, Minn., is intending to locate here with a garage sometime this fall. He will be here the beginning of this week to look about for a suitable location.

C. E. Loen of Thief River Falls was in town one day the first of this week on business.

Henry Sagmoen who has of late been employed at Duluth, returned home this week.

Several of the young folks motored to Holt on Saturday evening to attend a public dance.

Miss Lydia Batten returned on Friday morning from a visit with friends at Thief River Falls. Miss Batten will teach this winter at the Central school in Thief River Falls.

Miss Annie Bloom returned Friday morning from a few days' visit with her sister, Mrs. L. Crown, in town of Rocksbury.

Elsie Vorseth went to Thief River Falls on Friday evening to take her piano lesson, returning home on Saturday morning.

Selmer Severson of Thief River Falls spent a few days of this week as a guest at the A. C. Vorseth home.

W. H. Sande, a peanut and popcorn machine agent from Warren, was in town the other day to renew acquaintances with John Remmem, with whom he was a pal in olden days at Warren.

Mr. and Mrs. Albert Vorseth and daughter, Miss Elsie, Gladys Sagmoen and Steiner Johnson, motored to Middle River last Sunday on an outing automobile trip.

Swen Swenson and daughters entertained last Sunday afternoon the J. S. Sagmoen family and Misses Myrtle and Carrie Nelson at their home north of town.

The Haugen boys and Jens Kirk purchased new Fordson tractors at Benson's garage in Viking this week.

The A. and S. Haugen families motored to Warren last Sunday to visit at the G. Anderson home.

Mrs. O. Backlund and daughter spent this week at the Ingrid Nordhagen home in town. They will go to Viking next Wednesday and will later return to their home at Salol.

Sam Salop, a former resident of this place, who is now employed in the U. S. Navy, was in town a few days the first of this week to visit with his friend, A. C. Vorseth, and to look after his real estate west of this place.

Mr. Mosbeck, father of Dave and Victor Mosbeck, was in town last Sunday from Wylie to visit with his sons.

Howard Carlson left last Monday for North Dakota where he will work this fall.

Olof Lappegaard and Harry Myrom are home on a visit from Nekoma, N. D., where they are employed. They will return on Tuesday.

Mr. and Mrs. Victor Mosbeck and son, Lyle, and Edna and Albin Rye, spent Sunday with friends and relatives in the town of Black River.

Emil Anderson, Marie Helquist, Emil Helquist and Isabel Sagmoen, motored to Thief River Falls last Sunday evening.

Axel Bloom, who is employed in southern Pennington county this summer, was home on a visit with his folks last Sunday.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

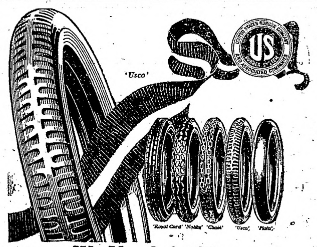
The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.



We Vouch for Them

Of all the tires that are made,—why do you suppose we *prefer* to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense facilities,—they employ *many* exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

United States Tires are Good Tires

We *know* United States Tires are Good tires. That's why we sell them.

HIGH THRESHING PRICES ALLEGED

COMPLAINT MADE THRESHERS DEMANDED $80 PER HOUR ON TIME BASIS.

According to reports received here from St. Paul complaint has been made that owners of threshing rigs in the western part of Minnesota were demanding $80 an hour on a time basis and refused to thresh crops by the bushel rate.

It is declared that it is impossible to thresh by the bushel rate this year owing to the scattered condition of the crop. The report, however, does not apply to Pennington county. Sixty-five dollars a day is paid for threshing in Polk county, which includes the engineer and separator tender.

Hugh J. Hughes, market director, declares that $20 an hour might be a fair price, and has sent an inquiry to the state college of agriculture to make sure the figure was right.

The fair price established, Director Hughes plans to track down the profiteering threshermen.

MOVING PICTURES OF VALLEY SCENES

WILL BE SHOWN THROUGHOUT COUNTRY FOR ADVERTISING PURPOSES.

The Minnesota Red River Valley will soon be making itself known to the *people of other parts of the country* by means of the motion picture. The Publicity Film company, of Bismarck, is at present engaged in taking pictures for a film which will be exhibited under the auspices of the Minnesota Red River Valley Development association by special arrangements with the state immigration department.

This company has been making a speciality of advertising motion pictures, in both agricultural and commercial lines, throughout the Northwest. One was exhibited of the Judith Basin of Montana, all of the pictures for which were taken by Fred Holmboe, under the direction of whom the work is now being done in this section and it was a revelation to many who had previously conceived Montana to be a place of drought-stricken plains. Many people of other sections have a mind picture of the Red River Valley as a narrow valley between hills, and the reports of floods lately given wide circulation lead them to readily believe it a section easily flooded and generally not to be depended on. The pictures being taken should do much to dispel such erroneous impressions by correctly and truthfully showing the valley just as it is, an immense and verdant plain, well watered and well drained as a whole.

The camera men are in Marshall county this week and a number of excellent pictures have been secured. Other counties will be reached in due season, and when the several films are completed they will be exhibited throughout the valley before being sent to outside territory.

SECOND BROOD OF CUT WORM HERE

SAME SYSTEM OF EXTERMINATION AS BEFORE MUST BE USED.

The cut worm has done more damage, particularly to gardens, this year than ever before. Those who fought the pest will manage to save their vegetables pretty well, but where the insect was permitted to operate unhindered there has been considerable damage.

The worm has now appeared for the second time. County Agent J. J. McCann sent specimens down to the office of the state farm and has received the following letter from William A. Riley, chief of the division of economic zoology:

"Your note and specimens of the worm which is doing damage in the gardens in your neighborhood are at hand. This worm is one of the cutworms which is appearing in unusual numbers in a second brood this summer, and which is doing damage in many places.

"There are two broods of this worm, the adults appear first in early June and then again in late July and August. The egg stage lasts about a week, the larval stage for about a month, and the pupa stage, which is passed in the ground, requires from two to three weeks.

"For control in a small garden, I think it most desirable to hand pick them, destroying them wherever seen, and searching under rubbish and in the ground at the base of the plants for them. Shingles or small boards placed in the garden affords them a convenient hiding place, and so can be used as traps.

"Aside from this the most convenient and satisfactory method of control is by the use of poison bait. This is ordinarily made up in considerable quantities for field work, but a formula which would do the work satisfactorily in a small garden would be: Three pounds bran; 2 ounces paris green; 1 cup molasses; ½ lemon or orange and 1 quart water.

"The poison and the bran should be thoroly mixed while dry. Squeeze the juice of the lemon into the mixture of water and syrup and cut the remaining pulp and peeling into small bits and add to the mixture. Then wet the bran and poison mixture with this and scatter it in the garden in the evening so that it will not be dried out before the cut worms get it.

"If used on a larger scale the formula is as follows: Twenty-five pounds bran; 1 pound paris green; 2 quarts cheap grade molasses; 6 oranges or lemons; about two gallons of water to make the branmash of a consistency that is not too sloppy."

LEGAL NOTICES

City Council Proceedings

A regular meeting of the City Council was called to order by O. L. Ihle, president, at eight o'clock P. M. Aug. 26th, 1919.

Roll Call: Members present: Froseth, Benson, Brumund, Olson, Brandon and Ihle. Members absent: None.

Minutes of the meeting of August 12th, were read and approved as read.

Moved by Froseth, seconded by Brumund, that the application for building permit of the Empire Farms Co., and permit for repair of building of J. L. Bean and Helmer Aga, be granted. Motion carried.

Moved by Brumund, seconded by Benson, that Lars Backe be granted permission to repair certain parts of sidewalk in Block 11 of Oakland Addition and Block 4 in Highland Addition, constructed by him in 1918, and that a maintenance bond of $200.00 be furnished for the period of one year ending Sept. 1st, 1920. Motion carried.

Moved by Froseth, seconded by Olson, that the superintendent of the Water and Light Department, be instructed to install a street light at the corner of Sixth street and Red Lake Blvd. Motion carried.

Moved by Froseth, seconded by Brumund, that the City Clerk be instructed to advertise for bids for sewer and water main connections in the paving district stating price per foot for material and labor. Motion carried.

Moved by Brumund, seconded by Olson, that the proposal of the Northwestern Trust Co., and the Capitol Trust Bank to take all paving certificates that may be issued by the City prior to Dec. 31st, 1920 at 5½%, and to pay at least 1½% premium be accepted.

Roll Call: Members voting Yes: Froseth, Benson, Brumund Olson and Ihle. Alderman Brandon being absent by permission prior to offering of this motion. Members voting No: None. Motion declared passed.

On motion duly seconded the Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council held Aug. 26th, 1919, Alderman Olson, seconded by Alderman Benson introduced the following resolution and moved its adoption:

O. L. IHLE,
President of the Council.

Approved Aug. 30th, 1919.
G. A. PENNEY,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a special meeting of the City Council held Aug. 29, 1919, Alderman Brandon, seconded by Alderman Brumund, introduced the following resolution and moved its adoption:

Be It Resolved, by the City Council of the City of Thief River Falls, Minnesota, that Whereas, the City did on the 14th day of June, 1919, enter into a contract with L. D. McAdams for the construction for said City of a certain sidewalk, retaining wall, pipe rail, etc., at the East approach to the bridge across Red Lake river on Bridge St., and said work has been completed, and said L. D. McAdams has presented his bill therefor, and having given a bond guaranteeing said work for one year, and, it appearing that there is due to L. D. McAdams the sum of One Thousand Five Hundred and Forty-nine Dollars ($1549.00), now therefore,

Be It Resolved, that there be and hereby is appropriated to the said L. D. McAdams the sum of One Thousand Five Hundred and Forty-nine Dollars ($1,549.00), in payment of said work according to said contract and the Mayor and City Clerk are hereby authorized to issue and deliver the City's warrants in accordance therewith.

Roll Call: Aldermen voting Yes; Froseth, Benson, Brumund, Olson, Brandon. Aldermen voting No; Ihle. Resolution declared passed.

O. L. IHLE,
President of the Council.

Approved Sept. 3rd, 1919.
G. A. PENNEY,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

Council Chambers, Thief River Falls, Minnesota.

A special meeting of the City Council was called to order by O. L. Ihle, president, at eight o'clock P. M., Aug. 29th, 1919.

Roll Call: Members present: Froseth, Benson, Brumund, Olson, Brandon and Ihle. Members absent: None.

Moved by Brandon, seconded by Brumund, that the maintainence bond of L. D. McAdams, in the sum of $2,000.00, be accepted. Motion carried.

Alderman Brandon, seconded by Alderman Brumund, offered a resolution authorizing the payment of $1,125.00 to L. D. McAdams, balance due on contract for the construction of sidewalk and retaining wall.

Aldermen voting Yes; Froseth, Benson, Brumund, Olson. Aldermen voting No; Ihle. (See Resolution.)

On motion duly made and seconded the Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Order Limiting Time to File Claims, and For Hearing Thereon.

State of Pennington, County of Pennington, ss. In Probate Court.

In the Matter of the estate of Mary B. Sharp, Decedent.

Letters testamentary this day having been granted to A. E. Sharp,

It Is Ordered, That the time within which all creditors of the above named decedent may present claims against her estate in this Court, be, and the same hereby is, limited to three months from and after the date hereof; and that Friday the 5th day of December, 1919, at ten o'clock A. M., in the Probate Court Rooms at the Court House at Thief River Falls, in said County, be, and the same hereby is, fixed and appointed as the time and place for hearing upon and the examination, adjustment and allowance of such claims as shall be presented within the time aforesaid.

Let notice hereof be given by the publication of this order in the Thief River Falls Times, a weekly newspaper, as provided by law.

Dated September 2nd, 1919.

IRA C. RICHARDSON,
Judge of Probate.

Notice of Re-Selling Ditch Job.

Notice Is Hereby Given that on the 13th day of September, 1919, two o'clock P. M., at the County Auditor's office, in the Pennington County Court House, in the City of Thief River Falls, Minnesota, I will re-sell the job of cleaning and repairing County Ditch number Twenty-one of Pennington County, Minnesota, which cleaning and repairing was ordered by the Board of County Commissioners of Pennington County, Minnesota, by their order bearing date January 20th, 1917, and which job was on the 6th day of March, 1917, duly let to J. C. Parker Company, and which has been partly done and partly completed by the said J. C. Parker Company; that the said J. C. Parker Company has failed to complete said work according to the terms of the said contract after due notice given, and the job will be re-sold at such time and place above stated to the lowest responsible bidder, but not for a sum exceeding fifty per cent in excess of the original estimated costs of the unfinished portion of such work; that bids are invited for the completion of the unfinished portion of said work, said work to be completed within the time required and in the manner specified in said Engineer's report. The successful bidder will be required to enter into a contract to complete the unfinished portions of said work in accordance with the original estimates, specifications and profiles, and to enter into a contract and give a satisfactory bond to be approved by the Auditor of Pennington County with two free holder sureties for the faithful performance and fulfillment of his contract and to pay all damages that may accrue by reason of his failure to complete the job within the time required in the contract. The original contract with J. C. Parker Company, and the estimates, profiles and Engineer's report are on file and may be seen at my office.

All bids must be accompanied by a certified check payable to the Auditor of Pennington County for not less than ten per cent of the amount of each bid.

The right to reject any and all bids is hereby reserved.

Dated September 2nd, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

Notice of Time and Place of Hearing On Additional Assessment on Judicial Ditch No. 41, Pennington County, Minnesota.

To all parties interested in the proceedings establishing Judicial Ditch No. 41:

You are Hereby Notified, that it appearing to the County Board by report of the County Auditor that Judicial Ditch No. 41, of Pennington County, Minn., was on the 16th day of February, 1916, duly established by order of the County Board of Pennington County; that such ditch proceedings were conducted under Chapter 230, Laws of 1905 and acts amendatory thereof and supplementary thereto and it appearing that said ditch was regularly established and a contract let for the construction thereof; that a tabular statement was made and filed and the bonds issued and sold, as provided in said chapter; that said contract has been wholly completed and that by an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch and for other reasons, and it appearing that the total amount of benefits assessed to land within Pennington County is $4,286.00; that the total amount of liens filed against said county is $3,666.03; that the total amount of bonds sold by said county on account of said ditch is $3,500.00; that the total amount of cost of said ditch within said Pennington County is $4,130.06, and that there now is and remains a shortage of the amount of funds in said ditch of $664.23 principal and $139.04 interest, which the said Pennington County has paid or will be obliged to pay by reason of the construction of said ditch; and the County Board, having on the 7th day of August, 1919, at a special meeting, by resolution made and entered, directed the County Auditor to issue notice to the parties interested in said ditch proceedings.

Now, Therefore, you are hereby notified and required to show cause before the County Board of Pennington County, Minnesota, at the Commissioners' room at the Pennington County Court House in the City of Thief River Falls, Minn., on the 12th day of September, 1919, at two o'clock P. M., why an order should not be made by said Board directing the County Auditor to file another tabular statement assessing against the property affected by said ditch proceeding in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement previously filed. That at such time and place any and all persons interested may appear before the Board and be heard why such order should not be made.

Dated at Thief River Falls, Minnesota, on this 15th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

NEW PRICES ON LOWER GRADES HELPS FARMER

ONLY TEN-CENT SPREAD BETWEEN NO. 1 AND NO. 4 IN NEW SCHEDULE.

PRODUCERS GAIN MILLIONS

DEALERS MUST PAY STANDARD PRICE BASED ON MILLING VALUES.

A new scale of prices for lower grades of wheat for the 1919 crop, was announced last week by Julius H. Barnes, head of the United States grain corporation.

This will mean millions of dollars to the farmers of the northwest. The new price scale became effective September 2 and under it all dealers will be required to pay producers standard prices based on milling values.

The grain corporation has announced that the government will buy in competition if dealers attempt to beat down these price scales. Mr. Barnes announced the following prices for Minneapolis terminal sales, with country points sales subject only to legitimate transportation discounts.

Number one, $2.21½; number two, $2.18½; number three, $2.15½; number four $2.11½; number five $2.07½. For all wheat conforming to the general specifications of number five or better, but deficient in weight, the number five price is to be discounted not more than three cents for each pound deficiency in test. Wheat grading below number five for reasons other than deficiency in test weight is to be bought on its relative merit.

A Narrow Spread.

It is noteworthy that a not more than ten cent spread between number one and number four wheat has been specified by Mr. Barnes, this being a feature that will work to the decided advantage of the farmer during a year like the present when there is much low grade wheat.

The new scale for lower wheat grades, which have gone out to all zone offices of the grain corporation further specify that smutty wheat is to be discounted from two cents for slightly smutty to larger discounts according to degree of smut, and that mixed wheat will be taken at discounts ranging from two to five cents according to quality in the judgment of each vice president. Garlicky wheat is to be discounted two cents.

Allowance For Dockage.

Mixed wheat and rye, grading as mixed grain, will be discounted as follows: The average value of the wheat and rye will be estimated separately at their proper value and in their proper proportion, figuring rye at sixty pounds to the bushel. Allowance will be made for dockage or other inseparable foreign matter and deduction will be made as seems justifiable, with the provision of not less than five cents per bushel penalty for the mixture.

SEES BIG CHANGE IN HIS SOLDIER SON

PROMINENT POLICE OFFICIAL SAYS IMPROVEMENT IS DUE TO TANLAC.

Nearly everybody in Kansas City either knows or has heard of Captain J. J. Ennis, who lives at 532 Jackson avenue, Kansas City, Missouri. Captain Ennis has been a member of the Kansas City police force for thirty years and is not only one of the oldest in point of service, but one of the most popular officers in the department.

In a recent statement regarding the benefits his son, Wilfred, has derived from the use of Tanlac, Captain Ennis said:

"The change I have seen take place in my son's health during the past few weeks certainly speaks well for Tanlac. Wilfred served with Company A, 12th Engineers in France for nearly two years and on returning was suffering from rheumatism and stomach trouble, and was in a very badly run down condition. He tells me he had been suffering from aching joints in his shoulders, arms and legs for almost a year. He had no appetite and his stomach was so weak and upset that he could not retain much of anything he would eat. He complains of headache most of the time, often had dizzy spells, and was so weak he could just barely drag around.

"I had been reading so many statements from Kansas City people about Tanlac that I decided there must be something to it, and after inquiring about it of some parties, whom I have known for years, at the drug store, I bought a bottle for Wilfred. Well, he had not finished the first bottle until his appetite was better and the pains in his knees and shoulders were not so bad. He has taken three bottles up to this time and can eat and digest anything he wants. He was very nervous and restless before taking Tanlac and could not sleep much, but now he sleeps eight to nine hours every night. He now has a good position as yard clerk for the Kansas City Terminal Railway and is able to walk around and do his work with ease, as the rheumatism pains have left him entirely. He has recommended Tanlac to several of his friends who have used it with fine results. I consider Tanlac the best medicine out for such troubles and I will gladly verify this statement for anyone who may call to see me or write me."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—adv.

Exam For Rural Carrier.

The United States Civil Service commission has announced an examination for the county of Pennington, Minn., to be held at Thief River Falls on September 27, 1919, to fill the position of rural carrier at St. Hilaire and vacancies that may occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to unmarried women and male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

Picture Contract Renewed.

Manager A. J. Lawrence of the Lyceum theatre, yesterday received word that he had again been awarded the contract for the exclusive exhibition of Artcraft and Paramount pictures in Thief River Falls. These productions are recognized as being among the best to be found and Mr. Lawrence feels that he will be able to give his patrons features that are only produced in the very best houses of the larger cities.

Red Lake Poultry Show.

The annual exhibition of poultry will be made by the Red Lake County Poultry association at Plummer from Sept. 24 to 26. Four hundred dollars in prizes and $200 in silver cups to the prize winners. Market Day on the 26th.—adv.

MARSHALL COUNTY WILL EXTEND HELP

FLOOD SUFFERERS TO BE AIDED BY DIRECT APPROPRIATION.

A delegation of business men from Warren, Argyle and other towns in the county and several members of the county board made a trip out into the eastern part of the county yesterday as far as Golden Valley postoffice, for the purpose of seeing for themselves the extent of the damage wrought there by the July rains that flooded ten or more townships in that region, says the Warren Register.

After visting portions of the inundated country and beholding the conditions resulting, they held a meeting at Holt for the purpose of discussing how best and most quickly to obtain the assistance needed now and this fall by the settlers who suffered the most heavily from the high water.

It was the concensus of opinion that the burden of providing the necessary help should be borne by Marshall county, without any appeal being made to its neighbors, except that the state would be asked to furnish seed grain in the usual manner. It was estimated that cash help to the extent of $25,000 is needed, and the county board will be asked to appropriate this amount out of the county treasury. If the appropriation be made by the board, the legislature will be asked to pass an act validating its action and, we presume, authorizing it to make a special tax levy to replace the sum withdrawn from the treasury for this purpose.

This plan was deemed more satisfactory than the usual one of "passing the hat" and is certainly fairer to all concerned.

County Agent Husby has made a survey of the conditons existing in the flood-stricken territory and collected data that showed its losses and urgent needs. He is to be commended for energetic and efficient labors in behalf of the settlers. A representative of the Red Cross, sent from division headquarters, is making a house to house canvass, for the purpose of ascertaining individual requirements of every nature.—Warren Register.

$15,000 PAID OUT TO BOND HOLDERS

THIS AMOUNT COMING TO PEOPLE OF PENNINGTON COUNTY SEPT. 15.

Interest payments on the third liberty loan will be made on Sept. 15, and the people of Pennington will receive in round numbers the sum of $15,000. The total amount invested in the third issue by the people here was in round numbers $319,000. The interest rate is four and a quarter per cent.

Total sales of Third Liberty bonds in the Ninth District amounted to $181,565,200 of which bankers declare an overwhelmingly proportion is still in the hands of the original buyers. The annual interest returns amounts to $7,716,521, of which the sum to be paid out September 15th is one half.

That interest recipients should reinvest their Third Liberty loan interest in War savings stamps so that it may be safe and at the same time increase at the rate of four per cent compounded quarterly is the advice sent out by the Treasury Department through M. E. Harrison, director of the Ninth District War Savings organization. With war-savings stamps selling at $4.21 in Sept., the semiannual interest on two $100 bonds will be more than enough to buy one.

"Reinvestment of interest in war savings stamps and treasury savings certificates will be surpassing help to the government for it will return to them in the form of new loans the huge interest sums that must be paid out on the Third Liberty Loan," Mr. Harrison said. "The nation must pay out, in all federal reserve districts, a total of $88,750,983.06 interest on the third loan, September 15. To have this returned through war savings stamp investment will be a tremendous aid, the more so in view of the fact that there are five great national loans outstanding on which interest is paid twice a year. In ten months of the twelve must the government meet public debt disbursements approaching $100,000,000."

The district director added that war saving stamps are now available in every city, town and hamlet in the Ninth Federal Reserve district. Those owning enough bonds to yield a considerable sum in half yearly interest will find treasury savings certificates of the $100 and $1,000 denominations at banks and trust companies or at post offices. These securities increase in value monthly and can not by any posisbility lose in value. September cost of the $100 certificates will be $84 and $1,000 denominations $840.

ELECT DELEGATES FOR CLUB MEETING

FIRST MEETING OF WOMAN'S CLUB IN CITY TO BE HELD ON OCTOBER 1.

At the Woman's club meeting held at the Commercial club rooms last Thursday evening three delegates were elected to attend the state federation convention to be held at Little Falls on September 24. Those elected were Mrs. G. Halvorson, Mrs. W. A. Boreen and Mrs. J. O. Yotter.

The first meeting of the Woman's club in this city will be held Monday, October 1 at 3 p. m. and will be a purely social affair. This will start the activities of the club for the coming year and a very fine program has been scheduled for the winter months. *The club is desirous of securing* more members and any woman in Thief River Falls desiring to join the club should notify Mrs. Cronstrom.

President to Speak.

President Wilson will make addresses in St. Paul and Minneapolis on September 9, participate in parades in the Twin Cities, and make a short speech to the state legislature according to the program completed Saturday and approved by the mayors of Minneapolis and St. Paul. The president will arrive in St. Paul from Sioux Falls, S. D., at 8:30 a. m., and will depart for Bismarck at 10 p. m. The St. Paul parade will take place immediately after the president leaves the union station. He will go to the state capitol after breakfast and then he will be driven to Minneapolis where he will speak in the afternoon. President Wilson's night address will be in the St. Paul auditorium.

W. C. T. U.

The W. C. T. U. will meet next Tuesday p. m., at the M. E. church parlors at 3. Lunch will be served. All members are urged to be present and friends are invited.

FILL THAT COAL BIN

If there wasn't something to this coal shortage we wouldn't keep on hollering about it. We would as soon sell you coal in January as now, but we may not have it to sell---that's where the rub comes in and if you want to be sure of a warm house this winter, our advice is

— BUY YOUR COAL NOW! —

More Farm Buildings Are Needed

Are you aware of the fact that seldom if ever has the crop loss been as great as the crop waste.

Look around and you will see that this is so. The man who is provided with the proper buildings for crop and stock is the one who stands an occasional adverse season. He saves whatever he garners and this is one thing not generally given the consideration it deserves.

Build Now and be Prepared

You cannot control the weather but you can prevent waste. The proper buildings will do it.

Permit us to show you plans for farm out-buildings of all kinds. Many of them can be erected at but slight cost and will pay for themselves in almost any normal season, while when conditions are against the farmer in other respects they will prove his one sure means of keeping up with the procession.

There will soon be a lull in farm work. There can be no better time for building construction than during the next three months. Get ready now.

TOBACCO
LIGGETT & MYERS TOBACCO CO.

15c

Not 16 cents—
or 17 cents—
But 15 cents

Velvet Always Hits a 3 Bagger:
Sight! Smell!! Taste!!!

THEN it's easy to get to the *home-plate,* right where you snuggle down in an old coat and slippers to enjoy life.

To begin with, Velvet Tobacco, in its jolly red tin, has a wholesome generous look to it. Nothing namby-pamby about it. A red-blooded tin full of red-blooded tobacco, for red-blooded folks.

Open it up—and you get the fragrance that *Nature* stored in the tobacco during eight changing seasons, while it mellowed in great wooden hogsheads.

And say! It's *great!*. That good, natural fragrance of Kentucky's wonder tobacco—Burley—King of Pipe-land. No camouflage about it. No dolling up.

Pack a pipeload. Light up and you'll get the fragrance of real tobacco—the incense to solid comfort.

And a mild, pleasant taste, that only our Nature-ageing method can impart. You will never taste a finer cigarette than the one you roll with Velvet.

Fifteen cents a tin—not a cent more.

Batter up!

Liggett & Myers Tobacco Co.

A friendly pipeful makes the umpire seem almost human.

School Days Arrive

and to the teachers and pupils who arrive with them, we extend a hearty welcome.

We may be helpful to you this coming term—and we can be helpful in many ways—do not hesitate to make full use of our service.

To the end that your year here may be profitable, pleasant and helpful, you will always find us "at your service" while in Thief River Falls.

Citizens State Bank
Resources over $700,000.00

Mortgage Loans

As a State Bank with a Capital and Surplus of $90,000.00, we can loan up to $22,500 on any improved farm in Minnesota, providing the mortgage does not exceed 40 per cent of the value of the farm.

Because there is no waiting for the money, nor any red tape, and because we give the borrower so many privileges, loans direct from this bank are most desirable. When the farm is sold or loan is due it is a great advantage to have everything right at your home bank.

We always have a surplus on hand to loan out.

NEW PRICES ON LOWER GRADES HELPS FARMER

ONLY TEN-CENT SPREAD BETWEEN NO. 1 AND NO. 4 IN NEW SCHEDULE.

PRODUCERS GAIN MILLIONS

DEALERS MUST PAY STANDARD PRICE BASED ON MILLING VALUES.

A new scale of prices for lower grades of wheat for the 1919 crop, was announced last week by Julius H. Barnes, head of the United States grain corporation.

This will mean millions of dollars to the farmers of the northwest. The new price scale became effective September 2 and under it all dealers will be required to pay producers standard prices based on milling values.

The grain corporation has announced that the government will buy in competition if dealers attempt to beat down these price scales. Mr. Barnes announced the following prices for Minneapolis terminal sales, with country points sales subject only to legitimate transportation discounts.

"Number one, $2.21½; number two, $2.18½; number three, $2.15½; number four $2.11½; number five $2.07½. For all wheat conforming to the general specifications of number five or better, but deficient in weight, the number five price is to be discounted not more than three cents for each pound deficiency in test. Wheat grading below number five for reasons other than deficiency in test weight is to be bought on its relative merit.

A Narrow Spread.

It is noteworthy that a not more than ten cent spread between number one and number four wheat has been specified by Mr. Barnes, this being a feature that will work to the decided advantage of the farmer during a year like the present when there is much low grade wheat.

The new scale for lower wheat grades, which have gone out to all zone offices of the grain corporation further specify that smutty wheat is to be discounted from two cents for slightly smutty to larger discounts according to degree of smut, and that mixed wheat will be taken at discounts ranging from two to five cents according to quality in the judgment of each vice president. Garlicky wheat is to be discounted two cents.

Allowance For Dockage.

Mixed wheat and rye, grading as mixed grain, will be discounted as follows: The average value of the wheat and rye will be estimated separately at their proper value and in their proper proportion, figuring rye at sixty pounds to the bushel. Allowance will be made for dockage or other inseparable foreign matter and deduction will be made as seems justifiable, with the provision of not less than five cents per bushel penalty for the mixture.

SEES BIG CHANGE IN HIS SOLDIER SON

PROMINENT POLICE OFFICIAL SAYS IMPROVEMENT IS DUE TO TANLAC

Nearly everybody in Kansas City either knows or has heard of Captain J. J. Ennis, who lives at 532 Jackson avenue, Kansas City, Missouri. Captain Ennis has been a member of the Kansas City police force for thirty years and is not only one of the oldest in point of service, but one of the most popular officers in the department.

In a recent statement regarding the benefits his son, Wilfred, has derived from the use of Tanlac, Captain Ennis said:

"The change I have seen take place in my son's health during the past few weeks certainly speaks well for Tanlac. Wilfred served with Company A, 12th Engineers in France for nearly two years and on returning was suffering from rheumatism and stomach trouble and was in a very badly run down condition. He tells me he had been suffering from aching joints in his shoulders, arms and legs for almost a year. He had no appetite and his stomach was so weak and upset that he could not retain much of anything he would eat. He complains of headache most of the time, often had dizzy spells, and was so weak he could just barely drag around.

"I had been reading so many statements from Kansas City people about Tanlac that I decided there must be something to it, and after inquiring about it of some parties whom I have known for years at the drug store, I bought a bottle for Wilfred. Well, he had not finished the first bottle until his appetite was better and the pains in his knees and shoulders were not so bad. He has taken three bottles up to this time and can eat and digest anything he wants. He was very nervous and restless before taking Tanlac and could not sleep much, but now he sleeps eight to nine hours every night. He now has a good position as yard clerk for the Kansas City Terminal Railway and is able to walk around and do his work with ease, as the rheumatism pains have left him entirely. He has recommended Tanlac to several of his friends who have used it with fine results. I consider Tanlac the best medicine out for such troubles and I will gladly verify this statement for anyone who may call to see me or write me."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—adv.

Exam For Rural Carrier.

The United States Civil Service commission has announced an examination for the county of Pennington, Minn., to be held at Thief River Falls on September 27, 1919, to fill the position of rural carrier at St. Hilaire and vacancies that may occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to unmarried women and male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

Picture Contract Renewed.

Manager A. J. Lawrence of the Lyceum theatre, yesterday received word that he had again been awarded the contract for the exclusive exhibition of Artcraft and Paramount pictures in Thief River Falls. These productions are recognized as being among the best to be found and Mr. Lawrence feels that he will be able to give his patrons features that are only produced in the very best houses of the larger cities.

Red Lake Poultry Show.

The annual exhibition of poultry will be made by the Red Lake County Poultry association at Plummer from Sept. 24 to 26. Four hundred dollars in prizes and $200 in silver cups to the prize winners. Market Day on the 26th.—adv.

MARSHALL COUNTY WILL EXTEND HELP

FLOOD SUFFERERS TO BE AIDED BY DIRECT APPROPRIATION.

A delegation of business men from Warren, Argyle and other towns in the county and several members of the county board made a trip out into the eastern part of the county yesterday as far as Golden Valley postoffice, for the purpose of seeing for themselves the extent of the damage wrought there by the July rains that flooded ten or more townships in that region, says the Warren Register.

After visting portions of the inundated country and beholding the conditions resulting, they held a meeting at Holt for the purpose of discussing how best and most quickly to obtain the assistance needed now and this fall by the settlers who suffered the most heavily from the high water.

It was the consensus of opinion that the burden of providing the necessary help should be borne by Marshall county, without any appeal being made to its neighbors, except that the state would be asked to furnish seed grain in the usual manner. It was estimated that cash help to the extent of $25,000 is needed, and the county board will be asked to appropriate this amount out of the county treasury. If the appropriation be made by the board, the legislature will be asked to pass an act validating its action and, we presume, authorizing it to make a special tax levy to replace the sum withdrawn from the treasury for this purpose.

This plan was deemed more satisfactory than the usual one of "passing the hat" and is certainly fairer to all concerned.

County Agent Husby has made a survey of the conditions existing in the flood-stricken territory and collected data that showed its losses and urgent needs. He is to be commended for energetic and efficient labors in behalf of the settlers. A representative of the Red Cross, sent from division headquarters, is making a house to house canvass for the purpose of ascertaining individual requirements of every nature.—Warren Register.

$15,000 PAID OUT TO BOND HOLDERS

THIS AMOUNT COMING TO PEOPLE OF PENNINGTON COUNTY SEPT. 15.

Interest payments on the third liberty loan will be made on Sept. 15, and the people of Pennington will receive in round numbers the sum of $15,000. The total amount invested in the third issue by the people here was in round numbers $319,000. The interest rate is four and a quarter per cent.

Total sales of Third Liberty bonds in the Ninth District amounted to $181,565,200 of which bankers declare an overwhelmingly proportion is still in the hands of the original buyers. The annual interest returns amounts to $7,716,521, of which the sum to be paid out September 15th is one half.

That interest recipients should reinvest their Third Liberty loan interest in War savings stamps so that it may be safe and at the same time increase at the rate of four per cent compounded quarterly is the advice sent out by the Treasury Department through M. E. Harrison, director of the Ninth District War Savings organization. With war savings stamps selling at $4.21 in Sept., the semi-annual interest on two $100 bonds will be more than enough to buy one.

"Reinvestment of interest in war savings stamps and treasury savings certificates will be surpassing help to the government for it will return to them in the form of new loans the huge interest sums that must be paid out on the Third Liberty Loan," Mr. Harrison said. "The nation must pay *out, in all federal reserve districts, a* total of $88,750,983.06 interest on the third loan, September 15. To have this returned through war savings stamp investment will be a tremendous aid, the more so in view of the fact that there are five great national loans outstanding on which interest is paid twice a year. In ten months of the twelve must the government meet public debt disbursements approaching $100,000,000."

The district director added that war saving stamps are now available in every city, town and hamlet in the Ninth Federal Reserve district. Those owning enough bonds to yield a considerable sum in half yearly interest will find treasury savings certificates of the $100 and $1,000 denominations at banks and trust companies or at post offices. These securities increase in value monthly and can not by any posisibility lose in value. September cost of the $100 certificates will be $84 and $1,000 denominations $840.

ELECT DELEGATES FOR CLUB MEETING

FIRST MEETING OF WOMAN'S CLUB IN CITY TO BE HELD ON OCTOBER 1.

At the Woman's club meeting held at the Commercial club rooms last Thursday evening, three delegates were elected to attend the state federation convention to be held at Little Falls on September 24. Those elected were Mrs. G. Halvorson, Mrs. W. A. Boreen and Mrs. J. O. Yotter.

The first meeting of the Woman's club in this city will be held Monday, October 1 at 3 p. m. and will be a purely social affair. This will start the activities of the club for the coming year and a very fine program has been scheduled for the winter months. *The club is desirous of securing* more members and any woman in Thief River Falls desiring to join the club should notify Mrs. Cronstrom.

President to Speak.

President Wilson will make addresses in St. Paul and Minneapolis on September 9, participate in parades in the Twin Cities, and make a short speech to the state legislature according to the program completed Saturday and approved by the mayors of Minneapolis and St. Paul. The president will arrive in St. Paul from Sioux Falls, S. D., at 8:30 a. m., and will depart for Bismarck at 10 p. m. The St. Paul parade will take place immediately after the president leaves the union station. He will go to the state capitol after breakfast and then he will be driven to Minneapolis where he will speak in the afternoon. President Wilson's night address will be in the St. Paul auditorium.

W. C. T. U.

The W. C. T. U. will meet next Tuesday p. m., at the M. E. church parlors at 3. Lunch will be served. All members are urged to be present and friends are invited.

FILL THAT COAL BIN

If there wasn't something to this coal shortage we wouldn't keep on hollering about it. We would as soon sell you coal in January as now, but we may not have it to sell---that's where the rub comes in and if you want to be sure of a warm house this winter, our advice is

School Days Arrive

and to the teachers and pupils who arrive with them, we extend a hearty welcome.

IF we may be helpful to you this coming term—and we can be helpful in many ways—do not hesitate to make full use of our service.

TO the end that your year here may be profitable, pleasant and helpful, you will always find us "at your service" while in Thief River Falls.

Citizens State Bank
Resources over $700,000.00

Mortgage Loans

As a State Bank with a Capital and Surplus of $90,000.00, we can loan up to $22,500 on any improved farm in Minnesota, providing the mortgage does not exceed 40 per cent of the value of the farm.

Because there is no waiting for the money, nor any red tape, and because we give the borrower so many privileges, loans direct from this bank are most desirable. When the farm is sold or loan is due it is a great advantage to have everything right at your home bank.

We always have a surplus on hand to loan out.

HOME-COMING DAY CELEBRATION.

It is so easy to forget. A year ago we were all hoping that the indication for an early end of the war would not prove another disappointment. We were supporting our soldiers with every means at our command. We read of their exploits and were swelled with pride to think that they were Americans. We heard of their fortitude, their bravery, their patience, and we vowed that if there ever came a time when we could show our appreciation of what they were doing our demonstration would be of such a nature as to leave nothing further to be desired.

That was a year ago. The boys are now nearly all back home and it is up to us to make good on our promises to ourselves as well as to them. Something in the nature of an official welcome should be extended and the first steps toward bringing this fittingly about have been taken.

Home-Coming Day for all the men who entered the service from Pennington conuty has been set for Sept. 20. Just what form the celebration will take has not definitely been decided upon, but good, enthusiastic committees are in charge and the arrangements will befit the occasion.

This is a matter in which every man, woman and child in the section is interested. The rather *lukewarm attitude toward the event thus far evinced* is nothing to our credit as a community. The boys are entitled to have just a little more fuss made over them.

You remember when they went away how we all gathered at the depots to wish them Godspeed and a safe return? How they band played and the home guard praraded in their honor? How collections were taken up to provide them with little necessities for their long journey? How the Red Cross ladies provided comfort bags and other things for them?

Certainly you do. We did everything we could and the boys went away feeling that our hearts were with them. Now they are back and there should be a little something done on our part to indicate that we are at least as glad to see them return as we were to see them go.

Don't you think so? Then get busy. There will be something for you to do whether you are named on a committee or not. The news of this Home-coming event should be spread far and wide so that all who wish to do so may have an opportunity to attend. A large number of soldiers and sailors came from the farms of Northwestern Minnesota and for these the event should be made the official reception. There are many men from nearby counties for which nothing in the way of a welcome can be staged for the reason that they reside a long way from any considerable center of population. Most of these boys went out from Thief River Falls and they and their relatives and friends should be included in the general welcome. Everybody can assist in this matter of spreading the news.

Let us make this Home-coming celebration so different and so much greater than anything else we have ever attempted that there will be no chance for comparison. The occasion warrants the putting forth of our best.

LEAVE PRIMARY LAW ALONE.

Unless the Minnesota legislature wishes to remain in session until planting time in the spring it had better fight shy of any attempt to do away with the primary election law. The measure is not perfect, but it is so much better than the old plan of political conventions that the people will certainly not stand for anything that can even be suspected of a tendency to turn the state back to the former order.

The governor has included a revision of the primary as part of the business the extra session should undertake, this being understood to mean that conventions of one kind or another will be substituted for the present plan, at least where nominations for state office are concerned. It is to be regretted that he should bring the subject up at this time as it is certain to delay the work of the session and may result in the defeat of certain of the more meritorious measures he urges.

The reason for a revision of the primary law is frankly stated to be a danger that the Nonpartisan League will become strong enough to control the primaries of one or the other of the old parties. In other words it is an attempt to legislate against majority control.

If either the Republican or Democratic organizations in the state of Minnesota have reached a point where it is necessary to resort to special legislation in order for them to maintain their hold it is about time they were sidetracked anyway. If the people are so far determined on a new deal as to cause a deflection from the ranks of the two major political organizations in the state sufficient to throw them in the background it only proves that the time for a new order of things has arrived. The people should be permitted to decide the matter for themselves, and the primary offers the only opportunity for their doing so.

The repeal of the present law and the substitution of one that would throw Minnesota back into the arms of the bosses would be a step backward that the people can hardly be expected to take. They may not be entirely satisfied with the primary as it stands, but they will demand that any changes made shall be in the nature of greater safeguards rather than a throwing down of the bars such as would certainly be the result of a return to the convention system, even in a modified form.

If members of the legislature are wise they will disregard this part of the governor's recommendations.

GOOD BUSINESS OPPORTUNITY.

There is a fine opening in Thief River Falls for a concern that will supply the people with ice. The service in this respect during the present season has been the worst in the history of the city and complaints have been loud and numerous.

The attitude of the ice company has been such as to prove conclusively its utter disregard for the comfort and convenience of the public. Repeated complaints have been sent to headquarters with no better results than a promise that the matter would be looked into. In the meantime the service kept getting steadily worse until now deliveries seem to have ceased altogether, at least in the residence districts.

There is positively no excuse for this sort of thing. The ice company is handling an article as necessary to the health and comfort of the community as is food and fuel. Our people have paid the price asked for the product without a murmur and have overlooked many shortcomings. Things have now reached a pass, however, where they regard themselves as being outrageously imposed upon and they do not propose to stand for it.

Unless there is a change there will be another concern furnishing ice in this city next year and it will start out with contracts covering the business of the entire city.

TEN AND 20 YEARS AGO

Twenty Years Ago.

U. G. Richards was building a new residence on Third street.

N. W. Tarrant was enjoying a visit from his mother, a resident of Fox Lake, Wis.

Levi Stranahan commenced work on his new home near the M. E. church.

Hugh Dean returned from the Klondyke with at least a million dollars worth of experience.

Steamboat navigation on the river was greatly hindered by floating logs and considerable complaint was heard.

The installing of the long distance telephone line was completed and connection with the outside world established.

Hail ruined a large portion of the grain crop in Polk county according to the Crookston Times. Very few of the farmers carried hail insurance.

A citizen of Minneapolis wrote a communication to The Press urging more strict attention to the game laws. He feared that the game birds of the section would soon be extinct unless greater interest was taken in their protection. In summing up the advantages to the city in having hunters come here for their season's shooting, he enumerates as follows, the figures being for a party of 20: Hotels, $40 per day, 6 days, $240.00; saloons, $20 per day, 6 days, $120.00; livery, $20 per day, 6 days, $120.

Ten Years Ago.

T. E. Quist completed the survey of five miles of ditch for private parties in the town of North.

Rev. I. T. Austad returned from the annual pastoral conference of the Synod church at Red Wing.

Congressman Steenerson appealed to the board of engineers of the war Department from a decision submitted by Maj. Shunk, declaring against the improvement of the Red Lake river because of the small amount of navigation on the stream.

Season Opens Sept. 16.

Although the season for hunting chickens is closed this year and until 1922, Thief River Falls hunters are beginning to take down their shot guns from the shelves and giving them a thorough cleaning, for on the morning of Tuesday, September 16 the season for hunting ducks opens. Ducks are numerous in the county this year and hunters will have little difficulty in getting their legal quota when the proper time comes for the shooting of these birds.

Camel
CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—*Camels are such a cigarette revelation!*

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem *made to meet your own personal taste* in so many ways!

Freedom from any unpleasant cigaretty after-taste or unpleasant cigaretty odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

18c. a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Hart Schaffner & Marx Clothes

How to take the H. C. L. out of clothes buying for fall

CLOTHES are higher priced; all of them---good or bad. The poor ones cost about the same as the good ones---not much difference any more.

Here's some good advice; take it from us; don't try to "beat the game," and pay the lowest price; you'll get poor quality; the clothes won't last and your "High Cost of Clothing" will go up several notches.

Here's the right way; get good quality; pay for it; the wear and service you get saves for you and reduces the H. C. L.

Hart Schaffner & Marx clothes do it;
they're made to give wear; your money's
worth; satisfaction or your money back.

Lieberman Brothers
The home of Hart Schaffner & Marx clothes

CEMETERY BOARD REGULAR MEETING

NEW GROUND AT GREENWOOD TO BE PLOTTED AND SURVEYED SOON.

The cemetery commisison met in regular session on Monday night in the council rooms and took favorable action on the offer submitted by Frank H. Nutter, landscape architect and engineer of Minneapolis, whereby the recently acquired addition to Greenwood cemetery will be surveyed and plotted and made one of the most beautiful cemeteries in this part of the state.

There are 43 acres of land in this southern section of Greenwood and the heavy growth of timber which was on the ground when it was purchased has been practically cleared, permitting the plotting of the grounds according to the dictates of modern burial plots.

It is expected that Mr. Nutter will come to this city shortly and study the tract of land, making such surveys as may be necessary, and placing markers or stakes where they will be readily found from blue prints and which will assist in the carrying out in the future of the plans which will be drawn and presented to the commission. Driveways will be laid out and the various parcels of land plotted. A chapel will be provided for in the plans which should be ready late this fall.

Another Yank Home.

Among the Minnesotans arriving at New York on August 23, from Brest, France was Emil Hedlund, of this city. He came back on the transport Sol Navis and was a member of the 30th Infantry, Third division. The Third division was one of the first regular divisions to arrive in France and among the last to leave. Two monuments are to be erected in honor of the boys of the Third, who fought at the Chateau Thierry bridge, where the 7th Machine Gun battalion put up one of the most wonderful fights during the war.

RURAL ROUTE MEN HAVE FINE PICNIC

REPRESENTATIVES PRESENT FROM FIVE SURROUNDING COUNTIES FOR AFFAIR.

Rural mail carriers of the Northern Minnesota association held their first annual picnic in Thief River Falls on Labor day and the event was a success in every way as well as being a very enjoyable affair. Six counties were represented at the meeting there being rural carriers from Polk, Red Lake, Marshall, Kittson, Roseau and Pennington counties.

The picnic was scheduled to take place at Lover's Lane but owing to weather conditions the meeting was held at the I. O. O. F. hall, where a dinner was served after which the different matters confronting the association were discussed.

Anton Ellerton was chairman at the meeting. The paramount question taken up by the association was the wage increase. The action of the commission in sending out questionnaries was explained by J. C. Spangler, and it was decided upon to return the questionnaires to the commission to clear the matter up.

The association will make the picnic an annual event but it was not decided where the 1920 meeting will be held. There was a good outside attendance here for the initial picnic and no doubt a larger attendance will be recorded next year.

Building Taking Shape.

C. M. Evenson's building on West Second street is rapidly taking shape, and before a very long time the structure will be completed. The laying of the cement basement floor has been finished as has the driveway leading into the building. The basement will be used exclusively for vulcanizing purposes.

Accepts Concrete Work.

The council held a special session last Friday night at which time over an hour was spent in the discussion of the acceptance of the concrete work recently completed by L. D. McAdams at the eastern end of the bridge across the Red Lake river on Bridge street, final disposition thereof being the acceptance of the maintenance bond of $2,000 offered by the contractor, and followed by the allowance of the bill of $1,525, this sum being the remainder due Mr. McAdams for said work.

Power Plant For Oklee.

Oklee Herald: Oklee can soon boast of having the finest public improvements of any town along the Soo between Thief River Falls and Bemidji. Our municipally owned water works and electric light plant are now completed with the exception of installing the pump which will be done in a few days after which the final inspection of the work will be made and the job turned over to the city if everything proves satisfactory as it very likely will. The greater part of our business places have not as yet been wired for electric service, but this will no doubt be done as fast as circumstances permit, after which the plant will be put in operation.

Announcement

The Farmers Co-Operative Land Company has established a temporary office over James Cosgrove's pool room until their permanent office is remodeled. Roland Thompson will soon leave for Iowa to return with land buyers and the company will also establish offices in Iowa. We have a large amount of land this year and can sell your farm for you. We want several more improved farms and can use several quarters of wild land. Come in and see us.

Farmers Co-Operative Land Co.

NIGHT TELEPHONE RATES

The following rates are charged for night long distance telephone calls.

8:30 p. m. to 12 midnight—About one-half of the "station-to-station" day rate.

12:00 midnight to 4:30 a. m.—About one-quarter of the "station-to-station" day rate.

Following are examples for a call about 500 miles distant:

"Station-to-station" rate	$1.00
"Person-to-person" rate	$1.25
Rate between 8:30 p. m. and 12 midnight "station-to-station" service only	.50
Rate between 12 midnight and 4:30 a. m. "station-to-station" service only	.25

The minimum night rates is 25 cents.

Day rates apply on calls made at night when the "station-to-station" charge is less than the night rate.

Night rates apply only to "station-to-station" long distance messages. Day rates apply for other classes of calls.

Northwestern Telephone Exchange Co.

HEALTH CLINIC AT GRYGLA HOSPITAL

DR. M. G. MILAN OF OAKLAND SANITORIUM, IS EXAMINING PHYSICIAN.

A public health clinic will be held in Grygla on Friday, September 5, in the hospital building recently vacated by Dr. Adkins. This is the fourth of a series of clinics which are being held in Marshall county under the direction of Miss Elizabeth M. Hanson, public health nurse, with the County Public Health association and the local Red Cross cooperating.

The examinations are being made by Dr. M. G. Milan, medical superintendent of Oakland Park Sanatorium at Thief River Falls and of Sand Beach Sanatorium at Lake Park. Dr. Milan is an expert diagnostician in diseases of the chest. Anyone who is suffering from tuberculosis or who have been exposed to the disease, or who have not fully recovered after influenza should take advantage of this opportunity to receive an examination by a specialist.

As this movement is part of a nationwide educational campaign in public health, the examinations are free to those examined.

Sells Barber Shop.

A transaction was consummated the first of the week whereby Gus Crown and George Bakken disposed of their barber shop to Clarence and Gust Evje, of Hatton, N. D. The new owners took possession of the establishment on Monday but have not arrived in the city as yet. Messrs. Crown and Bakken have no definite plans at the present time but will remain in the employ of the Evje brothers for an indefinite period.

Plummer is to hold its first market day and poultry exhibition from Sept. 24 to 26, and arrangements are under way for making it the biggest event of its kind ever held in Red Lake county. There will be $400 offered in cash prizes and about half as much more in trophies in the shape of cups.—adv.

KINDERGARTEN OPENS.

Notice has been given of the opening of a kindergarten at Central and at Knox schools Monday, Sept. 8. Indications are that the facilities for taking care of all the pupils who apply will be taxed to the utmost at the outset. All those who desire to send their children should see that they attend on the opening day.

WANTS $100 FOR DAMAGE TO AUTO

GUST BERGREN CHARGED WITH CARELESS DRIVING IN COMPLAINT BY VOTAVA.

Action has been started in municipal court by Joseph Votava to recover $100 for damages done to his car on August 24, when the machine was struck by Gust Bergren on the State road, three miles east of the city.

The plaintiff charges Bergren with careless driving and claims he negligently failed to turn to the right and let the plaintiff's son pass and as a result crashed into the Votava machine causing a depreciation in the value of the car to the extent of $100.

The complaint was filed at Judge Tarrant's office yesterday afternoon by H. O. Chommie, who is representing the plaintiff, and the summons is now in the sheriff's hands. The case will come up about the 16th of this month.

Votava demands $100 damages and interest together with the costs of the action.

ALL SET FOR BIG DANCE TOMORROW

BIG ATTENDANCE PREDICTED AT OPENING OF FALL DANCING SEASON.

Everything is all arranged for the big band dance tomorrow evening, Friday, Sept. 5 at the Auditorium, at which time the Thief River Falls band will officially open the fall dancing season.

The event has been properly advertised throughout the neighboring towns and a large outside attendance is predicted. The band dances are events which all dance goers look forward to with much satisfaction and the affair arranged for Friday evening is going to be a hummer.

Music with snap to it is Conductor Cordes slogan and all the latest numbers from the big publishing houses have been secured by the city's popular musical organization for the dance tomorrow.

The orchestra, formed from the band, will be composed of ten jazz artists.

Dancing will begin at 9 p. m., and continue until 2 p. m.

City Schools Reopen.

The city school reopened for the 9 months term on Tuesday with the largest attendance ever. The enrollment at the Lincoln high school was 300; Knox, 220; Central, 142; Northrup, 207; Washington, 192. There are 47 instructors in the schools, and Supt. W. A. Ziegler. There were approximately 175 "baby" beginners enrolled the first day.

Urges Insurance Changes.

Changes in the war risk insurance bill, as embodied in the Sweet bill, will be urged on congress through the concerted effort of 3,500 local posts of the American legion, it was announced Monday. The proposed changes, the legion believes, would influence thousands of service men to continue the government insurance.

Raid Restaurant.

Police raided the restaurant of Mrs. Peter Hanson last night at a late hour in search of liquor but found only three bottles of malt on the premises.

Physicians Hospital Notes.

Those who entered the Physicians hospital for medical aid this week are: Miss Helen Grothe, Badger; Miss Ione Hanson, city; Miss Ida Weberg, St. Hilaire; Mrs. Ingaborg Iverson, city; Roy Akre, city; Miss Mathilda Hesse, Plummer; Herbert Adams, city; Gordon Johnston, city; Miss Ida Bjerk, Strathcona; Mrs. Sophie Stansfield, Kratka; Ole Quam, Erie; Miss Lillian Rupprecht, city; Adray Kline, city; Miss Bertha Gangness, city; John Nelson, Esplee; and Nels Nelson, Erie.

Mrs. Pitkin's Father Dies.

On Tuesday evening at St. Paul occurred the death of Mrs. Charles Pitkin's father, A. W. Corbett, at the age of 75 years. The deceased had been ill for several months and spent at least two months at St. Lukes hospital prior to his passing away. He formerly resided in New York state and has made St. Paul his home for some time in the past. Mrs. Pitkin was called to St. Paul sometime ago and remained there during her father's illness.

Autoed to the Fair.

C. S. Simonson and A. F. LaBudde left last Saturday night for the state fair in the famous Red Demon twin screw automobile owned by the former gentleman. They expected to report back for duty yesterday but failed to show up and will undoubtedly put in an appearance during the day.

The City Churches

Swedish Ev. Mission Church, O. J. Lundell, Pastor—Sunday school next Sunday, Sept. 7th at 10 a. m. sharp. No morning or evening service on account of the Bible conference at the auditorium. There will be services in the school house at Aug. Erickson's place, southeast of St. Hilaire at 11 a. m., and at Black River at 3 p. m. All welcome.

Presbyterian Church, R. L. Barackman, Pastor—On Sept. 7. Sunday school opens at 10 a. m. The pupils are expected to come promptly and bring others who ought to attend. At 11 a. m. the morning worship opens. At this meeting brief addresses will be delivered by four lay speakers: Mr. F. F. Haynes, Mr. E. O. Mogensen, Mr. Geo. Sterns and Mr. Guy Johnson. It is earnestly desired that all of the people of the church be present at this morning meeting. In the evening at 7 p. m. the young people will meet to renew their activities. At 8 p. m. the evening meeting opens and at this meeting the subject of the address delivered by the pastor will be: "In the Sweat of Thy Brow." The men of our community who are interested in present conditions are invited to attend this service. The Ladies Aid society will be entertained at the church on Friday afternoon and a cafeteria lunch will be served from 4:30 p. m. The men are invited.

Removal Announcement.

In announcing the removal of the Kleanall shop to 216 LaBree avenue north, formerly the Vienna Bakery, we wish to thank our many friends and patrons for the excellent patronage accorded us in the past and to assure them that at the new stand we will be better able to serve them than ever before. Our cleaning and pressing apparatus is now in running order and we are again in shape to attend to your business in this line on short notice. Phone 522. s4

Wood Hauler Wanted.

Bids will be received up until 8 o'clock p. m., Monday, Sept. 15, 1919, for hauling wood to all school buildings in the city during the present school year.

All bids should be addressed to the undersigned.

Right reserved to reject any or all tenders.

P. O. MYHRUM,
s4-11 Clerk.

A Correction.

In the published list of premiums awarded at the Pennington county fair, which appeared in The Times last week, there was a slight error. It was stated that C. M. Burns received the first prize for barred rock chickens, when it should have been C. M. Buoen, who resides at 503 Davis avenue, city. Mr. Buoen has gone quite extensively into the raising of fine chickens and takes a great deal of pride in his stock.

SOCIETY and Club

Mrs. Prichard Entertains.

Mrs. W. W. Prichard, Jr., entertained the members of her Sunday school class last Friday afternoon at Squaw Point. The girls enjoyed a fine supper and an exciting truck ride home.

Married at Baltimore.

The following item, taken from Tuesday's issue of the Red Wing Republican, will be of interest to Thief River Falls people. Both contracting parties were formerly residents of this city, the bride being employed as saleslady at the Loken store while Sergt. Gjelhaug was among the first to enlist in the army from here:

"The marriage of Miss Anna Wiezek to Sergeant Carl T. Gjelhaug, took place in Baltimore, Maryland, Sept. 1, 1919 at the Immaculate Conception church. They were attended by Miss Isabel Lokowich, Miss Hertha M. Lichtenstein, Homer C. Mitchell and Lieutenant Robert T. Botts. The bride was attired in a gown of blue paulette and carried Cecil Brunner roses.

"After the wedding breakfast, which was served at the Hotel Belvedere, the couple left on their honeymoon for Philadelphia, Atlantic City and New York.

"Sgt. and Mrs. C. T. Gjelhaug will be at home after Oct. 1, 1919 at 616 Quincy street, Northwest Washington, D. C."

Double Wedding.

A double wedding was held at St. Bernards church Monday morning at five o'clock, when Miss Helen Burggraf and George Kestel were united in marriage and also Miss Alice Maas and Donald Beaudry.

Miss Helen Burggraf is the daughter of Mr. and Mrs. Frank Burggraf of this city and George Kestel is a Soo telegraph operator at Superior, Wis. Mrs. Martin Strom acted as bridesmaid and Bernard Burggraf as best man. The couple left the same morning for Minneapolis to visit for a few days while enroute to Superior, where they will make their home.

Miss Alice Maas, of Ada, and Donald Beaudry, depot agent at Elrisa, were married at the same time. Miss Mable McGinnity and her brother, William, cousins of the bride, acted as witnesses. Mr. and Mrs. Beaudry left for Minneapolis that morning.

Parcel Shower.

Misses Anna Aspelund and Estelle Charboneau gave a parcel shower Tuesday evening at the home of the latter, at 726-8th street in honor of Miss Selma Simonson. There were ten girls present and the evening was pleasantly spent playing games, sewing and fortune telling. About 11 o'clock a delicious lunch was served. The bride-to-be received a number of beautiful and useful gifts. Those present were: Misses Selma Simonson, Anna Bredesen, Inez Johnson, Mina Nelson, Anna Aspelund, Louise Majeres, Elvina Doucet and Estelle Charboneau, and Mesdames Helen Montgomery, Clara Bloomquist and S. C. Simonson.

Dinner Party.

Mr. and Mrs. Erick Olson entertained about twenty young people at their home west of the city Sunday. The afternoon was spent playing games and singing. At six o'clock an elaborate two course dinner was served. Their friends were from Steiner, St. Hilaire and Thief River Falls.

Theatre Party.

Mrs. G. Husby entertained seven girls at her apartments in the Meehan block, Thursday evening. The first part of the evening was spent at the theatre after which the ladies adjourned to her rooms where they listened to fortune telling and had a dainty lunch. Those present were: Misses Marie and Bertha Erickson, Anna Brokke, Elvina Jonas, Hazel Husby and Mrs. Jens Erickson.

Young Peoples Society.

The Young Peoples society of the Hazel community will be entertained by Mr. and Mrs. Anton and Mr. and Mrs. Peterson at the latters home on Sunday afternoon, Sept. 7. Everybody is welcome to attend.

Fruit Shower.

Miss Jean Hay entertained about twelve young ladies at her home, 114 Conley avenue, Friday evening in honor of Miss Helen Barackman. The evening was spent with music, sewing and games, after which a delightful lunch was served. The house was beautifully decorated with numerous bouquets of flowers. Something new in the line of showers was inaugurated as the gifts consisted of canned fruits of which a splendid array was set forth, a very good idea in these days of high cost of living.

LYCEUM THEATRE

Thief River's Most Prominent Photo Play House

Thursday, Sept. 4—Big Special.
Beautiful ANITA STEWART in
"MARY REGAN"
She lives the part in Leroy Scott's sensational novel of big pleasure. One of her best and biggest productions.

W. J. LaBREE, Auctioneer. FARMERS STATE BANK, Clerk.

Steel Fiber Clothes For Robust Boys

The healthy, robust, red-blooded American boy plays hard during vacation. He uses every ounce of his seemingly unlimited vitality to get the best out of his mid-summer days.

Usually his clothes show it. Everything he had at the end of school last year now seems threadbare and mis-shapen.

Be happy if this is the case with your boy; for it's easier and better to buy new clothes than to pay doctor bills. And we're here to outfit the little fellows at prices that are a delight and refuge to worried parents these days of high prices.

Our Boys' Department can take care of his needs from tip to toe---all in the latest manly styles and newest fall weaves.

Just arrived—a limited lot of Steel Fiber, Mothers' choice Suits, in the latest patterns. All-Wool and guaranteed to give satisfaction. We have Boy's Suits from $8.50 and up.

Times' Campaign Closes Promptly at 4 o'clock p. m., Saturday, Sept. 13th

JUST three days more and The Times Automobile and Prize Campaign will come to a close, and two club members will be made happy with elegant motor cars. Six others will be awarded beautiful prizes for their splendid work during our big subscription drive. The closing of this campaign marks one of the most successful and sensational races ever pulled off by any newspaper in Northwestern Minnesota. All club members are now on the home-stretch period and next Saturday promises many great surprises.

Rules and Closing Particulars

Merely as a matter of caution and to assist Club Members in every way possible to receive the full benefit of their work, are these lines printed. It is of utmost importance that every Club Member, and particularly those living outside the city, read and weigh well every line. We would dislike to have any Club Member lose points because of the excitement that will surely attend the closing day of the campaign or because of any misunderstanding on their part. It is impossible to exercise too much care in arriving at a full understanding of the rules and conditions governing the closing of the campaign.

The campaign closes promptly at 4 o'clock p. m., Saturday, September 13. One minute late and your report will not be accepted.

The ballot box is now locked and sealed and will not be opened again until done so by the judges.

All points and remittances mailed after today, (Thursday) should bear a special delivery stamp to insure their reaching us in time.

All remittances and ballots should be addressed to Club Manager, The Times, Thief River Falls, Minn. This is to insure absolute accuracy and to prevent any of them from going astray.

Under no condition will points be transferred from one Club Member to another, and no points will be issued unless subscriptions are accompanied by the money to cover same, and vice versa. These are absolute rules and under no condition will they be broken.

The points opposite your name as published is the total number received to your credit up until 11 o'clock a. m., Thursday, Sept. 11th. If it is not absolutely correct according to your count, notify us immediately as it will be accepted as your correct standing by the judges and to it they will add the amount of points shown by your reserve ballots you mail up until 4 p. m., Saturday, Sept. 13. This is your notification to notify us immediately if there is an error as positively no corrections will be made after these standings and your reserve ballots go into the hands of the judges.

Special Notice

It is very important that on the last three days of the campaign all remittances sent in by Club Members or friends should be made out in the form of bank drafts, post-office orders, currency or certified checks. *No personal checks will be accepted and at least one-fourth of your final report should be covered by cash.*

Final Advice to All Club Members

Be positive that you understand the closing arrangements and inform us of any point that is not entirely clear to you. Be confident but remember that you are not the only one who wants to win one of the motor cars. Winning either car by a large majority is wisdom. Tell your friends you need all the support they can possibly give and remember that the three and five year subscriptions count wonderfully just now. See to it that you have plenty of receipt books and report blanks. Bear in mind that the winners will likely win out by a close margin and govern your work accordingly. By all means make your last report the largest. Pile up the "winning points" by next Saturday at 4 o'clock p. m.

Which Prize Will Be Yours?

FIRST PRIZE—$1260.00 Scripps-Booth Roadster, purchased of Peoples Auto Company.

SECOND PRIZE—$590.00 Ford Touring Car, 1919 Model, purchased of McFarland Auto Company.

THIRD PRIZE—$115.00 Aeolian-Vocalion Cabinet Phonograph, purchased of Lambert's Drug Store.

FOURTH PRIZE—$50.00 National Kitchen Cabinet, purchased of Larson Furniture Company.

FIFTH PRIZE—$22.50 Icy-Hot Luncheon Set, purchased of Neset Jewelry Store.

SIXTH PRIZE—$18.00 Chest of Community-Ware, purchased of Lokens' Big Store.

SEVENTH PRIZE—$16.50 Red Cedar Linen Chest, purchased of Larson Furniture Company.

EIGHTH PRIZE—$12.00 Eastman Kodak, purchased of Lambert's Drug Store.

Get Subscriptions---It's NOW or Never!

POOR WHEAT GIVEN BENEFIT BY NEW ORDER

SPREAD OF 32 CENTS BETWEEN NO. 1 AND NO. 5 CUT TO 14 CENTS.

MILLIONS SAVED FARMERS

STEENERSON CLOSES ARGUMENT FOR WHEAT GROWERS OF NORTHWEST.

Julius Barnes, head of the U. S. grain corporation, has announced a change in the guaranteed price on the lower grades of wheat, which will mean a great many million dollars to the farmers of the northwest.

The present spread in prices is 32 cents between No. 1 and No. 5 wheat. The new order reduces this spread to 14 cents, the new arrangement being No. 2 at 3 cents less than No. 1; No. 3 at 6 cents less than No. 1; No. 4 at ten cents less than No. 1; No. 5 at 14 cents less than No. 1.

The change resulted from a hearing in New York last week, called by congressmen representing the wheat growers of the northwest, and attended by the three North Dakota congressmen, Steenerson, Volstad and Anderson of Minnesota, and Riddick of Montana, and by numerous state *officials, representatives of farmers'* organizations and grain experts from the northwest.

Another interesting result of this hearing is that the much-discussed question of whether poor wheat will make as much flour as good wheat, per bushel, seems to have been answered, and the figures secured showing the exact difference, as far as the experts are able to figure it out, have been agreed on.

In giving the figures the fractions of pounds and of cents are omitted, being confusing to the average reader. Even figures are close enough for all practical purposes:

Range $2.72 to $2.85.

Sixty pounds of wheat weighing between 51 and 52 pounds to the measured bushel will yield 64 per cent flour and 35 per cent feed, one per cent being lost in the milling. The value of the finished product will be $2.22 in flour and 50 cents in feed, total $2.72.

Sixty pounds of wheat weighing between 52 and 53 pounds to the bushel measure will yield 65 per cent of flour and 34 per cent of feed, flour value $2.24, feed valued 49 cents. Total $2.73.

Sixty pounds of wheat weighing 53 to 54 pounds to the bushel will yield 66 per cent flour and 33 per cent feed, valued at $2.29 for the flour and 47 cents for the feed. Total $2.76.

Sixty pounds of wheat weighing 54 to 55 pounds to the bushel yields 68 per cent flour and 31 per cent feed, valued at $2.33 for the flour and 44 cents for the feed. Total $2.77.

Sixty pounds of wheat weighing 55 to 56 pounds to the bushel yields 68 per cent flour and 31 per cent feed, the value of the flour being $2.34 and feed 44 cents. Total $2.78.

Sixty pounds of wheat weighing 56 to 57 pounds to the bushel yields 69 per cent flour and 30 per cent of feed, valued at $2.39 for the flour and 42 cents for the feed. Total $2.81.

Sixty pounds of wheat weighing 57 to 58 pounds to the bushel yields 70 per cent of flour and 29 per cent feed, valued at $2.42 for flour and 41 cents for feed. Total $2.83.

Sixty pounds of wheat weighing 58 to 59 pounds to the bushel yields 71 per cent of flour and 28 per cent of feed, valued at $2.45 for flour and 40 cents for feed. Total $2.85.

Sixty pounds of wheat weighing 59 to 60 pounds to the bushel yields 71 per cent flour and 28 per cent feed, valued at $2.46 for flour and 40 cents for feed. Total $2.86.

The measure of value used in flour at the market price of $11.25 per barrel and feed at $48 per ton, which was the actual price at the time of the hearing.

Hard Wheat Is Needed.

Another very interesting fact was brought out by Mr. Steenerson in his closing argument in behalf of the wheat growers. He pointed out that in the past the northwestern wheat has commanded a premium of about 20 cents over soft wheat, for the reason that it was generally so rich in gluten that it could be mixed with soft wheat so as to make a high grade patent flour from the mixture; that soft wheat alone contained so much starch that the loaf made from it was small and heavy and lacked the palatability that makes hard wheat bread so valuable, and for this reason the light weight hard wheat raised this year had an additional value for mixing purposes, over and above its intrinsic value, especially because the winter wheat this year is unusually weak in gluten and needs this mixture more than in any ordinary year.

Steenerson's View Taken.

The correctness of Mr. Steenerson's argument was admitted by the experts present, and was further proven by the fact that the government is offering to sell from its store of flour in New York, made from soft wheat, at $9.85 per barrel, with no takers, because the people demand flour made in whole or in part from the hard wheat of the northwest.

Makes Good Bread.

The Minnesota grain inspection, through Messrs. Jacobson, O'Neill and Holmberg, produced more than a dozen samples of wheat weighing from 48 to 60 pounds test weight, with samples of flour made from each, showing that the lighter wheat made about as good bread as that made from No. 1.

Should Save Figures.

It is suggested that farmers interested in wheat save the above figures for future reference, as the percentage of flour and feed in a bushel of each grade of wheat being available, he can at any time figure out the difference between the selling price of his wheat and the cost of his flour and feed.

Dance Well Attended.

The dance given by the band last Friday evening was well attended, there being approximately 100 couples present. Dancing began at 10 p. m., and continued until 2 a. m. Music was furnished by the band's ten piece jazz orchestra and the grade of music rendered met the approval of everyone. The band plans on giving another of these enjoyable affairs in a month or so.

PUBLIC FORUM

Another View of the Matter.

Editor Times:—Permit me to say a few words in answer to the demands made by the "Committee of Five," that submits arguments favoring our present county superintendent of schools, Mr. Gunderson, concerning his expenses, etc.

We must say that we fail to see any reason why this "Committee of Five" should play their game in the dark. Why don't they come out in the open? If they are afraid to show up their names they must be standing on rather poor footing.

Mr. Gunderson no doubt was aware of the fact that at the time he decided to run for the office of superintendent of schools, and was elected, there was only a $1,250 salary attached to it and no further allowances for expenses, etc. It was evidently the office and not the salary that was uppermost in his mind at that time. Now shortly after Mr. Gunderson assumed his duties as such superintendent of schools, the county commissioners raised the salary attached to the office from $1,250 to $1,550, in order to make up for the present high cost of living, etc., and which as usual, was understood to make allowance for traveling expenses in visiting the rural schools. Yet Mr. Gunderson says he is handicapped, and cannot give the rural schools the necessary attention for want of expense money.

It didn't seem to trouble our former county superintendent to carry out his duties in this respect, and he did it well, on the old salary plan.

This is not the time for Mr. Gunderson to start "bucking" after he is in the harness. It is up to him to give the rural schools the "same supervision" as heretofore, and better, as that was the promise upon which he was elected, and the tax-payers shall expect him to carry out the oath of his office to the letter.

When Supt. Gunderson wrote the Department of Education at St. Paul, Minn., under date of April 22nd, he no doubt failed to state the fact that the county commissioners had already then given him a raise of $300 above the salary attached to the office when he was elected, of which the most was for expenses, etc. If he had, Attorney General Montreville J. Brown no doubt would have called his attention to different chapters and sections in the G. S. 1919, than he did, which would comply with the decision handed down by Judge Watts, no doubt.

This does not mean that we are opposed to a bigger salary for the superintendent of schools, but it means that we shall consider the facts in the matter.

W. A. SWANSON.

Rhoda, Minn.

ROSEWOOD

Mr. and Mrs. Emil Pederson of Middle River visited for a few days the latter part of this week at the A. C. Vorseth home in town. Mr. Pederson is a garage owner at Middle River.

P. Sorenson has purchased a new Fordson tractor.

Mr. and Mrs. Carl Stromberg and family and Grandma Stromberg, of Dakota Junction, were in town last Sunday as guests with the S. and J. Rafteseth families.

Gust Opseth left on Friday for the Borden farm, north of Thief River Falls, with his threshing rig, and will be employed in that vicinity for some time.

The Farmers Shipping association will ship stock to the Twin Cities on Saturday, Sept. 20.

Several members of the A. T. Thoreson family Sundayed with Olga and Esther Thoreson at Thief River Falls.

Thomas Thoreson and Ted Nelson *are home from North Dakota, where* they have been employed during the fall season.

Olof Eide of Oslo, spent Sunday at this place visiting with friends. He returned Monday morning.

F. T. Glembo of the Vacuum Oil company of Minneapolis, was in town one day last week on business.

Mesdames Elson Lafayette and Edwin Jacobson of Plummer, arrived last Wednesday for a few days' visit with their sister, Mrs. Olof Nordhagen, south of town.

Benny and Carl Ranum of Angus were in town last Sunday to visit with their mother and other friends.

O. J. Johnson, field representative of the Red Cross in the flood district, arrived here from Holt last Saturday evening for a day's visit with Joel Shoberg. Mr. Johnson is making a complete survey of the conditions among those suffering from the excessive flood last summer, and is in company with Assistant County Agent Geo. P. Sanders, dealing out food, clothing and feed among those in the greatest need. Mr. Johnson was accompanied here by Mr. Sanders and Walter M. West, a disaster relief agent from Minneapolis.

T. J. Taggert left on Tuesday morning for a day's business visit at Warren.

A. Axelson and family, Mrs. J. Styrlund and daughter, Miss Ethel, of Viking, were in town last Sunday to attend church services.

Christ Evenson and family of Holt, were in town last Sunday to visit with friends and relatives.

A. Schultz and family of Lester Prairie, are visiting this week at the home of Mr. and Mrs. F. G. Dols, with whom they are related.

ERIE

Mr. and Mrs. Olaf Kompelien autoed to Thief River Falls Saturday evening.

Mrs. Otto Parnow returned the first part of the week from Fairmont, this state, where she had been to attend the funeral of her mother.

Edward Singer made a trip to the county seat Monday morning.

Telma Hovet was mistress of the "Clover Nook" home Friday while Mr. and Mrs. H. Dahlen were at Thief River Falls to be present at the commissioners' meeting where school district matters were up for discussion.

Ole Dahle departed for "Big Dick" the first part of the week.

County Commissioner Andrew Hanson motored to the county seat to attend Friday's meeting of the board.

Fred Aubol, the South Erie merchant, made an auto trip via Thief River Falls to St. Hilaire Monday of last week.

Miss Bergit Danielson visited at the Paddy Iverson home Sunday afternoon. Miss Bergit is some whist player.

Christian Amundson motored to Grand Forks Tuesday morning for a brief visit at the home of his cousin, Iver. Morstad, of that place.

Miss Phoebe Shubert shopped in Thief River Falls last Monday.

STEINER

Miss Pearl Warring, who has been attending high school in Thief River Falls for the past week, returned home Friday to spend Saturday and Sunday.

Misses Grace Russell and Georgia Muzzey, Paul and Andrew Kisch, were in Thief River Falls Sunday.

Roy Baker, little son of N. E. Baker, had a serious accident the middle of the week. He was taken to the Physicians hospital in Thief River Falls where the operation was performed. The latest report is that he is doing as well as can be expected.

Oscar, Edwin and Sarah Swanson spent Sunday at the Malberg home.

Miss Ella Meyer shopped in Thief River Falls Friday.

Mrs. M. O. Saugen and daughter, Celia, drove to Thief River Falls the latter part of the week.

Oliver Molstad transacted business in Thief River Falls Saturday.

The R. L. Muzzy and N. E. Muzzey families spent Sunday at the M. Kisch home.

Mrs. S. R. Rogers and son, Hobson drove to Thief River Falls the last of the week.

M. P. Saugen and son, Otto, transacted business in Holt Saturday.

Miss Lena Reidl, who has been clerking at the G. L. Leisner sale in Thief River Falls, spent a few days the first of the week at her home.

GERMANTOWN

KIDNEYS WEAKENING? LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

At 8 p. m. the union service will be at the Scandinavian Ev. church on West Side. Rev. Kjobsness and A. Andren will be the speakers of the day.

GRYGLA DISTRICT NOT SERIOUSLY DAMAGED

(Grygla Eagle.)

In spite of the reports which we have read in the papers and heard from our neighbors, it must not be assumed that all of this section has been devastated by the flood in early July and the heavy rain of two weeks ago. In fact the crops around Grygla, in Valley township, and most of the farms east of here, as well as all our bordering township, are yielding good, the land is high and dry at the present time, and prospects are very bright for the future on our farms.

The harvesting of grains is progressing rapidly, and the rye and wheat, although a little shrunken in places, is yielding fairly well up to the average, according to Geo. P. Sanders, assistant county agent, who has been over the ground here as well as in the Mud Lake district, where most of the crop is very badly damaged, and where the bulk of the assistance ought to be granted. Corn is reported as being far ahead of the average for this section, while oats and barley are yielding around 90 per cent normal, except in a few low spots and along main ditches. Potatoes on sandy soil east of Grygla are reported as being of excellent quality and a good yield, and flax is turning out much better than expected, even the second growth after the July rains. There will be plenty of hay in all townships along the County Line and in Beltrami county near here. While the country some distance west of here has been badly hurt by the rains, especially along Thief river and in the Mud Lake and Thief Lake areas, local crops hereabouts are much better than general reports would indicate.

J-H IN CLEARWATER WILL BE IMPROVED

MATTER OF SELECTING BEST ROUTE LEFT TO MANAGER CLARKSON.

An agreement in the selection of the route for the Jefferson Highway between Bagley and Clearbrook was finally reached last week when the county board of commissioners in regular session at Bagley compromised by adopting a resolution passing the matter to general manager J. D. Clarkson for decision by which all interested parties will be governed, says the Gonvick Banner. It is expected that Mr. Clarkson will go over the two roads in question within a few days and his selection made public.

The action of the board came after several weeks of useless squabbling and puts to rest an issue that made for an unpleasant situation in the county and the large number of people who are always pulling for greater development in Clearwater county are happy in the thought of knowing that the matter has finally been settled.

It means that the clay mire between Bagley and Clearbrook which has been a black-eye to the highway and cost the county so much unfavorable criticism will be repaired and put into a condition to compare with other parts of the Jefferson Highway.

AUGUST WAS WARM MONTH; MUCH RAIN

TOTAL OF 7 AND ONE HALF INCHES OF RAIN FELL DURING PAST MONTH.

According to the weather report for August, just issued by Louis M. Rayson, meterologist, last month in Thief River Falls was not very well behaved. The sunshine was not on the average and there were two storms of unusual precipitation.

The mean maximum temperature for August was 78.64 degrees and the mean minimum temperature was 53.87. On the 19th of August the temperature reached 91 and the coolest day was on the 27th when the therometer registered 39 degrees.

The total rainfall during the past month was 7.50 inches and the greatest precipitation in twenty-four hours occurred on the third of August when 2.95 inches fell.

During the month just ended sixteen days were clear, 4 were partly cloudy and 11 werel cloudy. There were 11 days on which there was a precipitation of .01 inch or more. Thunder storms occurred on the 3rd, 6th and 20th but were comparatively slight. Two hail storms were recorded, one on the 11th of August at 7:45 p. m., and the second on the 20th at 2:50 p. m.

City Council Proceedings

A special meeting of the City Council was called to order by O. L. Ihle, president, at eight o'clock p. m., Aug. 29th, 1919.

Members present: Froseth, Benson, Brumund, Olson, Brandon and Ihle. Members absent, none.

Moved by Brandon, seconded by Brumund, that the maintenance bond of L. D. McAdams in the sum of $2,000 be accepted. Motion carried.

Alderman Brandon, seconded by Alderman Brumund, offered a resolution authorizing the payment of $1,425.00 to L. D. McAdams, balance due on contract for the construction of sidewalk and retaining wall.

Aldermen voting Yea: Froseth, Benson, Brumund, Olson and Brandon. Aldermen voting No: Ihle. (See Resolution.)

On motion duly made and seconded the Council adjourned.

O. L. IHLE,
President of the Council.

Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a special meeting of the City Council held Aug. 29th, 1919, Alderman S. Brandon, seconded by Alderman H. Brumund, introduced the following resolution and moved its adoption:

Be It Resolved, by the City Council of the City of Thief River Falls, Minnesota, that

Whereas, the City did on the 14th day of June, 1919, enter into a contract with L. D. McAdams for the construction, for said City, of a certain sidewalk, retaining wall, pipe rail, etc., at the East approach to the bridge across Red Lake river, on Bridge Street, and said walk has been completed, and said L. D. McAdams has presented his bill therefor, and having given a bond guaranteeing said work for one year, and, it appearing that there is due to L. D. McAdams the sum of One Thousand Four Hundred Twenty-five Dollars ($1,425.00), Now Therefore,

Be It Resolved, that there be and hereby is appropriated to the said L. D. McAdams the sum of One Thousand Four Hundred Twenty-five Dollars, ($1,425.00), in payment of said work according to said contract and the Mayor and City Clerk are hereby authorized to issue and deliver the City's warrants in accordance therewith.

Roll Call: Aldermen voting Yea: Froseth, Benson, Brumund, Olson and Brandon. Aldermen voting No: Ihle. Resolution declared passed.

O. L. IHLE,
President of the Council.

Approved Sept. 3rd, 1919.
G. A. PENNEY,
Mayor.

Attest:
A. H. AKRE,
City Clerk.

Notice of Re-Selling Ditch Job.

Notice Is Hereby Given that on the 13th day of September, 1919, at two o'clock P. M., at the County Auditor's office, in the Pennington County Court House, in the City of Thief River Falls, Minnesota, I will re-sell the job of cleaning and repairing County Ditch number Twenty-one of Pennington County, Minnesota, which cleaning and repairing was ordered by the Board of County Commissioners of Pennington County, Minnesota, by their order bearing date January 30th, 1917, and which job was on the 6th day of March, 1917, duly let to J. C. Parker Company, and which has been partly done and partly completed by the said J. C. Parker Company; that the said J. C. Parker Company has failed to complete said work according to the terms of the said contract after due notice given, and the job will be re-sold at such time and place above stated to the lowest responsible bidder, but not for a sum exceeding fifty per cent in excess of the original estimated costs of the unfinished portion of such work; that bids are invited for the completion of the unfinished portion of said work, said work to be completed within the time required and in the manner specified in said Engineer's report. The successful bidder will be required to enter into a contract to complete the unfinished portions of said work in accordance with the original estimates, specifications and profiles, and to enter into a contract and give a satisfactory bond to be approved by the Auditor of Pennington County with two free holder sureties for the faithful performance and fulfillment of his contract and to pay all damages that may accrue by reason of his failure to complete the job within the time required in the contract. The original contract with J. C. Parker Company, and the estimates, profiles and Engineer's report are on file and may be seen at my office.

All bids must be accompanied by a certified check payable to the Auditor of Pennington County for not less than ten per cent of the amount of each bid.

The right to reject any and all bids is hereby reserved.

Dated September 2nd, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

Headache

THOUSANDS OF WOMEN suffer miserably from periodic attacks of headache, never dreaming that a permanent cure may be had. Headache nearly always results from some disorder of the stomach, liver or bowels. Take Chamberlain's Tablets. They will correct these disorders and there will be no more headache. Many have been permanently cured by Chamberlain's Tablets.

Chamberlain's Tablets

A Voice From Sioux City, Iowa, says

PE-RU-NA

Worth Its Weight in Gold

You cannot mistake the words of Mr. W. W. Northrup, of 908 Fourth Street, Sioux City, Iowa. He is enthusiastic about his present health and *the merits of PE-RU-NA and wants everyone to know it. Here is a recent letter from him:—*

"PE-RU-NA is worth its weight in gold and then some. I used to think it only a woman's remedy but have changed my mind. I had a cough, especially in the morning. After using half a bottle of PE-RU-NA was much better. I would cough up chunks of phlegm and mucus, my eyes itched and bothered me. Judging from the symptoms given in your almanac it was catarrh. My stomach is in much better condition since using your medicine."

"Use this testimonial, if you wish. Don't hesitate to advertise the merits of PE-RU-NA."

(Signed) W. W. NORTHRUP.

There are thousands just like Mr. Northrup, skeptical at first but convinced by a trial of PE-RU-NA.

DON'T BE AN UNBELIEVER.

If your trouble is of a catarrhal nature, try PE-RU-NA, then tell your friends. It is fine after an attack of grip or Spanish Flu.

"Quality" Fully Describes Times Work

Experts or Theorists—Which?

The packing industry is intricate, complex—far more so than the railroads or the telegraph.

Every day multiplying needs of society increase its problems and multiplying responsibilities demand more of it.

Highly trained experts, specialists of years' experience, thinkers and creative men, devote their lives, their energies, their activities, to solving the problems of the packing industry and meeting its widening duties.

Swift & Company is not a few dozen packing plants, a few hundred branch houses, a few thousand refrigerator cars, and a few million dollars of capital, but an organization of such men. It is the experience, intelligence, initiative and activity which operates this physical equipment.

Can this intelligence, this experience, this initiative and creative effort which handles this business at a profit of only a fraction of a cent per pound from all sources, be fostered through the intervention of political theorists, however pure their purposes? Or be replaced by legislation? Does Congress really think that it can?

BIGGEST DUCK HUNT IN YEARS IS PREDICTED

NIMRODS BUSY PREPARING FOR OPENING OF SEASON, TUESDAY, SEPT. 16.

LIMIT 15 BIRDS PER DAY

BIRDS CANNOT BE TAKEN FROM POWER OR SAIL BOATS OR UPON OPEN WATER.

Local nimrods are anxiously waiting for the gong that opens the duck season next Tuesday, and hunters predict one of the biggest seasons for a long number of years.

Hunters have been busy during the week getting prepared for the big drive they are to make and the old rubber boots and hiking shoes were brought down from up in the attic and inspected as to their fitness. Their camping outfits also have been given the "once over" so everything is in readiness for the morning of Sept. 16 and the ducks are sure to receive one of the worst bombardments in years from all directions.

Game is very much in abundance this fall and hunters will have little trouble in getting their quota. The year has been a good one and every slough, river and lake is infested by the fowl. Game Warden Munch says at a lake south of here the birds are so thick in the evening that it is made difficult to see the sun.

Ducks are also numerous at Mud and Thief lakes this season and form a great feeding place as has been in the case in other years, but the floods of the summer have brought the ducks into that country in flocks.

The season opens Tuesday morning and continues until December 31, inclusive. The limit per day has been placed at 15 birds and no hunter must have in his possession more than 45 birds at any one time. Of this number not more than 5 shall be wild geese.

Don't Use Aeroplanes.

The 1919 game laws specifically provide that no one shall use an aeroplane to hunt ducks or geese and rifles are also prohibited in the shooting of the game. It is not so very long ago that the aeroplane idea was looked upon as more or less of a wonder but owing to the numerous "flying machines" in the state the 1919 lawmakers thought it advisable to make laws to control them during the hunting season.

1919 Laws.

The following excerpts taken from the laws passed by the 1919 legislature will no doubt be of interest:

Section 59—Water fowl. Open Season—Wild ducks, wild geese, coots, rails, gallinules, Wilson or jack snipe and greater or less yellow legs may be taken and possessed between September 16 and Dec. 31, following both inclusive. No wood duck shall be taken or had in possession prior to Sept. 16, 1923.

Section 6—Hours For Taking—Migratory birds may be taken each day during the hours permitted by federal laws.

Section 61—Limit—A person may take during the open season, not to exceed 15 wild ducks, coots, rails, Wilson or jack snipe and greater or less yellow legs in the aggregate of all birds not to exceed 5 wild geese in any one day. No person shall have in possession at any one time more than 45 wild ducks, coots, rails or gallinules, Wilson or jack snipes, in the aggregate of all kinds of which not more than 5 shall be wild geese.

Section 62—Manner of Taking—Water fowl may be taken during the open season from the land, from a stationary blind used to conceal the hunter, from a boat or canoe propelled by paddle, or a pole (other than a sail or power boat), when the same is within a natural growth of weeds, bushes, flags or other vegetation, or in pursuit of wounded birds, but may not be taken from power or sail boats or upon the open water, or from aeroplanes. Rifles may not be used in taking water fowl. Artificial and real decoys may be used.

Aliens Refused.

Section 14—Hunting by Aliens—No person who is an alien and who has not duly declared his intention of becoming a citizen of the United States nor one who, having duly declared his intention to become a citizen and having failed to qualify as a citizen without the length of time in which he may legally do so shall take any wild animals in this state except in defense of property, provided such persons may take wild animals subject to the laws to taking thereof by non-residents. No persons shall own or have in possession any shot gun, rifle or firearm, except for the purpose of hunting as a non-resident.

Anyone arrested and found guilty of hunting before the season opens or shoots any of the birds protected by law during the closed season will be subject to a fine of not less than $10 nor more than $100 or 30 days imprisonment in the county jail.

The following birds may be shot between Sept. 16 and Dec. 31: Ducks, geese, coots, rails, jack snipes and yellow legs. Open season on moose and deer from Nov. 15 to Dec. 5.

Quail may be shot from Oct. 15th to Dec. 30. Marten, Fisher, mink, muskrat from Dec. 1st, to March 31. Gray, Black or Fox squirrel, snow shoe rabbit, raccoon may be taken between Oct. 15 to March 1st.

Closed Season.

Doves may not be taken until 1920 beginning Sept. 16 to Oct. 1st.

There is also closed season on woodcock until Oct. 1st, 1920.

Ruffed grouse and male ringneck pheasant may be taken beginning Oct. 15, 1920, and lasting until Nov. 30, 1920, and thereafter on every even numbered year.

No open season on elk, caribou, beaver, otter, shore birds (other than yellow legs and jack snipes), plover, prairie chickens, short tail grouse, wood duck, swans, cranes, curlew, grebes.

The sale of game is prohibited at all times, except as to fur bearing animals.

Resident—small game license—$1 required of all persons over 14 years of age, except of residents hunting on own home farm. Sold only by county auditors.

September 20

1914 British forces begin operations in Southwest Africa. Rhiems Cathedral shelled by the Germans.

1915 Russians evacuate Vilna. Russians recapture Lutsk. Allies preparing for open defensive on western front. Occupy Lenz.

1916 Report reached this country of capture of Flers, Courcellette, and other German positions by use of tanks.

1917 First quota of selected men from Pennington county leave for Des Moines. This contingent was made up of the following: Carl John Mellby, city; Albert Seeland, St. Hilaire; Perry Milton Froseth, city; Gustave H. Akerlund, city; James J. Carney, city; Samuel Pope, city; Carl Arthur Swanson, city; Henry Johnson, city; Palmer Brooten, city.

Costa Rica breaks with Germany.

Gen. Bliss named chief of staff.

LEGION WOULD GIVE BOOT TO SLACKERS

ALIEN NON-CITIZENS WHO AVOIDED SERVICE IN WAR ARE CRITICIZED.

With the broad hint that the "discreet and provident alien slacker will make his ship reservation early," the American Legion Weekly, official organ of the National Association of the Veterans of 1918, announces in its current issue a vigorous campaign to bring about the wholesale deportation of those non-citizens who avoided service in the war. It says:

"The state organization of the American Legion in Oregon has compiled a list of all alien slackers, giving their names to the press and is making their existence uncomfortable generally. Foreigners who cancelled their first papers at the outbreak of the war are included in the list of alien slackers."

"That attention of men who employ alien slackers and who deal with them is being brought by the legion's local members to these undesirables. Similar action may be looked for throughout the country shortly.

"Americans are credited with the characteristic of forgetting quickly—but the men who were at the front are not going to forget the alien slacker, either now or later. They are very much in earnest in their opposition to entertaining these individuals longer in America. The issue will not be neglected or laid aside."

MADE MOONSHINE IN NORMAN COUNTY

CAUGHT WITH INGREDIENTS AND PARAPHERNALIA IN OLD SHACK.

Mahnomen county peace officers were instrumental in causing the arrest of a moonshiner last Saturday. They got him with the goods. He had a full outfit for making moonshine, he had some of the finished product of his still and he had it in various stages of manufacture. He is now in the hands of the federal officers, and his outfit is in charge of the sheriff.

The moonshiners name is Frederick F. Sommerkorn, and he claims to have come from Canada, but later operated his calling in North Dakota. When arrested he was found in a little cabin in a most secluded spot by the side of the river in the town of Wild Rice in Norman county. There have been rumors and evidences of moonshine in that vicinity for some time past. Sommerkorn has been in town occasionally and it is said that he did quite a profitable business. A warrant was issued by County Attorney Cooper, charging him with having sold liquor in Mahnomen and Sheriff Urness went out after the man. He was found in his shack, with his still, a barrel of mash, made of barley, potatoes and raisins, with a quantity of the various ingredients as yet untouched. These were all brought to town and the federal authorities in St. Paul notified. A federal warrant was issued and he was taken away Tuesday night to answer to the more serious charge preferred by the federal government.

MRS. WOOLSY MADE GAIN OF 12 POUNDS

WAS IN A RUNDOWN CONDITION BECAUSE OF 8 YEARS TROUBLE—PRAISES TANLAC.

"Tanlac proved to be just what I needed, because it has not only given me relief but has also built me up to where I have gained twelve pounds in weight," said Mrs. N. L. Woolsey, of 1422 West Lake street, Minneapolis, to a Tanlac representative, recently. Mrs. Woolsey is well known in Minneapolis, where she has lived for eight years.

"I suffered from a generally run down condition," continued Mrs. Woolsey, "and was troubled this way for about eight years. I was so nervous sometimes that I wasn't able to get more than just a few hours sleep and felt so miserable at times that I would get out of bed and walk the floor to find some relief. I simply had no appetite at all and it just seemed like everything I ate disagreed with me, soured on my stomach and bloated me up with gas and sometimes this gas would press so against my heart that I had trouble getting my breath. I fell off in weight and finally got so weak that I had to give up my work for awhile. I had neuritis in my left shoulder and arm for many years so bad that it bothered me some every night about the time I went to bed and many a night I just laid awake for hours suffering terrible pain in my shoulder and got up in the morning with an awful headache from the suffering and lack of rest. My feet used to swell so badly at times I could hardly stand on them to do my work and I seemed to be troubled with my stomach all the time and, although I tried many different things for my trouble, nothing seemed to help me a particle.

"Then I read about Tanlac and what it was doing for others that seemed to be troubled like I was, so I bought some of it as soon as it appeared here in Minneapolis, and I certainly began to feel better by the time I had finished the first bottle, so I kept on taking it and my strength came back to me and so did my appetite and my whole condition improved right along. I have a splendid appetite now and sleep good every night and all signs of neuritis have disappeared and I feel better and stronger in every way. I have not only gotten back the five pounds in weight that I lost but seven more pounds besides and I just think so much of Tanlac that I have already recommended it highly to many people."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—adv.

Took Testimony.

Testimony in a probate case was taken in municipal court rooms before Judge Tarrant Saturday afternoon. The estate is being probated in Blue Earth county and D. A. Rake, of this county, has filed claim against the estate for furnishing Christ Mickelson, deceased soldier, with hay, oats and seed. The heirs disputed the claim. Mickelson was renting the farm of D. A. Rake, near Mavie, and was called into the service after he had planted the crop and later died in one of the American military camps. Lars Rosett and M. Lindwick appeared as witnesses for Rake.

STRICT RULES FOR BOARDING HOUSES

HOTELS, RESTAURANTS AND SOFT DRINK PLACES ARE ALSO INCLUDED.

W. A. Wittbecker, state hotel inspector, has issued a circular of general instructions calling attention to certain laws passed at the last session of the legislature with reference to the licensing of hotels, restaurants and soft drink places. While the law has been in force for some time there are still a large number of owners of businesses of this kind in the state who have not been made acquainted with its provisions and may for this reason be unwittingly and unintentionally laying themselves liable to the punishment, provided in case of non-compliance. Mr. Wittbecker realizes this fact fully and has asked the press to give the matter all the publicity possible.

The outstanding points of the law are as follows:

All hotels and restaurants are required to have a license.

All lodging or boarding houses having accommodations for ten or more guests are required to have a license.

All places where confectionery, ice cream, sandwiches, or drinks of various kinds, are made, sold or served at retail must have a license, the fee for which is $3.50.

The law provides a penalty of from $25.00 to $100.00 or imprisonment in the county jail for not more than 90 days for failure to procure this license.

SPEAKS IN CHURCH HE FOUNDED IN '83

REV. DR. C. E. BRONSON RETURNS TO SCENE OF HIS EARLY LABORS.

The following item, sent out last week from Red Lake Falls will be of interest to many of the old-timers in this section, particularly those residing in the southern part of Pennington county:

"Rev. Charles E. Bronson, D. D., pastor of Westhope Presbyterian church of Philadelphia for the past nineteen years, returned to Red Lake Falls recently after an absence of thirty-six years and preached in the Presbyterian church which he founded here in 1883. Dr. Bronson has met several people here who knew him when he was here before.

"He came up from Crookston in a lumber wagon in 1883 with Dan Patterson of St. Hilaire, a Mr. Thibeau who came to start a saloon and a Mr. Morris who was to start a bank. The railroad from Crookston to St. Hilaire had not been completed at that time but was finished during the summer of that year. Dr. Bronson first made St. Hilaire his headquarters and established his church over a hardware store with seats made of boards laid across nail kegs, but he soon came to Red Lake Falls and started a church in Kretschmar's hall on the North Side.

"For the first two weeks he made the trip between St. Hilaire and Red Lake Falls on foot and then was given an Indian pony which was full of tricks.

"The congregation gave Mr. Bronson a bible that he has used continuously for thirty-six years and which he exhibited to his audience on his return. He seemed very pleased to return to the place of his first ministerial endeavors. He is now the pastor of one of the largest churches in Philadelphia."

Elks Have Picnic.

The annual outing of B. P. O. Elks lodge 1308 was held at Squaw Point last Sunday. Favored with ideal weather the lodge members and their families began arriving before noon. A stand was erected in a large shady spot and lunch was served in "line-up" and "stand-up" fashion. Immediately after dinner the program of races was pulled off and the large crowd was given an exhibition of broncho busting by a Montana cow puncher. The twelve piece Elks' jazz band was on hand and rendered a short concert after the lunch hour and played just before the closing races.

MIKE AND TOMMY GIBBONS TO BOX EXHIBITION BOUT AT SOLDIERS' HOMECOMING

America's Foremost Pugilists in Their Class Will Furnish Unusual Entertainment For Returned Men and Their Friends.

D-FASHIONED BARBECUE ALSO FEATURE

wo or Three Whole Beeves Roasted by Expert at Fair Grounds Will Furnish Basis For Greatest Feed in All History.

All the arrangements have been made.

And it will all be free—absolutely. Eats, amusements, dancing—everything.

All that the people of Pennington county ask now is that the weather shall behave itself.

Ways and means for financing the greatest celebration in honor of returned soldiers, sailors and marines to be given by any community in the state of Minnesota have been found and every doughboy, gob and devil dog is going to be invited to have the time of his life. All that is asked of him is that he come in uniform so that there will be some way of singling him out from the common herd. He can leave his pocket book at home.

A Wonderful Program.

The committees in charge of the homecoming celebration have been meeting every few minutes since the proposition was first broached. It was realized that something out of the ordinary should be provided—and such will be the case.

As one of the features—perhaps the main feature—of the event must be placed a boxing match between two of the greatest masters of the pugilistic art that ever stepped into a roped arena. The contestants are Minnesota boys, the famous Mike and Tommy Gibbons of St. Paul. The former is perhaps the best known of the two, having defeated every man who has ever faced him in the ring. He is the champion of his division and has more admirers among the followers of scientific boxing than any man in the country, if not in the world. Tommy is his brother, sparring partner, guide, philosopher and friend. They put on an exhibition such as has never before been seen under the rules of a boxing bout. The clean, scientific work that has made them famous the world over is shown during five whirlwind rounds, culminating in a complete knockout. So clever is the exhibition that none but an expert would ever know that it is not a genuine contest for blood, honors and money.

Platform at Fair Grounds.

The contest will take place at the fair grounds on a platform erected for the purpose in front of the grandstand. It was realized that no hall could be found in the city large enough to accommodate the crowd that would wish to witness this exhibition and an outdoor show was decided on. The contest will be staged exactly as if [illegible] great prize fight and all the [illegible] will be in evidence. For those who have never seen two trained men in the ring this feature will hold an interest that nothing can surpass. It will be worth coming miles to see.

A Monster Barbecue.

Ten thousand people—more or less—will have to be fed and this presented something of a problem. A barbecue was suggested and the idea carried with a whoop. Two or three whole beeves, depending on the size, will be roasted right on the grounds by an expert. All the necessary trimmings will be forthcoming and everyone will be welcome to eat as much and often as seems wise. No charge will be made. The people of Pennington county are doing this and they want no one to bother them with money on this, the day they have set aside for the honoring of those who went forth to battle with the enemy of free institutions.

Lots of Other Things.

A tentative program has been arranged. It includes a monster parade in which all the visitors will take part together with every man, woman and child in Pennington county who can be coaxed or forced into line. The service men should wear their uniforms. Some may not see the importance of this but in a crowd such as will be present on this occasion it is best that they have some mark of distinction.

There will be speeches—not many and very short—and there will be some singing. A football game between Thief River Falls and Red Lake Falls high schools is on the program. There will be running races, foot, sack and novelty races of all kinds, and the prizes will be worth while. A greased pig will be provided. Negotiations are under way for the appearance of a company of aborigines from the reservation who will put on a regular Indian dance. A handicap race between Ford cars will supply a bushel of fun. Five bands have promised to be on hand and will play from early morn until everybody has gone home. There will be outdoor dancing and indoor dancing—plenty of room for all. There will be something doing every minute and very often the happenings will double up on each other.

Are Working Hard.

Chairman K. O. Gigstad of St. Hilaire, and the different committee men are working their heads off trying to invent new schemes for amusing the crowd. The items mentioned above are only a few of the things that will happen—others are being added to the program every hour.

It will be a wonderful day. The people are going to show the boys that they appreciate what they have gone through and in the demonstration are going to include all their folks, down to the nineteenth generation. More than this, they are going to include all the soldier and sailor boys from Polk, Red Lake, Beltrami, Roseau, Marshall or any other nearby county in the general jollification. All are welcome and there will be enough to go around.

Let's only hope it don't rain.

SCHOOL BOARD TO BE HOSTS FRIDAY

CITY'S TEACHING STAFF TO BE GIVEN RECEPTION AT LICOLN HIGH.

The annual reception to the instructors in the Thief River Falls public schools will be given tomorrow evening at the Lincoln high school auditorium.

Parents and their friends are asked to be present for the purpose of meeting the many new teachers who have come to teach during the school year in the city, and as the percentage of new instructors is larger this year than ever before it is hoped a good sized attendance will be registered. The purpose of the meeting is to cement the acquaintance between parents and teachers.

A program of music has been arranged and there will be other features during the evening to make it one of enjoyment.

SUGAR SHORTAGE ENDS IN 10 DAYS

CAR WILL ARRIVE IN CITY FRIDAY FOR THIEF RIVER GROCERY CO.

The sugar shortage which has been felt all over the country during the last eight weeks is practically at an end and normal conditions will be resumed within ten days, according to an announcement made Monday by Henry Rolapp, of the food administration sugar distributing committee.

A car of sugar will arrive in Thief River Falls tomorrow for the Grocery company and will be evenly distributed among the local grocers. The supply will not be large for each place but will help in a small degree to relieve the situation. Regular shipments are expected to arrive at regular intervals thereafter and the condition will soon be normal again.

"The government now has 100 boats bringing raw sugar from Cuba," said Mr. Rolapp, whose territory extends from Texas to the northern part of this state and from the Pacific coast to the Indiana state line. "Within forty-eight hours after it gets to the refineries it will be turned in refined sugar. Sugar will continue to retail at a price near twelve cents a pound and it should never have been higher," said Mr. Rolapp.

TRI-COUNTY FAIR OPENS NEXT WEEK

W. I. NOLAN AND J. H. HAY WILL BE SPEAKERS AT GOODRIDGE.

The first annual fair of the Tri-County Agricultural association will be held at Goodridge next Monday and Tuesday. Preparations for this event have been under way for a long time and the arrangements are now sufficiently advanced to insure success for the enterprise.

Two men prominent in the state have been secured as speakers for the occasion. They are W. I. Nolan, speaker of the Minnesota house of representatives, and J. H. Hay, deputy agricultural commissioner. The latter will speak at 1 o'clock Monday afternoon and Mr. Nolan at the same hour on Tuesday.

The stock judging will also be done on Monday and there is a great deal of interest in the outcome. The section represented by the fair at Goodridge has been making rapid strides in live stock raising during the past few years and many of the prize cattle seen at Pennington and Marshall county fairs are from herds raised in that neighborhood. The prizes provided are substantial and there is no doubt but that there will be a thoroly representative display.

There will be band music during all the time the fair is going on and numerous unusual features have been provided. One of these is a calf parade during which exhibitors will have an opportunity to show the kind of young critters in which they are pinning their hopes. There will be two interesting ball games—between Grygla and Goodridge on the first day while on Tuesday the Red Lake Indian team will cross bats with the home town representatives.

Band concerts will also be held on the evenings of both days.

OPEN AFTER SIX

E. K. Aasen, chairman of the clothiers committee of the Merchant's association, has recommended that the stores in Thief River Falls open after six on Homecoming day, Saturday, September 20th, to accommodate customers, who wish to do their trading on that day.

Victory Buttons Coming.

Lt.-Colonel E. L. Hooper, of the Minneapolis Recruiting station has informed the officers of the local post of the American Legion that a representative of the U. S. Army will be here on Homecoming day to distribute Victory buttons to Pennington county boys. All that is necessary to procure the button is to present the discharge certificate. The army representative will also discuss with local returned service men matters pertaining to their insurance and the different ways in which it can be converted under the new system. He will be stationed at American Legion headquarters at the Auditorium during his stay in Thief River Falls on Sept. 20. He is being sent here at the request of the local Legion post.

MERCHANTS AND EMPLOYEES TO HOLD BANQUET

NOTED SPEAKER SECURED TO DELIVER ADDRESS AT FIRST MEETING SEPT. 23.

SUBJECT: "CO-OPERATION"

ALL MEMBERS OF ASSOCIATION REQUESTED TO BE PRESENT AT GATHERING.

Merchants of Thief River Falls will stage a banquet at one of the hotels on Sept. 23, at which time the employes at the various business establishments are to be the guests. This will be the first fall meeting of the association.

Curtis M. Johnson, a speaker with a good reputation, has been secured to deliver an address at the banquet. His subject will be "Co-Operation Between Employer and Employe." Mr. Johnson was selected by the War Loan organization to deliver the address at the meeting of the Victory loan chairmen of the 9th Federal Reserve district, held in Minneapolis recently.

The speaker took the convention by storm and he held the floor for three consecutive hours. Wherever he has spoken his addresses have been very highly spoken of and officers of the Merchant's association here feel very fortunate in securing a speaker of his class.

Clerks to Be Guests.

Merchants are requested to invite their clerks to the banquet as honor guests and listen to the address on "Co-Operation." A large representation is certain to be there and the affair no doubt will prove of much benefit to all concerned.

The date had orginially been set for Sept. 16, but owing to the fact that the speaker could not be secured at that time it has been decided to hold the event on September 23.

Program of Music.

The committee in charge of the banquet and opening meeting is arranging a program of music and entertainment to be given at the banquet room.

School Disagreement.

Disagreements over conditions between the teachers and school board at East Grand Forks resulted in the sudden resignation of three teachers at that place the latter part of last week. Among the instructors who resigned were Miss Evangeline Burns of this city. School was dismissed and threats were made to revoke the certificates of the teachers. It appears that the teachers became dissatisfied over the places in which they were called upon to teach. Mr. Burns left for East Grand Forks for a consultation with the board and at the meeting it was decided to give the teachers a $10 per month raise to meet the living cost. Mr. Burns found that the girls were called upon to teach in old basements and former saloon buildings as a result of a fire which destroyed the large grade school last February. He also stated the girls found it hard to get rooms. Miss Burns is now back teaching after matters had been ironed out.

Accept Maintenance Bond.

The city council at their meeting Tuesday evening accepted the maintenance bond of $200 submitted by Lars Backe for the repair of sidewalks. The walks were constructed a year ago by Contractor Backe and defects have been found and he has been called upon to repair them.

Reckless Auto Driving.

A case of reckless auto driving was brought to light last Saturday evening when the driver of a car hit a buggy, occupied by an unknown woman and little boy, on north Main avenue. The buggy was knocked into the ditch and the wheels damaged slightly. The car striking the buggy, continued its desperate pace and was swallowed up in the darkness before the license number could be taken.

19 YEARS WITH CITY, PETERSON RESIGNS POST

TENDERED RESIGNATION TO CITY COUNCIL TUESDAY. MATTER LAID OVER.

ACCEPTS CROOKSTON JOB

CAME TO THIEF RIVER FALLS IN 1900 AND INSTALLED FIRST LIGHT PLANT.

After 19 continuous years of service with the city of Thief River Falls as superintendent of the water and light department, Leonard Peterson on Tuesday evening tendered his resignation to the city council.

The council took no action on the matter and decided to lay it over until next Tuesday's meeting. Supt. Peterson's resignation from the post he has held so long and faithfully came as a complete surprise to all his many friends but is the result of an excellent offer presented to him by the Crookston Water Works, Power and Light company, with which company he had been associated as assistant superintendent nineteen years ago. Affiliated with this concern is also the Red River Valley Development company.

Has Accepted Position.

The Crookston concern made Supt. Peterson a brilliant offer recently and it was of such a high order that he could do nothing but accept the position. The new post is that of superintendent of the Crookston concern and carries with it a good salary and a large field to work in.

Mr. Peterson expects to begin his duties with the Crookston Power and Light company October 1.

Father of Local Plant.

Mr. Peterson can rightfully be called the father of the water and light plant in Thief River Falls, and the earning power of the plant in the past years is in a large measure due to his able management. Coming here September 19, 1900, from Crookston, where he had held the position of assistant manager of the water and light plant for twelve years, Mr. Peterson began the installation of the first light plant in Thief River Falls and from that day to this he has been at the helm and has handled it in a very efficient manner. The plant was installed under his supervision without the aid of any engineers.

Installed Diesel Engines.

In 1912 an auxiliary light plant was deemed expedient and accordingly the city bought two large Diesel engines. The work of installing these was also supervised by Mr. Peterson. Mr. Peterson came here when the plant was in its infancy and had the honor of pushing the switch that sent the current through the wires for the first time to light the city of Thief River Falls. He has watched the institution progress through the long years until today the light plant stands among the foremost in the state, one valued at $100,000 and the other at $60,000. At present there is a balance of approximately $80,000 in the electric light fund.

Family to Move.

Regardless of any action the council may take, Mr. Peterson will begin his work at Crookston on October 1 and intends to remove his family to the Polk county city after he has made the proper arrangements. During their long residence in Thief River Falls Mr. and Mrs. Peterson have made a host of friends, all of whom regret to see them leave but they go with the best wishes of all for success.

INSANE MAN GOES ON SECOND TEAR

TAKEN FROM FARM SATURDAY TO WARREN FOR EXAMINATION AS TO SANITY.

August Hauzey, whose mind is deranged, went on a second rampage last Saturday.

Hauzey was apprehended two weeks ago on his brother's claim in the Big River country in an exhausted condition, after having been missing since July 26 and had during that time traveled over 100 miles through woods, swamps and brush. Hauzey's brother took him to this city last week and placed the insane man back on his farm home just across the Pennington county line near Mavie. Hauzey formerly was employed by Pat Gavin, a neighbor.

On Saturday neighbors again became alarmed over his condition and he was apprehended by Mr. Gavin, who took the insane man to this city. As he is not a resident of the county, County Attorney Quale made arrangements at once for Hauzey's transportation to Warren, where he was placed in jail to await an examination.

NASH TRUCKS HERE; BEGIN ROAD WORK

HAULING OF GRAVEL BEGUN THIS MORNING ON STATE ROAD NO. 4.

The three Nash Quad army trucks arrived in Thief River Falls Saturday noon from St. Paul and work of hauling gravel for State Road No. 4, running west of St. Hilaire, was begun this morning. It was intended to begin work yesterday but owing to muddy roads it had to be postponed a day.

The trucks are from the Nash factory at Kenosha, Wis., and are of the four wheel drive type. Such a machine will serve the purpose well in this section of the country and have proven very popular wherever they have been used in road work. Two of the machines are equipped with a horizontal dumping device and the third truck has a vertical arrangement of unloading.

The machines are being cared for by H. W. Lazier, Arthur Williams and Eddie Schie and the three trucks are being housed in a large barn east of the Niclai cigar factory. The county board recently acquired the property for this purpose.

The run from St. Paul to Thief River Falls was made in exceedingly good time and Mr. Anderson said 71 miles were covered in one afternoon.

Comes Handy Now.

About ten years ago a movement was started to establish a kindergarten in the city and a collection was taken up by the ladies for the purpose of assisting in equipping the new department. About $25 was collected and spent for the needed articles, but the plan at that time did not materialize and it was not until this year that the department was added to the regular school program. Mrs. J. M. Bishop was at that time appointed to take care of the paraphernalia and has now turned it over to the school. The circumstances had been forgotten by all but a very few of the ladies and these naturally supposed that the stuff had long ago been put to some other use.

Health Officer Appointed.

A communication from Mayor G. A. Penney was read at the council meeting Tuesday evening announcing the appointment of Dr. J. Biederman as the new health officer for Thief River Falls.

RIVER PROJECT APPROVED BY INTERIOR DEPT.

CALLS PLAN PRACTICAL AND WILL DRAFT BILL FOR PRESENTATION.

STATE ACTION REQUESTED

GOVERNOR AND OTHER DEPARTMENT HEADS EXPECTED TO TAKE INTEREST.

Franklin K. Lane, secretary of the interior, has approved the Red Lake river drainage project, and in a letter to Congressman Halvor Steenerson says: "It seems to me that the plans suggested for the drainage of the Red Lake reservation and the lands lying along the Red Lake river and the construction of works for controlling the level of Red lake and the flow of said river are practicable. I have prepared a draft of a bill which, if enacted, would provide for carrying out this development under the manner which doubtless would be satisfactory to all interests concerned."

Mr. Steenerson has submitted the correspondence with the secretary of the interior and the tentative draft of the bill to Gov. Burnquist in order that he, in connection with other departments of the state government, may give it consideration and take such action as they deem necessary on the part of the state.

1919 WHEAT CROP 923,000,000 BUS.

IS 152,000,000 BUSHELS ABOVE PREVIOUS FIVE-YEAR AVERAGE.

Forecasts of crop production of the country's important crops, based on conditions existing Sept. 1, were announced on Monday by the department of agriculture as follows:

Winter wheat, 715,000,000; spring wheat, 208,000,000; fall wheat, 923,000,000; corn, 2,858,000,000; oats, 1,225,000,000; barley, 84,600,000; buckwheat, 17,200,000; white potatoes, 349,000,000; flax, 10,200,000; hay, 102 tons.

The wheat crop is compared with the forecast of 940,000,000 made Aug. 1. The average crop for five years, 1913 to 1917 was 791,000,000 bushels.

No Airplane Flight.

The following disappointing piece of news was printed in the Grand Forks Herald the first of the week:

"Because of the successful flights he made at the recent Pennington county fair, Myron Bacon, yesterday was invited to fly at the Thief River Falls homecoming celebration which will be held September 20, but because of previous engagements to fly at the South Dakota state fair at Huron and at other points in that state and southern North Dakota, he was unable to accept.

"Thief River Falls is planning a big celebration in honor of her returned service men. It will be one of the biggest homecoming celebrations held in the northwest."

The committee is still in hopes of securing an aviator for the homecoming, but they are hard to land just at this particular time for the reason that there are so many county fairs being held throughout the country.

Buys Half Interest.

A deal was closed yesterday afternoon whereby D. J. Cordes, leader of the local band, purchased a half interest in the Klenall Suitatorium, operated by Erling Dahl. Mr. Cordes besides being a talented musician is an experienced tailor and has spent years in the business. During his stay here he has contracted many friends, all of whom will no doubt be glad to hear of his decision to enter business and remain here. For the past months he has been employed at the Knut Dahl shop besides attending to band matters.

SCRIPPS-BOOTH-FORD AUTOMOBILE AND PRIZE CAMPAIGN CLOSES NEXT SATURDAY PROMPTLY AT 4 P. M.

ONLY THREE DAYS REMAIN TO GET THE "WINNING POINTS" AND A MOTOR CAR—CAMPAIGN WILL CLOSE PROMPTLY AT 4 O'CLOCK P. M., SATURDAY, SEPTEMBER 13th. BALLOT BOX IS NOW LOCKED AND SEALED—ALL VOTING FROM NOW ON TO BE IN SECRET.

READ VERY CARFULLY RULES AND CLOSING PARTICULARS ON PAGE 9

JUDGES ARE ANNOUNCED AND LAST COUNT OF POINTS TO BE MADE IN FARMERS & MERCHANTS STATE BANK. NO EXTRA POINTS GIVEN FROM NOW ON. MAKE A WHIRLWIND FINISH AND HAVE YOUR LARGEST REPORT IN EARLY. EVERYTHING IS SET AND READY FOR FINAL SPLURGE.

HOW CLUB MEMBERS STAND.

Following are the point standings of the different club members, counted up until 11 o'clock a. m., today, Thursday, Sept. 11th. The official judges will now take charge of the sealed ballot box and do all the counting from now on.

Mrs. Rosaire Morin, Goodridge	3,962,500
Frank McKnight, City	3,773,850
G. J. Hagen, Plummer	2,950,500
Martine Cloutier, City	1,495,900
Neva Sumpter, Hazel	1,383,500
Cora Moeller, St. Hilaire	425,500

OFFICIAL JUDGES SELECTED.

L. A. LAMPERT, Cashier Far. & Mer. bank
R. M. SHELDON, Cashier First & Peoples
C. W. VORACHEK, Asst. Cashier Citizens

The following business men of Thief River Falls have kindly consented to act as the official judges in The Times Campaign, and will make the final count of points and award the prizes.

The last count of points will be made in The Farmers & Merchants State Bank. No one will be present at the final count except the judges, the editor and the club manager. Immediately after the judges have ascertained the winners, they will be announced at The Times office and will be flashed on the screen at both picture theatres.

The "winning points."

That's what you are after between now and 4 o'clock p. m., Saturday, September 13th, if you have your heart and soul set on first honors and reward in The Times' Scripps-Booth-Ford automobile and prize campaign.

Everything is set and ready for the closing hour, and we might say that only moments now remain before the judges make the final count and award the fine prizes. Several of the club members have developed unexpected strength on these last but all-important days, and the leaders in the race today are exerting themselves to maintain their positions. The two winners of the motor cars cannot be predicted at the present time as this is by far the most sensational and exciting race ever witnessed in this or any other county in the state.

Margin of Points May Be Small.

Who knows but what the "winning points" will be no more than a few thousand points, for there is no telling how small the margin may be between the first prize winner and those who finish near first place. There have been campaigns in which the biggest and best prizes were won by less than 20,000 points. Just think of it! A few extra subscription orders now may mean the winning of as fine a motor car as anyone would wish to own. The Scripps-Booth is indeed an immense reward for anyone who finishes in first rank. You workers in the race today may not realize what an unusual opportunity you now have before you. But wait, just wait until you see the final point standings. Then, after your chance is gone, your opportunity has taken flight, you will say to yourself and friends: "I could have turned in the "winning points." Yes, but remember, what you could have done and what you are going to do are two entirely different matters. You well know that today's standings will not decide the outcome of this campaign. Certainly not, the prizes will be awarded only after you have turned in the "winning points" or let someone else turn them in.

Three Days Remain.

The whole situation as it lies before you today is this: "Do you want to put in three days hard work for a dandy automobile?" These last three days are going to pass by in a hurry, they will probably be gone before you realize what has happened, especially if you "dig in" with a heart and soul-spirit. And everyone knows that once the race is over there will be no more winning, no more working; you may then wish that you had been farsighted enough to know and improve an opportunity of a lifetime; your chance that lies before you today. Father Time will never turn back the hands of time so that you may again try over these last three days of the campaign.

Your Finish Will Tell Big Story.

Your position in the list today will not win nor lose the first grand prize, nor any of the other prizes—that will all be decided by the kind of finish you make. Don't let anyone take that classy Scripps-Booth away from you now. Hang on to the last "ditch." Fight it to a finish and you and your friends will be proud of your success when you finish the winner of that $1200 Scripps-Booth Roadster.

Work hard, win big, by piling up the "winning points" during these last decisive campaign days. Bear in mind—all will be decided by your finish, your final report. Make it a sure big winner! You can do it!

SCHOOLS FULL FOR NINE-MONTHS TERM

FIVE INSTITUTIONS ARE FILLED TO CAPACITY—MORE COMING LATER.

School Opening Facts:

The total attendance in the five city schools today is 1253, a great increase over the opening date last year.

More students have enrolled in the high school the first week than in 1918.

There are approximately 120 "baby" beginners.

Primary and high school rooms are crowded, and all high school basement rooms are in use.

There are forty-eight instructors in the schools besides Supt. Ziegler.

The 7th grade is the biggest in the history of the schools and the kindergarten rooms are full.

The doors of the Thief River Falls schools swung open last week for the usual nine months' term, after three months vacation. Everything was in spick and span condition, the schools having undergone a complete cleaning and repairing during the summer months.

All the rooms and high school departments are crowded to their capacity. 360 names are on the high school roster today and more are arriving as the fall work is being completed. When the first semester closes there will be close to 375 students enrolled, it is expected. Many rural students will be unable to come before September has passed and by October the attendance will reach the maximum. An interesting fact connected with the schools is that 120 baby beginners were registered. Classes were delayed in getting started on the opening date but there are four classes of the little tots in the city now. At the Central the class is large, there being 30 members in the kindergarten.

The commercial department at the high school and normal departments have good attendances. Supt. Ziegler is well pleased with school conditions and predicts a very successful year.

Supt. Ziegler and the principals of the various schools have been busy outlining the program for the year and the first semester and everything is now running in clockwork manner.

POLICE HAVE DULL MONTH IN AUGUST

AUDITORIUM REPORT SHOWS NEAT SUM REALIZED DURING PAST MONTH.

The police department had a dull month in August for only two arrests were made during the thirty-one days, according to Chief E. O. Erickson's report to the city council Tuesday evening.

One arrest was made for drunkenness, with the case still open, and the second was an assault and battery case. Fines collected and turned into the city coffers amounted to $15. This is a record for August as usually a number of arrests are made during the fair, while this year's exposition was held and the police were not called upon to make a single arrest.

The report on the Auditorium showed that $97.17 was realized during the month for a show, dance and musical entertainment. $55.17 was netted the city when the "Million Dollar Band" gave their performance.

V.95

BIGGEST DUCK HUNT IN YEARS IS PREDICTED

NIMRODS BUSY PREPARING FOR OPENING OF SEASON, TUESDAY, SEPT. 16.

LIMIT 15 BIRDS PER DAY

BIRDS CANNOT BE TAKEN FROM POWER OR SAIL BOATS OR UPON OPEN WATER.

Local nimrods are anxiously waiting for the gong that opens the duck season next Tuesday, and hunters predict one of the biggest seasons for a long number of years.

Hunters have been busy during the week getting prepared for the big drive they are to make and the old rubber boots and hiking shoes were brought down from up in the attic and inspected as to their fitness. Their camping outfits also have been given the "once over" so everything is in readiness for the morning of Sept. 16 and the ducks are sure to receive one of the worst bombardments in years from all directions

Game is very much in abundance this fall and hunters will have little trouble in getting their quota. The year has been a good one and every slough, river and lake is infested by the fowl. Game Warden Munch says at a lake south of here the birds are so thick in the evening that it is made difficult to see the sun.

Ducks are also numerous at Mud and Thief lakes this season and form a great feeding place as has been in the case in other years, but the floods of the summer have brought the ducks into that country in flocks.

The season opens Tuesday morning and continues until December 31, inclusive. The limit per day has been placed at 15 birds and no hunter must have in his possession more than 45 birds at any one time. Of this number not more than 5 shall be wild geese.

Don't Use Aeroplanes.

The 1919 game laws specifically provide that no one shall use an aeroplane to hunt ducks or geese and rifles are also prohibited in the shooting of the game. It is not so very long ago that the aeroplane idea was looked upon as more or less of a wonder but owing to the numerous "flying machines" in the state the 1919 lawmakers thought it advisable to make laws to control them during the hunting season.

1919 Laws.

The following excerpts taken from the laws passed by the 1919 legislature will no doubt be of interest:

Section 59—Water fowl. Open Season—Wild ducks, wild geese, coots, rails, gallinules, Wilson or jack snipe and greater or less yellow legs may be taken and possessed between September 16 and Dec. 31, following both inclusive. No wood duck shall be taken or had in possession prior to Sept. 16, 1923.

Section 6—Hours For Taking—Migratory birds may be taken each day during the hours permitted by federal laws.

Section 61—Limit—A person may take during the open season, not to exceed 15 wild ducks, coots, rails, Wilson or jack snipe and greater or less yellow legs in the aggregate of all birds not to exceed 5 wild geese in any one day. No person shall have in possession at any one time more than 45 wild ducks, coots, rails or gallinules, Wilson or jack snipes, in the aggregate of all kinds of which not more than 5 shall be wild geese.

Section 62—Manner of Taking—Water fowl may be taken during the open season from the land, from a stationary blind used to conceal the hunter, from a boat or canoe propelled by paddle, or a pole (other than a sail or power boat), when the same is within a natural growth of weeds, bushes, flags or other vegetation, or in pursuit of wounded birds, but may not be taken from power or sail boats or upon the open water, or from aeroplanes. Rifles may not be used in taking water fowl. Artificial and real decoys may be used.

Aliens Refused.

Section 14—Hunting by Aliens—No person who is an alien and who has not duly declared his intention of becoming a citizen of the United States nor one who, having duly declared his intention to become a citizen and having failed to qualify as a citizen without the length of time in which he may legally do so shall take any wild animals in this state except in defense of property, provided such persons may take wild animals subject to the laws to taking thereof by non-residents. No persons shall own or have in possession any shot gun, rifle or firearm, except for the purpose of hunting as a non-resident.

Anyone arrested and found guilty of hunting before the season opens or shoots any of the birds protected by law during the closed season will be subject to a fine of not less than $10 nor more than $100 or 30 days imprisonment in the county jail.

The following birds may be shot between Sept. 16 and Dec. 31: Ducks, geese, coots, rails, jack snipes and yellow legs. Open season on moose and deer from Nov. 15 to Dec. 5.

Quail may be shot from Oct. 15th to Dec. 30. Marten, Fisher, mink, muskrat from Dec. 1st, to March 31. Gray, Black or Fox squirrel, snow shoe rabbit, raccoon may be taken between Oct. 15 to March 1st.

Closed Season.

Doves may not be taken until 1920 beginning Sept. 16 to Oct. 1st.

There is also closed season on woodcock until Oct. 1st, 1920.

Ruffed grouse and male ringneck pheasant may be taken beginning Oct. 15, 1920, and lasting until Nov. 30, 1920, and thereafter on every even numbered year.

No open season on elk, caribou, beaver, otter, shore birds (other than yellow legs and jack snipes), plover, prairie chickens, short tail grouse, wood duck, swans, cranes, curlew, grebes.

The sale of game is prohibited at all times, except as to fur bearing animals.

Resident—small game license—$1 required of all persons over 14 years of age, except of residents hunting on own home farm. Sold only by county auditors.

LEGION WOULD GIVE BOOT TO SLACKERS

ALIEN NON-CITIZENS WHO AVOIDED SERVICE IN WAR ARE CRITICIZED.

With the broad hint that the "discreet and provident alien slacker will make his ship reservation early," the American Legion Weekly, official organ of the National Association of the Veterans of 1918, announces in its current issue a vigorous campaign to bring about the wholesale deportation of those non-citizens who avoided service in the war. It says:

"The state organization of the American Legion in Oregon has compiled a list of all alien slackers, giving their names to the press and is making their existence uncomfortable generally. Foreigners who cancelled their first papers at the outbreak of the war are included in the list of alien slackers."

"This attention of men who employ alien slackers and who deal with them is being brought by the legion's local members to these undesirables. Similar action may be looked for throughout the country shortly.

"Americans are credited with the characteristic of forgetting quickly—but the men who were at the front are not going to forget the alien slacker, either now or later. They are very much in earnest in their opposition to entertaining these individuals longer in America. The issue will not be neglected or laid aside."

MADE MOONSHINE IN NORMAN COUNTY

CAUGHT WITH INGREDIENTS AND PARAPHERNALIA IN OLD SHACK.

Mahnomen county peace officers were instrumental in causing the arrest of a moonshiner last Saturday. They got him with the goods. He had a full outfit for making moonshine, he had some of the finished product of his still and he had it in various stages of manufacture. He is now in the hands of the federal officers, and his outfit is in charge of the sheriff.

The moonshiners name is Frederick F. Sommerkorn, and he claims to have come from Canada, but later operated his calling in North Dakota. When arrested he was found in a little cabin in a most secluded spot by the side of the river in the town of Wild Rice in Norman county. There have been rumors and evidences of moonshine in that vicinity for some time past. Sommerkorn has been in town occasionally and it is said that he did quite a profitable business. A warrant was issued by County Attorney Cooper, charging him with having sold liquor in Mahnomen and Sheriff Urness went out after the man. He was found in his shack, with his still, a barrel of mash, made of barley, potatoes and raisins, with a quantity of the various ingredients as yet untouched. These were all brought to town and the federal authorities in St. Paul notified. A federal warrant was issued and he was taken away Tuesday night to answer to the more serious charge preferred by the federal government.

MRS. WOOLSY MADE GAIN OF 12 POUNDS

WAS IN A RUNDOWN CONDITION BECAUSE OF 8 YEARS TROUBLE—PRAISES TANLAC.

"Tanlac proved to be just what I needed, because it has not only given me relief but has also built me up to where I have gained twelve pounds in weight," said Mrs. N. L. Woolsey, of 1122 West Lake street, Minneapolis, to a Tanlac representative, recently. Mrs. Woolsey is well known in Minneapolis, where she has lived for eight years.

"I suffered from a generally run down condition," continued Mrs. Woolsey, "and was troubled this way for about eight years. I was so nervous sometimes that I wasn't able to get more than just a few hours sleep and felt so miserable at times that I would get out of bed and walk the floor to find some relief. I simply had no appetite at all and it just seemed like everything I ate disagreed with me, soured on my stomach and bloated me up with gas and sometimes this gas would press so against my heart that I had trouble getting my breath. I fell off in weight and finally got so weak that I had to give up my work for awhile. I had neuritis in my left shoulder and arm for many years so bad that it bothered me some every night about the time I went to bed and many a night I just laid awake for hours suffering terrible pain in my shoulder and got up in the morning with an awful headache from the suffering and lack of rest. My feet used to swell so badly at times I could hardly stand on them to do my work and I seemed to be troubled with my stomach all the time and, although I tried many different things for my trouble, nothing seemed to help me a particle.

"Then I read about Tanlac and what it was doing for others that seemed to be troubled like I was, so I bought some of it as soon as it appeared here in Minneapolis, and I certainly began to feel better by the time I had finished the first bottle, so I kept on taking it and my strength came back to me and so did my appetite and my whole condition improved right along. I have a splendid appetite now and sleep good every night and all signs of neuritis have disappeared and I feel better and stronger in every way. I have not only gotten back the five pounds in weight that I lost but seven more pounds besides and I just think so much of Tanlac that I have already recommended it highly to many people."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—adv.

Took Testimony.

Testimony in a probate case was taken in municipal court rooms before Judge Tarrant Saturday afternoon. The estate is being probated in Blue Earth county and D. A. Rake, of this county, has filed claim against the estate for furnishing Christ Mickelson, deceased soldier, with hay, oats and seed. The heirs disputed the claim. Mickelson was renting the farm of D. A. Rake, near Mavie, and was called into the service after he had planted the crop and later died in one of the American military camps. Lars Rosett and M. Lindwick appeared as witnesses for Rake.

STRICT RULES FOR BOARDING HOUSES

HOTELS, RESTAURANTS AND SOFT DRINK PLACES ARE ALSO INCLUDED.

W. A. Wittbecker, state hotel inspector, has issued a circular of general instructions calling attention to certain laws passed at the last session of the legislature with reference to the licensing of hotels, restaurants and soft drink places. While the law has been in force for some time there are still a large number of owners of businesses of this kind in the state who have not been made acquainted with its provisions and may for this reason be unwittingly and unintentionally laying themselves liable to the punishment, provided in case of non-compliance. Mr. Wittbecker realizes this fact fully and has asked the press to give the matter all the publicity possible.

The outstanding points of the law are as follows:

All hotels and restaurants are required to have a license.

All lodging or boarding houses having accommodations for ten or more guests are required to have a license.

All places where confectionery, ice cream, sandwiches, or drinks of various kinds, are made, sold or served at retail must have a license, the fee for which is $3.50.

The law provides a penalty of from $25.00 to $100.00 or imprisonment in

lodge 1308 was held at Squaw Point last Sunday. Favored with ideal weather the lodge members and their families began arriving before noon. A stand was erected in a large shady spot and lunch was served in "line-up" and "stand-up" fashion. Immediately after dinner the program of races was pulled off and the large crowd was given an exhibition of broncho busting by a Montana cow puncher. The twelve piece Elks' jazz band was on hand and rendered a short concert after the lunch hour and played just before the closing races.

PEACHES *and* PLUMS
NOW!
Season will soon be over

CAMELS are the most refreshing, satisfying cigarette you ever smoked! Put *all* your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smooth-body and in many other delightful ways *Camels are in a class by themselves!*

Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!

Camels win you in so many new ways! They not only *permit you to smoke liberally without tiring your taste* but leave no unpleasant cigaretty aftertaste or unpleasant cigaretty odor!

Compare Camels with any cigarette in the world at any price! *You'll prefer Camel quality* to premiums coupons or gifts!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel!

MIKE AND TOMMY GIBBONS TO BOX EXHIBITION BOUT AT SOLDIERS' HOMECOMING

America's Foremost Pugilists in Their Class Will Furnish Unusual Entertainment For Returned Men and Their Friends.

D-FASHIONED BARBECUE ALSO FEATURE

wo or Three Whole Beeves Roasted by Expert at Fair Grounds Will Furnish Basis For Greatest Feed in All History.

All the arrangements have been made.

And it will all be free—absolutely. Eats, amusements, dancing—everything.

All that the people of Pennington county ask now is that the weather shall behave itself.

Ways and means for financing the greatest celebration in honor of returned soldiers, sailors and marines to be given by any community in the state of Minnesota have been found and every doughboy, gob and devil dog is going to be invited to have the time of his life. All that is asked of him is that he come in uniform so that there will be some way of singling him out from the common herd. He can leave his pocket book at home.

A Wonderful Program.

The committees in charge of the homecoming celebration have been meeting every few minutes since the proposition was first broached. It was realized that something out of the ordinary should be provided—and such will be the case.

As one of the features—perhaps the main feature—of the event must be placed a boxing match between two of the greatest masters of the pugilistic art that ever stepped into a roped arena. The contestants are Minnesota boys, the famous Mike and Tommy Gibbons of St. Paul. The former is perhaps the best known of the two, having defeated every man who has ever faced him in the ring. He is the champion of his division and has more admirers among the followers of scientific boxing than any man in the country, if not in the world. Tommy is his brother, sparring partner, guide, philosopher and friend. They put on an exhibition such as has never before been seen under the rules of a boxing bout. The clean, scientific work that has made them famous the world over is shown during five whirlwind rounds, culminating in a complete knockout. So clever is the exhibition that none but an expert would ever know that it is not a genuine contest for blood, honors and money.

Platform at Fair Grounds.

The contest will take place at the fair grounds on a platform erected for the purpose in front of the grandstand. It was realized that no hall could be found in the city large enough to accommodate the crowd that would wish to witness this exhibition and an outdoor show was decided on. The contest will be staged exactly as if [illegible] great prize fight and all the [illegible]ories will be in evidence. For those who have never seen two trained men in the ring this feature will hold an interest that nothing can surpass. It will be worth coming miles to see.

A Monster Barbecue.

Ten thousand people—more or less—will have to be fed and this presented something of a problem. A barbecue was suggested and the idea carried with a whoop. Two or three whole beeves, depending on the size, will be roasted right on the grounds by an expert. All the necessary trimmings will be forthcoming and everyone will be welcome to eat as much and often as seems wise. No charge will be made. The people of Pennington county are doing this and they want no one to bother them with money on this, the day they have set aside for the honoring of those who went forth to battle with the enemy of free institutions.

Lots of Other Things.

A tentative program has been arranged. It includes a monster parade in which all the visitors will take part together with every man, woman and child in Pennington county who can be coaxed or forced into line. The service men should wear their uniforms. Some may not see the importance of this but in a crowd such as will be present on this occasion it is best that they have some mark of distinction.

There will be speeches—not many and very short—and there will be some singing. A football game between Thief River Falls and Red Lake Falls high schools is on the program. There will be running races, foot, sack and novelty races of all kinds, and the prizes will be worth while. A greased pig will be provided. Negotiations are under way for the appearance of a company of aborigines from the reservation who will put on a regular Indian dance. A handicap race between Ford cars will supply a bushel of fun. Five bands have promised to be on hand and will play from early morn until everybody has gone home. There will be outdoor dancing and indoor dancing—plenty of room for all. There will be something doing every minute and very often the happenings will double up on each other.

Are Working Hard.

Chairman K. O. Gigstad of St. Hilaire, and the different committee men are working their heads off trying to invent new schemes for amusing the crowd. The items mentioned above are only a few of the things that will happen—others are being added to the program every hour.

It will be a wonderful day. The people are going to show the boys that they appreciate what they have gone through and in the demonstration are going to include all their folks, down to the nineteenth generation. More than this, they are going to include all the soldier and sailor boys from Polk, Red Lake, Beltrami, Roseau, Marshall or any other nearby county in the general jollification. All are welcome and there will be enough to go around.

Let's only hope it don't rain.

SCHOOL BOARD TO BE HOSTS FRIDAY

CITY'S TEACHING STAFF TO BE GIVEN RECEPTION AT LICOLN HIGH.

The annual reception to the instructors in the Thief River Falls public schools will be given tomorrow evening at the Lincoln high school auditorium.

Parents and their friends are asked to be present for the purpose of meeting the many new teachers who have come to teach during the school year in the city, and as the percentage of new instructors is larger this year than ever before it is hoped a good sized attendance will be registered. The purpose of the meeting is to cement the acquaintance between parents and teachers.

A program of music has been arranged and there will be other features during the evening to make it one of enjoyment.

SUGAR SHORTAGE ENDS IN 10 DAYS

CAR WILL ARRIVE IN CITY FRIDAY FOR THIEF RIVER GROCERY CO.

The sugar shortage which has been felt all over the country during the last eight weeks is practically at an end and normal conditions will be resumed within ten days, according to an announcement made Monday by Henry Rolapp, of the food administration sugar distributing committee.

A car of sugar will arrive in Thief River Falls tomorrow for the Grocery company and will be evenly distributed among the local grocers. The supply will not be large for each place but will help in a small degree [illegible] relieve the situation. Regular [illegible]nts are expected to arrive at regular intervals thereafter and the condition will soon be normal again.

"The government now has 100 boats bringing raw sugar from Cuba," said Mr. Rolapp, whose territory extends from Texas to the northern part of this state and from the Pacific coast to the Indiana state line. "Within forty-eight hours after it gets to the refineries it will be turned in refined sugar. Sugar will continue to retail at a price near twelve cents a pound and it should never have been higher," said Mr. Rolapp.

TRI-COUNTY FAIR OPENS NEXT WEEK

W. I. NOLAN AND J. H. HAY WILL BE SPEAKERS AT GOODRIDGE.

The first annual fair of the Tri-County Agricultural association will be held at Goodridge next Monday and Tuesday. Preparations for this event have been under way for a long time and the arrangements are now sufficiently advanced to insure success for the enterprise.

Two men prominent in the state have been secured as speakers for the occasion. They are W. I. Nolan, speaker of the Minnesota house of representatives, and J. H. Hay, deputy agricultural commissioner. The latter will speak at 1 o'clock Monday afternoon and Mr. Nolan at the same hour on Tuesday.

The stock judging will also be done on Monday and there is a great deal of interest in the outcome. The section represented by the fair at Goodridge has been making rapid strides in live stock raising during the past few years and many of the prize cattle seen at Pennington and Marshall county fairs are from herds raised in that neighborhood. The prizes provided are substantial and there is no doubt but that there will be a thoroly representative display.

There will be band music during all the time the fair is going on and numerous unusual features have been provided. One of these is a calf parade during which exhibitors will have an opportunity to show the kind of young critters in which they are pinning their hopes. There will be two interesting ball games—between Grygla and Goodridge on the first day while on Tuesday the Red Lake Indian team will cross bats with the home town representatives.

Band concerts will also be held on the evenings of both days.

OPEN AFTER SIX

E. K. Anson, chairman of the clothiers committee of the Merchant's association, has recommended that the stores in Thief River Falls open after six on Homecoming day, Saturday, September 20th, to accommodate customers, who wish to do their trading on that day.

Victory Buttons Coming.

Lt.-Colonel E. L. Hooper, of the Minneapolis Recruiting station has informed the officers of the local post of the American Legion that a representative of the U. S. Army will be here on Homecoming day to distribute Victory buttons to Pennington county boys. All that is necessary to procure the button is to present the discharge certificate. The army representative will also discuss with local returned service men matters pertaining to their insurance and the different ways in which it can be converted under the new system. He will be stationed at American Legion headquarters at the Auditorium during his stay in Thief River Falls on Sept. 20. He is being sent here at the request of the local Legion post.

MERCHANTS AND EMPLOYEES TO HOLD BANQUET

NOTED SPEAKER SECURED TO DELIVER ADDRESS AT FIRST MEETING SEPT. 23.

SUBJECT: "CO-OPERATION"

ALL MEMBERS OF ASSOCIATION REQUESTED TO BE PRESENT AT GATHERING.

Merchants of Thief River Falls will stage a banquet at one of the hotels on Sept. 23, at which time the employes at the various business establishments are to be the guests. This will be the first fall meeting of the association.

Curtis M. Johnson, a speaker with a good reputation, has been secured to deliver an address at the banquet. His subject will be "Co-Operation Between Employer and Employe." Mr. Johnson was selected by the War Loan organization to deliver the address at the meeting of the Victory loan chairmen of the 9th Federal Reserve district, held in Minneapolis recently.

The speaker took the convention by storm and he held the floor for three consecutive hours. Wherever he has spoken his addresses have been very highly spoken of and officers of the Merchant's association here feel very fortunate in securing a speaker of his class.

Clerks to Be Guests.

Merchants are requested to invite their clerks to the banquet as honor guests and listen to the address on "Co-Operation." A large representation is certain to be there and the affair no doubt will prove of much benefit to all concerned.

The date had orginially been set for Sept. 16, but owing to the fact that the speaker could not be secured at that time it has been decided to hold the event on September 23.

Program of Music.

The committee in charge of the banquet and opening meeting is arranging a program of music and entertainment to be given at the banquet room.

School Disagreement.

Disagreements over conditions between the teachers and school board at East Grand Forks resulted in the sudden resignation of three teachers at that place the latter part of last week. Among the instructors who resigned were Miss Evangeline Burns of this city. School was dismissed and threats were made to revoke the certificates of the teachers. It appears that the teachers became dissatisfied over the places in which they were called upon to teach. Mr. Burns left for East Grand Forks for a consultation with the board and at the meeting it was decided to give the teachers a $10 per month raise to meet the living cost. Mr. Burns found that the girls were called upon to teach in old basements and former saloon buildings as a result of a fire which destroyed the large grade school last February. He also stated the girls found it hard to get rooms. Miss Burns is now back teaching after matters had been ironed out.

Accept Maintenance Bond.

The city council at their meeting Tuesday evening accepted the maintenance bond of $200 submitted by Lars Backe for the repair of sidewalks. The walks were constructed a year ago by Contractor Backe and defects have been found and he has been called upon to repair them.

Reckless Auto Driving.

A case of reckless auto driving was brought to light last Saturday evening when the driver of a car hit a buggy, occupied by an unknown woman and little boy, on north Main avenue. The buggy was knocked into the ditch and the wheels damaged slightly. The car striking the buggy, continued its desperate pace and was swallowed up in the darkness before the license number could be taken.

19 YEARS WITH CITY, PETERSON RESIGNS POST

TENDERED RESIGNATION TO CITY COUNCIL TUESDAY. MATTER LAID OVER.

ACCEPTS CROOKSTON JOB

CAME TO THIEF RIVER FALLS IN 1900 AND INSTALLED FIRST LIGHT PLANT.

After 19 continuous years of service with the city of Thief River Falls as superintendent of the water and light department, Leonard Peterson on Tuesday evening tendered his resignation to the city council.

The council took no action on the matter and decided to lay it over until next Tuesday's meeting. Supt. Peterson's resignation from the post he has held so long and faithfully came as a complete surprise to all his many friends but is the result of an excellent offer presented to him by the Crookston Water Works, Power and Light company, with which company he had been associated as assistant superintendent nineteen years ago. Affiliated with this concern is also the Red River Valley Development company.

Has Accepted Position.

The Crookston concern made Supt. Peterson a brilliant offer recently and it was of such a high order that he could do nothing but accept the position. The new post is that of superintendent of the Crookston concern and carries with it a good salary and a large field to work in.

Mr. Peterson expects to begin his duties with the Crookston Power and Light company October 1.

Father of Local Plant.

Mr. Peterson can rightfully be called the father of the water and light plant in Thief River Falls, and the earning power of the plant in the past years is in a large measure due to his able management. Coming here September 19, 1900, from Crookston, where he had held the position of assistant manager of the water and light plant for twelve years, Mr. Peterson began the installation of the first light plant in Thief River Falls and from that day to this he has been at the helm and has handled it in a very efficient manner. The plant was installed under his supervision without the aid of any engineers.

Installed Diesel Engines.

In 1912 an auxilary light plant was deemed expedient and accordingly the city bought two large Diesel engines. The work of installing these was also supervised by Mr. Peterson. Mr. Peterson came here when the plant was in its infancy and had the honor of pushing the switch that sent the current through the wires for the first time to light the city of Thief River Falls. He has watched the institution progress through the long years until today the light plant stands among the foremost in the state, one valued at $100,000 and the other at $60,000. At present there is a balance of approximately $80,000 in the electric light fund.

Family to Move.

Regardless of any action the council may take, Mr. Peterson will begin his work at Crookston on October 1 and intends to remove his family to the Polk county city after he has made the proper arrangements. During their long residence in Thief River Falls Mr. and Mrs. Peterson have made a host of friends, all of whom regret to see them leave but they go with the best wishes of all for success.

INSANE MAN GOES ON SECOND TEAR

TAKEN FROM FARM SATURDAY TO WARREN FOR EXAMINATION AS TO SANITY.

August Hauzey, whose mind is deranged, went on a second rampage last Saturday.

Hauzey was apprehended two weeks ago on his brother's claim in the Big River country in an exhausted condition, after having been missing since July 26 and had during that time traveled over 100 miles through woods, swamps and brush. Hauzey's brother took him to this city last week and placed the insane man back on his farm home just across the Pennington county line near Mavie. Hauzey formerly was employed by Pat Gavin, a neighbor.

On Saturday neighbors again became alarmed over his condition and he was apprehended by Mr. Gavin, who took the insane man to this city. As he is not a resident of the county, County Attorney Quale made arrangements at once for Hauzey's transportation to Warren, where he was placed in jail to await an examination.

NASH TRUCKS HERE; BEGIN ROAD WORK

HAULING OF GRAVEL BEGUN THIS MORNING ON STATE ROAD NO. 4.

The three Nash Quad army trucks arrived in Thief River Falls Saturday noon from St. Paul and work of hauling gravel for State Road No. 4, running west of St. Hilaire, was begun this morning. It was intended to begin work yesterday but owing to muddy roads it had to be postponed a day.

The trucks are from the Nash factory at Kenosha, Wis., and are of the four wheel drive type. Such a machine will serve the purpose well in this section of the country and have proven very popular wherever they have been used in road work. Two of the machines are equipped with a horizontal dumping device and the third truck has a vertical arrangement of unloading.

The machines are being cared for by H. W. Lazier, Arthur Williams and Eddie Schie and the three trucks are being housed in a large barn east of the Nielai cigar factory. The county board recently acquired the property for this purpose.

The run from St. Paul to Thief River Falls was made in exceedingly good time and Mr. Anderson said 71 miles were covered in one afternoon.

Comes Handy Now.

About ten years ago a movement was started to establish a kindergarten in the city and a collection was taken up by the ladies for the purpose of assisting in equipping the new department. About $25 was collected and spent for the needed articles, but the plan at that time did not materalize and it was not until this year that the department was added to the regular school program. Mrs. J. M. Bishop was at that time appointed to take care of the paraphernalia and has now turned it over to the school. The circumstances had been forgotten by all but a very *few of the ladies and these naturally supposed that the stuff had long ago* been put to some other use.

Health Officer Appointed.

A communication from Mayor G. A. Penney was read at the council meeting Tuesday evening announcing the apopintment of Dr. J. Biederman as the new health officer for Thief River Falls.

RIVER PROJECT APPROVED BY INTERIOR DEPT.

CALLS PLAN PRACTICAL AND WILL DRAFT BILL FOR PRESENTATION.

STATE ACTION REQUESTED

GOVERNOR AND OTHER DEPARTMENT HEADS EXPECTED TO TAKE INTEREST.

Franklin K. Lane, secretary of the interior, has approved the Red Lake river drainage project, and in a letter to Congressman Halvor Steenerson says: "It seems to me that the plans suggested for the drainage of the Red Lake reservation and the lands lying along the Red Lake river and the construction of works for controlling the level of Red lake and the flow of said river are practicable. I have prepared a draft of a bill which, if enacted, would provide for carrying out this development under the manner which doubtless would be satisfactory to all interests concerned."

Mr. Steenerson has submitted the correspondence with the secretary of the interior and the tentative draft of the bill to Gov. Burnquist in order that he, in connection with other departments of the state government, may give it consideration and take such action as they deem necessary on the part of the state.

1919 WHEAT CROP 923,000,000 BUS.

IS 152,000,000 BUSHELS ABOVE PREVIOUS FIVE-YEAR AVERAGE.

Forecasts of crop production of the country's important crops, based on conditions existing Sept. 1, were announced on Monday by the department of agriculture as follows:

Winter wheat, 715,000,000; spring wheat, 208,000,000; fall wheat, 923,000,000; corn, 2,858,000,000; oats, 1,225,000,000; barley, 84,600,000; buckwheat, 17,200,000; white potatoes, 349,000,000; flax, 10,200,000; hay, 102 tons.

The wheat crop is compared with the forecast of 940,000,000 made Aug. 1. The average crop for five years, 1913 to 1917 was 791,000,000 bushels.

No Airplane Flight.

The following disappointing piece of news was printed in the Grand Forks Herald the first of the week:

"Because of the successful flights he made at the recent Pennington county fair, Myron Bacon, yesterday was invited to fly at the Thief River Falls homecoming celebration which will be held September 20, but because of previous engagements to fly at the South Dakota state fair at Huron and at other points in that state and southern North Dakota, he was unable to accept.

"Thief River Falls is planning a big celebration in honor of her returned service men. It will be one of the biggest homecoming celebrations held in the northwest."

The committee is still in hopes of securing an aviator for the homecoming, but they are hard to land just at this particular time for the reason that there are so many county fairs being held throughout the country.

Buys Half Interest.

A deal was closed yesterday afternoon whereby D. J. Cordes, leader of the local band, purchased a half interest in the Klenall Suitatorium, operated by Erling Dahl. Mr. Cordes besides being a talented musician is an experienced tailor and has spent years in the business. During his stay here he has contracted many friends, all of whom will no doubt be glad to hear of his decision to enter business and remain here. For the past months he has been employed at the Knut Dahl shop besides attending to band matters.

SCRIPPS-BOOTH-FORD AUTOMOBILE AND PRIZE CAMPAIGN CLOSES NEXT SATURDAY PROMPTLY AT 4 P. M.

ONLY THREE DAYS REMAIN TO GET THE "WINNING POINTS" AND A MOTOR CAR—CAMPAIGN WILL CLOSE PROMPTLY AT 4 O'CLOCK P. M., SATURDAY, SEPTEMBER 13th. BALLOT BOX IS NOW LOCKED AND SEALED—ALL VOTING FROM NOW ON TO BE IN SECRET.

READ VERY CARFULLY RULES AND CLOSING PARTICULARS ON PAGE 9

JUDGES ARE ANNOUNCED AND LAST COUNT OF POINTS TO BE MADE IN FARMERS & MERCHANTS STATE BANK. NO EXTRA POINTS GIVEN FROM NOW ON. MAKE A WHIRLWIND FINISH AND HAVE YOUR LARGEST REPORT IN EARLY. EVERYTHING IS SET AND READY FOR FINAL SPLURGE.

HOW CLUB MEMBERS STAND.

Following are the point standings of the different club members, counted up until 11 o'clock a. m., today, Thursday, Sept. 11th. The official judges will now take charge of the sealed ballot box and do all the counting from now on.

Mrs. Rosaire Morin, Goodridge	3,962,500
Frank McKnight, City	3,773,850
G. J. Hagen, Plummer	2,950,500
Martine Cloutier, City	1,495,900
Neva Sumpter, Hazel	1,383,500
Cora Moeller, St. Hilaire	425,500

OFFICIAL JUDGES SELECTED.

L. A. LAMPERT, Cashier Far. & Mer. bank
R. M. SHELDON, Cashier First & Peoples
C. W. VORACHEK, Asst. Cashier Citizens

The following business men of Thief River Falls have kindly consented to act as the official judges in The Times Campaign, and will make the final count of points and award the prizes:

The last count of points will be made in The Farmers & Merchants State Bank. No one will be present at the final count except the judges, the editor and the club manager. Immediately after the judges have ascertained the winners, they will be announced at The Times office and will be flashed on the screen at both picture theatres.

The "winning points."

That's what you are after between now and 4 o'clock p. m., Saturday, September 13th, if you have your heart and soul set on first honors and reward in The Times' Scripps-Booth-Ford automobile and prize campaign.

Everything is set and ready for the closing hour, and we might say that only moments now remain before the judges make the final count and award the fine prize. Several of the club members have developed unexpected strength on these last but all-important days, and the leaders in the race today are exerting themselves to maintain their positions. The two winners of the motor cars cannot be predicted at the present time as this is by far the most sensational and exciting race ever witnessed in this or any other county in the state.

Margin of Points May Be Small.

Who knows but what the "winning points" will be no more than a few thousand points, for there is no telling how small the margin may be between the first prize winner and those who finish near first place. There have been campaigns in which the biggest and best prizes were won by less than 20,000 points. Just think of it! A few extra subscription orders now may mean the winning of as fine a motor car as anyone would wish to own. The Scripps-Booth is indeed an immense reward for anyone who finishes in first rank. You workers in the race today may not realize what an unusual opportunity you now have before you. But wait, just wait until you see the final point standings. Then, after your chance is gone, your opportunity has taken flight, you will say to yourself and friends: "I could have turned in the "winning points." Yes, but remember, what you could have done and what you are going to do are two entirely different matters. You well know that today's standings will not decide the outcome of this campaign. Certainly not, the prizes will be awarded only after you have turned in the "winning points" or let someone else turn them in.

Three Days Remain.

The whole situation as it lies before you today is this: "Do you want to put in three days hard work for a dandy automobile?" These last three days are going to pass by in a hurry, they will probably be gone before you realize what has happened, especially if you "dig in" with a heart and soul-spirit. And everyone knows that once the race is over there will be no more winning, no more working; you may then wish that you had been farsighted enough to know and improve an opportunity of a lifetime; your chance that lies before you today. Father Time will never turn back the hands of time so that you may again try over these last three days of the campaign.

Your Finish Will Tell Big Story.

Your position in the list today will not win nor lose the first grand prize, nor any of the other prizes—that will all be decided by the kind of finish you make. Don't let anyone take that classy Scripps-Booth away from you now. Hang on to the last "ditch." Fight it to a finish and you and your friends will be proud of your success when you finish the winner of that $1200 Scripps-Booth Roadster.

Work hard, win big, by piling up the "winning points" during these last decisive campaign days. Bear in mind—all will be decided by your finish, your final report. Make it a sure big winner! You can do it!

SCHOOLS FULL FOR NINE-MONTHS TERM

FIVE INSTITUTIONS ARE FILLED TO CAPACITY—MORE COMING LATER.

School Opening Facts:

The total attendance in the five city schools today is 1253, a great increase over the opening date last year.

More students have enrolled in the high school the first week than in 1918.

There are approximately 120 "baby" beginners.

Primary and high school rooms are crowded, and all high school basement rooms are in use.

There are forty-eight instructors in the schools besides Supt. Ziegler.

The 7th grade is the biggest in the history of the schools and the kindergarten rooms are full.

The doors of the Thief River Falls schools swung open last week for the usual nine months' term, after three months vacation. Everything was in spick and span condition, the schools having undergone a complete cleaning and repairing during the summer months.

All the rooms and high school departments are crowded to their capacity. 360 names are on the high school roster today and more are arriving as the fall work is being completed. When the first semester closes there will be close to 375 students enrolled, it is expected. Many rural students will be unable to come before September has passed and by October the attendance will reach the maximum. An interesting fact connected with the schools is that 120 baby beginners were registered. Classes were delayed in getting started on the opening date but there are four classes of the little tots in the city now. At the Central the class is large, there beinp 30 members in the kindergarten.

The commercial department at the high school and normal departments have good attendances. Supt. Ziegler is well pleased with school conditions and predicts a very successful year.

Supt. Ziegler and the principals of the various schools have been busy outlining the program for the year and the first semester and everything is now running in clockwork manner.

POLICE HAVE DULL MONTH IN AUGUST

AUDITORIUM REPORT SHOWS NEAT SUM REALIZED DURING PAST MONTH.

The police department had a dull month in August for only two arrests were made during the thirty-one days, according to Chief E. O. Erickson's report to the city council Tuesday evening.

One arrest was made for drunkenness, with the case still open, and the second was an assault and battery case. Fines collected and turned into the city coffers amounted to $15. This is a record for August as usually a number of arrests are made during the fair, while this year's exposition was held and the police were not called upon to make a single arrest.

The report on the Auditorium showed that $97.17 was realized during the month for a show, dance and musical entertainment. $55.17 was netted the city when the "Million Dollar Band" gave their performance.

PASS SUFFRAGE AMENDMENT AT EXTRA SESSION

FIRST BILL INTRODUCED AND GOES THRU BY LARGE MAJORITIES.

NAPLIN FOR RELIEF FUND

WANTS COMMISSION NAMED TO HANDLE SUBJECT AT ALL TIMES.

Minnesota on Monday ratified the constitutional amendment granting suffrage to women, when both houses of the legislature passed a joint resolution approving the amendment, less than two hours after they met in special session.

The lower house won a spirited race for the honor of being first to raitfy the measure. Returning its old organization to duty for the special session, the house put the suffrage amendment to vote without waiting for Governor J. A. A. Burnquist's message, and passed it, 120 to 6.

The senate took up the suffrage measure as soon as Governor Burnquist finished speaking, and within a few minutes the joint resolution was rushed through.

The vote in the senate was 60 to 5.

Instantly the corridors, the floors and the galleries of both houses were in uproar. Hundreds of women, cheering and laughing, waved yellow and white ribbons and flowers, while a band and an orchestra in the lobby struck up "Glory Hallelujah." The only negative votes cast against the suffrage measure in the senate were recorded by Senators Handlan, Kuntz, Loonam, McGarry and Van Hoven.

In the house, the only six negative votes were cast by Bauck, Christensen, Diley, Nett, Nordlin and Pattison.

Relief Fund Sought.

Senator Oscar A. Naplin of Pennington county on Tuesday introduced senate bill No. 6 to levy a tax and create a fund to be known as the state general relief fund, prescribing its purpose and creating a commission to administer the fund. It was referred to the reconstruction and relief committee.

Drainage Question Up.

Senator F. L. Cliff of Ortonville has introduced two drainage bills, both looking to a comprehensive drainage system that will prevent floods such as those which destroyed millions of dollars worth of crops in Minnesota during the last season. The first bill calls for an appropriation of $10,000 for the remainder of this year, which the state drainage commissioner may use in making a state survey and other preparations for a state drainage system. The other is the drainage bill which failed last session. The features objected to in the bill have been eliminated.

Two Bonus Bills Offered.

Two soldiers' bonus bills were presented in the house. One of them, backed by the military affairs committee, provides a straight $15 a month spent in the service, which is expected to take $12,000,000. This is supported by the American Legion. The other follows the line recommended by the World War Veterans, giving $15 a month, with $25 to all men with dependents, and providing a total of $18,000,000. The military affairs committee has a bill in the house to give the American Legion state organization officers in the state capitol.

Adjourn Next Friday.

The 1919 extra session of the Minnesota legislature will adjourn Friday, Sept. 19, at 12 noon. Both houses of the legislature adopted by overwhelming vote on Tuesday a resolution prepared by the rules committee fixing the day of adjournment. The last day for passing bills will be Thursday, Sept. 18.

There will be no lid on the legislative program during the remaining week of its work. Instead of limiting the subjects to be considered, the senate and house leaders decided to limit the time, which will mean working at high pressure to get all the results possible.

Our Saviors Lutheran church, A. N. Skogerboe, Pastor—Sunday school and bible class at 10 a. m. Services in Immanuel at 10:30 a. m., in Mavie at 3 p. m., and in the city at 7:45 p. m. Our Saviors Ladies Aid meets next Wednesday, Sept. 17 entertained by Mrs. Ole Storholm and Mrs. Maren Loken. The confirmants meet in the church next Saturday, at 10 a. m.

Lyceum Theatre Announcement

With regard to the celebration for returned soldiers, sailors and marines on September 20, Manager A. J. Lawrence of the Lyceum theatre makes the following announcement:

On that date free admission will be granted to every returned service man and one lady. A cordial invitation is hereby extended to all such returned service men and lady to be the guests of the management on that day.

A big special production will be presented with no advance in price to the general public.

Theatre will be open afternoon and evening.

St. Johns Lutheran Church, F. J. Seltz, Pastor—Services in the German language at Thief River Falls next Sunday forenoon at 10:30. The Sunday school will have its annual picnic at Squaw Point next Sunday afternoon. The Ladies Aid will be entertained by Mrs. Anton Langseth next Wednesday afternoon in the church basement.

CHURCH IS RENTED FOR SCHOOL ROOM

NO ROOM AVAILABLE AT KNOX SCHOOL TO HOUSE LARGE KINDERGARTEN CLASS.

The school board is again confronted with room shortage and at its meeting last evening arrangements were made to rent the Swedish Baptist church, across the street from the Knox school, to house the large kindergarten class.

At the present time there is not a room available in the Knox building to hold the beginners and the opening of the kindergarten class has been delayed up to this time.

The plan outlined last evening provides for the holding of the kindergarten class each morning at the church during the mild weather but when cold weather sets in it is planned to hold the class in the afternoon, thus giving the janitor the whole morning to heat the structure in time for the afternoon session. At the Central school the kindergarten class will be held in the afternoon while the weather continues good, but this will be changed during the winter and the classes will be held in the morning. In this way the kindergarten instructor and her assistant will have half a day at each school.

The beginners classes are proving larger than ever this school year and has created a problem for the board. There are at least forty tots enrolled at the Knox building and 30 at the Central school.

BOYS ARE HEADING TOWARDS TROUBLE

DESTROYING URNS AND VASES AT CEMETERY SERIOUS OFFENSE.

There is a bunch of boys in Thief River Falls who should—every one of them—be carefully stretched face downward over a barrel while some willing and determined person administers a few arguments with a limber stick. They can get into more devilry, cause more annoyance and be responsible for more wanton destruction than a cyclone.

The latest pastime invented by the young rascals is the breaking and stealing of urns placed on graves at Greenwood cemetery. They shoot at these ornaments with everything from a shotgun to a slingshot, and reports are to the effect that a considerable number have also been carried away.

Defacing graveyard property of any kind is a serious offense in Minnesota and these boys will be shown no mercy if their identity can be discovered. They are all old enough to know better and there is absolutely no excuse to advance for their conduct.

A watchman will be placed in charge at the cemetery if necessary and the hoodlums are liable to find their ghoulish propensities suddenly and disagreeably interdered with.

COUNCIL WILL INSPECT WORK AT ST. CLOUD

CITY DADS WILL SPEND NEXT THURSDAY AT GRANITE CITY GETTING DOPE.

BIDS FOR PAVING CALLED

THREE KINDS OF PAVING FROM THE SIX SUBMITTED ARE ELIMINATED.

Estimates on six kinds of paving were submitted to the city council at their session Tuesday evening by a representative of the Bradley Engineering company of St. Cloud, and the councilmen decided to eliminate three of the six and ask for bids.

The three classes of paving on which bids are to be received are brick, creosote block and bithulitic. Other forms of paving submitted were reinforced concrete, tarvia and asphaltic concrete.

Figures were given out by the Bradley representative for the six kinds of paving which included brick gutters, and are as follows: Reinforced concrete, $236,627; bithulitic, $257,955; creosote block, $310,160; tarvia, $236,627; brick, $319,100; asphaltic concrete, $242,055.

Brick Gutters Favored.

The installation of brick gutters was favored highly by all the councilmen for the reason that the worn out spots can easily be repaired by the replacing of the bricks.

Council to Visit.

It was decided at the meeting that it would be of great value to the council to inspect the paving work that is now going on in St. Cloud and the city dads, or as many of them as can spare the time to go, will leave next Wednesday night for the Granite City to observe the work and kind of paving that is being put in at St. Cloud. They will spend all of Thursday in the city looking after this matter.

Plans Accepted.

The paving plans and specifications of the Bradley company were accepted and Alderman Brandon introduced a resolution authorizing the payment of the commission due the company in the sum of $2,927.58.

CLINIC AT GRYGLA IS WELL ATTENDED

WORK OF SPECIALISTS WILL BE CONTINUED AT GATZKE NEXT THURSDAY.

The public health clinic held in the school house in Grygla last Friday was very well attended. The territory served was that of which Grygla is the business center, which includes part of Beltrami county. The county public health nurse had charge of the clinic, being assisted by Miss Freda Loyd a local school teacher. Dr. M. G. Milan, specialist at the sanitorium at Thief River Falls and Crookston, was the clinician.

The following is a summary of the findings of the clinic:

Number examined—Adults, 25; under 16, 11. Total 36.

Pul. tuberculosis, (active)—Adults, 3; under 16, 1. Total 4.

Pul. tuberculosis, (inactive)—Ad-
Tuberculosis (suspected)—Adults,
Non-pulmonary tuberculosis, Ad-
ults, 1; under 16, 0. Total 1.
3; under 16, 0. Total 3.
ults, 1; under 16, 0. Total 1.

Cases not previously reported—Adults, 3; under 16, 1. Total 4.

Negative for tuberculosis—Adults, 8; under 16, 6. Total 14.

Other serious illness—Adults, 5; under 16, 3. Total 8.

Abnormal lung conditions not T. B.—Adults, 4; under 16, 1. Total 5.

The Grygla territory needs a local physician and it is generally regretted that Dr. Adkins is leaving the community.

The fifth of the series of public health clinics that are being held in Marshall county will be held in Gatzke on Thursday, Sept. 18. All those who are either suffering from diesases of the lungs, or who have been exposed to tuberculosis, or who have failed to recover completely from influenza should stand this clinic. Special attention will be given to the men who were rejected by the draft examining boards because of abnormal lung conditions. This is an excellent opportunity to consult a specialist.

Card of Thanks.

We wish to take this means of expressing our sincere thanks to our friends and neighbors for their kind assistance during the illness and death of our husband and father, Anton Miller.—Mrs. Anton Miller, Mrs. J. A. Wassgren, Mrs. W. H. Kline.

CROWDS ATTENDING BIBLE CONFERENCE

GREAT BIG SIX DAY SESSION AT AUDITORIUM ENDS TOMORROW EVENING.

Tomorrow evening will be the last of the bible conference meetings, which have been held at the Auditorium since last Sunday afternoon. Record crowds have been in attendance at all the meetings to listen to the splendid speakers and music.

Rev. Gust F. Johnson gave an address in Swedish yesterday afternoon and he will deliver two more, one this afternoon and tomorrow. All the other sermons are in English.

Bob Moyer and Dr. C. W. Foley have delivered a sermon each at all of the meetings held so far and the crowds are becoming larger at each gathering. The fine weather has permitted many from the country to attend and they are taking advantage of it as is evidenced by the large number of cars parked outside the auditorium each evening.

The music is of high order and is under the direction of Prof. A. Danielson.

"UNPARDONABLE SIN" PRINCESS ATTRACTION

BLANCHE SWEET IS STAR IN GREAT RUPERT HUGHES PRODUCTION.

A motion picture which, to date, bids fair to surpass the attendance records even of "The Birth of a Nation," is Blanche Sweet in "The Unpardonable Sin," the filmization of Rupert Hughes' compelling novel, which is now being exhibited on extensive runs in the greater cities of the country.

It was but recently that it had its American premier at the Broadway—Strand theatre in Detroit, Mich., where, reports indicate, receipts were far greater than those for any other motion picture production over shown in the city. Recent openings in Los Angeles, San Francisco, Chicago, Seattle, New York, Pittsburg, Boston, St. Louis, Minneapolis, Milwaukee and St. Paul have resulted in the same condition. Everywhere attendance records have been broken.

"The Unpardonable Sin" is Blanche Sweet's first motion picture in more than two years, she having been in temporary retirement because of ill-health. Her long and much needed rest undoubtedly was very beneficial as all who have seen her in this cinema masterpiece concede it to be the very best appearance she has ever made on the screen. She rises, the majority of critics agree, to heights of emotionalism that no screen actress has yet attempted and does so with the utmost naturalness.

This unusual production will be seen at the Princess theatre for two days, beginning Monday, Sept. 15th.

ADVISES BUILDING IN SPITE OF COST

FARM PAPER POINTS OUT MISTAKE OF POSTPONING OPERATIONS.

There seems to be a tendency among the farmers, not only of this section, but of other places as well, to postpone building operations in the hope that the price of labor and material will come down. That this is a mistake is quite probable, at least that is what most authorities on the subject think. The advice to build now comes not only from government bureaus and material dealers, the farmer press having taken up the same cry. Farm, Stock and Home, perhaps the foremost agricultural journal of the Northwest, says on this subject:

"For several months during the late winter and early spring there was something of a deadlock between prospective builders and material makers. The builders were holding off expecting lower prices. From building statistics it is now apparent, the builders have decided that it is useless to wait longer and are going ahead carrying out their plans. Much building is being done because of its pressing necessity. In Minneapolis it is very difficult to find homes or apartments, so that in every part of the city residence building is proceeding rapidly. The same is true of many other of our large cities. The industrial building is also large, but somewhat curtailed by changing war factories over to other lines. It can easily be realized that under these conditions nothing is to be gained by putting off needed building on your farm unless you are prepared to get along with what you have for several years. The cost of repairing and keeping serviceable old buildings can easily amount to more than would be saved by waiting for lower building costs. Then again the saving in labor, between an old fashioned out of date barn and a new one fully equipped with all the modern appliances, would in these days of high wages, amount to a tidy sum in three or four years."

Telephone Expenses Have Gone Up Too

Everyone finds his expenses are much more than they used to be.

The telephone company has many items of expense. All of them are considerable higher than a few years ago.

Our employees are receiving higher wages.

Our taxes have increased.

Equipment costs more.

We receive the money to pay all these increased expenses from the people who use our service and we are presenting these facts for their information.

Telling the public about our business promotes cooperation and thus enables us to furnish better telephone service. Better service means less trouble, less expense and more happiness for us.

Northwestern Telephone Exchange Co.

Mortgage Loans

As a State Bank with a Capital and Surplus of $90,000.00, we can loan up to $22,500 on any improved farm in Minnesota, providing the mortgage does not exceed 40 per cent of the value of the farm.

Because there is no waiting for the money, nor any red tape, and because we give the borrower so many privileges, loans direct from this bank are most desirable. When the farm is sold or loan is due it is a great advantage to have everything right at your home bank.

We always have a surplus on hand to loan out.

CORRECT DRESS FOR WOMEN & CHILDREN

FARM BUREAU FEDERATION IN STATE FORMED

FIFTY-SIX COUNTIES REPRESENTED AT CONFERENCE THIS WEEK.

50,000 MEMBERS WANTED

COMPREHENSIVE PROGRAM OF WORK TO BE OUTLINED FOR EACH YEAR.

Executive Agent J. J. McCann of the Pennington County Farm Bureau association, has this week been in attendance at the conference of county agricultural bureaus held at University farm. Fifty-six counties were represented and the meeting was the [illegible] on record since the establishment of these organizations in Minnesota.

The delegates decided to proceed with the organization of a Minnesota Farm Bureau Federation, and a temporary committee of ten, appointed to promote the organization, designated the week of Oct. 27 to Nov. 1 as a "State-wide Membership Week" when it is hoped every citizen in every county interested in the purposes of the new organization will be given an opportunity to support it.

Big Campaign Soon.

The committee of ten, consisting of H. J. Farmer of Pipestone county, A. G. Eneatvedt of Renville county, F. H. Hall of Pine county, Victor Holmquist of Kittson county, Silas Allen of Faribault county, L. E. Potter of Brown county, Ed. Rako of Beltrami county, Robert Scott of Clay county, D. W. Haley of Rice county and W. J. Darby of Carlton county, hopes to secure fifty thousand members who will be joint members of County Farm Bureaus and the State Federation.

The proposed plan of organization is to be submitted to the members of the various county farm bureaus and when ratified by a majority of such bureaus another state-wide meeting will be called—probably the first week in November—to organize permanently. This action is particularly desired that Minnesota may be prepared to be represented and participate in the gathering at Chicago, Nov. 12 and 13 at which time the National Farm Bureau Federation is to be formed.

Program Agreed Upon.

The plan of organization agreed upon has the following objects:

To develop county farm bureaus and increase their usefulness.

To work for a more profitable and permanent system of agriculture.

To foster and advance local co-operative organizations among farmers.

To make a comprehensive study of the problems of rural life for economic, financial, educational, sanitary and other needful purposes.

To deal in a nonpolitical manner with such state and National agricultural problems as are pertinent to the field of farm bureau endeavor.

To unify the above objects and further efforts as will result in the development of agriculture as a fundamental public need.

Choose County Director.

When a sufficient number of counties affiliate with the Federation to establish the movement, a county director is to be elected by the county farm bureau executive committee to represent the county in the federation and the work of the federation in the county. These directors in annual session will elect an executive committee of ten persons, each of whom is chosen because of special fitness to represent an important activity on the program of work which the federation will adopt. This program is to be revised annually.

4 "SOONERS" PAY FINES IN COURT

PROVES COSTLY TO HUNT OUT OF SEASON FOR POLK COUNTY MEN.

Hunting out of season is a very expensive pastime. Four Polk county residents found it so Sunday when they were caught by Game Warden Munch in Bray township hunting the feathered fowl and were haled into municipal court Monday afternoon and assessed $25 each after pleading guilty to the charge.

The confessed violators of the game laws were William and Leslie Arnold, John and James Dushek, all residents on farms near Tabor, Polk county, but had crossed into Pennington county to do their hunting.

Warden Munch also seized four guns from the game violators. One of the boys inquired after paying his fine if they didn't get their firearms back and Warden Munch replied: "Boys, you're lucky you didn't lose your car too. Your guns are now on their way to St. Paul."

Over $500 was realized from the sale of confiscated firearms at the yearly sale held in St. Paul recently, Mr. Munch stated.

FOOTBALL PLAYERS BEGIN PRACTICING

GOOD CROP OF GRID WARRIORS RESPOND TO COACHE'S FIRST CALL MONDAY.

Coach Albert Tommeraasen, of the Thief River Falls high school, issued his call for football men, who will try out for positions on the 1919 fighting machine, last Friday afternoon. The call was met with favorably and fourteen men responded for the initial practice of the year.

The football situation at the high school at present looks as if Coach Tommeraasen will turn out one of the fastest teams in the district, and they will undergo such a strenuous training campaign that it will put them in the same class with some of the former championship teams. A number of the old regular men have been lost with the graduation of the '19 class, but these men will be replaced by equally good players from '18 squad, who were not members of the team. There will be around four old men back from last year's team, forming a neucleus to which the green men will be added.

The boys are being put through some stiff practice this week and before very long scrimmage will be begun. At present the rudiments of the game are being taken up by the boys such as kicking, handling and falling on the ball, passing, drop kicking, putting and all the other little points which have to be perfected before the plays can be taken up.

Enough material is now on hand for a good team but the return of several of the veterans is awaited and then the fight for positions will begin in earnest. Two men responded for practice last evening and were well in the heavyweight class each weighing 162 pounds. The team will not be a heavy one but weight does not make such a big figure as was demonstrated in 1916 when Johnson's colts cleaned up some of the heaviest teams in this section.

Negotiations are already under way to secure a game with Red Lake Falls for Homecoming day and Coach Tommeraasen stated today that the local boys are working hard to get into condition for the contest altho the season is a little early as compared to former years.

GYM TO BE OPENED ABOUT OCTOBER 15

MEETING SCHEDULED FOR TONIGHT AT COMMERCIAL CLUB ROOMS.

The opening date for the "gym" to be operated in the basement of the Citizens State bank by G. A. Fallness has been set for somewhere around the 15th of next month.

"We're settin' pretty tight now" said Mr. Fallness this morning, "but we would like to start out with at least 40 members and all we need to reach this number is nine."

Mr. Fallness stated this morning the club is on a running basis at this time for a year and it is his intention to proceed with the buying of the equipment very soon and get it installed for the opening in October.

Memberships for the full year are transferable only in case the holder should take his departure from the city. The equipment to be secured is of the best and there is no question but what the institution will be a popular place when it opens.

A meeting of all the signers of Mr. Fallness' petition and others interested in the gym has been called for 8 p. m. tonight at the Commercial club rooms at which time a number of questions will be discussed relative to the opening of the gym.

Brink-Barackman.

Mr. Mauritz W. Brink and Miss Helen B. Barackman were united in marriage at 8 p. m., Wednesday evening. The wedding was held in the Presbyterian church, Rev. R. L. Barackman, the pastor of the church, who is also the father of the bride, officiating.

The wedding party consisted of Guy Johnson, Walter Smith, E. P. Brevig and Edwin Karwand, who acted as ushers. Also Miss Grace Wilson, Miss Alice Peterson, Miss Blanche Johnson, and Miss Myrtle Blair, who acted as briedsmaids. Miss Zella Zeh performed the part of maid of honor and the bride's brother, Rufus A. Barackman, accompanied her to the altar and gave her away. Mr. Brink was accompanied by his brother, Albert, as best man.

The music began at 7:35. Miss Blanche Johnson rendered a piano solo.

Mrs. S. A. Stewart sang "I Love You Truly," by Bond. Wilbur Roth played a violin solo. Miss Stewart sang "O Promise Me," by De Koven.

Promptly at eight o'clock the wedding procession formed and moved to the altar to the strains of the wedding march from Lohengrin played by Miss Jean Hay. The young couple made their mutual vows, plighted their troth each to the other and then exchanged wedding rings in a double ring ceremony. After the benediction, during which the bride and groom knelt, the procession moved out to the strains of "Melody in F," by Rubenstein, played by Mr. Roth and Miss Hay.

The bride was attired in Georgette over white satin. The bridal veil was fastened with a fillet and fell to the end of her train.

The color scheme of the church decorations was yellow and white, golden rod being the flower used. The aisles and the platform were laid in white with a white panel back of the altar. A profusion of golden rod completed a charming and artistic effect.

The wedding reception was held at the residence, 518 Main avenue north immediately following the ceremony. The wedding party and the relatives of the pair, along with those who assisted in the service, constituted the company.

Mr. and Mrs. Brink departed on the Soo flyer for the Twin Cities. They will spend a short time away and return to this city for their future residence, where Mr. Brink is in the employ of the Soo railway.

The young people have been favored with a profusion of beautiful and useful gifts for their new home. The groom's gift to his bride was an exquisite hand embroidered Japanese silk robe which he secured in Gibraltar on his return from more than a year of service in France.

These popular young people begin their life together at 524 LaBree avenue north. Their wide circle of friends wish them bon voyage.

Mrs. Sarah Stewart, from Sac City, Iowa, a friend of the family was the only out of town guest, and will stay over for a visit.

Wood Hauler Wanted.

Bids will be received up until 8 o'clock p. m., Monday, Sept. 15, 1919, for hauling wood to all school buildings in the city during the present school year.

All bids should be addressed to the undersigned.

Right reserved to reject any or all tenders.

P. O. MYHRUM,
Clerk.

PRETTY HOME OF BRICK AND STUCCO

Will Appeal Strongly to Automobile Owner.

DESIGN OF BUNGALOW TYPE

Exceptionally Attractive Home, With Garage of Same Style—Interior Arrangement Will Challenge Attention of Housekeeper.

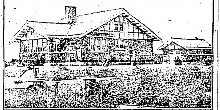
Mr. William A. Radford will answer questions and give advice FREE OF COST on all subjects pertaining to the subject of building, for the readers of this paper. On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1827 Prairie avenue, Chicago, Ill., and only enclose three-cent stamp for reply.

In the era of home building that is here there will be, more than ever, much individuality shown in the design accepted, because those who are building homes now have the advantage of many different styles of architecture and home designs that have proven best through use. The home builder usually builds but once in a lifetime and when he builds he erects the type of home that meets his needs, suits his ideas of exterior *appearance and is arranged to his taste.*

Accompanying this article is shown the exterior view and floor plan of an exceptionally attractive brick house, with a garage of the same style of architecture. This house will appeal immediately to the automobile owner, while the interior arrangement will challenge the attention of every housekeeper.

There are thousands of home builders to whom brick houses have an especial appeal. Brick is the oldest of building materials, having been used, in some form or other, thousands of years before civilization began. This may be the reason for the preference, but there is no denying that brick homes are attractive and have a very substantial air.

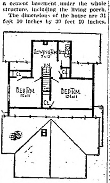
The design shown herewith is of the bungalow type of a story and a half house. The exterior wall in the gables is covered with stucco, which adds to its appearance.



The graceful lines of both the house and garage, the living porch projection of the house, with an entrance on either side; the brick porch pillars, and the window projections combine to make this house and garage of extraordinary exterior beauty. It is the interior arrangement, however, that the feminine members of the family will examine with interest.

The house contains eight rooms, including the living porch and bath. It is set on concrete foundations and has a cement basement under the whole structure, including the living porch.

The dimensions of the house are 31 feet 10 inches by 30 feet 10 inches, with the living porch projecting 10 feet. The living porch is 18 feet by 8 feet 6 inches, which is a good-sized room. The entrances on both sides lead into the living porch, which is connected with the living room by double glass doors. The entrance to the right on the automobile drive is intended as a convenience for motorists, while the other entrance is at the end of a sidewalk and is for pedestrians.

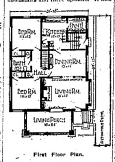


Second Floor Plan.

The living room is 18 feet by 13 feet. On the interior end wall is the fireplace, with bookcases on either side. At the other end is a set of three windows, in a bay. The living room is connected with a large dining room, 13 by 11 feet, by a colonnade, which extends nearly across the side of the room, making them practically one large room. Back of the dining room is the kitchen, 13 by 10 feet, the side entrance near the garage and the basement stairway. On the other side are two bedrooms, 11 feet 6 inches by 13 feet, with the bathroom between. A hall leading off the dining room connects the two bedrooms and bath. Out of this same hall are the stairs leading to the three rooms of the second floor.

Upstairs are two large bedrooms and a sewing room. The bedroom to the right of the building is 16 feet 6 inches by 11 feet, and the one to the left is 12 by 11 feet. The sewing room is in the rear gable, 10 feet by 9 feet. All three rooms and a toilet open off a center hall.

There are numerous little features of this house that will please the housekeeper. It will be noted that there is an abundance of closets—four downstairs and three upstairs. It also will be seen that built into the living and dining room and kitchen are many features that will make the work of caring for the home more easy. There is a built-in buffet in the dining room, while the worktable, shelves and pantry in the kitchen are so arranged as to save steps.



First Floor Plan.

In considering the erection of a home this year the prospective builder will closely study many home designs. What will suit one will not suit another. But for the person who wants a rather large modern brick house of extraordinary architectural beauty this design will be suited.

The cost of building now is higher than it was before the war. This is because the cost of producing the materials and of the labor that goes into the building is higher. But the percentage of increase in the cost of building is nowhere near that of other necessities. Prices of materials have been stabilized for the year—there is the positive assurance that they will not be higher, neither will they be lower. And every indication is that they will go higher in 1920. Thus does the prospective home builder have the assurance that it will cost no more to build now than a year or a few years from now, while by building at once he will have the use of his home and will save just that much rent.

Owning a home and living in it, however, has many advantages over renting. When a home is paid for it is a great asset in a financial way. The family that lives in their own home have many advantages in a social way. And there is the satisfaction of having a home planned as you want it and of the size you want; decorated to suit your taste—in fact, a home of your own.

OBITUARY

Martin Kopp.

Monday morning at 11:30 o'clock occurred the death of Martin Kopp, son of Mr. and Mrs. Henry Kopp, Rocksbury township, and jeweler for the past six month at the Neset Jewelry store, death being caused by a cerebral hemorhage. Deceased had been afflicted with an enlarged spleen for a considerable length of time but his death came as a sudden shock to everyone with whom he was acquainted. He attended religious services Sunday morning as usual and on Monday morning was taken ill and removed to the hospital where death occurred at the hour mentioned. The funeral services will be held this afternoon from the residence on Knight avenue, Rev. F. J. Seltz officiating, and interment will be made at Greenwood cemetery.

Martin Kopp was born in Clay county, Indiana, Sept. 3, 1888, making his age at time of death 31 years and 5 days. When twenty years of age he took up the trade of watchmaker and was employed in the states of Indiana, Illinois, North Dakota, and Nebraska. He came to Thief River Falls six months ago from Nebraska with his family.

On June 5, 1913 he was united in marriage and to this union were born three children all surviving as follows: Helen, 5; Lester, 4; Milton, 2. Others left to mourn his untimely death are his wife, Mr. and Mrs. Henry Kopp, his parents, and Mrs. John Krick of Illinois, Mrs. Hannah Stumke, of Warren, Lena, Annie, Eda, Linda, Edna, Tillie sisters, and Fred, Henry and Albert, brothers.

Anton Miller.

Anton Miller, for over ten years a *resident of Pennington county*, died August 31 at Spokane, Wash., at which place he and his family had been residing for the last two years. Death was due to cancer of the face and the deceased had suffered from this malady for several months. The remains were brought to Thief River Falls on Friday morning and funeral services were conducted from the Methodist church in the forenoon, Rev. Orrock officiating. Interment was made in Greenwood cemetery.

Anton Miller was born at Milwaukee, Wis., on May 31, 1853 making his age at time of death 66 years, 3 months. His boyhood days were passed at Milwaukee and in the early 70's went to Osage, Iowa, where he made his home until 1907. He then removed his family to this city and lived here until two years ago when he departed for the West.

On Sept. 3, 1879 he was united in marriage to Irene Whitney and to this union were born nine children, all surviving with the exception of Marjorie, who died eight years ago. Those who are left to mourn his death are: His wife, Clark, Kermit, Edna and Lun of Spokane, Wash; Loran of Seattle; Clinton of Winona, Mrs. Wm. Kline and Mrs. John Wassgren of this city.

NOTICE TO PUBLIC.

People wishing to get gravel from my gravel pit must see me and make arrangements for settlement before taking the gravel. Those not doing this will be prosecuted.

CHEVROLET
For Economical Transportation

THE Chevrolet "Four-Ninety" Touring Car not only meets completely the great national need for dependable and economical transportation, but places the means within the reach of the average income. Its first cost is modest. Its upkeep is never a burden. To travel twenty-five miles on a gallon of gasoline is a common performance for this model.

To inspect this car is to appreciate how and why it is a practical time and money-saver that pays for itself in a short time.

"Quality" is a nice word

EVERYBODY uses it because it's what men want in clothes; but it's a lot easier to talk about "quality" than it is to put it clothes.

If you want "quality" in your clothes and not just in the conversation about them, you'd better come here.

You'll get it; guaranteed; Hart Schaffner & Marx use fine all-wool fabrics; the best tailoring; good style. Your money back if you're not satisfied.

Entered as second-class matter at the Postoffice at Thief River Falls, Minnesota.

THE COST OF ADVERTISING.

The most successful subscription campaign ever staged by a newspaper in northwestern Minnesota will close next Saturday afternoon. It is now certain that the number of subscribers receiving the Thief River Falls Times will pass the five thousand mark when the lists receive the final corrections. We believe that it is absolutely safe to assert that this is a larger number of subscribers than any other weekly newspaper printed in the English language in Minnesota can boast.

From a direct money-making point of view it is doubtful if even such a successful contest is a success, nor is the direct financial gain the principal object in putting on an affair of this kind. The main idea with publishers who at times find it expedient to resort to this means for boosting their newspapers and increasing their list is to give better service to the advertiser. That the contest now closing will have this effect cannot for a moment be doubted.

It is certain that but few publications anywhere cover their field so thoroughly as does The Times. Not only does the paper go to practically every home in Pennington county, but it is also the "home paper" for a large majority of those residing in northern Red Lake, southern Marshall and western Beltrami counties. This gives the advertiser a service with which nothing in the section can compete.

Advertising in The Times costs less than in any other publication in the state, everything considered. The present rate is equivalent to five cents per inch per thousand of circulation, a price impossible for most other papers. Publications having a list of from one to two thousand find it necessary to charge from fifteen to twenty cents per inch for advertising, or three times as much as The Times. If this relation of price to circulation were to be maintained advertising in The Times would cost from sixty to seventy-five cents per inch.

Circulation is what the advertiser buys. It is the only thing he can consider if he expects to get results for the money expended. No matter how he may personally feel toward the newspaper or its publishers, he must use the publication read by the people if he is to get any returns on his investment. In northwestern Minnesota the one newspaper particularly meeting this requirement is the Thief River Falls Times.

H. E. Miles, an advertising man of much experience, writing in the National Printer-Journalist, says on this subject:

"The expert advertiser buys space on the basis of circulation, paying according to the number of copies of the paper sold to its subscribers. He knows very nearly the dollars and cents return he can get from the expenditure of a certain sum of money in advertising to a certain number of people. He knows what percentage of that return he can afford to spend to get it, and that is what the advertising space in the newspaper, reaching those people, is worth to him. He either pays that much or as much less as he can buy the space for—but never any more. Therefore, the value of advertising space to the expert advertiser depends on the results obtained from the use of that space."

A safe guide for the local business man to go by is the attitude of large national advertisers toward a publication. The agencies selected to look after the publicity matters for these big concerns make it a point to find out all about the papers they select. Circulation with them is the first consideration and they take particular pains to discover just where the mediums they employ stand in this regard. In this connection it may be stated that there is not another country paper in Minnesota at this time carrying as much of this class of business as The Times.

The aim of the publishers is to give service. That has been the sole idea in staging the contest which closes this week. The object has been attained and The Times is better than ever prepared to make the advertising contained in its columns a paying investment for the business man.

GET THE WRONG IDEA.

There are a few newspapers in the state that are not in favor of the Babcock good roads amendment. The reasons they advance for their opposition prove that the subject has been given but slight study and that the editors have picked out some one feature with which they are not in the least familiar as the object of their attacks.

The latest argument advanced against the proposition is that the automobile owner would be forced to pay for the roads thru a direct tax on his machine. The Brainerd Tribune recently printed an editorial for which this argument formed the theme, the editor declaring himself against the amendment for the reason that it would be unjust. The Minneapolis Journal points out the falley in this reasoning in an article of which the following is a part:

"The Tribune proceeds to point out that automobiles, when taxed for the paved highways, will be exempt from other taxation. This, it argues, would take many millions of dollars of personal property valuations off the tax list, and would result in raising taxes on other property. That is to say, other property would help to pay for the new roads.

"Let us see how much of a tax burden would be shifted to other property by this specific tax on automobiles. The assessed valuation of Minnesota for 1918 was $1,750,180,951, of which $1,481,544,677 was on real estate and $268,636,274 was on personal property, aside from moneys and credits. The 159,174 automobiles listed for taxation were assessed at $22,284,156, which is just 1.27 per cent of the total state assessment. What difference in the tax rates would result from eliminating this one per cent plus of the taxable property? It is a mere bagatelle.

"It is true that paved roads will be of tremendous benefit to the farmers of the State, but they will also greatly advantage those who drive cars. Motorists will have to pay a little more taxes, but they will more than make it up in the resulting economy of operation. A gallon of gasoline will take the car miles farther on paved roads. The tires will run up far more mileage on paved roads. The car itself will last longer and call for less repairs on paved roads. Thus the motorists can afford the extra tax, and the taxpayers can afford to make up the one and a quarter per cent of the general tax now collected on automobiles.

"There is another point: The day on which the motorists underwrite the building of seven thousand miles of paved road through the adoption of the Babcock amendment, will see released for use on all the other roads of the State the very considerable amounts now spent on Babcock routes. State, county and township road funds, relieved of this great burden, can be devoted to improving and maintaining the connecting roads which are now in such bad condition. These roads do not carry heavy traffic and the application of gravel with suitable grading will turn them into fine highways.

"As the St. Cloud Journal-Press remarks: 'Unless the Babcock amendment is adopted, we are not going to have any good roads anywhere, no matter how much money we spend, until we make paved highways. Objectors have no plan to offer. If they have their way, Minnesota will stick in the mud permanently.'"

WORSE THAN FLOOD OR DROUGHT.

Too much water caused considerable loss to the farmers of Northwestern Minnesota this year. If the amount were to be distributed over the entire district coming under that designation the total would not loom up as particularly serious, but there is no denying that where the floods did occur the damage wrought is bad enough. But the different counties and the state are coming to the assistance of those who suffered by reason of this unusual occurence, and they will be able to pull through.

However, it makes no difference at what figure the damage from water is placed—it is small when compared with the havoc caused by reason of permitting the sow thistle to get a foothold. The unprecedented rains have now done their worst and the damage is in a fair way to be repaired, but the sow thistle will take an even greater toll next year unless measures are at once taken to combat its ravages.

According to the testimony of men who should know there is no necessity for permitting this weed to flourish. It is quite easily discouraged if the proper steps are taken to stop its progress. But it cannot be done by following the old system of grain growing year after year. Rotation must be practiced, sheep and cattle raising more widely followed and, occasionally at least, fields must be permitted to remain fallow for a season, being constantly harrowed and worked during that time. This last expedient will seldom be found necessary in this section if judgment is used in the selection of crops.

It has been stated time and time again that winter rye will bring the farmers of the Northwest a greater and more certain return than wheat, and rye will kill out sow thistle. Clover, particularly the sweet varieties, will do the same thing, and is an excellent feed. Corn and potatoes will choke the nuisance and sheep will keep it nibbled to the roots.' Sow thistle is not so hard to combat if the proper measures are taken.

Then there should be a weed inspector appointed in every county. This officer ought to be some man capable of enforcing his demands without fear or favor. A township appointee cannot very well be expected to do this. He would hesitate to proceed against his friends or cause inconvenience in the neighborhood where he resides. The weed inspector would have to be prepared to become unpopular at the outset and should be so constituted that this would make no difference to him. Every farmer would then be made to take care of the thistle on his own place and it would be but a short time until the section saw the last of it.

It might also be stated that if the thistle is responsible for a more sensible system of cultivation and a greater rotation of crops it will not have proved an unmixed evil.

A GOOD PLACE FOR INTEREST.

The people of Pennington County are going to get $15,000 from Uncle Sam one of these days, this being their earnings on the sum they jointly invested in the Third Liberty Loan. That's quite a little chunk of money and shows how fast savings will accumulate when given a chance and correctly placed.

The interest thus received should be at once re-invested in War Savings Stamps. A stamp worth five dollars at maturity can be bought during September for $4.21, which means an earning value of four per cent compounded quarterly. This is even a better investment for small amounts than the Liberty Bond itself and the need for the money is as great as ever. The war is over, but we are not quite thru paying for it.

It is as much the good citizen's duty to invest in these securities now as during the war. The purchase of these stamps means much to the government, while the forgoing of this interest sum by the bond holder is a matter of comparatively small importance. He will be vastly better off for the re-investment, thus making his interest earn still more interest. That is the way to insure a competency for the future.

WHERE THE CREDIT BELONGS.

Congressman Steenerson has again made a winning fight for the farmers of the Northwest, being ably assisted in his efforts by Congressman Young of North Dakota. The Minnesota grain inspection department is also entitled to much credit for bringing about a change in price for the lower grades of wheat. This department came before the committee with more than a hundred samples of wheat of different grades, with flour made from each sample of wheat and bread from each sample of flour, making a most convincing exhibit. The principal argument was presented by Mr. Steenerson and was so conclusive that the grain control board had no hesitancy in granting the changes demanded by the Northwestern congressmen.

This decision introduces a new element into the grain trade in that it bases prices on the actual bread-producing value of the wheat rather than on non-essentials heretofore employed. It is one of the most important decisions in favor of the farmer ever made.

Do not forget the tri-county fair at Goodridge on Sept. 22 and 23. The premium list has been issued and substantial prizes are offered in the different divisions. Stockmen are particularly encouraged to bring in their prize animals, but all other departments have been well looked after. The people of Thief River Falls are very much interested in the development of the section represented by this fair and should attend in large numbers.

There will be no business of any kind transacted in Pennington county on Sept. 20. That's the day every resident of northwestern Minnesota who can possibly do so is coming to Thief River Falls to help in officially welcoming home the men who took part in the late war. Do not permit anything to prevent your being present.

THE A B C OF THE LEAGUE OF NATIONS

By DR. FRANK CRANE.

1. What is the League of Nations?

A. A union of the strongest civilized nations formed at the conclusion of the great war.

2. What is its object?

A. First, to promote the Peace of the World by agreeing not to resort to war. Second, to deal openly with each other, not by secret treaties. Third, to improve International law. Fourth, to co-operate in all matters of common concern.

3. Does it presume to end war?

A. No more than any government can end crime. It claims to reduce the liability of war.

4. What will be done to any nation that makes war?

A. It will be boycotted and otherwise penalized.

5. How else will the probability of war be lessened?

A. By voluntary, mutual and proportionate disarmament; by exchanging military information, by providing for arbitration, by protecting each nation's territorial integrity and by educating public opinion to see the folly of war.

6. What else does the League propose to do for Mankind?

A. (1) Secure fair treatment for labor,
(2) suppress the White Slave Traffic, the sale of dangerous Drugs, and the traffic in War Munitions,
(3) control and prevent Disease,
(4) promote the work of the Red Cross, and
(5) establish International Bureaus for other Causes that concern the human race.

7. Who are to be Charter Members of the League?

A. The United States of America, Belgium, Bolivia, Brazil, British Empire, Canada, Australia, South Africa, New Zealand, India, China, Cuba, Czecho-Slovakia, Eucador, France, Greece, Guatemala, Haiti, Hedjaz, Honduras, Italy, Japan, Liberia, Nicaragua, Panama, Peru, Poland, Portugal, Rumania, Serbia, Siam, Uruguay, and the following states which are invited to accede to the covenant: Argentine Republic, Chili, Colombia, Denmark, Netherlands, Norway, Paraguay, Persia, Salvador, Spain, Sweden, Switzerland, Venezuela.

8. What other nations may join?

A. Any self-governing State which will agree to the rules of the League, provided the League accepts it.

9. What Agencies will the League have?

A. (1) An Assembly, composed of representatives of all the member Nations,
(2) a Council of Nine,
(3) a Secretary-General,
(4) a Mandatary Commission, to look after colonies, etc.,
(5) a Permanent Commission, for military questions,
(6) various International Bureaus; such as the Postal Union, etc.,
(7) Mandataries.

10. What is a Mandatary?

A. Some one nation designated by the League to attend to the welfare of "backward peoples residing in colonies of the Central Empires, or in territories taken from them." This is to be a "sacred trust," and in selecting a mandatary the wishes of the people of the area in question shall be the principal consideration.

11. Does the League mean a Super-nation?

A. No. It interferes in no way with any Nation's Sovereignty, except to limit its power to attack other nations.

12. Can any Nation withdraw when it wishes?

A. Yes. The League is Advisory and Co-operative, not coercive.

13. Does the League put Peace above Justice and National Honor?

A. No. It puts Reason before Violence.

14. Does not the League take away the Constitutional right of Congress to declare war?

A. No. The League can advise war; Congress alone can Declare war.

15. Does it destroy the Monroe Doctrine?

A. Exactly the contrary. For the first time in history the other nations recognize the Monroe Doctrine; and extend it to all the world.

16. Does it not interfere with Treaty Making Powers of the United States?

A. No. It is a Treaty. We can make any Treaty we please.

17. Would we have had the Great War if we had had this League?

A. No. That War cost the world over 7,000,000 lives and 200,000,000,000 dollars.

18. Of what importance is the League?

A. It is the greatest deed of mankind in the history of the world.

19. Has not anyone a right to object to the League?

A. Yes. This is a free country. A one has a right to any opinion chooses.

20. Why is the League so bitt opposed by a few?

A. Because, unfortunately, Treaty or League must be made by President, and a President is ch en by a political party and many members of the opposite Party think they must decry whatever he does.

TEN AND 20 YEARS AGO

Twenty Years Ago.

The enrollment at Central school was 190, divided as follows: Room 4, Herb. Fuller, superintendent, 21; Room 3, Miss Estelle Stinchfield, 42; Room 2, Miss Rachael Richardson, 52; Room 1, Miss Helen Wallin, 71. Knox school, Prof. C. M. Todd, principal, advanced grades, 23; primary department, Miss Mary Frank, 63. Total enrollment for city, 276.

John Anderson, and Robert Kittelson rented the water power formerly used by A. Wright.

J. H. McKinney, shingle sawer at the mill, accidentally ran his thumb against the saw and severed the member.

Nels K. Nelson was apointed assistant postmaster.

The Methodists decided to build a church in this city and to have the congregation cut away from that at St. Hilaire. Rev. Logan was preparing to move to this city and work was begun on the parsonage.

The residence of Andrew Clemens, residing north of the city, was struck by lightning during a severe electric storm. Mr. and Mrs. Clemens were both rendered unconscious from the shock, but none of the children were hurt.

Wheat was quoted at 69 cents in Minneapolis, oats 24 cents, corn 30 cents, beef cattle $3.80 to $4.00, hogs $3.40, extra creamery butter, 20 cents, dairy butter 17 cents, turkeys 10 cents, spring chickens 12 cents.

The editor of The Press found himself in trouble for stating in an obituary notice that the late lamented "took a social glass occasionally."

Ten Years Ago.

The city harbored a poet in its midst, his contributions appearing in The Press under the name of Hiawatha. His offering for the week was entitled "The School Mums Have Come Back," the first verse being as follows:

De ole town of Thief Rivah Falls
Has seen a powaful change,
Jes' walk firs' den dun' de street
You'll notice it am strange.
The biznes fo' the las' free months
Hez been mos' orful slack,
But now it's picking up because
De school mums hez come back.

The county commissioners were ordered to return to the ditch fund the sum of $35,000 transferred to the general fund for the purpose of acquiring a court house site. A petition was filed with Gov. Johnson asking that County Auditor A. A. Latendresse, County Treasurer H. E. Ives and County Commissioners Pegion, Deeman and Lindquist be removed from office.

The contract for the building of the Armory in this city was let to O. M. Siverson of Crookston for the sum of $24,000.

Edward Foster arrived to take the position of assistant master mechanic of the Soo, vice G. H. Horton, transferred to Minneapolis.

It was announced that the proposed Grygla ditch would be the longest in the state, covering with its laterals, a distance of 400 miles.

Mrs. J. M. Bishop and children, Morlan and Marion, returned from a trip through the West.

TAFT OUTLINES LEAGUE PLAN

Puts It Into Plain Language Free From Legal and Diplomatic Verbiage, in Response to Request.

MANY ARE CONFUSED BY PRESENT DEBATE

Danger That People Will Lose Sight of Basic Principles During Discussion of Complicated Details and Technicalities.

(By ex-President William H. Taft.)

The plan for a League of Nations is based on a few simple principles, which are not hard to understand when lifted out of the morass of technical discussion and freed from legal and diplomatic language. As the one authority best able to present these points without partisan bias, ex-President Taft has been asked to put the league idea into a few plain words for the benefit of millions of Americans who desire a better understanding of the plan but find themselves confused by the debate in the United States Senate. In response to this request he has written the following article.

Purpose of the League.

The chief purpose of the League of Nations is to keep the world in a state of peace. Another way of expressing it is to say that the league is designed to prevent wars.

We have just finished the greatest, which is to say the most horrible, of all conflicts between nations. We have won a glorious victory. But that victory will be wasted unless this war has made the nations ready to put aside their differences and co-operate to end war forever.

It is not enough, however, to provide for the prevention of wars and the settlement of disputes after they have arisen. We must foresee causes of trouble and remove them before they have reached an acute stage. Hence there must be provision for frequent consultations of members of the league for exchange of information, for agreement on common policies and for the gradual formation of rules of international law which at present are uncertain and incomplete.

The representatives of the great free nations which won the war have met at Paris and, after long consultation, have drawn an agreement which they believe will accomplish these ends. At the very least it will set in motion great changes which will result in universal benefit to all mankind. This agreement is called the Covenant of the League of Nations and it is a part of the peace treaty.

There will be no league worth talking about, however, unless the United States is a member. The decision as to whether the United States shall join rests with our Senate. The Senators, chosen by the people, will in the end vote as the people desire. For this reason the people themselves will decide whether or not the United States will join the league. In this question every citizen should have a voice. He or she can express opinion either by writing direct to Senators, by letters to the newspapers, by speeches in his lodge or local union or in conversation with friends.

Methods of Maintaining Peace.

Since the prime object of the League of Nations is to preserve peace—and to reap the benefits of peace—let us see how the league will operate to accomplish that purpose.

In the first place it will seek to remove the main causes of war. By the formation of an international court it will create a means for the peaceful settlement of disputes between nations. Then it will seek to compel the nations to make use of this court. This is nothing more nor less than an application of the rules and customs governing private individuals in civilized communities to the relations between nations.

Secondly, the League will seek to remove a great temptation to war by the general agreement to reduce the size of armies and navies. This will halt the race for military and naval supremacy which was largely responsible for the war just ended. The amount of armament any nation may maintain will be strictly defined. Thus it will be impossible for one country to overwhelm its neighbor by unexpected attack, in the way that Germany crushed Belgium and would have crushed France had not the other democratic nations gone to her aid. The idea is that each country may keep an army and navy large enough to enable it to fulfil its responsibilities as a member of the League, but no larger. The United States, for example, probably would be expected to keep a check on Mexico and the state of constant turmoil in that country would be taken into consideration in deciding how large an army we should need.

The third important safeguard which the League will set up is a system of penalties. This will make an outlaw of any nation or group of nations which goes to war in violation of the rules of the League. The outlawed nation will be boycotted by all the other members of the League and will find itself cut off from both business and social communication with the rest of the world.

How It Will Prevent Wars.

It is not claimed that the League of Nations will do away with war altogether. Every possible provision that human intelligence can devise will be made to settle international disputes peaceably. But should all these measures fail and two nations go to war, this is what will happen:

If both parties to the dispute have observed the rules of the League, the other nations will stand back and let them fight it out. War under such circumstances is difficult to imagine, however, because before the angry nations will be allowed to fight in accordance with the rules of the League, so much time must elapse that in all probability their anger will cool and they will reach an amicable understanding.

What we have to fear is that some nation will go to war in defiance of the League, and every precaution has been taken to suppress such a nation by the immediate use of the united power of the other nations. If international boycott failed to bring her to terms she would have to face a combined international army and navy. The founders of the League believe that the mere possibility of such a situation will prevent any nation from violating its agreement. Does anyone think that Germany would have begun war five years ago if she had known that nearly all the other great powers would combine against her?

Doing the World's Work.

In addition to settling international disputes peaceably the League of Nations will provide means for doing much of the world's work more systematically and effectively than can be done now when each nation is working only for itself. The people you know best and like best are those who work with you on the same job. It will be the same way with the nations of the future. The more they work together, the sooner they will come to understand and like each other.

For example, the League will establish an international organization for the bettering of labor conditions in different countries, for the protection of women and children and the native inhabitants of civilized and semi-civilized countries. One of Germany's greatest crimes has been her barbarous treatment of the helpless people in some of her colonies. One of the chief tasks of the League will be to look after peoples that are not strong enough to protect themselves.

The League will appoint commissions to take charge of various international undertakings so that they may be carried on, not for the benefit of any one nation, but for the benefit of the whole world. Provision will be made for promotion of fair and equal trade conditions.

These are only a few of the benefits the world will derive from the League. As time goes on we shall find more and more tasks at which the nations can work in common and a greater number of opportunities to remove causes which stir up jealousies and animosities between races and peoples.

Objections Answered.

Of course we cannot hope to make the great changes such as the League of Nations will bring about without opposition. Fortunately the war has taught us the great advantages of international co-operation. It was only by good team work that the free liberty loving nations were able to whip Germany.

The treaty which the United States Senate is debating obligates the members of the proposed League to protect one another against attack from enemies outside their own boundaries bent upon conquest. Although this agreement (Article X of the Covenant) is vital to any arrangement which seeks to prevent war, it has been attacked on the ground that it would draw the United States into wars in various parts of the world and force us to send our boys to fight in quarrels which did not concern us.

We should remember, however, that the main purpose of Article X is to frighten nations tempted to wars of conquest from yielding to the temptation, by the certainty that they will be crushed if they begin such a war by a universal boycott and a union of forces of the world against them. If a big war breaks out again, the United States will be forced to take part in it whether we have a League of Nations or not. We tried hard enough to keep out of the war with Germany but found we couldn't.

A little war contrary to the League rules could be handled by the powers close at hand. Certainly it would not be necessary to send American troops to suppress an uprising in the Balkans when prompt action by the armies of Italy or some other nearby powerful nation could suppress the fracas before American troops could even get started.

Great Gain for Small Loss.

We had to make many sacrifices to win the last war and we made them willingly because we knew they were worth while. It will be the same in a smaller degree with a League of Nations. When men form a business partnership each one has to make concessions to the views and opinions of the other members of the firm. When we enter the League of Nations we may have to give up certain privileges, but the losses will be small compared with the profits.

The United States will not have to sacrifice her independence or right to make her own decisions.

The council, the chief governing body of the League, cannot take action without unanimous decision of its members and since the United States will have a representative in the Council our interest will be protected there. We hear it said that the League is formed for the benefit of Great Britain or Japan or some other one nation. This is not true. All the nations will gain by it, not only the great nations such as the United States, Great Britain, France, Japan and Italy, but the little nations which in the past have been oppressed by their big neighbors. The international court will give an opportunity for the settlement of old grievances which have long troubled the peoples of the world.

It has been said that the League will interfere with the Monroe Doctrine, but the League Covenant expressly protects this Doctrine. In fact, through the Covenant the Monroe Doctrine receives recognition throughout the world and its principles become forever established.

The Times carries more advertising than any other county seat weekly in the state. Its large circulation makes it a valuable medium.

SOCIETY and Club

Picnic.

The members of the Dorcas society of Our Saviors Lutheran church met last Sunday afternoon at Lover's Lane and enjoyed a marshmallow and weiner roast. There were about fifteen of the members present. All report the best of a time.

Picnic Supper.

Misses Barbara and Mamie Votava, Christine Giefer and Laura Brown, enjoyed a big picnic dinner last Sunday evening. Jean Hance conveyed the girls about five miles up river in his motor boat, and helped to enjoy their spread.

Celebrates 69th Birthday.

Mrs. C. C. Schuster entertained last Friday afternoon at her home, 622 St. Paul avenue south, in honor of her mother, Mrs. Sarah Bower, the event being her sixty-ninth birthday. The afternoon was spent in sewing. The guest of honor was presented with many pretty aprons. A dainty luncheon was served to the guests at five.

Nicholson-Ringsby.

On last Thursday evening, Sept. 4, occurred the marriage of Mary J. Nicholson to Olaf Ringsby, both of Grand Forks, N. D. The ceremony was performed by Rev. R. L. Barackman at the Presbyterian manse. The young people were accompanied by Mr. and Mrs. Ira Nicholson, who recently came to this city. Mr. and Mrs. Ringsby motored back to Grand Forks on Friday. The many friends of the contracting parties extend best wishes for a long and happy married life.

Reception For School Teachers.

The teachers of the public schools were entertained last Friday evening by the Methodist Epworth leaguers in the M. E. church parlors. The principal feature of the evening was the musical program, rendered by the young people of the city. A delicious lunch was served to about sixty guests.

Reception For Teachers.

The Community Girls will hold a regular meeting next Monday evening, Sept. 15, at 8 p. m., at the Commercial club rooms at which time the girls will act as hostesses at a reception for the teachers in the public schools of Thief River Falls. Miss Marie Nelson, president of the society, is desirous of having all the members present to welcome the new instructors in the city.

The Community girls are planning on a pleasant winter program and now that fall is here they want to start out in earnest and only with the full attendance and co-operation of all members at the meeting can this be accomplished.

Theatre Party.

Miss Maluina Rupprecht entertained a few of her friends last Saturday afternoon at a theatre party in honor of Wilma Boreen, who left Sunday evening for St. Paul to visit with relatives. After the show the young folks repaired to the Rupprecht residence where a delicious luncheon was served. The guests were: Misses Wilma Boreen, Myrtle Erickson, Madge LaBree and Henrietta Hilson.

To Entertain Aid.

The Ladies Aid of the Swedish Evangelical church will be entertained next Wednesday afternoon, Sept. 17, at the home of Mrs. Andrew Ecklund, 5312 St. Paul avenue south.

Simonson-Stearns.

The many friends of Miss Selma Simonson will be surprised to learn of her marriage on August 18th to Oscar J. Stearns. The young couple were united in marriage at Langdon, N. D., later making a short visit to the bride's parents in St. Hilaire. They will make their future home in Loma, N. D., where the young man is in business with his father.

Alley Closing Fixed.

The matter of closing the alley in block 17 came up before the council Tuesday evening and in a resolution made by Alderman Brumund, seconded by Benson, the alley was declared vacated and discontinued. Alderman Froseth represented the property-holders of the block and the council added an extra 5 feet to the alley making it 20 feet wide. The new route will run on the north side of lot 6 and by the added 5 feet, ample room will be had to make the turn. The right of the city to erect electric light poles and string wires and lay underground cables, was reserved in the resolution.

Hospital Notes.

Those who have entered the Physician's hospital to receive medical aid since last Thursday are: Mrs. Paul Stock, Mavie; Nels Nelson, Erie; Mrs. M. McCrum, city; Mrs. H. A. Mathees, St. Hilaire; Galen Halvorsen, Grygla; Lars Rosette, Germantown; Martin Kopp, city; Clarice Englebretsen, Holt; Mrs. Martin Stuey, Rhoda; Mrs. Wm. Sande, city; Miss Olga Nelson, Germantown; G. J. Skomedahl, city.

Voice Culture

Only a limited number of pupils will be taken. Those wishing lessons should apply at once.

Mrs. L. F. Fisher

LEGION HEARS FINE REPORTS BY DELEGATES

COMMITTEE APPOINTED TO LOOK UP RECORDS OF SLACKERS AND OBJECTORS.

TO GET OPERA COMPANY

ALL EX-SERVICE MEN IN COUNTY TO JOIN LEGION WHEN DRIVE BEGINS.

✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣

MEETING FRIDAY

The next meeting of the Legion will be held tomorrow evening, Friday, Sept. 12, 1919, at 7:30 p. m. at the Commercial club rooms at which time a number of unfinished matters will come up and definite plans will be made to stage the membership drive commencing Sept. 15.

✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣ ✣

Pennington County Post No. 117 of the American Legion held its third meeting at the Commercial club room Monday evening at which time the report of the local delegates to the state convention, Fred Scanlan and L. H. Lawrence, was received with great interest, and the action of the convention in the main was approved.

Both delegates highly commended the splendid manner in which the convention was conducted, the democratic spirit shown, the absence of any steam roller tactics and the entire exclusion of any reference as to the previous rank of delegates present.

The meeting Monday night was well attended and by the pep shown the American Legion will soon become a permanent and solid factor in the economic history of our country.

The most interesting and the best received item in the report was the resolution passed at the state convention wherein the state legislature was requested to pass adequate laws for the deportation of conscientious objectors who refused to wear the uniform and who refused to report for duty, slackers and aliens who secured exemption on that ground, and the local post went on record in favor of presenting those individuals with travel orders compelling them to seek that nation which they were so attached to that they could not do their duty as American citizens. The feeling is general and the state of Oregon has already passed such legislation. It is to be hoped that no state in the union will tolerate such individuals who cannot be called citizens.

A committee was appointed by the local post to investigate the records of such individuals and present the information to state headquarters and such slackers will be kept track of until proper legislation is passed for their deportation.

Membership Drive.

Hardy Bothun, chairman of the membership drive which is to take place between Sept. 15th and 20th, and which will terminate at a monster meeting of Pennington County Post No. 117, in the Auditorium, as part of the regular homecoming program, at 5 p. m. on Saturday, Sept. 20th, 1919, at which meeting every returned service man is requested to be present and attend the meeting whether he is a member of the legion or not, reported that everything was in readiness to commence the drive and that a meeting of the membership and publicity committee was desired and such a meeting was arranged.

Concert Company Secured.

The post decided to accept the proposition of the America First Concert company, who are featuring lectures by Fritz Osten-Sacken, formerly a lecturer under the Government Publicity bureau, who lectured in Minnesota for eighteen months during the war and who requires no introduction to Pennington county people as all who heard him when he lectured in Thief River Falls well remember him as the greatest patriotic platform lecturer presented during the war. Bemidji has booked him for the fifth time and Red Lake Falls were fortunate to secure him for Homecoming day.

The date of appearance has not been set but the 10th and 11th of November has been requested. However, the engagement will be filled in the latter part of November or the first week in December if the dates selected cannot be secured.

A committee of the Post has been named to put on the program which will consist of two evening and one afternoon performance, the musical end of the program being in charge of Miss Dorith, formerly, Prima Donna of the Metropolitan Grand Opera company of New York. Her associates are selected with the greatest care and the program will be so arranged that the lovers of classical music and those of popular music will find both on the program.

The dates and prices will be announced at such time as the matter is determined by the committee in charge.

The local Post now has 60 members and the state of Minnesota has a membership of 20,000, but that is no criterion of the real strength of the returned service man. All men should fall in line and make the Legion a real organization of the rank and file of the service men for the purpose of preserving the ideals for which they fought and to protect the rights and interests of all men who were in the service.

Negotiations are under way to secure a representative of the recruiting service to be present at American Legion headquarters for the purpose of distributing Victory buttons, issued to all honorably discharged service men upon presentation of their discharge papers. A definite announcement of this will be made immediately upon receipt of word from the recruiting office.

The following committees were appointed:

Standing Resolutions Committee—Fred Scanlan, chairman; H. O. Chommie, A. LaBudde, Arthur Williams, William A. Hall.

Committee on America First Lecture and Concert—L. H. Lawrence, chairman; John Brumund, Philip Bryant, George Werstlein, G. H. Smith.

This general committee will appoint sub-committees who will act with the general committee in making suitable arrangements for the occasion.

Railroad News Notes

Division Jottings.

A. P. Pfeffer resumed work as station agent at Alsen, N. D., Wednesday morning vice L. T. Mashart, who is on a short leave of absence.

G. W. Hawes, former resident of this city, now general agent for the Soo Line, passed Wednesday morning here while enroute to Kenmare, N. D., to attend to matters connected with his position.

C. W. Stewart is relieving Mauritz Brink at the Soo dispatcher's office, while the latter is on his honeymoon.

Dan Parenteau, car man, left Wednesday for Minneapolis on a business trip.

John Kraus has resumed work at the rip track after an absence of three months, having been laid up on account of ill health.

Walter Jonas, employed in the store department at the Soo yards, is laying off for a few days with a "kink" in his back due to overlifting.

M. Woolreff, master mechanic for the Soo with offices at Shoreham was a visitor at the railroad yards and round house here yesterday.

S. G. Hallberg, locomotive fireman, left Wednesday morning on a short visit with friends at Adams, N. D.

R. Knutson, car man, left for Viking Monday morning on a short visit with friends.

James Dibble has accepted a position at the round house as engine wiper, taking the place of Harold Haroldson, resigned.

Albert Morbin, hostler helper at the round house, is off from duty on account of sickness.

L. Ernst, traveling engineer, came up from Shoreham Wednesday morning to look after matters connected with his position.

James Turner, traveling engineer, with offices at Glenwood, was a visitor in Thief River Falls Wednesday and attended to matters in his official capacity.

STRIKE ACTION IN OFFICERS' HANDS

SHOPMEN AND CARMEN REJECT WILSON'S OFFER OF 4 CENT RAISE.

The railroad shop and carmen have voted overwhelmingly to reject President Wilson's proposal of a four cent raise, but have also voted to leave the matter of strike action in the hands of their national officers.

The vote announced last Friday by the railway department of the American Federation of Labor was taken in response to the letter sent out last week pointing out to the men that something definite should be known of the results of the fight on the high cost of living within 90 days and asking that matters be left with the national officers during that time.

The vote was 345,000 to 25,000 to reject the four cent increase, it was announced.

"There will be no immediate strike," said President M. E. Ryan of the shopmen's union. "We will give the government a reasonable time in which to show results in the attempt to lower living costs.

"The vote authorizing the national officers to use their discretion in the matter of whether the government is making progress in its effort to reduce prices."

The shop and car men want a reduction in prices above all things, for a raise in wages would relieve matters but little, for in a short time the same situation would be confronted and hardships would fall on others as well.

RETURN ROADS BUT RETAIN CONTROL

STRIKES AND LOCKOUTS WOULD BE PREVENTED UNDER NEW SYSTEM.

Private ownership and operation of the railroads in a number of regional systems under strict government control with strikes and lockouts of railroad employees prohibited is the plan for a permanent railroad regulation *submitted to the senate* on Tuesday by the interstate commerce sub-commission. The tentative bill embodying the sub-committee's recommendation was introduced by Chairman Cummins and referred to the full committee. The bill is the result of many months' hearings and is the work of the sub-committee which, besides Mr. Cummins, includes Senators Kellogg, Minnesota; Poindexter of Washington, republicans, and Pomerene of Ohio and Robinson, Arkansas, democrats.

Highlights of Bill.

The salient provisions of the Cummins bill include:

Termination of government control and the return of railways to private ownership on the last day of the month of enactment.

Establishing an interstate commerce commission with greatly increased powers as the supreme body over railroad affairs.

Supervision and control of virtually all railroad affairs including rates, wages, operation and financing by the government.

Creation of a new committee on wages and working conditions composed equally of representatives of employes and employers with wide authority for settling labor questions subject to the decision of the transportation board, and the interstate commission.

Prohibition of strikes and lockouts of railroad employes under fine and imprisonment penalties.

Defining a new policy of concentration in ownership and operation of railroads with federal incorporation into not less than 20 or more than 35 regional systems.

LENROOT SUBMITS NEW RAIL SCHEME

BILL PRESENTED BY SENATOR DIFFERS RADICALLY FROM PLUMB PLAN.

Unification of railroads of the country into one privately owned system with minimum earnings guaranteed, the management share by the security of holders, public and employees, and with provision for sharing excess profits between the public and employees is proposed in a bill introduced last Thursday by Senator Lenroot of Wisconsin. The plan differs radically from the Plumb plan.

The bill was drawn by the Citizens' National railroad league in collaboration with Senator Lenroot.

Under the proposed plan the railroads of the country would be placed under the private ownership and operation of one corporation, the management of which, however, would be under the supervision of the interstate commerce commission, but conducted directly by a board of eleven directors appointed by the president and confirmed by the senate, consisting of two employes, two representing the United States chamber of commerce, two farmers, three security holders and one each from the interstate commerce commission and the state railway commissions.

LOWER RAIL RATES LOOKED FOR SOON

After the return of the railroads to private operation, the rate question will be one of reduction rather than increase, Charles Elmquist, president of the National Association of Railway and Utility commissioners, told the House Interstate Commerce commission at its hearing on railroad reorganization last Saturday.

Mr. Elmquist said the question would not be one of increasing the rates, but of reducing them so far as to permit the greatest flow of traffic. He added that the carriers would be returned to private management under the highest level of rates ever known and that they would not be in any danger of bankruptcy without aid from the government.

Views of the state commissioners on the railroad problem were presented to the committee by Mr. Elmquist.

TRI-COUNTY FAIR

at GOODRIDGE, MINN.

Monday and Tuesday, Sept. 22 and 23

TWO BIG DAYS

Something Interesting Going on Every Minute

FINE FARM DISPLAY, LARGE STOCK EXHIBIT, GOOD BAND MUSIC, GAMES, SPORTS, RACES; FINE SPEAKING PROGRAM.

There will be two prominent speakers present. Hon. J. H. Hay, assistant commissioner of Agriculture of Minnesota, will deliver an address at 1 o'clock on Monday. Tuesday's speaker will be Hon. W. I. Nolan, speaker of the Minnesota House of Representatives. Do not miss hearing them.

Program for Monday—Stock judging in the forenoon. Big Calf Parade, open to all exhibitors. Base ball game at four o'clock, Goodridge vs. Grygla.

Tuesday—Address by Mr. Nolan. Base ball game—Goodridge vs. Red Lake Indians. Races, Sports, Games.

BAND MUSIC BOTH DAYS

Come out and visit this first fair given by the Tri-County Fair association composed of residents of Eastern Pennington, Western Beltrami and Southern Marshall counties. It will be worth the time and effort.

Welcome Home

BOYS, our hats are off to you. The best we have to offer is yours, without money and without price. All we ask is that you appear in Thief River Falls early on the morning of Saturday, September 20, 1919, and stay as long as you can.

The expense of your entertainment has been looked after by those who appreciate your services to your country. The intention is to make this a gala event in the history of Northwestern Minnesota. This cannot be done without your co-operation. Be there yourself and bring your folks and neighbors.

TAFT OUTLINES LEAGUE PLAN

Puts It Into Plain Language Free From Legal and Diplomatic Verbiage, In Response to Request.

MANY ARE CONFUSED BY PRESENT DEBATE

Danger That People Will Lose Sight of Basic Principles During Discussion of Complicated Details and Technicalities.

(By ex-President William H. Taft.)

> The plan for a League of Nations is based on a few simple principles, which are not hard to understand when lifted out of the morass of technical discussion and freed from legal and diplomatic language. As the one authority best able to present these points without partisan bias, ex-President Taft has been asked to put the league idea into a few plain words for the benefit of millions of Americans who desire a better understanding of the plan but find themselves confused by the debate in the United States Senate. In response to this request he has written the following article.

Purpose of the League.

The chief purpose of the League of Nations is to keep the world in a state of peace. Another way of expressing it is to say that the league is designed to prevent wars.

We have just finished the greatest, which is to say the most horrible, of all conflicts between nations. We have won a glorious victory. But that victory will be wasted unless this war has made the nations ready to put aside their differences and co-operate to end war forever.

It is not enough, however, to provide for the prevention of wars and the settlement of disputes after they have arisen. We must foresee causes of trouble and remove them before they have reached an acute stage. Hence there must be provision for frequent consultations of members of the league for exchange of information, for agreement on common policies and for the gradual formation of rules of international law which at present are uncertain and incomplete.

The representatives of the great free nations which won the war have met at Paris and, after long consultation, have drawn an agreement which they believe will accomplish these ends. At the very least it will set in motion great changes which will result in universal benefit to all mankind. This agreement is called the Covenant of the League of Nations and it is a part of the peace treaty.

There will be no league worth talking about, however, unless the United States is a member. The decision as to whether the United States shall join rests with our Senate. The Senators, chosen by the people, will in the end vote as the people desire. For this reason the people themselves will decide whether or not the United States will join the league. In this question every citizen should have a voice. He or she can express opinion either by writing direct to Senators, by letters to the newspapers, by speeches in his lodge or local union or in conversation with friends.

Methods of Maintaining Peace.

Since the prime object of the League of Nations is to preserve peace—and to reap the benefits of peace—let us see how the league will operate to accomplish that purpose.

In the first place it will seek to remove the main causes of war. By the formation of an international court it will create a means for the peaceful settlement of disputes between nations. Then it will seek to compel the nations to make use of this court. This is nothing more nor less than an application of the rules and customs governing private individuals in civilized communities to the relations between nations.

Secondly, the League will seek to remove a great temptation to war by the general agreement to reduce the size of armies and navies. This will halt the race for military and naval supremacy which was largely responsible for the war just ended. The amount of armament any nation may maintain will be strictly defined. Thus it will be impossible for one country to overwhelm its neighbor by unexpected attack, in the way that Germany crushed Belgium and would have crushed France had not the other democratic nations gone to her aid. The idea is that each country may keep an army and navy large enough to enable it to fulfil its responsibilities as a member of the League, but no larger. The United States, for example, probably would be expected to keep a check on Mexico and the state of constant turmoil in that country would be taken into consideration in deciding how large an army we should need.

The third important safeguard which the League will set up is a system of penalties. This will make an outlaw of any nation or group of nations which goes to war in violation of the rules of the League. The outlawed nation will be boycotted by all the other members of the League and will find itself cut off from both business and social communication with the rest of the world.

How It Will Prevent Wars.

It is not claimed that the League of Nations will do away with war altogether. Every possible provision that human intelligence can devise will be made to settle international disputes peaceably. But should all these measures fail and two nations go to war, this is what will happen:

If both parties to the dispute have observed the rules of the League, the other nations will stand back and let them fight it out. War under such circumstances is difficult to imagine, however, because before the angry nations will be allowed to fight in accordance with the rules of the League, so much time must elapse that in all probability their anger will cool and they will reach an amicable understanding.

What we have to fear is that some nation will go to war in defiance of the League, and every precaution has been taken to suppress such a nation by the immediate use of the united power of the other nations. If international boycott failed to bring her to terms she would have to face a combined international army and navy. The founders of the League believe that the mere possibility of such a situation will prevent any nation from violating its agreement. Does anyone think that Germany would have begun war five years ago if she had known that nearly all the other great powers would combine against her?

Doing the World's Work.

In addition to settling international disputes peaceably the League of Nations will provide means for doing much of the world's work more systematically and effectively than can be done now when each nation is working only for itself. The people you know best and like best are those who work with you on the same job. It will be the same way with the nations of the future. The more they work together, the sooner they will come to understand and like each other.

For example, the League will establish an international organization for the bettering of labor conditions in different countries, for the protection of women and children and the native inhabitants of civilized and semi-civilized countries. One of Germany's greatest crimes has been her barbarous treatment of the helpless people in some of her colonies. One of the chief tasks of the League will be to look after peoples that are not strong enough to protect themselves.

The League will appoint commissions to take charge of various international undertakings so that they may be carried on, not for the benefit of any one nation, but for the benefit of the whole world. Provision will be made for promotion of fair and equal trade conditions.

These are only a few of the benefits the world will derive from the League. As time goes on we shall find more and more tasks at which the nations can work in common and a greater number of opportunities to remove causes which stir up jealousies and animosities between races and peoples.

Objections Answered.

Of course we cannot hope to make the great changes such as the League of Nations will bring about without opposition. Fortunately the war has taught us the great advantages of international co-operation. It was only by good team work that the free liberty loving nations were able to whip Germany.

The treaty which the United States Senate is debating obligates the members of the proposed League to protect one another against attack from enemies, outside their own boundaries bent upon conquest. Although this agreement (Article X of the Covenant) is vital to any arrangement which seeks to prevent war, it has been attacked on the ground that it would draw the United States into wars in various parts of the world and force us to send our boys to fight in quarrels which did not concern us.

We should remember, however, that the main purpose of Article X is to frighten nations tempted to wars of conquest from yielding to the temptation, by the certainty that they will be crushed if they begin such a war by a universal boycott and a union of forces of the world against them. If a big war breaks out again, the United States will be forced to take part in it whether we have a League of Nations or not. We tried hard enough to keep out of the war with Germany but found we couldn't.

PRECEDING
PAGE

SOCIETY and Club

Picnic.

The members of the Dorcas society of Our Saviors Lutheran church met last Sunday afternoon at Lover's Lane and enjoyed a marshmallow and weiner roast. There were about fifteen of the members present. All report the best of a time.

Picnic Supper.

Misses Barbara and Mamie Votava, Christine Giefer and Laura Brown, enjoyed a big picnic dinner last Sunday evening. Jean Hance conveyed the girls about five miles up river in his motor boat, and helped to enjoy their spread.

Celebrates 69th Birthday.

Mrs. C. C. Schuster entertained last Friday afternoon at her home, 622 St. Paul avenue south, in honor of her mother, Mrs. Sarah Bower, the event being her sixty-ninth birthday. The afternoon was spent in sewing. The guest of honor was presented with many pretty aprons. A dainty luncheon was served to the guests at five.

Nicholson-Ringsby.

On last Thursday evening, Sept. 4, occurred the marriage of Mary J. Nicholson to Olaf Ringsby, both of Grand Forks, N. D. The ceremony was performed by Rev. R. L. Barackman at the Presbyterian manse. The young people were accompanied by Mr. and Mrs. Ira Nicholson, who recently came to this city. Mr. and Mrs. Ringsby motored back to Grand *Forks on Friday. The many friends* of the contracting parties extend best wishes for a long and happy married life.

Reception For School Teachers.

The teachers of the public schools were entertained last Friday evening by the Methodist Epworth leaguers in the M. E. church parlors. The principal feature of the evening was the musical program, rendered by the young people of the city. A delicious lunch was served to about sixty guests.

Reception For Teachers.

The Community Girls will hold a regular meeting next Monday evening, Sept. 15, at the Commercial club rooms at 8 p. m., at which time the girls will act as hostesses at a reception for the teachers in the public schools of Thief River Falls. Miss Marie Nelson, president of the society, is desirous of having all the members present to welcome the new instructors in the city.

The Community girls are planning on a pleasant winter program and now that fall is here they want to start out in earnest and only with the full attendance and co-operation of all members at the meeting can this be accomplished.

Theatre Party.

Miss Maluina Rupprecht entertained a few of her friends last Saturday afternoon at a theatre party in honor of Wilma Boreen, who left Sunday evening for St. Paul to visit with relatives. After the show the young folks repaired to the Rupprecht residence where a delicious luncheon was served. The guests were: Misses Wilma Boreen, Myrtle Erickson, Madge LaBree and Henrietta Hilson.

To Entertain Aid.

The Ladies Aid of the Swedish Evangelical church will be entertained next Wednesday afternoon, Sept. 17, at the home of Mrs. Andrew Ecklund, 5312 St. Paul avenue south.

Simonson-Stearns.

The many friends of Miss Selma Simonson will be surprised to learn of her marriage on August 18th to Oscar J. Stearns. The young couple were united in marriage at Langdon, N. D., later making a short visit to the bride's parents in St. Hilaire. They will make their future home in Loma, N. D., where the young man is in business with his father.

Alley Closing Fixed.

The matter of closing the alley in block 17 came up before the council Tuesday evening and in a resolution made by Alderman Brumund, seconded by Benson, the alley was declared vacated and discontinued. Alderman Froseth represented the property-holders of the block and the council added an extra 5 feet to the alley making it 20 feet wide. The new route will run on the north side of lot 6 and by the added 5 feet, ample room will be had to make the turn. The right of the city to erect electric light poles and string wires and lay underground cables, was reserved in the resolution.

Hospital Notes.

Those who have entered the Physician's hospital to receive medical aid since last Thursday are: Mrs. Paul Stock, Mavie; Nels Nelson, Erie; Mrs. M. McCrum, city; Mrs. H. A. Mathees, St. Hilaire; Galen Halvorsen, Grygla; Lars Rosette, Germantown; Martin Kopp, city; Clarice Englebretsen, Holt; Mrs. Martin Stucy, Rhoda; Mrs. Wm. Sande, city; Miss Olga Nelson, Germantown; G. J. Skomedahl, city.

Voice Culture

Only a limited number of pupils will be taken. Those wishing lessons should apply at once.

Mrs. L. F. Fisher

LEGION HEARS FINE REPORTS BY DELEGATES

COMMITTEE APPOINTED TO LOOK UP RECORDS OF SLACKERS AND OBJECTORS.

TO GET OPERA COMPANY

ALL EX-SERVICE MEN IN COUNTY TO JOIN LEGION WHEN DRIVE BEGINS.

> **MEETING FRIDAY**
> The next meeting of the Legion will be held tomorrow evening, Friday, Sept. 12, 1919, at 7:30 p. m., at the Commercial club rooms at which time a number of unfinished matters will come up and definite plans will be made to stage the membership drive commencing Sept. 15.

Pennington County Post No. 117 of the American Legion held its third meeting at the Commercial club rooms Monday evening at which time the report of the local delegates to the state convention, Fred Scanlan and L. H. Lawrence, was received with great interest, and the action of the convention in the main was approved.

Both delegates highly commended the splendid manner in which the convention was conducted, the democratic spirit shown, the absence of any steam roller tactics and the entire exclusion of any reference as to the previous rank of delegates present.

The meeting Monday night was well attended and by the pep shown the American Legion will soon become a permanent and solid factor in the economic history of our country.

The most interesting and the best received item in the report was the resolution passed at the state convention wherein the state legislature was requested to pass adequate laws for the deportation of conscientious objectors who refused to wear the uniform and who refused to report for duty, slackers and aliens who secured exemption on that ground, and the local post went on record in favor of presenting those individuals with travel orders compelling them to seek that nation which they were so attached to that they could not do their duty as American citizens. The feeling is general and the state of Oregon has already passed such legislation. It is to be hoped that no state in the union will tolerate such individuals who cannot be called citizens.

A committee was appointed by the local post to investigate the records of such individuals and present the information to state headquarters and such slackers will be kept track of until proper legislation is passed for their deportation.

Membership Drive.

Hardy Bothun, chairman of the membership drive which is to take place between Sept. 15th and 20th, and which will terminate at a monster meeting of Pennington County Post No. 117, in the Auditorium, as part of the regular homecoming program at 5 p. m., on Saturday, Sept. 20th, 1919, at which meeting every returned service man is requested to be present and attend the meeting whether he is a member of the legion or not, reported that everything was in readiness to commence the drive and that a meeting of the membership and publicity committee was desired and such a meeting was arranged.

Concert Company Secured.

The post decided to accept the proposition of the America First Concert company, who are featuring lectures by Fritz Osten-Sacken, formerly a lecturer under the Government Publicity bureau, who lectured in Minnesota for eighteen months during the war and who requires no introduction to Pennington county people as all who heard him when he lectured in Thief River Falls well remember him as the greatest patriotic platform lecturer presented during the war. Bemidji has booked him for the fifth time and Red Lake Falls were fortunate to secure him for Homecoming day.

The date of appearance has not been set but the 10th and 11th of November has been requested. However, the engagement will be filled in the latter part of November or the first week in December if the dates selected cannot be secured.

A committee of the Post has been named to put on the program which will consist of two evening and one afternoon performance, the musical end of the program being in charge of Miss Dorith, formerly, Prima-Donna of the Metropolitan Grand Opera company of New York. Her associates are selected with the greatest care and the program will be so arranged that the lovers of classical music and those of popular music will find both on the program. The dates and prices will be announced at such time as the matter is determined by the committee in charge.

The local Post now has 60 members and the state of Minnesota has a membership of 20,000, but that is no criterion of the real strength of the returned service men. All men should fall in line and make the Legion a real organization of the rank and file of the service men for the purpose of preserving the ideals for which they fought and to protect the rights and interests of all men who were in the service.

Negotiations are under way to secure a representative of the recruiting service to be present at American Legion headquarters for the purpose of distributing Victory buttons, issued to all honorably discharged service men upon presentation of their discharge papers. A definite announcement of this will be made immediately upon receipt of word from the recruiting office.

The following committees were appointed:

Standing Resolutions Committee—Fred Scanlan, chairman; H. O. Chommie, A. LaBudde, Arthur Williams, William A. Hall.

Committee on America First Lecture and Concert—L. H. Lawrence, chairman; John Brumund, Philip Bryant, George Werstlein, G. H. Smith.

This general committee will appoint sub-committees who will act with the general committee in making suitable arrangements for the occasion.

Railroad News Notes

Division Jottings.

A. P. Pfeffer resumed work as station agent at Alsen, N. D., Wednesday morning vice L. T. Mashart, who is on a short leave of absence.

G. W. Hawes, former resident of this city, now general agent for the Soo Line, passed Wednesday morning here while enroute to Kenmare, N. D., to attend to matters connected with his position.

C. W. Stewart is relieving Mauritz Brink at the Soo dispatcher's office, while the latter is on his honeymoon.

Dan Parenteau, car man, left Wednesday for Minneapolis on a business trip.

John Kasia has resumed work at the rip track after an absence of three months, having been laid up on account of ill health.

Walter Jonas, employed in the store department at the Soo yards, is laying off for a few days with a "kink" in his back due to overlifting.

M. Woodruff, master mechanic for the Soo with offices at Shoreham was a visitor at the railroad yards, and round house here yesterday.

S. G. Halberg, locomotive fireman, left Wednesday morning on a short visit with friends at Adams, N. D.

R. Knutson, car man, left for Viking Monday morning on a short visit with friends.

James Dibble has accepted a position at the round house as engine washer, taking the place of Harold Haroldson, resigned.

Albert Morbin, hostler helper at the round house, is off from duty on account of sickness.

L. Ernest, traveling engineer, came up from Shoreham Wednesday morning to look after matters connected with his position.

James Turner, traveling engineer, with offices at Glenwood, was a visitor in Thief River Falls Wednesday and attended to matters in his official capacity.

STRIKE ACTION IN OFFICERS' HANDS

SHOPMEN AND CARMEN REJECT WILSON'S OFFER OF 4 CENT RAISE.

The railroad shop and carmen have voted overwhelmingly to reject President Wilson's proposal of a four cent raise, but have also voted to leave the matter of strike action in the hands of their national officers.

The vote announced last Friday by the railway department of the American Federation of Labor was taken in response to the letter sent out last week pointing out to the men that something definite should be known of the results of the fight on the high cost of living within 90 days and asking that matters be left with the national officers during that time.

The vote was 345,000 to 25,000 to reject the four cent increase, it was announced.

"There will be no immediate strike," said President M. E. Ryan of the shopmen's union. "We will give the government a reasonable time in which to show results in the attempt to lower living costs.

"The vote authorizing the national officers to use their discretion in the matter of whether the government is making progress in its effort to reduce prices."

The shop and car men want a reduction in prices above all things, for a raise in wages would relieve matters but little, for in a short time the same situation would be confronted and hardships would fall on others as well.

RETURN ROADS BUT RETAIN CONTROL

STRIKES AND LOCKOUTS WOULD BE PREVENTED UNDER NEW SYSTEM.

Private ownership and operation of the railroads in a number of regional systems under strict government control with strikes and lockouts of railroad employees prohibited is the plan for a permanent railroad regulation *submitted to the senate on Tuesday* by the interstate commerce sub-commission. The tentative bill embodying the sub-committee's recommendation was introduced by Chairman Cummins and referred to the full committee. The bill is the result of many months' hearings and is the work of the sub-committee which, besides Mr. Cummins, includes Senators Kellogg, Minnesota; Poindexter of Washington, republicans, and Pomerene of Ohio and Robinson, Arkansas, democrats.

Highlights of Bill.

The salient provisions of the Cummins bill include:

Termination of government control and the return of railways to private ownership on the last day of the month of enactment.

Establishing an interstate commerce commission with greatly increased powers as the supreme body over railroad affairs.

Supervision and control of virtually all railroad affairs including rates, wages, operation and financing by the government.

Creation of a new committee on wages and working conditions composed equally of representatives of employes and employers with wide authority for settling labor questions subject to the decision of the transportation board and the interstate commission.

Prohibition of strikes and lockouts of railroad employes under fine and imprisonment penalties.

Defining a new policy of concentration in ownership and operation of railroads with federal incorporation into not less than 20 or more than 35 regional systems.

LENROOT SUBMITS NEW RAIL SCHEME

BILL PRESENTED BY SENATOR DIFFERS RADICALLY FROM PLUMB PLAN.

Unification of railroads of the country into one privately owned system with minimum earnings guaranteed, the management share by the security of holders, public and employees, and with provision for sharing excess profits between the public and employees is proposed in a bill introduced last Thursday by Senator Lenroot of Wisconsin. The plan differs radically from the Plumb plan.

The bill was drawn by the Citizens' National railroad league in collaboration with Senator Lenroot.

Under the proposed plan the railroads of the country would be placed under the private ownership and operation of one corporation, the management of which, however, would be under the supervision of the interstate commerce commission, but conducted directly by a board of eleven directors appointed by the president and confirmed by the senate, consisting of two employes, two representing the United States chamber of commerce, two farmers, three security holders and one each from the interstate commerce commission and the state railway commissions.

LOWER RAIL RATES LOOKED FOR SOON

After the return of the railroads to private operation, the rate question will be one of reduction rather than increase, Charles Elmquist, president of the National Association of Railway and Utility commissioners, told the House Interstate Commerce commission at its hearing on railroad reorganization last Saturday.

Mr. Elmquist said the question would not be one of increasing the rates, but of reducing them so far as to permit the greatest flow of traffic. He added that the carriers would be returned to private management under the highest level of rates ever known and that they would not be in any danger of bankruptcy without aid from the government.

Views of the state commissioners on the railroad problem were presented to the committee by Mr. Elmquist.

TRI-COUNTY
FAIR
at GOODRIDGE, MINN.
Monday and Tuesday, Sept. 22 and 23

TWO BIG DAYS
Something Interesting Going on Every Minute

FINE FARM DISPLAY, LARGE STOCK EXHIBIT, GOOD BAND, MUSIC, GAMES, SPORTS, RACES; FINE SPEAKING PROGRAM.

There will be two prominent speakers present. Hon. J. H. Hay, assistant commissioner of Agriculture of Minnesota, will deliver an address at 1 o'clock on Monday. Tuesday's speaker will be Hon. W. I. Nolan, speaker of the Minnesota House of Representatives. Do not miss hearing them.

Program for Monday—Stock judging in the forenoon. Big Calf Parade, open to all exhibitors. Base ball game at four o'clock, Goodridge vs. Grygla.

Tuesday—Address by Mr. Nolan. Base ball game—Goodridge vs. Red Lake Indians. Races, Sports, Games.

BAND MUSIC BOTH DAYS

Come out and visit this first fair given by the Tri-County Fair association composed of residents of Eastern Pennington, Western Beltrami and Southern Marshall counties. It will be worth the time and effort.

Welcome Home

BOYS, our hats are off to you. The best we have to offer is yours, without money and without price. All we ask is that you appear in Thief River Falls early on the morning of Saturday, September 20, 1919, and stay as long as you can.

The expense of your entertainment has been looked after by those who appreciate your services to your country. The intention is to make this a gala event in the history of Northwestern Minnesota. This cannot be done without your co-operation. Be there yourself and bring your folks and neighbors.

SOLDIER BONUS BILL FAVORED AT CONVENTION

DELEGATES AT LEGION CONVENTION INDORSE PLAN OF $15 AND $25 BONUS.

T. R. DISCUSSES LEGION

EQUAL SUFFRAGE, AND PHYSICAL PROGRAM IN SCHOOLS ARE FAVORED.

Resolutions in favor of equal suffrage and for a $15 a month bonus for single men and $25 for married men were passed at the state convention of the American Legion, which came to a close in the St. Paul Auditorium last Thursday.

The local post of the Legion was represented by Fred Scanlan and L. H. Lawrence. Controversy over the principle of universal military training, in which cries of "bolshevism" were hurled, precipitated a verbal clash between several of the delegates at the closing of the meeting.

Compulsory physical training of all public school pupils was indorsed and expulsion of any disloyal members from the Legion and a law against disloyal teachers were urged. Unanimous adoption of resolution after resolution of "pure American" character were adopted.

Turn Down Training.

A resolution coming from the committee asking for a system of military training that would do away with a large standing army caused brisk arguments and was defeated. The argument was settled when the meeting simply indorsed military training as a principle. Cries of "we don't want that" came from all corners—"that's what Germany and Austria had."

Bonus Favored.

The soldier bonus question was finally settled in accordance with the original resolution, calling for $15 per month bonus for all service men in the war who are single, and $25 for all those married or with dependants. A minimum of $50 was set. A motion to make the figure $25 for both single and married men was defeated. One resolution for paying $25 extra per month to disabled soldiers was voted down.

Loyal Teaching Urged.

A resolution was passed at the convention asking that a "truthful version" of the United States history be used in the schools. Usage of only the English language in the schools was indorsed strongly while the high schools and colleges were excepted.

Another resolution asked congress to pass laws preventing slackers and conscientious objectors from acquiring homesteads. Everyone jumped to their feet to move its adoption. Profiteers were branded as public enemies and asked passage of state and national laws suppressing them and punishing them. Deportation of alien slackers was demanded.

T. R. Speaks.

Col. Theodore Roosevelt delivered a fiery speech in telling about the aims of the American Legion. Some of the colonel's hot-shots follow:

"The American Legion demands the deportation of alien slackers. If you aren't willing to die for this county, by George, you can't live off it."

"The bolsheviki, the I. W. W., red flag socialists and kindred anarchists are simple to me. They are criminals and we should treat them as such.

"We must get to a place in this country where every citizen, by his own efforts, not by gift, has an investment, a vested interest in the United States. Then our [illegible] Americanism cannot be shaken by anything.

"Now I want to tell you how the Legion grew up. No one is responsible for the creation of the Legion. It came spontaneously out of the ideas of the average service man. There are a few principles upon which it was founded.

"The Legion must be nonpartisan, concerning itself with policies not politics.

"It must be for all service men, with no distinction for men who served in Europe and those who served in the U. S.

"It is a strictly democratic, civilian organization, with absolute equality between the gob and the admiral, the private and the general.

"Before the convention assembles in November, every post should discuss the questions coming up to them, and have its delegates thoroughly instructed on every stand they take. Every post should settle its own attitude on soldier legislation, on a military policy for the U. S., on the technical details of the organization, such as ceremonial parades at funerals of its members, details of the constitution, and on things of concern to the whole nation."

Here's Your Checks.

A number of letters containing premium checks, all addressed to Thief River Falls, have been returned to G. Howard Smith, secretary of the fair association. They are as follows: Mrs. E. Stephens, Miss Pearl Warring, Mrs. Carl Halvorson, Miss Myrtle Hoidahl, Mrs. Sander Johnson, Miss Olida Johnsrud, Mrs. A. Anfinson, Mrs. Jos. Smith, Miss Natali Olson, Miss Bertha Odegaard, Miss Bernice Berg.

Owners are requested to please present stubs to G. Howard Smith, secretary, at once and all who have been left off the list or where errors have been made, notifiy the secretary at once as the annual report must be gotten out soon.

The last legislature has changed the annual meeting and must be held before the third Tuesday in November and the local officers want to hold the meeting just as soon as possible to permit the new officials to begin making their plans for next year's exposition.

GET STENOS BY PHONE

When the manager of the Clay County Farmers Bureau at Moorhead, Minn., wanted a capable stenographer he simply phoned the Dakota Business College at Fargo. Miss Marion McKellar got the position.

Attorney Howard J. Hess, of Moorhead, also phoned the same college for a stenographer recently. Miss Ruth Bramer was sent posthaste, and had no difficulty in evidencing her capability.

Full Business Courses are now starting. For particulars, address F. L. Watkins, 806 Front Street, Fargo, N. D.—adv.

DEPENDS ON ADVERTISING.

There is no hard and fast rule for determining the size of a town's trading territory. It all depends on the enterprise of a town's merchants. Some towns will draw trade several times farther than others. Some merchants will draw trade farther than others. It depends upon the advertising, upon the goods, and the general treatment that is given, in other words, upon how intensively a town or an individual goes after business.—Glenwood Herald.

The trade territory of a city is dependent upon but one thing—the advertising of the merchants. The more a merchant tells the people of his goods the more people will become patrons of his store. In the present age of automobiles and good roads there is no limit to the territory that can be covered by progressive advertising merchants.—Bemidji Sentinel.

Explosion at Garage.

Ignition of escaping fumes from a storage battery resulted in an explosion at the Sundahl garage last Saturday and Carl, son of Mr. and Mrs. K. A. Snudahl, was badly burned about the *face and hands.*

The young man was working with the battery at the time and was standing in such a position that the flying acid covered his face and hands. Luckily he was wearing his glasses, thus preventing the fluid from reaching his eyes.

The acid caused several ugly looking scars on the young man's face but it is not thought they will be permanent.

The Theatres

One of the most charming as well as powerful of the stage successes of the past few years is "The Passing of the Third Floor Back." It has now been picturized with Sir Johnston Forbes Robertson in the lead and is one of the sensations of the year. It will be shown at the Lyceum tonight. There will be a solo by Miss Grace Loken.

Smiling Brynnt Washburn in "Putting it Over" will be Friday night's attraction. It is high class in every respect and one of the best this great star has produced.

"Her Code of Honor" presents a study in heredity and Florence Reed is seen at her best in its presentation. It comes to the Lyceum on Saturday.

Sunday there will be a special feature presented. Charming Elsie Ferguson will be seen in "A Social Outcast," said to be one of the finest things she has ever done.

A real thriller has been booked for this theatre on Monday night. It is one of the best Rex Beach stories, "Heart of the Southwest." The play is laid in the Southwest and is full of the stirring sceenes in which this author delights.

A really remarkable picture will be shown on Tuesday evening. "Cannibals of the South Seas" is the title and in taking the photos Mr. and Mrs. Martin Johnson nearly lost their lives. The beholder is brought face to face, one might say, with the fiercest people in the world. There will be a matinee.

Enid Bennet in "The Virtuous Thief" is the offering for Wednesday. This is a smashing, stirring, whirlwind play in which Miss Bennet and Niles Welch are shown at their best.

The New Princess.

May Allison, always a strong favorite here, will open the week at the Princess this evening in "The Uplifters." It is a good, snappy story of the adventures of a society girl in Bohemia.

Friday night "The Secret Shadows," with Mae Murray in the lead will be seen at the Princess. This is a play in which an absolutely innocent girl of the best intentions is made to pay for the mistakes of another. It is a great play and should not be missed by anyone. There is also a Lee-Moran comedy for this evening.

William S. Hart in "Wolf Lowry" is the offering for Saturday at the Princess. Bill is the king of the wild desert country and fills the hearts of his enemies with fear.

Sunday evening's special at the Princess is the Dolly Sisters in "The Million Dollar Dollies." These wonderful performers are new to theatre goers in this section but are called by many The Idols of Two Continents. The comedy is a Triangle Keystone.

Something out of the ordinary will be offered on Tuesday evening when "The Unpardonable Sin" is presented. This play has created a sensation in nearly every big city in the country and is one of the big productions of the year.

Licenses Issued.

Marriage licenses have been issued to the following parties during the past week: Henry W. Keuedl of Grand Forks and Miss Tillie Bergdahl, of Plummer; Olaf Ringsby and Miss Hary Jane Nicholson of Grand Forks; Mauritz W. Brink and Miss Helen Barackman, city; Palmer Eftelund and Miss Ragna Svensrud, St. Hilaire.

OPPORTUNITIES

Banks, wholesale houses and *business* concerns of all kinds want young men and women with a business education. To qualify for a good position takes but a short time and cost but little. Write the Union Commercial College, Grand Forks, N. Dak., for their free catalog and find out what this successful school can do for you.

LEAGUE FULFILS AMERICAN IDEAL

Herbert Hoover Says Democracies Replaced Autocracies at Our Bidding.

FOOD ADMINISTRATION CHIEF.

Urges Ratification on Ground That Peace Treaty Will Collapse Without League of Nations.

Herbert Hoover is so deeply concerned over the opposition to the League of Nations in the United States that he has let himself be interviewed at length on the League situation. In a talk with the New York Times correspondent in Paris, the Food Administration Chief asserts that having caused the League idea to prevail America cannot abandon it. We cannot withdraw, he says, and leave Europe to chaos. "To abandon the League Covenant now means that the treaty itself will collapse."

Mr. Hoover's wide acquaintance with conditions both here and abroad, his reputation as an administrator, a man of great affairs who deals with facts, not theories, make his statement one of the most important contributions to the recent League discussions.

"There are one or two points in connection with the present treaty," said Mr. Hoover, "that need careful consideration by the American public. We need to digest the fact that we have for a century and a half been advocating democracy not only as a remedy for the internal ills of all society, but also as the only real safeguard against war. We have believed and proclaimed, in season and out, that a world in which there was a free expression and enforcement of the will of the majority was the real basis of government, was essential for the advancement of civilization, and that we have proved its enormous human benefits in our country.

American Ideas Have Prevailed.

"We went into the war to destroy autocracy as a menace to our own and all other democracies. If we had not come into the war every inch of European soil today would be under autocratic government. We have imposed our will on the world. Out of this victory has come the destruction of the four great autocracies in Germany, Russia, Turkey and Austria and the little autocracy in Greece. New democracies have sprung into being in Poland, Finland, Letvia, Lithuania, Esthonia, Czechoslovakia, Greater Serbia, Greece, Siberia, and even Germany and Austria have established democratic governments. Beyond these a host of small republics, such as Armenia, Georgia, Azerbaijan and others, have sprung up, and again as a result of this great world movement the constitutions of Spain, Rumania, and even England, have made a final ascent to complete franchise and democracy, although they still maintain a symbol of royalty.

"We have been the living spring for this last century and half from which these ideas have sprung, and we have triumphed. The world today, except for a comparatively few reactionary and communistic autocracies, is democratic, and we did it.

"A man who takes a wife and blesses the world with several infants cannot go away and leave them on the claim that there was no legal marriage.

"These infant democracies all have political, social and economic problems involving their neighbors that are fraught with the most intense friction. There are no natural boundaries in Europe. Races are not compact; they blend at every border. They need railway communication and sea outlets through their neighbors' territory.

"Many of these states must for the next few years struggle almost for bare bones to maintain their very existence. Every one of them is going to do its best; to protect its own interests, even to the prejudice of its neighbors.

Governments Lack Experience.

"We in America should realize that democracy, as a stable form of government as we know it, is possible only with highly educated populations and a large force of men who are capable of government. Few of the men who compose these governments have had any actual experience at governing and their populations are woefully illiterate.

"They will require a generation of actual national life in peace to develop free education and skill in government.

"Unless these countries have a guiding hand and referee in their quarrels, a court of appeals for their wrongs, this Europe will go back to chaos. If there is such an institution, representing the public opinion of the world, and able to exert its authority, they will grow into stability. We cannot turn back now.

"There is another point which also needs emphasis. World treaties hitherto have always been based on the theory of a balance of power. Stronger races have been set up to dominate the weaker, partly with a view to maintaining stability and to a greater degree with a view to maintaining occupations and positions for the reactionaries of the world.

"The balance of power is born of armies and navies, aristocracies, autocracies, and reactionaries generally, who can find employment and domination in these institutions, and treaties founded on this basis have established stability after each great war for a shorter or longer time, but never more than a generation.

"America came forward with a new idea, and we insisted upon its injection into this peace conference. We claimed that it was possible to set up such a piece of machinery with such authority that the balance of power could be abandoned as a relic of the middle ages. We compelled an entire construction of this treaty and every word and line in it to bend to this idea.

"Outside of the League of Nations the treaty itself has many deficiencies. It represents compromises between many men and between many selfish interests, and these very compromises and deficiencies are multiplied by the many new nations that have entered upon its signature, and the very safety of the treaty itself lies in a court of appeal for the remedy of wrongs in the treaty.

Benefits of the League.

"One thing is certain. There is no body of human beings so wise that a treaty could be made that would not develop injustice and prove to have been wrong in some particulars. As the covenant stands today there is a place at which redress can be found and through which the good-will of the world can be enforced. The very machinery by which the treaty is to be executed, and scores of points yet to be solved, which have been referred to the League of Nations as a method of securing more mature judgment in a less heated atmosphere, justifies the creation of the League.

"To abandon the covenant now means that the treaty itself will collapse.

"It would take the exposure of but a few documents at my hand to prove that I had been the most reluctant of Americans to become involved in this situation in Europe." But having gone in with our eyes open and with a determination to free ourselves and the rest of the world from the dangers that surrounded us, we cannot now pull back from the job. It is no use to hold a great revival and then go away leaving a church for continued services half done.

"We have succeeded in a most extraordinary degree in imposing upon Europe the complete conviction that we are absolutely disinterested. The consequence is that there is scarcely a man, woman or child who can read in Europe that does not look to the United States as the ultimate source from which they must receive assurances and guardianship in the liberties which they have now secured after so many generations of struggle.

"This is not a problem of protecting the big nations, for the few that remain can well look after themselves. What we have done is to set up a score of little democracies, and if the American people could visualize their handiwork they would insist with the same determination that they did in 1917 that our government proceed."

WOMEN DEMAND WARS SHALL END

Peace League Means More to Them Than It Can Mean to Men.

DR. SHAW'S STIRRING PLEA.

(By the Late Dr. Anna Howard Shaw.)

Seven million one hundred thousand men who had laid down their lives in the great war. Think of it! Seven million, one hundred thousand young men had died on the field of battle!

What does that mean to the women of the world? It means that seven million one hundred thousand women walked day by day with their faces toward an open grave that they might give life to a son. It means that seven million one hundred thousand little children lay in the arms of a mother whose love had made them face even the terrors of death that they might become the mothers of men.

It means that year after year these women had put up their lives into the lives of their sons until they had reared them to be men. For what? In the hope that these sons of theirs could give to the world the things for which women dream, the things for which women hope and pray and long. These were the things that the women had in their hearts when they gave birth to their sons.

But who can estimate the value of seven million one hundred thousand dead sons of the women of the world? Who can estimate the price which the women have paid for this war; what it has cost them, not only in the death of their sons, because that is a phase of our war to which we look.

The Courage of Women.

We hear our orators tell us of the courage of our men. How they went across the sea. Very few of them remember to tell us of the courage of our women, who also went across the sea; of the women who died nursing the sick and wounded; the women who died in the hospitals, where the terrible bombs came and drove them almost to madness. They tell us nothing of the forty thousand English women who went to work back of the trenches in France.

They tell us nothing of the thousands upon thousands upon thousands of women who not only toiled and worked and slaved in order that the war might be successful, but we do not hear of the thousands of women, not alone in Armenia, not alone in Montenegro, not alone in Serbia, but in Flanders, in Belgium, in Rumania, in Russia—the thousands of women who lie in graves today, murdered, so horribly murdered that men dare not speak of it.

And yet we women are asked what we know about the League of Nations; asked what we can understand about a League of Nations. Oh men! *the horrible deaths*; the horrible lives of thousands upon thousands of women today in all these nations, who must live, and who must look in the faces of children unwelcomed, undesired—of little children—and know that these are the result of war.

And then ask women why they should be interested in a league of peace?

Women Suffer Most From War.

If there is any body of citizens in the world who ought to be interested in a league to ultimately bring to the world peace it is the mothers of men, and the women who suffered as only women can suffer in the war and in devastated countries.

And we call upon them, we women of the world call upon the men who have been fighting all these battles of the years, the men who have led armies, and led armies close to their deaths.

We are now calling upon the men of the world to in some way or another find a passage out of the sea of death. We are asking them to form a league which will bring hope to the women of the future. If women are to bear sons only that they may die, if women may not have hope and aspirations for their children, if women may not dream the dreams that have in them the hope of the highest civilizations, the highest moral and spiritual life of the people—if women may not have these in their hearts as the mothers of men, then women will cease to desire to be the mothers of men. And why should they not? Why should they not?

Cloth Towels Banned.

As a safeguard to the health of the students in the Thief River Falls public schools, the school board has issued an edict that the roller cloth towels used in the washrooms must go, and hereafter only the tissue paper towels will be used. The state board of health requires that paper towels be used to aid in the prevention of disease. During the war, owing to the paper shortage, there was a laxity in the enforcement of the order and in some cases cloth towels were used in public places. The paper towels have been used to some extent in the schools here but not exclusively.

COAL and WOOD

Order now or take a chance of being left in the cold when winter sets in. There is a shortage of coal at present and this will become more acute later on.

We are now taking orders for coal. Where buyers will take the fuel direct from the car themselves the cost will be considerably less. Where this cannot be done we will deliver.

Do not delay. Every agency, from the government down, is warning of a fuel famine this coming winter.

We also handle wood and can deliver on short notice.

FIRST PRIZE TO MRS. MORIN IN TIMES' CONTEST

GIVES TIMES THE LARGEST LIST OF ANY WEEKLY IN THIS SECTION.

THOUSAND NAMES ADDED

WHIRLWIND FINISH OF GREAT CAMPAIGN—CONTESTANTS WELL SATISFIED

The Thief River Falls Times' Big Auto club, which has held the interest of the people of this city and section for the past three months, closed up its affairs at 4 o'clock last Saturday in a burst of enthusiasm.

The count of the judges, L. A. Lampert, cashier of the Farmers and Merchants bank; R. M. Sheldon, cashier of the First and Peoples State bank, and A. J. Anderson, assistant cashier of the Citizens State bank, was awaited with a great deal of interest by the large number of people who had been watching the standing of the club members during the last few days of the contest.

The Prize Winners.

The judges finished their work in record time, considering the large number of subscriptions and points turned in by the club members during the last three days of the campaign. Every point was counted, added on a machine and carefully rechecked so that an error was practically impossible.

It was found that the standing of the members at the close was as follows, together with the prizes won by the six contestants who stayed in the game to the end:

First prize, Scripps-Booth Roadster—Mrs. Rosaire Morin, Goodridge.

Second prize, Ford Touring Car—F. E. McKnight, Thief River Falls.

Third prize, Aeolian-Vocalion Phonograph—G. J. Hagen, Plummer.

Fourth prize, National Kitchen Cabinet—Martine Cloutier, Thief River Falls.

Fifth prize, Icy-Hot Luncheon Set—Miss Neva Sumpter, Hazel.

Sixth prize, Chest of Community Ware—Miss Cora Moeller, St. Hilaire.

Was Splendid Campaign.

The campaign was by all odds the greatest ever put on in this section of the state. The prizes were far more generous and the returns were of even greater proportion. There was developed the best-working lot of club members the campaign manager ever came in contact with. While they certainly did work, they got results, and when they were a bit idle, the points seemed to come to them by the thousands unsolicited. At times the workers were a little handicapped by bad weather, but they worked preseveringly and the reports they turned in were most pleasing to the management.

A little over 1,000 new subscriptions were turned in, making The Times list total just about 5,000 and giving this paper by far the largest circle of readers of any publication in this section of the state.

Reviewing the Result.

The Times Subscription Campaign is over and it is no boast to say that it was a splendid success from every point of view. In spite of occasional bad weather the campaign forged ahead to a splendid finish with the best of good feeling prevailing between all workers and The Times. Not one club member has been heard to express dissatisfaction with the manner in which the campaign was conducted, nor charge either The Times or club manager with unfairness or partiality.

The Object Achieved.

When the magnitude of the campaign is considered and the splendid results that have been achieved are taken into account, this paper is indeed satisfied. We stand with but one object in view—to build up quickly the largest circulation of any country weekly in this section of the state, and in this we believe we have succeeded. Very few weekly publications, if any, have a list which so completely covers its territory.

Our object was to make the Times so valuable as an advertising medium to business men that they would find space in it highly profitable. To have secured these additional subscribers by regularly hired solicitors would have cost fully as much, possibly more, and would have taken months instead of weeks to complete. It is not only a record in circulation-building, but easily puts The Times in the lead in this territory of all publications. All other papers combined cannot show a circulation in this field equal to that now enjoyed by The Times.

Bigger and Better.

It is the intention to make The Times an even better newspaper than it is at present. It is now the largest as well as the best published in this territory, but the aim is not yet reached. There are features still to be added which will place The Times [illegible] more preeminently at the front. [illegible] every assurance that any ef[illegible]ward this end will be appreci[illegible] by the advertisers as well as the [illegible]ders and there will be no effort spared to come up to their expectations.

The Times is at the present time perhaps the most liberally patronized weekly newspaper in northern Minnesota. This patronage has been secured for the reason that Times advertisements bring results. This is proven by the large amount of business of a national character carried at all times as well as by the attitude of the local merchants toward the paper. It shall be the constant aim of the publishers to merit this confidence in the efficacy of the paper to draw trade by constant improvement and painstaking service.

Thanks Due All.

The Times wishes to express its thanks for the splendid work done by the club members. The only regret is that there was not an automobile to be given to each one of them.

Neal A. Crawford, the club manager, is entitled to a great deal of credit for the manner in which he handled the enterprise. He has had much experience in matters of this kind and managed thruout to keep the best of feeling prevailing among the members. The Times management is positive that all who were in any way connected with the campaign are satisfied of his entire honesty and thankful to him for the helpful hints extended continually during the campaign.

Hauzey at Fergus Falls.

After an examination held in Warren the latter part of last week, August Hauzey, former farm hand at the Pat Gavin place, was committed to the state asylum for insane at Fergus Falls. Hauzey has a farm on the other side of the Pennington county line and has made his home there for some time. On July 26 he disappeared and as he had made several threats to end it all. Suicide was feared but he later showed up on his brother's claim in the Big River country, Beltrami county, after having traveled over 100 miles of country.

Yeggs Break Into Bank At Saint Hilaire

St. Hilaire, Thursday, Sept. 18—(Special to The Times)—Yeggmen attempted to crack the vault at the Merchants State bank about 2 o'clock this morning.

The bandits jimmied a hole thru the first brick section of the vault large enough for a man to crawl through, and it seems that at this point they were frightened away as it began to rain and many of the people residing near the bank arose to close their windows.

A dog in the neighborhood also did his share in awakening" people, for he kept howling during the time the yeggs were working.

Come Through Rear.

The safe crackers entered through one of the rear windows after taking the screen off, and their position behind the vault was practically concealed as the vault is of the old-time affairs. As the bank faces west, it was an easy matter for the yeggs to keep out of sight.

Use Crow Bar.

A large crow bar was used to batter in the side and the robbers were just about to strike the first steel lining of the vault when they left hurriedly. All wire connections out of St. Hilaire had been cut and up to a late hour this afternoon it was impossible to reach the village by wire.

About 2 o'clock this morning Mr. Gorgen arose to close a window on account of the rain and at this moment he saw two Ford cars start from the vicinity of the bank, taking the road leading towards Thief River Falls.

Suspicion Pencil Seller.

Bank officials at St. Hilaire recall the fact that three or four days ago a crippled peddler selling pencils visited the town and during his stay sized things up in general. The bank officers have just been notified by the North Dakota Bankers association to be on the lookout for characters of this kind and believe the pencil vendors are acting as agents for a gang of robbers. A series of robberies have recently occurred in North Dakota towns.

Sheriff LaBree was called to St. Hilaire this morning to look the situation over. He has notified all the banks of the county.

CHANGES IN SEWERS WILL COST $10,000

BIDS TO BE OPENED AT SPECIAL MEETING OF COUNCIL SEPTEMBER 30.

According to an estimate submitted to the city council by a sewer engineer at its meeting Tuesday, it will cost approximately $10,000 for the proposed sewer and water connections and the laying of the storm water sewer in the business section.

All this work is expected to be done during October and November and will require the services of a large crew of men. The work must be completed this fall so as to give the ground a chance to settle during the winter months while the work of paving will be begun in the spring.

The meeting of Tuesday was called to open bids for the water and sewer connections but as there were no bids received the city clerk was instructed to re-advertise in The Times and the Improvement Bulletin. These bids will be opened September 30 at a special meeting.

LIVE STOCK SALE ON OCTOBER 22-23

CATTLE TO BE SOLD MUST BE TUBERCULIN TESTED—NOTIFY FARM BUREAU.

Arrangements were made at a meeting of the Pennington County Livestock Breeder's association last Friday to hold a livestock sale at the fair grounds on October 22 and 23.

The stipulation has been made, however, that all cattle sold at this sale must be tuberculin tested. The work of testing cattle for tuberculosis is now going on free of charge by seven government veterinarians, who are in the county.

Anyone having cattle, hogs or sheep for sale should inform the Farm Bureau director at their most early convenience, so that the advertising of the animals may be started at an early date. The names of the animals should be accompanied by a brief history of the breeding and production record, if possible.

PETITIONS FOR FORMING DRAIN DISTRICT HEARD

JUDGES SET NOVEMBER 7 AS DATE FOR HEARING OF PETITIONERS.

THIS CITY HEADQUARTERS

SIX COUNTIES INTERESTED IN MOST IMPORTANT PROJECT IN YEARS.

Thief River Falls will be the headquarters point for the Red Lake Drainage and Flood Control district, which is the title of the newly formed drainage unit the operations of which extend along the valley of the Red Lake river. The petitions from six counties affected, namely Beltrami, Clearwater, Marshall, *Pennington*, Polk and Red Lake, have been filed with Clerk Adolf Eklund of the Pennington district court and the law provides that al hearings and business to be transacted in connection with the formation of the drainage district must be at the point where the original petitions are filed.

Judges Set Date.

The proposed drainage unit lies within two judicial districts and it was necessary for one judge representing each to sign the order for hearing. The matter was given into the hands of Attorney W. J. Brown of Thief River Falls, by the committee appointed by Chairman G. C. Selvig of Crookston, to solicit signers for the petition in this county. Mr. Brown presented the matter to Judge Grindeland of the Fourteenth district at Warren last Saturday and the date of hearing was set for Nov. 7, at the courthouse in Thief River Falls. On Monday Mr. Brown went to Bemidji and presented the petitions from Beltrami county to Judge C. W. Stanton of the Fifteenth district, who without hesitation agreed both as to the time and place.

Good Work by Citizens.

The subject was first brought up at a meeting in this city on July 22, when delegates representing the different counties affected by flood waters in the Red Lake river valley met for the purpose of discussing ways and means for overcoming this one great obstacle to their property. It was at that time decided that the formation of a drainage district under the Cliff law of 1917 would meet the requirements and the movement was at once set on foot.

Committees were appointed in all counties to secure signers to the petitions and these lost no time in getting to work. In Pennington county this committee was made up of Daniel Ehaw, A. J. Anderson and Hans O. Chommie. Assistance of the most valuable nature was given by O. J. Peterson, chairman of the board of county commissioners, who has devoted much time to explaining the purpose of the organization to residents in different parts of the county and in securing their signatures to the petitions.

Stop Haphazard Work.

The including of the valley of the Red Lake river as well as the drainage basin of the Red Lakes in this one district will be the first step toward a more definite program of flood control for the entire section. What may be termed as the basis for all work done in this direction is the improving of the Red Lake river to such an extent that the stream will at all times take care of the waters drained into it. As part of this comprehensive plan is included the construction of control works at the outlet to the stream at Red Lake, it being the intention to work in cooperation with the Federal government and state. A bill calling for the improvement of the river and the construction of such control works will shortly be introduced in congress by Representative Steenerson and has the backing of the War and Interior departments. All work undertaken will be with a definite plan in view, this being the enlarging of the present discharge arteries and the construction of such additional ditches as will insure the rapid drainage of the section under practically any circumstances.

NEW BUILDING FOR STANTON BROTHERS

TWO-STORY BRICK STRUCTURE WILL BE BEGUN EARLY NEXT SPRING.

Edwin and Hal Stanton, proprietors of the Thief River Restaurant announce that they will begin the construction of a modern brick building as soon as weather conditions permit next spring. Two sites are under consideration at this time and one will be chosen within the next few days.

The new building will be 50x120 feet, two stories high and modern in every particular. The first floor will be devoted to cafe and restaurant purposes and will also contain the kitchen and bakery. It is the intention of the Stantons to do all their own baking and provide as far as possible for their customers right in the building.

The second story will be fitted up as rooming quarters, every detail being of the best.

The Thief River Cafe has enjoyed a splendid patronage since the Stantons took charge about a year ago and the business has grown to such an extent that larger quarters are absolutely necessary. It is impossible to rent a suitable building in the city at the present time and new ones will have to be provided. Until such time as this is ready for occupancy the business will be continued at the present location.

RETAIL EXPERT WILL SPEAK AT BANQUET HERE

CURTIS JOHNSON TO ADDRESS ANNUAL MEETING OF MERCHANTS AND CLERKS.

BANQUET AT CLUB ROOMS

RELATIONS OF EMPLOYER AND EMPLOYE THEME OF BRILLIANT DISCOURSE.

The evening of September 23rd, 1919, will usher in the fall and winter activities of the Merchants association of Thief River Falls and a banquet to be served by Julian Provencher will take place in the Commercial club rooms at 6:30 o'clock. As the clerks are to be the guests of their *employers it is estimated* that covers will be laid for 150 people.

The feature number of the program will be an address by Curtis Johnson of Rush City, who is known throughout the Northwest as the premier after-dinner speaker of the business world.

Is Noted Speaker.

Mr. Johnson is a hardware and implement dealer and was formerly president of the National Federation of Retail Implement Dealers' associations, and is now one of the managers of the Minnesota State fair. He was also superintendent of the automobile and machinery exhibits at the 1919 fair and all those who have heard him declare that he is a "Wizard of Words."

Mr. Johnson spoke for three hours at the organization meeting of the Victory Loan chairmen in Minneapolis and was kept on his feet by those present long after his original address was completed. All present declared that he had changed their task from one that seemed impossible to one that looked easy. One hard headed business man remarked: "To hear Curtis Johnson speak on any subject is worth $50.00 to any business

CURTIS JOHNSON

man and the value of his talk is one that you can cash in on for many months after you hear him. He puts pep in your business."

Fine Banquet Promised.

The subject for the evening will be "The Road to Happiness", and the address will include a discussion on co-operation between business men themselves and the relationship between the employer and the employee.

Mr. Provencher has arranged for two pigs which will be roasted whole and a treat can be expected in the way of eats.

Full Attendance Requested.

The following committee is in charge of the arrangements: H. O. Loken, chairman; A. S. Sapero, E. K. Aasen and Anton Langseth. They have in hand a program consisting of musical numbers and a round table discussion that will be of more than passing interest.

Committeemen will call on the members and dispose of banquet tickets as it is necessary to know definitely the number that will be present.

Following the banquet a regular meeting of the members will be held at which plans for the fall and winter activities will be discussed. It is important that all members plan their affairs so that nothing will interfere with their attendance at this meeting.

Moves to New Quarters.

J. H. Hermanson expects to have his hardware stock in place at the new location in the Williams building, corner of Main and Third, by the end of the week. A part of the fixtures have not yet arrived and Mr. Hermanson states that he hardly expects to be able to announce his formal opening before the first of the month.

The new location will make an ideal hardware store. The place has been repainted and refitted thruout and presents a most business-like appearance.

Taken to Asylum.

Mrs. Ingaborg Holland, residing on a farm east of Thief River Falls, was taken to Fergus Falls Monday afternoon after an examination in probate court rooms. The finding of the board showed there was a slight derangement of the woman's mind. The woman was born in Norway and had spent half a year in an asylum of that country. She also was committed to the Montana state hospital for insanity during her residence there some three years ago. She is the mother of eight children, seven of whom are living.

Gym Fans Meet.

A meeting of the signers of the gymnasium list and all those interested was held last Thursday evening at the Commercial club rooms for the purpose of discussing the plans connected with the gym opening. It was decided to collect the dues at once for the year after which a second conference will be held to decide on the amount of equipment to be purchased.

Child Is Burned.

Bernard Linstad, two year old son of Mr. and Mrs. Ole Linstad, residing on a farm 7 miles west of the city, was badly burned about the body Tuesday morning, when a pot of hot coffee accidentally tipped from the stove onto the youngster. The boy's clothes were thoroughly saturated with the fluid and before the garments could be removed, the child was badly burned.

Hay Shipping Commenced.

The first shipment of hay from Pennington county to Montana was made on Monday when two carloads were sent out. This was part of the supply cut on a quarter section belonging to Swartz & Johnson and located west of the city. None has yet been shipped from the eastern part of the county although it is expected that the movement from this territory will soon begin. There is much of the hay already in the stack but the seasoning process has not been completed and the balers have consequently not begun operations. Two or three carloads will be shipped every day when the start is made.

FARMER KILLED BY TRACTOR AT HOME TUESDAY

FOUND PINNED BETWEEN HIS TRACTOR AND SEPARATOR ON FARM.

MAN'S CHEST IS CRUSHED

FUNERAL SERVICES HELD TODAY—LEAVES WIFE AND SIX CHILDREN

Caught between the tractor and the separator when he was in the act of coupling the two together, Theodore Olson, 44, was crushed to death Tuesday afternoon about 2 o'clock, at his farm in Kratka township, 11 miles southeast of this city.

The man was found pinned between the two machines by Osmund Swenson, farm hand, about three o'clock when he left the farm house for the tractor to get a chain which he intended to use in connecting two wagons of grain.

The threshing crew finished work around noon and the men went to the house for dinner but Olson remained on the job to move the separator to a new spot to begin operations in the afternoon and gave the men instructions to begin loading after dinner. The men went on with their work and suspected nothing and it was not until the farm hand went to procure the chain that the dead man was discovered.

Was Backing Up.

It appears that Olson was at the steering wheel backing up to couple the two machines. It is not known just how the accident came about but it is thought he had trouble with the clutch and before he could stop the machine he was caught between the separator feeder and the steering wheel of the tractor. His ribs were broken and poked into his lungs and there were several marks on his right side. The steering wheel was broken owing to the great pressure upon it. The engine continued to run and large holes were made in the ground by the spinning wheels until finally the motor choked. The tractor was located about 80 rods from the farm home.

Swenson immediately summoned help upon finding Olson pinned between the machines, and it was a hard matter, according to witnesses, to get the man extracted.

Former Resident.

The deceased was a resident of Thief River Falls previous to his removal to the farm east of here. He had resided in this part of the country for the past 29 years and was born in this state.

Left to mourn his loss are a wife, six children and three brothers.

Funeral Today.

Funeral services were held from the residence of the deceased today at two o'clock and interment was made in the Kratka cemetery. Rev. A. N. Skogerboe officiated.

MODERN ICE HOUSE WILL BE ERECTED

RED LAKE ICE COMPANY LETS CONTRACT AND SECURES MATERIAL.

Before the time for another ice harvest comes on the storage capacity for the product in Thief River Falls will have been greatly increased. John and Tom Lofthous of Fargo, representing the Red Lake Ice company, were in the city this week and made arrangements for beginning work on a new building as soon as the material can be gotten to the site. The contract has been let and there will be no delay in getting started as soon as possible.

The new structure will be of the latest design, insulated throughout and arranged to handle the product of the company in the shortest possible space of time both in filling and emptying.

In speaking of the ice shortage experienced in this city this summer the company representatives stated that the condition, while deplorable, was by no means confined to Thief River Falls. The unusually hot summer has depleted stocks in practically all the cities of the Northwest and the people, not understanding the situation, have complained.

There will be no such trouble another year, according to these officials. The increased storage capacity of the concern's plant in this city will insure an ample supply at all times hereafter, they promise.

RETURNED SOLDIERS WILL RECEIVE ROYAL WELCOME IN CITY NEXT SATURDAY

Preparations for Their Entertainment Nearly Complete and Program Full of New and Snappy Features.

REGULUR INDIAN DANCE AMONG NOVELTIES

Braves From Reservation Will Also Stage Pony Race---Parade Will be Unusual Spectacle---Holiday For All.

Quite a lot of work yet remains to be attended to, but it will all be out of the way in time to begin celebrating at sup-up on Saturday morning. That is the day set aside by the people of Pennington county for the welcoming back of the boys who were in any manner identified with the late war. It does not matter whether a man was a soldier, sailor or marine; it makes no difference whether he fought on the fields of France or only managed to get as far as the training camp—he was a soldier or sailor so far as his intentions went and as such should be honored. He may or may not be a member of the American Legion; his rank may be that of an officer or a private; his service may have run more to kitchen police duty than to going over the top—it is all the same. Saturday, Sept. 20, has been set aside in this county by common consent as the time for proving that the people at home have not forgotten his services, and if he does not appreciate the fact sufficiently to be present it is his own fault. He is hereby given every assurance that he will be missing something worth while.

Busy Days Remain.

Today everybody is busy getting things in shape for the big doings. Tomorrow it is expected that the entire population will be up and doing something to add to the general holiday aspect of the city. There are decorations still to be provided, a general system of policing to map out, better facilities for the care of women and children to look after, and a hundred other things. But by Saturday morning everything will be ready. After that there is no question but that matters will be carried along by their own momentum.

Begin Early, Quit Late.

The day will be ushered in just as if it were the Fourth of July. No one will wish to sleep very late, but the intention is to make such proceeding impossible in case there should be an occasional lazy member. It is going to be a day full of action and the proceedings will begin early.

The parade is scheduled to start from the auditorium at 9:30 o'clock. This is a very important part of the program and it is hoped that every one who can possibly do so will show up and help swell the crowd. H. D. Keene has been appointed marshal of the day and Fred Beerbower marshal of the field. The line of march has been laid out as follows: From the auditorium south on Main to First, thence east to LaBree and north to Second, east again to Horace and north to Third, westward on Third to Main, north to Fourth and west to the fair grounds. This will take all the business portion of the city and a considerable part of the residence section.

Great Sports Program.

The committee on sports has added several new features during the week. One of particular interest is a pony race between Indians from the reservation. The winner in this event will be given a purse of $20. The braves have also agreed to put on a regular war dance, for which they are to receive $175. Events of this kind were not unusual years ago, and there are many still living in the city who remember when an Indian was a more common sight than a white man, but to the younger generation this particular part of the program will have a decided interest.

The Big Boxing Bout.

The great attraction so far as the sports are concerned will undoubtedly be the boxing match between Mike and Tommy Gibbons. These two master exponents of the fistic art have consented to come here for the purpose of adding interest to the celebration and there is no doubt but that they will succeed. A platform for the ring will be erected in front of the grandstand at the fair grounds and the contest will take place where all can see it. That it will be worth while those who have watched the career of these brothers will be willing to wager.

Dancing and Eating.

Tons of eats have been provided. Coffee and pop will be served free to all who apply. The pop is for the youngsters particularly, but others who desire will probably be able to connect up with a bottle or two of the sparkling stuff. Anyone who gets dry or hungry will have no one but himself or herself to blame.

There will be dancing all over the place. In the afternoon open air pavilions will provide the opportunity, and in the evening the auditorium and skating rink will be requisitioned. Come right along. Dance as much as you like and stay as long as you can.

Strangers Are Welcome.

While this celebration is given in honor of the men who went from Pennington county, none will be barred. Any man in uniform will be made welcome and offered the best there is on hand. His khaki will be his passport. Particularly is it desired that men from Beltrami, Red Lake, Polk and Marshall counties make this celebration their own. Many of them started from Thief River Falls when they left for camp and the city still claims an interest in their welfare. The more there are the merrier.

Very Little Speaking.

There is not going to be a great amount of spellbinding permitted. The committee having this matter in hand is in communication with several well-known orators and will undoubtedly be able to land one before he is actually needed. It is probable that a representative of the state adjutant's office will be present and there may be others with military inclinations. An attempt is being made to have Gen. W. F. Rhinow as a guest, but it is not certain that he will be able to accept.

An Aviator Coming.

No soldier celebration would be complete without an air flight exhibition. Lieut. Bacon, who promised to be present, cannot keep the date but another has been provided. He is an army aviator and is said to be a sensation.

There is no possible way in which The Times can tell of all the interesting things that are going to take place. The only way for anyone to find out is to be right here when things are happening. This applies to former service men and the regular run of civilians alike.

Come and help the boys celebrate.

STORES TO CLOSE ALL DAY SATURDAY

WILL, HOWEVER, REMAIN OPEN UNTIL 11 O'CLOCK FRIDAY NIGHT.

At a special meeting of the Merchants association held last Thursday, it was decided to request the closing committee of the association to recommend that all places of business remain open until 11 p. m., Friday night and remain closed Saturday, Sept. 20, throughout the day and evening, to permit businessmen and their clerks to give their attention to the Homecoming celebration.

Many citizens have expressed their entire willingness to get along over Sunday without compelling the stores to open Saturday, believing that the entire public would be better satisfied by a full and complete observance of the day and that the occasion is such as warrants the general public in accepting any inconveniences caused thereby in the same spirit of self-sacrifice as was shown by the guests of honor. It is also felt that the inconveniences will be slight.

The closing committee acquiesced in the plan and every merchant and businessman in Pennington county is requested to observe the entire day and to express his willingness in his advertisement in the newspapers. The mayors of Goodridge and St. Hilaire have been requested by H. O. Loken, president of the Merchants association to arrange to have the people of their respective towns fall in line and make the observance of the day complete.

It is realized that the farmers will suffer the most and the committee is sure that they will, as they have in the past, assume the inconvenience and join in the spirit of the occasion and make Saturday, Sept. 20, 1919, the biggest day in the history of Pennington county.

Because of the scarcity of ice in the city it may be necessary for the meat markets to open for awhile on Saturday in order to enable people to secure their Sunday supplies, but this will only be for a short time.

Secures Grocery Expert.

Charles Bowen, formerly of Ada, has been added to the force at the Simonson Meat and Grocery company's store. Another meat cutter is also expected to arrive in a few days. Business at the Simonson store is growing rapidly and the boss says he has been running short-handed long enough.

WHITE WAY WILL HAVE NEW DRESS

DECORATING COMMITTEE TO GIVE TOP GLOBE DECORATION HOLIDAY

The "white way" is going to wear a brand new red, white and blue dress on Saturday night, for on Tuesday evening H. C. Johnson, chairman of the committee on decorations for the Homecoming celebration, appeared before the city council and asked for permission to paint the top globe of the white way red and blue leaving a white strip in the center. The council granted the request.

The red and blue stripes will be applied with water colors and will wash off easily, but will serve the purpose well for the one day. The lower cluster of lights will also be turned on during Saturday evening and will present a very pretty sight.

Do you appreciate what your boys did? If so, attend---

FIRST PRIZE TO MRS. MORIN IN TIMES' CONTEST

GIVES TIMES THE LARGEST LIST OF ANY WEEKLY IN THIS SECTION.

THOUSAND NAMES ADDED

WHIRLWIND FINISH OF GREAT CAMPAIGN—CONTESTANTS WELL SATISFIED

The Thief River Falls Times' Big Auto club, which has held the interest of the people of this city and section for the past three months, closed up its affairs at 4 o'clock last Saturday in a burst of enthusiasm.

The count of the judges, L. A. Lampert, cashier of the Farmers and Merchants bank; R. M. Sheldon, cashier of the First and Peoples State bank, and A. J. Anderson, assistant cashier of the Citizens State bank, was awaited with a great deal of interest by the large number of people who had been watching the standing of the club members during the last few days of the contest.

The Prize Winners.

The judges finished their work in record time, considering the large number of subscriptions and points turned in by the club members during the last three days of the campaign. Every point was counted, added on a machine and carefully rechecked so that an error was practically impossible.

It was found that the standing of the members at the close was as follows, together with the prizes won by the six contestants who stayed in the game to the end:

First prize, Scripps-Booth Roadster—Mrs. Rosaire Morin, Goodridge.

Second prize, Ford Touring Car—F. E. McKnight, Thief River Falls.

Third prize, Aolian- Vocalion Phonograph—G. J. Hagen, Plummer.

Fourth prize, National Kitchen Cabinet—Martine Cloutier, Thief River Falls.

Fifth prize, Icy-Hot Luncheon Set—Miss Neva Sumpter, Hazel.

Sixth prize, Chest of Community Ware—Miss Cora Moeller, St. Hilaire.

Was Splendid Campaign.

The campaign was by all odds the greatest ever put on in this section of the state. The prizes were far more generous and the returns were of even greater proportion. There was developed the best-working lot of club members the campaign manager ever came in contact with. While they certainly did work, they got results, and when they were a bit idle, the points seemed to come to them by the thousands unsolicited. At times the workers were a little handicapped by bad weather, but they worked perseveringly and the reports they turned in were most pleasing to the management.

A little over 1,000 new subscriptions were turned in, making The Times list total just about 5,000 and giving this paper by far the largest circle of readers of any publication in this section of the state.

Reviewing the Result.

The Times Subscription Campaign is over and it is no boast to say that it was a splendid success from every point of view. In spite of occasional bad weather the campaign forged ahead to a splendid finish with the best of good feeling prevailing between all workers and The Times. Not one club member has been heard to express dissatisfaction with the manner in which the campaign was conducted, nor charge either The Times or club manager with unfairness or partiality.

The Object Achieved.

When the magnitude of the campaign is considered and the splendid results that have been achieved are taken into account, this paper is indeed satisfied. We stand with but one object in view—to build up quickly the largest circulation of any country weekly in this section of the state, and in this we believe we have succeeded. Very few weekly publications, if any, have a list which so completely covers its territory.

Our object was to make the Times as valuable as an advertising medium to business men that they would find space in it highly profitable. To have secured these additional subscribers by regularly hired solicitors would have cost fully as much, possibly more, and would have taken months instead of weeks to complete. It is not only a record in circulation-building, but easily puts The Times in the lead in this territory of all publications. All other papers combined cannot show a circulation in this field equal to that now enjoyed by The Times.

Bigger and Better.

It is the intention to make The Times an even better newspaper than it is at present. It is now the largest as well as the best published in this territory, but the aim is not yet reached. There are features still to be added which will place The Times [illegible] preeminently at the front. [illegible] every assurance that any effort toward this end will be appreciated by the advertisers as well as the readers and there will be no effort spared to come up to their expectations.

The Times is at the present time perhaps the most liberally patronized weekly newspaper in northern Minnesota. This patronage has been secured for the reason that Times advertisements bring results. This is proven by the large amount of business of a national character carried at all times as well as by the attitude of the local merchants toward the paper. It shall be the constant aim of the publishers to merit this confidence in the efficacy of the paper to draw trade by constant improvement and painstaking service.

Thanks Due All.

The Times wishes to express its thanks for the splendid work done by the club members. The only regret is that there was not an automobile to be given to each one of them.

Neal A. Crawford, the club manager, is entitled to a great deal of credit for the manner in which he handled the enterprise. He has had much experience in matters of this kind and managed thruout to keep the best of feeling prevailing among the members. The Times management is positive that all who were in any way connected with the campaign are satisfied of his entire honesty and thankful to him for the helpful hints extended continually during the campaign.

Hauzey at Fergus Falls.

After an examination held in Warren the latter part of last week, August Hauzey, former farm hand at the Pat Gavin place, was committed to the state asylum for insane at Fergus Falls. Hauzey has a farm on the other side of the Pennington county line and has made his home there for some time. On July 26 he disappeared and as he had made several threats to end it all. Suicide was feared but he later showed up on his brother's claim in the Big River country, Beltrami county, after having traveled over 100 miles of country.

Yeggs Break Into Bank At Saint Hilaire

St. Hilaire, Thursday, Sept. 18—(Special to The Times)—Yeggmen attempted to crack the vault at the Merchants State bank about 2 o'clock this morning.

The bandits jimmied a hole thru the first brick section of the vault large enough for a man to crawl through, and it seems that at this point they were frightened away as it began to rain and many of the people residing near the bank arose to close their windows.

A dog in the neighborhood also did his share in awakening people, for he kept howling during the time the yeggs were working.

Come Through Rear.

The safe crackers entered through one of the rear windows after taking the screen off, and their position behind the vault was practically concealed as the vault is of the old-time affairs. As the bank faces west, it was an easy matter for the yeggs to keep out of sight.

Use Crow Bar.

A large crow bar was used to batter in the side and the robbers were just about to strike the first steel lining of the vault when they left hurriedly. All wire connections out of St. Hilaire had been cut and up to a late hour this afternoon it was impossible to reach the village by wire.

About 2 o'clock this morning Mr. Gorgen arose to close a window on account of the rain and at this moment he saw two Ford cars start from the vicinity of the bank, taking the road leading towards Thief River Falls.

Suspicion Pencil Seller.

Bank officials at St. Hilaire recall the fact that three or four days ago a crippled peddler selling pencils visited the town and during his stay sized things up in general. The bank officers have just been notified by the North Dakota Bankers association to be on the lookout for characters of this kind and believe the pencil vendors are acting as agents for a gang of robbers. A series of robberies have recently occurred in North Dakota towns.

Sheriff LaBree was called to St. Hilaire this morning to look the situation over. He has notified all the banks of the county.

CHANGES IN SEWERS WILL COST $10,000

BIDS TO BE OPENED AT SPECIAL MEETING OF COUNCIL SEPTEMBER 30.

According to an estimate submitted to the city council by a sewer engineer at its meeting Tuesday, it will cost approximately $10,000 for the proposed sewer and water connections and the laying of the storm water sewer in the business section.

All this work is expected to be done during October and November and will require the services of a large crew of men. The work must be completed this fall so as to give the ground a chance to settle during the winter months while the work of paving will be begun in the spring.

The meeting of Tuesday was called to open bids for the water and sewer connections but as there were no bids received the city clerk was instructed to re-advertise in The Times and the Improvement Bulletin. These bids will be opened September 30 at a special meeting.

LIVE STOCK SALE ON OCTOBER 22-23

CATTLE TO BE SOLD MUST BE TUBERCULIN TESTED—NOTIFY FARM BUREAU.

Arrangements were made at a meeting of the Pennington County Livestock Breeder's association last Friday to hold a livestock sale at the fair grounds on October 22 and 23.

The stipulation has been made, however, that all cattle sold at this sale must be tuberculin tested. The work of testing cattle for tuberculosis is now going on free of charge by seven government veterinarians, who are in the county.

Anyone having cattle, hogs or sheep for sale should inform the Farm Bureau director at their most early convenience, so that the advertising of the animals may be started at an early date. The names of the animals should be accompanied by a brief history of the breeding and production record, if possible.

PETITIONS FOR FORMING DRAIN DISTRICT HEARD

JUDGES SET NOVEMBER 7 AS DATE FOR HEARING OF PETITIONERS.

THIS CITY HEADQUARTERS

SIX COUNTIES INTERESTED IN MOST IMPORTANT PROJECT IN YEARS.

Thief River Falls will be the headquarters point for the Red Lake Drainage and Flood Control district, which is the title of the newly formed drainage unit the operations of which extend along the valley of the Red Lake river. The petitions from six counties affected, namely Beltrami, Clearwater, Marshall, *Pennington*, Polk and Red Lake, have been filed with Clerk Adolf Eklund of the Pennington district court and the law provides that al hearings and business to be transacted in connection with the formation of the drainage district must be at the point where the original petitions are filed.

Judges Set Date.

The proposed drainage unit lies within two judicial districts and it was necessary for one judge representing each to sign the order for hearing. The matter was given into the hands of Attorney W. J. Brown of Thief River Falls, by the committee appointed by Chairman G. C. Selvig of Crookston, to solicit signers for the petition in this county. Mr. Brown presented the matter to Judge Grindeland of the Fourteenth district at Warren last Saturday and the date of hearing was set for Nov. 7, at the courthouse in Thief River Falls. On Monday Mr. Brown went to Bemidji and presented the petitions from Beltrami county to Judge C. W. Stanton of the Fifteenth district, who without hesitation agreed both as to the time and place.

Good Work by Citizens.

The subject was first brought up at a meeting in this city on July 22, when delegates representing the different counties affected by flood waters in the Red Lake river valley met for the purpose of discussing ways and means for overcoming this one great obstacle to their properity. It was at that time decided that the formation of a drainage district under the Cliff law of 1917 would meet the requirements and the movement was at once set on foot.

Committees were appointed in all counties to secure signers to the petitions and these lost no time in getting to work. In Pennington county this committee was made up of Daniel Ehaw, A. J. Anderson and Hans O. Chommie. Assistance of the most valuable nature was given by O. J. Peterson, chairman of the board of county commissioners, who has devoted much time to explaining the purpose of the organization to residents in different parts of the county and in securing their signatures to the petitions.

Stop Haphazard Work.

The including of the valley of the Red Lake river as well as the drainage basin of the Red Lakes in this one district will be the first step toward a more definite program of flood control for the entire section. What may be termed as the basis for all work done in this direction is the improving of the Red Lake river to such an extent that the stream will at all times take care of the waters drained into it. As part of this comprehensive plan is included the construction of control works at the outlet to the stream at Red Lake, it being the intention to work in cooperation with the Federal government and state. A bill calling for the improvement of the river and the construction of such control works will shortly be introduced in congress by Representative Steenerson and has the backing of the War and Interior departments. All work undertaken will be with a definite plan in view, this being the enlarging of the present discharge arteries and the construction of such additional ditches as will insure the rapid drainage of the section under practically any circumstances.

NEW BUILDING FOR STANTON BROTHERS

TWO-STORY BRICK STRUCTURE WILL BE BEGUN EARLY NEXT SPRING.

Edwin and Hal Stanton, proprietors of the Thief River Restaurant announce that they will begin the construction of a modern brick building as soon as weather conditions permit next spring. Two sites are under consideration at this time and one will be chosen within the next few days.

The new building will be 50x120 feet, two stories high and modern in every particular. The first floor will be devoted to cafe and restaurant purposes and will also contain the kitchen and bakery. It is the intention of the Stantons to do all their own baking and provide as far as possible for their customers right in the building.

The second story will be fitted up as rooming quarters, every detail being of the best.

The Thief River Cafe has enjoyed a splendid patronage since the Stantons took charge about a year ago and the business has grown to such an extent that larger quarters are absolutely necessary. It is impossible to rent a suitable building in the city at the present time and new ones will have to be provided. Until such time as this is ready for occupancy the business will be continued at the present location.

RETAIL EXPERT WILL SPEAK AT BANQUET HERE

CURTIS JOHNSON TO ADDRESS ANNUAL MEETING OF MERCHANTS AND CLERKS.

BANQUET AT CLUB ROOMS

RELATIONS OF EMPLOYER AND EMPLOYE THEME OF BRILLIANT DISCOURSE.

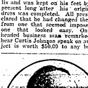
The evening of September 23rd, 1919, will usher in the fall and winter activities of the Merchants association of Thief River Falls and a banquet to be served by Julian Provencher will take place in the Commercial club rooms at 6:30 o'clock. As the clerks are to be the guests of their employers it is estimated that covers will be laid for 150 people.

The feature number of the program will be an address by Curtis Johnson of Rush City, who is known throughout the Northwest as the premier after-dinner speaker of the business world.

Is Noted Speaker.

Mr. Johnson is a hardware and implement dealer and was formerly president of the National Federation of Retail Implement Dealers' associations, and is now one of the managers of the Minnesota State fair. He was also superintendent of the automobile and machinery exhibits at the 1919 fair and all those who have heard him declare that he is a "Wizard of Words."

Mr. Johnson spoke for three hours at the organization meeting of the Victory Loan chairmen in Minneapolis and was kept on his feet by those present long after his original address was completed. All present declared that he had changed their task from one that seemed impossible to one that looked easy. One hard headed business man remarked: "To hear Curtis Johnson speak on any subject is worth $50.00 to any business man and the value of his talk is one that you can cash in on for many months after you hear him. He puts pep in your business."



CURTIS JOHNSON

Fine Banquet Promised.

The subject for the evening will be "The Road to Happiness" and the address will include a discussion on co-operation between business men themselves and the relationship between the employer and the employee.

Mr. Provencher has arranged for two pigs which will be roasted whole and a treat can be expected in the way of eats.

Full Attendance Requested.

The following committee is in charge of the arrangements: H. O. Loken, chairman; A. S. Sapero, E. K. Aasen and Anton Langseth. They have in hand a program consisting of musical numbers and a round table discussion that will be of more than passing interest.

Committeemen will call on the members and dispose of banquet tickets as it is necessary to know definitely the number that will be present.

Following the banquet a regular meeting of the members will be held at which plans for the fall and winter activities will be discussed. It is important that all members plan their affairs so that nothing will interfere with their attendance at this meeting.

Moves to New Quarters.

J. H. Hermanson expects to have his hardware stock in place at the new location in the Williams building, corner of Main and Third, by the end of the week. A part of the fixtures have not yet arrived and Mr. Hermanson states that he hardly expects to be able to announce his formal opening before the first of the month.

The new location will make an ideal hardware store. The place has been repainted and refitted thruout and presents a most business-like appearance.

Taken to Asylum.

Mrs. Ingaborg Holland, residing on a farm east of Thief River Falls, was taken to Fergus Falls Monday afternoon after an examination in probate court rooms. The finding of the board showed there was a slight derangement of the woman's mind. The woman was born in Norway and had spent half a year in an asylum of that country. She also was committed to the Montana state hospital for insanity during her residence there some three years ago. She is the mother of eight children, seven of whom are living.

Gym Fans Meet.

A meeting of the signers of the gymnasium list and all those interested was held last Thursday evening at the Commercial club rooms for the purpose of discussing the plans connected with the gym opening. It was decided to collect the dues at once for the year after which a second conference will be held to decide on the amount of equipment to be purchased.

Child Is Burned.

Bernard Linstad, two year old son of Mr. and Mrs. Ole Linstad, residing on a farm 7 miles west of the city, was badly burned about the body Tuesday morning, when a pot of hot coffee accidentally tipped from the stove onto the youngster. The boy's clothes were thoroughly saturated with the fluid and before the garments could be removed, the child was badly burned.

Hay Shipping Commenced.

The first shipment of hay from Pennington county to Montana was made on Monday when two carloads were sent out. This was part of the supply cut on a quarter section belonging to Swartz & Johnson and located west of the city. None has yet been shipped from the eastern part of the county although it is expected that the movement from this territory will soon begin. There is much of the hay already in the stack but the seasoning process has not been completed and the balers have consequently not begun operations. Two or three carloads will be shipped every day when the start is made.

FARMER KILLED BY TRACTOR AT HOME TUESDAY

FOUND PINNED BETWEEN HIS TRACTOR AND SEPARATOR ON FARM.

MAN'S CHEST IS CRUSHED

FUNERAL SERVICES HELD TODAY—LEAVES WIFE AND SIX CHILDREN

Caught between the tractor and the separator when he was in the act of coupling the two together, Theodore Olson, 44, was crushed to death Tuesday afternoon about 2 o'clock, at his farm in Kratka township, 11 miles southeast of this city.

The man was found pinned between the two machines by Osmund Swenson, farm hand, about three o'clock when he left the farm house for the tractor to get a chain which he intended to use in connecting two wagons of grain.

The threshing crew finished work around noon and the men went to the house for dinner but Olson remained on the job to move the separator to a new spot to begin operations in the afternoon and gave the men instructions to begin loading after dinner. The men went on with their work and suspected nothing and it was not until the farm hand went to procure the chain that the dead man was discovered.

Was Backing Up.

It appears that Olson was at the steering wheel backing up to couple the two machines. It is not known just how the accident came about but it is thought he had trouble with the clutch and before he could stop the machine he was caught between the separator feeder and the steering wheel of the tractor. His ribs were broken and poked into his lungs and there were several marks on his right side. The steering wheel was broken owing to the great pressure upon it. The engine continued to run and large holes were made in the ground by the spinning wheels until finally the motor choked. The tractor was located about 80 rods from the farm home.

Swenson immediately summoned help upon finding Olson pinned between the machines, and it was a hard matter, according to witnesses, to get the man extracted.

Former Resident.

The deceased was a resident of Thief River Falls previous to his removal to the farm east of here. He had resided in this part of the country for the past 29 years and was born in this state.

Left to mourn his loss are a wife, six children and three brothers.

Funeral Today.

Funeral services were held from the residence of the deceased today at two o'clock and interment was made in the Kratka cemetery. Rev. A. N. Skogerboe officiated.

MODERN ICE HOUSE WILL BE ERECTED

RED LAKE ICE COMPANY LETS CONTRACT AND SECURES MATERIAL.

Before the time for another ice harvest comes on the storage capacity for the product in Thief River Falls will have been greatly increased. John and Tom Lofthous of Fargo, representing the Red Lake Ice company, were in the city this week and made arrangements for beginning work on a new building as soon as the material can be gotten to the site. The contract has been let and there will be no delay in getting started as soon as possible.

The new structure will be of the latest design, insulated throughout and arranged to handle the product of the company in the shortest possible space of time both in filling and emptying.

In speaking of the ice shortage experienced in this city this summer the company representatives stated that the condition, while deplorable, was by no means confined to Thief River Falls. The unusually hot summer has depleted stocks in practically all the cities of the Northwest and the people, not understanding the situation, have complained.

There will be no such trouble another year, according to these officials. The increased storage capacity of the concern's plant in this city will insure an ample supply at all times hereafter, they promise.

RETURNED SOLDIERS WILL RECEIVE ROYAL WELCOME IN CITY NEXT SATURDAY

Preparations for Their Entertainment Nearly Complete and Program Full of New and Snappy Features.

REGULUR INDIAN DANCE AMONG NOVELTIES

Braves From Reservation Will Also Stage Pony Race---Parade Will be Unusual Spectacle---Holiday For All.

Quite a lot of work yet remains to be attended to, but it will all be out of the way in time to begin celebrating at sup-up on Saturday morning. That is the day set aside by the people of Pennington county for the welcoming back of the boys who were in any manner identified with the late war. It does not matter whether a man was a soldier, sailor or marine; it makes no difference whether he fought on the fields of France or only managed to get as far as the training camp—he was a soldier or sailor so far as his intentions went and as such should be honored. He may or may not be a member of the American Legion; his rank may be that of an officer or a private; his service may have run more to kitchen police duty than to going over the top—it is all the same. Saturday, Sept. 20, has been set aside in this county by common consent as the time for proving that the people at home have not forgotten his services, and if he does not appreciate the fact sufficiently to be present it is his own fault. He is hereby given every assurance that he will be missing something worth while.

Busy Days Remain.

Today everybody is busy getting things in shape for the big doings. Tomorrow it is expected that the entire population will be up and doing something to add to the general holiday aspect of the city. There are decorations still to be provided, a general system of policing to map out, better facilities for the care of women and children to look after, and a hundred other things. But by Saturday morning everything will be ready. After that there is no question but that matters will be carried along by their own momentum.

Begin Early, Quit Late.

The day will be ushered in just as if it were the Fourth of July. No one will wish to sleep very late, but the intention is to make such proceeding impossible in case there should be an occasional lazy member. It is going to be a day full of action and the proceedings will begin early.

The parade is scheduled to start from the auditorium at 9:30 o'clock. This is a very important part of the program and it is hoped that every one who can possibly do so will show up and help swell the crowd. H. D. Keene has been appointed marshal of the day and Fred Beerbower marshal of the field. The line of march has been laid out as follows: From the auditorium south on Main to First, thence east to LaBree and north to Second, east again to Horace and north to Third, westward on Third to Main, north to Fourth and west to the fair grounds. This will take in all the business portion of the city and a considerable part of the residence section.

Great Sports Program.

The committee on sports has added several new features during the week. One of particular interest is a pony race between Indians from the reservation. The winner in this event will be given a purse of $20. The braves have also agreed to put on a regular war dance, for which they are to receive $175. Events of this kind were not unusual years ago, and there are many still living in the city who remember when an Indian was a more common sight than a white man, but to the younger generation this particular part of the program will have a decided interest.

The Big Boxing Bout.

The great attraction so far as the sports are concerned will undoubtedly be the boxing match between Mike and Tommy Gibbons. These two master exponents of the fistic art have consented to come here for the purpose of adding interest to the celebration and there is no doubt but that they will succeed. A platform for the ring will be erected in front of the grandstand at the fair grounds and the contest will take place where all can see it. That it will be worth while those who have watched the career of these brothers will be willing to wager.

Dancing and Eating.

Tons of eats have been provided. Coffee and pop will be served free to all who apply. The pop is for the youngsters particularly, but others who desire will probably be able to connect up with a bottle or two of the sparkling stuff. Anyone who gets dry or hungry will have no one but himself or herself to blame.

There will be dancing all over the place. In the afternoon open air pavilions will provide the opportunity, and in the evening the auditorium and skating rink will be requisitioned. Come right along. Dance as much as you like and stay as long as you can.

Strangers Are Welcome.

While this celebration is given in honor of the men who went from Pennington county, none will be barred. Any man in uniform will be made welcome and offered the best there is on hand. His khaki will be his passport. Particularly is it desired that men from Beltrami, Red Lake, Polk and Marshall counties make this celebration their own. Many of them started from Thief River Falls when they left for camp and the city still claims an interest in their welfare. The more there are the merrier.

Very Little Speaking.

There is not going to be a great amount of spellbinding permitted. The committee having this matter in hand is in communication with several well-known orators and will undoubtedly be able to land one before he is actually needed. It is probable that a representative of the state adjutant's office will be present and there may be others with military inclinations. An attempt is being made to have Gen. W. F. Rhinow as a guest, but it is not certain that he will be able to accept.

An Aviator Coming.

No soldier celebration would be complete without an air flight exhibition. Lieut. Bacon, who promised to be present, cannot keep the date but another has been provided. He is an army aviator and is said to be a sensation.

There is no possible way in which The Times can tell of all the interesting things that are going to take place. The only way for anyone to find out is to be right here when things are happening. This applies to former service men and the regular run of civilians alike.

Come and help the boys celebrate.

STORES TO CLOSE ALL DAY SATURDAY

WILL, HOWEVER, REMAIN OPEN UNTIL 11 O'CLOCK FRIDAY NIGHT.

At a special meeting of the Merchants association held last Thursday, it was decided to request the closing committee of the association to recommend that all places of business remain open until 11 p. m., Friday night and remain closed Saturday, Sept. 20, throughout the day and evening to permit businessmen and their clerks to give their attention to the Homecoming celebration.

Many citizens have expressed their entire willingness to get along over Sunday without compelling the stores to open Saturday, believing that the entire public would be better satisfied by a full and complete observance of the day and that the occasion is such as warrants the general public in accepting any inconveniences caused thereby in the same spirit of self-sacrifice as was shown by the guests of honor. It is also felt that the inconveniences will be slight.

The closing committee acquiesced in the plan and every merchant and businessman in Pennington county is requested to observe the entire day and to express his willingness in his advertisement in the newspapers. The mayors of Goodridge and St. Hilaire have been requested by H. O. Loken, president of the Merchants association to arrange to have the people of their respective towns fall in line and make the observance of the day complete.

It is realized that the farmers will suffer the most and the committee is sure that they will, as they have in the past, assume the inconvenience and join in the spirit of the occasion and make Saturday, Sept. 20, 1919, the biggest day in the history of Pennington county.

Because of the scarcity of ice in the city it may be necessary for the meat markets to open for awhile on Saturday in order to enable people to secure their Sunday supplies, but this will only be for a short time.

Secures Grocery Expert.

Charles Bowen, formerly of Ada, has been added to the force at the Simonson Meat and Grocery company's store. Another meat cutter is also expected to arrive in a few days. Business at the Simonson store is growing rapidly and the boss says he has been running short-handed long enough.

WHITE WAY WILL HAVE NEW DRESS

DECORATING COMMITTEE TO GIVE TOP GLOBE DECORATION HOLIDAY

The "white way" is going to wear a brand new red, white and blue dress on Saturday night, for on Tuesday evening H. C. Johnson, chairman of the committee on decorations for the Homecoming celebration, appeared before the city council and asked for permission to paint the top globe of the white way red and blue leaving a white strip in the center. The council granted the request.

The red and blue stripes will be applied with water colors and will wash off easily, but will serve the purpose well for the one day. The lower cluster of lights will also be turned on during Saturday evening and will present a very pretty sight.

DISTRICT FAIR AT GOODRIDGE OPENS MONDAY

FIRST TRI-COUNTY EXHIBIT PROMISES TO HOLD MANY SURPRISES.

BOOSTING TRIP BY AUTO

BAND AND DELEGATION APPEARED IN THIEF RIVER FALLS LAST TUESDAY.

If the Tri-County fair to be held at Goodridge next Monday and Tuesday is not a success it will not be the fault of the people residing in that enterprising town. For weeks the fair has been the principal topic of discussion and everything undertaken has been with a view to having it bear in some degree on the event.

The committee in charge has decided that personal contact with the neighbors will be of great value in calling attention to the forthcoming exhibition and the method of auto tours has been employed. There were two of these excursions scheduled for last Sunday and both were even more successful than the originators dared hope.

Visit the Neighbors.

One expedition started out at 10 o'clock, having for its objective the region about Highlanding and Erie. Stops were made at convenient points, the very excellent Goodridge band played a few selections and enthusiastic speakers urged the people to lay aside all their business and cares for the purpose of helping swell the attendance at the fair. A similar trip to Grygla was begun at 2 o'clock in the afternoon and the same program followed out there. Everywhere the delegation was enthusiastically received and assurances of interest and participation were given on every hand.

At Thief River Tuesday.

A whole flock of cars from the eastern section invaded Thief River Falls on Tuesday just before the supper hour. The boosters were well received, everybody seeming glad to see them. The band played and speakers held forth on the importance of our people being present to see what a new section can show in the line of produce. That there will be a large attendance from the county seat and immediate neighborhood is certain. Several automobile parties are already arranged for and there will be others making the trip by train.

Unusual Cattle Show.

There will be a double barn 100 feet long for the housing of the cattle, sheds and pens for the sheep, hogs and poultry. Accommodations for the horses will be found elsewhere. All the rooms of the school building will be utilized for the large quantity of exhibits that are expected.

The domestic and school exhibits are expected to be particularly fine. Every household has an article of some sort of which they are particularly proud but these are seldom brought to fairs for the reason that the possessor does not deem them of sufficient general interest to warrant exhibition. The management has taken particular pains to prove that such is not the case and solicits entries of this nature, realizing that they add an interest all their own to the general ensemble.

Two Big Speeches.

On Monday there will be an address by J. H. Hay, assistant commisioner of agriculture of Minnesota, while on Tuesday Hon. W. I. Nolan, speaker of the Minnesota house of representatives, will speak. The addresses are scheduled for 1 o'clock in the afternoon. The reputation enjoyed by both these men is such that they are sure of large audiences.

Notice to Theatre Goers.

The Princess Theatre will be closed Saturday, Sept. 20th, Homecoming Day, all day. The Manager, an ex-service man, is taking part in the program.

JOHN H. BRUMUND.

Notice to Theatre Patrons

A. J. Lawrence, formerly manager of the Princess Theatre, has moved to the Lyceum Theatre and all big productions will hereafter be shown at the last-named playhouse.

Adv. A28-S4-11-18

The Times, $2.00 per year.

SPIRITED BIDDING FOR DITCH BONDS

ISSUE OF $45,000 SELL FOR PAR WITH INTEREST AT 5¼.

The Minnesota Loan and Trust company of Minneapolis, last Saturday was awarded $45,000 worth of ditch bonds placed on sale by Pennington county. There were five other bidders as follows: Minneapolis Loan and Trust company, Capital Trust and Savings company, St. Paul; Kalman, Mattison and Wood, St. Paul; John F. Cinclair and company, Minneapolis; Northwestern Trust company, Minneapolis.

The bonds are in denominations of $1,000 each and run for a period of 20 years. That the securities were considered desirable property was evidenced by the manner in which the representatives of the bond-buying companies went after them. The bidding started with an offer to take the issue at 6 per cent and pay a premium of $10. The bidders kept dropping down by quarter cent points until a figure of 5½ per cent with a $20 premium was reached. The best offer was that of the Minnesota Loan & Trust company's representative who offered to take the entire loan at 5¼ per cent flat.

DRAINAGE BILL IS PASSED BY SENATE

AMENDMENT PERMITTING APPEAL TO SUPREME COURT IS RETAINED.

Senator Cliff's drainage bill, introduced early in the session and worked over in committee for several days, came up as special order for the senate session at 3 o'clock last Monday afternoon. It was passed on a roll call vote at 5 o'clock, after hot debate and much questioning.

The bill will enable retention of flood waters and gradual release to prevent disaster to bottom land crops, and its supporters believe it will be of immense value to the state's farmers.

One amendment, Senator Cliff, author of the bill, opposed. This would allow an appeal to the supreme court from an order of the district court establishing a drainage or flood control district. Senator Cliff said this would allow any kicker to tie up an entire project indefinitely. The amendment was adopted in spite of his protest.

Garages Will Close.

All garages in the city have agreed to abide by the following closing rules on Saturday, Sept. 20, in order that the employes may assist in properly celebrating homecoming day: Close at 10 o'clock and open again at 7 in the evening. This will give all an opportunity to stable their cars and to get them out again in time to go home.

Resignation Laid Over.

The city council at its meeting on Tuesday again laid the resignation of Leonard Peterson, superintendent of the water and light department, over until the regular meeting next week. The city dads do not want to accept the resignation until a man is secured to fill the position and are uncertain if a superintendent can be gotten by October 1. Councilmen discussed informally a wage raise for the superintendent but Mr. Peterson has made it plain that it will have no bearing in the case.

SPIRIT AT ST. PAUL MEETING IS REVELATION

HARDSHIPS OF WAR AND TRIALS OF CAMP HAVE NOT MADE BOLSHEVISTS

AMERICA FOR AMERICANS

PURPOSE OF LEGION IS TO FOSTER 100 PER CENT AMERICANISM SAYS SCANLAN.

(By Fred T. Scanlan.)

'Tis a far, far cry from the battlefields of France or the cold wild regions of Siberia to the debating platform of a great peace-time organization; and yet we find those distances easily spanned in the short space of a very few months. And so effectively have they been spanned that when the first state convention of the American Legion, State of Minnesota, convened in St. Paul on September little or nothing was evidenced to indicate that a war had ever entered the lives of those delegates who were present.

Little or nothing was mentioned concerning that epoch-making period from April 6, 1917 to November 11, 1918. And yet, indelibly impressed on each mind present were memories of that great struggle, some pleasant—others not so desirable to recall. These memories were to determine the spirit of the convention. For in the sense of every man present, it was good to be home, and America was worth fighting for, and that America it should be—for red-blooded, one-hundred per cent Americans only.

To anyone present there could not help but come some portion of that spirit which dominated the convention from the invocation to the final adjournment—the same spirit which pervaded and permeated the Yank lines at Chateau Thierry, the Ourca, at Saint Mihiel and the Argonne; that spirit bred of the true patriotism of the true democracy.

Gobs, dough-boys, leathernecks, that is your spirit. The sentiment which makes right the master of might, the spirit which says: "Get right first and then let 'em have it," linked together with that spirit and the bonds of good citizenship, united under the principles for which the Legion stands, you can put things where they rightfully belong. You will be able to make America the abode of Americans only. You can demand a one hundred per cent Americanism from every man who claims the privileges of liberty, justice and democracy for which Old Glory waves.

We shall be so situated that we can prevent the pollution of the country by the dollar-chasing riff-raff and scum of the world with their anarchistic doctrines.

Shall the I. W. W. and the International Socialists be permitted to shout that we have been fools for serving, that America was not worth fighting for?

Shall they be permitted to ridicule and denounce the traditions for which Washington and Lincoln stood? Shall we permit them to exact a living here while at the same time they denounce the principles for whose perpetuation seventy thousand Americans lie asleep in Flanders' fields?

Are we to listen to their red-flag bolshevist, free-love, free-everything doctrines—doctrines which have made Russia the torn, weak, broken shadow of what at one time bade fair to become one of the world's republics?

The answer of good citizenship is no.

The spirit which put the headquarters of the A. E. F. in Coblenz says no.

And yet, peace-loving America is again drifting into that dangerous indifferent coma so characteristic of her.

The attitude of the American Legion is a policy to prevent the recurrence of that passive attitude, to clean up and get rid of the unworthy red-flag anarchists who are endangering the safety of the greatest democracy in the world. That was the spirit which swept the convention in St. Paul.

It is indicative of the sentiments of those who drafted the constitution of the American Legion when they stated that the purposes of the Legion were to "foster a one hundred per cent Americanism to inculcate the duty and obligation of the citizen to the state."

Its policy is not militaristic, nor is it ideal. It is merely the vehicle by which thousands of returned service men express their attitude toward what should constitute good citizenship.

It is the duty of every service man to get into the game and break away from the policy which tolerates all things. The American Legion is the powerful medium organized for the purpose of gaining recognition for the service men.

Any man who saw service in the great war is entitled to the support of every other man who likewise served. Every member of the Legion should feel that so long as he is in the right and fighting for things which are right he has with him the support of the great American Legion organization, his local community the state and the nation.

The American Legion is conducting a gigantic membership drive from September 15 to 20. Pennington County Post No. 117 will complete its drive with a meeting of the American Legion in the Auditorium at 5 p. m. Saturday, September 20, Homecoming Celebration Day. All service men are requested to attend this meeting whether or not they are members of the Legion. Mr. Archie Vernon of Little Falls, who was parliamentarian at the state convention has been secured to address the meeting and he shall have something of interest to every service man.

Let's get together, buddies, and do this up right.

You'll be interested in what this woman said

She was talking to us about her telephone and about our store.

She said: "Do you know, if your store were the only phone station I could talk to, I'd still think my phone was worth more than it costs!"

She said our phone service saved her time, conserved her energy, enabled her to stay home and "go to market" when the weather was bad and was invaluable in emergencies. And best of all, that her groceries cost her no more, quality considered.

Of course her satisfactory phone ordering is dependent on satisfactory service at our end of the wire.

We see that she gets exactly what she orders and that her goods are delivered promptly.

We give her—and all our customers—real grocery service. And real groceries, too—the best we can get in every line.

Take baking powders for example. We carry all the good brands but we especially recommend RYZON.

We've tested it ourselves and we know it is a powder which will make friends for us. It is economical because less is required and because there are more teaspoonfuls per pound. A full pound costs but 40 cents. Of course, it's absolutely pure.

O. L. CRONSTROM

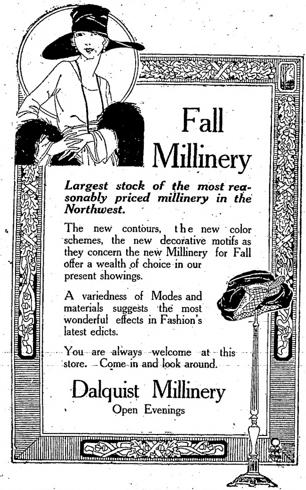
60 DAYS JAIL FOR NON-PARTY HEADS

TOWNLEY AND GILBERT WILL APPEAL IF NEW TRIAL IS DENIED.

A. C. Townley, president of the National Nonpartisan league, and Joseph M. Gilbert, former league manager, were sentenced to three months in the Jackson county jail, the maximum penalty, following their conviction on charges of conspiring to teach sedition, by District Judge E. C. Dean, on Monday. A stay of sentence of 60 days was granted to permit Townley and Gilbert to move for a new trial on the ground of errors in the record. Appeal will be taken to the state supreme court if the motion is denied.

The offense upon which they were convicted is a misdemeanor and ninety-day's is the maximum penalty. The judge decided that an alternative fine of $500 was too light a punishment.

Townley and Gilbert listened quietly to the remarks of the judge and the prosecuting attorney. The court room was only half filled. Now and then each of the defendants smiled sarcastically when a fellow leaguer looked their way.



Fall Millinery

Largest stock of the most reasonably priced millinery in the Northwest.

The new contours, the new color schemes, the new decorative motifs as they concern the new Millinery for Fall offer a wealth of choice in our present showings.

New Fall Styles in LaMere Frocks

The Smart Dresses Designed to Give Graceful Stylish Lines to the Woman of Large Figure

IT is a pleasure to announce the splendid showing of fashionable fall styles that we have ready for women of large size in LaMere Frocks.

From this collection large women will be able to select the fall frocks for all their needs with the same ease as is usual in regular sizes.

LaMere Frocks are smart and express the very best of the new fashion tendencies. At the same time they are developed by clever designers on lines to give a graceful silhouette to the large figure.

An artistic simplicity, an absence of elaborate detail, are notable in these remarkable dresses. They possess an air of distinction that particularly becomes the woman of commanding figure.

By means of an elastic waistband construction, alterations are to a large extent eliminated, and the frocks are also ideally suited to maternity wear.

The ready-to-wear department steps forward with values you'll quickly recognize.

TESTING OF CATTLE BEGUN IN COUNTY

THIEF RIVER FALLS PEOPLE MAY HAVE COWS TESTED AT FAIR GROUNDS SEPT. 24.

Testing of Pennington county cattle for tuberculosis has begun by seven federal veterinarians and the work is going along at a rapid pace. Farmers wishing to have their herds tested should notify County Agent J. J. McCann at the Farm Bureau office so that immediate arrangements can be made to carry the work out.

Cattle must be tested annually for two years or semi-annually three times before the herd can possibly be placed on the accredited list. An effort is being made in this county to have as large a number of accredited herds as possible during the next two years.

Owners of cows in Thief River Falls may have their animals tested for tuberculosis by assembling them at the fair grounds, Wednesday, Sept. 24 at which time the federal veterinarians will be on the ground for this purpose. The cattle should be at the grounds and tied in their stalls not later than 2 p. m., while the test will be completed the next day.

There will be no charge for the work performed and everyone is requested to take advantage of the offer.

VIKING MAN LOSES CAR HERE FRIDAY

POLICE ON LOOKOUT FOR AUTO THIEVES WITH CAR NUMBER 162938—STOLEN FRIDAY.

A Ford car, the property of A. A. Turnell, of Viking, was stolen near the Auditorium last Friday evening while the owner was attending religious services. The car was first missed after the meeting was over and Mr. Turnell was ready to make the start for home.

Police are on the lookout for the auto thieves and several trips have been made by the county authorities into the country. It is thought that the thieves may have taken the car out for a trip and left it standing somewhere, after they had completed their journey. Cars have been missed in Crookston also during the past two weeks and auto owners are warned not to leave their cars so they can be stolen easily.

The missing car is a five passenger 1916 Ford, with license number 162,038 and its engine number is 1204216. The back window is sewed roughly and three ladies' coats were in the back seat. There is also an extra tire at the rear.

A reward of $25 is offered to anyone who discovers the machine.

Job printing at The Times.

"YANK DOODLE IN BERLIN" MAY COME

POPULAR MUSICAL COMPANY AND BATHING BEAUTIES ASK FOR BOOKING.

A. H. Akre, auditorium manager, is in receipt of a communication from the manager of "Yankee Doodle in Berlin," and Mack Sennett's "Bathing Beauties," asking for a booking in the very near future.

The whirlwind musical comedy opened for a two weeks' run at the Lyric theatre in Minneapolis on Aug. 31 and played to big crowds during state fair week. The show will make the principal Northern Minnesota cities and Thief River Falls has been placed on the show's itinerary.

The show is one of the best musical comedies out and is sure to please with its catchy airs. City Clerk Akre has written the manager and it is thought that the troupe will come here for one performance.

Damage Suit Up.

The damage suit of Frank Votava against Gust Berggrin will come up in Municipal court next Tuesday. Votava asks $100 for damages done to his car about three weeks ago, when the Berggrin and Votava car collided on the state road. Berggrin is charged with careless driving.

THE LEAST WE CAN DO.

There will be a homecoming celebration held in Thief River Falls next Saturday and it will be a hummer, as such things go. Never before in the history of the county have the people been so united on one project as in the making of this event a sincere testimonial to the boys who went from their homes to enter the army or navy of their country when the call came. Never has so much money been secured toward providing an entertainment of any kind. Never has the interest in any undertaking been so keen.

And it is but fitting that such should be the case, for no matter what is done it will express but feebly the appreciation felt and the obligation realized.

The returned boys themselves could undoubtedly get along without any such demonstration. They are not calling attention to any particular merit attaching to the fact that they did what they considered heir duty. They feel, many of them—and the best of them—that now the thing is over it would be just as well to forget it and get back to business with as little fuss as possible. But that would hardly be doing the right thing by them or by those among us who remained at home.

We want to do something. We feel that the boys are entitled to some kind of recognition and that no matter how inadequate it may be there should be some sort of demonstration to make them feel as if they were welcome back to their former place in the world. We will all feel better after having done our best to make the returned men realize this.

The celebration itself will be on a scale such as no other community the size of Pennington county has yet attempted. It will cost more money—and this has been provided. It will have more interesting and unique features than has been thought of by any other homecoming committee. There will be no taint of commercialism attached to the proceedings as all business houses will be closed and the entertainment free for all.

Th invitation to attend this homecoming celebration is general. It is not necessary that a person be a resident of Pennington county in order to participate. In fact the soldiers from nearby counties who because of their location will find difficulty in attending the celebration at their own county seats are particularly invited. There is to be no close scrutiny as to where any man in uniform may hail from. Let them all come. There will be plenty and they are welcome. It is the least we can do.

THE TRI-COUNTY FAIR.

The past season has not been the best in the history of the section represented by the Tri-County fair to be held at Goodridge next Monday and Tuesday. The people there are determined, however, to prove that so far from being put out of business they have simply made the best of things and are prepared to prove to the world that they reside in one of the greatest regions on the continent.

This fair is in reality of vastly importance to the people of western Beltrami and southern Marshall counties than it is to those residing in the eastern townships of Pennington. The latter have but a short distance to bring their products in order to exhibit them at the annual county fair in Thief River Falls, whereas the Beltrami and Marshall county residents in those parts, because of the distance from their respective county seats and the rather unsatisfactory highway facilities existing in the territory that must be traversed in order to reach the point of exhibition, have no such opportunity. This fair will give them a chance to show the world something of the progress that has been made in those outlying districts in spite of the handicaps with which they have had to contend.

It is only a few years ago that the territory in the vicinity of Goodridge and Grygla was an Indian reservation and regarded by everyone as a wilderness in which settlement would be slow. As a matter of fact no section of the Northwest has progressed so rapidly. Fine farms and good sized towns and hamlets now dot the entire region, which has not even yet come into its own. Railroad facilities are lacking and much in the way of drainage and other improvements remain before the country will be at its best, but the advent of these, is only a matter of time, and a short time at that.

It is a plucky citizenry inhabiting that section and it has accomplished wonders. The exhibits at the fair will give some idea of the progress made, but better yet is a visit to their farm homes.

The people residing in other sections of Pennington county should make it a point to visit Goodridge at fair time. They will be satisfied with what they find.

RIVER IMPROVEMENT IN SIGHT.

In another section of this issue of The Times will be found the tentative draft of a bill to be shortly introduced in congress and having for its purpose the drainage of certain lands in northwestern Minnesota thru the deepening and straightening of the Red Lake river. Congressman Steenerson has for years been working on this project and to his untiring efforts is largely due the fact that the measure now goes before congress with the endorsement of the War Department and of Secretary Franklin K. Lane of the Interior Department.

The percentage of cost to be borne by the Federal government, either as part of the original outlay in making the improvement or as maintenance, is very small, but this could only be appropriated on the score of the river's value as a navigable stream, which is practically nil.

The estimated cost is in round numbers $800,000. Of this the waterpowers along the stream and the lands benefiated would have to pay $488,000 while the share of the Indians would be $280,800. It is probable that this division is as just as it could be made.

The matter is now practically up to the residents of the section affected. If they are willing to stand their share of the expense there is every reason for supposing that the work can be begun at an early date. It is certain that the government will go no farther until assured that the amounts assessed against the various local interests will be forthcoming. The principal thing now is to find whether or not the owners of lands along the stream are willing to stand their part of the expense.

The State of Minnesota is expected to contribute rather liberally toward this improvement. The proper drainage of this area would make available for agricultural purposes some of the finest land in the United States. The only drawback to its early and complete settlement is the danger held out by the river overflowing its banks and thus ruining the crops. With this threat removed hundreds of thousands of acres now idle would be dotted with prosperous farms. This would mean a great deal to the state and the legislature cannot make a better investment than to get behind this movement with an appropriation sufficiently large to lighten the burden for the other interests involved.

This matter should be receiving more attention than is at present being accorded it, particularly by the people in this neighborhood. The four principal cities on the Red Lake river are Crookston, Thief River Falls, Red Lake Falls and St. Hilaire. Every person in any way interested in or around these municipalities should be working to help get this drainage matter started. Congressman Steenerson has done about all that can be accomplished at his end of the line and it is now up to the people themselves. The proposition is surely worth their very keenest attention.

"FAIR FOOD PRICES."

Price-fixing committees may mean well enough but so far we have failed to find any place where the residents have gone into raptures over their achievements. The lists issued are, however, interesting as it gives people in other communities an opportunity to compare the prices they pay at home with those charged elsewhere.

At the present time there is not a fair price committee functioning in Thief River Falls, but the people do not seem to miss it greatly. A glance over the quotations published by such committees in other places proves that residents of this city are securing their necessities at a lower cost than in almost any other place in the neighborhood. The difference in some respects is so marked as to be astonishing.

In making comparisons of this kind it should always be remembered that merchandising conditions vary greatly in different localities even in the same section of country. What might be a fair price in one city might afford the merchants of another a greater profit than they are entitled to, or the opposite could just as easily be the case. Rents, taxes, insurance and other items enter into the cost of doing business and these differ in different communities.

Were it not for the difference in this overhead the prices paid at Grand Forks and at Thief River Falls, for instance, should be the same. It will be found that such is not the case. The prices, on groceries, particularly, are higher in the Dakota city than here, according to the list published a day or two ago in the Grand Forks Herald and issued by the fair price committee. The Times does not for a moment wish to give out the impression that where the prices are higher the merchants of Grand Forks are getting more than they should. The probabilities are that they are working on just as small a margin as those doing business here, the overhead cost making up the difference. Attention is called to the matter simply for the purpose of furnishing a comparison with a nearby city and to prove to the public in this neighborhood that it is being very fairly used by the merchants.

The following prices on staple grocery supplies were taken from the Herald's list and the local price secured from different merchants:

	Gd. Fks.	T. R. F.
Flour, 98 lbs.	$7.15	$6.50
Flour, 49 lbs.	3.65	3.40
Sugar	.11	.11
Tomatoes	.11	.08
Peas, No. 2	.17	.15
Corn, No. 2	.18	.20
Milk, tall Carnation	.18	.20
Rice, lb.	.18	.15
Catsup	.30	.30
Karo Syrup, blue	.85	.90
Karo Syrup, red	.95	1.00
Salmon, tall pink	.23	.25
Silver Leaf Lard, 1 lb. carton	.40	.40
Navy Beans	.10	.10
Lipton Tea "A"	.85	.85
Lipton Tea "B"	.80	.80
Lipton Tea "C"	.70	.70
Baker's Chocolate	.50	.50
Barrington Hall Coffee	.58	.55
Fels Naphtha Soap	.09	.09

At Grand Forks the retailer gets a profit of five cents over the wholesale cost of creamery butter. In Thief River Falls the spread is only two cents. The same ratio holds good in the case of eggs. Oleamargarine is sold five cents per pound over the wholesale price in both places.

The above list, as before stated does not indicate much of anything except that the people of Thief River Falls are not being misused by their retailers. Sometimes it is well to remember these things.

A MATTER OF INVESTMENT.

No good business man would continue to deal with a house if he discovered that another in the same neighborhood stood willing to give him better service and a lower price on the goods he needed. He would give the claims of the bidders for his trade the most careful scrutiny and finally place his order where price and service were in his favor. This is the system he follows in the majority of his transactions.

When it comes to advertising, however, the plan is very often different. He goes ahead and places his announcements without having made any special inquiry as to whether or not the paper he employs reaches the people. Sometimes all he looks at is the cost per inch of any advertisement he may place, gives it to the paper quoting the lowest figure—becomes disgusted with the results and quits advertising altogether.

If this same man had given this part of his business the same careful study he bestows upon the rest of it he would not have been taken in. He would have found out that the paper read by the people is the only one in which his advertisements are of any value. He would have discovered that advertising is a business proposition pure and simple and that in order to bring returns it must be studied with as much care at least as any other department of his business.

The Times invites such investigation on the part of business men. This paper has now the largest circulation of any weekly newspaper in the state. A subscription campaign recently closed added a thousand names to the list, making the total five thousand. More than ninety-five per cent of these papers go to people living in Pennington and adjoining counties. All but a very few reach homes within the trading territory of Thief River Falls. Every copy is read by every member of the family able to read.

At the very lowest calculation this means 15,000 readers every week. Does the merchant realize the pulling power of an advertisement placed before this many pairs of eyes. Is any other kind of advertising to be compared with it in value?

The Times invites an inspection of its circulation lists. There is nothing comparable to them in any weekly newspaper office in the state and the advertiser is not only welcome to look them over but is urged to do so.

Advertising in The Times is low in cost. The present price is equivalent to five cents per inch per thousand of circulation—a fact well worth considering when the item of price is under discussion. Papers with a circulation of 1,000 per week must have fifteen cents or more per inch in order to exist—three times the amount asked by this newspaper.

The advertiser buys circulation. He buys it for less money in The Times than in any other newspaper in the state.

A BRILLIANT PROPOSITION.

It is of course expected that a certain amount of freakish legislation will be attempted whenever there is a session of the legislature, but it was rather figured that a short special term might pass without any attempt in this direction. It was not to be, however.

House File No. 21 is a measure so foolish and impossible that it merits no comment, but at that there are likely shortsighted people who believe that legislation along the lines laid down in that bill would be a good thing. It is proposed that all merchants be compelled to mark the cost price as well as the selling price on all articles they handle, thus showing the exact profit resulting from a sale. The idea was of course to show the difference between the cost to the merchant and the price received by him—all of which would prove nothing at all after being disclosed. So many factors enter into cost besides the price actually paid for an article that any attempt to figure out from this basis what the ultimate consumer should pay would be absolutely futile.

Suppose that this matter were carried to its logical conclusion. It would be only a short time until the farmer would have to show just how much it cost to raise a bushel of wheat or a hog in order that the final retail price could be fixed. No bill could be framed so as to cover one particular line of business and the laboring man would be exactly in the same fix as the merchant and the farmer.

The bill has naturally no chance of passage but it is too bad that it should be permitted to take up even a short time during a particularly busy session.

PEAT LAND FUTURE.

Peat is now regarded as a commodity which not only fails to possess any value in its own right but is an absolute detriment to any section wherein it is found. But peat has its uses, and, far-fetched as the connection seems, it is now probable that the fuel shortage in this country may have the effect of disclosing a use for it.

Peat will burn and furnish a very satisfactory substitute for coal. It can be produced at a fraction of the outlay necessary in order to get coal to the consumer, presuming that the latter will be able to get fuel when he wants it. Under ordinary circumstances it is doubtful if peat could be marketed in competition with the more popular fuel, but it begins to look as if something will have to be done to provide a substitute that is even measurably satisfactory.

In another column of this issue is an article by H. W. Richardson and published in the Duluth Evening Herald that will prove of interest in this connection. It is not very likely that any immediate relief is to be derived from this source, but the matter is worth considering and any attempt to utilize the vast peat deposits of the state for this purpose cannot help but interest the people of this section greatly.

European countries have utilized peat as fuel for centuries and there is no reason for supposing that the same thing cannot be done here. Thus far *it has been much easier and cheaper to employ coal or wood for heating.* With the constantly rising cost of the former and the gradual depletion of wood-bearing areas there is a big future for peat if it can be produced at a cost sufficiently low to make its employment feasible.

NORTHWEST AGGIE OPENS OCTOBER 7

ENROLLMENT EXPECTED TO BE LARGER THAN IN ANY PREVIOUS YEAR.

The Northwest School of Agriculture, Crookston, will open Tuesday, October 7. The early registration and reservation of rooms is larger at this time than for any previous year. The early season will enable most of the students to enroll on the opening day.

The courses offered are of a practical nature and are designed to fit young men and women for successful farm life and useful citizenship. The courses for girls include work in cooking, sewing and household art supplemented by courses in business and music. The courses for boys consist of practical work in field crops, stock and shop work. Much time is given to farm engineering, consisting of work with tractors, automobiles and stationary engines. The school is well equipped with laboratories and supplies for full instruction in all of these lines.

Being a state institution, there is practically no expense beyond that for board and room. Board and room at the school may be obtained for from $19.50 to $20.00 a calendar month. Boys and girls who are interested should write to the Northwest School of Agriculture for further information.

Kids Some Hikers.

The six year old son of Mr. and Mrs. Olun and the five year old son of Mr. and Mrs. John Holum went for a short visit on the East Side last Sunday and in some way became lost and wound up by landing in Hazel. Police were notified of their disappearance and Chief Erickson instituted a search north of the city. They were later informed that the youngsters had been brought back to the city by someone returning to the city from Hazel.

TEN AND 20 YEARS AGO

Twenty Years Ago.

The annual report of Superintendent of Schools Jeffers showed that there were 3,200 children in attendance as compared with 2,981 the year previous. Five new districts were added during the twelve month period, making the total 74. Eighty-three teachers were employed, 23 of whom were men. The average wages of men teachers was $38.60 and of the women $33.00.

P. Moylan took the contract of cutting from eighteen to twenty million feet of logs for the Thief River Falls Lumber company.

It was reported that E. M. Evenson of Thief River Falls would soon start a sawmill on the Little Tamarac river.

Will Kratka made a round trip to Red Lake Falls on his bicycle in one day.

The body of Lawrence, the little son of Mrs. Jennie Cunningham, was found floating in the river just north of Spring mill. The body had been missing several days.

J. Rodgers, living southwest of the city, harvested a field of oats 90 days after seeding and it was a fine yield.

W. F. Bohrns was installed as station agent for the Great Northern, succeeding J. Van Zandt.

The Indians in the neighborhood were pressed into service as laborers. Never in the history of the city were men so scarce.

Capt. McDonald, in charge of the government work on the river, was removing large boulders at a great rate. He was taking out between 300 and 500 of the boulders every day, some of them containing nine cubic yards.

Ten Years Ago.

County Commissioners returned to ditch fund $35,000 transferred to general fund for the purpose of building a courthouse. It was done by order of the courts.

Ditch No. 35, generally known as the Knox ditch, was let to A. M. Arpin, the contract price being 25 cents per cubic yard.

Governor John A. Johnson was critically ill at the Mayo hospital, Rochester.

O. A. Naplin arrived in the city during the week and was busy looking after the remodeling of the quarters to be used by the new commercial college which he was to open in partnership with G. T. Almen.

Dr. H. B. Newell went to Chicago to complete his course as a veterinary surgeon, intending to return and locate here at the close of the term.

28 TIMES ACROSS RECORD OF BROWN

RETURNED LOCAL TAR SEES OVER ONE YEAR'S SERVICE IN FOREIGN WATERS.

Roy Brown, former employe of The Times, returned to Thief River Falls Friday after having served his country for over two years on transport duty. Brown holds a record that is hard to beat, for he has made fourteen trips to France and England making a total of 28 times that he has crossed the Atlantic.

The returned jackie enlisted in July, 1917, at Salt Lake City, Utah, and after a course in training was sent East and placed on the transport Finland, crossing the ocean several times with troops in this boat. He was transferred to different vessels on return trips to the United States.

During the time spent in Uncle Sam's navy, Brown was engaged in the baking department and attained the rank of baker first-class.

The young man expects to go to Minneapolis after he has completed his vacation and will be employed in one of the large bakeries at the Mill City.

He received his honorable discharge in Minneapolis last Friday.

Poultry Show at Plummer.

There is much interest in the first annual exhibition of the Red Lake County Poultry association which will be held at Plummer on Sept. 24, 25 and 26. Prizes are offered for nearly every kind of fowl raised in this section of the country and it is expected that the exhibits will be numerous. A regular market day has also been arranged for the 26th, at which time the merchants of the village will make special prices to buyers.

Ten Days Free Interest

Now is the time to make a deposit on your savings account or to open a new account. The next dividend period starts October 1st and all money deposited on or before October 10th will draw 5 per cent compound interest four times a year from October 1st.

Ye Towne Gossip

Attorney H. O. Chommie was a business caller at Warren Monday.

Mrs. O. S. Kirklie of Goodridge, was a business caller in this city Saturday.

Harold Smithers returned Monday from a short visit with friends in Minneapolis.

William Kreutzer of Windom, arrived Monday for a week's visit at the home of Mr. and Mrs. G. Adolph.

Mr. and Mrs. E. H. Holmstrum left Monday evening for Minneapolis for a week's visit with friends and relatives.

Mrs. John Skog returned Sunday evening from Bronson, after a few days' visit at the home of her niece, Mrs. Glen Richardson.

Tom Majeres, operator at the Crookston Great Northern depot, spent the week-end with his parents, Mr. and Mrs. Nick Majeres.

Theodore Hunt, assistant bookkeeper for the Thief River Grocery company, spent the week-end visiting with his parents in Red Lake Falls.

Miss Mabel McGinnity spent the week-end with her parents, Mr. and Mrs. W. McGinnity. She returned Monday morning to Brooks, where she teaches school.

Mrs. Glen Farmer and children of Ardoch, N. D., arrived Friday evening and were guests at the home of the former's sister, Mrs. L. G. Larsen, 610 Bridge street, for a few days.

Mr. and Mrs. J. D. Wallace, who have been employed for the past six months on a farm south of this city, left Friday for Grand Forks for a month's visit with friends and relatives.

Allen Fossum and sister, Miss Emily, stenographer at the Winton-Nichols Lumber company's office, left Friday evening for Waukon, Iowa, for a two weeks' visit with relatives and friends.

Mrs. Jennie Erickson, Roy, Genieve and Myrtle Erickson, Wilma Booren and S. Salveson, motored to Karlstad Sunday and spent the day visiting with friends. They returned by way of Bronson.

Mr. and Mrs. W. Rhodes and children left Tuesday morning for Overly, N. D., where they will make their future home. Mr. Rhodes had been employed as car inspector in this city but was transferred to Overly recently.

Miss Laura Wold of Highlanding, visited Thursday and Friday at the home of Miss Olga Larson. She left Friday afternoon for Rugby, N. D. Miss Wold has accepted a position in one of the North Dakota rural schools.

Mr. and Mrs. Frank Smith and children, and Robert and Charles Mathees, left Saturday morning for Bemidji for a short visit. Mr. Smith and Robert Mathees returned Monday evening leaving the rest to visit the remainder of the week.

August Anfinson, clerk at the Great Northern depot, left Saturday for Roseau. He was anxious to be on hand for the opening day when the hunting ban was no longer of any importance. The young man expects to return on Thursday well supplied with game.

Mrs. Ole Legvold, Jr., and son, Norman Orrin, departed Friday on an extended visit to different points in Wisconsin. They will visit for a month with Mrs. Legvold's parents, Mr. and Mrs. N. Paulson in Cumberland and with friends and relatives in EauClaire.

Mrs. D. P. O'Neill left Thursday evening for Minneapolis, where she will make her future home. Mrs. O'Neill recently returned from a two months' tour through the western part of the country. She has been a guest at the home of her daughter, Mrs. M. H. Connelly, for a couple of weeks, during which time she finished packing her household goods.

Corp. John W. Ferdinandson of Goodridge, a former resident of this city, who has been home on a thirty-day furlough, returned to duty at Camp Quantico, Va., last Friday evening. Corp. Ferdinandson is in the Marines, and has served three years and two months. He was stationed in France for 28 months. The young man has nearly a year left in the service of the U. S. A.

Mrs. G. Halvorson and daughter, Miss Doris, left last Saturday evening for Minneapolis. They will visit friends and relatives for a short time and plan on meeting Miss Ausilga Sorenson there, from which place Miss Halvorson will accompany her to Chicago. After a short visit there the latter will continue her trip to Oberlin, Ohio, where she will resume her studies in music. Miss Sorenson will make Chicago her headquarters for a short time before starting her concert work. Mrs. Halvorson will return the latter part of the week.

Miss Ausilga Sorenson, instructor in violin with the Thief River Music company for the past six months, took her departure Saturday afternoon for the home of her parents at East Grand Forks, where she will visit for a short time before going to Minneapolis to join a traveling concert company. The many pupils of Miss Sorenson and the music-loving public regret very much to see her depart from the city. Miss Sorenson has played at many public functions during her stay here and her playing has always proven a delight to everyone. The young lady violinist has had much experience in concert work and she leaves with the best wishes of all her friends for success.

Mrs. Oscar Fellman of St. Hilaire, spent Saturday in this city shopping.

Mrs. L. Quale left Friday evening for a short visit with friends in Minneapolis.

Andy Williamson left Sunday evening for a few days' visit with friends and relatives in Minneapolis.

Miss Anna Harder, a student in the local high school, spent the week-end at her parental home in St. Hilaire.

Mrs. Victor McLeod of Goodridge, arrived Wednesday and was a guest of Miss Myrtle Erickson until Saturday.

D. K. Bryant returned Monday evening from Cass Lake, after a few weeks' visit with friends and attending to business affairs.

Mrs. O. Borstad left Saturday afternoon for Crookston to receive medical attention. She expects to be absent for a couple of weeks.

Russell Anderson, Joseph Cloutier and Elmer Larson returned the latter part of the week from Alvarado, where they had been working.

Mrs. A. Borgen of Badger, arrived Saturday for a week-end visit at the home of her parents, Mr. and Mrs. J. J. Borgen. She returned Monday.

Mrs. Isaac Wilson and sons, Chester and Woodrow, and Mrs. K. Thuraldson of Plummer, motored to this city Tuesday and spent the day shopping.

Mrs. Ole Isaacson and daughters, Misses Mabel and Henrietta, returned Sunday morning from Minneapolis, where they had attended the wedding of their son and brother, Chester.

Mrs. Ruth Kennison, who has been visiting with friends in this city and neighboring towns during the summer months, left Friday evening for Minneapolis where she will make her home.

Miss Stella Nepstad of Green Cliff, Mont., arrived Saturday evening and will make her home with her grandparents, Mr. and Mrs. Ole Flattum, during the coming winter. The young lady will attend high school.

O. L. Cronstrom returned Saturday morning from Grove City, and Minneapolis, where he had been visiting with relatives for two weeks. He visited with his mother, Mrs. Anna Cronstrom in Minneapolis, for a week.

Rev. M. Hauser and family came over from Warren Monday to visit with the Rev. F. J. Seltz family. Rev. Hauser and Rev. Seltz left for Ada Tuesday to attend a session of the Park Region Lutheran conference, while Mrs. Hauser will spend the week here.

Prof. Norman James of Winnipeg, arrived Saturday evening from Backoo, N. D., where he visited for a few days with relatives. He will visit for a week in this city with his uncle and aunt, Mr. and Mrs. James Farr, Sr. Mr. James is an instructor in the agricultural college in Winnipeg.

Mrs. W. Laurent and children, Marion, Lester and Milton of Grand Forks, arrived Friday from Kratka, after visiting at the former's parental home for two weeks. During their stay here they visited at the home of their cousin, Miss Lottie Austin. They departed Saturday for Grand Forks.

Elmer Tandberg, who has been employed at Hatton, N. D., for the past two months, returned Monday evening. He was accompanied by his cousin, Mrs. Emma Stenum, who will visit for a short time at his home before continuing her trip to the West. Mr. Tandberg will leave in a short time for St. Olaf's college, at Northfield.

Miss Vera Dixon of Des Moines, Ia., who has been visiting at the home of Mr. and Mrs. J. M. Bishop, for the past month, departed Monday evening for the Iowa State college at Ames, of which she is librarian. Enroute she will visit the libraries in St. Paul and Cedar Falls to view plans for the new library which is to be built in Ames. Miss Dixon will be present for the opening which will be on Sept. 22.

Mr. and Mrs. Mauritz Brink returned Monday morning from a short honeymoon trip to Minneapolis. The young couple had plans made for an extended trip to the coast, but business before pleasure always. Mr. Brink was called back to fill a vacancy in the chief clerk's office as operator, which was made when Phil Bryant was transferred to the Superior division. Mr. and Mrs. Brink will make their future home at 209½ Third street east.

Mrs. Robert Windus of Grand Forks, was a guest of Miss Margaret Ristad the latter part of the week. She departed Saturday accompanied by Miss Ristad as far as Red Lake Falls, where they will visit over Sunday at the home of the latter's parents. Miss Ristad, stenographer for the Thief River Grocery company, for the past eight months, resigned her position and will leave for Grand Forks in the near future where she has accepted a position. The vacancy at the local wholesale house will be filled by Miss Lena Lonson, who recently returned from a Minneapolis business college.

Good cash prizes at the Red Lake County Poultry show, Plummer, Sept. 24, 25, 26. s18

They will later continue their trip to Kansas City for a week's visit with relatives. They expect to return in ten days.

The Union Dentists announce the Saturday, Sept. 20, in the Scandia Block. s18

MARIA SANFORD TO SPEAK HERE SOON

WILL APPEAR UNDER AUSPICES OF WOMAN'S CLUB OCT. 20.

The Woman's club of Thief River Falls has planned an unusual program for the coming season. Eight special features have been provided at a cost of $200 and the first of these will be presented on Oct. 20, when Miss Maria Sanford of the University of Minnesota, one of the most noted woman lecturers in the country, will deliver an address. There are five other numbers on the program calling for lectures by members of the university faculty, each one of special interest. There are also two musical numbers to be presented as a variation to the program of lectures and these will be of a distinctly high order.

Club members will be admitted to these entertainments free, a small admission being charged those who are not on the roster of the club. Any woman may join by the payment of $1.00 as a membership fee and any one of the special numbers provided are worth more than this amount alone.

So far as known the Thief River Falls club is the only one in the state that has made any such provision for entertainment and instruction during the coming season.

A county organization affiliating with the Woman's club has been formed, of which Mrs. H. W. Froehlich has been made secretary. This is part of a plan of the General Federation of Woman's clubs to reach out and interest the women of outlying sections in the work of the organization. An executive board will soon be formed composed of women representing every part of the county and meetings will be held from time to time for the purpose of discussing plans for general betterment.

NOT A CHANCE FOR FREAK IN SENATE

HOUSE FILE NO. 21 HAS NO CHANCE OF BECOMING LAW.

In common with the merchants of practically every city in the state, those of Thief River Falls were somewhat surprised when the news came that some misguided patriot in the house of representatives at St. Paul had introduced a bill which would make it compulsory for retail dealers to mark the cost price of an article on every piece of goods handled by him in order that the purchaser might see just how much of a profit was being made on the sale. While the passage of any such measure was not greatly feared, yet it was thought best to enter a protest, receipt of which was acknowledged by Senator A. O. Naplin in a letter to The Times this week in which he says:

"In answer to numerous telegrams from merchants in my district, kindly inform them thru the columns of your paper that House File No. 21 has no chance of becoming a law. I understand from members of the house committee that the bill has been indefinitely postponed, but if the same should come up on the floor of the senate I will oppose it with every means at my command."

Confirm Appointment.

The city council confirmed the appointment of Dr. Jacob Biederman as health officer for the city of Thief River Falls at its meeting Tuesday evening. The communication from Mayor Penney informing them of the appointment was read at the last meeting but the city fathers did not confirm the mayor's move at that time and it was pointed out Tuesday evening that the city had been without a health officer for a week, so the council got busy.

FROM WAR TO BANK JOBS

Before going to France, Wm. H. Dickson took the Commerce and Banking Course at the Dakota Business College, Fargo, N. D. Returning, he took a Post Graduate Course and has just accepted the responsible position of Assistant Cashier of the McLeod State Bank, McLeod, N. D.

Rob't. C. Hintz, another D. B. C. graduate home from France, was elected Ass't. Cashier of the First State Bank at Dunn Center.

Fall Business Courses are now starting. For particulars, address F. L. Watkins, 806 Front Street, Fargo, N. D.—Adv.

Notice, Sons of Norway

All members of Snore lodge are requested to meet at their hall at 9:30 a. m., on Saturday, Sept. 20, for the purpose of taking part in the parade in honor of the returned soldiers and sailors.

Ice Ice

To Our Patrons

Owing to the unusually warm weather this season, there is a shortage of ice in all the cities of the northwe and this condition prevails to a certain nt in Thief River Falls. However, we h e arranged to have ice shipped in and wil possibly get enough to tide over until we get a new crop. We have purchased material and have let the contract for a large modern insulated ice house, and hereafter our storage capacity will be such that we will be able to supply all demands for ice without fear of a shortage.

Boys suits cost more than they used to. You are willing to pay, but are you getting the quality? 100% pure wool suits, the kind we sell, give more wear and satisfaction. We guarantee this in our clothes. If you don't get it, your money back. You to decide. That is a lot better than going after doubtful values, isn't it? If you pick a bad one there you are out the money. No Sir; better not take a chance this season. Come here for a sure thing.

Style pleases the youngster and pleases the parents, and stylish colors with wearing qualities form a combination which is irresistible. The illustrations presented on this page show attractive styles in boys clothing produced by leading manufacturers.

Railroad News Notes

TELLS HOUSE TO BURY PLUMB PLAN

WITNESS DECLARES PLAN ENDANGERS NATIONLIZATION OF INDUSTRIES.

The Plumb plan for tripartite control of railroads under government ownership must be buried beyond all hope if it is not to be made the "rallying point" for the nationalization of all industries, Edgar J. Rich, transportation council for the associated industries of Massachusetts, declared Saturday before the house interstate commerce committee considering legislation for the final disposition of the railroads.

The railroads, under this plan, he said, would be operated for "the benefit of the workers" while the public would assume all the risk of loss. The greatest defect of the plan, he declared, is that of two-thirds representation given the workers and railroad officers on the proposed wage fixing board would enable the workers to "dominate" the board and fix their own wages, regardless of revenues, with the public to stand any resultant losses.

New Cars Added.

New freight cars are being placed into service by the railroad administration at the rate of 834 a day and every effort is being made to relieve the car shortage occasioned by the movement of fall crops and revived business, Director General Hines announced last Saturday.

Car Foreman Conklin reports there is a sufficient number of cars on hand in this section to handle the situation well, while at Grand Forks a shortage is feared if more cars do not arrive.

A Fine Publicity Work.

The United States Railroad administration has issued a pamphlet entitled "Minnesota" and designed for the use of all railroads in the state. It is an excellent work on resources, products, and general enterprises, well written and excellently printed. The section around Thief River Falls is given considerable space and the different enterprises treated in a sane and sensible manner. The work is full of very good half-tone engravings depicting scenes on the farms of different sections, the Red River valley coming in for a good share. The booklet will help greatly in calling attention to the possibilities held out to farmers in the North Star state.

Train Holdup.

Four bandits held up the coach on a stock train on the Soo line near Balfour, N. D., and took more than $400 in cash, watches and valuables from 10 Montana stockmen. Police and sheriffs' posses are covering the country for miles in every direction, but have as yet been unable to locate the gun men.

Division Jottings.

Bernard Burggraf is back as day caller, relieving John Meigaard.

T. J. Rowan, soo train dispatcher, left for Superior Monday evening on a business trip.

O. F. Enlers, Soo agent at Alexandria, went to Minneapolis last Friday on a brief business mission.

G. A. Johnson, Soo roadmaster, left for Minneapolis the forepart of the week to look after business affairs.

A crew of workmen began work the first of the week putting in a new plank crossing at the Soo tracks on Third street.

Mauritz Brink is back on the job pounding the brass in the dispatcher's office after a short honeymoon spent in the Twin Cities.

Philip Bryant, Soo dispatcher, has been transferred to the Duluth-Superior branch and has gone to work at the Superior office.

G. Elinson, roadmaster for the Soo at Detroit, leaves this evening for Washington, D. C., where he was called to attend to business matters.

J. S. Jensen, Soo agent at Viking, is on a two weeks' vacation. He is being relieved by Frank Horn, former agent for the Great Northern at Holt.

W. A. Barnard, superintendent of the Soo Winipeg division, left for Kenmare, N. D., on Tuesday morning to enjoy a few days of duck hunting.

Walter Palm, station agent at Russell, N. D., is on a short leave of absence owing to the death of his father. During his absence he is being relieved by L. T. Machart.

Miss Nettie Ove, assistant accountant at the division offices, leaves this evening for her annual vacation. She will visit with friends in Minneapolis after which she will proceed to Kansas City and other points.

A car containing furniture and household goods was derailed at the Great Northern tracks Thursday morning. The front trucks of the car came off and it was necessary to take the box completely off to clear the track, after the contents had been removed.

Back From Iowa.

Mrs. August Lautenbach and daughter, Miss Alvina, returned Saturday to their farm home in Silverton township after a pleasant visit *with friends and relatives* at St. Ansgar and Osage, Ia. While in Iowa Miss Lautenbach took advantage of her visit and spent a short time at the C. F. Gardner nursery and learned many points regarding the raising and planting of strawberry plants. Mr. Gardner is one of Iowa's famous strawberry producers and has developed some wonderful plants. Miss Lautenbach has experimented a great deal with the raising of these plants and has met with much success. She now has a bed of these plants 8 miles east on her farm and intends to remove them to Thief River Falls this fall and will place them on sale. She is thoroughly convinced from what she saw, that Pennington county is a better place to raise the plants than Iowa. Miss Lautenbach will be very glad to divert any information she has on the subject and will assist anyone who purchases any of her plants.

No More Concerts Outdoors.

The Thief River Falls band wound up its outdoor concerts last Thursday evening. Owing to the fact that it becomes dark before the full concert can be given, it is impossible to continue the popular entertainments. The bandmen will settle down to some hard practicing at once to prepare concerts to be given during the fall and winter months at the auditorium, and lovers of good music can look forward to something fine along this line during the coming months.

The Times carries more advertising than any other county seat weekly in the state. Its large circulation makes it a valuable medium.

Notice For Bids.

Sealed bids will be received by the Water, Light and Power Commission of the City of Warren, Minnesota, at the City Hall up to September 29th, 1919, at 7 o'clock P. M., for the furnishing of all labor and tools necessary to construct, build and lay three-fourths inch lead water pipes, make the necessary connections and install service boxes in the City of Warren.

2560 lineal feet, more or less, of excavation. All service pipes must reach a depth of at least 7 feet below the grade of the street or avenue.

Submit separate bids for open ditch, and pits and boring.

All bids must be submitted on the basis of per lineal foot.

Certified check of 5% of the amount of the bid must accompany all bids.

The right to reject any or all bids reserved.

Specific information will be given on request.

Water, Light and Power Commission of the City of Warren, Minnesota.
A. B. NELSON, President.
J. R. Naeseth, Secretary.

Pioneer Quits Farming.

Nels S. Nelson, one of the old-timer residents of the town of Excel, this week sold his farm, consisting of 240 acres of fine land, to John Bratrud. Mr. Nelson will move to Thief River Falls, having purchased the I. G. Sands property at 203 Duluth avenue north. He will hold an auction of his stock and farm implements on Sept. 24, at which time a particularly large assortment of desirable personal property will be disposed of.

Returns From Dakota

Olaf Samuelson will return to his home this evening from a two months trip to Devils Lake, Bismarck, and other points in North Dakota.

NELS S. NELSON, Owner
H. S. DAHLEN, Clerk. W. J. LaBREE, Auctioneer

PLANS ALL SET FOR GIGANTIC SOLDIER MEET

SPORTS COMMITTEE TO ARRANGE FOR PRELIMINARY BOXING BOUT.

POST TO BE GIVEN NAME

SPEAKER SECURED TO ADDRESS BIG LEGION MEETING AT AUDITORIUM.

At a meeting of the American Legion held in the Commercial club rooms Friday evening, Sept. 12th, final arrangements for the monster organization meeting of the local post of the Legion were made and the following committee named to take charge:

Fred Scanlan, chair; Ted Hunt, Henry Froseth, L. C. Nielsen and Hary Bothun.

Owing to the fact that the time alloted for the meeting is from 5 p. m., to 7 p. m., "Victory" buttons will be issued on the fair grounds from 11 a. m. to 4 p. m. and volunteer committees from the Legion will be on hand to take applications for membership the schedule of the committees being as follows:

11-12—L. C. Nielsen and L. H. Lawrence.

12-1—Fred Scanlan and Henry Froseth.

1-2—Bernard Burggraf and Raymond Johnson.

2-3—Derby Anderson and Charles Prichard.

3-4—Ted Hunt and Carl Gulrud.

Headquarters Designated.

There will be a large sign designating the American Legion headquarters on the grounds and it will be shifted to the Auditorium at 4:30 p. m., and Hardy Bothun and the membership committee will take charge at the meeting of the securing of memberships.

It was determined at the meeting to defer the adoption of the constitution to a meeting following that of the 20th, for the reason that too much time would be consumed and the adoption meeting will be called by written notice calling the members attention to the purpose of the meeting.

Boxing Bout Planned.

The sports committee of the Homecoming having offered a prize of $25.00 for a preliminary bout between a Doughboy or Marine and a Gob. Bernard Burggraf, Derby Anderson and Carl Gulrud were appointed to arrange the bout and any Soldier, Sailor or Marine who has ambitions that are inclined in that direction are requested to communicate with the committee and arrangements for an elimination contest will be made and the winners will show in the ring on Homecoming day.

The bout, a grenade throwing contest and a 100 yard dash are exclusive for service men but service men are invited to enter all events on the program.

Henry Froseth was delegated to procure a bayonet squad to give a demonstration of the gentle art of Hun strafing via the bayonet route and no doubt the event will be of great interest to those who have not had the pleasure of exercising at that gentle and invigorating art and all artists of the bayonet will kindly report to Hank to enable them to be let into some back lot where emitting of grunts and such other demonstrations of the art will not interfere with the natural course of events.

American Legion Day.

Mr. Doughboy, Marine, Gob and Miss Nurse, don't forget that the 20th of September is American Legion day and put this vicinity across with a membership to be proud of.

Owing to the fact that there are many service men in Red Lake, Marshall and Beltrami counties to which the local post is handier than one established in their own county, they are all invited to join the local post and for the purpose of eliminating boundary lines. To show our respects to our honored dead the name of the local post will be changed at the meeting of the 20th and it will be named in honor of the first Pennington county boy killed in action.

The public is invited to attend the meeting and the balcony will be reserved for them but only service men will be allowed on the floor.

Program.

5 P. M.—Invocation and tribute to deceased comrades.
5:05 P. M.—Selection, "Star Spangled Banner."
5:15—Address, H. O. Chommie.
5:30—Community Singing.
5:45—Address, Archie Vernon, Little Falls, Minn.
6:15—Report, Resolutions committee.
6:30—Naming of Post.
6:45—Remarks by Post Adjutant G. Howard Smith.

CITY DADS GO ON ST. CLOUD JAUNT

LEFT YESTERDAY MORNING TO SPEND DAY INSPECTING WORK

Five members of the city council left yesterday morning for St. Cloud to spend Thursday inspecting the paving work that is now going on at that place and to gain some idea to assist them in the selection of the kind of paving that is to be laid here.

Alderman Brumund was the only council member, who was unable to make the trip by reason of the fact that he is being kept busy on one of the Homecoming committees and in seeing to it that no stone is being left unturned as far as his part of the work is concerned.

Besides inspecting the paving work the councilmen hope to secure a man at that place to take up the position here as superintendent of the water and light department.

The five city dads will return tomorrow.

These young folks have a host of friends throughout the country who wish them all the joys which the occasion calls for.

SOCIETY and Club

Missionary Meeting.

The Woman's Missionary society will hold its meeting tomorrow at 518 Main avenue north. All members and others interested are invited.

In Honor of Miss Oen.

Ladies' Aid.

The Ladies' Aid of the Swedish Evangelical church will be entertained next Thursday at the home of Mrs. J. Swanson in the country. All are cordially invited.

Whist Party.

Mrs. Harry Booren and Mrs. A. S. Sapero entertained twelve of their lady friends Tuesday afternoon at the home of the former, 510 Bridge street. The afternoon was spent in playing Norwegian whist, Mrs. W. H. Akre winning first prize and Mrs. G. W. Booren second. A dainty five o'clock luncheon was served. The color scheme of pink and white was successfully carried out. Sweet peas and daisoes helped in making the room attractive.

To Entertain Aid.

The Ladies' Aid of the Norwegian Lutheran church will be entertained on Thursday, Sept. 25, in the church parlors. A cordial welcome is extended to all by Mrs. J. Eide and Mrs. P. Hornseth, who will do the serving.

W. C. T. U. Meeting.

The members of the W. C. T. U. and all others interested are invited to meet at the home of Mrs. H. Matthew, 703 Main avenue north, at 3 o'clock Tuesday afternoon, Sept. 30. All members are requested to be present.

Entertained.

Mrs. Martin Moseback entertained a number of people from this city last Sunday afternoon at her home in Sanders township. Dinner was served to about twenty guests at five o'clock. The home and surroundings were greatly beautified through the liberal use of flowers from the garden. The guests left for their homes about ten o'clock.

Mrs. Cronkhite Entertains.

Mrs. John Cronkhite entertained last Saturday afternoon at her home, 204 Markley avenue south. Ten guests were present and the afternoon was spent in needlework. A two-course luncheon was served by the Misses Mariam Bishop and Florence Alberg at five o'clock. The rooms were artistically decorated with flowers.

Entertained For Nurses.

Dr. and Mrs. H. W. Froehlich entertained, last Saturday evening, the nurses of the Physicians hospital at a marshmallow and wiener roast in Lover's Lane. The affair was given in honor of Miss Ruth Bradley, who left Tuesday evening for Minneapolis to enter the city hospital for the completion of her training.

Reception For Teachers.

The Girls' Community club entertained on Monday evening in the Commercial club rooms in honor of the city teachers. About 65 were present and all report a fine time. Light refreshments were served at 10 o'clock. The evening was spent in dancing and getting acquainted. Mrs. L. F. Fisher entertained the girls with a solo. A short business meeting was called at the beginning and the delegates to the state federation convention of the women's clubs at Little Falls on Sept. 24, 25 and 26 were chosen. Miss Marie Nelson and Miss Blanche Johnson were selected as delegates.

In Honor of Miss Oen.

A parcel shower was given at Our Savior's Lutheran church last Friday in honor of Miss Clara Oen, whose marriage to Haaken Olson will take place in the near future. About 60 of Miss Oen's friends were invited by the Dorcas society. The bride-to-be was the recipient of many gifts, among which was a cut glass water set, a set of Community silverware, and a large cut glass flower vase. The color scheme of pink and white was artistically carried out in the two-course luncheon and decorations. The girls enjoyed many good musical selections, and last but not least, a mock wedding, which proved to be the big event of the evening.

Double Wedding.

A double wedding ceremony was performed last evening at the Methodist parsonage when Miss Ella A. Johnson and Paul Roy, and Miss Emma Louise Johnson and Joseph Hauge were united in marriage. The young people are from St. Hilaire. Mr. Roy is the younger son of County Commissioner J. S. Roy. Mr. Hauge recently returned from overseas service and holds a responsible position in Bemidji, where the young people will make their future home.

The brides are sisters, well and favorably known, and have always made St. Hilaire their home. Mr. and Mrs. Hauge left this morning for their future home in Bemidji, while Mr. and Mrs. Roy returned to their home in St. Hilaire, for a short time. As soon as Mr. Roy settles his business affairs on the farm they will remove to Bemidji also.

For Sale.

1 Overland, Model 85, electric starter and lights; looks like new.
1 Studebaker 7-passenger with spot light and bumper, 5 good tires and fine shape, a bargain
1 Pullman 5-passenger electric starter and lights.
Come in and see these cars at Borry's garage. B. J. BAKKE.

MINNESOTA HISTORICAL SOCIETY

THISTLE PEST YIELDS EASILY TO CULTIVATION

ROTATION OF CROPS WILL ERADICATE WEED IN SHORT TIME.

TWO PLANS RECOMMENDED

PROF. BOSS SAYS WORK AT RIGHT TIME IS MOST IMPORTANT.

It begins to look as if the best weapon for use against the inroads of the sow thistle is common sense. This weed has during the past year caused greater loss in northwestern Minnesota than all other agencies combined. The grasshoppers amounted to nothing, although there was considerable alarm felt at one time. The floods did some damage, but this was confined to a comparatively small area. The sow thistle, however, was nearly everywhere present to a greater or less degree and proved the great common scourge of the farmer.

So serious has the menace become that the best minds connected with the agricultural development of the state have given the subject special study. All are agreed that there is but one remedy—diversified crops and continuous cultivation. This has been urged as the best method by newspapers and progressive farmers heretofore, but now a definite plan is presented.

Prof. Boss to the Rescue.

The division of agronomy, together with the division of plant pathology of the university of Minnesota, have been working on the problem for some time and the results of the colaboration of Prof. Andrew Boss and Prof. R. C. Dahlberg is now announced. No drastic remedy is required—rotation will do the business, as will be seen by the following extract from their report:

Perennial sow thistle yields readily to thoro cultivation. Therefore the adoption of a system of cropping which gives the desired crops and affords an opportunity to give clean cultivation is of prime importance. Two rotations which afford more than the ordinary opportunity for careful cultivation are:

Two Different Rotations.

(1) Three-year rotation; first year, grain; second year, clover hay; third year, cultivated crop. (2) Four-year rotation: first year, grain; second year, clover hay; third year, corn; fourth year, corn. In carrying out either of these rotations the field is sown to grain and with the grain clover and timothy seed. The grain is harvested and the next year a crop of clover hay is cut about the first of July. Following the removal of the hay crop the ground is plowed at once, approximately four or five inches deep. The ground is then double disked as needed to keep all green plants from showing above ground until from August 15 to September 1, then plowed again about two inches deeper than before and the disking continued as needed to freezing time and again early in spring until corn or potato planting time. Keep the corn or potatoes absolutely free from sow thistle and other weeds, using the hoe if necessary to make the work exceptionally thoro.

Consistent Work Wins.

The four year rotation provides another year of cultivated crop which extends the period of clean cultivation, thus giving exceptional opportunity to make the work complete. In the northern part of Minnesota sunflowers for silage may be used instead of corn or potatoes as a cultivated crop. Rye is a good grain to use, since it is harvested early. It may be drilled in the corn about September 1. Work done now and then but neglected for long periods during the rush of other work, accomplishes very little. Only a well-organized plan consistently carried out will win. Not the amount of work, but work done in the right way at the right time counts. Tar paper laid to lap 4 or 5 inches and well weighted down with soil may be used for small spots, or the plants may be dug and the underground parts removed from the soil and burned.

Explanation For Jazz.

Whad'd'ye know about jazz? A musical critic interviewed a director of a North Dakota jazz orchestra recently and asked him just how this sort of music is produced. After a moment of deep thinking the director said:

"Modern dance music is fascinating. It is called jazz and is produced as follows: Five fellows who cannot read music are given five different pieces to play at once. They are equipped with a jazzo, a bazzo, a blab blam, a wehoo and a wheezer. They are then filled with Jamaica ginger, barbed wire, rough-on-rats, rock salt and home-brew and turned loose. The noise that results is jazz. When people hear it they say, they could die dancing."

Abe Lincoln on Law.

Let reverence for the laws be breathed by every American mother to the lisping babe that prattles on her lap; let it be taught in the schools, in seminaries and colleges, let it be written in primers, spelling books and in almanacs; let it be preached from the pulpits, proclaimed in legislative halls and enforced in courts of justice, and in short, let it become the political religion of the nation and let the old and young, the rich and the poor, the grave and gay, of all the sexes and tongues and colors and conditions sacrifice unceasingly upon its altars.—Abraham Lincoln.

TWO WEEKS MORE TO REACH THE TOP

THERE IS STILL TIME FOR COUNTY TO MAKE SALVATION ARMY QUOTA.

District Chairman L. A. Lampert and County Chairman L. H. Lawrence of the Salvation Army Home Service campaign committee, are still hopeful that the districts in their charge will reach the amounts alloted as their share. While the outlook is not bright, they are loath to confess that the people will fall short in this important matter.

Two counties in the district—Kittson and Roseau—have already gone over the top. Pennington county is a little beter than half way to the goal while Marshall county has not yet started.

With the approaching end of the Home Service drive in view, Julius A. Schmahl, state chairman of the campaign, has appealed to the people of the state to get behind the drive and push. The state committee set out to make this the biggest and most successful drive ever held in Minnesota. There are just two weeks more to send Minnesota to the top of the list of state subscriptions.

"We want to demonstrate to the Salvation Army that we appreciated in full the splendid heroic devotion of their workers during the war," said Mr. Schmahl. "This is our one opportunity to do so. Minnesota wants to more than reach her quota of $600,000. We ought to go over that amount, just as the Salvation Army men and women went beyond their strength and endurance in the war zones in France. It is up to every man, woman and child in the state to help."

Surprising returns show that counties least able to do so have far oversubscribed their quota. Perhaps it is because the Salvation Army workers came to their rescue when wiped out completely by fire and tornado last year. Carlton county went 25 per cent over her quota of $1,000. Pine county subscribed her full quota of $1,300. Both of these were in the fire area. Lincoln county, devastated by cyclone, raised $3,000 on a $2,500 quota. If the poorest counties in the state come to the front like this, what ought the rest of the state do, questions Mr. Schmahl.

Seven counties of the outlying districts are still continuing the drive. When these returns are in the outstate quota of $300,000 is expected to be reached, Mr. Schmahl stated.

WOMAN MURDERED ON WINTON ESTATE

MRS. MADELINE LaCOUNT IS FOUND DEAD IN COTTAGE AT MINNETONKA.

The Charles J. Winton family, for many years residents of Thief River Falls, last week was brought unpleasantly into public notice by reason of the murder of a young woman at a cottage belonging to them at Northhome, Lake Minnetonka.

The dead woman, who was only 16 years of age, was the wife of Ralph LaCount, the Wintons' chaffeur. The latter had left the cottage occupied by the couple for the purpose of taking Miss Helen Winton to Minneapolis last Friday and upon his return found his wife dead on the floor. The skull had been crushed with a baseball bat and the throat slashed with a breadknife, both weapons being found beside the body.

No reason for the act could be assigned by the police. A former admirer of the young woman came under suspicion and it is probable that his arrest will follow shortly.

When found the body was clad only in a nightgown, Mr. LaCount explaining that his wife had not been feeling well and that he had left her in bed when he started for the city.

SCHOOL RECEPTION DRAWS BIG CROWD

PROGRAM OF SPEECHES, MUSIC AND REFRESHMENTS MAKE ENJOYABLE EVENING.

The annual reception to the city's teaching staff by the Board of Education held at the Lincoln high school auditorium last Friday evening was attended by a large number of Thief River Falls parents who came to get better acquainted with the school instructors.

A fine program of music and speeches was rendered, after the completion of which a light lunch was served.

Dr. O. F. Mellby, president of the school board, gave the address of welcome in a few well chosen remarks, after which Miss Nibbe, piano instructor, rendered a piano solo and was forced to play an encore owing to the great amount of applause.

Rev. F. J. Seltz, of the German Lutheran church, spoke in behalf of the clergy of the city and Mrs. H. W. Froehlich, president of the Woman's club, made a few short remarks regarding the pay of teachers and believed the profession was underpaid. The violin solo given by Miss Ausilga Sorenson met with full approval of everyone as usual.

Attorney H. O. Chommie related his experience while in the military service regarding the number of men who did not have even a common school education. He was followed by George M. Gunderson, county school superintendent, who gave a comparison between the systems used in the country and city schools. Mrs. L. F. Fisher then rendered a vocal solo which was very well received.

W. A. Ziegler, city school head, gave an interesting response and told the audience of the new system used in collecting data on children while attending school and detecting what they are best fitted for after they have completed the grade school. Miss Ella A. Evans, high school principal, also gave a short talk on school affairs. The program ended after Miss Doris Halvorson rendered an excellent piano solo.

IN FIFTEEN DAYS GAINS 15 POUNDS

WAS SO RUNDOWN HE COULD NOT WALK WITHOUT HELP. TANLAC BUILDS HIM UP.

"I commenced taking Tanlac just fifteen days ago, and have gained exactly fifteen pounds so far, which gives me an actual gain of one pound a day," said Peter Thompson, who for the past six years has been connected with the Kansas City park board, and lives at 409 Chestnut street, Kansas City, Mo., a few days ago.

"When I began taking Tanlac," he continued, "I was so weak and run down that I couldn't walk a step unless I had somebody to lean on, but I can get out and cover a good many blocks now, and am getting ready to go back to work. Sometime ago I had a bad spell of typhoid pneumonia, and it came very near finishing me up. I pulled through, however, but I had never been able to regain any strength, and my appetite was so poor that I couldn't eat enough to keep me alive hardly. My head ached all the time, and I would often have dizzy spells. I also suffered from nervousness and never got a good night's sleep. My stomach was in mighty bad condition, too, and everything I ate disagreed with me and I would have the worst sort of attacks of indigestion. I was certainly in bad shape, and I had began to think that I would never find a medicine that would get me started up hill again.

"I had been reading the different statements about Tanlac, and one day I saw where a lady whom I knew very well, had been greatly helped by taking this Tanlac, so I made up my mind right then and there to give it a trial myself. I commenced to get better right away, and it is just simply remarkable the way I have gained in weight and strength. Why, I can go anywhere I want to, now, and I can just feel myself getting stronger every day. My appetite has come back, and I eat three hearty meals every day, and what I eat agrees with me all right. I never have indigestion or any kind of stomach trouble any more, and my nerves are so steady that I sleep like a log every night. The headaches have left me, too, and so have those dizzy spells, and in fact, I just feel fine all the time. Tanlac has just simply fixed me up all right, and that is why I talk so much about it, and am always recommending it to other people."

Tanlac is sold in Thief River Falls at Lambert's Drug Store.—Adv.

Don't Park Near Hydrants.

Fire Chief Paul Midderigh asks that attention be called to the law preventing the parking of automobiles near hydrants. This order is not being very rigidly observed in Thief River Falls and some day the neglect may cause a lot of trouble. The practice is never permitted in larger cities. An auto left near a hydrant might be seriously damaged in case of a fire, and the owner would be the one to stand the loss. In addition the work of the hose men would be interfered with to a great extent. A nearby town had an expensive fire not long ago, simply because of too many autos being near the hydrants.

Taken to Faribault.

Sheriff W. J. LaBree returned Saturday from Faribault, where he had taken Miss Elva Jetlund to one of the state schools at that place. Miss Jetlund had been staying in the city with her grandparents.

Biliousness
WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.
Chamberlain's Tablets

Do your shopping Friday. This store will be closed all day Saturday in honor of the soldier and sailor boys whose homecoming the entire county will celebrate that day.

Some advice about "your clothes plans"

YOU'D better make them carefully, because good clothes---the kind you ought to buy---are not any too common; and all clothes, good and otherwise, are pretty high priced. You're going to pay enough to get good clothes; be pretty sure you get as good as you pay for.

We have Hart Schaffner & Marx clothes here for you

The idea in mentioning these makers is to let you know without a doubt about it that you're getting highest quality in clothes. All-wool fabrics are so important that it pays to be sure you get them; good tailoring is so important that you ought to be sure of that, too. Smart style is something you see when you buy; but you ought to be sure it's good style.

All these things are insured to you when you come to us and ask for Hart Schaffner & Marx clothes; they're in the clothes, not merely in what we say about them.

LIEBERMAN BROS.

Mrs. S. R. Rogers shopped in Thief River Falls the last of the week.

Harvey Copp visited at the parental home Sunday, Sept. 14.

Henry Rogers, who had been threshing in Petersburg, N. D., returned home Thursday after three weeks of work.

PUBLIC FORUM

An Explanation.

Editor of The Thief River Falls Times. Dear Mr. Editor:—In justice to the editor, "The Committee of Five," Mr. W. A. Swanson, the Honorable County Board, and myself, I ask of you to publish the following explanation:

"The Committee of Five" who received copies of my letters from the Attorney General and the State Department of Education are: Mr. P. M. Olson of School District No. 57; Mr. Ivar Solheim of School District No. 66; Mr. O. Omlid of School District No. 56; Mr. H. Skogstad of School District No. 53 and Mr. Frank Svobodney of School District No. 55.

The salary of the county superintendent of schools for this county is by resolution fixed by the honorable county board of commissioners at their January meeting of each and every year. In January of the years of 1917 and 1918 at the time my predecessor held the office, said board passed the following resolution:

"Motion made and seconded that the salary of the county superintendent of schools be fixed at $1560.00 for the year 1917, and the superintendent shall pay all his own expense. Motion carried."

This resolution or motion together with those of 1918 and 1919 are to be found in the county auditor's record of minutes of board meetings. These are all similar in wording with the exception of the insertion of the year to which it applies.

In the laws passed by the 1919 legislature relating to education, we find the following quotation, Chapter 245, Section 1: "County superintendent to be allowed 7 cents per mile for use of own automobiles. That Section 1016, General Statutes 1913, be and the same is hereby amended to read as follows:

"Section 1016. The county board of each county of the state of Minnesota shall audit and if found correct allow duly itemized and verified claims of the county superintendent of schools for actual and necessary traveling expenses, incurred by him or his assistant in the conduct of his official duties as county superintendent of schools. If the county superintendent of schools uses his own automobile or other conveyance owned by him in the performance of his official duties, the county board shall likewise allow him therefor seven (7) cents per mile necessarily traveled in such automobile or other conveyance in the performance of his official duties.

"Sec. 2. This act shall take effect and be in force from and after its passage."

Thanking everyone concerned for the publicity and interest shown in our rural school affairs, I remain

Sincerely yours,
GEO. M. GUNDERSON,
Co. Supt. of Schools.

Fair List Corrections.

Correction of errors and addtions to the Pennington County Fair list to date:

Buff Orphington: Dennis McGinn, 1st; additional award.

Collection Vegetables: Kenneth Craik, 1st; Keith Craik, 2nd; additional award.

Map of United States: Lois Nicholson, 1st.

Henelta Fern: Mrs. M. G. Stageberg, 2nd.

Error.

Casper Weiner won 2nd money in Senior Yearling Bull, Holstein, instead of Fred Beerbower as reported.

First Junior Shorthorn Calf: J. W. Denhart.

Additions.

Best Beef Herd: R. L. Muzzy, 2nd; Ed Aubol, 3rd.

Best Dairy Herd: Mike McAndress, 1st; Fred Beerbower, 2nd; Harry Woolson, 3rd.

(The Woolson herd winners of cup were barred from competing.)

Winner Minnesota State Dairymen's Association Cup. Best Dairy Herd, Harry Woolson, Guernseys.

All errors must be reported to the secretary before October 1, 1919, or they cannot be corrected.

Passport Bill Up.

Obtaining passports to visit foreign countries will be simple if congress enacts into law a bill introduced last Friday by Senator Knute Nelson of Minnesota, chairman of the judiciary committee, to which the measure was referred. Native born citizens will have to tell the state department only where and when they were born. Naturalized citizens will be compelled to furnish evidence. It will be unnecessary to state purpose. Photographs will not be required.

Card of Thanks.

We wish hereby to express our sincere thanks to the many kind friends and neighbors for their kindness and assistance at the funeral of our husband and father. Also for the many beautiful floral offerings sent by friends, both in this city and at other points.—Mrs. Martin Koop, and Children; Mr. and Mrs. Henry Koop and Family. s18p

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 300 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

ONE of these three is the correct oil for your particular tractor. Our Engineering Staff, after a careful and exhaustive study of all tractors, has prepared a chart on which is shown your tractor and which of these three oils is the correct one for you to use.

This is part of the Standard Oil Company (Indiana) service to the farmers of America.

The nearest Standard Oil representative has this chart and he will be glad to show it to you.

Send for 100 page book "Tractor Lubrication." It is free and the information it contains is invaluable. Read it carefully—apply the information given and you will be able to keep your tractor in service longer.

Service!

Certain-teed means service in the broadest sense.

Here is a roofing that is ideally adaptable to every type of building in the city, town and country.

Here is a roofing that gives not only the most complete weather protection year after year, but that is a protection against sparks and embers.

Here is a roofing that costs less to buy, to lay and to maintain than any other type of roof.

Here is a roofing that can be quickly laid by anyone who will follow the simple directions that come with the roll.

Here is a roofing that is absolutely guaranteed 5, 10 or 15 years.

Certain-teed is made in rolls, both smooth and rough surfaced (red or green)—also in handsome red or green asphalt shingles for residences.

Certain-teed is extra quality—the name means certainty of quality and satisfaction guaranteed. It will pay you to get Certain-teed—most dealers sell it. Ask for Certain-teed and be sure to get it.

Certain-teed Paints and Varnishes are the highest quality. They will give the best paint satisfaction.

ASKS $100,000 TO BEGIN WORK ON RIVER JOB

TENTATIVE DRAFT OF BILL TO BE INTRODUCED BY HALVOR STEENERSON.

NAVIGATION NOT AFFECTED

PROPOSAL INCLUDES CONSTRUCTION OF CONTROL AT HEADWATERS.

A bill to authorize the improvement of the Red Lake river by dredging and straightening the bed of the stream will shortly be introduced in congress by Representative Halvor Steenerson. The Times has this week received a tentative draft of the measure together with the preamble and recommendations of the War and Interior departments.

The preamble recites the facts leading up to the present agitation for this improvement, stating that the Red Lake river has on several occasions in recent years, overflowed its banks thereby greatly damaging a large crop area in the northwestern part of Minnesota and that this is attributed in large degree to the construction of large and numerous drainage ditches having their outlet in the Red Lakes.

The report of the engineers making the survey is also appended, together with an estimate of the cost of the proposed improvement, which has been apportioned as follows:

Water powers, Improvement, $240,000; Maintenance and operation, $3,700.

Indian lands, Improvement, $236,800; Maintenance and operation, $3,650.

Lands outside Indian reservation, Improvement, $248,500; Maintenance and operation, $3,850.

Municipal water supply, Improvement, $39,000; Maintenance and operation, $600.

Federal Government for navigation, Improvement, $15,000; Maintenance, $2,000.

Total, Improvement, $779,300; Total Maintenance and operation, $12,000.

Text of Proposed Bill.

Mr. Steenerson has written Gov. Burnquist asking that state officials get behind the project thru every agency at their command as the matter is of the greatest importance to the state at large.

Following is a copy of the proposed bill as drafted by the Ninth district congressman:

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there is hereby appropriated the sum of $100,000 for beginning the construction of a drainage system for the drainage of the Red Lake Indian Reservation and lands adjacent to the Red Lake river, in Minnesota, and the construction of works for controlling the level of Red Lake and the flow of said river, in accordance with the report of the board of engineers for rivers and harbors to the Secretary of War of March 28, 1919 (House Document Numbered 61, *Sixty-sixth Congress, First session*), to remain available until expended: Provided, That this work shall be undertaken only after the Secretary of the Interior shall have concluded satisfactory arrangements with drainage districts or other associations organized under the laws of the State of Minnesota for contributing the cost of draining the lands outside of the Red Lake Indian Reservation, and also shall have concluded satisfactory arrangements with municipal or private corporations or individuals for contributing that part of the total cost of this work which shall be proportionate to the benefits to be derived from the improved water supply available for power and municipal supply purposes, as set forth in the aforesaid report, and the Secretary of the Interior is hereby authorized to enter into such contracts as shall be necessary to effect these arrangements.

"Sec. 2. That the amount expended for the drainage and improvement of the Red Lake Reservation shall be assessed on a per acre basis against the lands so drained and improved and such assessments shall be reimbursed to the United States under such rules and regulations as may be prescribed by the Secretary of the Interior, and that any other funds advanced by the Government shall be reimbursed to the United States under such rules and regulations as may be prescribed by the Secretary of the Interior: Provided, That the assessments against the lands of the Red Lake Reservation shall become a lien on such lands and such lien shall be recited in any trust patent or fee patent that may be issued hereafter and any such lien shall be enforceable by the Secretary of the Interior by foreclosure as a mortgage: And provided further, That the Secretary of the Interior is hereby authorized to require such security for the reimbursement *of any other funds advanced* by the United States as he may deem advisable.

"Sec. 3. That the work herein authorized shall be so constructed as not to adversely affect the navigability of the Red Lake River, and to this end the plans therefor shall be subject to the approval of the Secretary of War. That wherever deemed necessary or advisable, roads suitable for rural post roads may be constructed out of the spoil banks or other suitable material along any of the drainage ditches to be constructed hereunder."

Just Arrived---

A Grand Assortment of All Pure Wool Fabrics in the Latest Weaves, Patterns and Colorings

We combine real wool and real tailoring service. The combination is yours at a cost that makes our custom tailoring for this Fall a real economy to you.

In these days of high costs it is a temptation for dealers to use cotton mixtures and shoddy. The clothes custom tailored to measure here are only made from all pure wool fabrics—the kind that give lasting service and hold their shape.

Give us a trial—our workmanship in cutting, fitting and tailoring is perfect in every detail.

We hope you will come in soon and examine the complete showing of the latest styles and fabrics.

OATMEAL AND THRIFT GAVE IMPETUS TO YOUNG'S CAREER

ROY A. YOUNG.

"Thrift and Oatmeal" are the nourishments, physical and spiritual, on which, by his own confession, Roy A. Young, newly appointed governor of the Minneapolis Federal Reserve bank, was reared. Mr. Young will assume the governorship October 1, when Governor Theodore Wold becomes a vice president of the Northwestern National Bank. Despite the rugged regime of his youth, the oatmeal and thrift supplied by his Scotch father, Mr. Young told war savings workers recently that it required the first Liberty Loan to crystallize the early thrift teaching into an active principle of his mature years. "The seeds of thrift had been sown years ago," said he, "and the national necessity for saving that came with the war started that germ to functioning."

This, he said, is the theory on which war savings work must be carried on. Thrift teaching must be implanted and investing in government securities must give effect to the lessons.

Mr. Young came to the Minneapolis Federal Reserve bank as assistant to the governor nearly two years ago, after long experience in northern Michigan banks. About a year ago he was made deputy governor. His elevation to the governorship followed the resignation of Governor Wold. Mr. Young will be the second governor of the bank. Governor Wold has been head of the institution since it was established.

DULUTH HAS FINE PLAN

Competitive Sales Campaign for War Savings Stamps.

Prizes Are Offered and Services of School Childen Enlisted in Thrift Work.

Interest is being aroused throughout the Ninth Federal Reserve district by the plan of War Savings Stamp sales campaign that is being followed in Duluth. Originated in that city by James H. Harper, chairman for southern St. Louis county, it has been named "the Duluth plan" and is expected, as it develops, to bring new fame to that city and its thrift workers.

The Duluth plan is a competitive sales campaign. Live business men of Duluth have contributed money for a newspaper advertising campaign and an additional $1,025 to be distributed in prizes to those who do the best work as stamp and savings certificate salesmen.

Duluth has been divided along the lines of its 50 voting precincts and a woman chairman, in most cases one who headed precinct work for the woman's committee, Council of National Defense, has been chosen for each of these districts. Each chairman has one salesman for each 50 registered voters in her precinct.

The general campaign will run from August 15 until December 15. When school reopens an auxiliary campaign will be conducted in public and parochial schools of eighth grade standard and under. Prizes for the schools will be victrolas and musical instruments, to be the property of the school.

While native born Americans are so careless with their money that the government has found it necessary to institute a thrift campaign to induce them to save, foreigners in this country realize the value of the good old U. S. A. dollar to such an extent that they are going "back to the old country" and taking with them as many dollar as the customs regulations permit.

"Everywhere in the world people are bidding high for American money and credit, while we, right at home, are throwing our money around and thinking as little of it as if it were not the soundest money in the world, with greater buying power than the money of any other country." M. E. Harrison, ninth district War Savings director, said: "It is high time we realized what good money our American money is. Then more of us would attend at once to saving it. More of us would save this excellent money for the future by investing it in War Savings Stamps and Treasury Savings Certificates."

MILLIONS OF TONS OF FUEL AT OUR DOORS

(H. W. Richardson in Duluth Herald)

Apropos of your editorials of Aug. 28 and Sept. 9 regarding the local fuel situation, I would like again to invite attention to the vast supply of fuel available at our very door—that of peat, the wonder-material of nature. Of the 13,000,000,000 tons of this fuel available in the United States, Minnesota has approximately 7,000,000,000 tons, and St. Louis and other northern counties have some of the largest and best deposits. Up to the beginning of the great war, with the appliances then in use, peat could not generally be transformed into merchantable fuel at costs low enough to compete with coal, but present prices of coal permit this and work along such lines has been greatly stimulated. Machines have been developed which can be placed on the bogs and produce a satisfactory fuel in about one-half hour after the peat is taken from the bog, and at an estimated cost of $6 to $8 per ton delivered to the consumer. These machines vary in kind and capacity; one type will turn out fifty tons of peat fuel per day. Once the practicability are shown literally thousands of such machines can be installed on the bogs. I have made some tests of prepared peat as fuel and with excellent results. It is clean to handle, there is practically no dust, and the resultant ash is small. In fact, the ashes can be applied to our soil with advantage because of potash content. According to the United States bureau of mines (Bulletin No. 16), the B. H. U.s are substantially the same in peat fuel as in the highest grades of anthracite. From the standpoint of a chemical product—and there are a large number—enormous and very profitable industries are possible of development, and without impairment of fuel value. But that is still another story.

Anyhow, the present extremity affords opportunity to emancipate ourselves from wasteful methods and a threatened calamity, and enter upon a new economic era of the greatest advantage to the Northwest and this section in particular.

URGE SENATE TO HASTEN PEACE

Leaders In Forty States, Regardless of Party, Sign Ringing Appeal.

TREATY WITHOUT AMENDMENT

Say Every Day of Delay Puts World In Imminent Peril of New War—Point to National Unrest.

New York Special.—Two hundred and fifty leading Americans, Republicans and Democrats, representing 40 different states and every prominent activity, have joined in a non-partisan effort to bring about the ratification of the peace treaty "without amendment and without delay." Their names are attached to an address to the United States Senate, which was made public through the League to Enforce Peace, after it had been sent to every member of the Senate.

The signers, almost without exception are men and women of national reputation. They include such prominent citizens as George W. Wickersham, attorney general in the last Republican administration; A. Lawrence Lowell, president of Harvard; Charles C. Moore, of San Francisco, president of the Panama Exposition; Judge George Gray, of Wilmington, Del., President Samuel Gompers, of the American Federation of Labor; Harry A. Wheeler, of Chicago, retiring president of the Chamber of Commerce of the United States; Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage Association; Cyrus H. K. Curtis, the Philadelphia publisher; President Heber J. Grant, of the Mormon Church, and John Spargo, leader of the Socialists who supported the war.

The signers declare that every day of delay in ratifying the treaty puts the world in "imminent peril of new war."

Their statement follows:

In the Senate at Washington, now that the President has spoken, the lines are sharply drawn between the immediate ratification of the treaty of peace with Germany or its amendment, with a reopening of negotiations that would bring delay in settling the great issues of the peace. No partisan plea can be made. Party lines are already broken.

Standing at a distance from the conflict in the Senate chamber, we plead for immediate ratification without amendment and without delay. Our land requires it. A state of nervous strain, tension and unrest exists, manifesting itself in disturbances which in some cases have no self evident connection with the war, but which are in fact its aftermath. The world is put in imminent peril of new wars by the lapse of each day. Dissensions between us and our former allies are being sown. We firmly believe and solemnly declare that the states and cities in which we dwell desire immediate peace.

The waging of war steadied and united the American people. Peace will bring prosperity, and prosperity content. Delay in the Senate postponing ratification in this uncertain period of neither peace nor war has resulted in indecision and doubt, bred strife and quickened the cupidity of those who sell the daily necessities of life and the fears of those whose daily wage no longer fills the daily market basket.

We beseech the Senate to give the land peace and certainty by an immediate ratification which will not keep us longer in the shadows of possible wars, but give the whole world the light of peace. Doubt may exist as to whether reservations in the nature of clarifications in the meaning of the treaty not consistent with its terms will or will not require the reopening of the negotiations with our associates in the war, which we all and each united to win.

But there is no possibility of doubt that the amendment of the treaty, as is now publicly and openly proposed in the Senate committee on foreign relations, would require negotiation, reopening all the questions decided at Paris. Months of delay would follow. The perils of the present would become the deadly dangers of the near future. All the doubt, the plots for violent revolution in this and other lands, the issues here and elsewhere between capital and labor, the conspiracy of speculator and profiteer, would all grow and become more perilous.

This cannot be. The American people cannot, after a victorious war, permit its government to petition Germany, which has accepted the treaty, for its consent to changes in it. Yet, if the United States should amend the treaty for its own purpose and policy, Germany would have full right to ask for concessions. Germany has agreed to make no claim in regard to enemy property seized in this country to an amount of $700,000,000. Our recent foe could ask for a reopening of this issue and of the Lusitania claims. It could raise every question open before hostilities in regard to submarine warfare, and the treatment of its nationals in this country. All the provisions for our trade in Germany raised by the economic clauses of the treaty, many of them vital to our industries and our farms, as in dye patents, dye supplies and fertilizers, the working of the reparation commission, which superintends the trade of all with Germany so as to meet the debts of Germany to all, each clause reluctantly granted by Germany, could all be brought up by Berlin for readjustment by our negotiators acting for the United States alone and no longer associated with other victorious powers nor supported by a victorious American army on the German border.

Peace itself, the peace of the world, is halted until ratification comes. And any amendment postpones peace *to negotiations.* Germany and England alone of the principal powers have ratified. The other principals necessarily await our action, influential and powerful as we are today in the world's affairs. The ravages of war on more than a score of fighting fronts are continued by any needless delay. Let the Senate give the world peace, by ratification without amendment.

Even the amendment for which most can be said, on the provision in regard to Shantung, will secure nothing which cannot be gained if China, backed by the powerful advocacy of the United States, addresses itself to the machinery for righting international wrongs and meeting just claims created by the covenant between nations. China, after eighty years of oppressive treaties and despoiled rights by which all the greater powers have profited directly or indirectly, has for the first time in this covenant and treaty the method to secure justice and the removal of the oppressive economic interference of stronger nations whose citizens are within her gates protected by a long succession of intercontinental agreements. Moreover, it should be remembered that the clause regarding Shantung is made upon the statement by Japan that she will return the territory to China and, therefore, upon that condition, compliance with which promise the league can require.

The peace of the present and the righteousness of the future can be best met by the ratification of the covenant and treaty without amendment. Let the senate take no action that will give any party to the treaty, and especially Germany, ground for claiming that the ratification of the United States is not complete, and that changes requiring a resumption of conference and negotiations have been made in it.

Among the signers in Minnesota, Wisconsin, South Dakota, North Dakota, Iowa and Montana are:

Minnesota.

A. W. Wishart, Clergyman.

A. J. Lawrence, manager of the Lyceum theatre, motored to Warren on Friday and spent the day attending to business affairs. He returned in the evening.

Facts About the American Legion

(Publicity Committee.)

The American Legion is an organization of veterans of the World War. Its preliminary organization was effected in Paris, France on March 15-19, 1919, by a representative convention composed of delegates from all units in the A. E. F. At a convention held in St. Louis on May 8, 1919, the action of the first convention was confirmed and endorsed and formal recognition was given the Legion by troops who served in the United States.

It is absolutely non-partisan and non-political: it may deal with policies, but never politics. Its powers shall never be employed to further the political aims or ambitions of any person or persons.

Those eligible to membership are all officers and men in the military and naval services at any time between the dates of April 6, 1917 and November 11, 1918, except, however, persons leaving the service without an honorable discharge or persons who, having been called into the service, refused, failed or attempted to evade the full performance of such duties.

Its functions are primarily, as stated at the Paris convention, to "inculcate the duty of the citizens to the state, to preserve the memories and associations of our participation to cement the ties of comradeship formed in the service and to establish an association for the furtherance of the foregoing purposes."

A few of the major questions which have been brought before the Legion for discussion and possible adjustment are:

1. The investigation of the trial, pardon and subsequent honorable discharge of conscientious objectors.
2. The present activity of the I. W. W., and the International Socialists.
3. Demands for an equal rate of disability pay for National Army, National Guard and Regular Army service men.
4. The immediate deportation from the United States of all aliens who pleaded exemption on the grounds of non-citizenship.
5. Cancellation of the citizenship of all naturalized citizens convicted under the espionage act.
6. National bonus proposition of one year's pay, or such portion thereof as spent in the service.
7. State bonus bill providing for a bonus of fifteen dollars per month for each month spent in the service. (Due primarily to the activities of the American Legion at its state convention this bill has already been passed.)
8. A suggestion to bar forever from entering upon public lands under the federal homestead laws any person classified as a conscientious objector.

These are but a few of the subjects and matters with which the Legion is dealing, matters of importance to every service man.

The Post of Pennington county is conducting a membership drive which shall close with a meeting of the post at 5 p. m. on Saturday, September 20th, Homecoming Day.

LET'S GET TOGETHER.

PUPPY, PLAYMATE OF TADS, KILLED BY AUTO

Bob and John McFarland are heartbroken and grieved beyond comfort, for Puppy is dead. Puppy, playfellow for the youngsters, left for greener fields on Thursday afternoon when he was run over by an automobile. He was just a little Scotch collie, a shaggy fellow, but he knew children and the children knew him. The little tad can't believe he's gone and still calls for him thru the basement door in the morning. But Puppy is dead and will never return. His untimely taking away leaves his young masters in deep sorrow, such as only the loss of one near and dear can occasion.

Operating Costs and Telephone Charges

The long distance telephone rates now in effect are based on the expense of providing the class of service used.

Heretofore, for the same distance, the person who would talk with anybody who answered at the called telephone paid the same amount as the person who placed his order for a particular party whom it frequently required several hours to locate.

This is the reason for a lower rate now being quoted for "station-to-station" calls than for "person-to-person" messages.

When a long distance call is placed and never completed, the operating cost is practically as great as if the person had talked. To pay a part of this expense a "report charge" is made.

Stop paying for a house belonging to someone else. Owning one of your own is not such a difficult matter as you may think. Make your own rent money an investment instead of a total loss.

The man who owns his home is looked up to and is a leader in his community. The renter is never regarded as a fixture. Show your faith in the future by building for yourself.

We will help you with the plans.

WINTON-NICHOLS LUMBER COMPANY

The City Churches

Presbyterian Church, R. L. Barackman, Pastor—On Sept. 21. The Sunday school will met at 10 a. m. At 11 a. m. is the morning hour of worship. At this meeting there will be three addresses. Mr. G. L. Sterns—"Stewardship." Mr. E. O. Mogensen—"Speeding." And Mr. F. F. Haynes—"Influencing Others." From 2 to 6 p. m. the annual canvass for the funds that are necessary to carry on the work of the church for a year. Evening meeting for young people at 7 p. m. Evening hour of worship at 8 p. m. There will be reports given at this meeting from the canvass. The pastor's theme will be: "The Work and the Workers." The Woman's Missionary society will meet on Friday at 3 p. m. at 518 Main avenue north. A general invitation to attend this meeting.

Methodist Episcopal Church, J. A. Orrock, Pastor—Services for Sunday, Sept. 21: Morning, Sunday school at 10. A special silver offering will be taken. Come prepared. Preaching services at 11, subject: "The Modern Minister and His Message." Evening services: Epworth League at 7. Eva Orrock, leader. The young folks always have a profitable hour and all young people and older ones are invited to this service. Evening preaching at 8, subject: "Measuring Up to God's Standard." Plan now to attend these services. Let's make Sunday a big day for our church. Come and bring your friends with you.

Swedish Ev. Mission Church, O. J. Lundell, Pastor—Sunday school next Sunday at 10 a. m. Union service in the Mission church at 11 a. m., and 8 p. m. at the Scandinavian Ev. church. Service at the Aug. Erickson school house, east of St. Hilaire at 11 a. m. and at Black River at 3 p. m. and at St. Hilaire at 8 p. m. The Ladies Aid of St. Hilaire Mission church will meet next Friday afternoon, Sept. 19 at the home of Mrs. Fred Anderson.

The Scandinavian Ev. Church, Bot Nyborg, Pastor—Union services Sunday, the 21st at the Swedish Mission church at 11 a. m., and at the Scandinavian Evangelical church at 8 p. m. Rev. J. Kjobsness and Rev. A. Andren will be the speakers at both of these meetings. Sunday school at 10 a. m. Prayer meeting Monday at 8 p. m. Wednesday bible study, prayer and testimony meeting at 8 p. m. You are cordially welcome.

Norwegian Lutheran Church. I. T. Aastad, Pastor—Services next Sunday at 7:45 p. m. Sermon preached by Rev. A. N. Skogerboe. Meeting of the voting members of the congregation on Sept. 29th at 8 p. m. Important business as announced. All members are requested to be present. Sunday school and bible class next Sunday at 9:30. The clas of confirmants meets Sept. 26th at 10 a. m.

Zion Lutheran Church, George Larson, Pastor—Service at Ringbo at 11 a. m. Services at Bethlehem at 3 p. m. Services in city, Zion church at 8 p. m. Prayer meeting Wednesday evening. Mrs. Ed. Pederson entertains the Zion Ladies' Aid Thursday the 18th of September at 3 p. m. Sunday school and bible class every Sunday at 10 a. m. Confirmants meet Friday at 4 p. m. instead of Saturday.

The First Swedish Ev. Lutheran Church, Albin A. Larson, Pastor—Services next Sunday in Swedish at 10:30 a. m. Bible class and Sunday school at 11:45 a. m. Vocal solo by Emelia Hoorn. The Ladies Aid society will be entertained by Mrs. J. Swanson at her home in the country Thursday afternoon, Sept. 25. A cordial welcome.

Christian Science—Services at the public library auditorium Sunday at 10:45 a. m. Subject: "Matter." Wednesday evening meeting at 8 o'clock. Sunday school immediately follows the Sunday service. The public is cordially invited to attend these services.

St. Johns Lutheran Church, F. J. Seltz, Pastor—Services in the English language at Thief River Falls next Sunday forenoon at 10:30; at Holt in the afternoon at 2:30.

Do You Remember Gasless Sundays?

NO better way could be found to illustrate and emphasize the usefulness of the Standard Oil Company (Indiana), and the broad and varied service it renders, than to take five minutes and imagine a gasless year.

Think how our lives instead of being full and complete through association with our fellow men would be circumscribed by the barriers set up by shank's mare.

Think how manufacturing would be hampered. How industry generally would be crippled. How crops would go to waste through inability to harvest, and the leaps and bounds that the cost of living would take.

Instead of the natural expansion of business that comes from service and usefulness, the whole structure of business would be hampered through sheer inability to render to society that service which society has been accustomed to demand.

The Standard Oil Company (Indiana) is a public servant owned by 4649 stockholders, no one of whom holds as much as 10 percent of the stock.

The Standard Oil Company (Indiana) is doing a big job in a big way and has grown great simply by reaping the rewards that come from rendering the service demanded by business and society in a manner satisfactory and beneficial to the world at large.

LEAD FLIES AS INFANT ARMY STARTS DRIVE

179 LICENSES ISSUED AT AUDITOR ANDERSON'S OFFICE ON MONDAY.

GAME IS IN ABUNDANCE

HUNTERS SEND OVER BARRAGE AT 5:22 A. M. AND EARLY ONES GET BAGS.

Tuesday morning saw the termination of the armistice, agreed upon by Minnesota hunters on Dec. 31, 1918, and Pennington county hunters began an offensive against the alien ducks on a major scale at 5:22 a. m.

Up to six o'clock Monday evening 179 licenses had been issued at Auditor Anderson's office and hunters were off to the game grounds to await the gong that sounded at 5:22 a. m. Tuesday because federal laws state specifically that no hunting shall be done earlier than half an hour before sunrise. The sun poked its nose over the eastern horizon at 5:52 flat, on Tuesday.

Several parties left the city well equipped with all the necessities required in a successful hunt while those who have not the time to spend several days hunting took early trips into the country and returned with several birds.

Chickens Laugh.

For the first time in the history of the state, prairie chickens, partridge, grouse, Chinese pheasants, doves and wood duck cannot be assassinated for they are protected by law for three seasons and there will be no open season on this kind of the feathered tribe until 1922.

According to the game laws, each hunter may take 15 wild ducks, coots, snipe, gallinules, rail and yellowlegs and five geese in one day and may have in his possession 45 migratory waterfowl of which not more than 5 shall be geese. Each hunter is limited to 30 quail during the season.

Guns Used.

No gun larger than a 10 gauge may be used by hunters to take game and hunting must not be done from a boat on open water or with an aeroplane. No game birds may be shot at from a motorcar nor may firearms be carried in a motor vehicle unless it is broken or in a case.

Never before has there been such a rush for licenses at County Auditor Anderson's office and all day a line could be seen at the desk awaiting their turn. The supply of licenses gave out about five o'clock p. m., and the application blank supply became exhausted early Tuesday.

OLD WAR VETERAN WILL LEAVE SOON

PETER NEUMAN, 80, TO TAKE UP RESIDENCE AT SOLDIER'S HOME IN WISCONSIN.

Peter Neuman, for over twenty years a resident of Thief River Falls, will leave the first of next week for Milwaukee, Wis., to enter the home for old soldiers.

Mr. Neuman enlisted in 1861 at the age of 18 with the Union forces at Fox Lake, Wis. The "vet" was wounded seriously at Vicksburg and has carried the marks with him thru life. He also received wounds later but they were not of a serious nature.

He is one of the old timers in the city and came here when Thief River Falls was in its infancy. At one time he resided on a farm near the city and later opened up in business here as the head of a restaurant.

During late years he has been failing in health and his sight and hearing is rapidly diminising in strength. At his new home he will be well cared for during his remaining years, the government having provided an excellent home for those who fought for the preservation of the union.

Fined For Assault.

As the result of an altercation in which both men exchanged blows, E. E. Hackett was fined $10 and costs by Municipal Judge N. W. Tarrant last Thursday morning. The complaining party was Christ Kruse. Both men reside in Polk Center township.

The Sow Thistle Problem.

Editor Times: It appears that considerable space is given the sow thistle, but little information, if any, has yet appeared that can throw any light upon the subject as to how best to combat this pest and yet be able to take from the ground, at the same time, the usual returns as before the sow thistle existed. That is what we want to know.

We noticed that some of the county agents have advanced ideas upon the subject all the way from gathering the sow thistle tops and roots into gunny sacks and burying them, to strangulation by law enforcement by simply going after the farmers. Neither one of these advanced ideas is practical or possible under existing conditions. This would be about as effective as to tell the North Dakota farmers to go out and combat the grasshoppers with a little stick in their hands.

Sow thistle seeds, like grasshoppers, emigrate in the air. To simply cut the sow thistle as required by law means two crops of seeds instead of one. Other methods must be applied in this case.

Sheep are good, but before we can make any headway in this manner we must look to some piece of legislation that will line up all our land speculators so that they will join the farmers and be compelled to employ the methods adopted for the final victory drive on the sow thistle pest. In the meantime we would suggest that the editor of The Times give to the readers a little corner in his paper, and then proclaim a "sow thistle week" once a month and invite suggestions upon the subject. No doubt good results will follow.—W. A. Swanson, Rhoda, Minn.

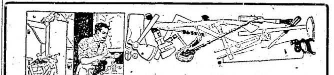
Building Material

The one important thing for you to consider when building is to get reliable materials. It costs just as much, or even more, to use poor lumber, and your building will not stand up.

Quality first, last and all the time is what we insist upon in everything we handle. It protects us by satisfying you.

Let us show you how we can save you money—by guaranteeing the quality.

Nortz Lumber Company



Farm Hardware

Now is the time of the year when repairing and getting buildings ready for winter is in order. Old fences should be replaced and all weak places in others strengthened. ¶ Most farmers are very particular about the tools and fencing they use for this work. They believe, and rightly too, that the best is none too good.

Every man who comes here is assured that whatever he buys is of the best quality. We guarantee it. ¶ Put us to the "Quality Test" on these articles.

FINE FARM DISPLAY, LARGE STOCK EXHIBIT, GOOD BAND MUSIC, GAMES, SPORTS, RACES; FINE SPEAKING PROGRAM.

There will be two prominent speakers present. Hon. J. H. Hay, assistant commissioner of Agriculture of Minnesota, will deliver an address at 1 o'clock on Monday. Tuesday's speaker will be Hon. W. I. Nolan, speaker of the Minnesota House of Representatives. Do not miss hearing them.

Program for Monday—Stock judging in the forenoon. Big Calf Parade, open to all exhibitors. Base ball game at four o'clock, Goodridge vs. Grygla.

Tuesday—Address by Mr. Nolan. Base ball game—Goodridge vs. Red Lake Indians. Races, Sports, Games.

BAND MUSIC BOTH DAYS

Come out and visit this first fair given by the Tri-County Fair association composed of residents of Eastern Pennington, Western Beltrami and Southern Marshall counties. It will be worth the time and effort.

18 cents a package

Camel CIGARETTES

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! *You will prefer Camels to either kind of tobacco smoked straight!*

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigaretty aftertaste or unpleasant cigaretty odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

LEGAL NOTICES

Notice For Bids.

Sealed bids will be received by the City Council of the City of Thief River Falls, Minnesota, under the title of "Bids for construction of storm sewer, and sewer and water connections," at the office of the City Clerk in the City of Thief River Falls, Minnesota, up to eight o'clock P. M., of September 30th, 1919, at which time the bids will be publicly opened and considered, for the furnishing of all labor, skill and material and the doing of all work in and about the construction of a storm sewer, water works, man holes and the construction of all branch sewers and water pipes from the mains to the curb lines of all lots within the proposed paving district of said City of Thief River Falls, where proper water and sewer connections have not been made by the owners of said lots as required by law and the resolution of the City Council. Such bids to be at a rate per foot for all work which may be required under the resolution of the City Council approved June 26th, 1919, and to be according to plans and specifications for such work prepared by the city engineer and now on file with the City Clerk. Such bids to be on the basis of cash payment for the work and no bid will be considered unless accompanied by a deposit or certified check payable to the Clerk for at least ten per cent of the estimated total cost of all of said work.

Copies of the plans and specifications will be furnished to prospective bidders on deposit of five dollars.

The Council reserves the right to reject any and all bids.

Dated September 16th, 1919.

By order of the City Council
A. K. AKRE,
City Clerk.

Notice of Hearing.

State of Minnesota, County of Pennington, ss.

District Court, 14th Judicial District.

In the Matter of a Petition for the organization of a Drainage and Flood Control District Under and Pursuant to Chapter 442 of the General Laws of 1917 to be known as "The Red Lake Drainage and Flood Control District."

To all parties interested in the above entitled proceedings:

You and each of you are hereby notified that on the 13th day of Sept., 1919, and prior thereto, petitions in the above entitled matter duly signed as provided by law, and involving contiguous territory in the Counties of Pennington, Marshall, Red Lake, Beltrami, Polk and Clear Water in the State of Minnesota, were duly filed in the office of the Clerk of the District Court of said Pennington County; and that on the 15th day of September, 1919 an order for hearing on said petition duly signed by the Court of the 14th Judicial District and by the Court of the 15th Judicial District by the respective Judges thereof, Hon. Andrew Grindeland of Warren, Minnesota and Hon. C. W. Stanton of Bemidji, Minnesota, was duly filed in the office of the Clerk of the said District Court of said Pennington County and that said order after the title thereof is as follows:

Order for Hearing on Petition.

This matter came regularly before the said Court and the undersigned Judge thereof upon the application of the petitioners herein for an order fixing the time and place for hearing said petition, and it appearing to the satisfaction of the undersigned Judges of the District Court that a due and proper petition as provided by law and signed by not less than twenty-five resident free holders from each County abutting upon the main stream of the proposed district having more than five townships within the said proposed district has been filed in the office of the Clerk of District Court of Pennington County, Minnesota, said Pennington County being within said proposed Flood Control District, and containing territory therein to the extent of five or more townships; and it further appearing to the satisfaction of the Court, and of the undersigned Judges thereof that a good and sufficient bond with sufficient sureties as provided by law, and duly approved by the undersigned Judge of the said District Court of said Pennington County as to amount, sureties and execution, has been filed with the Clerk of the said first mentioned District Court, and the said Clerk of the said first mentioned District Court having this day duly notified the said Courts and the undersigned Judges thereof of the filing of said petition and bond, and it further appearing that said territory described in the said petition includes more than one County in the 14th Judicial District and also territory in the 15th Judicial District, and the said Judge of said first mentioned Court having duly made arrangements with the Judge of said 15th Judicial District for a joint hearing upon the said petition, and the said petition and the said bond and each and all of the same so filed as aforesaid being before the said Courts and the undersigned Judges thereof, and Wm. J. Brown attorney of Thief River Falls, Minnesota, appearing as attorney for the petitioners, the Court being fully advised,

It is Ordered, That said petition be heard, considered and determined by the said Court of the 14th Judicial District and the undersigned, or other Judges thereof as provided by law, in the Court Room of the Court House in the City of Thief River Falls in said Pennington County on the 7th day of November, 1919, beginning at 10 o'clock in the forenoon of the said day, or as soon thereafter as counsel can be heard, which said time and place is hereby fixed and established for the hearing provided for in Section Four in said chapter 442, and

It is Further Ordered, That the Clerk of said Pennington County District Court shall forthwith proceed to cause notice of such hearing to be given as provided by Section Four, and

It is Further Ordered, That at such hearing all parties interested may appear and be heard for and against the granting of said petition.

Dated September 13th, 1919.

By The Court.
ANDREW GRINDELAND,
One of the District Judges of the 14th Judicial District.
C. W. STANTON,
One of the District Judges of the 15th Judicial District.

You Are Further Notified, That the boundary of the said proposed district as set forth in said petitions is as follows:

Commencing at the point where the town line between townships one hundred fifty-eight and one hundred fifty-nine north intersects with the Red River of the North on the western boundary of the stream; from thence east on the township line to the northwest corner of Township one hundred fifty-eight north, Range thirty-six west; from thence south on the township line to the northwest corner of Township one hundred fifty-five north, Range thirty-six west; from thence east on the township line to the northeast corner of Township one hundred fifty-five north, Range thirty, west; from thence south along the township line to the southeast corner of Township one hundred fifty north, Range thirty, west; thence west along the township line to the northwest corner of Township one hundred forty-nine north, Range thirty west; from thence south along the township line to the southwest corner of said Township one hundred forty-nine, north, Range thirty, west, and from thence west along the township line between Townships one hundred forty-seven and one hundred forty-eight, north, to the point where such township line intersects with the Red River of the North, on the western boundary of the State; and from thence north along the western boundary of the state to the place of beginning, containing within said territory the whole or large portions of the following Counties, namely: Counties of Polk, Pennington, Red Lake, Marshall, Beltrami and Clearwater.

You Are Further Notified, That said hearing on said petition will be held at the time and place set forth therefor in said order and for the purposes set forth in the said order or prayed for in said petition, and that at such hearing, all interested parties may appear and be heard for and against the granting of said petition or petitions.

Dated September 16th, 1919.

ADOLF EKLUND,
Clerk of the District Court,
Pennington County, Minn.
(Seal)
(District Court.)

School Board Proceedings

Regular meeting of the Board of Education was held in the Directors' Room at Lincoln High School at 8 P. M. Sept. 8, 1919.

Members present: Froehlich, Myhrum, Mellby. Members absent: Backe, Dahlen, Haynes.

A quorum not being present the meeting adjourned until 8 P. M. Sept. 11, 1919.

City Council Proceedings

A regular meeting of the City Council was called to order by O. L. Hile, president, at eight o'clock P. M., Sept. 9th, 1919.

Roll Call: Members present: Froseth, Benson, Olson, Brumund, Brandon and Hile. Members absent: None.

Minutes of meeting of Aug. 26th and special meeting of Aug. 29th, were read and approved as read.

Moved by Froseth, seconded by Brandon, that the monthly reports of the Chief of Police and Municipal Court be accepted and ordered filed, the reports of the City Clerk and City Treasurer being held over for correction. Motion carried.

Moved by Brandon, seconded by Brumund, that the maintenance bond of Lars Backe in the sum of $200.00, for construction of sidewalk on Duluth Ave. N., be accepted. Motion caried.

Moved by Brumund, seconded by Benson, that the resignation of Supt. Leonard Peterson be laid over until Tuesday, Sept. 16th, 1919. Motion carried.

Moved by Brandon, seconded by Brumund, that the plat and dedication of the north 20 feet of Lot 6, Block 19, O. T. S., be accepted in exchange for the 20 foot alley described as lying between Lots 1 to 5 inclusive on the east and Lots 20 to 24 inclusive on the west and between the south 10 feet of Lot 6 on the east and the south 10 feet of Lot 19, all in Block 19 O. T. S. Motion carried.

Alderman Brandon, seconded by Alderman Brumund, offered a resolution vacating the alley across the south half of Block 19. (See Resolution.)

Moved by Brandon, seconded by Olson, that the plans and specifications of the Bradley Engineering Service Co. for the proposed paving, be accepted. Motion carried.

Alderman Brandon, seconded by Alderman Benson, offered a resolution authorizing the payment of $2,927.58 to the Bradley Engineering Service Co. (See Resolution.)

On motion duly seconded the Council adjourned until eight o'clock P. M. Tuesday, Sept. 16th, 1919.

O. L. HILE,
President of the Council.
Attest:
A. H. AKRE,
City Clerk.

An adjourned regular meeting of the City Council was called to order by S. Brandon, Vice President, at eight o'clock P. M., Sept. 16th, 1919.

Roll Call: Members present: Froseth, Benson, Brumund, Olson and Brandon. Members absent: Hile.

Moved by Benson, seconded by Froseth, that the Mayor's appointment of Dr. J. Biederman to the office of Health Officer to fill the vacancy now existing, be approved. Motion carried.

Moved by Olson, seconded by Brumund, that there being no bids received for the sewer and water works construction advertised for, to be opened at this time, the City Clerk is hereby instructed to advertise for bids for the construction of a storm sewer, sewer and water connections and manholes according to plans and specifications now on file with the City Clerk for such work, such bids to be opened and considered on Tuesday, Sept. 30th, 1919, at eight o'clock P. M., and such advertisement to be run in the official paper of the city, for two issues and in the Improvement Bulletin of Minneapolis, Minnesota for at least one issue. Motion carried.

On motion duly carried the Council adjourned.

S. BRANDON,
Vice President of the Council.
Attest:
A. H. AKRE,
City Clerk.

Resolution.

At a regular meeting of the City Council held Sept. 9th, 1919, Alderman S. Brandon, seconded by Alderman M. N. Benson, introduced the following resolution and moved its adoption:

Be It Resolved by the City Council of the City of Thief River Falls, Minnesota, that

Whereas, the City did on the 22nd day of July, 1919, enter into a contract with the Bradley Engineering Service Co., for the construction of certain plans and specifications for street paving and the supervision of the work and the Bradley Engineering Service Co., having submitted such plans and the same having been approved, and it being estimated that the commissions due the Bradley Engineering Service Co. amounts to $2,927.58,

Now Therefore, Be It Resolved, that there be, and hereby is appropriated to the Bradley Engineering Service Co. the sum of $2,927.58 to apply on said contract and the Mayor and City Clerk are hereby authorized and required to deliver the City's warrant in accordance herewith.

Roll Call: Aldermen voting Yes: Froseth, Benson, Olson, Brandon and Hile. Aldermen voting No; None.

Resolution declared passed.

O. L. HILE,
President of the Council.
Approved Sept. 13th, 1919.
G. A. PENNEY,
Mayor.
Attest:
A. H. AKRE,
City Clerk

Resolution.

At a regular meeting of the City Council held Sept. 9th, 1919, Alderman S. Brandon, seconded by Alderman H. A. Brumund, introduced the following resolution and moved its adoption:

Be It Resolved, by the City Council of the City of Thief River Falls, Minnesota, that

Whereas, a petition has been presented to the City Council of said City by the Independent School District No. 18, Pennington County, Minnesota, representing that said School District is the sole owner of property on the line of the public alley hereinafter described, and praying for the discontinuance and vacation of such alley, and,

Whereas, notification has hereof been ordered filed of record by the City Clerk, and,

Whereas, notice of hearing of said petition has been given by publication for four weeks as required by law, and the Council, at the time and place designated in such notice for the hearing on said petition, to-wit:

At the Council Chambers at the Auditorium, in said City of Thief River Falls, on September 9th, 1919, at 8 o'clock P. M., having heard the testimony and evidence on the part of the parties interested, and having investigated and considered the said matter,

Now, Therefore, Be It Resolved, that the following described public alley in said City, to-wit: That portion of the public alley in Block Nineteen (19) of the Original Townsite of said City of Thief River Falls, Pennington County, Minnesota, lying between Lots One (1) to Five (5) inclusive, and Lots Twenty (20) to Twenty-four (24), both inclusive, and between the south ten feet of Lot Six (6) and the south ten feet of lot Nineteen (19), all in said Block Nineteen (19) be, and the same is hereby, declared vacated and discontinued.

The City of Thief River Falls, aforesaid, hereby reserves the right to enter upon said alley so vacated and set poles for electric light and other wires, and to maintain wire lines over and along said alley, and to lay underground cables for electric wires underground along said alley so vacated.

Roll Call: Aldermen voting Yes: Benson, Brumund, Olson, Brandon and Hile. Aldermen voting No; Froseth.

Resolution declared passed.

O. L. HILE,
President of the Council.
Approved Sept. 13th, 1919.
G. A. Penney
Mayor.
Attest,
A. H. AKRE
City Clerk

Resolution.

At a regular meeting of the City Council held Sept. 9th, 1919, Alderman Benson, seconded by Alderman Brandon, introduced the following resolution and moved its adoption:

County Commissioners' Proceedings

Thief River Falls, Minnesota, Sept. 5th, 1919.

The County Board of Pennington County, Minnesota, met in the office of the County Auditor in the City of Thief River Falls at 2 o'clock in the afternoon, for the purpose of hearing on petition of Ole Tharaldson and others for the formation of a new common school district in the town of Star, and for any other business that may legally come before said meeting.

The meeting was called to order by the chairman, Commissioner Peterson. On roll call the following members reported present:

Commissioners Hanson, McGinn, Roy and Peterson.

Members absent; Commissioner Naplin.

In the matter of petition of Ole Tharaldson and others for the formation of a new common school district, the following order of formation was made:

Order of Formation of New School District.

The Petition of Ole Tharaldson and others, for the formation of a new Common School District out of the territory therein described, came on to be heard by the County Board of Pennington County, State of Minnesota, at the office of the County Auditor in the City of Thief River Falls, in said county, on Friday, the 5th day of September, 1919, at two o'clock P. M.; and said Board, having at said time and place heard all persons interested and the evidence and arguments for and against the granting of said petition, and duly considered the same, finds as follows:

First—That said petition was presented to this Board on the 23rd day of July, 1919; was signed and acknowledged by a majority of the freeholders qualified to vote for school officers residing in the territory therein described; and was duly approved by the County Superintendent of Schools of said county.

Second—That notice of said hearing on said petition was duly given by the publication of the order of this Board for said hearing in the newspaper known as the Thief River Falls Times, published and printed in said county, for two weeks prior to said day of hearing, and by the posting of copies of said order in three of the most public places in the territory described in said petition for at least ten days before said day of hearing; and by the service of said order by mail upon the clerks of each existing school district affected as being in whole or in part within the territory described in said petition, to-wit: The Clerk of School district No. *Unorganized*, at least ten days before said day of hearing.

Third—That it is expedient and proper that the territory hereinafter described be formed into a new Common School District for the reasons following, to-wit:

That the freeholders and residents will be served better by such organization.

Fourth—That the present existing school districts in said county that will be affected by the formation of said new school district out of the territory hereinafter described are as follows, to-wit: School District No. None, from which the following territory will be detached and taken in which territory 15 children of school age live; School District No. Unorganized from which the following territory will be taken and detached.

Fifth—That the number of persons residing in the territory hereinafter described and formed into a new school district is twenty.

Wherefore It is Ordered, That said petition be, and the same hereby is granted; and that the territory consisting of those tracts of land in said County of Pennington, described as follows, to-wit: Sections 22, 23, 24, 25, 26 and 27, all in Township 153 and Range 39, be, and the same hereby is, formed and constituted into a new Common School District, and named and designated Common School District No. 11, of the County of Pennington, State of Minnesota; and that the title to all school houses and schoolhouse sites within the said territory, be and the same hereby are, vested in the said School District No. 11 hereby formed and constituted.

Dated Sept. 5th, 1919.

The County Board of Pennington County, Minnesota,
By OSCAR J. PETERSON.
Chairman.
Attest:
T. P. ANDERSON,
County Auditor.

In the matter of petition of Berthius O. Norby and others for the formation of a New Common School District, the following resolution was passed:

Order of Hearing on Petition to Form New School District.

Whereas, A petition has been filed with the County Board of Pennington County, signed and acknowledged by a majority of the freeholders who reside in the proposed new district herein described, and who are entitled to vote at school meetings in their respective districts, with the approval of the County Superintendent of Schools endorsed thereon, praying for the organization of a new school district out of the following described territory:

S½ of Sec. 10, 11, 12; all of Sections 13, 14, 15, 22, 23, 24, township 154, Range 41; south half of Secs. 7, 8, 9, 10, 11 and SW¼ of Sec. 12; W½ of Sec. 13; all of Secs. 14, 15, 16, 17, 18, 19, 20, 21, 22, 23 and W½ and SE¼ of Sec. 24; all of Secs. 25, 26, 27, 28, 29 and N½ and SE¼ of Sec. 30; E½ of Sec. 31; all of Sections 32, 33, 34, 35 and 36, Twp. 154, Range 40, in Pennington County. All of Sections 34, 35, and 36, Twp. 155, Range 40, and all of Sections 1, 2, 3 and N½ of Secs. 10, 11 and 12, Twp. 154, Range 40, in Marshall County.

Now, Therefore, It is hereby ordered, that a hearing upon the said petition will be had at a meeting of said County Board, commencing upon the third day of October, A. D. 1919, at Two o'clock in the afternoon of said day, at the office of the County Auditor in the City of Thief River Falls, Minnesota, in said County, at which time and place the said County Board will hear arguments of all persons interested for and against the proposed organization of said new school district.

It is Further Ordered, That a notice of said hearing be posted in three public places in each of the districts affected thereby, and a copy thereof served on the Clerk of each of said districts so affected at least ten days prior to said time herein set for hearing said petition; and that said notice be forthwith published two weeks in the newspaper known as the Thief River Falls Times, which is printed and published in said County, and is hereby designated as the legal newspaper for publishing the same.

Dated this fifth day of September, A. D. 1919.

By order of the County Board of Pennington County, Minnesota.
By OSCAR J. PETERSON,
Chairman of said Board.
s18-25

In the matter of petition of Carl Talley and others for the formation of a New Common School district, the following resolution was offered and duly passed.

Order of Hearing on Petition to Form New School District.

Whereas, A petition has been filed with the County Board of Pennington County, signed and acknowledged by a majority of the freeholders who reside in the proposed new district herein described, and who are entitled to vote at school meetings in their respective districts, with the approval of the County Superintendent of Schools endorsed thereon praying for the organization of a new school district out of the following described territory:

W½ of Section 15; all of Section 16, East half of Section 17; East half of Section 20; all of Section 21; West half of Section 22; SW¼ Sec. 10; South half of Section 9; SE¼ Section 8; all in Township 151, Range 41.

Now, Therefore, It is hereby ordered, that a hearing upon the said petition will be had at a meeting of said County Board, commencing upon the 3rd day of October, A. D. 1919, at three o'clock in the afternoon of said day, in the office of the County Auditor in the City of Thief River Falls, in said county, at which time and place the said County Board will hear arguments of all persons interested for and against the proposed organization of said new school district.

It is Further Ordered, That a notice of said hearing be posted in three public places in each of the districts affected thereby, and a copy thereof served on the Clerk of each of said districts so affected at least ten days prior to said time herein set for hearing said petition; and that said notice be forthwith published two weeks in the newspaper known as Thief River Falls Times, which is printed and published in said County, and is hereby designated as the legal newspaper for publishing the same.

Dated this fifth day of September, A. D. 1919

By order of the County Board of Pennington County, Minnesota.
By OSCAR J. PETERSON,
Chairman of said Board.
s18-25

In the matter of petition of John Norman to be set off from School District No. 227 and attached to School District No. 102, the following resolution was duly passed:

Order of Hearing on Petition of Freeholder to be Set Off.

Whereas, A petition signed by John Norman, a freeholder of School District No. 227 in this County, with the approval of the County Superintendent endorsed thereon, representing that he is the owner of the following described lands situate in said District, to-wit:

SE¼ of Section 18, Twp. 152 and Range 43, School District No. 227 and asking that his said lands may be set off from said District No. 227 to said District No. 102 for the following reasons:

That his children of school age have been and are now attending school in School District No. 102; That the south half of the NE¼ of Section 18, Twp. 152, Range 43, the property of the undersigned is now part of School District No. 102; That the conditions of travel is better to School District No. 102 than it is to District No. 227; that the distance to school following the traveled road is shorter to School District No. 102 than it is to District No. 227.

(NOTE)—There is one vacant and one unoccupied quarter section of land between my property and District No. 227, but no vacant land between my land and School District No. 102: was presented to the County Board of Pennington County Minnesota, at a session of said Board held on the 5th day of September A. D. 1919, for the action of said Board thereon.

Now, Therefore, It is Ordered, that said petition will be heard by this Board at the session thereof commencing on the third day of October, A. D. 1919, at the office of the County Auditor in the City of Thief River Falls, in said County.

And it is further ordered that notice of time and place of such hearing be given by giving two weeks published notice thereof, and posting a notice of such hearing in three public places in each of the School Districts to be affected by said petition and by serving upon the clerk of each of said School Districts personally a copy of said notice of hearing, at least ten days before the time appointed for such hearing.

OSCAR J. PETERSON,
Chairman of County Board,
Pennington County, Minn.
Attest:
T. P. ANDERSON,
County Auditor, and Ex-Officio Clerk of Board.
s18-25

To the Honorable, the Board of County Commissioners of Pennington County, Minnesota,
Gentlemen:

You are hereby notified that on the 7th day of July 1910, the County Board of Pennington County did order and establish County Ditch Number Forty-nine, of Pennington County, Minnesota; that the total amount of benefits assessed from the viewers on said ditch in Pennington County was $13,387.64; that the total amount of liens filed on said ditch in Pennington County was $10,672.85; that the total amount of bonds sold for said ditch in Pennington County was $11,000.00; that the total cost of said ditch within Pennington County was the sum of $11,675.44; that said ditch has been fully completed and that there remains a shortage of $1,002.59 principal and $561.35 interest; that has been paid by Pennington County and for which no benefits have been assessed and for which no bonds have been issued; that the said contract has been wholly completed, and said shortage is caused partly by reason of error on the part of the engineer in computing the yardage and other work pertaining to said ditch, and partly by reason of unforseen obstacles having arisen after the letting of the contract, thereby increasing the total cost of said ditch.

This, therefore, is to notify you of the condition that exists within this County pertaining to said ditch in order that your Board may take such action as you in your wisdom, may deem proper and lawful in the premises.

Dated at Thief River Falls, Minnesota, this 29th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

At the regular meeting of the County Board of Pennington County, Minn., held in the County Commissioners room in the Pennington County Court House, in the City of Thief River Falls, Minnesota, Commissioner Naplin, seconded by Commissioner Roy, offered the following resolution and moved its adoption:

That, Whereas, the County Board of Red Lake, now Pennington County of the State Minnesota, did heretofore to-wit: On the 7th day of July, 1910, did order and establish County Ditch No. Forty-nine, of Red Lake, now Pennington County, Minnesota, such ditch proceedings were conducted under Chapter 230, Laws of 1905 and acts amendatory and supplementary thereto, and whereas it appears that said ditch was regularly established and a contract let for the construction thereof and that a tabular statement was made and filed, and

bonds sold and issued as provided by law, and it appearing that said contract is wholly completed and by reason of an error on the part of the engineer in computing the yardage and other work pertaining to said ditch and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch, and it appearing that the total amount of benefits assessed to land within Pennington County is $13,387.64; that the total amount of liens filed against land in said County is $10,672.85; that the total amount of bonds sold by said County on account of said ditch is $11,000.00, and that there now is and remains a shortage of the funds in said ditch of $1,002.59, principal and $561.35 interest, which the said Pennington County has paid or will be obliged to pay by reason of construction of said ditch, and such facts having been made to appear to the County Board by report of the County Auditor.

Now, Therefore, Be It Resolved, and the County Board of Pennington County do hereby direct the County Auditor of said County to issue notice to the parties interested in said ditch proceedings and serve the same by publication at least two weeks and by mailing notices to the last known address of all parties interested as shown by the records in said proceeding, requiring all such parties to show cause before this board at a time and place to be fixed by the County Auditor in such order, why an order should not be made directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount on the tabular statement previously filed.

On roll call the following members of the County Board voted Aye: Commissioners Hanson, McGinn, Naplin, Roy and Peterson. None voted no.

The resolution was duly declared approved.

To the Honorable, the Board of County Commissioners of Pennington County, Minnesota;
Gentlemen:

You are hereby notified that on the 23rd day of February, 1910, the County Board of Pennington did order and establish County Ditch No. Thirty-nine of Pennington County, Minnesota; that the total amount of benefits assessed from the viewers on said ditch within Pennington County was $17,837.90; that the total amount of liens filed on said ditch in Pennington County was $16,102.72; that the total amount of bonds sold for said ditch within Pennington County was $16,000.00; that the total cost of said ditch within Pennington County was the sum of $16,747.23; that said ditch has been fully completed and that there remains a shortage of $645.56 principal and $331.50 interest that has been paid by Pennington County, and for which no benefit has been assessed, and for which no bonds have been issued; that the said contract has been wholly completed and said shortage is caused partly by reason of error on the part of the engineer in computing the yardage and other work pertaining to said ditch, and partly by reason of unforseen obstacles having arisen after the letting of the contract, thereby increasing the total cost of said ditch.

This therefore is to notify you of the condition that exists within this County pertaining to said ditch in order that your Board may take such action as you, in your wisdom, may deem proper and lawful in the premises.

Dated at Thief River Falls, Minnesota, this 29th day of August, 1919.

T. P. ANDERSON,
County Auditor,
Pennington County, Minn.

At the regular meeting of the County Board of Pennington County, Minnesota held in the County Commissioners room in the County Court house in the City of Thief River Falls, Minnesota, Commissioner McGinn, seconded by Commissioner Naplin, offered the following resolution and moved its adoption:

That, whereas, the County Board of Red Lake County, now Pennington County of the State of Minnesota, did heretofore to-wit: On the 23rd day of February, 1910 order and establish County Ditch No. Thirty-nine, of Red Lake, now Pennington County, Minnesota, such ditch proceedings were conducted under Chapter 230, Laws of 1905 and acts amendatory thereof and supplementary thereto, and whereas, it appears that said ditch was regularly established and a contract let for the construction thereof and that a tabular statement was filed, and bonds issued and sold as provided by law, and it appearing that said contract is wholly completed and by reason of an error on the part of the engineer in computing the yardage and other work pertaining to said ditch and by reason of unforseen obstacles having arisen after the letting of the contract thereby increasing the total cost of said ditch and it appearing that the total amount of benefits assessed to land within Pennington County is $17,837.90; that the total amount of liens filed against land in said County is $16,102.72; that the total amount of bonds sold by said County on account of said ditch is $16,000.00, and that there now is and remains a shortage of the funds in said ditch of $645.56 principal and $331.50 interest which the said Pennington County has paid or will be obliged to pay by reason of construction of said ditch, and such facts having been made to appear to the County Board by report of the County Auditor.

Now, Therefore, Be It Resolved, and the County Board of Pennington County do hereby direct the County Auditor of said County to issue notice to the parties interested in said ditch proceedings and serve the same publication at least two weeks and by mailing notices to the last known address of all parties interested as shown by the records in said proceedings, requiring all such parties to show cause before this Board at a time and place to be fixed by the County Auditor in such order, why an order should not be given directing the County Auditor to file another tabular statement assessing against the property affected by said proceedings in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of the tabular statement filed previously.

On roll call the following members of the County Board votey Aye: Commissioners Hanson, McGinn, Roy, Naplin and Peterson, None voting No.

The resolution was duly declared approved.

The matter of receiving bids for the construction of the south part of State Road No. 1 from St. Hilaire, and south to the Red Lake county line came duly before the Board and bids were received as follows: (This being a Federal Aid Job).

Bid of P. W. Roark as follows:

For clearing on all of job, $25.00.

For excavation of 245490 cu. yds., at 38 cents, $9,328.62.

Hand ditching both offtake and sides, 3047.0 cu. yds. at 33 cents, $1,005.51.

Installing sectional culverts all sizes 45 cents lineal foot, $184.50.

Excavation or striping gravel pit, 680 yds. at 35 cents, $238.00.

Loading and hauling gravel 1 mile haul, 5370.6 cu. yds., at 90 cents, $4,833.54

Per cu. yd. mile haul for additional haul beyond 1 mile, 11104.0 cu. yds. at 45 cents, $4,996.80.

Shaping and compacting; men furnished per hour, 300 hours at 50 cents per hour, $150.00

Shaping and compacting: Teams furnished per hour, 100 hours at 40 cents per hour, $40.00.

Work to begin Sept. 15th, and to be completed by November 15th if weather conditions will permit.

Certified check for the sum of $1,010.00 accompanied said bid.

The following resolution was offered by Commissioner McGinn, who moved its adoption duly seconded by Commissioner Roy:

Resolved that the bid of P. W. Roark for the construction that part of State Road No. 1, be accepted subject to the approval of Minnesota Highway Commission. The same being Federal Aid Job No. 67.

All members present voted for the resolution it was so declared approved.

Bids were received for the construction of Job No. 1907 on State Road No. 8 as follows:

Bid of H. P. Lund of Oklee, Minn:

Clearing 33 feet from center line on all of Job, same being about 4 acres for a lump sum of $120.00.

Excavation of 21627.0 cu. yds. at 25 cents per cu. yd. $5,406.75.

Installing corrugated culverts, all sizes at $10.00 each.

Work to begin Sept. 15th and to be completed by November 15th, 1919.

Certified check for $250.00 accompanied said bid.

The following resolution was offered by Commissioner Peterson, who moved its adoption duly seconded by Commissioner Hanson:

Be It Resolved, that the bid of H. P. Lund, for the construction of Job No. 1907, be accepted and that the County Auditor be instructed to enter into a contract on behalf of Pennington County with said bidder.

Resolution was duly approved and passed.

Bid of the Minneapolis Bridge Company for the building of concrete culverts on Federal Aid Job No. 67, as follows:

For building temporary crossings cost plus 15 per cent.

For removing old bridge cost plus 15 per cent.

Price for construction, $1,303.40.

Work to begin Oct. 15th and to be completed by November 15, 1919.

A certified check for $160.00 accompanied said bid.

Bill of Minneapolis Bridge Co., for sectional concrete culverts for both Jobs as follows:

12 inch opening per lineal foot, 95 cents.
15 inch opening per lineal foot, $1.15
18 inch opening per lineal foot, $1.52
24 inch opening, per lineal foot, $2.27
30 inch opening, per lineal foot, $3.15
36 inch opening, per lineal foot, $4.50

Certified check for $100.00 accompanied said bid.

The following resolution was offered by Commissioner Roy, who moved its adoption duly seconded by Commission McGinn:

Resolved that the bid of the Minneapolis Bridge Company for culverts be accepted and that the County Auditor be instructed to enter into a contract in behalf of Pennington County with said Minneaolis Bridge Co.

Resolution was so duly approved.

A petition of W. A. Swanson and others for a public drainage ditch through the townships of Hickory, Deer Park and Mayfield, together with a bond properly executed and was duly approved, and the County Auditor was instructed to issue his notice of filing of such petition.

Resolution.

At a regularly called special meeting of the Board of County Commissioners of the County of Pennington, Commissioner A. C. Hanson, seconded by Commissioner O. J. Peterson, offered the following resolution and moved its adoption:

Resolved, that whereas, there has been filed in the office of the Clerk of the District Court of Pennington County, Minnesota, a petition, signed by the required number of freeholders, petitioning the District Court to form a drainage district for the control of the flood water into, through or from the Red Lake River and State of Minnesota in accordance with Chapter 442, Laws of Minnesota for 1917, now, Therefore, Be It Resolved, that the proper officers of Pennington County be, and hereby are, authorized and required to sign said petition and, be it further resolved, that the County of Pennington will be responsible for the cost and expenses connected with said proceeding in case the court refuses to organize said district. Such responsibility to be in accordance with Section Three of said Chapter 442, Laws of 1917.

On roll call the following Commissioners voted Aye: Hanson, McGinn, Roy and Peterson. Those voting No: None. Commissioner Naplin was not present.

Resolution was so declared approved.

OSCAR J. PETERSON
Chairman.
Attest:
T. P. ANDERSON,
County Auditor.

Notice of Hearing Upon Petition of Freeholder.

Whereas, A petition signed by John Norman, a freeholder of School District No. 227, in this County, representing that he is the owner of the following described lands, situated in said District, to-wit:

Southeast quarter of Section 18, Twp. 152, Range 43, has been presented to the County Board of Pennington County; and asking that his said lands may be set off from said District No. 227 to said District No. 102 and the said Board has appointed a time and place for hearing thereon. Therefore

Notice

Is hereby given that said petition will be heard by said Board, at a session thereof, commencing on the third day of October, A. D. 1919, at four o'clock in the afternoon, at the office of the County Auditor in the City of Thief River Falls, in said County at which time and place the said Board will hear the evidence and the arguments of all persons interested, for or against granting the prayer of the petitioner.

Dated at Thief River Falls, Sept. 15th, 1919.

Thief River Falls, Minn.,
Sept. 12, 1919.

On the call of the County Auditor, pursuant to Chapter 230 of the Laws of Minnesota for the year 1904 and acts amendatory thereto the County Board of Pennington County met in the office of the County Auditor in Thief River Falls at 2 o'clock in the afternoon for the purpose of hearing why additional or supplementary liens should not be spread to take care of shortages on Judicial Ditch No. 40 and County Ditches Nos. 42, 44 and 62.

On roll call the following members were present: Commissioners Hanson, McGinn, Naplin, Roy and Peterson.

The matter of hearing on the several ditches on which a shortage exist came duly before the Board and the following orders were made:

In the Matter of County Ditch No. 42, Pennington County, Minnesota.

It appearing to the County Board of Pennington County, Minnesota, that County Ditch No. 42, Pennington County, Minnesota, was on the 9th day of April, 1910, duly established by the order of the County Board of Pennington County; that such ditch proceedings were conducted under Chapter 230, Laws of 1904, and Acts amendatory thereof and supplementary thereto, and it appearing that said ditch was regularly established and a contract let for the construction thereof; that a tabular statement of assessment was made and filed, and bonds issued and sold as provided in said chapter; that said contract has been wholly completed and that by reason of an error on the part of the engineer in computing the yardage or other work pertaining to said ditch and by reason of unforseen obstacles having arisen after the letting of the contract, and for other reasons, and it appearing that the total amount of benefits assessed to land within said Pennington County is $9,540.10, that the total amount of liens filed against land in said County is $8,?97.66, that the total amount of bonds sold by said County on account of said ditch is $8,500.00; that the total cost of said ditch within said county is $9,388.09, and that there now is and remains a shortage of the amount of funds for said ditch of $1,279.03 principal and interest and such facts have been reported to the County Board by the Auditor of said County, and the County Board having by resolution made and entered, have directed the County Auditor to issue notice to the parties interested in said ditch proceeding, and to serve the same by publication and mailing as required by Chapter 471, Laws of 1919, and the County Auditor having fixed Sept. 12, 1919, at 2 o'clock p. m., at the Commissioners room in the Court House in the City of Thief River Falls, Minnesota, as the time and place of hearing on said matter, and it appearing that due notice of time and place of said hearing has been given as provided by said Chapter 471, Laws of 1919, and the Board having met at a regular session at that time and having heard all persons interested in said ditch proceedings, and the Board being fully advised in the premises,

Now, Therefore, on the motion duly made and carried, the County Board of Pennington County, Minnesota, does hereby order and direct the County Auditor of Pennington County, Minnesota, to file another tabular statement assessed against the property affected by said ditch proceeding in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of benefits as shown by the viewers' report, such an additional tabular statement to be in form as provided in Section 6542, General Statutes 1913, covering the amount of deficiency between the amount of the previous tabular statement filed and the total cost of said ditch, and to assess the same against the lands benefited in the same proportion as the original summary statement filed; the amount of said deficiency is hereby fixed at $1,355.08.

And, Whereas, it appearing that the amount of said deficiency due to be so levied as aforesaid exceeds the sum of $1,000.00, the County Board does hereby determine to issue and sell bonds of said County in the sum of $1,300.00, as authorized in said Chapter 471, Laws of 1919, such bonds to be issued and sold as provided in Section 5542, General Statutes 1913, and the proceeds thereof to be placed to the credit of the funds of County Ditch No. 42.

Dated September 12, 1919.

OSCAR J. PETERSON,
Chairman County Board.
T. P. ANDERSON,
County Auditor.

In the Matter of County Ditch No. 62, Pennington County, Minnesota.

It appearing to the County Board of Pennington County, Minnesota, that County Ditch No. 62, Pennington County, Minnesota, was on the 20th day of December, 1915, duly established by order of the County Board of Pennington County; that such ditch proceedings were conducted under Chapter 230, Laws of 1904, and acts amendatory thereof and supplementary thereto, and it appearing that said ditch was regularly established and a contract let for the construction thereof; that a tabular statement of assessment was made and filed, and bonds issued and sold as provided in said chapter; that said contract has been wholly completed and that by reason of an error on the part of the engineer in computing the yardage or other work pertaining to said ditch, and by reason of unforeseen obstacles having arisen after the letting of the contract, and for other reasons, and it appearing that the total amounts of benefits assessed to land within said Pennington County is $11,372.00, that the total amount of liens filed against land in said County is $8,548.18, that the total amount of bonds sold by said County on account of said ditch is $8,000.00; that the total cost of said ditch within said County is $11,561.41, and that there now is and remains a shortage of the amount of funds for said ditch of $4,746.66, principal and interest, and such facts have been reported to the County Board by the County Auditor of said County, and the County Board having by resolution made and entered, have directed the County Auditor to issue notice to the parties interested in said ditch proceeding, and to serve the same by publication and mailing as required by Chapter 471, Laws of 1919, and the County Auditor having fixed Sept. 12th, 1919, at 2 o'clock in the afternoon at the Commissioners' room in the Court House in the City of Thief River Falls, Minnesota as the time and place of hearing on said matter, and it appearing that due notice of time and place of said hearing has been given as provided by said Chapter 471, Laws of 1919, and the Board having met at a regular session at that time and having heard all persons interested in said ditch proceedings and the Board being fully advised in the premises,

Now, Therefore, on the motion duly made and carried the County Board of Pennington County, Minnesota, does hereby order and direct the County Auditor of Pennington County, Minnesota to file another tabular statement assessing against the property affected by said ditch proceeding in the same proportion as the original assessment, the total cost of said ditch in excess of the total amount of benefits as shown by the viewers report such an additional tabular statement to be in form as provided in Section 6542 General Statutes, 1913, covering the amount of deficiency between the amount of the previous tabular statement filed and the total cost of said ditch, and to assess the same against the lands benefited in the same proportion as the original summary statement filed the amount of said deficiency is hereby fixed at $3,899.60.

And Whereas it appearing that the amount of said deficiency due to be levied as aforesaid exceeds the sum of $3,000.00, the County Board does hereby determine to issue and sell bonds of said County in the sum of $3,800.00 as authorized in said Chapter 471, Laws of 1919, such bonds to be issued and sold as provided in Section 5542, General Statutes, 1913, and the proceeds thereof to be placed to the credit of the funds of County Ditch No. 62.

Dated September 12th, 1919.

OSCAR J. PETERSON,
County Board Chairman.
T. P. ANDERSON,
County Auditor.

In the Matter of Judicial Ditch No. 40, Pennington and Red Lake Counties, Minnesota.
